CELEBRATIONS IN CANADA.

"The Greatest Day We Ever Had," the Universal Refrain.

Ottawa and Toronto Demonstrations Were Repeated in Kind, So Far as Description Is Concerned, in Almost Every Town in the Country—Troops Paraded, Whistles Blew, School Children Painted the Map of Africa Red, and Sang "God Save the Queen."

London, Eng., June 1. — London was dazed yesterday by the suddenness of the collapse of the Boer defences, and the quietness and precision with which Lord Roberts had worked out his purpose. Flags were fluttering from the housetops, but there was no revel of public rejoicing in the streets. Popular enthusiasm was smothered by the anti-climax of a tame ending after eight months of a campaign filled with startling surprises and dramatic incidents.

HOW OTTAWA DID IT.

Wholesouled Loyalty Finds Vent in Approved British Methods.

Ottawa, June 1. — Ottawa is jubilant. The jubilation began Wednesday night and was continued yesterday. Flags in countless numbers decorated houses and stores; bunting, red, white and blue, draped the public and larger buildings. Huge flags floated from all public and Government edifices. The people paraded their patriotic fervor. The celebration proper took place at 9 o'clock, when the 43rd Regiment, headed by their band, marched up to Parliament Hill. The 43rd Band played numerous tunes, ending with "God Save the Queen," sung by the whole gathering. Many prominent members of Parliament were among the spectators and singers. Three cheers were given for the Queen and "Bobs" and the whole throng surged downtown to Sparks street. A jostling, merry, laughing crowd paraded the streets till long into the night. In the House of Commons flags were fixed in nearly every members buttonhole.

Holiday in Winnipeg.

Winnipeg, June 1. — Mayor Wilson, at once, on hearing the news from Pretoria, summoned a meeting of the City Council. There was general handshaking as the Mayor and aldermen met each other. A half holiday was unanimously agreed to without discussion. It was also resolved that all military bodies in the city and all societies be requested to meet for a parade on Main street, in order to fittingly celebrate the occasion. In less than three hours the city was attired in a great mass of bunting. Everybody decorated. Twenty thousand people were on the streets last night, and the biggest celebration in the history of the city took place. After dark fireworks illuminated the town. The Legislature adjourned for the day.

Hamilton Was Dubious.

Hamilton, June 1. — The news that Pretoria had surrendered reached Hamilton shortly after 11 o'clock Wednesday night, but not bearing "Bobs'" signature, the city was too sceptical to demonstrate. The arrival of the Toronto papers yesterday morning with the news of Toronto's wild demonstration was contagious enough to set flags flying all over the city and the Mayor proclaimed a public holiday. The city, remembering how they were fooled once before, still wouldn't celebrate, but the schools let the children out and they paraded the streets with the S. O. E. band. "Soldiers of the Queen" and other rousing pieces were sung, but there was no cheering or shouting anywhere.

TORONTO'S SECOND DAY.

Grand Demonstration, Officially Organized, in the Queen City.

Toronto, June 1. — The Mayor never did a wiser act than to proclaim yesterday a public holiday. The little taste the people had of a real good old time on Wednesday night only whetted their appetite for a continuance of the jollification, and they kept it up with vim and vigor until 3 o'clock this morning. About noon the festivities got into full swing again, but with redoubled force. Each man came with a new pair of lungs, and about every third man had a horn, a trumpet or a whistle, while megaphones, cymbals and bones were to be seen and heard helping the good thing along. If scenes such as were to be witnessed down town yesterday afternoon and evening were universal throughout the Empire, then the aggregate good time that rolled around the globe must have been unparalleled in the history of the world and better imagined than described. Just think of what it must be in Old London, if Toronto could put up such a wild time.

At Osgoode Hall.

Even Osgoode Hall forsook its usually sombre appearance yesterday, and British flags were everywhere, while a large British flag hung over the Chancellor's chair when Chancellor Boyd entered. The Chancellor looked at it, and said it was an occasion on which the law should not be silent. With eloquence he referred to the great success which had attended the British arms in South Africa, and he rejoiced with the others in being a part of that Greater Britain and the triumphs it was now so loyally celebrating. The Chancellor referred to the sons of Canada now fighting in South Africa, and remarked how the war had welded together more closely the Empire.

On behalf of the bar, Mr. Hoskins, Q.C., replied, as senior member. He said there would be equal rights in South Africa, now.

The Street Parade.

And the procession! Was ever there such a one ever held in Canada before. Order why there was no pretence made at any such a thing. There was just a mad, surging crowd of thousands, delirious with joy and yelling like maniacs. The military organizations were the only ones that marched to the line. In the latter part of the night the monster parade began to break up into smaller ones and while one marched down one side of the street, the other marched up the opposite one. Each one had its leader, some moving spirit who was a little more hilarious than his fellows and before each crowd he would march, his antics creating merriment. For hours and hours the fun waxed furious, but gradually nature began to assert itself and gradually the tired, happy mob began getting smaller and smaller, and, although a respectable sized one remained walking up and down nearly all night, the noise was on the wane and the vast army of spectators, and they were not silent ones either, betook themselves to their homes, dead tired, but happy.

"Will the procession and demonstration ever be forgotten?" "Never," was the emphatic opinion of all, never as long as ever our children live to remember it.

The day was marred somewhat by several serious accidents, which occurred during the progress of the big demonstration. One young lady received probably fatal injuries and a young man also sustained severe injuries, resulting in concussion of the brain. Two of the accidents were runaways, and there were several bicycle mishaps.

Bermuda Was Jubilant.

Hamilton, Bermuda, May 31. — To-day has been observed as a general holiday. Scenes of unbounded enthusiasm have followed the receipt of the news from South Africa. Bands of music are parading the streets, and the National Anthem is being sung by whites and negroes alike. Cheers for the Queen and Lord Roberts resound on all sides.

Kaiser Congratulates the Queen.

London, June 1. — Emperor William, according to a Berlin correspondent of The Daily Telegraph, has sent a telegram to the Queen congratulating her upon the success of Lord Roberts.

ELSEWHERE.

The towns mentioned herein proclaimed a holiday for the due celebration of the finish of Paul Kruger and the end of the war. They also celebrated appropriately with bunting and flags and noise, and where possible with military parades and band music. Despatches show that in no single case did the celebrations fail to outdo in magnificent enthusiasm anything ever held in that town before. The villages, too, did likewise, for many of them had sent their best to South Africa, and their blood throbbed with the Empire beat that rang round the world so continuously for the past two days. These cities, towns and villages varied their modes of celebrating, but they were one in heart and feeling:

Aurora, Niagara-on-the-Lake, Whitby, Lambton Mills, Niagara Falls, (Ont.) Thorold, Oakville, Elora, Orangeville, Locust Hill, Milton, Port Hope, St. Catharines, Stouffville, Peterboro, Galt, Cobourg, Midland, Brockville, Grand Forks, Whitevale, Milton, Markham, Toronto Junction, Weston, Newmarket, Bowmanville, Quebec, Guelph, Lindsay.

DROWNED IN THE MOIRA

Young Student of Albert College Finds a Watery Grave this Afternoon

There is sadness among the students of Albert College, for to-day, about half-past one o'clock, one of their number, Reuben Peterson, son of Nicholas A. Peterson, who resides on Moira street, near the Marchmont Home, was drowned in the Moira, in a spot about three-quarters of a mile from Albert College.

The deceased was between 16 and 17 years of age, and was a day student at the College.

It is said that the deceased, in company with two other boys about his own age, went bathing and got beyond his depth.

The body was recovered about 3 o'clock.

The affair has caused a deep gloom over the faculty and students, who mourn the loss of a bright young man.

Latest War News

An Uncredited Despatch Says Ex-President Kruger is Dead.

Failure of Boer Envoys Helped to Dishearten the Boers.

A Prolonged Period of Irregular Warfare Looked for.

British Government Would Just as Soon Kruger Got Away.

Kitchener to be Made Governor of the Late Republics.

Reported Massacre by Colonial Rebels Not Believed.

New York, June 1.—In discussing the latest Transvaal war news, the London correspondent of the World says that the failure of the Boer peace mission to America has done much toward convincing the Pretoria Government that there was no hope of outside assistance. The collapse means the end of the war. The press generally anticipates a prolongation of irregular warfare in the mountainous malarial region of Lyndenburg, but the best expert military and political opinion regards the abandonment of Johannesburg and Pretoria as the plainest acknowledgment the Boers could offer of their irremediable defeat.

The report of President Kruger's capture caused popular delight, but it is known that the British Government would prefer to end the war without incurring any responsibility for the President's future disposal. Once outside the Transvaal territory they regard him as impotent and his departure for some hospitable European country would be received with relief. If captured he will be sent to Ceylon or St. Helena, probably the former island, and his family will be expatriated with him. The President suffers from kidney disease which reaction from the excitement of the war is likely to develop with fatal rapidity.

It is said that Lord Kitchener will be made Governor of the two Republics, Lord Roberts to return to England to take the place of Lord Wolseley as Commander-in-Chief.

London, June 1.—With Johannesburg added to the list of British towns the nation now eagerly awaits a similar transformation at Pretoria. Doubtless Lord Roberts ere this has started for the Transvaal Capital. The measure of resistance which he will encounter during the thirty miles which separate the Gold Reef City from the former seat of Government is still a matter of conjecture, though most of the critics agree in believing it will not be sufficiently strong to delay the occupation of Pretoria longer than to-morrow. Once there the recuperation of the forces will probably occur, while flying columns will be sent in various directions to stamp out opposition, establish garrisons and occupy important railroad points.

The development reported from the seat of war as this despatch is sent is the statement from Cape Town that a number of Colonial rebels recently surprised a small body of British at Douglas, killing sixteen of them, including their Commander, Colonel Spence. So far there is no official confirmation of this despatch and the statement made must be received with caution.

London, June 1.—A belated despatch from Kroonstad, dated Tuesday, May 29, reports that President Kruger is very ill, and adds that the station master at Kroonstad says the President is dead, but this was not credited.

London, June 1.—In reply to an enquiry the United States Consul, Mr. A. S. Hay, has cabled to the United States embassy that Lord Rosslyn was liberated Wednesday, but was allowed to remain in Pretoria. Lord Cecil Manners, he added, was also liberated. They were both acting as newspaper correspondents.

LADIES OF THE RED CROSS

Have Every Reason to be Proud of Their Concert Last Night.

A Large Attendance and Liberal Receipts—The Scene a Gay and Inspiriting One.

That the splendid work done by the Red Cross Society in Belleville is appreciated by our citizens was quite evident last night at the Band Concert in the City Hall, where a large crowd of Belleville's best people had assembled to listen to the Band discourse sweet music, and incidentally to buy a lot of things they didn't want to help along the good cause.

The fair hands of the ladies had made the hall a veritable bower of beauty, flags, banners and festoons being very much in evidence. Booths had been built in the corners of the hall, where pretty girls, in costumes appropriate to the articles they were selling, smiled sweetly on people who unwittingly strayed near them, and the visitor was poorer but happier before he made his escape. The Japanese costume is a very becoming one, especially to Belleville girls. The Irish booth, at which they sold buttermilk (of course an Irishman never drinks anything stronger) was presided over by two pretty colleens in a Dolly Varden costume. It was wonderful the amount of buttermilk some of the young fellows got outside of. The Red Cross girls, in their modest white costume, with the fair smiling faces set off by the nurse's cap, made a pretty picture as they moved about among the red-coated militiamen, while the ladies and gentlemen of more mature years smiled indulgently at the pleasantries of the younger people and listened to the sweet music of the Band, which rendered its numbers in excellent style. The different articles of refreshment sold like hot cakes, in fact, much more of certain kinds could have been sold. It was a pleasant evening, with nothing to mar it, and the promoters have every reason to be proud.

In addition to the Band Concert, songs were given by Messrs. J. N. Doyle and S. Burrows. Mr. Doyle sang the favorite "Soldiers of the Queen," in grand style, though the Band accompaniment was a trifle heavy. Mr. Burrows sang, by request, "When Johnny Canuck Comes Home," accompanied by Mrs. Col. Campbell. Both the songs were, of course, splendidly sung, though they were sadly marred by the intermittent conversation which people, who certainly should know better, saw fit to keep up. It must be very discouraging to ladies and gentlemen who cheerfully lend their talents to a good cause, to have their efforts spoiled by people who seem to leave their courtesy at home when they go out to a function of last night's kind. Another pleasing feature was a drill by the Fifteenth's Bugle and Drum Band, who marched like clockwork and cheerfully did their best to raise the roof. In introducing the different performers Col. Ponton, the chairman, made some very apt and poetical remarks, which appealed to the patriotism of the audience and called forth loud applause. Among other things he showed that to Belleville belongs the honor of first introducing into Canada a branch of the British Red Cross Society, Miss Gordon, at that time Matron of the Hospital, being the lady to take the initiatory steps. The Colonel had documents with him, which he didn't get a chance to read, showing that the Society formed in Belleville ante-dated the branch afterwards formed in the same year at Toronto. The chairman announced that Mayor Johnson was to have been the orator of the evening, but through the illness of Mrs. Johnson he was unable to be present, so Major J. E. Halliwell consented to address the audience. The Major is a brave man—he proved that at Batoche; he proved it much more conclusively last night, when he tried to talk to an audience who probably wouldn't have given their attention to the Right Hon. Joe Chamberlain himself. However, the Major's remarks, what we heard of them, were nicely put and fitting to the occasion, of course. Letters of regret were read from Sir Mackenzie Bowell and Mr. H. Corby, M.P.

The Red Cross ladies desire to tender their sincere thanks to the following:

To Col. Ponton, for providing the music, Regimental and Bugle and Drum Band.

To Messrs. Laidlaw & Ketcheson, T. P. Brown, Tickell Bros., Sulman and Clapp.

To Messrs. Wedden, Martin, Collip and Potter for flowers.

To Messrs. Dickens, Young Wallbridge & Clarke, Wallace (Bridge St.), Vanderwaters and McCrodan for candies.

To Wm. McGie, for a stove.

To Mr. W. B. Riggs, for a music-box.

To the different newspapers for free advertising.

To Messrs. Charles McKeown and J. Dempsey, for selling tickets at the door.

And last, but not least, to the many ladies who worked so hard and faithfully to make the Concert the grand success it was.

The receipts, including Mr. H. Corby's donation of $10, will be between $90 and $100.

THE WORLD'S WORKERS

The Rights of Employer and Employee Discussed.

Some Wholesome Advice to all Concerned—Urged to Lead a Religious Life.

Washington, May 20.—At a time when in various districts labor troubles are existing or impending the effort Dr. Talmage makes in this discourse to bring about a better feeling between both sides of this difficult question is well timed; texts, Galatians v, 15, "But if ye bite and devour one another take heed that ye be not consumed one of another," and Phillippians ii, 4, "Look not every man on his own things, but every man also on the things of others."

About every six months there is a great labor agitation. There are violent questions now in discussion between employers and employees. sent "strikes" will go into ast. Of course, the damage annot immediately be repaired. s will not be so high as they Spasmodically they may be er, but they will drop lower kes, whether right or wrong, al- injures laborers as well as cap- sts. You will see this in the rvation of next winter. Boycot- and violence and murder never y. They are different stages of archy. God never blessed murder. The worst use you can put a man to is to kill him. Blow up to-morrow all the country seats on the banks the Hudson and the Rhine and all fine houses on Madison Square Brooklyn Heights and Ritten- e square and Beacon street, and e bricks and timbers and stones ust fall back on the bare hands erican and European labor. worst enemies of the laboring classes in the United States and Ireland are the demented coadjutors. Years ago assassination—the assassination of Lord Frederick Cavendish and Mr. Burke in Phoenix Park, Dublin, Ireland, in the attempt to avenge the wrongs of Ireland only turned away from that afflicted people millions of sympathizers. The attempts to blow up the House of Commons in London had only this effect — to throw out of employment tens of thousands of innocent Irish people in England. In this country the torch put to the factories that have discharged hands for good or bad reason, obstruction on the rail tracks, in front of midnight express trains because the offenders do not like the president of the company; strikes on shipboard the hour they were going to sail or in the mines the day the coal was to be delivered or on house scaffoldings so the builder fails in keeping his contract—all these are only a hard blow on the head of American labor and cripple its arms and lame its feet and pierce its heart.

Frederick the Great admired some land near his palace at Potsdam, and he resolved to get it. It was owned by a miller. He offered the miller three times the value of the property. The miller would not take it because it was the old homestead, and he felt about as Naboth felt about his vineyard when Ahab wanted it. Frederick the Great was a rough and terrible man and he ordered the miller into his presence, and the king, with a stick in his hand—a stick with which he sometimes struck the officers of state—said to the miller, "Now, I have offered you three times the value of that property, and if you won't sell it, I'll take it anyhow." The miller said, "Your majesty, you won't." "Yes," said the king, "I will take it." "Then," said the miller, "if your majesty does take it I will sue you in the chancery court." At that threat Frederick the Great yielded his infamous demand. And the most imperious outrage against the working classes will yet cower before the law. Violence and defiance of the law will never accomplish anything; but righteousness and submission to the law will accomplish it.

But gradually the damages done the laborer by the strikes will be repaired, and some important things ought now to be said. The whole tendency of our times, as you have noticed, is to make the chasm between employer and employee wider and wider. In olden times the head man of the factory, the master builder, the capitalist, the head man of the firm, worked side by side with their employees, working sometimes at the same bench, dining at the same table, and there are those here who can remember the time when the clerks of large commercial establishments were accustomed to board with the head men of the firm.

All that is changed and the tendency is to make the distance between employer and employee wider and wider. The tendency is to make the employee feel that he is wronged by the success of the capitalist and to make the capitalist feel; "Now, my laborers are only beasts of burden; I must give so much money for so much drudgery, just so many pieces of silver for so many beads of sweat." In other words, the bridge of sympathy is broken down at both ends. That feeling was well described by Thomas Carlyle when he said—"Plugson, of St. Dolly Undershot, buccaneerlike, says to his men—"Noble spinners, this is the hundredth thousand we have gained, wherein I mean to dwell and plant my vineyards. The £100,000 is mine, the daily wage was yours. Adieu, noble spinners! Drink my health with this groat each, which I give you over and above."" Now, what we want is to rebuild that bridge of sympathy, and I put the trowel to one of the abutments today, and I preach more especially to employers as such, although what I have to say will be appropriate to both employers and employees.

The behavior of a multitude of laborers towards their employers during the last three months may have induced some employers to neglect the real Christian duties that they owe to those whom they employ. Therefore I want to say to you whom I confront face to face and those to whom these words may come, that all shipowners, all capitalists, all commercial firms, all master builders, all housewives, are bound to be interested in the entire welfare of their subordinates. Years ago some one gave three prescriptions for becoming a millionaire; "First, spend your life in getting and keeping the earnings of other people; secondly, have no anxiety about the worriments, the losses, the disappointments, of others; thirdly, do not mind the fact that your vast wealth implies the poverty of a great many people." Now, there is not a man here who would consent to go into life with those three principles to earn a fortune. It is your desire to do your whole duty to the men and women in your service.

First of all then, pay as large wages as are reasonable and as your business will afford—not necessarily what others pay. The right of a laborer to tell his employer what he must pay implies the right of an employer to compel a man into service whether he will or not, and either of those ideas is despicable. When any employer allows a laborer to say what he must do or have his business ruined and the employer submits to it, he does every business men in the United States a wrong and yields to the principles, which, carried out, would dissolve society. Look over your affairs and put yourselves in imagination in your laborer's place, and then pay him what before God and your own conscience you think you ought to pay him.

Do not be too ready to cut down wages. As far as possible, pay all, and pay promptly. There is a great deal of Bible teaching on this subject. Malachi: "I will be a swift witness against all sorcerers and against all adulterers, and against those who oppose the hireling in his wages." Leviticus; "Thou shalt not keep the wages of the hireling all night unto the morning." Colossians; "Masters, give unto your servants that which is just and equal, knowing that ye also have a Master in heaven." So you see it is not a question between you and your employee so much as it is a question between you and God.

Do not say to your employees—"Now, if you don't like this place get another," when you know they cannot get another. As far as possible, once a year visit at their home your clerks and your workmen. That is the only way you can become acquainted with your wants. You will, by such process, find out that there is a blind parent or a sick sister being supported. You will find some of your young men in rooms without any fire in winter, and in summer sweltering in ill-ventilated apartments. You will find out how much depends on the wages you pay or withhold.

Again, I counsel all employers to look well on the physical health of their subordinates. Do not put on them any unnecessary fatigue. I never could understand why the drivers on our city cars must stand all day when they might just as well sit down and drive. It seems to me most unrighteous that so many of the female clerks in our stores should be compelled to stand all day and through those hours when there are but few or no customers. These people have aches and annoyances and weariness enough without putting upon them additional fatigue. Unless the female clerks must go up and down on the business of the store, let them sit down.

But, above all, I charge you, O employers, that you look after the moral and spiritual welfare of your employes. First, know where they spend their evenings. That decides everything. You do not want around your money drawer a young man who went last night to see "Jack Sheppard." A man that comes into the store in the morning ghastly with midnight revelry is not the man for your store. The young man who spends his evening in the society of refined women or in musical or artistic circles or in literary improvement is the young man for your store.

Do not say of these young men, "If they do their work in the business hours, that is all I have to ask." God has made you that man's guardian. I want you to understand that many of these young are orphans, or worse than orphans, flung out into society to struggle for themselves. A young man is pitched into the middle of the Atlantic ocean, and a plank is pitched after him, and then he is told to take that and swim ashore. Treat that young man as you would like to have your son treated if you were dead. Do not tread on him. Do not swear at him. Do not send him on a useless errand. Say "good morning" and "good night" and "good-bye." You are deciding that man's destiny for two worlds.

Sir Titus Salt had wealth which was beyond computation, and at Saltaire, England, he had a church and a chapel built and supported by himself—the church for those who preferred the Episcopal service, and the chapel for those who preferred the Methodist service. At the opening of one of his factories he gave a great dinner, and there were 3,500 people present, and in his after dinner speech he said to these people gathered, "I cannot look around me and see this vast assemblage of friends and work people without being moved. I feel greatly honored by the presence of the nobleman at my side, and I am especially delighted at the presence of my work people. I hope to draw around me a population that will enjoy the beauties of this neighborhood—a population of well paid, contented, happy operatives. I have given instructions to my architect that nothing is to be spared to render the dwellings of the operatives a pattern to the country, and if my life is spared by divine Providence I hope to see contentment, satisfaction and happiness around me."

That is Christian character demonstrated. There are others in this country and in other lands on a smaller scale doing their best for their employes. They have not forgotten their own early struggles. They remember how they were and how cold and how tired they were and, though they may be 60 or 70 years of age, they know just how a boy feels between 10 and 20 and how a young man feels between 20 and 30. They have not forgotten it. Those wealthy employers were not originally let down out of heaven with pulleys of silk in a wicker basket satin lined, fanned by cherubic wings. They started in roughest cradle, on whose rocker misfortune put her violent foot and tipped them into the cold world. Those old men are sympathetic with boys.

And then I charge you not to put unnecessary temptation in the way of your young men. Do not keep large sums of money lying around unguarded. Know how much money there is in the till. Do not have the account books loosely kept. There are temptations inevitable to young men, and enough of them, without your putting in an unnecessary temptations in their way. Men in Wall Street, having 30 years of reputation for honesty, have dropped into Sing Sing and perdition, and you must be careful how you try a lad of 15. And if he do wrong do not pounce on him like a hyena. If he proves himself unworthy of your confidence, do not call in the police, but take him home. Tell why you dismissed him to those who will give him another chance. Many a young man has done wrong once who will never do wrong again. Ah, my friends, I think we can afford to give everybody another chance when God knows we should all have been in perdition if he had not given us 10,000 chances.

Then, if in moving around your factory, or mill or barn or store, you are inexorable with young men God will remember it. Some day the wheel of fortune will turn, and you will be a pauper, and your daughter will go the workhouse, and your son will die on the scaffold. If in moving among your young men you see one with an ominous pallor of cheek or you hear him coughing behind the counter, say to him, "Stay home a day or two and rest or go out and breathe the breath of the hills." If his mother die, do not demand that on the day after the funeral he be in the store. Give him at least a week to get over that which he will never get over.

Employers, urge upon your employes, above all, a religious life. So far from that, how is it, young men? Instead of being cheered on the road to heaven some of you are caricatured, and it is a hard thing for you to keep your Christian integrity in that store or factory where there are so many hostile to religion. Ziethen, a grave general under Frederick the Great, was a Christian. Frederick the Great was a skeptic. One day Ziethen, the venerable, white-haired General asked to be excused from military duty that he might attend the holy sacrament. He was excused. A few days after Ziethen was dining with the king and with many notables of Prussia when Frederick the Great in a jocose way said, "Well Ziethen, how did the sacrament of last Friday digest? The venerable old warrior arose and said, "For your majesty I have risked my life many a time on the battlefield, and for your majesty I would be willing at any time to die; but you do wrong when you insult the Christian religion. You will forgive me if I, your old military servant, cannot bear in silence any insult to my Lord and my Saviour." Frederick the Great leaped to his feet, and put out his hand, and said, "Happy Ziethen! Forgive me, forgive me!"

Oh, there are many being scoffed at for their religion, and I thank God there are many men as brave as Ziethen! Go to heaven yourself, O employer! Take all your people with you. Soon you will be through buying and selling and through with manufacturing and building, and God will ask you, "Where are all those people over whom you had so great influence? Are they here? Will they be here?

TRUTHS EASILY DIGESTED.

Concerning a Method of Curing Dyspepsia and Stomach Troubles.

Dyspepsia and indigestion are considered incurable by many people who do not realize the advance made in modern medical science, and because by the old methods and remedies a cure was rarely, if ever obtained.

Dyspepsia is now cured as readily as any other disease.

What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome, well cooked food and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of Dyspepsia, in other words, the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Dyspepsia Tablets is a remedy sold on its merits and is the purest and cheapest remedy sold for stomach troubles, and every trial re friend for this excel- ou.

MAJOR WALSH CHARGED.

Sir Hibbert Tupper Keeps the Scope of His Yukon Resolution to One Charge This Year.

Ottawa, June 1.—Hon. David Mills, Minister of Justice, is ill in London, and the Government is awaiting his return to Ottawa before issuing the royal commission to enquire into election scandals. So said Sir Wilfrid yesterday in the House.

But whether Mr. Mills comes or not on Monday the commission will issue and the House will be told all about it. Meanwhile it is said that Chancellor Boyd, Justice Falconbridge, Toronto, and Judge McTavish, Ottawa, and High Court judges and one County Court judge, will compose the commission. The official announcement is yet to be made.

Elder Charlton asked about the closing of Canadian Buildings at Paris Exposition.

Mr. Fisher replied that the efforts of Mr. Tarte in the line of the Government request has been successful. The Canadian exhibits would be closed to the public on Sundays.

Sir Hibbert Tupper moved his Yukon resolution. It was the longest one ever presented to Parliament. His speech was short. Centering his remarks upon a single charge, he declared that Major Walsh had prostituted his official position to exploit the valuable mineral claims on Dominion Creek for the benefit of himself and his family. The resolution, which took Speaker Bain half an hour to read, and its conclusion was that "The failure of the Government to take any action in reference to the conduct of Major Walsh under the foregoing circumstances merits the censure of the House."

Hon. Mr. Fitzpatrick replied to Sir Hibbert, and denied the charge that Walsh has prostituted his position. As a proof of this he cited Walsh's high reputation among his fellows.

Messrs. McInerny, Britton, Borden, Sutherland and Davin continued the debate, after which the vote was taken. Yeas, 38; nays, 74. Majority against 36. Messrs. Davis and MacDonald (West Huron) did not vote.

Before the House adjourned, Mr. Fielding read a letter from the Auditor-General, stating that he had not warranted the paying of the sessional officials of the Senate. That had been done by the Clerk of the Senate from credit given to him by the Auditor-General. The latter considered the action irregular and warned the clerk that if this is done again his credit would be withheld. The sessional clerks of the House will not be paid until the Senate passes the supplementary bill of $96,000.

The House adjourned at 12.

The State of New York has been awarded first prize at the Paris Exposition for its exhibit of fresh apples.

The Free Church Assembly in session at Edinburgh on Thursday approved by 592 votes to 29, the union with the United Presbyterian Church. The union will be effected in October.

The C. P. R. express from Montreal on Thursday morning collided with a freight train near Ardendale, which was standing on the siding. The passengers were all awakened by the shock, but no person was hurt.

MR. THOS. SIMMONS.

When a reliable gentleman like Mr. Thomas Simmons, of Chaffey's Locks, Ont., steamboat engineer, comes forward on his own account and adds his testimony to the value of a medical cure, the public has assurance that there is something deserving attention. Off and on, for the past two years, he experienced intense pain down the sciatic nerve. So severe was it at times that he was unable to handle the throttle of the engine, and would be obliged to lay off for days. "Before the first bottle of Dr. Hall's Rheumatic Cure had been drained," said Mr. Simmons, "I could feel the beneficial effects; and by the time I had used four I was completely cured. Since last spring I have been entirely free from pain. Dr. Hall's Rheumatic Cure did it."

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

....PROSPECTUS....

The Canadian Portland Cement Company has been formed for the purpose of acquiring the cement business carried on by the Rathbun Company at Napanee Mills and at Marlbank in the Province of Ontario; the business of the Beaver Portland Cement Company at Marlbank and the business of the St. Lawrence Portland Cement Co. at Montreal, in the Province of Quebec.

The assets are to be turned over to the new company free of all incumbrances, and comprise the following:

FACTORIES. The factory of the Rathbun Company at Napanee Mills, with ample factory site and clay lands, and with all buildings, plant, etc., in full running order, HAVING A CAPACITY OF 325 BARRELS OF COMPLETED CEMENT PER DAY.

The factory of the Beaver Portland Cement Company at Marlbank, controlled by Messrs. James Dobson and Chas. J. Webb, of Philadelphia, with all lands, buildings, and plant used in connection therewith, HAVING A CAPACITY OF AT LEAST 500 BARRELS OF COMPLETED CEMENT PER DAY.

The leasehold factory and premises of the St. Lawrence Portland Cement Company, Montreal, used in the manufacture of Silica cement.

MARL PROPERTIES. The marl deposits at Marlbank, with dredges, plant and appurtenances connected therewith, and owned and used by the Beaver Portland Cement Company and the Rathbun Company in connection with their cement business, containing altogether about 820 acres of land.

The report of Mr. M. J. Butler, C. E., shows that the supply of marl upon these properties is practically inexhaustible, the survey showing 19,835,773 cubic yards of marl, sufficient to produce at least 69,425,000 barrels of Portland cement.

STOCK. Supplies, cement manufactured or in process of manufacture, or cash to the amount of $50,000.

TRADE MARKS—PATENT RIGHTS. The "Star" brand and other brands and trade marks of the Rathbun Company and the Beaver Company, the Silica Cement Patent Rights for the Dominion of Canada owned by the Rathbun Company and the goodwill and businesses, including all the trade marks and rights of all the Companies above named.

Silica Cement is manufactured from Portland Cement and sand, by a patented process exclusively controlled by this Company for the Dominion of Canada under the patent rights above referred to. This product has been most favorably received by consumers, and forms a growing and profitable trade.

The above mentioned trade marks and brands have taken a long time and great expense to establish, and are an asset of great value. The whole output of the new Company will be manufactured from the same materials and under the same management and staff and sold under these brands.

Market. The Cement business of the Rathbun Company has been established for a number of years, and the "Star" brand of Portland Cement and "Citidel" and other brands of Silica Cement have been thoroughly established as first-class, being accepted by the Government of the Dominion of Canada, by the Grand Trunk Railway Company, the Canadian Pacific Railway Company, the Intercolonial Railway Company, by the cities of Montreal and Toronto, and by other steam and electric railways and municipalities throughout the Dominion.

Prior to the incorporation of this company the Rathbun Company had contracted for the sale of their whole output for the year 1900, and no difficulty is anticipated in disposing of the entire product of the new Company in view of the extent and character and demand for brands of cement of which that product will consist. The confidence of the railways, municipalities, and the principal purchasers of cement throughout the country in the brands of this Company having been gained, not only as a result of scientific tests, but by years of actual use, such cement has become a staple article of commerce, the demand for which has increased each year, and is certain to increase in even greater proportion in the future. No important engineering or architectural work can be undertaken without the use of cement. Every steam and electric railway annually uses large quantities in the construction and maintenance of its works. It is used to an increasing extent in repairing masonry, being much more easily moulded to the required form. The foundation of every permanent pavement laid upon the streets of our cities is constructed with it, and not only in the larger cities, but also in the smaller towns and villages throughout the country it is gradually displacing wood for the construction of sidewalks.

RAILWAY FACILITIES. The marl beds, clay banks, and works of this company are situate directly on the line of the Bay of Quinte Railway, midway between junctions with the Pacific Railway, at Tweed, and the Grand Trunk Railway at Napanee. This affords to the output of this company competing lines for railway freight, while access to water communication is obtained at Deseronto and Kingston over Bay of Quinte Railway.

The location of their works will enable the Company to manufacture the larger portion of their output without railway transport of either clay or marl and to load the finished cement direct from the works upon the railway cars.

PROFITS. The Toronto General Trusts Corporation has made a special audit of the cement business of the Rathbun Company at Napanee Mills for the year ending 31st December, 1899, and their certificate shows a net profit of $84,682.80.

This result was attained with a plant producing an average of 325 barrels of completed cement per day.

The plant and equipment of the Beaver Company are only now being completed, but that company undertake to deliver to the new Company by 1st June their plant and equipment completed in every respect, and of the most modern design, capable of producing 500 barrels of completed cement per day.

It will be seen that the profits from the business of the Rathbun Co. alone were largely in excess of the amount required for payment of the dividend on the Preference Stock of the new Company, and it may reasonably be expected that the earnings of the combined Companies will be such as to enable the new Company to pay the additional 1 per cent. dividend on this stock. It is also anticipated that by the consolidation of Interests the cost of production and sale will be considerably reduced.

As has been already pointed out, the Company do not anticipate any trouble in disposing of their entire output and in this connection it may be mentioned that last year the Rathbun Company found it necessary to buy a considerable amount of imported cement which was used in the manufacture of Silica cement, their own factory not being able to supply the demand in sufficient quantity.

DIVIDENDS. The Preference Stock is entitled to a first cumulative dividend of 7 per cent. per annum, payable half-yearly, and after the Common Stock has received a like dividend shall be entitled to share with the common Stock in any surplus profits up to, but not exceeding a further 4 per cent. upon the Preference Stock.

RESERVE FUND. The By-Laws of the Company provide that after payment of the 7 per cent. dividend upon the Preference Stock and before any dividend shall be declared and paid upon the Common Stock, the Company shall set apart out of any profits earned, as undivided profits, an annual sum of not less than $15,000, and not more than $25,000, until a Reserve Fund of $150,000 has been accumulated, which fund is to be used by the Company, or invested, as directed by the Board. The By-Laws of the Company also provide for the election of two Directors by the Preference Stock holders to represent them on the Board.

AUDIT. The Toronto General Trusts Corporation have undertaken the yearly audit of the Company's affairs, and will certify that the proper amount has been set aside for the Reserve Fund, as provided by the By-Laws, before dividends are declared on the Common Stock. They will also act at Transfer Agents of the Company, and will countersign all certificates of stock.

DISPOSAL OF PREFERENCE STOCK.

Of the total amount of $450,000 Preference Stock, $200,000 has already been taken at par by the Directors and others interested in the Company. $50,000 remains in the Treasury, and the balance of $200,000 is now offered for sale AT PAR BY MESSRS. OSLER & HAMMOND, 18 KING ST. WEST, TORONTO, the right being reserved by them to accept the offers of applicants for the whole or any proportion of the amounts applied for.

A deposit of 10 per cent. is payable on application, and the balance on allotment, which will be made NOT LATER THAN THE 5TH JUNE, PROX. If no allotment is made deposit will be returned, and if a partial allotment is made the surplus deposit will be applied towards the amount payable on allotment.

In making allotments regard will be had to the order in which applications for stock are received.

Application will be made in due course to have the Preference Stock listed on the Toronto Stock Exchange.

Report of the Auditor of the Toronto General Trusts Corporation on the cement business of the Rathbun Company, and the report of Mr. M. J. Butler, C. E., on the marl properties may be seen at the office of the undersigned, where forms of application, together with copies of Prospectus, may also be obtained.

Toronto, 15th May, 1900.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grapples this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

When a young man becomes sufficiently familiar to stay until midnight, the girl begins to think she holds first mortgage on his affections.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can ure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with yo medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

BRITISH FLAG IS OVER JOHANNESBURG.

Lord Roberts Has Officially Made Known This Fact.

The Fall of Pretoria Confirmed by Further Despatches From Correspondents But There Has as Yet Been No Official News Received of the Event—London Has No Doubt That Roberts Has Pretoria—Further Resistance Futile.

London, June 1.—(3.35 a.m.)—Belated messages from Pretoria confirm the reports of the departure of President Kruger with his Cabinet and staff officials Tuesday night and the selection at a meeting of citizens of a committee to administer the city provisionally.

Have the Wires Been Cut?

Since these telegrams left on Wednesday, nothing apparently has reached Lorenzo Marquez by telegraph from Pretoria. Possibly the wires have been cut. Possibly the Boer censorship at some intermediate point intercepts telegrams.

Johannesburg Is Safe.

Although the War Office has not received a word about it, no one in London harbors the idea that the Boer capital is not already in the hands of the British, or about to be there. The possession of Johannesburg at all events, as Lord Roberts has telegraphed, is a fact. States Attorney Smuts did not depart with President Kruger, but remained in Pretoria.

Boer Seat at Middleburg.

The present seat of the Boer Government, according to a despatch from Lorenzo Marquez, dated yesterday, is Middleburg, but it will probably be shifted further east.

Where Boers May Hold Out.

The Boers lately confronting Lord Roberts appear to have gone eastward towards the Lydenburg regions. The defenders at Laing's Nek, when their position becomes too perilous, will probably trek straight northwards towards Lydenburg. When this concentration takes place, there will possibly be 20,000 men who may hold out for a time, with scattered bands of guerillas elsewhere.

The Boers Retired.

The press despatches from the headquarters of Lord Roberts give no estimate as to the number of Boers who were fighting. General French and Gen. Ian Hamilton Monday and Tuesday, but they all agree that the Boers retired and that the British casualties were slight.

Casualties Are Trifling.

Mr. Bennett Burleigh, wiring to The Daily Telegraph from Elandsfontein, Tuesday, says: "Much rolling stock and seven engines have been captured by Lord Roberts' column. The principal losses in the fighting have been sustained by the Mounted Infantry, but the casualties are trifling. Gen. French and Gen. Hamilton were engaged to the west of Johannesburg.

"Since Sunday the western columns have been fighting, but although guns were used, the actions were never serious; in fact, they were only big skirmishes. The Boers are retreating to Pretoria."

Rear Guard Action.

Mr. Prevost Battersby, in a despatch to The Morning Post from Germiston, May 30, says: "The enemy fought a rear guard action, retiring from the south to the north of the town with their pom-poms and with their artillery in the morning, withdrawing their riflemen through the town in the afternoon. We captured engines and over a hundred wagons. Two trains are leaving to-night for the Vaal.

"We succeeded in cutting the line in three directions, and imprisoning all the rolling stock in Johannesburg. It was a splendid piece of work. The enemy was astounded at the rapidity of our advance."

Forty-Five Were Killed.

Cape Town, May 31.—Gen. Rundle has defeated a Boer commando at Senekal. His casualties were 45 killed and many wounded.

PRETORIA HAS FALLEN.

Correspondents at Pretoria Confirm Earl Rosslyn's Story of the Fall of the Transvaal Capital.

London, May 31.—The Daily Mail says it has received cable despatches this afternoon from correspondents at Pretoria, completely confirming Lord Rosslyn's despatch of yesterday, announcing the fall of the capital of the Transvaal.

TO PREVENT DISTURBANCE.

Roberts Agreed to Delay His Entry Into Johannesburg 24 Hours.

London, June 1. — The War Office has received the following despatch from Lord Roberts, under date of Germiston, May 30:

"In answer to a flag of truce, I sent to Johannesburg this morning the commandant came to see me. He begged me to defer entering the town for 24 hours, as there were many armed burghers still inside. I agreed to this, as I am most anxious to avert the possibility of anything like disturbance inside the town and as bodies of the enemy are still holding the hills in the immediate neighborhood, from which they will have to be cleared off beforehand.

Boers Attacked Rundle.

"Rundle reports that he attacked a large party of Boers near Senekel on May 28. He said his casualties were not heavy.

Brabant Lost 42 Men.

"Brabant reports that on May 28 two of his patrols, consisting of two officers and 40 men, were cut off by the enemy and taken prisoners."

British Occupy Heidelburg.

Cape Town, May 31.—The British have occupied Heidelburg, on the railroad connecting Johannesburg with the Transvaal frontier town of Volksrust on the Natal frontier near Laing's Nek.

JOHANNESBURG OCCUPIED.

The British Flag Now Floats Over the Government Buildings.

London, June 1. — The following despatch from Lord Roberts, the British Commander-in-Chief in South Africa, has been received at the War Office here:

"Johannesburg, May 31.—(2 p.m.)—Her Majesty's forces are now in possession of Johannesburg, and the British flag floats over the Government buildings."

Hundreds of Boers Captured.

A special despatch from Germiston, a suburb of Johannesburg, occupied by Lord Roberts, says several hundred Boers have sought refuge in a mine, where the British Grenadiers have cornered them, and barred all escape."

Cecil Manners Captured.

Cecil Manners, who is acting as a newspaper correspondent, was among the prisoners captured by the Boers during Lord Roberts' advance on May 20.

THE MINES ARE UNINJURED.

Nine Engines, a Coal Train and Much Rolling Stock Was Captured.

Germiston, Transvaal, May 30. — Wednesday, 3.25 p.m.)—Johannesburg is practically in British possession.

The mines are uninjured.

Nine engines, a coal train and a great quantity of rolling stock was captured.

The remnants of the Boer rear guard remained behind and fought in the streets of Germiston, but they were easily cleared by the Grenadiers.

Gen. French is now at Landlagte. The Guards hold Elandsfontein and Germiston. The state entry into Johannesburg will take place to-morrow. The Boers have gone to Pretoria. The railroad from here to the Vaal River is uninjured.

IAN HAMILTON'S COLUMN.

Devoted Brigade, Which Contains the Canadians, Bore Brunt of the Fighting on Wednesday Last.

London, June 1. — The War Office has received from Lord Roberts a despatch dated Germiston, May 30, 1 p.m., saying:

"The brunt of the fighting yesterday fell upon Ian Hamilton's column. I have sent him, as already mentioned, to work around to the west of Johannesburg, in support of French's Cavalry, which was directed to go north near the road leading to Pretoria. I have not heard from French yet, but Hamilton, in a report, which has just reached me, states that at about 1 o'clock in the afternoon he found his way blocked by the enemy strongly posted on some kopjes and ridges three miles south of the Rand. They had two heavy guns and several field guns and pompons. Hamilton forthwith attacked.

Enemy Fought Obstinately.

"The right was led by the Gordons, who, after capturing one extremity of the ridge, wheeled around and worked along it until after dark, clearing it of the enemy, who fought most obstinately. The One Hundred and Fourth led on the other flank and would not be denied, but the chief share in the action, as in the casualties, fell to the Gordons, whose gallant advance excited the admiration of all.

Johannesburg Surrounded.

"Hamilton is now at Florida, due west of Johannesburg, and French is a few miles further to the northeast. The Gordons, the cavalry, the mounted infantry, and the seventh division are holding the heights of the town. The eleventh division went with batteries H and G and the heavy artillery are south of Johannesburg.

"Hamilton speaks in high terms of praise of the manner in which Bruce Hamilton and Colonel Spens of the Shropshire Light Infantry, handled their men, under Smith-Dorrien's direction."

Boers Are Massing.

Another correspondent telegraphing Germiston the same day says: "I learn that the Boers are massing six miles south of Pretoria for a new and desperate stand with a front of 12 miles."

Other rumors in the camp of Lord Roberts are that President Kruger is still at Lydenburg and that the ammunition of the Boers is running short.

Mr. M. Donohue, a correspondent of The Daily Chronicle, was captured yesterday.

Further Resistance Futile.

The Times says any further resistance the Boers may offer will be futile. The collapse of the Transvaal as a militant state may be regarded as complete. Threats of obstinate guerilla warfare need not be taken more seriously than the exploded mine menace of resistance at Johannesburg and Pretoria. The formal annexation of the Transvaal will speedily follow. The war is rapidly approaching its close."

Five thousand fresh troops will embark for South Africa within the next few days.

Was Leyds Sat Upon?

London, June 1. — A despatch from Brussels says: Consignments of gold continue to come to the Netherlands Bank regularly from the Transvaal Government, but these have not been so large as formerly. It is understood that Dr. Leyds has not had power at will since the arrival here of the Boer peace delegates.

THEY CURE SO WELL PEOPLE ARE GLAD TO TELL

The Public Would Doubt Only for Local Testimony Freely Offered In Every Place Where Dr. Pitcher's Backache Kidney Tablets are Known.

Reliable matrons, old residents, and the most quiet and unassuming people tell what Dr. Pitcher's Backache Kidney Tablets have done for them. We have the following from Mrs. M. J. Watts, residing in Doyle's terrace, Pinnacle St., Belleville—I used Dr. Pitcher's Backache Kidney Tablets that were sold at Alexander Ray's the city druggist. I have found them far superior to any kidney medicine that I have ever used. I was feeling miserable from numbness in my hands and arms, dull aching in the small of my back, pain in the back and top of my head. I felt it in the cords of my neck. I had swelling of the hands and ankles. I have not used those tablets regularly, but they certainly relieved me and drove away the pain. They stopped the swelling and gave me strength. When suffering from indigestion and gaseous distention of the stomach those tablets gave me prompt relief. I can heartily recommend them to anyone suffering in that way.

John Hamilton, 38 Wharf St., Belleville, says—"I have had more relief from using Pitcher's Backache Kidney Tablets than from any medicine. I have suffered untold misery from disordered kidneys and pains in my back, and when taking them I never felt better in my life. I had suffered from my back ever since I was a boy and although I have had remedies that gave me temporary relief, none have so benefitted the kidneys, causing the secretions to become normal and removing that offensiveness of the urine, like those tablets. I can heartily recommend them, and would suggest that those who have become discouraged by the many failures of other remedies to try Dr. Pitcher's Backache Kidney Tablets."

If you have the slightest symptoms of Kidney or Bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free, by enclosing two cent stamp for postage to the Pitcher Tablet Co., Toronto, Ont.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50c. per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

Men do not like to go to doctors. Nine times out of ten they wait until they are laid flat on their backs before they will consult a physician. There is some reason in this, for when a business man feels out of sorts and goes to a physician, he is often given violent drugs that make him, for a time, unfit for business and really sick.

There is a way of avoiding both extremes —that of neglecting the health and that of taking violent drugs that rack the entire system—it is always to keep on hand a bottle of Dr. Pierce's Golden Medical Discovery. If a man will resort to this great medicine whenever he feels that he is out of sorts and threatened with illness, he may keep in good health. It is the great appetite sharpener, blood-maker and flesh-builder. It fills the arteries with the rich, red, tissue-building blood of health. It does not make flabby fat like cod liver oil, but the solid, muscular and nerve tissues of health. It does not make corpulent people more corpulent.

"I want to inform you of a cure effected by Dr. Pierce's medicines," writes Mrs. Nelson Smith, of Mount Vernon, Jefferson Co., Ills. "About six years ago I had grip, ending with bronchitis and consumption. In the spring of 1896 my condition became very serious. I had consumption and I coughed day and night; could not lie down at all. Our family doctor said I could not get well. The neighbors came in to see me die, and a lady friend recommended Dr. Pierce's medicines so strongly that we immediately sent out and bought six bottles of his 'Golden Medical Discovery' and 'Favorite Prescription.' After using these medicines, found I was receiving benefit and continued. I weighed 120 when I commenced taking medicines, now weigh 170. I sleep well, have a splendid appetite, feel well, and believe I am entirely cured. I am thankful to God and to Dr. Pierce for those wonderful medicines. I want to add that I am a wonder to my neighbors and friends."

KRUGER CAPTURED.

An Unconfirmed Story Published in the Westminster Gazette.

London, June 1. — The Westminster Gazette says it was rumored last night in a quarter likely to be well informed, that President Kruger had been captured by the British six miles beyond Pretoria.

TORONTO LIVE STOCK.

Toronto, June 1. — The deliveries of live stock at the stock yards were 37 carloads yesterday, composed of 744 cattle, 1,036 hogs, 50 sheep and 30 calves. The quality of fat cattle was, considering the number offered, better than on Tuesday last, several lots of very fine exporters being offered. Trade was brisk, with prices unchanged from Tuesday's quotations excepting that choice butchers' cattle were, if anything, a little firmer. Nearly everything was sold out by noon.

CHEESE MARKETS.

Tweed, Ont., June 1. — 650 white cheese boarded, all sold at 9⅜c.

Kingston, June 1. — Seven hundred and forty-six white, 558 colored boarded yesterday. Sales, colored at 9½c; white, 9½c; a few white offered at 9⅜c, May make.

Madoc, Ont., June 1. — Nine hundred and eighty boxes of cheese were offered. All sold at 9⅜c.

Brockville, Ont., June 1. — Three thousand six hundred and ninety-five boxes of cheese were offered, 1,886 white and 1,809 colored. The market is firmer, and bidding ran up to 9½c for both, at which price 814 colored and 210 white were sold on the street.

FOREIGN FORCES AT PEKIN.

They Are There for the Protection of Subjects.

British, American, Italian, French, Russian and Japanese Troops Comprise the Combined Forces—It Is Said They Will be Ordered to the First Gates Outside the Great Walls—Germans Are Anxious.

Tien Tsin, June 1. — A special train started for Pekin yesterday afternoon with the following forces: Americans, 7 officers and 56 men; British, 3 officers and 72 men; Italians, 3 officers and 39 men; French, 3 officers and 72 men; Russians, 4 officers and 71 men; Japanese, 2 officers and 24 men.

The foreign contingent also took with them five quick-firing guns.

It is rumored that foreign troops will be ordered to the first gate of the Chinese capital, outside the wall.

Murders Go Right On.

London, June 1. — The Pekin correspondent of The Times, telegraphing Wednesday, says:

The damage to the railroad is estimated at £30,000. The Government supports rather than condemns the Boxers. Not one has been arrested yet. No foreigner has been seriously injured, though the murders of native Christians are reported daily from the country.

American Marines Landed.

Washington, June 1. — The following cablegram has been received at the State Department from the senior commander of the squadron, Admiral Kempff:

"Tong Ku (Taku), May 30.—Secretary Navy, Washington: "One hundred men landed and sent Tien-Tsin yesterday. Fifty of these go to Pekin to-day. Other nations landed men. (Signed) Kempff.'"

Anxiety in Berlin.

Berlin, June 1.—The latest news from China has given rise to much anxiety here. An official of the German Foreign Office made the following statement regarding the matter yesterday:

The German naval commander at Tsing Tau has orders to act in conjunction with the naval authorities of the other powers as circumstances may require. The landing of marines at Taku to go to Pekin was ordered. The report from the United States, that 20,000 Russians are advancing to help the Chinese is baseless. No power is sustaining China. We know that Russia will not separate herself from the others."

A cable arrived to-day from Tsing Tau, saying that the German cruiser Kaiserin Augusta having on board an additional officer and 50 marines, sailed for Taku, the German gunboat Iltis following.

Methodist Conference at Hamilton.

Hamilton, June 1. — The regular meeting of the Hamilton Conference of the Methodist Church began yesterday for both ministerial and lay delegates. Rev. Thomas W. Jackson of Elora was elected president on the second ballot. A proposal to consider the question of co-operation with other denominations to secure religious instruction in the Public schools was referred to the Memorial Committee. The evening's meeting took the form of a reception to the General Conference officers.

PNEUMONIA TO BE AVOIDED.

Brought on by Overwork, Low Vitality, and Exposure to Cold—No Way to Cure—Two Ways to Prevent.

J. J. Walsh, M.D., Ph.D., writing to the New York Journal, states:—"Pneumonia can be avoided more easily than cured.

"If a man reaches the age of twenty five in good health, he is, barring accident, practically assured of living till sixty, unless he is carried off by typhoid fever or pneumonia. Of the two, pneumonia is by far more dreadful. It gives but a few short days of warning before the termination. Excluding tuberculosis, more than 50 per cent. of the deaths of adults during winter months are due to pneumonia.

Dr. Walsh then explains that pneumonia is almost invariably due to cold, and results from a cold contracted when the vitality of the body is running low, and the nerves are weak, tired and exhausted, when the body is overworked and the nerve force expended.

Every winter we are startled by the sudden deaths of scores and hundreds who have overworked brain or body, or who have been irregular in their habits of eating and sleeping, and neglected to keep their health up to high-water mark, and have contracted colds, which developed into pneumonia and terminated life almost before their friends knew they were sick.

There is no sure way of curing pneumonia when once is has a firm hold on its victim, but there are two ways of preventing pneumonia, which are well worth consideration. The first is by keeping the body in perfect health to avoid taking cold, and the second is to cure the cold before it becomes pneumonia.

To keep the vitality of the body up to the normal, to replenish the shrivelled arteries with rich, pure blood, and to revitalize the wasted nerve cells no prescription was ever so markedly successful as Dr. Chase's Nerve Food, the great restorative which has become so popular.

To call a halt to the cold, to cure the cough which is getting into the bronchial tubes, to loosen the tightness in the chest, and prevent the development of pneumonia and fatal lung diseases, Dr. Chase's Syrup of Linseed and Turpentine is acknowledged to be the most effective remedy extant.

It is usually people whose vitality is low that contract colds. If your blood is thin, your nerves weak, and your system run down and debilitated, you are running a tremendous risk during the cold, wet season. Wisdom suggests a course of treatment with Dr. Chase's Nerve Food, the great doctor's favorite prescription.

If already a victim of cough, cold, bronchitis, or asthma, appeal to the virtues of Dr. Chase's Syrup of Linseed and Turpentine. It will not disappoint you. Dr. Chase's Nerve Food 50 cents a box, Dr. Chase's Syrup of Linseed and Turpentine, 25c and 60c, at all dealers, or Edmanson, Bates & Co., Toronto.

A GALT BOY DROWNED.

Frederick Hall Comes to His Death in the Grand River.

Galt, Ont., June 1. — Frederick Hall, 17 years of age, son of W. E. Hall, furniture manufacturer, was drowned in the Grand River yesterday afternoon. Young Hall, who was a student at the Collegiate Institute, was taking a holiday yesterday on account of the general rejoicing in town over the good news received from Pretoria in the morning. He, accompanied by other young men, went to a point in the river called "The Rocks" for a swim. After Hall had swam into deep water he called out twice that he was drowning. Some of his companions on the shore tried to rescue him in a row boat, but failed.

Clifford Baskell Drowned.

Cobourg, Ont., June 1. — Clifford Baskell, a lad of 7 years of age, was drowned here yesterday. No one appears to have seen the accident, but it is supposed he was fishing along the pier and accidentally fell in. The body was noticed in the water about 4 o'clock.

Caracas, Venezuela, via Haytien cable, June 1. — Gen. Davili, commander of the Government troops in the victorious engagement last Sunday with Gen. Hernandez, which resulted in the capture of the latter at Tiera Negra, has brought the insurgent leader to Caracas, and will exhibit him in the streets of the Capitol.

TIMELY TOPICS.

Well, nobody need say that Belleville people are not enthusiastic, after that magnificent procession last night.

• • •

Of course people have no particular reason to get enthusiastic. There are one or two trifling things which other people might make a noise over, such, for instance, as Lord Roberts' dashing triumphal march through the Transvaal, the official despatch announcing the British occupation of Johannesburg, and the fact that Pretoria is ready to surrender whenever Bobs gets there, but we are too staid and sensible to get flurried over little things like those.

• • •

Still, isn't it apt to make a fellow feel a little bit sheepish when he thinks that the glorious news announcing the practical end of the greatest war the British Empire has been engaged in for a generation was honored only by a few flags flying and a procession of youngsters with their faces blackened?

• • •

Over in Rossmore they had a hot time. An open air meeting was held and every man in the village made a speech.

• • •

"A Parent" complains that there is a good deal of truancy going on in Belleville schools, and that the fathers and mothers of children do not interest themselves enough in the matter. There may be some truth in our correspondent's complaint. Because the Government appoints a Truancy Officer that does not mean that the parents of children have no more duties in the matter. If they wish their offspring to be thoroughly equipped for the battle of life they should see to it that they go to school and acquire a good education, which is open to every child born in Canada. If they are satisfied to let their offspring be hewers of wood and drawers of water all their lives they are laying a good foundation for it when they allow them to "hook away" from school.

Dr. Russell, of Hamilton, met the Boer envoys in the States and invited them to come to Canada, but they declined with thanks, fearing it might be a short route to St. Helena.

In Toronto last Tuesday some Methodist delegates said a few hard things about the Freemasons. One man declared that "neither the Clan-na-Gael nor the Ku-Klux-Klan was as bad as the Masonic order." The reason for the attack was because the speakers believed the Masons caused reduced church attendance, but the matter didn't get beyond individual action.

The following are a few of those who stand in the way of the advancement of a town and are a detriment to any community: Those who go out of their town to do their trading; those who oppose improvements; those who prefer a quiet town to one of push and business; those who imagine they run a town; those who oppose every movement which does not originate with themselves; those who put on a long face when a stranger talks of locating in the town; those who oppose every enterprise which does not appear of personal benefit to themselves; those who distrust public-spirited men; those who speak to injure the credit of individuals; those who think business can be done without advertising.—Ex.

Kingston Whig: "Prof. Welch, phrenologist, said last night that when he was lecturing in Belleville, the young ladies were very eager to go on the platform to have their heads "read." He did not say, however, that he ever found anything in them." Wouldn't that jar you? It is interesting to note, though, that, in Belleville, the Professor didn't need a dressing room attached to the hall where the ladies could take off their false hair before they had their heads "read." The Whig man needn't bother the phrenologist, a chiropodist would be more in his line, his brains must be in his feet, judging by the way he talks.

Here is a story that will take a lot of beating: Seven years ago a farmer living near Baldwin hung his vest on the fence in the barn yard, and as a result of it a wonderful story is told. A calf chewed up the pocket in the garment in which was a standard gold watch. Last week the animal, a staid old milk cow, was butchered for beef, and the timepiece was found in such a position between the lungs of the cow that the process of respiration, the closing in and filling the lungs, kept the stemwinder wound up and the watch had lost but four minutes in the seven years.

Hamilton Times: "So let us rejoice that the triumph of British arms has come, and that the South African question is soon to be settled, and settled right. Lord Roberts and Kitchener will receive the praise and the reward which are their due, and in the hour of victory tardy justice may be done also to Buller and Methuen, poor fellows, who were not in control when the final victory was won, but who performed a lot of the hard preliminary work when the fighting had to be done against odds."

Toronto Telegram: "Is the war over"? timidly asked an elderly woman on University street of a couple of young men. "It looks like it; Pretoria has surrendered and Kruger has gone," was the reply, whereupon the woman fell to her knees on the sidewalk and offered up a fervent prayer. Then she danced up the street towards home, saying that she had two boys fighting in South Africa.

Patriotic Unfortunates.

Even those who, unfortunately, are of an unsound mind, seem to possess much patriotism. In the County jail at the present time are some six or seven of such individuals. During the noon hour yesterday the ringing of the fire bells and the shrieking of the whistles told them that something unusual had occurred. One eccentric inmate jumped up from the table and made an elaborate speech in which he proposed cheers for the Queen, Gen. Roberts and others, which were lustily responded to.

BURNED TO DEAT

Two Little Girls, Alma and Mabel Newton, aged Eight and Six Years, Perish in a Fire at Arden—The Rest of the Family Barely Escape With Their Lives.

(Tweed News.)

On Wednesday night, the 23rd inst., the home of Elisha Newton, about a mile from Arden, was entirely destroyed by fire and two of his daughters, Alma, aged 8, and Mabel, aged 6, were victims of the flames. The rest of the family barely escaped with their lives. Mr. Newton was away from home, driving logs for the Rathbun Co. Those at home consisting of the mother, four boys and four girls, the eldest of whom was a boy of seventeen years of age, had retired about 9 o'clock, but were awakened about 12 by the report of some cartridges which had exploded in the flames. The eldest son escaped with two of his brothers just as the roof was falling in and the mother with one daughter and the infant son. Mrs. Newton went back into the house to the room where the three remaining girls were sleeping and raised the window to put them out, but as she did so she fell out herself and was very badly hurt. Notwithstanding this she rushed around the house and pushed open a door to go in again just as one of the three girls ran against it and fell. Her mother caught her and pulled her out in an unconscious condition. The other two girls perished in the flames and their charred remains were beyond recognition.

The building was a one storey frame affair and the fire is supposed to have originated in the kitchen from a defective chimney. Much sympathy is felt for the bereaved family who have lost all their belongings, escaping without even their clothing. The remains of the little ones were buried on the afternoon of the 24th, and the funeral service was held on Sunday. Miss Ellen Newton, an employee at Huyck's hotel, is a sister of the two unfortunate girls who were burned.

THE CAMBRIA IN TROUBLE

A Rochester Paper Says 400 Passengers Were Much Alarmed.

The Rochester Herald, of May 25th, has a long article describing a voyage made by the Str. Cambria from Toronto to Charlotte. The vessel, it is alleged, consumed seventeen hours in making a four hours' journey. The Cambria will be remembered as having, on one memorable occasion, taken an excursion from Belleville to Charlotte. The Herald says:

A great big sigh of relief went up from over 400 passengers on the Str. Cambria when the vessel pulled into the dock at Charlotte at 1.30 yesterday afternoon.

For almost seventeen hours it had been all guess work with them regarding their possibilities for ever standing upon firm earth again, and they thoroughly appreciated the sensation of strolling up and down the dock.

The vessel left Toronto Wednesday night at 8 o'clock with an excursion to Oswego and New York. She was due to arrive at Charlotte at 2 o'clock yesterday morning, but did not arrive until after she was eleven hours overdue.

The steamer was just a few miles out of Toronto when something went wrong with the machinery and she was forced to stop. In a short time she started ahead again but had not proceeded far when she was stopped again.

The passengers say that when the boat was under way she proceeded very slowly and they became much concerned for their safety. Finally some of them went down to the engine room to see what was the matter, when they found that the engine room door was locked and a sign was tacked up with the information that no person would be admitted.

It became noised about that the vessel had sprung a leak and that all the power was being used on the pumps to keep her from sinking. The crowd of passengers became almost panic stricken, and clamored for a knowledge of the true condition of the boat.

They complained that the captain and officers declined to enlighten them, that for sixteen hours they were kept in ignorance and believed every moment they would hear the awful cry that the boat was sinking.

Finally the passengers held a meeting and appointed a committee of twelve to wait upon the captain and demand that he take them to shore as rapidly as possible.

When the vessel finally reached Charlotte many of the passengers had enough of their trip and they took the first train back to Toronto. A few came to Rochester and went to New York over the Central railroad, while about 350 of the passengers remained about Charlotte until 3 o'clock yesterday afternoon when Dr. Nesbitt, of Toronto, managing owner of the boat, chartered a special train and sent the excursionists through to Oswego in time to connect with the train there and continue the excursion.

The officers of the vessel explain that there was never danger at any time during the trip, but that the boat was fixed out with new machinery and was taking her first trip. They say the machinery became hot and they were forced to slow down.

SEVENTEEN YEARS OF TORTURE.

"I had a bad cough for seventeen years" writes Mrs. Sam'l Hamilton, of Lawnville, Tenn. No doctor or medicine could cure it until one year ago I began to use Dr. King's New Discovery for Consumption, which did me more good than all other medicines I ever used. It is truly a grand cure for stubborn Coughs, Colds and Throat and Lung troubles." Positively cures Consumption, Pneumonia, Grip, Bronchitis, Asthma, Hay Fever and Croup. Price 50c. and $1.00. Guaranteed. Trial bottles free at McKeown's drug store.

A seedy scholar roams the streets of Paris and makes small bets that he can promptly and correctly answer any question regarding the history of France. Nearly all the bets he wins. This is the way he earns his money.

OUR WASHINGTON LETTER.

Washington, May 28, 1900

A report has been filed in the House of the River and Harbor Committee on the subject of the Sault Ste. Marie power canal project, which has attracted so much attention, in the entire region bordering on the great lakes. The report says that the power canal is an extensive undertaking and that its managers expect to obtain 40,000 effective electric horse power from dynamos operated by turbines. The inflow of this canal is just above the entrance to the ship canal constructed by the United States Government and leading to locks at Sault Ste. Marie. In view of possible dangers to navigation, and after conferences between representatives of the lake carriers and of the power canal company, the bill is presented. It fixes obligations to maintain the proper levels in all channels, natural or artificial, provides for the construction of controlling works, gives the Secretary of War absolute authority to regulate the power canal and, in case of danger to navigation, to take possession of the canal and adopt such means as are necessary to the interest of navigation.

The Boer envoys are to cut short their visit and go home. This decision is the direct result of a series of political manoeuvers in this country which have again demonstrated that the Democrats are no match for the Republicans when it comes to a question of fine wire pulling. The Democrats captured the delegates when they landed at New York, but the Republicans got them when they reached Washington and persuaded them that their errand was fruitless and that it was fruitless largely because they had been friends with the Democrats at first. Further, they persuaded them of this without even making a promise of help either now or in the future. It was certainly a triumph of political management, and it is difficult to understand even now how it was done. The Democrats had everything in their hands apparently. It was as certain as that the sun would rise that the Republicans neither had the wish nor the ability to do anything for the Boers and that their only hope was in aiding in the election of Bryan, who is understood to be pledged at least to the passage of resolutions in their favor. Moreover, Secretary Hay and President McKinley both told them flatly that they could do nothing for them. How, in the face of this, they were persuaded that the Democrats were merely "working" them and that it would be better to come over to the Republicans is one of those mysteries that no one can find out. But it is a fact, all the same.

THE LATE MRS. A.F. WOOD

Her Obsequies Attended by a Large Concourse of People.

Some additional particulars of the late Mrs. A. F. Wood, of Madoc, have been received, and these with the obsequies are given below. The deceased was a daughter of the late Daniel Ross and Mary Ann Faulkner. Born in Sidney in Dec. 1828, married 13th March, 1850 to A. F. Wood, Esq., died 27th May, 1900. Lived in Madoc the principal part of her married life. She was the oldest of a family of seven children of whom survives her three brothers, A. B. Ross and S. D. Ross, of Madoc, and Sydmer Ross, of Southern California. Rev. W. W. Ross of the Methodist church, who died at Ingersoll in 1884 was a brother Her only sister, Mrs Matilda Swartout died at Berkley, Cal., in 1894. Four children survive her, Herbert Ross-Wood, M.A., Gold Medalist, of Toronto University, Dr. W. Field Wood, of Indiana, Mrs. F. E. Seymour, Madoc, and Alice Ross Wood, who has not left her home. She was an active and earnest working member of the Presbyterian Church.

The funeral on Wednesday afternoon was one of the largest held in the village for some time. Out of respect the stores were closed and the High and public schools were dismissed for the afternoon. Services were conducted at the family residence by Rev. E. W. Mackay pastor of the Presbyterian church, assisted by the Rev. D. Wishart. Amongst the large number in attendance at the obsequies were: A. W. Carscallen, Esq., M.P., of Marmora; Mayor Johnson, of Belleville; Hon. S. C. Wood, of Toronto; her son, Dr. W. Field Wood, of Indiana; her nephew, Roderick Ross, of Toronto.

Among the many and beautiful floral tributes the following were contributed: A square and compass from the Masonic lodge; a wreath from the officials of the Presbyterian congregation, Mr. and Mrs. W. Kerr, Mr. and Mrs. W. Connor, Mr. and Mrs. F. E. Seymour, Rev. E. W. and Mrs. Mackay, Rev. David Wishart, Miss Morrice, Mr. and Mrs. Moore, Mr. and Mrs. Charles Parker, Stirling; Mr. A. W. Carscallen, M.P., Marmora; Miss Mary Jeffery, Toronto; Mr. and Mrs. Mathison, Mrs. Mendell, Sheriff and Mrs. Hope, Belleville.

The bearers were all members of her family: F. E. Seymour, son-in-law; Theodore Seymour and Monte Seymour, grand-children; her nephews, Alex. Watson, Harry Ross, of Madoc, and Roderick Ross, of Toronto.

Quick & Robertson's

Suits for Men.

Until you've enjoyed wearing one you cannot know how good our Suits are. The difference between them and the ordinary ready-made kind or the product of the cheap tailor is greater than you would imagine until you've made the comparison. Our suits are equal in style, fit and trimming to any a first-class merchant tailor can make, but he would have to charge you double our prices, for where he makes one suit the manufacturers of ours make a thousand, and his knowledge and skill are no greater than those of the manufacturers' designers and tailors. Once a man examines our suits no further arguments are necessary.

$5, $6.50, $8.50, $10, $12, $15.

At these prices we have suits that are really wonderful values. Takes in the finer Serges and all Imported Worsteds and Tweeds, made in that correct way that's the envy of the best merchant tailors.

Quick & Robertson's Suits for Boys.

We are just as particular about the making of our Boys' Suits as we are of our Men's, for we will sell nothing but reliable clothing. If you get a poor suit for your money we want to know it, and your money is yours. We guarantee every Boys' Suit we sell—all wool; seams silk and linen sewed; linings good, sewing good and style and shape correct, and our prices are right—a little shopping will prove that.

Young Men's Suits $5 to $12.

There is such a quantity and variety here in these suits that to look means to buy. In our clothing for young men you will find all the points of excellence known to the tailoring art. The coats are three and four button sacques, with those broad shoulders; vests are single and double-breasted; trousers are perfect in fit and style.

Hats and Furnishings.

A full range of Christy's London Hats in all the new blocks and seven different shades at $1.00 each. All the latest creations in Neckwear for Ladies' and Gentlemen.

The crops look fine here at present although a rain is much needed for pasture especially.

The majority of the farmers in this vicinity intend raising sweet corn for the canning factory and are putting quite a lot of extra work on their land for that special crop.

Some few attended the court which met here on Saturday to appeal against the raising of their taxes, which was done this spring.

Mr. Hiram Norton and wife met quite a serious accident a few days ago. While on their way to Wellington, their horse, a spirited animal, got frightened at a bridge that had recently been repaired, and upset them in the deep ditch. The horse succeeded in getting away with their nearly new buggy which was torn to pieces very quickly.

Never for years has there been such bright prospects for a fruit crop as there is at present. The trees seem to be one mass of blossoms.

Charles Engel, said to be the first brewer of German lager beer in America, died at his residence in Kaisers-Lautern, Rhein Pfalz, Germany, on Friday. He retired from business in Philadelphia in 1880.

Mr. Henry Mullins, one of the best known and most highly esteemed customs officers in Montreal, was struck and killed about 2 o'clock on Friday by a G. T. R. freight train, near the subway at Point St. Charles.

On Friday at the convention of the Liberals of the North Riding of Renfrew John W. Munro was unanimously selected as the Liberal standard-bearer. Mr. Munro accepted in a short, yet effective address.

The Yaqui Indians, after several weeks of inactivity, have again become very annoying to the Mexican troops near Torin. Several night attacks have been made recently, and a number of casualties are reported.

Friday afternoon Samuel Harkness of Kingston, Ont., received from Capt. Irwin, commanding 39th Separate Company, Watertown, N.Y., a cheque for $28, value of flag destroyed by a bandsman on the Queen's Birthday.

The fast passenger train on the San Antonio & Arkansas Pass Railroad, known as the "Flyer," was wrecked 30 miles south of Waco, Texas, on Friday night by the washing out of a bridge. Engineer John Hines and Fireman Womble were killed.

Capt. Smith at Halifax delivered judgment on Friday in the wreck of the steamer Montpelier. He said the captain should have exercised the lead more than he did, and not having done so was negligence on his part. Capt. Galt was suspended for three months.

Friday morning the death occurred of St. Catharines' esteemed City Clerk John Rollinson. John Rollinson was born in Edinburgh, Scotland, in July, 1833, and came to this country when quite young. In December, 1868, he was appointed to the position of City Clerk, which he has filled since that time.

Officers of the Canadian volunteers at Vancouver, B.C., have politely but firmly refused the annual invitation for their battalions to take part in celebration of the United States' national holiday in Seattle. This is because of recent hostile utterances of the Seattle press and the anti-British feeling there.

Gen. Brabant Has Surrounded the Boers.

Only One Way for the Enemy to Retreat.

Lord Roberts' Official Report in Regard to Gen. French.

Gen. French Thought to be Close to Pretoria.

London, June 2, 10.30 a.m.—Lord Roberts reports to the Secretary of State for War the Marquis of Lansdowne as follows; Johannesburg, May 31, 9.40 a.m—French's reports of his operations during May 28th and 29th reached me at 3 a.m. to-day. He was opposed throughout his march, but managed to drive off the enemy from the strong positions they successfully held with very little loss, and is now holding the place which I directed him to do north of Johannesburg. Two officers were wounded and two men were killed and 27 wounded.

London, June 2, 3.42 p. m.—The War Office has received the following despatch from Lord Roberts: Johannesburg, June 1, 9.25 p.m.—Sir Henry Colville in reporting the arrival of the Highland Brigade at Heilbron, May 29th, states that he was opposed more or less the whole way from Ventersburg. Eight men were killed and four officers and 32 men were wounded. Colville says the Lancashire Battery of Field Artillery did excellent work. Grant's Naval guns were most valuable and the troops behaved in a most satisfactory manner throughout the trying march.

Rundle telegraphs that his casualties were, 32 killed and 150 men wounded.

Maseru, Basutoland, May 31.—Gen. Brabant has practically surrounded the Boers five miles outside of Ficksburg. The only side open for the Boers retreat is the Basutoland border where thousands of Basutos under Chief Jonathan are waiting events.

London, June 2.—Lord Roberts' vague phrase setting forth that "French is now holding the place which I directed him to do north of Johannesburg," means that his position is quite close to Pretoria.

The additional fact that Lord Roberts' despatch published to-day is dated four hours earlier than the one given out yesterday, and that it takes the proceedings further than May 31st, leads to the inevitable conclusion that some important movement is on foot.

CANADIANS AGAIN IN BATTLE

One Killed and Eight are Wounded.

YESTERDAY'S DROWNING ACCIDENT

The Second Student of Albert College who has Lost His Life at the Same Place.

Grosvenor Peterson, the young student of Albert College, who was drowned in the Moira river yesterday afternoon in the vicinity of Lazier's mill, is the second student of that institution whose life has been sacrificed at the same place. Two other students of about the same age as Peterson were with him at the time, but were unable to render him any assistance. When the unfortunate boy first went out of sight his companions thought he was diving and waited for some minutes before giving an alarm. The body was recovered by Sanford Burrows a fellow student of Albert and it was found some distance south of where he was seen to sink. The body was then conveyed to his late home on Moira street and prepared for burial. The funeral will be held to-morrow afternoon. In addition to the parents one brother and three sisters are left to mourn his loss.

WATERWORKS DEBENTURES.

Ald. Doyle Makes Some Explanations in Reference to Them.

To the Editor of The Intelligencer:

Sir,—There are many who wish to know why I objected to changing the Waterworks debentures from 3 1-2 per cent. to 4 per cent., as the Mayor proposed and as reported from the Council on last Monday night, while agreeing to have the Rolling Mills bonus debentures changed as mentioned. It is because the $55,000 bonus by-law was worded so that the debentures may be sold either at 3 1-2 or 4 per cent., as the Council may direct, without any more expense than the re-printing of the debentures, while the Waterworks by-law was worded so that the same change cannot be made without being submitted to the voters again and therefore incur the expense of an election. I also claimed that the Waterworks debentures are a more desirable class of debentures, having the waterworks revenue to pay for their interest and sinking fund, and also they being a thirty year issue, the other being twenty years, which seems to make some difference in demand.

I notice that the city of Winnipeg discriminates in classing its debentures. The issue it offers for sale on June 15th are as follows: "$208,000 renewed on the Louisa bridge and $25,000 Water debentures at 3 1-2 per cent." All the rest are 4 per cent. The city of Hamilton have issued its debentures at 3 1-2 per cent. What's the matter with Belleville? Anyone who studies the money market can see that this is a remarkably good time for selling bonds.

Before me in the Bond Buyer is recorded a sale by tender of 18 1-3 years sewer debenture at 3 1-2 per cent. belonging to Watertown, N.Y. The highest tender was within a fraction of 5 per cent. premium. I read of several sales of debentures equally as good as this one, so I thought further efforts should be made to sell the Waterworks debentures before taking such an extraordinary step, causing so much expense and delay. Last year when this by-law was passed I advocated very strongly the issue of these debentures at 4 per cent. for the purpose of having them sold promptly, as did the consolidated debentures of 1897, the city getting nearly 5 per cent. premium on them, which is now in the sinking fund.

TIN-POT COLONELS CRITICIZED

House Seems to Favor the Earning of Military Titles.

Government Is Trying to Take Power to Make Such Appointments—Hot Half Hour for Mr. Fisher—Sir Charles Tupper Shows Up Falacy of His Copyright Bill—The Question Is a Constitutional One.

Ottawa, June 2. — For half an hour yesterday afternoon the copyright bill of Mr. Fisher's was discussed in the House.

Sir Charles Tupper and Sir Hibbert wanted to have expert testimony on the matter to see how the bill affected the constitutional question, whether Canada had free power to legislate concerning copyright or not. The bill of Lord Monkswell, before the Imperial House, presumed to legislate for the whole Empire.

Mr. Fisher replied that he hoped the constitutional question would not be raised in the bill. The bill proposed a simple amendment to the present act and would not touch the general question.

Sir Wilfrid agreed to send the bill to committee for general discussion.

Hon. Lieut.-Colonels.

Dr. Borden, in presenting his bill for a second reading in committee, said that the bill provided for the abolition of the title, D.A.G., and for substitution of the title, D.O.C. The two chief clauses are as follows:

1. Officers holding commissions as lieutenant-colonels in the militia may be transferred to the retired list with honorary rank, not exceeding that of colonel, and officers now on the retired list, holding commissions as lieutenant-colonels, may be promoted to the rank of colonel, under regulations approved by the Governor-in-Council.

Officers from the retired list may be reappointed to the active list or such other list as is from time to time authorized, but no officer so re-appointed shall be compelled to serve in a lower rank than that with which he retired.

(2) In time of peace no person, except the officer commanding the militia, shall hold higher rank in the militia than that of colonel, but Her Majesty may, whenever the militia is called out for active service in the field, appoint therein other officers of rank superior to that of colonel, but not higher than that of major-general.

To Appoint Civilians.

Dr. Borden said the Government should be able to appoint civilians honorary colonels of regiments. The power would be limited to honorary colonels. The cause of the discussion was whether the appointment of civilians was in the best interests of the militia or not. The Government argued that because honorary positions had been awarded to Governor-General and the Prince of Wales, therefore they could be given to civilians of lower estate. But it was pointed out that the clauses quoted did not give that power, but gave power to appoint only militia officers to honorary positions.

Mr. D. C. Fraser, Guysboro, said he could see no sense in calling a man a colonel who did not know the goose step. He objected to literary colonels. His love was fighting colonels.

Sir Charles Tupper remarked that he hoped Mr. Fraser's attack did not refer to the Prime Minister, for he had drilling abilities, as was shown by his success in keeping the discordant, quarreling elements of his party together.

As a retort Mr. Fraser referred to the Birmingham episode.

Mr. Osler agreed with Mr. Fraser. There was no more use for making a civilian a colonel than in making Hon. John Charlton a reverend. The system would degrade the militia, and enable the Ministry to appoint colonels for political services. It was a serious matter at this time when so many Canadians were winning laurels in the South African war. A military title should be given for military service, but this bill aimed to create tin-pot titles and to introduce aristocratic notions foreign to a democratic country. He stood on the principle that a man should not be appointed to an office that he had not earned.

Other members engaged in the discussion, and, by consent, the bill went through committee and was reported.

Notice was given, however, by the Opposition to that in the third reading the six months' hoist would be agitated.

After recess the act to incorporate the Canada National Railway and Transport Company came up for a second reading.

Mr. Clarke moved an amendment, giving the Crown power to take over the undertaking on one month's notice.

The amendment was voted down and the bill read a second time. The whole matter will be discussed on the third reading.

Bank and Copyright Acts.

The Bank Act and the Copyright Act were moved up a stage.

The Copyright Act will be referred to a special committee composed of Sir Hibbert Tupper, R. L. Borden, Q.C., Hon. Charles Fitzpatrick, Dr. Russell and Hon. S. Fisher, with power to send for papers and persons.

To Remove Clerk Reilly.

When the House went into supply, Sir Hibbert gave notice that he proposed that the salary of Clerk Reilly in the Interior Department be withdrawn, because in the memorandum presented by Reilly last year in regard to the Yukon census, he had deceived both Parliament and the Minister, and was not fit for the service. The returns of this year would show this.

The discussion of the Interior estimates continued till 2 o'clock, when the House adjourned.

SAFEBLOWERS ARRESTED.

Three Men, Believed to Be the Aurora Safe Crackers, Captured in Chicago —To Be Extradited.

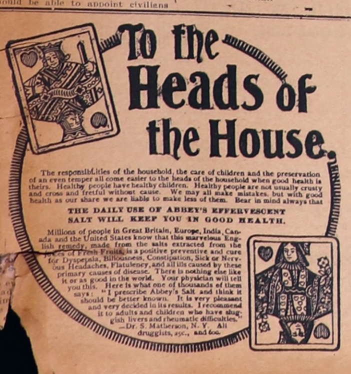
Toronto, June 2. — Acting under the instructions of Inspector Stark of the local Detective Department, the authorities at Chicago yesterday arrested three men whom the police here say were members of the gang of safeblowers who robbed Ross' private bank, the postoffice and the Queen's Hotel at Aurora and made attempts to enter the Parkdale branch of the Standard Bank here and the Bank of Commerce at Dundas within the past few weeks.

After the robberies Frank Rutledge, a well-known bank robber and leader, was seen here, but the detectives engaged on the case, refrained from placing him under arrest, because they believed if he was taken into custody the others would make themselves scarce. Several times round-ups were planned, but each time something turned up to stop the arrests. The two who were taken into custody besides Rutledge, gave their names as Fred. Harris and T. Jones.

$550 in Canadian Money Found.

All the baggage belonging to the three fell into the hands of the Chicago police, together with $550 in Canadian money. Rutledge, although only 30 years of age, has a lengthy record in police circles. He came originally from Streetsville and his first crime, that of burglary, was committed there in 1888, after which he came to Toronto. At the request of the County of Peel authorities, he was arrested, taken to Brampton and tried for the crime. He was convicted and sentenced to five years in Kingston Penitentiary, and while awaiting removal to serve his term, committed a brutal assault on his keeper in an attempt to escape. For this he was given two years additional, making seven years in all. After Rutledge had served four years he was pardoned out and, to show his gratitude to the Government, which released him, he immediately went on a tour of the postoffices and customs houses throughout the province.

Detective Cuddy left last night for Chicago to commence extradition proceedings and to bring the three prisoners here for trial.



To the Heads of the House.

The responsibilities of the household, the care of children and the preservation of an even temper all come easier to the heads of the household when good health is theirs. Healthy people have healthy children. Healthy people are not usually crusty and cross and fretful without cause. We may all make mistakes, but with good health as our share we are liable to make less of them. Bear in mind always that

THE DAILY USE OF ABBEY'S EFFERVESCENT SALT WILL KEEP YOU IN GOOD HEALTH.

Millions of people in Great Britain, Europe, India, Canada and the United States know that this marvelous English remedy, made from the salts extracted from the juices of Fresh Fruits, is a positive preventive and cure for Dyspepsia, Biliousness, Constipation, Sick or Nervous Headaches, Flatulency, and all ills caused by these primary causes of disease. There is nothing else like it or as good in the world. Your physician will tell you this. Here is what one of thousands of them says: "I prescribe Abbey's Salt and think it should be better known. It is very pleasant and very decided in its results. I recommend it to adults and children who have sluggish livers and rheumatic difficulties." —Dr. S. Matherson, N. Y. BOLE WON'T COME.

West Elgin Commissioners Hold a Session on Friday—Evidence Taken.

Toronto, June 2. — The West Elgin commissioners held a short session in the Parliament Buildings yesterday morning and examined three witnesses.

James Cartwright, Registrar of the Court of Appeal, was examined as to the condition of the ballot box when it reached Osgoode Hall. He said it was fastened by screws, which were countersunk and covered by sealing wax, but did not remember a lock being upon the box.

Edwin Long, a student in Kerr & Macdonald's office, also testified to the condition of the box when it reached Osgoode Hall. He remembered it being fastened by screws, but did not recall a lock.

Box Was Not Locked.

T. Gagen of the firm of McPherson, Clarke, Campbell & Clarke, said there was a lock on the box, but it was not locked. The lid was screwed down and sealed with wax, but the seal was not stamped. It was possible, he thought, for the ballots to have been tampered with. More than this, he testified that he had discovered irregularities. In some cases there were two numbers the same, while other numbers were missing altogether. These discrepancies, he said, were not to be accounted for by spoiled ballots. This was the sum of the evidence taken, but considerable time was spent in discussing the prospects of obtaining further testimony from Mrs. Pritchett and Thos. D. Hastings.

Barron Wanted to Drop It.

The chairman, Judge Barron, was disposed to abandon further attempts to secure their attendance, but Judge Morgan, feeling they had something to conceal, was disposed to get at the bottom of the affair. Another effort will be made to get them.

Bole Won't Come.

The commission will resume at 10 o'clock to-day, when Louis Heyd, Q. C., will make a statement on behalf of Duncan Bole, who refuses to come to Canada and testify. Telegrams will also be sent to Spence, W. W. Coulter of St. Thomas, Mrs. Pritchett and Hastings.

Insures Love and Happiness

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. L.W. Knapp, 1782 Hull Bldg., Detroit, Mich., and he will gladly send the free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer and the following extracts taken from this daily mail show how men write him.

"Dear Sir:—Please except my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sir:—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sir:—Yours was received and I had no trouble in making use of the receipt as directed, and after a few days use can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain sealed envelope. The receipt is free for the asking and he wants every man to have it

A ROBBER FOILED

Rheumatism, Which Robs Thousands of Their Health, Strength, Wealth and Happiness Driven out by Dr. Arnold's English Toxin Pills.

Thousand—hundreds of thousands—are tortured continually by rheumatism, and would count relief cheap at any price. To all such, Dr. Arnold's English Toxin Pills come as a positively unfailing cure, for they kill the cause of the disease. Read what a Toronto lady says of them, try a box and judge for yourself:

"If there is any person who has been afflicted with Rheumatism in this world as I have been they will feel as I do, that Dr. Arnold's English Toxin Pills have a value equal to their weight in gold, for I would not be without them. I was in such distress with pain and with swollen joints that I was rapidly becoming helpless. Nothing relieved me until I began taking your pills. They acted like magic. I was without them for a time and I took a different kind, but they had absolutely no effect. I am well now and my thanks are due solely to Dr. Arnold's English Toxin Pills.

BLUE JACKETS NOW AT PEKIN.

The Arrival of the Foreign Troops Improves the Situation.

Shanghai, June 2. — The detachment of over 300 international blue jackets has arrived at Pekin.

The Situation Improved.

Washington, June 2. — Minister Conger at Pekin reports to the State Department yesterday that the arrival of 350 guards for the legations of Russia, France, Great Britain, Italy, Japan and the United States has had the effect of improving the situation. He says that Pekin is much quieter, but that the "Boxers" are still active in the surrounding country.

FOR THE WOMEN AND THE CHILDREN OF THE EMPIRE.

A new society called "The Daughters of the Empire," with junior branches called "Children of the Empire," has recently been formed in Canada. Its object is to make a great golden chain of patriotism throughout the country, bringing the women and the children into touch with each other by means of small clubs called "chapters," which are being started all over the world. These clubs are of two kinds, either of grown-up women, or of children guided by their older friends. The meetings take place once a month, in each others' houses, when a nice little patriotic programme is enjoyed. Each club has its flag and its badge. The badges are made from a special design, which has been registered, and will be worn all over the world. This Federation has already spread over the other colonies and has taken root in England, and among British residents in the United States. Single members may enroll individually. We heartily commend it to our readers. Every woman and every child in Canada ought to be a member. For further information, and a pretty card of instructions, write to the secretary, Mrs. Clark Murray, 340 Wood Avenue, Montreal.

WOMAN'S PLUCK WINS

A Lady Who Cured Her Husband of the Liquor Habit Writes a Pathetic Letter.

She writes: "I had for a long time been thinking of trying the Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another lot to have on hand if he should relapse, as he had done from his promises before. He never has, and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

A pamphlet in plain, sealed envelope sent free, giving testimonials and full information, with directions how to take or administer Samaria Prescription. Correspondence considered sacredly confidential. Address The Samaria Remedy Co., 23 Jordan-street, Toronto, Ont.

$200,000 AT PAR

....PROSPECTUS....

The Canadian Portland Cement Company has been formed for the purpose of acquiring the cement business carried on by the Rathbun Company at Napanee Mills and at Marlbank in the Province of Ontario; the business of the Beaver Portland Cement Company at Marlbank and the business of the St. Lawrence Portland Cement Co. at Montreal, in the Province of Quebec.

The assets are to be turned over to the new company free of all incumbrances, and comprise the following:

FACTORIES. The factory of the Rathbun Company at Napanee Mills, with ample factory site and clay lands, and with all buildings, plant, etc., in full running order, HAVING A CAPACITY OF 325 BARRELS OF COMPLETED CEMENT PER DAY.

The factory of the Beaver Portland Cement Company at Marlbank, controlled by Messrs. James Dobson and Chas. J. Webb, of Philadelphia, with all lands, buildings, and plant used in connection therewith, HAVING A CAPACITY OF AT LEAST 500 BARRELS OF COMPLETED CEMENT PER DAY.

The leasehold factory and premises of the St. Lawrence Portland Cement Company, Montreal, used in the manufacture of Silica cement.

MARL PROPERTIES. The marl deposits at Marlbank, with dredges, plant and appurtenances connected therewith, and owned and used by the Beaver Portland Cement Company and the Rathbun Company in connection with their cement business, containing altogether about 820 acres of land.

The report of Mr. M. J. Butler, C. E., shows that the supply of marl upon these properties is practically inexhaustible, the survey showing 19,835,773 cubic yards of marl, sufficient to produce at least 69,425,000 barrels of Portland cement.

STOCK. Supplies, cement manufactured or in process of manufacture, or cash to the amount of $50,000.

TRADE MARKS—PATENT RIGHTS. The "Star" brand and other brands and trade marks of the Rathbun Company and the Beaver Company, the Silica Cement Patent Rights for the Dominion of Canada owned by the Rathbun Company and the goodwill and businesses, including all the trade marks and rights of all the Companies above named.

Silica Cement is manufactured from Portland Cement and sand, by a patented process exclusively controlled by this Company for the Dominion of Canana under the patent rights above referred to. This product has been most favorably received by consumers, and forms a growing and profitable trade.

The above mentioned trade marks and brands have taken a long time and great expense to establish, and are an asset of great value. The whole output of the new Company will be manufactured from the same materials and under the same management and staff and sold under these brands.

Market. The Cement business of the Rathbun Company has been established for a number of years, and the "Star" brand of Portland Cement and "Citidel" and other brands of Silica Cement have been thoroughly established as first-class, being accepted by the Government of the Dominion of Canada, by the Grand Trunk Railway Company, the Canadian Pacific Railway Company, the Intercolonial Railway Company, by the cities of Montreal and Toronto, and by other steam and electric railways and municipalities throughout the Dominion.

Prior to the incorporation of this company the Rathbun Company had contracted for the sale of their whole output for the year 1900, and no difficulty is anticipated in disposing of the entire product of the new Company in view of the extent and character and demand for brands of cement of which that product will consist. The confidence of the railways, municipalities, and the principal purchasers of cement throughout the country in the brands of this Company having been gained, not only as a result of scientific tests, but by years of actual use, such cement has become a staple article of commerce, the demand for which has increased each year, and is certain to increase in even greater proportion in the future. No important engineering or architectural work can be undertaken without the use of cement. Every steam and electric railway annually uses large quantities in the construction and maintenance of its works. It is used to an increasing extent in repairing masonry, being much more easily moulded to the required form. The foundation of every permanent pavement laid upon the streets of our cities is constructed with it, and not only in the larger cities, but also in the smaller towns and villages throughout the country it is gradually displacing wood for the construction of sidewalks.

RAILWAY FACILITIES. The marl beds, clay banks, and works of this company are situate directly on the line of the Bay of Quinte Railway, midway between junctions with the Pacific Railway, at Tweed, and the Grand Trunk Railway at Napanee. This affords to the output of this company competing lines for railway freight, while access to water communication is obtained at Deseronto and Kingston over Bay of Quinte Railway.

The location of their works will enable the Company to manufacture the larger portion of their output without railway transport of either clay or marl and to load the finished cement direct from the works upon the railway cars.

PROFITS. The Toronto General Trusts Corporation has made a special audit of the cement business of the Rathbun Company at Napanee Mills for the year ending 31st December, 1899, and their certificate shows a net profit of $84,682.80.

This result was attained with a plant producing an average of 325 barrels of completed cement per day.

The plant and equipment of the Beaver Company are only now being completed, but that company undertake to deliver to the new Company by 1st June their plant and equipment completed in every respect, and of the most modern design, capable of producing 500 barrels of completed cement per day.

It will be seen that the profits from the business of the Rathbun Co. alone were largely in excess of the amount required for payment of the dividend on the Preference Stock of the new Company, and it may reasonably be expected that the earnings of the combined Companies will be such as to enable the new Company to pay the additional 1 per cent. dividend on this stock. It is also anticipated that by the consolidation of Interests the cost of production and sale will be considerably reduced.

As has been already pointed out, the Company do not anticipate any trouble in disposing of their entire output and in this connection it may be mentioned that last year the Rathbun Company found it necessary to buy a considerable amount of imported cement which was used in the manufacture of Silica cement, their own factory not being able to supply the demand in sufficient quantity.

DIVIDENDS. The Preference Stock is entitled to a first cumulative dividend of 7 per cent, per annum, payable half-yearly, and after the Common Stock has received a like dividend shall be entitled to share with the common Stock in any surplus profits up to, but not exceeding a further 4 per cent. upon the Preference Stock.

RESERVE FUND. The By-Laws of the Company provide that after payment of the 7 per cent. dividend upon the Preference Stock and before any dividend shall be declared and paid upon the Common Stock, the Company shall set apart out of any profits earned, as undivided profits, an annual sum of not less than $15,000, and not more than $25,000, until a Reserve Fund of $150,000 has been accumulated, which fund is to be used by the Company, or invested, as directed by the Board. The By-Laws of the Company also provide for the election of two Directors by the Preference Stock holders to represent them on the Board.

AUDIT. The Toronto General Trusts Corporation have undertaken the yearly audit of the Company's affairs, and will certify that the proper amount has been set aside for the Reserve Fund, as provided by the By-Laws, before dividends are declared on the Common Stock. They will also act at Transfer Agents of the Company, and will countersign all certificates of stock.

DISPOSAL OF PREFERENCE STOCK.

Of the total amount of $450,000 Preference Stock, $200,000 has already been taken at par by the Directors and others interested in the Company. $50,000 remains in the Treasury, and the balance of $200,000 is now offered for sale AT PAR BY MESSRS. OSLER & HAMMOND, 18 KING ST. WEST, TORONTO, the right being reserved by them to accept the offers of applicants for the whole or any proportion of the amounts applied for.

A deposit of 10 per cent. is payable on application, and the balance on allotment, which will be made NOT LATER THAN THE 5TH JUNE, PROX. If no allotment is made deposit will be returned, and if a partial allotment is made the surplus deposit will be applied towards the amount payable on allotment.

In making allotments regard will be had to the order in which applications for stock are received.

Application will be made in due course to have the Preference Stock listed on the Toronto Stock Exchange.

Report of the Auditor of the Toronto General Trusts Corporation on the cement business of the Rathbun Company, and the report of Mr. M. J. Butler, C. E., on the marl properties may be seen at the office of the undersigned, where forms of application, together with copies of Prospectus, may also be obtained.

SILENCE ABOUT PRETORIA.

No Message of Any Kind From Gen. Lord Roberts.

All Communication With Transvaal Capital Has Been Suspended—Did Pretoria Peace Committee's Plan End in Failure?—Did British Meet Boer Force on Way to Pretoria?—May Yet Be Some Hard Fighting.

London, June 2. — (2.45 a.m.)—Lord Roberts continues silent regarding Pretoria, probably because he cannot wire of his events. Lorenzo Marquez, where all the news from the Boer side is rehandled, cables that communication with Pretoria is now suspended.

Message by Courier.

Some messages by courier have reached Lorenzo Marquez, but none of later date than Wednesday. These assert that the burghers are in a state of panic, and that Pretoria is being controlled by a vigilance committee. Lorenzo Marquez again sends the report that President Kruger has been captured. This news blank gives rise to a sudden suspicion that the citizens' committee at Pretoria may not have been able to carry out their plan for securing the peaceful entry of Lord Roberts and sparing the city the horrors of a siege.

Is There a Boer Force There?

The peace party appeared to be in the ascendant; and, as soon as President Kruger and his Cabinet left Pretoria to organize a new capital, the Citizens' Committee persuaded the commandants of the forts to withdraw some of the troops from the defences, perhaps with the view of keeping order in the town. If messengers were sent to the British, or if the British being two hours' march from Pretoria on Wednesday, entered it then or at any time prior to Friday noon, Lord Roberts would certainly have telegraphed this fact. Hence, it looks as though there was a Boer force between Pretoria and Johannesburg.

These soldiers falling back toward Pretoria, some of them fresh from the fight with Gen. Ian Hamilton, would have brought a new element into the situation, and would probably overrule the Peace Committee, taking the direction of affairs out of their hands. If this has happened, the British may, as The Daily Chronicle says, "see some hard fighting before the British flag flies over Pretoria, for even if the Boers held only three forts, standing close together on the hills south of the town, they would be in a position to stand a siege."

CANADA FAMED AFAR.

An Australian Firm Orders More Japanese Catarrh Cure from the Proprietors of this Well-known Remedy in Canada, and Tells of its Unequalled Merit. Wonderful Results on Every Case Tried.

Messrs. Chas. Cornell & Co., 247 Coppon street, Richmond, Victoria, Australia, write:—"Enclosed please find 10s. for six boxes of Japanese Catarrh Cure, which kindly mail to us at your earliest convenience. Some time ago we purchased a small supply, and must say that it has given very satisfactory results on every case tried. It certainly is an article of undoubted merit. ED. F. DICKENS

There is no more trying work than the weaver's. Added to the confinement, the heat and the impure air, there is often an amount of physical exertion which seems incredible. In the manufacture of plush, for example, those who cut the pile have to walk about thirty miles a day. And with every step of that thirty miles they breathe in vitiated air filled with particles of dust, poisonous coloring matter and other substances, irritating to the throat and lungs. It is no wonder that so many mill hands have an obstinate cough or that so many of them die of "lung trouble."

It is to operatives whose work makes them peculiarly liable to lung disease that Dr. Pierce's Golden Medical Discovery comes as a priceless boon. It positively cures deep seated and obstinate coughs, bronchial affections, bleeding of the lungs, and other diseases which if neglected lead to consumption.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room, without pains in my chest. The doctor who attended me said I had lung trouble and that I would never be well again. At last I concluded to try Dr. Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

You can consult Dr. Pierce by letter absolutely without charge. He will carefully consider your condition, and write you fully, giving you familiar, fatherly advice as well as medical direction. Your letter will be held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

WARREN ATTACKED.

A Thousand Rebels Come Upon His Little Detachment of 700 and Killed Fifteen British.

London, June 2.—The Boers, according to a special despatch from Lorenzo Marquez, have re-entered the northeastern territory of the Free State, and are engaged with the British near Ventersburg and Harrismith.

It is reported from Amsterdam that the best rooms at Net Haasje, one of the principal hotels there, have been engaged for President Kruger's occupancy from June 25.

Gen. Buller is moving slowly against the Boer flanks.

Warren Attacked by Rebels.

Cape Town, May 31.—Gen. Warren, with 700 men, occupied a strong defensive position at Fabersput on May 29. At dawn he found that he was surrounded, and was fiercely attacked by 1000 rebels.

The horses were stampeded, but the force concentrated, and the Boers were repulsed. A small party in a garden continued to fight tenaciously, but evacuated as the charge began, leaving a number of wounded.

The British lost 15 killed, including Col. Spence, and 30 wounded.

ROSSLYN'S DESPATCH CORRECT.

Message From U. S. Consul Hay Looked Upon as Semi-Official.

London, June 2. — In reply to an inquiry, the United States Consul, Mr. Adelbert S. Hay, has cabled to the United States Embassy that Lord Rosslyn was liberated on Wednesday, but was allowed to remain in Pretoria. Lord Cecil Manners, he adds, was also liberated. They were both acting as newspaper correspondents. Although Consul Hay's cable to the United States Ambassador, Mr. Joseph H. Choate, does not mention the conditions prevailing at Pretoria, there is a disposition here to regard it in some measure as a kind of semi-official endorsement of the statements made in Lord Rosslyn's despatch to The Daily Mail of London announcing the imminent surrender of Pretoria to the British.

SAYS KRUGER IS VERY ILL.

Story of Kroonstad Station Master Is Not Credited in London.

London, June 2. — A belated despatch from Kroonstad, dated Tuesday, May 29, reports that President Kruger is very ill, and adds that the stationmaster at Kroonstad says the President is dead. But this was not credited.

Rundle Drove Off Boers.

Winburg, May 31. — After considerable fighting the Boers, with two guns and several Maxim-Nordenfelt guns, are making a plucky stand 8 miles east of Senekel. Gen. Rundle has succeeded in driving off the Federals, thus permitting, unopposed, the reoccupation of Lindley.

SCHEME FOR THE BOERS.

It Is Proposed to Bring the Defeated Burghers to Colorado by Free Passage as Settlers.

Chicago, June 2. — A special to The Tribune from Denver says: Governor Thomas has given his endorsement to a gigantic proposition, having for its object the bringing of the defeated Boers to the valley of the Platte, in Colorado.

The Union Pacific Land Company proposes to give a million acres of land, to be taken up under the Carey Land Act, on the Julesburg and Wyoming divisions. There is to be no charge for the gift, and the company will undertake to transport the Boers to Colorado, being repaid on the instalment plan after the communities are established and prosperous.

E. C. Wantland, agent of the Union Pacific Land Co., left for the east last night, where he will meet the Boer envoys and explain in detail the proposition.

James MacLaren All Right.

Ottawa, June 2. — A cablegram has been received from James MacLaren, son of Mr. David MacLaren, from Dundee, Natal, stating he was all right. Mr. MacLaren was a member of Bethune's Horse, and there were rumors that he had been a victim of the ambush into which a portion of his corps fell near Newcastle.

DELUGE AT AMHERSTBURG.

People Driven From Home by a Cloud burst—Houses Floating.

Windsor, June 2. — Many families in Amherstburg to-day are living in the upper parts of their homes as a result of the cloud burst that visited the town and vicinity Thursday afternoon. The ground floor of many houses is under two feet of water, and the homes of Frank Pymeau and Teamster Deice are floating around like ships in distress. Bridges and walks all over the town were swept away, and new stone pavements in course of construction, were converted into mortar. Chickens and other small live stock were drowned. Mayor Florey, who was in Windsor yesterday morning, says that about noon three sort of funnel-shaped clouds were observed approaching the town in opposite directions. At 1 o'clock they came together, and then the deluge began. The storm abated at 3 o'clock. There was no lightning and very little thunder. The loss will be heavy.

THE RELIEF OF COOMASSIE.

Believed That the Relief Party Entered the City on May 26.

London, June 2. — The Colonial Office has received a despatch from Cape Coast Castle, dated May 31, saying it is believed there that Captain Hall, with a relief party, entered Coomassie May 26. The Governor Sir Frederick Mitchell Hodgson, with the sick, wounded and refugees, was expected to arrive at Fumsu May 30.

Troops, it is added, have been concentrated at Fumsu to overcome any possible resistance by the rebels, who are reported to be to the north.

If the report of the relief of Coomassie is correct, it greatly improves the military situation.

Blood-Letting at St. Louis.

St. Louis, Mo., June 2. — Albert Koenig, union man, emptied the contents of a shot gun into the body of Police Officer Crane and was himself instantly killed by a bullet from the revolver of Officer Maher, on Broadway, near the southern electric power house, late Thursday night. Crane is in a dying condition.

THEY CURE SO WELL PEOPLE ARE GLAD TO TELL

The Public Would Doubt Only for Local Testimony Freely Offered In Every Place Where Dr. Pitcher's Backache Kidney Tablets are Known.

Reliable matrons, old residents, and the most quiet and unassuming people tell what Dr. Pitcher's Backache Kidney Tablets have done for them. We have the following from Mrs. M. J. Watts, residing in Doyle's terrace, Pinnacle St., Belleville—I used Dr. Pitcher's Backache Kidney Tablets that were sold at Alexander Ray's the city druggist. I have found them far superior to any kidney medicine that I have ever used. I was feeling miserable from numbness in my hands and arms, dull aching in the small of my back, pain in the back and top of my head. I felt it in the cords of my neck. I had swelling of the hands and ankles. I have not used those tablets regularly, but they certainly relieved me and drove away the pain. They stopped the swelling and gave me strength. When suffering from indigestion and gaseous distention of the stomach those tablets gave me prompt relief. I can heartily recommend them to anyone suffering in that way.

John Hamilton, 38 Wharf St., Belleville, says—"I have had more relief from using Pitcher's Backache Kidney Tablets than from any medicine. I have suffered untold misery from disordered kidneys and pains in my back, and when taking them I never felt better in my life. I had suffered from my back ever since I was a boy and although I have had remedies that gave me temporary relief, none have so benefitted the kidneys, causing the secretions to become normal and removing that offensiveness of the urine, like those tablets. I can heartily recommend them, and would suggest that those who have become discouraged by the many failures of other remedies to try Dr. Pitcher's Backache Kidney Tablets."

If you have the slightest symptoms of Kidney or Bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free, by enclosing two cent stamp for postage to the Pitcher Tablet Co., Toronto, Ont.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50c. per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

A PIONEER'S STORY

An Interesting Interview with Mr. B. L. Mastin.

After Long Years of Perfect Health He Was Attacked with Kidney Trouble and Other Complications—Dr. Williams' Pink Pills Bring Him New Health.

From the Picton, Ont, Times.

Mr. B. L. Mastin, of Hollowell township, Prince Edward county, was a caller at the Times office the other day and during his visit told of his great suffering from kidney trouble and rheumatism accompanied by dyspepsia, cold feet and a generally broked down constitution. Mr. Mastin is one of the first settlers of Prince Edward county. He is in his seventy-first year and is the father of a grown-up family of well-to-do farmers. In the course of the conversation Mr. Mastin said—"I had never known what it was to be sick. I have always had good health and worked on my farm every day until some months ago, when I was taken with severe pains in my back and shoulders. I consulted a doctor but received little benefit. I was told by one doctor that I had rheumatism and kidney disease, but his treatment did not help me and I continued getting worse. My appetite failed me and I fell away in flesh. I became irritable and could not sleep well at nights. Nobody can conceive the intense pain I endured. Not deriving any benefit from food I ate and having a constant pain in my stomach I soon became aware that I had dyspepsia, and the pain in my back and shoulders intensified by the stonelike weight in my stomach, made life to me almost unbearable. I was also a great sufferer from cold feet, nearly every day my feet would get like chunks of ice, and unless I was constantly by the fire the soles of my feet would feel as though they were wet. One day I told my wife I was going to try Dr. Williams' Pink Pills. Having read so much of these famous pills, I thought that what they had done for others they might do for me. I procured a box from Mr. E. W. Case, druggist, and to my great delight before I had used quite one box I had improved. When I had finished a couple more boxes I felt like a new man and I gladly tell this for the benefit of all who suffer as I did." Continuing Mr. Mastin said—"My rheumatism is all gone and I can come and go and enjoy as good health as well as I ever did." With these remarks Mr. Mastin got up to go, but added that his wife was receiving much benefit from Dr. Williams' Pink Pills. "I took home a couple of boxes the other day and she thinks they are splendid."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them they will be sent postpaid at 50 cents a box, or six boxes for $2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

TORONTO LIVE STOCK.

Toronto, June 2. — The run of live stock at the cattle market was fair yesterday—59 loads, composed of 1,020 cattle, 1,546 hogs, 258 sheep and lambs, with 70 calves. The quality of fat cattle was not, generally speaking, as good as on Thursday. Trade was fair. In the morning the market opened up quite brisk, but later on in the day became quite easy in nearly all the different classes. Spring lambs were about 50c each lower in price, and the quality of those offered generally inferior.

GRAND ORANGE LODGE.

N. Clarke Wallace, M. P., Re-Elected Grand Master—Other Business.

London, Ont., June 2. — Hon. N. Clarke Wallace was re-elected Grand Master of the Orange Grand Lodge of British America, there being no opposition.

Fully five hours were consumed in debating as to whether or not liquor dealers or manufacturers should be admitted to the order. A resolution that they should be debarred was moved by H. H. Pitts of Fredericton, and the discussion which followed lasted till after midnight. When the vote was taken at 1 o'clock 74 were in favor of the resolution and 52 against it, the majority being just 10 votes short of the necessary two-thirds.

The matter will come up again next year.

A cablegram was despatched to Her Majesty Queen Victoria, congratulating her on the success of her army in South Africa.

These men were appointed delegates to the Imperial Orange Council of the World: Grand Master Wallace, Grand Treasurer Parkhill, Dr. Beattie Nesbitt, Robert Burns, J. S. Leighton, Thomas A. Duff and Edward Floody, Toronto; Joseph Kelly, St. John, N.B.; Rev. William Walsh, Brampton; M. Thompson, Windsor; Dr. Sproule, M.P., E. T. Essery, London, William Nicholson, Hamilton.

Results of Torpid Liver

And How it Influences Other Organs of the Body—The Liver is Set Right by Using

Dr. Chase's Kidney-Liver Pills

No organ in the human body has a greater influence on the general health than the liver.

A torpid, sluggish liver leaves poisonous, morbid bile in the blood, which upsets the action of the whole system.

There is indigestion, fullness, fermentation, flatulency and oppression in the stomach.

The tongue is coated, the head aches and there is loss of sleep, depression of spirits, and spells of dizziness and weakness.

The bowels are constipated and loose by turns, and griping pains are frequent.

The skin tells of the poisoned state of the blood, by pimples, blotches, and liver spots.

In sympathy with the liver the kidneys become clogged and inactive, the urine highly colored, and there are pains in the back and under the left shoulder blade.

Shortness of breath and palpitation of the heart and derangements of the menstrual functions are among the symptoms of liver complaint.

You should not expect to find all these symptoms in any one case, but if any of them are present, it is time to take prompt action to relieve the system of these morbid poisons.

The liver must have assistance.

The process of restoration will be hastened if the kidneys are also invigorated and strengthened.

Both these filtering systems are acted on directly and promptly by Dr. Chase's Kidney-Liver Pills.

It is through the liver and kidneys alone that the blood can be freed of all impurities and the morbid matter which collects there when the liver is deranged.

Many a suffering man, many a despondent woman, has been cured of the above distressing ailments by the use of Dr. Chase's Kidney-Liver Pills, the only remedy that has a combined action on both liver and kidneys.

The wisdom of Dr. Chase in preparing this wonderful remedy has been proven in scores of thousands of cases of complicated diseases of the liver and kidneys, which could be reached by no other remedy.

You do not require faith to be cured by Dr. Chase's Kidney-Liver Pills. The first dose will help you, and a few boxes at most will positively cure the most severe case of liver complaint or kidney disease. One pill a dose, 25 cents a box, at all dealers, or post-paid by Edmanson, Bates & Co., Toronto.

Croup, bronchitis, coughs and colds are promptly cured by mothers' favorite remedy, Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle. Family size, three times as much, 60 cents.

THE LIGHT QUESTION.

The position taken by Mr. Mikel yesterday in regard to the scale of prices for electric lighting is one which finds favor with many of our citizens. They cannot understand why a rich man, who lives in a large house and "siller has to spare," as the old song says, should be able to buy his electricity cheaper than his poorer neighbor. They say it is not just. Everybody who takes electricity from a company has to pay for the wiring of his premises, so that all the company has to do is to make the connection, turn on the current and send in their bill.

It will be remembered that an Alderman, at the last session between the representatives of the Trenton Electric Company and the Executive Committee, asked Mr. Pearson the same question, and that gentleman gave the following answer: "A man who uses a large number of lights," he said, "will not, in all probability, use very many of them at once, whereas a man who has only a small number of lights in his house will very likely burn them all every night." It must be admitted that Mr. Pearson's explanation seems plausible, though the fact remains that it looks like taxing a man for being poor.

Could it not be arranged so that lights in rooms which are in common use, like kitchens, dining rooms, etc., should be put at the lowest figure and be the same price to everybody? Then if a man wanted to branch out with hall lights, parlor lights, drawing room lights, etc., he could pay a little higher for his luxury. By this means the rich man would be taxed for being well off, instead of the poor man being taxed for being poorly off. This scheme may sound a little bit Utopian to some people, but it would be a good deal more just than asking one man to pay $15 for five lights while another man got twenty lights for $40. However, this is thrown out merely as a suggestion; perhaps somebody else can make a better one.

The idea of lowering the price of the franchise to help people who only use a limited number of lights would not do at all. In justice to the people who use coal oil any company which proposes to come in and reduce the value of the City's gas stock, should give a quid pro quo.

STIRLING'S LOYALTY

The Northern Village Has a Monster Celebration.

(From our own Correspondent.)

Stirling celebrated the supposed fall of Pretoria in true loyal style. As soon as the news became known flags were displayed all over the town; bells rung, whistles blew, the schools were given a half holiday and preparations were made for a monster celebration at night. In the evening a procession was formed headed by No. 2 Co., 49th Regiment and the band. The school children and citizens of the town followed along with the fire engine, whose clanging bell told that something of importance had happened. The procession paraded the principal streets and proceeded to Victoria Park, where the band played patriotic songs and everybody shouted and sang themselves hoarse. A grand display of fireworks was given and old Oom Paul was burned in effigy.

Artillery Camp at Deseronto.

(Deseronto Tribune.)

Deseronto range is to see more artillerymen and for a longer period than has hitherto been the case. Thirteen batteries will be here, four at a time, for drill, which is to last for six weeks. Each camp this year contains about 400 men. The parade ground has been attended to and improved as much as possible. Floating targets are to be used as well as the regular manoeuvres on land. "A" Battery, Royal Canadian Artillery, Kingston, will be first on the ground to see that everything is in readiness for the different corps. They are to arrive May 30th.

On June 5th the Second Field Battery, Ottawa; the Fourth, Hamilton; Seventh, St. Catherines, and Ninth, Toronto, are to arrive for 12 days' practice.

On June 19th the Third Dragoons, Peterboro; the Fifth Field Battery, Kingston (a section of the Fifth belong in Deseronto, and have been drilling nightly for some time); the Sixth, London; and Fourteenth, Port Hope, will take up their quarters on the range.

July 2nd is the date set for the arrival of the Fourth Hussars, Kingston, as well as the Sixth Field Battery, London; the Eleventh, Guelph, and the Sixteenth, also of Guelph.

Each camp will consist of about 400 men. In all over 1,200 artillerymen will be on the field during the time the camp is held.

CALUMET AND HECLA AFIRE.

Gas from One of the Shafts Getting to all the Workings—Miner Loses His Life in an Effort to Close Trapdoors in Drifts—How the Flames Will be Extinguished Immense Value and Extent of Property—Its Profits.

Houghton, Mich., May 28.—The great Calumet and Hecla mine is on fire again. One miner, Will McRae, has perished and five others, one of whom is expected to die, have been taken to the hospital.

The fire was discovered at 5.45 o'clock yesterday afternoon, at the time of the change of shifts. It started at the bottom of No. 1 shaft 5,000 feet below the surface. Only watchmen, pumpmen and a few timbermen were below at the time. Some came up directly reporting the trouble, while others made their escape by other shafts with which No. 2 is connected by levels.

Immediately after the fire was discovered shaft No. 2 was closed and covered over with earth, men and teams working for hours. Calumet turned out and aided in the work. Gas from the fire soon flooded No 3 shaft.

A party was organized to go down No. 3 shaft to close the trap doors in the drifts with clay, and all of these men were brought to the surface almost in a dying condition. The party consisted of twelve men, and the gas came on them so suddenly that, although they fled for their lives, all nearly perished. They crawled up ladders in twos and threes helping one and another along, but finally one man had to be dropped behind. This was Will McRae, a young pipeman. A rescuing party was sent after him twice before he was found at the ninth level, still hanging to the ladder.

When the men reached the surface they were laid out on the ground and doctors worked over them with an oxygen apparatus. For half an hour they worked over McRae, but their efforts were unavailing. The men who were taken to the hospital are Ben Saunders, John Haun, Richard Martin, Richard Richards and Simon Roberts. Roberts is expected to die.

At 1 o'clock this morning miners in other parts of the mine began coming to the surface, as the gas from the burning shaft was penetrating other shafts. The company's preparations for fire fighting are elaborate, and mine men thought this morning that the fire could be confined to shaft No. 2.

Gas is working through the entire mine and coming through fifty acres of surface from innumerable crevices caused by the gradual caving of older workings near the surface. It will probably be necessary to build a special kiln for preparing carbonic acid gas to smother the fire, as was twelve years ago.

The Calumet and Hecla is the richest mine in the world, valued at $75,000,000 according to the market price of shares last Saturday. It paid dividends of $10,000,000 last year. It has shafts over a mile deep and employs upward of 5,000 men.

This fire is the fourth underground conflagration in the history of that property. The preceding three were in 1884, 1887 and 1888 and cost the mine several million dollars. This fire, like its predecessors, broke out on Sunday evening shortly after the day timber gang had left the mine. Like the others, too, it came in a critical period of the copper market, when the crippling of the heaviest producer would benefit the prices of the metal. The entire mine is closed down and 4,000 men are without work. If the fire proves of long duration 1,000 additional employees at the stamp mills and smelters will be thrown out.

The oxygen apparatus specially devised for resuscitating men overcome by gas or powder smoke worked excellently and undoubtedly saved the lives of several men. There were several instances of rare heroism on the part of men who risked their lives to save their companions.

Seven of the twelve shafts in the Calumet and Hecla branches are sealed airtight with coverings of heavy timber and earth. The smoke-emitting crevices are being tamped by a large force of men. Gases from the mine coming through cracks rendered the machine shops untenable. If left unchecked the flames would burn for many years in the ground one mile deep by two and a half miles long with horizontal openings every hundred feet.

The effect on the value of the mine and its future earnings is problematical. The stock slumped $3,000,000 to-day on the Boston Exchange, recovering $500,000 toward the close.

A Souvenir of Mafeking

(Napanee Beaver.)

This week Miss Mary Leamy received from her brother George, at Grahamstown, Cape Colony, a copy of the Mafeking Mail, a paper published during the siege. It is dated January 25, 1900, the 105th day of the siege. The publishers apologize for their irregularity of publication, owing to bombs falling into their printing office. The issue was printed and composed in a bomb-proof trench, is printed on tissue paper, and was carried out of the besieged city in the shoe of a Kaffir runner. It announces the issue of paper money, with a penalty for any person charging any commission on the paper or paying anything less than its full face value, the issue being necessary owing to the scarcity of silver. Among the official notices is that "Meat rations will stand for the present at 3-4 of a pound, and that milk, from the 18th January, will cease to be issued except to the wounded and women and children. It also announced a despatch from General Roberts, and that he expects them to hold out for not only a few weeks, but a few months, which fortunately the gallant defenders were able to do.

Suits for Men.

Until you've enjoyed wearing one you cannot know how good our Suits are. The difference between them and the ordinary ready-made kind or the product of the cheap tailor is greater than you would imagine until you've made the comparison. Our suits are equal in style, fit and trimming to any a first-class merchant tailor can make, but he would have to charge you double our prices, for where he makes one suit the manufacturers of ours make a thousand, and his knowledge and skill are no greater than those of the manufacturers' designers and tailors. Once a man examines our suits no further arguments are necessary.

$5, $6.50, $8.50, $10, $12, $15.

At these prices we have suits that are really wonderful values. Takes in the finer Serges and all Imported Worsteds and Tweeds, made in that correct way that's the envy of the best merchant tailors.

Quick & Robertson's Suits for Boys.

We are just as particulor about the making of our Boys' Suits as we are of our Men's, for we will sell nothing but reliable clothing. If you get a poor suit for your money we want to know it, and your money is yours. We guarantee every Boys' Suit we sell—all wool; seams silk and linen sewed; linings good, sewing good and style and shape correct, and our prices are right—a little shopping will prove that.

Young Men's Suits $5 to $12.

There is such a quantity and variety here in these suits that to look means to buy. In our clothing for young men you will find all the points of excellence known to the tailoring art. The coats are three and four button sacques, with those broad shoulders; vests are single and double-breasted; trousers are perfect in fit and style.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A Great Day at Picton.

SIR CHARLES TUPPER ADDRESSED A MASS MEETING ON SATURDAY LAST.

A Masterly Speech by the Conservative Leader—The Follies and Weaknesses of the Government Unsparingly Denounced—Other Able Speeches—Large Belleville Delegation Present—Tremendous Enthusiasm Displayed—Mr. Corby's Popularity.

"Picton is in line." That's as plain as the nose on your face. They have got good and tired of the misfit who at present represents them in Parliament, and are going to send a supporter of Sir Charles Tupper there at the next election. This fact was patent to everybody who was in the pretty little town on Saturday and witnessed the enthusiastic reception given to the Conservative leader. The veteran statesman addressed a large audience in the opera house, and his masterly and convincing address was listened to attentively and applauded tumultiously. A large party of Belleville's leading citizens were invited by Mr. H. Corby to accompany him to Picton on his beautiful yacht Skylark, and many choice spirits took advantage of the invitation. Mr. Corby's hospitality has become a byword in Belleville, and we need only say that the usual bon camaraderie prevailed which is ever present when the genial member for West Hastings is the host. Following is a list of the invited guests:

Ald. Panter, A. Petrie, W. Alford, Dr. Clinton, Dr. Gibson, Dr. Dulmage, John McKeown, Ald. McFee, Ald. Clarke, E. G. Porter, W. N. Ponton, Mgr. Farrelly, W. Black, E. Naylor, R. Arnott, J. A. Roy, M. M. Thompson, F. S. Wallbridge, T. Wills, F. A. Mitchell, W. Abbott, H. Taylor, C. J. Bowell, A. E. Lewis, R. B. Cooper, W. H. Lingham, E. Foster, Geo. Dulmage, Geo. Fax, Wm. Docter, C. Green, W. S. Morden, Mayor Johnson, W. B. Northrup, N. B. Falkiner, R. Weddell, Sir Mackenzie Bowell, M. B. Morrison, M.P.P., W. C. Mikel, R. C. Hulme, S. Masson, Geo. Denmark, J. F. Wills, W. W. Pope, J. C. Lake, W. J. Diamond, John Taylor, Ald. Doyle, Ald. Starling, Ald. Bogart, A. R. Walker, W. Carnew, Jas. H. Reeves, F. B. Hudson, R. P. Hamilton, H. Walker, T. McGinnis, J. N. Doyle, S. Burrows, G. Wallbridge, J. V. Jenkins, W. A. G. Hardy, J. A. Vandervoort, J. H. Chisholm, Wm. McKeown, J. E. Walmsley, W. Fanning, W. H. Scholes, W. C. Schuster; Dr. Newton, John McCullough, W. J. Malley, T. J. Naylor, W. G. Egar, J. F. Chapman, Earle Chapman, John Dryden, A. A. Richardson, of Deseronto.

A good run was made to Deseronto, where the party went ashore and awaited the arrival of Sir Charles. After about ten minutes' wait a cheer from the station announced his arrival and a few minutes were devoted to introductions and hand shakings. A great crowd had gathered from the town and many hearty cheers were given for the coming Premier, who, with a rose in his button-hole, looked as fresh as a daisy, which the musically-inclined crowd enthusiastically pronounced him to be. Accompanying Sir Charles was Mr. Henderson, M.P. for Halton. Arriving in Picton a few minutes after 12 a procession was formed, headed by the Picton band, which marched up town amid a cheering crowd. The streets were gaily decorated with flags and streamers, and the large number of farmers to be seen on the streets showed the deep interest taken by the agricultural community in Sir Charles Tupper's presence in Picton.

A GREAT CROWD PRESENT.

The meeting was advertised for 2 o'clock, and when the doors were opened, at a quarter to 2, the crowd rushed upstairs, and within ten minutes every available seat was taken. By the time the meeting opened people were standing up in the aisles and on the stairs, fully a thousand people being unable to gain admittance. It was a perspiring, good-natured crowd, a large number being ladies, who seemed to take just as deep an interest as the men. One of the most noticeable features of the audience was the fact that the men present were mostly of mature age—there were no youngsters there from idle curioosity. It looked like an audience which was present from a sense of duty, and they listened attentively and intelligently. The hall was beautifully decorated, at the back of the stage, draped in the Union Jack, being a picture of the Queen, while just in front of the chairman's table was a bust of the late lamented Sir John A. Macdonald. A noticeable feature was the large number of clergymen on the stage. Sir Charles and party received an ovation on entering, and the Chairman, W. H. Williamson, Mayor of Picton, opened the proceedings with a few happy remarks. He said he was glad to meet them, and sorry the building was not large enough to hold all who desired to attend. He was sure there were 1,000 people who could not gain admittance. On behalf of the County of Prince Edward and the Town of Picton, as well as the grand old Conservative party, he tendered a hearty welcome to Sir Charles Tupper and the other distinguished gentlemen who accompanied him. The Chairman then introduced the party's candidate, Mr. Alcorn, who got an ovation.

Mr. Alcorn thanked the audience for their warm reception of him, and congratulated the people on the opportunity of listening to so distinguished a statesman as Sir Charles Tupper. Sir Charles, the speaker said, needed no eulogy; he was a Canadian of Canadians; a father of Confederation, he was in the strictest sense an Empire builder; no better name could be given him than that of "Canada's Grand Old Man." The speaker said he would not take up their time; he simply appeared as their candidate and would now listen and learn.

The Chairman then introduced Mr. Henderson, M. P. for Halton, who gave an address replete with facts of interest to the agricultural community, showing that, while the Liberals professed to be very solicitous for the welfare of the farmers, they had in reality, by their tariff tinkering, treated them with very scant consideration. Mr. Henderson's speech was a powerful arraignment of the Grit Government, and carried conviction with it. As independent electors he asked them to support Mr. Alcorn (great applause,) not only for their own sakes but for the sake of the country at large.

Just as Mr. Henderson took his seat a beautiful little girl presented a magnificent bouquet to Sir Charles, and the dignified old gentleman, side by side with the lovely little maiden made a charming picture, a fact which the audience seemed to appreciate, for they applauded warmly.

The Chairman then called on Mr. J. A. Johnson to read an address to Sir Charles, which assured him of the party's confidence in him as leader and promising to do their utmost to return a candidate to support him at the coming election.

AN IMPRESSIVE SCENE

Long continued applause greeted Sir Charles when he rose to respond, and the scene was a deeply impressive one as the "Old War Horse of Cumberland," with a kindly smile on his face, stood waiting for the cheering to subside. His words came slowly at first, but when warmed up he spoke eloquently and with almost prophetic fervor. One forgot the fact that seventy-nine years had rolled over the speaker's head as he listened to the eloquent and patriotic periods which at times fairly electrified the audience. Ladies waved their handkerchiefs and men waved their hats and shouted as the past master of debate dealt the Grits body blows, and the magnetism of his personality infected everybody. After thanking the officers of the local association Sir Charles said he was present in cheerful response to an invitation to address the electors of this most important constituency. He thought it was the duty of party leaders to go and visit different places, so as to come into personal contact with the people of all sections. But he felt it his duty on another ground. In obediences to the wishes of the late Sir John. A. Macdonald it had been his privilege, for thirteen years, to represent Canada in London as High Commissioner, and during the time he was absent a race had grown up which knew not Joseph (Laughter), and to many he was a stranger. He was not vain of his personal appearance, but thought that, after the ridiculous cartoons of him which had been published in the Globe newspaper, he should give people a chance to see what he was like. Sir Charles then told a story of a man who one day met another fellow with a gun. The man with the gun brought the weapon to his shoulder and ordered the other chap to prepare to die. "What for?" said the unarmed man. "Well," was the reply, "I swore that if I ever met a man uglier than myself, I'd shoot him." The fellow without the gun looked the other up and down carefully. "Shoot away," he said, 'if I'm uglier than you I don't want to live any longer." After the laughter had subsided Sir Charles said that was about his attitude towards the Globe. Continuing the speaker said he was also present in response to a higher and more important duty, namely, to put before the great electorate of Canada the vital issues of the day. He was not merely speaking to that audience alone, though that was a pleasure, he was speaking, through the press, to the whole of Canada. He thought one of the gravest duties a public man was called on to perform was to discuss public questions. It was the duty of all men to study the principles of the two political parties in Canada, so that by their ballots they could conscientiously say who should govern them. The mere name of the party was nothing—it did not make the slightest difference who was premier, Sir Wilfrid Laurier or himself, but the policy of the party was the thing. He claimed that no party ever occupied a prouder position than did the Liberal-Conservative party to-day. (Cheers.) True, they were out of office, but there was something higher than office; they had the glorious record of the Liberal-Conservative party behind them. He thought the best thing that ever happened to the Conservative party was that they had to resign power in 1893, because for eighteen years the people had only the acts of one party and the professions of another to judge by. In 1878 the people had had a chance to judge, and what was the result?—86 majority for the Liberal-Conservatives. The Grits were hurled out—

A Voice—"We'll hurl them out again."

Sir Charles—"I believe you will."

SIR CHARLES' CHALLENGE.

They had put them out and held them out for eighteen years, and he believed they would do the same next election, for their incapacity and corruption had been such as to consign them to opposition for another eighteen years. It had required a new population to grow up—a population which did not know of the days of 1878—before they could get in, and now, that they had made themselves known the result would be the same, and power would once more go to the party which could boast that it had made Canada what it is to-day. They might think this was a big boast, but the fact remained that he had challenged the present Government, on the floor of the House of Commons, to point to one act of theirs which had increased the prosperity of Canada, and they could not do it. The Grits knew their record was known. The Liberal-Conservative party had made Canada the great, united and prosperous country it was to-day. He would not speak to them to any great extent on the shortcomings of the Liberal Government, if he did, he would keep them there, not till dark, but till daylight. (Laughter.) He had asked Sir Wilfrid Laurier to name one single principle which the Liberal party had ever propounded that he (Sir Charles) could not give day and date for its being trampled under foot. For eighteen years they had propounded the principle of tearing out protection. Had they done it?

SIR CHARLES TUPPER, BART

A voice—"No."

A HORSE RACE.

Sir Charles claimed that Canada owed to the Liberal party one immense debt of gratitude, in that they had belied their professed principles and had not carried out their promises. That was the only redeeming feature in their career. (Laughter.) When he was out in the western country he had told one of his audiences a story which they enjoyed. They were fond of horse racing out there, so when he told them that Sir Wilfrid Laurier and himself had agreed to have a horse race for political supremacy it appealed to their sporting instincts at once. Well, the day of the race came, and when Sir Charles went to the stable to get his horse he found the stable empty—there was no horse there. Going over to the track he found Sir Wilfrid Laurier mounted on his horse. (Laughter and applause.) Sir Charles said, "Here, Sir Wilfrid, you've got my horse; that's not the old plug which threw you so badly in 1878." "Oh, yes," said Laurier, "that's my horse." "Oh, but it isn't," said Sir Charles, "that horse has got protected legs and a National Policy body, that isn't the horse you said you were going to ride at all." "Well," said Laurier, "we'll measure it and see." So they got a tapeline and measured it, and found it to be just 71-100ths of an inch shorter than Sir Charles' horse, and that illustrates the position of the Liberal party to-day—they said they would introduce free trade, and their tariff at present is just 71-100ths of 1 per cent. lower than the Conservative tariff was. (Laughter and applause.) He had given them credit for the only thing they could claim—stealing the Conservative horse, and in the interests of Canada he was glad they did steal the horse. (Laughter and applause.) They found the Conservative policy was the only possible one, and so it was in relation to every thing. During the five years of Liberal rule from 1873 to 1878 the country went down because they had adopted a policy of free trade. They made Boston and New York the capitals of Canada; starvation and want stalked through the land. What was the result? The people rose in their might and turned them out. Then Sir John A. Macdonald felt that it was necessary to make Confederation something more than mere talk—that it was necessary to build the Canadian Pacific Railway. He was met by the undying hostility of the Liberals. He did not say they did wrong—they were sincere, and he respected a man who was sincere. They were little of mind, they could not grasp the capabilities and possibilities of Canada. The Conservatives did grasp them and had built the line in spite of all opposition. The late Alexander Mackenzie had said the whole resources of the British Empire could not build the line in ten years, yet the Conservative party had done it in six. (Cheers.) Hon. Edward Blake said it would be fatal to attempt it; Sir Louis Davies said it would drive us to annexation and bankruptcy. What were the facts?—After the line was completed the Government went to London and secured the first 3 per cent. loan ever floated. If there were any Liberals present he would ask them to compare the records of the two parties, and they would find that on all great questions the Conservatives were right and the Liberals wrong. The reason the Liberals had failed was because they had not the proper faith in Canada. Follow it down to the present hour and you will find the same thing. The Conservatives had carried out their promises and were right; the Liberals had not carried out their promises and were always wrong, except when they followed in the footsteps of the Conservatives. (Cheers.) Speaking of the question of preferential trade between Canada and Great Britain, Sir Charles said it was a magnificent policy. Before the last election Laurier had sung its praises and promised, if elected, to do his best to put it into force. He even went so far as to say that the Liberal party's policy of free trade would put them in a better position to satisfy Hon. Mr. Chamberlain that there would be no preferential tariff. He (Sir Charles) was delighted to hear Sir Wilfrid talk that way, for he knew what a good thing it would be for Canada. After his defeat in 1896 he went to London and was entertained at a public dinner. One of the distinguished guests had told him he was sorry he had been defeated, as it might block the scheme of preferential trade. But Sir Charles had told him he was quite mistaken; Sir Wilfrid Laurier had publicly pledged himself to do his utmost to put the policy of preferential trade into effect. Well, as usual, Laurier forgot his promise. When he went as Canada's representative to the Jubilee, when British hearts were open, when Britain's patriotic men were asking Canada's Premier to make good his declarations, he took the earliest opportunity, at Liverpool, before he got to London at all, to turn his back on the policy, and told the Imperial authorities that what Canada had granted was a free gift and she wanted nothing in return. Sir Charles claimed that what Canada wanted, and what she could have got, was something for something. (Cheers.) Other countries had preferential trade with their colonies, yet Laurier had refused it. If he had kept his pledge Canada would some day have furnished £6,000,000 of food products to Great Britain. Would any Liberal support a man who had promised a thing and had then turned round and cursed what he was sent to bless? Let Britain carry out the policy which Laurier had promised and did not carry out and Canada's waste lands would be peopled by thousands of industrious men and women. The speaker thought that was the blackest act ever perpetrated by any Canadian statesman.

LAURIER COULD NOT KILL IT.

Would any Liberal support a man who had killed that policy. He (Sir Charles) did not despair of that policy yet. It would take a stronger man than Laurier to kill that, and he thought mutual preferential trade would yet cement and build up the Empire. He was an old man, but he hoped to live to see it an accomplished fact. Just at this time, when Canada's soldiers' deeds were Canada's glory (great applause) they could see the vantage ground they would occupy if the preferential trade policy were in force. The question was—how could they bind the Empire together. He had devoted many years to the question. If anything would bind them together it would be self-interest. By the adoption of what Laurier had refused it could be done, and it would make the Empire mightier and greater. And now what about the United States? said Sir Charles. Laurier had for years been proclaiming from the housetops that if the Liberals got into power they could make almost any terms they liked with the U. S. The country had taken them at their word and what had they done? Spent $40,000 and got treated with contempt. After Laurier & Co.'s commercial union talk they could not get the United States commissioners to talk in any other strain, and it was no use to tell the Yankees that things had changed. Things had not changed; it was only the Liberals who were trying to do a thing which Conservatives had given up in disgust years before. Take the history of Canada all through and they would find that what Conservatives had done Liberals had condemned and then imitated. (Applause.) Canada had at one time a fast Atlantic steamship service almost within her reach. He (Sir Charles) had gone to Hon. Mr. Chamberlain and satisfied him that the service was necessary. Mr. Chamberlain had promised a subsidy of £75,000 per annum for ten years, Canada to give £150,000. Parliament had authorized the Government to make a contract to that effect, the contract to be sanctioned by Parliament. After it was sanctioned the Governor-General had seen fit to refuse to sign the bill. Sir Charles then put his dignity in his pocket and went to Laurier and said "Get the signature to that bill at once or the contract is in danger." But no, they thought they could do better, and now they were in the humiliating position of having to admit that they couldn't get a fast Atlantic service at all. The exporters of the country would have had cold storage, they would have had £75,000 a year for ten years, and it was thrown away through the utter incapacity of the Liberals. But in addition to their incapacity there was the most scandalous corruption. Look at the administration of the Yukon. Look at the Drummond County Railway. The Government stood convicted by its own acts, for they got for $6,000,000 what they wanted to give $7,500,000 for the year before, and would have given but for the Senate. Then look at the tramway which Mackenzie & Mann were to build. The Government said it was going to be a great national road, but what was the truth—it was to be one hundred and fifty miles long.———

A PROPHET ARISES.

Just at this point a white-haired old gentleman on the platform arose. "Well, Sir Charles," he said, "I've got to catch the boat and must go. I hope and believe you'll be Premier in two months." (Laughter and applause.)

Sir Charles—"Thank you, my friend; I believe your remarks are prophetic, though it may not be in two months." Continuing, Sir Charles said that for building that 150 miles of tramway the contractors would have got land which he was positive—and he knew whereof he spoke—could have been sold in London for ten millions of pounds. But thank God they had a Senate, and the Senate blocked the great steal. Then look at the maladministration of the Yukon, charges of which had been made in the House and the Conservatives had asked for a commission. The Liberals had no reason to be afraid if they were innocent, but they voted down the commission and the only man they would appoint to investigate the matter was the wife's uncle of the accused man. (Laughter.) He (Sir Charles) had told Sir Wilfrid Laurier that he might vote it down by means of his mechanical majority, but there was a higher tribunal which would yet judge his acts. And they had. Mr. Sifton's friends in Manitoba had been defeated (cheers) and to-day Sifton can't find a constituency in his native province which will degrade itself by electing him. (Cheers.) And standing here to-day he publicly charged the Liberals with maladministration and incapacity. (Cheers.) He believed the Conservatives would win at the next election as they had won in 1878, as they would always do when they stood solidly together. (Great applause.) And that was the position of the Conservative party to-day. They stood united, shoulder to shoulder, for the country's good. If men would vote according to conscience, according to what they believed was right, the Conservatives would find themselves, not only triumphant, but backed up by every honest Liberal who had the interests of his country at heart. (Tremendous cheering.) He thanked them for their courteous and patient hearing, and hoped they would stand faithfully by Mr. Alcorn, their candidate. Sir Charles took his seat amid loud and long-continued applause.

Mr. Levi Williams then moved a vote of thanks to Sir Charles Tupper and Mr. Henderson, M. P., for their eloquent and masterly addresses, which was unanimously carried by a standing vote.

Rev. Mr. Loucks then moved a resolution approving of the public course pursued by Sir Charles Tupper, and expressing pride in their leader and party. He said the highest privilege any man could have was an honest franchise, but the Liberals had done their best to debauch it, as witness West Huron, Brockville and other places. The Liberals had at one time tried to introduce Commercial Union, which everybody knew would eventually lead to annexation. They could think as they pleased about that, but he was the son of a U. E. Loyalist (cheers) and he was not willing to spit on the graves of his forefathers, and he was proud and glad that he was still a Canadian and a British subject. The old gentleman's voice trembled with emotion, and the audience declared his motion carried amid enthusiastic cheers.

WHOOPING HER UP FOR HARRY.

Then ensued an episode which made every Belleville man present feel proud, and it came so suddenly and spontaneously that the pride was mixed with surprise. Mr. Alcorn said the people of Prince Edward never did anything in the Conservative line but they had the hearty support of Mr. Harry Corby. The words had hardly left his lips before every-

PRINCE EDWARD ISLAND POLITICAL CORRUPTION.

The Island of Prince Edward has in the past been known as the Garden of Canada, having an invigorating and enjoyable summer climate; and an unequaled productive soil. It has under Grit rule attained another but less favorable distinction. In political corruption, bribery and other political sins, under Grit rule, it has no rival in Canada. Tammany Hall, New York must be looked for a compeer.

During the past year two vacancies occurred in the Legislature of that Province and a desperate struggle took place to secure the two seats. The Government having been numerically weak in the assembly, knew that the loss of two seats would, with the defection then existing in their ranks lead to defeat and a change of Government. Notwithstanding the power and influence of the Government, aided by Dominion Ministers, who promised all kinds of advantages to the Island if the electors would but support the Ministerial supporters, one of whom being the Attorney-General, an indignant electorate rejected both Government candidates.

To add to this discomfiture, one of the supporters in the Assembly, Mr. Wise, a colleague of the Premier, in the same constituency, withdrew his support, thus leaving the Government in a minority of one.

What followed is unparalled in political infamy.

Mr. Wise, a Government supporter, informed the Premier that he had lost confidence in his administration and that he would resign his seat in the House of Assembly, provided the writ for a new election were issued at once, so as to enable an appeal to be made to his constituency for approval or disapproval of his conduct. This the Premier pledged himself to do, provided no such stipulation was made a condition in the resignation. Taking the Premier's word Mr. Wise sent in his resignation, which was never acted upon, the Legislature met Mr. Wise, on the advice of counsel took his seat in the Assembly, and asserted his rights as a member of that body, which was denied him by the Speaker, and resulted in his being forcibly ejected from the chamber and imprisoned in the Speaker's room, because he insisted upon asserting his right to be recognized as a member of the Legislature. Now the Charlottetown Watchman says; "We understand that Mr. Wise has issued writs against Mr. Cummiskey, speaker of the Legislature; Mr. Hooper, sergeant-at-arms, and Mr. Elliott, doorkeeper, for removing him from his seat in the Legislature and confining him in the Speaker's room.

Here the matter rests, so far as Mr. Wise is concerned, until the courts decide what the powers of the Speaker, under the circumstances, were, and the electors have an opportunity of approving or disapproving of the course which Mr. Wise has taken in withdrawing his support from the Ministry which he was elected to support, but which candidate he was anxious to return to the people who elected him.

There is still another phase in this Prince Edward embroglio not less creditable to the Miniarty. It must be borne in mind that by the election of the two oppositionists in the constituencies to which allusion has already been made, together with the defection of Mr. Wise, the Government was left in a minority of one. To avoid a certain defeat when the Assembly met, the Dominion Government, or some of its Ministers, no doubt in collusion with the Prince Edward Island Government began tampering with one of the newly elected members, a Mr. Pineau, an offering, it is alleged, to Paris as a representative Island at the Exposition at day and expenses. Being at under the thumb of a Grit he yielded to the tempter; game was frustrated by beed both in the Commons and ich led to a denial on the part of the Dominion Government of the charge of seducing the newly-elected member from his allegiance.

This man Pineau, however, disappeared for a time from view, absented himself from the Island, taking refuge in the United States. Who supplied him with the means of support while there is not yet known. When the Assembly met, he filed an appearance, and was introduced into the Assembly between two members of the Government; took his seat on the Ministerial side of the House and keeps the Government in power by his vote, it being sustained by a majority of one only.

Here we have a man who attended a Conservative convention, accepted a Conservative nomination, fighting a desperate battle against great odds both Dominion and Provincial Governments, winning a triumphant victory, for such it was under the the circumstances, and then deliberately selling his constituents and himself to the Government, and keeping in power a Ministry he was elected to oppose and defeat.

Such at the present moment are Liberal politics in Prince Edward Island, aided and abetted by the Dominion Government.

The people of the Island must be a law-abiding class or a Cromwell would emerge from their midst and re-enact in Canada a page of English history, thereby clearing the political stench, which now affects the nostril of every honest man, not only on the Island, but in every part of Canada.

WHOLESOME ADVANCE.

For People Whose Stomachs are Weak and Digestion Poor.

Dr. Harlandson, whose opinion in diseases is worthy of attention, says when a man or woman comes to me complaining of indigestion, loss of appetite, sour stomach, belching, sour watery-rising, headaches, sleeplessness, lack of ambition and a general run-down nervous condition I advise them to take after each meal one or two of Stuart's Dyspepsia Tablets, allowing the tablet to dissolve in the mouth, and thus mingle with the food eaten. The result is that the food is speedily digested before it has time to sour and ferment. These tablets will digest the food anyway whether the stomach wants to or not, because they contain harmless digestive principles, vegetable essences, pepsin and Golden Seal which supply just what the weak stomach lacks.

I have advised the tablets with great success, both in curing indigestion and to build up the tissues, increasing flesh in thin nervous patients whose real trouble was dyspepsia and as soon as the stomach was put to rights, they did not know what sickness was.

A fifty cent package of Stuart's Dyspepsia Tablets can be bought at any drug store, and as they are not a secret patent medicine, they can be used as often as desired with full assurance that they contain nothing harmful in the slightest degree; on the contrary, anyone whose stomach is at all deranged will find great benefit from the use of Stuart's Dyspepsia Tablets. They will cure any form of stomach weakness of disease except cancer of the stomach.

THE WEST ELGIN ENQUIRY.

Mrs. Pritchett Goes Into the Witness Box on Saturday.

She Told the Details of How She Got Money for Her Husband While He Was Away in Detroit—Gave Her Evidence in a Straight-Forward Manner and Was Complimented By the Commission.

Toronto, June 4. — The West Elgin Commission sat on Saturday morning. Mrs. Pritchett was the first witness. She said she had not left her house in London for a week past, and had not evaded service of the subpoena. Her husband resided in London. She remembered that he had gone to St. Thomas to an election in January, 1899. Witness had no knowledge of her husband practising the art of ballot-slipping at home before he went to St. Thomas, so as to be expert. She had no knowledge of him doing wrongful acts at election times, nor had he ever spoken to her about it. Her husband had left the country late one night in May, hearing that there was a warrant out for his arrest. He had gone hastily, and Mr. Hastings, his brother-in-law, had afterwards called for his clothes. Lewis had called at the house the day before her husband left, but said nothing in her hearing on that occasion. He had left by the back door upon her arrival, which conduct she thought peculiar. Lewis called later the same evening, and all she heard him say to her husband was to meet him next day at 10 o'clock. Her husband had returned to London in September. While he was away, she had sent him money, on one occasion, $100 of her own money. On other occasions she had sent him money from Hastings, $25 at a time.

Witness had been with her husband in Detroit part of the time, and saw him receive the money.

To Receive $100 a Month.

Hastings had said to her that he was to receive $100 a month from Lewis to send to her husband while away. This statement was made between May 4 and 24, before he went away, for he left on the 24th.

Witness knew of the warrant being out for her husband's arrest, and said he had returned because the payments to him had stopped. The payments stopped some time in July, and the warrant was still out when her husband returned. She did not know why the payments had ceased, and Hastings had never told her.

Shortly after her husband returned, Lewis had called upon him, but she heard nothing of the conversation. He had gone driving with Lewis on two occasions at night, and remained in the house all day, concealed. She did not know anything of the object of Lewis' calls. Her husband had told her that they wanted him to go back, and she was very uneasy all the time he was home.

[illegible]

He had remained home that time for 17 or 18 days, but left again, saying that Lewis had come to terms and was to send him $50 a month thereafter. He had received some money before going, but witness did not know from whom. Pritchett had once mentioned John O'Gorman to her as a person from whom he received $100 before leaving London the first time. Witness had no idea where Lewis or O'Gorman got the money. Lewis was not a friend of the family, and merely a casual acquaintance. She had called on Lewis on one occasion, when her husband was away, and asked him if he knew when the matter would be settled, and Lewis said he did not. On Jan. 16 last she had gone to Detroit to see her husband, and had returned with Lewis, who, she was informed by her husband, had gone there to see him. There had been no row between them, but her husband had been dissatisfied because he was not receiving his monthly payments of $50 regularly. She had received the money at this time from Hastings, who was merely earning a salary as a photographer.

In reply to questions witness said he had seen Hastings working in his garden in London recently, and knew that he was home last week. He had been steadily at work and not in hiding. His address in London was 108 Centre street.

Called to Get Money.

Continuing, witness said she had been accustomed for some time to call at Hastings' house on the 1st and 15th of the month, and got $25 each time, some of which she sent to her husband, keeping what was necessary for her own provision. When she first failed to receive the money from Hastings, he told her it was because Lewis had not got it. He had also told her on one occasion that Lewis had made a payment out of his own funds, because he had not received the money from Toeonto. She had no idea, and heard nothing, as to where his money came from in Toronto.

Her husband had not said anything to her about making affidavits before they had been published. He had only been home about four weeks, coming home the latter part of April. About that time she had heard that the warrant against her husband was withdrawn. It was in January or February last that she had paid the $100 to her husband out of her own money, which she had invested in a London loan company.

Witness knew nothing else touching the election, or the conduct of her husband, and was allowed to go, after being complimented by His Honor Judge Morgan for the straightforward nature of her testimony.

The Printing of Ballots.

E. J. Hataway, assistant manager in the printing department of Warwick Bros. & Rutter, was examined regarding the printing of the ballots by that firm. Only one order for the printing had been received from the Clerk of the House, which had been duly executed. It would be impossible, in his opinion, for a duplicate set of ballots to have been printed without his knowledge and the knowledge of the foreman. Neither could the forms be sent away to have them printed elsewhere without the knowledge of at least four sub-foremen. Such action could not be taken without the foreman being particeps criminis.

This concluded the evidence taken at the sitting, and the commission adjourned to meet again at 10 o'clock Monday morning, when another effort will be made to have Hastings present.

After a Million Guineas.

London, June 4. — The forces of Methodism throughout the country have resolved to devote the remainder of the year to what may be called the most stupendous campaign for church funds in the course of religious history. Ministers and laymen are to unite in an effort to complete "the twentieth century fund" of 1,000,000 guineas ($5,250,000), inaugurated by the Wesleyan Conference of 1898. So far the actual amount of cash contributions to the fund amount to $1,402,435, while the pledges reach $5,231,955. Subscription to as well as distribution of the fund will be confined to England, Scotland and Wales.

Death From a Live Wire.

Hamilton, June 4. — Joseph Lemaine, a lineman employed by the Hamilton Electric Light Company, fell from the top of a pole at the corner of Pearl and Pine streets, at noon yesterday. He seized a live wire and that was the cause of his fall. Lemaine died from his injuries at 8 o'clock Sunday evening. An inquest will be opened this morning by Coroner Griffin. The dead man's home was in Dundas.

A VANCOUVER LADY

Cured of Asthma After Eight Years of Almost Constant Suffering. She says the Absolute Freedom From the Disease Seems Like a Dream. Clarke's Kola Compound Cures.

Mrs. J. Wise, Mt. Pleasant, Vancouver, B.C., writes:—"I have been a great sufferer from bronchial asthma for the past eight years, many times having to sit up nearly all night. Through the advice of a friend who had been cured by Clarke's Kola Compound I resolved as a last resort to try it. The first bottle did not relieve me much, but before I had finished the third bottle the attacks ceased altogether, and during the past six months of damp and cold weather have not had a single attack. It seems something like a dream to be free from this worst of all diseases after so many years of suffering. I have since my recovery recommended this remedy to others suffering as I was, and know many others in this city whom it has cured. I consider it a marvellous remedy, and would urge any person suffering from this disease to try it."

A free sample bottle will be sent to any person who has asthma. Enclose 6c stamps. Address The Griffiths and Macpherson Co., Limited, 121 Church street, Toronto, Out.

Clarke's Kola Compound should not be confounded with the other Kola preparations on the market, as this is altogether a different preparation, designated especially for the cure of asthma. All druggists. Price $2 per bottle. 3

Beautiful Weather Brings Out a Big Crowd With Ladies in the Glory of Summer Finery.

Toronto, June 4. — Queen's weather was granted for Saturday, the closing day at the Woodbine. The day was delightfully cool, tempered by a gentle breeze, that blew over the course, freighted with the freshness of the lake, and made promenading a genuine pleasure. Friday's rain, however, left the course a trifle heavy, but the racing was excellent. The grand stand resembled a gay portiere of flowers with the charming frocks of the ladies, and there was a great crowd present. The day's record:

First Race—¾ mile; purse, $400; 3-year-olds and upwards; weight for age. F. D. Weir's b.c., M. M., (betting 8–5) 1; Matlock, 2; Salvado, 3. Time, 1.18.

Second Race—⅝ mile; $500 added; handicap; 2-year-olds. Vince & Weir's br.g., Bill Massie, (6–1), 1; Flatterer, 2; Denman Thompson, 3. Time, 1.05.

Third Race—1¾ miles; purse, $500; Dominion Handicap. W. Hendrie's b.f., Butter Scotch, (1½–1) 1; Spring Blossom, 2; Maratana II., 3. Time, 2.18.

Fourth Race—1⅝ miles; purse, $1,000; Waterloo Handicap. P. G. Hildreth's ch.h., Captive, (8–1) 1; Topmast, 2; Alice Farley, 3. Time, 2.00.

Fifth Race—2½ miles; purse, $500 added; Street Railway Handicap, steeplechase. J. S. Wadsworth's ch. g., Charlie O., (3–2) 1; Passe Partout, 2; Mr. Dunlap, 3. Time, 6.02.

Sixth Race—1⅝ miles; purse, $400; Hunters' Flat Race. W. F. Maclean's ch.g., Annetburn, (7–1) 1; Abbotsford, 2; Arrezzo, 3. Time, 2.07.

Seventh Race—1 mile; purse, $400; Consolation; for 3-year-olds and up. Carruthers & Shields' br.g., Waterwick, (2½–1) 1; A Winner, 2; Jack Carey, 3. Time, 1.48.

NORTH RENFREW.

The Writ Issued Fixed the Nomination Day for June 19.

Toronto, June 4. — The writ for North Renfrew for an election to fill the vacancy in the Legislature, caused by the death recently of Mr. White, was issued on Friday. Nomination will be on June 19, and polling a week later.

Mr. Ed. Dunlop Chosen.

Pembroke, Ont., June 4. — The convention of the Conservatives of the North Riding of Renfrew on Saturday unanimously nominated Mr. Edward Dunlop, of the firm of Dunlop & Co., Pembroke. Mr. J. P. Whitney addressed the gathering. Despite the bad weather, a large crowd of the supporters were present.

SUCCESSOR TO GEN. HUTTON.

Command of the Canadian Militia Goes to Col. O'Grady Haly.

Ottawa, June 4. — Col. O'Grady Haly will succeed Gen. Hutton as Major-General commanding the militia of Canada. The appointment was made at Saturday afternoon's meeting of the Cabinet. Col. Haley is a C. B. and member of the distinguished service order.

Hon. Thomas Bain Tired of Politics.

Hamilton, June 4. — The executive of the South Wentworth Liberal Association held a private meeting at the New American Hotel Saturday afternoon to consider Speaker Thomas Bain's decision to retire into private life at the close of the present session. After the meeting Mr. Bain said: "The executive begged me to reconsider my decision, but I have definitely decided to cut away from public life. I have now been nearly 30 years in harness, and, like Cincinnatus, long for the quiet of rural life. Besides, my eyesight is a general source of trouble."

Among the city Conservatives, the reason of Speaker Bain's retirement is cruelly assigned to an unwillingness to face so formidable a rival as E. D. Smith.

West Indies Want Federation.

Kingston, Jamaica, June 4. — The question of a federation of the British West Indies on lines analogous to the Australian Federation is now occupying serious attention in these colonies. Powerful friends of the West Indies in England are working for the realization of this scheme.

Will Demand Compensation.

Winnipeg, June 4. — In view of the prohibition law taking effect, it is said, next year, the liquor men have presented a petition for compensation for the sums invested in connection with the sale of liquor. The amount of compensation asked is said to be about $2,000,000.

Sir Chas. Tupper in Picton.

Picton, Ont., June 4. — The visit of Sir Charles Tupper to Picton was characterized by a great deal of enthusiasm. An address was also presented from the Conservative Association. Sir Charles delivered a most able address on the political affairs of Canada.

Liverpool to Port Arthur.

Port Arthur, Ont., June 4. — The steamer Tolika arrived in Port on Friday direct from Liverpool. She is the first ocean vessel to come into this harbor and will take out a cargo of 80,000 bushels of wheat to Buffalo.

NEWS NOTES.

Adam Young, the retired farmer from Galt, who took a dose of laudanum in his boarding house at Hamilton on Wednesday, died Sunday afternoon from the effects of the poison.

The Thespians, an amateur dramatic society of Paris, France, gave a performance of the "Private Secretary" at the Athenee Comique on Saturday night, in aid of the sufferers by the Ottawa fire.

Thomas McKericher of Perth, about 85 years of age, who has been operating a steam shovel along the line of the Canada Atlantic Railway, was found dead in his Ottawa boarding house on Sunday morning.

Saturday evening while Michael Carriere, a milkman, aged 53, with his assistant, Napoleon Tellier, aged 16, were driving across the track in Montreal they were run down and instantly killed by the Toronto express.

KILLED BY BOXERS.

Were Attempting to Escape From Pao Ting Fu When Attacked.

Tien Tsin, June 4. — The French Consulate has received information from priests at Pao Ting Fu that thirty foreigners including six ladies and a child, who were attempting to escape from Pao Ting Fu to Tien Tsin in boats, were attacked by over 700 Boxers armed with rifles and spears. Many of the foreigners were wounded, four were killed outright, but the fate of the remainder of the party is unknown.

The foreigners who escaped from Pao Ting Fu are ten miles from here. Four of the party have been killed and 4 are wounded. An expedition is proceeding to their relief.

To Subdue the Natives.

New York, June 4. — Gen. MacArthur has called for more troops for the Philippines, and at least three regiments of cavalry will be sent. The general, in his communication to the War Department, said he believed that with three more regiments of mounted troops he could subdue the natives by Nov. 1.

WOMAN'S PLUCK WINS

A Lady Who Cured Her Husband of the Liquor Habit Writes a Pathetic Letter.

She writes: "I had for a long time been thinking of trying the Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another lot to have on hand if he should relapse, as he had done from his promises before. He never has, and I am sending you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

A pamphlet in plain, sealed envelope sent free, giving testimonials and full information, with directions how to take or administer Samaria Prescription. Correspondence considered sacredly confidential. Address The Samaria Remedy Co., 23 Jordan street, Toronto, Ont.

Could not Pull the Throttle

MR. THOS. SIMMONS.

When a reliable gentleman like Mr. Thomas Simmons, of Chaffey's Locks, Ont., steamboat engineer, comes forward on his own account and adds his testimony to the value of a medical cure, the public has assurance that there is something deserving attention. Off and on, for the past two years, he experienced intense pain down the sciatic nerve. So severe was it at times that he was unable to handle the throttle of the engine, and would be obliged to lay off for days. "Before the first bottle of Dr. Hall's Rheumatic Cure had been drained," said Mr. Simmons, "I could feel the beneficial effects; and by the time I had used four I was completely cured. Since last spring I have been entirely free from pain. Dr. Hall's Rheumatic Cure did it."

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

It is the clear ring of truthful statements by well-known truthful people that makes the reputation of Kootenay Cure in Pill form so great. The new ingredient that enters into its composition is a far reaching cure-maker.

THE SISTERS.

MONASTERY OF OUR LADY OF CHARITY,
411 St. Andrew Street,
S. S. Ryckman Medicine Co. Ottawa.

DEAR SIRS,—You must have found it strangely ungrateful on our part never to have thanked you for the Kootenay Cure you were so kind as to send us last winter.

The fact is, we had it a long time before we knew to whom we were indebted, until the Rev. Father McGuckin, Rector of the Ottawa University, told us that he had sent you our name, and you were kind enough to send the medicine gratis. Those amongst our Sisters who took it find themselves much benefitted; especially cases of indigestion, poverty of the blood and the after effects of the Grippe. But there is one thing it cures, which we have not noticed in your publications, and which we are happy to be able to announce to all great singers. One of our Sisters who sings in our choir took the Grippe last December. She was ill a long time, as it especially affected the bronchial tubes, and though she recovered slowly, still continued weak. Her voice, however, remained so husky that she had to give up singing altogether. About two weeks ago she began to try Kootenay Cure, and besides feeling stronger, finds her voice coming back so quickly that she is already able to sing short pieces. Thanking you heartily for the medicine you sent us, and recommending it to all sufferers, and especially to all singers, we have the honor to be, sir,

Your humble servants,
THE SISTERS OF OUR LADY OF CHARITY
"GOOD SHEPHERD."

The remarkable success made by Kootenay Cure in Pill form in picking up debilitated, pale bloodless women and restoring them to health is a marked feature of this medicine and proves the wonderful building up properties of the new ingredient peculiar to Kootenay.

KING'S DAUGHTERS.

Hamilton, Ont.

DEAR SIRS,—We, as a society, have adopted this means to express to you our sincere thanks for your valuable medicine "Kootenay Cure," which you so generously donated to the Cheerful Workers' Circle of King's Daughters, Hamilton. It has proved a blessing in several cases of Rheumatic suffering by effecting a cure, and in one case especially, that of George Ball, residing on Sanford Avenue, near Huron Street, we desire to thank you. When we first visited Mr. Ball in September last, he was a hopeless and helpless invalid, his condition being brought about by Sciatica Rheumatism of long standing. We gave him Kootenay Cure, which he took with such beneficial results that in three weeks time he was able to walk, and to-day is completely cured and working at hard labor. His case was an unusually bad one and his cure is little short of marvellous, and we have no hesitation in saying Kootenay cured him. Should you think suffering humanity would be benefited by the publication of this letter you are at liberty to use all or any part of it.

Gratefully yours,
(Signed) MAY PRATT, President.
MRS D. B. PRATT,
25 East Avenue North.

Notable among the Kootenay cured are so many of the considered "hopeless and helpless" cases restored because of the hidden curative treasure contained in Kootenay Cure in Pill form.

THE RECTOR.

UNIVERSITY OF OTTAWA,
Ottawa, Canada.

DEAR SIRS,—I wrote to you in July last stating that I derived much benefit to my health from taking your truly marvellous remedy "Kootenay Cure." Since then I have taken three more packages, and am now pleased to be able to inform you that I am now freed from Chronic and Acute Rheumatism, Diabetes and La Grippe. This is the first winter since 1890 that I have escaped from having several severe attacks of La Grippe, and notwithstanding the incessant and onerous duties of my position in this University, I have, thank God, enjoyed excellent health since last August.

I have recommended the remedy to many persons, both in and outside of the University, and in most cases with entire success. These include persons suffering from Rheumatism, Bright's Disease, Boils, Salt Rheum, Loss of Appetite, Dyspepsia, General Debility, Insomnia, Somnambulism, Skin Diseases, Nervous Debility, La Grippe, etc., etc. In some of these cases the patients had been under the care of physicians for several months without relief, and were cured by using "Kootenay." I shall adopt it as the "Family Medicine" for this institution.

Yours truly and gratefully,
(Signed) J. M. McGUCKIN, O.M.I., D.D., Rector.

Kootenay Cure in Pill form is sold at 50 cts. per box and can be obtained at the Drug Stores of D. M. Waters and J. S. McKeown, Belleville.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense,let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

ROBERTS AT ORANGE GROVE.

25 Miles From Pretoria, on Saturday Last at 9.10 a. m.

Not a Word From Pretoria Since Thursday Last—Censorship Again Complete—The Entry Into Johannesburg Described by Detail by the Field Marshal—Boers Are Retreating—Little Doubt About the Surrender of Pretoria.

London, June 4. — (4 a.m.) — There is no direct news from Pretoria of later date than Thursday evening. Gen. French's cavalry were then at Irence, eight miles south of Pretoria, and firing was heard there. Lord Roberts' messages about secondary operations elsewhere and the situation at Johannesburg, dated at Orange Grove, a farm four miles northeast of Johannesburg, show that on Saturday at 9.10 a.m., he was 25 miles from Pretoria.

Not a Line Permitted to Pass.

The correspondents with Lord Roberts have not got through a line about the operations after the occupation of Johannesburg. Official messages continue to come through, but press telegrams are held up, probably to avoid their giving a hint as to what may be the pending operations.

Filtered Through Boer Sources.

From the other side there filters through Lorenzo Marquez a mass of statements, some contradictory, others obviously improbable, but the following purporting to be facts. Passengers arriving at Lorenzo Marquez Saturday direct from Pretoria say that the capital was preparing to surrender when they left Thursday. The forts were dismantled. The Boer guard at Komatipoort searched all trains and turned back most of the fugitives, among them deserting foreigners who were striving to reach neutral soil.

Boer Convoys of Provisions.

Immense Boer convoys of provisions are between Pretoria and Middleburg. Fifteen trains are sent daily to Machadasdorf with supplies for Lydenburg. Pretoria is pictured by the refugees as in a state of indescribable chaos. The populace are dismayed, and the British are expected hourly.

Foreign Attaches See the End.

Some foreign attaches have arrived at Lorenzo Marquez to communicate with their Governments for orders to leave, as they consider that organized war on the Transvaal side is at an end.

LORD ROBERTS' BULLETINS.

Commandant Botha and His Field Cornet Taken Near Johannesburg.

London, June 4. —The War Office has received the following reports from General Lord Roberts:

Johannesburg, May 31. — (9.40 a. m.) — French's report of his operations during May 28 and 29 reached me at 3 a.m. to-day. He was opposed throughout his march, but managed to drive off the enemy from the strong positions they successively held with very little loss, and is now holding the place which I directed him to do, north of Johannesburg. Two officers were wounded and two men were killed and 27 wounded.

The Entry Into Johannesburg.

Johannesburg, May 31.—Despatched at 8.30 a.m. June 1. — The occupation of Johannesburg passed off quite satisfactorily, thanks to the excellent arrangements made by Dr. Krause, the Transvaal commandant here, and order prevailed throughout the town. Dr. Krause met me on my entrance to Johannesburg, and rode by my side to the Government offices, where he introduced me to the heads of the several departments, all of whom acceded to my request that they would continue to carry on their respective duties until they could be relieved of them. Johannesburg is very empty, but a good crowd of people had assembled in the main square by the time the British flag was being hoisted. A royal salute was fired, and three cheers for the Queen were given. At the end of the ceremony the eleventh and seventh divisions marched past with the naval brigade, the heavy artillery and two brigade divisions of the Royal Field Artillery. Gen. Hamilton's column and the cavalry division and mounted infantry were too far away to take part in the ceremony. The troops looked very workmanlike and evidently took keen interest in the proceedings. The 14th and Wavell's Brigade have been left in Johannesburg to preserve order, while the remainder of the force is encamped north of the town on the Pretoria road.

Colvile Had Hard Fighting.

Johannesburg, June 1. — (9.25 p.m.) — Sir Henry Colville, in reporting the arrival of the Highland Brigade at Heilbron, May 29, states that he was opposed more or less the whole way from Ventersburg. Eight men were killed and four officers and 32 men were wounded.

Colville says the Lancashire Battery of field artillery did excellent work. Grant's naval guns were most valuable and the troops behaved in a most soldierly manner throughout the trying march.

Rundle telegraphs that his casualties were 32 killed and 150 men wounded.

Commandant Botha Taken.

Orange Grove, June 2.—Johannesburg is quiet. The people are surrendering arms and ponies. Only three Boer guns were left in the fort.

The Queenslanders captured May 30, a Creusot, with 11 wagons of stores and ammunition.

Commandant Botha of Zoutpansberg, his field cornet and 100 prisoners were taken in the fighting around Johannesburg, some belonging to the foreign contingents and the Irish brigade.

The 13th Yeomanry were attacked May 29, between Kroonstad and Lindley. There were some casualties.

Roberts' Lines Interrupted.

Orange Grove, June 2. — Owing to the interruption of the telegraph lines, I only to-day received a report from Col. Sprigg that his battalion of Imperial Yeomanry was attacked between Kroonstad and Lindley, May 29. Casualties to follow. The shops in Johannesburg are being opened, and there seems to be a general feeling of relief at the peaceful occupation of the town. The proclamation announcing the annexation of the Orange Free State was made known at Bloemfontein, May 26, by Gen. Prettyman (Military Governor). The troops, under Gen. Kelly-Kenny, formed a square, the Royal Standard was hoisted, the troops saluted, a royal salute was fired, the Queen was cheered. The name, 'Orange River Colony,' was well received. Received a report yesterday that four prisoners had escaped from Pretoria.

BOERS AROUND PRETORIA.

On Thursday There Were 10,000 Men Surrounding the Capital.

Lorenzo Marquez, June 2.—President Kruger yesterday was still at Machadodorp (about half way between the Transvaal capital and Delagoa Bay). Boer commandos totaling about 10,000 men held, Thursday, all the positions and hills around Pretoria. Telegraphic communication with the Transvaal is closed to the public. The object of the trip here of Frichie Elof, President Kruger's son-in-law, and Dr. Heyman, the President's physician, appears to have been to place a large amount of gold in safety.

The Boers Are Surrounded.

Maseru, Basutoland, May 31.—Gen. Brabant has practically surrounded the Boers five miles outside of Ficksburg. The only side open for the Boers' retreat is the Basutoland border, where thousands of Basutos under Chief Jonathan are awaiting events.

Grenadier Guards Lost Heavily.

Maseru, Basutoland, June 2.—The Grenadier Guards were the heaviest sufferers during Gen. Rundle's fighting. They lost 30 men killed and had 88 men wounded.

New Story of the Fight.

Cape Town, Thursday, May 31. — Last Tuesday Gen. Sir Charles Warren, the Governor of Grisqualand West, with 700 men, occupied a strong defensive position at Faber Spruit near Douglas. At dawn on Wednesday 1,000 rebels surrounded and fiercely attacked his force after stampeding the horses. The British quickly concentrated and repulsed the rebels. A small party that was holding a garden continued to fight tenaciously and only evacuated the position when the Volunteer Rifles started a charge.

TRIED TO BLOW UP MINES.

Judge Kock Has Been Arrested on a Charge of Incendiarism.

Johannesburg, May 30, by despatch rider to Pretoria and via Lorenzo Marquez, June 2, 1.30 p.m.—Judge Kock, who attempted to blow up the mines yesterday, was arrested by Special Commandant Dr. Krause. He was placed in jail on the charge of incendiarism.

ONE CANADIAN KILLED, 8 WOUNDED

In the Uprising at Douglas by the Cape Colony Dutch Rebels.

Ottawa, June 4. — Col. Aylmer, received Saturday morning a cable from Major Ogilvie, commanding "E" special service battery, dated Douglas, June 2, reporting the following as killed and wounded in a night attack on Fabre's Farm:

No. 531, Gunner C. Wollard, 13th Field Battery, Winnipeg, slightly.

No. 425, G. F. Fletcher, Halifax, slightly.

No. 491, C. Jackson, Pictou Garrison Artillery, slightly.

DUTCH REBELS IN CONGRESS.

They Condemn British Action and Send Delegates to Canada.

Graaf Reinet, Cape Colony, Thursday, May 31.—The People's Congress opened here to-day. Mr. Pretorius a member of the Legislative Assembly, offered a resolution, declaring that, in the opinion of a majority of Cape Colonists, the chief immediate cause of the war was the unwarranted intolerable interference of Ministry in London in the internal affairs of the South African Republics. A member, speaking in support of the resolution, said it would be impossible to hold out the hand of friendship after the war.

The chairman advised moderation in all the speeches.

The resolution was adopted unanimously.

Other resolutions presented affirmed that if the Republics were annexed the peace and prosperity of the country would be irretrievably wrecked, and that in order to insure lasting friendship and prosperity the settlement must include the restoration of unqualified freedom and independence to the Republics and the colonists be allowed a voice in the appointment of the Governor of Cape Colony, thus obviating the necessity for keeping a standing army, as the Republicans would be prepared to assist the colonists to resist any foreign inroads in South Africa, unity would be insured and loyalty to Great Britain cemented.

A delegation was appointed to visit Great Britain, Canada and Australia to explain the views of those represented at the Congress.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can te[illegible] great medicine free. Arrang[illegible] have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

The divorce evil seems to grow with every year. 7,500 divorces were granted in the State of Ohio last year. We agree that there are faults on both sides, but the great problem is: Are those faults remediable? To a great extent there is no doubt the conditions which result in divorce may be remedied. Given a dyspeptic husband and a wife suffering from female trouble and we have the ready made elements of a divorce case. In view of the facts there can be very little doubt that many women look forward to divorce only because they seek relief from obligations they do not feel fitted to fulfill. Women are not to blame. They have looked forward to their home life as a dream of paradise. Then disease comes like a serpent and destroys all happiness.

Women who suffer with debilitating drains, inflammation, ulceration, female trouble and bearing down pains, will find certain relief and cure in Doctor Pierce's Favorite Prescription. It so invigorates the organs peculiarly feminine and regulates their functions that they are established in a perfectly healthy condition. The old lightness of heart comes back; there's light in the eyes and a smile on the lips. The old irritation and nervousness are gone, and the husband comes to his home as a haven of rest and comfort.

"I was troubled with female weakness, and after taking three bottles of Dr. Pierce's Favorite Prescription I am free from pains," writes Mrs. May R. Jones, 529 Madison Ave., Ypsilanti, Mich. "I had suffered for two years when I began taking your medicine. I could not walk across my room without suffering dreadful pains. Now I do all my housework and walk where I please—thanks to Dr. Pierce's medicine."

MANITOBA SCHOOL QUESTION

His Grace Archbishop Langevin Says It Is Not Settled.

The St. Boniface Prelate Read a Pastoral Letter to His Flock on Sunday Morning, and "In His Official Capacity" Stated There Was no Settlement—Exhorted Catholics to Continue Agitation Against Grievances.

Winnipeg, June 4. — Archbishop Langevin read a pastoral letter to Catholics of Winnipeg yesterday morning in St. Mary's Church, in regard to the school question. In his letter the Archbishop commended the Catholics of Winnipeg for their recent action in appointing a committee to interview the Public School Board. The committee, he said, had acted in a wise manner, and had discharged its duties efficiently and well. His Grace also said that the report that the school question has been settled is untrue, and that he wished to deny it in his official capacity, and also to state that the Catholic minority of Manitoba was not satisfied with the so-called concessions granted by the Government. The letter exhorted the Catholics to continue their efforts towards having their grievances redressed, and advised them to pray for the desired end and have patience.

MOST REVOLTING SCENES.

Awful Story of Indian Famine Sufferers by Dr. Louis Klopsch.

Bombay, June 4. — Mr. Louis Klopsch of New York, publisher of The Christian Herald, who arrived here May 14 and started at once on a tour of the famine-stricken districts, has returned after travelling through the most sorely-smitten districts of the Bombay Presidency, including Gujerat and Barola. He made the following statement regarding his observations:

"Everywhere I met the most shocking and revolting scenes. The famine camps have been swept by cholera and smallpox. Fugitives scattering in all directions, and stricken in flight, were found dying in the fields and roadside ditches. The number at one relief station was increasing at the rate of 10,000 per day.

"At Godhera there were 3,000 deaths from cholera within four days and at Dohad 2,500 in the same period. The hospital death rate at Godhera and Dohad was 90 per cent. The condition of the stricken simply beggars description. Air and water were impregnated with an intolerable stench of corpses. At Ahmedabad the death rate in the poor house was 10 per cent. Every day I saw new patients placed face to face with corpses. In every fourth cot there was a corpse.

"The thermometer read 115 in the shade. Millions of flies hovered around the uncleaned dysentery patients.

"I visited the smallpox and cholera wards at Viragam. All the patients were lying on the ground, there being no cots. Otherwise their condition was fair.

"I can fully verify the reports that vultures, dogs and jackals are devouring the dead. Dogs have been seen running about with children's limbs in their jaws.

"The Government is doing its best. Between the famine, the plague and the cholera, the condition of Bombay Presidency is now worse than it has been at any previous period in the nineteenth century. Whole families have been blotted out. The spirit of the people is broken; and there may be something still worse to come when the monsoon breaks."

Sunday afternoon the body of an unknown young man was found on the railway track near Blyth, Ont., with his head completely severed from his body.

Slaves to Itching Piles

False Modesty Prevents Many From Seeking Advice--Cure Yourself at Home by Using the Only Actual Cure

Dr. Chase's Ointment.

What slavery can be more cruel than that of the victim of piles.

In misery by day, often kept from work, and unable to walk with any ease. In agony by night, suffering intensely from the dreadful itching, which makes rest and sleep impossible, such is the lot of at least twenty-five per cent. of all men and women during some period of their lives.

False modesty prevents many from seeking advice or submitting to a local examination by a physician. Then, besides, there is the dread of the surgeon's knife, the only means which many doctors use to cure piles.

In such abject misery is the slave of piles, the most cruel and torturing of afflictions.

Before the discovery of Dr. Chase's Ointment there was no reliable cure for piles, no cure that would absolutely cure any case of piles, whether itching or protruding piles.

To-day nearly everybody in Canada and the United States, and very many in Europe, know of Dr. Chase's Ointment as a cure for piles.

It is a wonder of medical science, which has been frequently imitated but never successfully. The imitations look the same, are put up in the same kind of boxes, and sometimes have a similar odor, but they do not cure. The portrait and signature of Dr. A. W. Chase on the box is a guarantee that you will be cured.

Mr. H. Bull, Belleville, Ont., says: "I take pleasure in stating that after thirty years of suffering with itching piles, Dr. Chase's Ointment has completely cured me. I tried every remedy that was advertised, with little or no benefit, but as I have to different persons affected as I w Dr. Chase's Ointment made a perf cure."

Mr. Geo. A. Booth, of Trenton, writes:—"This is to certify Dr. Chase's Ointment has c cured me of Itching which I suffered for spite of all the re which failed

TIMELY TOPICS.

We have to-day devoted considerable space to Sir Charles Tupper's great speech and the incidents connected with it, and it will well repay an attentive perusal. Politics are now engaging the attention of many people who did not give them a thought six months ago, and we have no hesitation in saying that the Conservative leader's utterances on Saturday are worthy the deep and earnest study of everybody who has his country's welfare at heart, and anybody who hasn't should move out of Canada.

A good story is told of two well-known members of the clergy, of opposite faiths, both of whom have grown grey in the service of the Master. They were standing, so the story goes, on the street, looking at a church with which one of them was connected. "What a pity," said the latter gentleman, "that we cannot get a steeple on our church." "Sure, what do you want with a steeple?" said the other, with a twinkle in his eye, "you have no claim on anything higher up, anyway."

Without exactly admitting the truth of the remark, it may be said that the joke was a good one.

United States citizens who happened to be in Canada during the late celebrations had their eyes opened. One of them said: "We thought you were one of us, but you are another world. The annexationists must have gone to sleep or to the war." Some of the Yankees really thought Laurier, Tarte, Cartwright et al. spoke for the country when they were talking treason at Boston and Chicago banquets. They probably know better now. Jack Canuck is a chip off the Old John Bull block, which his words and deeds plainly show.

London Has Every Confidence in Bobs' Ability to End the War.

Believe He Will Reach Pretoria Before Very Long.

Boers Are Watching Steyn, Fearing He Will Desert Them.

The Foreign Fighting Legion Skips Out of Pretoria.

London, June 4.—London is to-day enjoying Whit Monday, a bank holiday, and is not disturbed by descriptions of engagements between the British and Boers. The public here are full of confidence that Lord Roberts will reach Pretoria before many hours have elapsed. Towards that goal he is presumably progressing. The latest explanation of the day consists in the supposition that he is giving several columns of his flanks an opportunity to advance in an attempt to envelope such of the Boer forces as may be in the neighborhood of Pretoria.

In the Orange River Colony the Burghers are reported to be keeping a close watch upon President Steyn, to prevent him from leaving the Commandoes in the lurch.

Cape Town, Sunday, June 3.—The telegraph to Pretoria is still open, but the town is in great confusion. There has been a general exodus, among those taking part in it being the Foreign Fighting Legion. Six special trains left on Wednesday last and one of them is reported to have been derailed. No British refugees have arrived.

THE EXPECTED HAS HAPPENED.

A Large Portion of the Stone Wall Abutting the Upper Bridge Collapsed.

Expressions such as "I told you so," "I knew it would," and many similar were to be heard upon the street yesterday morning when it became known that a large portion of the stone wall abutting the upper bridge and extending eastward along the southern bank of the river had collapsed. For some time past the wall had presented an appearance of falling and the matter was brought up in the Council a few weeks ago, but action was deferred. On Sunday morning between the hours of 1 and 2 o'clock about 75 feet of the wall fell in the river carrying with it a portion of the sidewalk. It was fortunate that the collapse occurred at that hour as the probability is that if pedestrians had been walking by there at the time they would have been precipitated into the river. As soon as it was discovered a temporary walk was constructed outside of the break and the dangerous place protected. It is thought that the heavy rains of Friday and Saturday nights had much to do with the sudden falling of the wall. The cost of making the necessary repairs will be considerable.

HEAT AND COLD

At this season of the year neuralgia, toothache, and a host of similar diseases are rampant. The great question, then, is to find the quickest, surests, and most economical remedy. Polson's Nerviline exactly fills these requirements. It is prompt, efficient, and most economical, for it exceeds in power every known remedy, and is as cheap as inferior articles. A ten-cent bottle will give every person a chance to test it. Large botles only 25 cents.

A THRILLING EXPERIENCE.

A Man Named Fred. Trumpour Entombed in a Well.

On Saturday a man named Fred Trumpour, residing near Picton, had an adventure which he does not by any means desire to have repeated. He was working at the bottom of a deep well, having descended by means of a rope and ladder, when without any warning a cave-in occurred completely filling up the well. In a short time a number of men were summoned who worked hard for some hours in removing the debris. It was thought that Trumpour was killed, but when within a few feet of him his voice was heard. He was finally rescued from his perilous position uninjured. The ladder had been the means of forming an arch over him, protecting him from the stones and dirt.

The Last Sad Rites.

The funeral of the late Grosvenor Peterson, who was drowned on Friday last, took place yesterday afternoon, and was largely attended. The male students of Albert College were present in a body, as were also the scholars of Holloway St. Methodist church Sunday school, of which deceased was a scholar. Services at the house were conducted by Rev. C. W. Watch and Rev. Dr. Dyer, Principal of the College. The casket was covered with beautiful floral tributes. Interment took place at Albury burying ground in Prince Edward County. The bearers were students of Albert, being Messrs. C. Schlichter, F. Dawson, H. Ward, G. Nickels, H. Farley and A. Watch.

THE HEALTH PROBLEM.

Is much simpler than is sometimes supposed. Health depends chiefly upon perfect digestion and pure blood, and the problem is solved very readily by Hood's Sarsaparilla. You may keep well by taking it promptly for any stomach or blood disorder. Its cures of scrofula, salt rheum, catarrh, dyspepsia, rheumatism and other diseases are numbered by the thousands.

The favorite family cathartic is Hood's Pills.

North Hastings Teachers' Association.

A successful meeting of the North Hastings Teachers' Association was held in the lecture room of the Methodist church, Madoc, on the 17th and 18th of May, with all of the teachers from Rawdon, Huntingdon Marmora, Madoc and Elzevir in attendance with but one exception, and also a number from the north.

The Convention opened at 10 o'clock Thursday morning, with Mr. E. T. Williams, the president, in the chair. The minutes of the last meeting were read and approved.

The subject of "School Helps, their Use and Abuse," was ably dealt with by Mr. McCaffrey.

This paper was discussed at some length by Messrs. Tice, Mitts, Elliott, Mackintosh and others.

"Grammar for 3rd and 4th classes" was next taken up by Mr. Mitts.

The discussion which followed was taken part in, by Messrs. Tice Henderson and Johnston.

Mr. Morton, treasurer, was called on and his report showing a balance of $156.57 was read and referred to the auditing committee.

Afternoon Session.

The Association resumed work at 2 o'clock in the afternoon.

A paper on "How to Interest Parents in School Work" was read by Miss Breakell.

This was followed by a discussion taken part in by Messrs. Tice, Davis, Mackintosh, Morton, and Rev. Mr. Mackay.

Miss McCarthy then followed with a very interesting and instructive paper on The Cultivation of a Taste for the Beautiful in Children.

In the discussion which followed several teachers gave their methods of instilling a "love for the beautiful" in their schools.

C. C. James, M.A., Deputy Minister of Agriculture for Ontario, was at this time introduced and gave a very practical and interesting talk on "The Teaching of Agriculture." The science should be taught in the schools—the art on the farm. A limited amount only should be taught.

The evening session was held in the auditorium of the Methodist Church, when Mr. James gave a lecture on "The Making of Ontario," which was a lucid unfolding of the history of the province. The chair was ably filled by Mr. A. F. Wood.

Friday, May 18.

Work was resumed at 9 o'clock, the president in the chair.

The auditing committee reported that they had examined the treasurer's book and found it to be correct and moved that it be adopted.

The report of the nominating committee was read and the following officers nominated for the following year:

President, Mr. Williams; 1st Vice President, Mr. Tice; 2nd Vice-President, Miss Feeney; Treasurer, Mr. J. B. Morton; Librarian, Miss McCarthy; Secretary, Miss I. Breakell; Managing Committee, Messrs. Mackintosh, Sager, Frappy, Mitts and Misses Courtney, Vankleek, Anderson, Alexander, Wigg, St. Charles.

Mr. Mackintosh kindly addressed the teachers and after giving some information respecting the Uniform Promotion Examinations, he discussed Mental Arithmetic, one of the most important subjects in the curriculum from every standpoint, and outlined an approved way of dealing with it.

"Drawing in Public Schools" was the subject of a very instructive and practical address given by Mr. Tice.

Afternoon Session

At 1.30 o'clock the Association again resumed work. Mr. F. J. Ivey, M.A., read a very interesting and excellent paper on "Education."

A very pleasing change was at this point made in the programme. Mr. Mackintosh, I.P.S., was called to the platform and an address was read by Mr. Morton to him.

A watch, which was a beautiful gold one, was presented by Mr. Williams to Mr. Mackintosh, who, in reply, thanked the teachers for this most unexpected mark of their appreciation.

Mr. Minchin, an ex-teacher and the only teacher and the only person in the room who was teaching in North Hastings when Mr. Mackintosh came here 26 years ago, made a few remarks about the work done by Mr. Mackintosh, and the difficulties he had surmounted in that time.

Mr. A. F. Wood in addressing the Convention spoke of the time when Mr. Mackintosh came here and of the improvements wrought in that time—a revolution due to him alone. Mr. Mackintosh's duties were discharged faithfully and honestly—he stands high, indeed at the head of inspectors in the estimation of the Department.

Mr. Seymour and Rev. Mr. Mackay spoke briefly in the same complimentary strain.

A communication from the Provincial Teachers' Association was read and the Treasurer was instructed to procure a copy of the minutes for each teacher in the inspectorate.

A GREAT DAY AT PICTON

(Concluded from 1st page.)

body in the audience was cheering and shouting as if possessed. Ladies waved their handkerchiefs, men their hats, and it was some time before order was restored, when Mr. Alcorn resumed and moved a hearty vote of thanks to the "People's Harry," which was seconded by Mr. McNee and carried amid a scene of wild enthusiasm, and the applause lasted long after Mr. Corby had made his way to the front of the stage.

He said he could assure them that after hearing Sir Charles Tupper he would not detain them long, but was always prepared to do anything he could to help them. (Cheers.) Conservatives should work together, bury all their differences, if there were any, and help to put Canada's Grand Old Man, Sir Charles Tupper, in power at the next election. He was ready to give the rest of his life to the country, and they should stand shoulder to shoulder and fight for the right. It was time the Liberal pack at Ottawa was turned out. He (Mr. Corby) felt warm in this campaign, for the Grit papers had belied our leader and we should fight for him. All he asked was that Conservatives should be true to each other; if they would stick together they could and would win. Mr. Corby then threw several rounds of very hot shot into Mr. Pettit, M. P. for Prince Edward. The Conservatives, said Mr. Corby, should get their eyes open. Mr. Pettit said he was an Independent, but he was not; he was a Liberal, and he supported all the Liberal dirty work. (Cheers). The speaker respected the Patrons, whose candidate Mr. Pettit had been, they had banded themselves together for a good cause, but they had been deceived. He advised them, for the sake of the dear old County of Prince Edward, for the sake of the country, to support Mr. Alcorn and help turn the Grits out. Mr. Corby spoke with characteristic earnestness, and his remarks roused the audience to a high pitch of enthusiasm. He was given three hearty cheers as he took his seat.

After a few happy remarks by Mr. N. B. Falkiner, cheers were given for Sir Charles Tupper, the candidate, Mr. Alcorn; the chairman, and the mightiest one of all for Her Majesty the Queen, and probably the most successful political meeting ever held in Picton was at an end.

The Skylark started for home at 7 o'clock. A large crowd had gathered at the wharf and loud cheers were given for Sir Charles Tupper and Mr. Corby as she slipped her moorings. At Deseronto it seemed as though all the population of Sawdust Town had gathered at the dock to see the Conservative leader disembark. The Deseronto Band played and cheer after cheer greeted the veteran statesman as he made his way to the railway carriage. The Skylark's passengers sang "He's a Jolly Good Fellow" and cheered him lustily as he left the yacht. The run home was a most pleasant one. Patriotic songs were given by S. Burrows and Mr. J. Nevin Doyle and Mr. Geo. Dulmage sang a comic song in excellent style. Belleville was reached at 10.45, and it was a tired but happy lot of guests which cheered heartily for their generous host and made their way home.

NOTES OF THE DAY.

"The People's Harry" is a favorite everywhere.

The Italian orchestra which Mr. Corby provided added much to the pleasure of the trip.

The gilded youth of Picton, in their Baden-Powell hats, bicycle suits and thunder and lightning neckties and hatbands, were a striking feature of the decorations.

"I tell you," said an old farmer at one of the hotels, "It did me good to hear Harry Corby rub it in to Pettit."

"The most wonderful old gentleman I ever saw," was the general verdict on Sir Charles.

Mr. Burrows' topical verse about the Belleville boys in Africa made the Skylark's passengers enthusiastic.

It was a great day for Picton, and they seemed to appreciate it.

Quick & Robertson's Suits for Men.

Until you've enjoyed wearing one you cannot know how good our Suits are. The difference between them and the ordinary ready-made kind or the product of the cheap tailor is greater than you would imagine until you've made the comparison. Our suits are equal in style, fit and trimming to any a first-class merchant tailor can make, but he would have to charge you double our prices, for where he makes one suit the manufacturers of ours make a thousand, and his knowledge and skill are no greater than those of the manufacturers' designers and tailors. Once a man examines our suits no further arguments are necessary.

$5, $6.50, $8.50, $10, $12, $15.

At these prices we have suits that are really wonderful values. Takes in the finer Serges and all Imported Worsteds and Tweeds, made in that correct way that's the envy of the best merchant tailors.

Quick & Robertson's Suits for Boys.

We are just as particulor about the making of our Boys' Suits as we are of our Men's, for we will sell nothing but reliable clothing. If you get a poor suit for your money we want to know it, and your money is yours. We guarantee every Boys' Suit we sell—all wool; seams silk and linen sewed; linings good, sewing good and style and shape correct, and our prices are right—a little shopping will prove that.

Young Men's Suits $5 to $12.

There is such a quantity and variety here in these suits that to look means to buy. In our clothing for young men you will find all the points of excellence known to the tailoring art. The coats are three and four button sacques, with those broad shoulders; vests are single and double-breasted; trousers are perfect in fit and style.

Ladies' Belts

The Reason for Popularity : : :

When an article at once jumps into favor as has the Pulley Belts, there is a reason for it. In this case the reason is the utility of the article. The belts are easily adjusted, are comfortable, never slip, and always last well. We have them in many styles of Satin Moire and Velvet Ribbon, also the entire Metal Belt in Silver, Gilt and Nickel.

Pulley Buckles separate in dainty patterns to which any kind of soft material can be attached.

They are indispensable to comfort with a shirt waist.

Featherbone Collars and Belts with the Pulley attatchments are the latest novelty. In Black and Colored Silks. Ask to see them.

NATHAN JONES
IMPORTER.

Pretoria is Now British.

At Two O'Clock this Afternoon, South African Time, Lord Roberts and His Victorious Troops Occupied the Transvaal Capital.

Tremendous Enthusiasm Displayed Throughout England, Where the Occupation of Pretoria is Looked Upon as the Closing Act of the War—The Commander-in-Chief Sends an Account of Severe Fighting Yesterday, Which Was Evidently the Last Kick of the Boer Army—Bobs' First Act Was to Order the Release of the Prisoners.

London, June 5, 12.47 p. m.—The War Office has issued the following despatch from Lord Roberts: "Pretoria, June 5, 11.40 a. m.—We are now in possession of Pretoria. The official entry will be made this afternoon at 2 o'clock."

London, June 5.—The War Office has issued the following despatch from Lord Roberts: "Six Mile Spruit, 8.30 p. m., June 4.—We started this morning at daybreak and marched about ten miles to Six Mile Spruit, both banks of which were occupied by the enemy. Henry's and Ross' Mounted Infantry, with the West Somerset, Dorset, Bedford and Sussex Companies of Yeomanry, quickly dislodged them from the south bank and pursued them nearly a mile, when they found themselves under a heavy fire from guns which the Boers had placed in a well concealed commanding position. Our heavy guns of the Naval and Royal Artillery, which had purposely been placed in the front part of the column, were hurried to the assistance of the Mounted Infantry as fast as oxen could travel over the great hills surrounding Pretoria. The guns were supported by Stevenson's Brigade and Pole-Carew's, and after a few rounds drove the enemy from their positions. The Boers then attempted to turn our left flank, in which they were again foiled by the Mounted Infantry and Yeomanry, supported by the Maxim Brigade of Tucker's Division. As, however, they still kept pressing our left rear, I sent word to Ian Hamilton, who was advancing three miles to our left, to incline towards us and fill up the gap between the two columns. This finally checked the enemy, who were driven back toward Pretoria. I hoped we would have been able to follow them up, but the days now are very short in this part of the world, and after nearly two hours marching and fighting we had to bivouac on the ground gained during the day. The Guards Brigade is quite near the southernmost fort, by which Pretoria is defended, and less than four miles from the town. French, with the Third and Fourth Cavalry Brigades, and Hutton's New South Wales Mounted Rifles, is north of Pretoria. Broadwood's Brigade is between French's and Hamilton's columns, and Gordon is watching the right flank of the main force not far from the railway bridge at Irene Station, which was destroyed by the enemy. Our casualties, I hope, are very few."

London, June 5.—It is announced verbally at the War Office this afternoon that Lord Roberts entered Pretoria at 2 o'clock, South African time.

London, June 5.—At 2 o'clock this afternoon, almost eight months after the declaration of war, Lord Roberts entered Pretoria. The Commander-in-Chief fulfilled the promise he made to the Guards at Bloemfontein, to "lead them into the Capital of the Transvaal," and England is celebrating the event with wild enthusiasm. Throughout the length and breadth of the country the news spread like wild fire.

Based upon the recollection of recent European wars, when the occupation of the enemy's Capital signified the end of hostilities, Lord Roberts' terse telegram was universally taken to mean the practical finish of the war which tried Great Britain's military resources as they were never tried before. In London the Mansion House and War Office almost instantly became the centres for jubilant throngs. Flags again appeared as if by magic, and traffic had to be diverted through other streets. Hatless and coatless men and boys ran through the city all eager to see for themselves the bulletins announcing the good news, and stayed to join in the thunder of cheers or add their voices to the joyful throngs singing "God Save the Queen."

Hats from thousands of heads were waved in the sun while old men on top of the omnibuses and Aldermen from the windows of the Mansion House encouraged the crowds to still further efforts.

Lord Roberts' Six Mile Spruit despatch was hardly printed by the "Extras" before the Union Jack of the War Office was rapidly hauled up the flag staff, and the brief message was passed from mouth to mouth "Pretoria is occupied."

Those who had a chance to read Lord Roberts' account of the resistance encountered yesterday were at that moment commenting on the probability of a fierce fight before the city should be occupied, and were wondering at the Boers capabilities to make such a determined stand when Pretoria was hemmed in on all sides. The presence of Gen. French north of the Boer Capital came as a surprise and explained the Commander-in-Chief's reticence anent the position of the energetic cavalry leader.

The War Office has information that one of the first things done by Lord Roberts, after the occupation of Pretoria, was to direct General French to relieve the British prisoners confined at Waterval.

A FRIGHTFUL ACCIDENT.

Geo. Babcock of Trenton the Victim—The Top of His Head Nearly Sawn Off.

At about 5 o'clock yesterday a horrible accident occurred at the Gilmour factory at Trenton, in consequence of which a young life will be sacrificed. George Babcock, a lad 14 years of age, was working at a saw, when he had occasion to get down beneath it to make some repairs. The saw was rapidly revolving at the time and Babcock raised up his head too far and it came in contact with the saw. The top of the lad's head was almost severed, yet, strange to say, he was at an early hour this morning still alive, but there are no hopes for his recovery.

American Capital Seeking Investment in Belleville—His Worship the Mayor Receives a Letter from a Boston Broker.

To the Editor of The Intelligencer:

Sir,—The enclosed letter reached me to-day. I consider that the subject to which it alludes is so important that the people should have the opportunity of reading the letter in the press without delay, and for that reason I request you to kindly publish it.

I may say that such a comprehensive scheme as that which Mr. Shibley has in view, backed by abundant capital and directed by men of energy who are accustomed to handle successfully large undertakings, is what I have been hoping for. With the exception of the Rolling Mills propositions, nothing so important has been presented for the consideration of our people for many years. I have learned that Mr. Shibley is a remarkably successful Canadian of high character, who was born in the county of Lennox. It will be seen from his letter that he still retains a strong affection for the land of his birth.

Yours faithfully,
J. W. JOHNSON,
June 4, 1900. Mayor.

Cable Address, "Deshib."

June 2, 1900.

J. W. Johnson, Esq., Mayor, Belleville, Ontario:

Dear Sir,—I have been negotiating for some time past for the purchase outright of the Trenton Electric and Water Power Company, together with all interests at Trenton and Belleville, also for the Belleville Gas Works and the Belleville Street Electric Railway, and I beg to state that matters have progressed so far so favorably that I intend visiting Belleville and Trenton on Monday and Tuesday, the 18th and 19th of this month with an expert to look all these propositions over and to consult with the municipalities as to making new arrangements with both.

It is my intention to form all these enterprises into one conservative company, with ample capital to put everything into first-class condition and possibly to offer very favorable terms to your corporation for an extention of the franchise to meet my views. It is proposed to extend the electric railway and put it in condition to be of much greater service to your citizens than it has, apparently, been, and provide abundant power for light in your city and also to regulate better for your city and citizens the supply of gas.

I had hoped to make my arrangements to have been in Belleville by this time but other business matters of importance have prevented my doing so, besides, the matter means the investment of a large amount of capital, and the preliminary examination of matters as they now stand has taken longer than I expected.

I have a large amount of money among my friends and clients seeking investment, and as I have a strong love for my place of birth I will be glad to direct a part of it to Canada in any enterprise that shows a reasonable chance of paying a fair dividend.

I feel confident that you and your municipality will co-operate with me in this matter.

I shall hope to have the pleasure of meeting you in person on Monday the 18th, so I can explain my plans and intentions to you in full.

Very respectfully yours,
(Sgd.) JOHN A. SHIBLEY.

THE LIE SHOWN UP.

"Events" (an Independent paper) shows up the Grit lies as follows:

There is a whole list of things which the Liberal party has already done for Canada, running through the Liberal press, and some of the claims made in the list are pretty big ones to say the least. Among them take the following: "It has settled the school question without resort to the hateful policy of federal coercion." That is the claim. Now as for the fact read this despatch from Winnipeg, dated May 28: At a mass meeting of Winnipeg Roman Catholics, Mr. C. McNerney said he had consulted two of the best political lawyers in the city in regard to the recent settlement of the school question, and they both had declared it a humbug. It was moved by N. Bawlf, seconded by T. D. Deegan, "That, whereas the Catholics of Winnipeg have for 10 long years suffered under the odious burdens imposed upon them by the school law of 1890, and whereas the recent negotiations with the Public School Board of the city make it plain that, as the law at present stands, we can expect no relief; be it resolved, that we, the Catholics of Winnipeg, in meeting assembled, hereby instruct the committee to take immediate steps to lay our grievances before the Dominion and Provincial authorities, pointing out to them the severity of our long-continued persecution, and praying them to come to our relief on the lines laid down in the Privy Council decision." Mr. Bawlf, in support of the motion, said the school question was said to be finally settled, when it was not, and he warned the Catholics again that unless financial assistance was forthcoming from public sources the Catholic schools would have to be closed. The resolution carried unanimously.

From the above it would appear that the settlement claimed to have been effected is really no settlement at all. It is to be hoped, however, that the question will not get into politics again, where it should never have been; but if it does it will wreck the Liberal Government as sure as fate.

There are many other claims made in the same list of good things done for Canada, which are equally wide of the mark. For instance, there is the claim that the Government "has provided for the free carriage of mails on subsidized railways." The fact is it has not done anything of the kind. What it has done is to provide that all roads subsidized since last sesison shall credit the Government with a sum equal to 3 per cent. per annum on the amount of the subsidy paid to the company. That is to say, suppose the government has paid a railway $100,000 in subsidies and has a $6,000 mail contract with the Government, then it credits the government each year with $3,000, and the Government pays it the balance of $3,000. This is far from carrying the mails free, as the compiler of this list would have the people believe. Another claim is that it has improved relations between Canada and the United States. It would be interesting to know in what particular our relations are improved. What outstanding dispute has been settled? The alien labor law is still in force against Canadians, and the Americans continue to occupy the territory in dispute between Canada and Alaska. Our relations have not been improved in any way. And here is another extraordinary claim made on behalf of the Government: "It has hushed the cry of the settlers' grievances in the west, and is filling the prairies with a prosperous and contented population." And yet, out in that great west, where all grievances have been settled, the political friends of the Government have been swept from power, and it is doubtful if they will be able to hold a single seat there at the next elections. And then, too, only the other day they had to ask the United States authorities to enforce the labor law against "the prosperous and contented" settlers with whom it is filling the prairies, to prevent them leaving the country. And so on right through the piece, with only an exception here and there. It is surprising, in this age of enlightenment, that anyone has the hardihood to put forth such claims, and expect the people to be gulled by them.

THE MASTER'S LIFE

The Saviour's Work Done Well and Truly

Great Satisfaction in Completed Work — In all Our Work Jesus is Our Helper

Washington, May 27.—In this discourse Dr. Talmage shows in an unusual way the antagonisms that Christ overcame and finds a balsam for all wounded hearts; text, John xvii, 4, "I have finished the work which thou gavest me to do."

There is a profound satisfaction in the completion of anything we have undertaken. We left the capstone with exultation, while, on the other hand, there is nothing more disappointing than after having toiled in a certain direction to find that our time is wasted and our investment profitless. Christ came to throw up a highway on which the whole world might, it it chose, mount into heaven. He did it. The foul mouthed crew who attempted to tread on him could not extinguish the sublime satisfaction which he expressed when he said, "I have finished the work which thou gavest me to do."

Alexander the Great was wounded, and the doctors could not medicate his wounds, and he seemed to be dying, and in his dream the sick man saw a plant with a peculiar flower, and he dreamed that that plant was put upon his wound and that immediately it was cured. And Alexander, waking from his dream, told this to the physician, and the physician wandered out until he found just the kind of plant which the sick man had described, brought it to him, and the wound was healed. Well, the human race had been hurt with the ghastliest of all wounds — that of sin. It was the business of Christ to bring a balm for that wound — the balm of divine restoration. In carrying this business to a successful issue the difficulties were stupendous.

In many of our plans we have our friends to help us, some to draw a sketch of the plan, others to help us in the execution. But Christ fought every inch of his way against bitter hostility and amid circumstances all calculated to depress and defeat.

In the first place, his worldly occupation was against him. I find that he earned his livelihood by the carpenter's trade — an occupation always to be highly regarded and respected. But you know as well as I do that in order to succeed in any employment one must give his entire time to it, and I have to declare that the fatigues of carpentry were unfavorable to the execution of a mission which required all mental and physical faculties. Through high, hard, dry, husky, insensate Judaism to hew a way for a new and glorious dispensation was a stupendous undertaking that was enough to demand all the concentrated energies even of Christ.

In his father's shop no more intercourse was necessary than is ordinarily necessary in bargaining with men that have work to do; yet Christ with hands hard from use of tools of trade, was called forth to become a public speaker, to preach in the face of mobs, while some wept and some shook their fists and some gnashed upon him with their teeth and many wanted him out of the way. To address orderly and respectful assemblages is not so easy as it may seem, but it requires more energy and more force and more concentration to address an exasperated mob. The villagers of Nazareth heard the pounding of his hammer, but all the wide reaches of eternity were to hear the stroke of his spiritual upbuilding.

So also his habits of dress and diet were against him. The mighty men of Christ's time did not appear in apparel without trinkets and adornments. None of the Caesars would have appeared in citizens apparel. Yet here was a man, here was a professed king, who always wore the same coat. Indeed, it was far from shabby, for after he had worn it a long while the gamblers thought it worth raffling about, but still it was far from being an imperial robe. It was a coat that any ordinary man might have worn on an ordinary occasion.

His poverty was against him. It requires money to build great enterprises. Men of means are afraid of a penniless projector, lest a loan be demanded. It requires money to print books, to build institutions, to pay instructors. No wonder the wise men of Christ's time laughed at this penniless Christ. "Why," they said, "who is to pay for this new religion? Who is to charter the ships to carry the missionaries? Who is to pay the salaries of the teachers? Shall wealthy, established religion be discomfited by a penniless Christ?" The consequence was that most of the people that followed Christ had nothing to lose. Affluent Joseph of Arimathea buried Christ, but he risked no social position in doing that. It is always safe to bury a dead man. Zaccheus risked no wealth or social position in following Christ, but took a position in a tree to look down as he passed. Nicodemus, wealthy Nicodemus, risked nothing of social position in following Christ, for he skulked by night to find him.

All this was against Christ. So the fact that he was not regularly graduated was against him. If a man come with the diplomas of colleges and schools and theological seminaries, and he has been through foreign travel, the world is disposed to listen. But here was a man who had graduated at no college, had not in any academy by ordinary means learned the alphabet of the language he spake, and yet he proposed to talk, to instruct in subjects which had confounded the mightiest intellects. John says, "The Jews marvelled, saying, How hath this man letters, having never learned?"

So also the brevity of his life was against him. He had not come to what we call midlife. But very few men do anything before 33 years of age, and yet this was the point at which Christ's life terminated. The first 15 years you take in a nursery and school. Then it will take you six years to get into your occupation or profession. That will take you to 21 years. Then it will take you ten years at least to get established in your life work, correcting the mistakes you have made. If any man at 33 years of age gets fully established in his life work he is the exception. Yet that the point at which Christ's life terminated.

Men in military life have done their most wonderful deeds before 33 years of age. There may be exceptions to it, but the most wonderful exploits in military prowess have occurred before 33 years of age, But as a legislator — no man becomes eminent as a legislator until he has had long years of experience. And yet the gray bearded scribes were expected to bow down in silence before this young legislator who arraigned sanhedrins and accused governments.

WHEN TRAVELING

Abbey's Effervescent Salt not only makes a most palatable and refreshing drink, but keeps one cheerful throughout a trip by making a constipated condition impossible—by instantly relieving the headaches and biliousness incidental to traveling—and by its soothing effect upon the stomach and nerves.

Dr. James L. Watson, New York, late Surgeon of the U. S. Army, states: "Abbey's Salt is a tonic regulator, an excellent laxative, and in nervous or excited conditions, a tranquillizer."

ROYAL COMMISSION ISSUES

Electoral Corruption Will Now Be Stirred Up in Canada.

Text of the Orders to Chancellor Boyd, Judge Falconbridge and Judge McTavish They Have Been Given Ful Instructions, and Their Scope Is Wide Enough to Go Behind 1896 If They so Desire.

Ottawa, June 5. — The Royal Commission has been appointed to inquire into election corruption. The scope of the commission is almost unlimited, and 1896 does not end their purview; it is left to the judgment of the judges. Sir Wilfrid Laurier, in making the announcement yesterday aft rnoon, read the following order-in-council, and the commission was forthwith issued:

"On a memorandum, dated June 2, 1900, from the Minister of Justice, submitting that, whereas allegations have been made that, during and for several years prior and subsequent to the general elections of 1896, for the election of members to the House of Commons of Canada, frauds were committed by returning officers, deputy-returning officers, or other parties, in several of the electoral districts, either while the votes were being polled or thereafter, by the spoiling of the ballots marked by the electors, or by the fraudulent substitution of other ballots for those so marked, or by other fraudulent conduct in respect to the ballots, at any time before and up to the return of the writ, and it being most desirable that all such alleged frauds should be investigated, and the recurrence thereof, if any, prevented, to the end that the return may show the actual vote of the electors who vote in each electoral district;

"And whereas it is desirable to appoint a commission, with full power to make enquiries, investigation, reports and recommendations, as hereinafter set forth;

The Commissioners Named.

"Therefore, the Minister recommends that, under the provisions of chapter 114, of the Revised Statutes of Canada, entitled 'An Act Respecting Enquiries Concerning Public Matters,' the Hon. Alexander Boyd, Knight Bachelor and President of the Supreme Court of Judicature for Ontario, Chancellor of the Province of Ontario, (to be chairman); the Hon. William Glenholme Falconbridge, one of Her Majesty's Judges of the said Supreme Court, and a member of the Queen's Bench Division of the High Court of Justice for Ontario, and His Honor Duncan D. MacTavish, Judge of the County Court of the County of Carleton, be appointed commissioners, under the said act, in respect of the election of members for the House of Commons of Canada, to enquire into and investigate any alleged fraudulent alteration, defacing, marking, spoiling, substitution or tampering in respect of election ballots, or by reason of any fraudulent conduct in respect of the poll books, ballot boxes, or the lawful contents, or what should of them be lawful contents of the ballot boxes, whether by way of fraudulent alteration, addition, withdrawal or otherwise, during and until the close of the election, and until the return of the clerk of the Crown in chancery;

Covers Every Case Reported.

"That the said commissioners have power to hold such enquiry and investigation in every case in which they consider reasonable grounds have, in their opinion, been shown to them for holding the same;

"That the Clerk of the Crown in Chancery do produce before the commissioners all poll books, voters' lists and all other papers, letters, documents and memoranda and ballot boxes in connection with any such election, when the same may be called for by the commissioners for the purpose of any such enquiry and investigation;

Two Q.C.'s to Assist.

"That the said commissioners have power to appoint two of Her Majesty's counsel, learned in the law, to assist them in such enquiries and investigations, and also a registrar of their proceedings and necessary stenographers; that for the purpose of making such enquiries and investigations they may prescribe such rules and regulations governing the practice and procedure as seem to them proper for the initiation and conduct of such enquiries and investigations, and that in making such enquiries and investigations they exercise all due despatch, proceeding in each case undergoing enquiry and investigation de die in diem unless for special and sufficient reasons they otherwise determine, and at the close of each enquiry and investigation they report to the Minister of Justice the result thereof;

Given Full Powers.

"That the said commissioners be vested with the power of summoning before them any witnesses, and requiring them to give evidence on oath, orally, in writing or on solemn affirmation, if they are persons entitled to affirm in civil matters, and to produce such documents and things as such commissioners deem requisite to the full investigation of the matters into which they are appointed to examine.

Power to Enforce Attendance.

"That such commissioners have the same power to enforce attendance of such witnesses and to compel them to give evidence as is vested in any court of record in civil cases;

There Is No Limit.

"That, whilst for the purpose of such enquiry and investigations the attention of the commissioners is specially directed to a period including and subsequent to the general elections of 1896, still such enquiry and investigation is not limited to such period if they deem it advisable to extend the same to a period prior thereto;

"That at the close of such enquiries and investigations the commissioners make such recommendations for amendments to the law respecting the conduct of the election as are calculated in their judgment the better to preserve the sacredness of the ballot and to enable the electorate in the most effectual manner to exercise their franchise; and, generally, that the said commissioners may report any facts, circumstances or opinions that to them seem proper in respect of the matters hereby referred to them."

The committee submit the above recommendations for Your Excellency's approval.

Sir Charles Is Pleased.

Sir Charles Tupper said he was glad Sir Wilfrid had at last made good his promise, but would postpone his remarks upon the topic until to-day.

State Ownership of Railways.

The Election Commission having been announced, the House spent its energies upon the discussion of Mr. Clarke's amendment to the bill to incorporate the Canada National Railway and Transport Company. The amendment was practically a move toward Government ownership of railways. Its main clause provides that the Government may on one month's notice in writing take over the undertaking, rights and franchises of the company. At the conclusion of a spirited debate, the amendment was voted down by a vote of 37 to 49. The speakers were Hon. Mr. Blair, Mr. Archie Campbell, Sir Chas. Tupper, Mr. W. F. Maclean, Mr. N. Clarke Wallace, Mr. Richardson (Lisgar), Mr. McMullen, Mr. Wood and Sir Wilfrid Laurier.

The bill was read a third time, and the House arose at 6.30 p.m.

Many Questions Answered.

After recess questions by members formed the routine. Mr. Casey was told that the postmaster at St. Thomas was suspended because of alleged wrongdoing.

Since July 1, 1897, $2,555 had been paid in connection with the alien labor law. Mr. McMurrich of Toronto got $275 of it.

From January, 1883, till January, 1900, The Toronto Globe received $4,417 of public money for printing and advertising.

Sir Wilfrid announced that it was the intention of the Government to wait till the census was taken before giving the Yukon district representatives in the House of Commons.

"No," was Sir Wilfrid's answer to the question of Mr. Bourassa, namely, has the Government, or any of its members, been consulted as to the conditions upon which the South African war should be settled?

It is not the intention of the Government to offer any suggestion or opinion on the matter.

The Bank Act.

Mr. Fielding's Bank Act was presented for a third reading.

Mr. Rosamond (N. Lanark) moved an amendment that any bank advancing money on merchandise bought but not paid for should file in the office of the registrar such lien, stating all facts. Till such registration was made the bank should have no prior lien on the merchandise.

Mr. Fielding opposed the proposition, for it would be interfering with what had always been recognized as right.

Mr. Wallace took a hand in the debate and opposed the Bank bill in general. He thought the banks had too much power already. A vote was taken, and the amendment lost. The bill was given a third reading.

On a motion to go into supply, Sir Hibbert Tupper introduced his vote of censure upon the Government for its neglect of duty in regard to the case of the SS. John C. Barr. The vessel was a foreigner, shipping in the Yukon in March, 1899. She flew the British flag, contra to international law, and received certain privileges. Besides a fradulent undervaluation was registered. The undervaluation amounted to $15,000. Both the Minister of Customs and the Minister of Marine and Fisheries by reason of neglect of under officials were responsible. The matter had been investigated and the penalty under the Customs Act was imposed. The Government claimed there was no fraud, while the Opposition held that a mistake of $15,000 could not be made without intent. A dozen members spoke.

A vote was taken at 12.30, and Sir Hibbert's motion was voted down by 43 to 22.

The House then went into supply and took up the estimates relating to the Government of the N. W. T.

The House adjourned at 1.30.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

THE WEST ELGIN TRAVESTY.

Duplicate Ballots Couldn't Be Printed by the Contractor—The Wrong Box Produced.

Toronto, June 5. — The West Elgin Commission sat again yesterday. The first witness was William J. Foster, foreman in the printing department of Warwick Bros. & Rutter, who testified that it would be impossible for a duplicate set of ballots to have been printed without his knowledge. All work of this character was under his personal supervision. Immediately the ballots were printed the forms were broken up.

Wrong Ballot Box Produced.

Edwin Long, a clerk in the office of Kerr & Macdonald, was present at the inspection of West Elgin ballots in Osgoode Hall on March 24, 1899, and succeeding days. On one occasion the wrong ballot box had been produced, but he could not say it was in the West Elgin case.

Shiftless Handling.

J. S. Cartwright of Osgoode Hall was recalled and asked if he could fix the date of the receipt of the West Elgin ballot box at Osgoode Hall. This he was unable to do, but thought it was on March 24. He recollected that a wrong box had been brought on one occasion, but was not positive that it was in the West Elgin case. There was nothing on the outside of the box to indicate its contents, and these could only be discovered upon opening it.

Robertson Got the Wrong Box.

James A. Robertson, a messenger at the Parliament Buildings, told of bringing the wrong ballot box to Osgoode Hall by mistake, about March 17. He thought it might have been the East Elgin box, as they were received at the same time, and there was nothing to distinguish them. He changed the box for the right one, a few days after.

This completed the evidence to be taken by the commission, unless something unforeseen arises, aad the commissioners adjourned to meet again on June 22, to consider the preparation of a report.

Wireless Telegraphy.

New York, June 5.—Brigadier-General Greeley, chief signal officer, said last night that he had directed the establisment of wireless telegraphic stations in the harbor of San Francisco and in Puerto Rico and the Philippines.

More Americans Killed.

Manila, June 5. — Sunday General Funston, with 25 men, engaged 50 of the enemy 25 miles east of San Miguel de Maynmo. Capt. George J. Godfrey of the 22nd Regiment and one private were killed.

A Canadian Knighted.

Windsor, Eng., June 5. — In the St. George's Chapel here to-day, in the presence of all the military knights, Major C. H. Dale, late of the Canadian militia, was installed as a military knight.

Field Battery for Camp.

Hamilton, June 5. — The Hamilton Field Battery, with seven guns will leave here this morning for the camp at Deseronto. Major Hendrie will be in command.

It is the clear ring of truthful statements by well-known truthful people that makes the reputation of Kootenay Cure in Pill form so great. The new ingredient that enters into its composition is a far reaching cure-maker.

THE SISTERS.

MONASTERY OF OUR LADY OF CHARITY,
411 St. Andrew Street,
S. S. Ryckman Medicine Co. Ottawa.

DEAR SIRS,—You must have found it strangely ungrateful on our part never to have thanked you for the Kootenay Cure you were so kind as to send us last winter.

The fact is, we had it a long time before we knew to whom we were indebted, until the Rev. Father McGuckin, Rector of the Ottawa University, told us that he had sent you our name, and you were kind enough to send the medicine gratis. Those amongst our Sisters who took it find themselves much benefitted; especially cases of indigestion, poverty of the blood and the after effects of the Grippe. But there is one thing it cures, which we have not noticed in your publications, and which we are happy to be able to announce to all great singers. One of our Sisters who sings in our choir took the Grippe last December. She was ill a long time, as it especially affected the bronchial tubes, and though she recovered slowly, still continued weak. Her voice, however, remained so husky that she had to give up singing altogether. About two weeks ago she began to try Kootenay Cure, and besides feeling stronger, finds her voice coming back so quickly that she is already able to sing short pieces. Thanking you heartily for the medicine you sent us, and recommending it to all sufferers, and especially to all singers, we have the honor to be, sir,

Your humble servants,
THE SISTERS OF OUR LADY OF CHARITY,
"GOOD SHEPHERD."

The remarkable success made by Kootenay Cure in Pill form in picking up debilitated, pale bloodless women and restoring them to health is a marked feature of this medicine and proves the wonderful building up properties of the new ingredient peculiar to Kootenay.

KING'S DAUGHTERS.

Hamilton, Ont.

DEAR SIRS,—We, as a society, have adopted this means to express to you our sincere thanks for your valuable medicine "Kootenay Cure," which you so generously donated to the Cheerful Workers' Circle of King's Daughters, Hamilton. It has proved a blessing in several cases of Rheumatic suffering by effecting a cure, and in one case especially, that of George Ball, residing on Sanford Avenue, near Huron Street, we desire to thank you. When we first visited Mr. Ball in September last, he was a hopeless and helpless invalid, his condition being brought about by Sciatica Rheumatism of long standing. We gave him Kootenay Cure, which he took with such beneficial results that in three weeks time he was able to walk, and to-day is completely cured and working at hard labor. His case was an unusually bad one and his cure is little short of marvellous, and we have no hesitation in saying Kootenay cured him. Should you think suffering humanity would be benefited by the publication of this letter you are at liberty to use all or any part of it.

Gratefully yours,
(Signed) MAY PRATT, President.
MRS. D. B. PRATT,
25 East Avenue North.

Notable among the Kootenay cured are so many of the considered "hopeless and helpless" cases restored because of the hidden curative treasure contained in Kootenay Cure in Pill form.

THE RECTOR.

UNIVERSITY OF OTTAWA,
Ottawa, Canada.

DEAR SIRS,—I wrote to you in July last stating that I derived much benefit to my health from taking your truly marvellous remedy "Kootenay Cure." Since then I have taken three more packages, and am now pleased to be able to inform you that I am now freed from Chronic and Acute Rheumatism, Diabetes and La Grippe. This is the first winter since 1890 that I have escaped from having several severe attacks of La Grippe, and notwithstanding the incessant and onerous duties of my position in this University, I have, thank God, enjoyed excellent health since last August.

I have recommended the remedy to many persons, both in and outside of the University, and in most cases with entire success. These include persons suffering from Rheumatism, Bright's Disease, Boils, Salt Rheum, Loss of Appetite, Dyspepsia, General Debility, Insomnia, Somnambulism, Skin Diseases, Nervous Debility, La Grippe, etc., etc. In some of these cases the patients had been under the care of physicians for several months without relief, and were cured by using "Kootenay." I shall adopt it as the "Family Medicine" for this institution.

Yours truly and gratefully,
(Signed) J. M. McGUCKIN, O.M.I., D.D.,
Rector.

Kootenay Cure in Pill form is sold at 50 cts. per box and can be obtained at the Drug Stores of D. M. Waters and J. S. McKeown, Belleville.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

When a young man becomes sufficiently familiar to stay until midnight, the girl begins to think she holds first mortgage on his affections.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

THE BRITISH INVEST PRETORIA

General Lord Roberts, However, Is Silent as to His Movements.

Great War Council of Boer Generals Held at Pretoria—Marvelous Revival of Courage, and Some Large Talk—Hope of Beating Britain Not Yet Dead—Kruger Has Skipped With All the Gold.

London, June 5. — (3.40 a.m.) — Of official intelligence regarding what is transpiring outside Pretoria, there is little or nothing doing. Lord Roberts is silent. Nevertheless by piecing together items from various correspondents, it would seem that Lord Roberts' immediate army is all employed north of Johannesburg, except the brigade, which is at Johannesburg, and that six columns are converging on Pretoria.

British Invest Pretoria.

An undated news agency message from Pretoria, via Lorenzo Marquez, June 4, says:

"Pretoria is now invested by the British. No resistance will be offered. The city will be surrendered by the burgomaster as soon as a formal demand is made.

This message purports to come in cipher. President Kruger commands the telegraph eastward from Pretoria, and the telegraphic news from Pretoria to Lorenzo Marquez has ceased; but the messages of newspaper correspondents continue to pass to and from on the railway.

Determined to Defend Pretoria.

The latest to arrive at Lorenzo Marquez brings events at the capital down to a late hour Friday night. At that time, according to these sources of information, the military leaders had quite recovered from the panic and had determined to defend the town.

War Council Held.

One message, which is dated June 1, says:

"Pretoria is full of strange burghers, but most of the commandoes are laagered outside. A great war council of generals has just concluded its deliberations. The decision as to the future military course has not been made known. Both Botha and Delary sat in the council."

Another despatch from Lorenzo Marquez by messenger, and dated at Pretoria, Friday, at midnight, says:

"The war council assumed the powers of the Government. Its members declare that the capital may still be successfully defended.

"One commander declared: 'With the help of God, the hour will still come when Great Britain will acknowledge the independence of the two republics. A tremendous change will come over the situation.'

"Gen. Delary said that Pretoria would be defended to the utmost, adding: 'There is every chance that we will yet beat the enemy out of the country.'

Kruger Took All the Gold.

"President Kruger is somewhere to the eastward, but is in constant wire communication with the leaders here. There is, however, a deep feeling of anger against him at what is now called his unnecessary flight because he and the officials took all the gold and left their subordinates unpaid. The latest phase of public opinion is a marvelous revival of courage."

British Movements in Progress.

From Lorenzo Marquez comes a despatch dated June 4, saying:

"It is known that some great British movement is now in progress."

The previous movements of President Kruger's secretary and physician particularly their secret visit to the Dutch warship, Friesland, which is in the harbor here, has aroused a suspicion that important personages are expected.

No Danger of Being Surrounded.

The news from the minor theatres of hostilities is less cryptic. The Boer operations to break Lord Roberts' communications have been successfully baulked, and the communications are not in danger of being surrounded at Ficksburg, Senekal, Heilbron and Lindley. Gen. Rundle, instead of throwing himself against the Boers that are entrenched at Senekal, moved towards Ficksburg and established communications with Gen. Brabant. The Boers marched parallel with Rundle, intending to seize a strong position on the Ficksburg road, but Gen. Rundle got there first. The 1,500 Boers who were in this movement are now reported to be going elsewhere.

It Was a Hard Fight.

The correspondents with Gen. Rundle continue to point out the hardness of the fight of last Tuesday; but they believe that it will be the last real resistance. Col. Lloyd was thrice wounded. Drummer Haynes, while aiding Col. Lloyd, was hit in the hand, which was resting near the Colonel's heart.

Buller Throws a Shell or Two.

Gen. Buller's guns throw a shell or two towards the Boer positions in front of him occasionally.

Gen. Baden-Powell is still at Mafeking.

Gen. Hunter's column is marching, unopposed, in the Transvaal, beyond Lichtenberg.

Beyond Lichtenberg the Boers are assembling to oppose Gen. Hunter. Col. Mahon effected a juncture with Hunter Thursday at Maribogo.

Pretoria in Confusion.

Cape Town, Sunday, June 3.—The telegraph to Pretoria is still open, but the town is in great confusion. There has been a general exodus, among those taking part in it being the foreign fighting legion. Six special trains left on Wednesday last, and one of them is reported to have been derailed. No British refugees have arrived.

Capture British Officers.

Maseru, Basutoland, Friday, June 1. — Gen. Brabant's Horse have been the subject of several small captures at the hands of the Boers. Lt. Dundle was captured with twenty men while searching a farm house in the Ficksburg district. Two of the men were wounded. Lt. Lees and two men were captured while commandeering. Another patrol of the Border Horse numbering twenty men was surrounded and captured. Count Gleichen sent thirteen men of the Provincial Horse under Lt. Bowker with a flag of truce to Senekal to demand the surrender of that place. The Boers captured the entire party, and after robbing the men of all but their clothing, sent them to Urede whence some of them managed to escape. Most of those who succeeded in eluding their guards however were recaptured.

FROM BOER SOURCES.

Fierce Fight Expected at the Noddefontein Dynamite Factory.

Pretoria, June 4. — A dynamite factory at Noddofontein was occupied last night by a regiment of British troops. Commandant Delary's commandoes are now surrounding the factory, and a fierce fight is expected. The Orange Free State artillery consisting of three batteries are now between Johannesburg and the Delagoa Bay railway station. Afrikander women here have presented a flag to Commandant-General Botha.

The amateur detective is as humorous a character as any of Shakespeare's clowns, or even old Dogberry himself. He finds the most astonishing clues, and generally follows them until he brings up about as far away from the solution of the mystery as mortal well may be. But the specialist in the detection of crime, Sherlock Holmes, is a man who reads clues, as the Indian reads a trail. Every step he takes is a step to success.

It's much the same way in the detection of disease. While the amateur is blundering along over misleading symptoms, the specialist goes right to the real cause and puts an arresting hand upon the disease. It is in such a way that Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., succeeds in hunting out and arresting diseases, where the less experienced practitioners fail. More than thirty years of special study and experience have enabled Dr. Pierce to read symptoms as easily and as truly as the Indian reads a trail which is without a hint for a less acute vision than his. Any sick person can consult Dr. Pierce by letter absolutely without charge. Each letter is read in private and answered in private. Its contents are held as sacredly confidential. It is answered with fatherly feeling as well as medical skill and the reply is sent sealed in a perfectly plain envelope, that there may be no third party to the correspondence. Thousands have taken the first step to health by writing to Dr. Pierce. No writer ever regretted writing. Ninety-eight in every hundred treated have been positively cured. If you are afflicted with any old obstinate ailment write to-day, you will be one day nearer health. Address Dr. R. V. Pierce, Buffalo, N. Y.

CANADIANS WOUNDED.

The Effective Strength of Our First Contingent to South Africa Is Only 450 All Ranks.

Ottawa, June 5. — A cable has been received from Lieut.-Col. Otter, commanding the first Canadian contingent, dated Johannesburg, June 4, reporting the following wounded on May 29:

No. 7030—Pte. J. E. Davis, Royal Canadian Dragoons.

No. 7235—Pte. J. B. Robinson, 21st Essex Regiment.

No. 7355—Pte. J. Jordon, 2nd Queen's Own Rifles.

No. 7838—Pte. E. Hill, 9th Batt., Voltigeurs de Quebec.

No. 7939—Pte. A. Haydon, 62nd St. John Fusiliers.

No. 7688—Pte. F. Richardson, from No. 5 Military District (no corps.)

Effective Strength Only 450.

Lieut.-Col. Otter also reports No. 7886, Evais, as slightly wounded, but the department is unable to identify this man. He also states that the effective strength of the battalion at the front is only 450, all ranks.

Royal Canadian Dragoons.

Ottawa, June 5. — A report has been received from Lieut.-Col. Lessard, who is in command of the 1st Batt. Canadian Mounted Rifles, stating that, in accordance with the wishes of officer commanding (Lord Roberts), the name of the regiment has been changed to the Royal Canadian Dragoons.

For a Dead Soldier.

Hamilton, June 5. — Lieut.-Col. McLaren of the 13th attended the memorial service for the late Pte. J. Rasberry, who died while on duty at Bloemfontein, South Africa, which was held at St. Andrew's-in-the-Vale. The service was conducted by the Rev. A. E. Irving of St. James' Church, Dundas. About 40 of the comrades of deceased from "A" Co., 77th Regiment, attended, under Capt. Knowles.

No Welcome to Boer Delegates.

Cleveland, O., June 5. — When the Boer envoys come to Cleveland, which they are booked to do soon, they will not be welcomed by the Mayor of the city, John H. Farley, Democrat, who has notified the local pro-Boer committees that he cannot welcome the envoys in his official capacity. He says:

"It would not do for me as the executive of Cleveland to extend a greeting to the representatives of a country that is at war with another country to which the relations of the United States are friendly, this country preserving a neutral attitude toward the war. They will be welcome to Cleveland, but they will not get any official welcome from me, and I shall not recognize them in any way. I believe in letting everybody skin his own skunk, anyway."

KERR SHOT HIS WIFE.

A Shocking Tragedy in Winnipeg Due to a Man's Ill-Temper.

Winnipeg, June 5. — A shocking tragedy occurred last night at a house on Notre Dame street. Francis Kerr, who kept a boarding house, has been quarrelling with his wife for a couple of weeks. Last night he was whipping his little girl, when his wife interfered, whereupon Kerr whipped out a revolver and shot his wife twice in the left shoulder. He then went upstairs and blew out his brains. The woman will recover. They have a family of three sons and two daughters. The man was aged 58.

To Suppress Socialism.

London, June 5.—The Kieff correspondent of The Standard attributes the recent arrests in Russian cities, which have numbered hundreds, to "the determination of the Government to suppress the spread of Socialism, although not connected with violent purposes."

Serious Injury to a Bicyclist.

Fergus, Ont., June 5. — While returning from Arthur Sunday night about 10.30 James Ready of this place, who was riding a bicycle, collided with a buggy, the shaft striking him on the left side of the face near the nose, piercing the side of his face, tearing away the jaw bone and left ear and about one-third of the scalp. The point of the shaft came out behind his left ear. The horse took fright, and he was carried thirty or forty yards on the shaft. The flesh giving way, he was thrown in the ditch. Medical aid was summoned at once, and he was removed to his home, where all that was possible at the time was done to relieve the injured boy. Yesterday morning strong hopes were entertained for his recovery.

London, June 5. — Mr. James Bryce, Liberal, for Aberdeen, in an address to his constituents, has taken an Imperialistic position, similar to Lord Rosebery's.

THE SITUATION IN CHINA.

The Boxers Continue Their Murdering Depredations.

The Empress Dowager Appears to Back Them Up in Their Violent Acts Native Christians Murdered—A Reign of Terror Exists in Many Parts of the Disaffected Country—Serious Crisis at the Palace.

Tien Tsin, Sunday, June 3. — Two more of the party of foreigners who fled from Pao Ting Fu have arrived here. One of them was badly injured.

The relief expedition has returned. The body of mounted Cossacks that started in search of the refugees returned this evening. They report that they had a fight with the Boxers at Tuli, killing 16 and wounding many. Lieut. Bleuskey, Dr. Hamilton, a trooper, and a civilian were wounded.

It is reported from Pao Ting Fu that eight Americans and three members of the China Inland Mission are missing. The missionaries are in great danger.

No further news has been received regarding the missing refugees.

Station Burned.

Huang Tsun, the next station to Feng Tai, was burned this morning, and a bridge was damaged.

Traffic between Tien Tsin and Peking has been suspended.

It is reported that Pao Ting Fu was attacked last night. Mr. Robinson of the North China Mission (not Mr. Stevenson, as cabled to the Associated Press last night) is missing, and five native Christians have been murdered at Zang Ching.

Mr. Norman of the same mission has been captured at Wu Chia Ying, two miles from Yang Ching, and is in great danger.

The British cruiser Endymion and the torpedo boat Hart have arrived at Taku.

Alarming Reports From the Country.

Pekin, Sunday, June 3.—The most alarming reports are constantly arriving from the country, especially from Pao Ting Fu. The telegraph wires from Pekin to Pao Ting Fu are cut, and all news comes via Tien Tsin.

It is reported that a serious crisis exists at the Palace. The ultra-Conservative party advocates not taking repressive measures, urging the Dowager Empress to allow the Boxers to finish the work of driving the foreigners out of the country; the moderate party, led by Prince Ching, representing the serious danger of provoking a conflict with the powers.

Arrests Are Demanded.

It is impossible to confirm or deny the report, but significant indications of the feeling of the Government towards foreigners are contained in the attempt to arrest Lin, Chinese manager of the Pekin Syndicate; Kia, chief of the Shan Si Commercial Bureau, and Fan, a leading banker of Shan Si, on the ground that they were "dangerous characters," but in reality because they are connected with new British enterprises. All of them were absent, and they have not yet been arrested. The British Minister, Sir Claude Macdonald, has addressed a note to the Tsung Li Yamen, demanding why the arrests were ordered.

Murders Are on the Increase.

Washington, June 5. — The following cablegram has been received at the State Department from U. S. Minister Conger at Pekin:

"Pekin, June 4.—Outside of Pekin, the murders and persecutions by the Boxers seem to be on the increase. The Pao Ting Fu Railway is temporarily abandoned. Work on the Pekin and Hang Kow line is stopped. All foreigners have fled. The Chinese Government seems either unwilling or unable to suppress the trouble. The troops show no energy in attacking the Boxers. "Conger."

Great Damage Done.

London, June 5. — According to a despatch from [illegible], the Cossacks were despatched to the rescue of the Belgians after a stormy interview between the Belgian Minister, Baron De Vinck de Deux Orp, and the members of the Tsung li Yamen. The despatch says also: Over forty miles of bridges and stations on the Lu Han Railway have been destroyed, and it will take months to repair the damage. The German and Austrian legation guards have arrived at Pekin.

Latest From Shanghai.

London, June 5. — The Daily Mail has the following from Shanghai: Later reports from Tien Tsin show that no American nor English missionaries were among the refugees who escaped from Pao Chi Fu district. The safety of the seven foreigners still missing is despaired of. Twenty-three of the French and Belgian party arrived wounded at Tien Tsin, and suffering terribly.

The Appointment Is Certain.

Ottawa, June 5. — The following significant item appears in the Government organ last night: The Free Press is in a position to confirm the report cabled from London as to the choice of Col. Richard O'Grady Haly, C.B., D.S.O., as successor to Major-Gen. Hutton, in the command of the Canadian militia. The appointment will be officially announced in a day or two. The salary of the major-general will be as usual, $4,000, with $2,000 for allowances. Col. Haly, who is on the retired list of the British army, is 60 years of age.

Worn Out Nerves.

Weak, Nervous Women Are Restored to Health and Vigor by Using the Great Restorative

DR. CHASE'S NERVE FOOD.

Here are two letters from women who were weak, nervous and run-down in health, and who have been restored to perfect health and vigor by using Dr. Chase's Nerve Food.

Their experience may prove of inestimable worth to you if you follow their example and build up your system by a course of treatment with this sterling remedy.

Mrs. Margaret Iron, Tower Hill, N.B., writes: "My nerves were so weak I couldn't walk twice the length of the house. I couldn't work or sleep, and my hands trembled so I couldn't carry a pint of water. I thought there was no help for me, but after using five boxes of Dr. Chase's Nerve Food my nerves are fully restored. I can walk a mile without inconvenience, and though 76 years old, and quite fleshy, I do my own work and considerable sewing, knitting and reading. Dr. Chase's Nerve Food did me a world of good."

Mrs. J. M. Bradley, 100 Jane street, Ottawa states:

"For several years I have been gradually running down in health. I became nervous and weak, and worried greatly over my future.

"Hearing of Dr. Chase's Nerve Food and the wonderful results it has accomplished in others, I obtained a box and began using it as directed. I began to improve immediately, and I am now restored to full health and vigor.

"Dr. Chase's Nerve Food is an excellent remedy and I can recommend it to all who are weak, nervous or run down."

Dr. Chase's Nerve Food is the greatest restorative that the scientists ever discovered. It instills into the blood and nerves the life-giving principle which creates new tissue and force. It rekindles in the nerves the spark of vitality which is wasted by overwork and disease, and the cures which it effects are permanent, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

As a cure for all sorts of colds Dr. Chase offers his great twin remedies, Dr. Chase's Catarrh Cure cures colds in the head, catarrh, droppings in the throat, catarrhal headache and deafness, Dr. Chase's Syrup of Linseed and Turpentine promptly cures coughs, colds, bronchitis, asthma, tightness in the chest and all throat and lung troubles. Each 25 cents from your dealer.

AUCTION MORTGAGE SALE

OF VALUABLE LICENSED

Hotel Premises

IN BELLEVILLE.

UNDER and by virtue of the powers contained in three certain mortgages made by James McGuire and John Row, default having been made in payment thereof (which mortgages will be produced at time of sale), there will be offered for sale by Public Auction, at the Albion Hotel, in the City of Belleville, on Wednesday, 4th day of July, 1900, at 2 p.m., the following valuable freehold property, known as the "Albion Hotel" premises, namely: All that portion of the Island in the river Moira, known as Lot No. 69 on the west side of Front street as shown in Haslett's map of Belleville, as described in mortgage registered in Book "F" for Belleville, as No. 1699, on the twenty-first of December, 1894, containing twenty-nine hundredths of an acre, more or less, and also the rights in the river-bed west of the said lands, and the right of way over the lane north of the said lands as in said mortgage described; also Lot 64 on the west side of Front street in the said City of Belleville, containing one-sixth of an acre, more or less, having a frontage of forty feet on Front street, with a depth of one hundred and seventy-eight feet altogether, and the right of way over a lane twenty feet in width, lying north of said Lot 64; also a part of Lot 63 on the west side of Front street, in the City of Belleville, bounded on the west by the raceway there situated, on the south by the north line of land formerly owned by Samuel Stevens; on the east by the land formerly owned by Mrs. Globensky; on the north by land formerly owned by E. H. Coleman, reserving the right of way in said mortgages more particularly described. Upon the premises are erected splendid stables with fine yard accommodation and access to the river in rear.

The property will be offered subject to a reserve bid. 10 per cent. of the purchase money to be paid at the time of sale, to the Vendors' Solicitor, and the balance (with interest at 6 per cent.) in twenty days thereafter, but arrangements may be made by which part of the purchase money may remain on mortgage on the property on most favorable terms.

For further particulars and conditions of sale, apply to

TIMELY TOPICS.

Well, it's all right this time.

• • •

Now, who DID get the flag on the jail?

• • •

We have just about run out of enthusiastic expressions, so with three cheers and a tiger for Bobs Bahadur and Tommy Atkins we'll proceed to business once more.

• • •

The letter from Mayor Johnson, enclosing a communication from Mr. John A. Shibley, a Boston broker, will be read with great interest by everybody. Of course, the matter has not progressed far enough yet to allow one to judge what the outcome of the negotiations will be, but the fact that they have been in progress for some time, and the additional fact that Mr. Shibley is to personally visit Belleville soon, looks promising. There is not the slightest doubt that there are openings in our city for other industries besides the ones we now have, and no doubt the progressive gentlemen who comprise our City Council will put there best foot forward and do their utmost to lay all our natural advantages before Mr. Shibley.

• • •

It looks as though brighter days had dawned for the good old City of the Bay. It is apt to make one a bit enthusiastic when he thinks of the advantages which would accrue if—but there, we must not build "Castles in Spain."

• • •

Did you hear the latest? The Fenians tried to blow up the Upper bridge, and that accounts for the hole in the wall.

• • •

A correspondent complains that the young men who play football on the Hospital Lot are very careless and unchivalrous. Last night a lady who was passing on the sidewalk, was struck on the head by the ball and rendered unconscious. More caution is necessary.

• • •

It is gratifying to note, by to-day's letters, that Belleville was well represented in the main army which marched to Pretoria. Most of the boys who were for a long time reported sick in Bloemfontein had recovered and again joined their regiment. Hurrah! It would have been tough luck, indeed, to have gone through the hardest of the marching and fighting and then not be able to take part in the final round-up.

• • •

When looking at that cave-in on the river bank one cannot help wishing that the old Dundas St. burying ground was near the water. Perhaps it might slide out of sight some day, then.

• • •

Is it not a rather peculiar fact that in nearly every small city or town one can think of, the approach to it is through a seedy and dilapidated quarter? These reflections were called to mind by a remark dropped by a gentleman at Picton last Saturday. He was asked, "Don't you think this is a pretty little place?" It was his first visit to Picton, and as he stood at the wharf and looked round him he was rather inclined to answer in the negative. The places which give Picton its beauty are hidden from the eye of the traveller weho lands at its wharf or railway depot. If he is of a trusting disposition he will take his informant's word, but if he is a matter-of-fact kind of a fellow he will believe the evidence of his own eye and demur.

• • •

And so it is with Belleville. Take either of the avenues of approach to our city, and we see buildings which, even when new, could never lay claim to any architectural beauty and now that they have fallen to decay they give one a pain in the eye. The impression which travellers must form of Belleville, judging by the view at either the station or dock, would not lead them to believe that we live in one of the prettiest cities of Canada, if not in America. Paint your front doors, oh men of Belleville! for with a shabby front door no mansion, however beautiful internally, can present a dignified appearance.

• • •

Why is the raging Moira like a successful gambler? Because it broke the bank.

• • •

Our Rossmore correspondent complains that another paper steals his items and publishes them when they are a week old. No wonder it can work off its edition in 19 minutes, 29 3-5 seconds, if that's a specimen of its enterprise.

• • •

Writing to relatives in the city, Private Large says: "I am indebted to somebody, I don't know who, for a copy of a drygoods advertisement, which had probably got into the envelope instead of the the letter the party intended to write to me. I don't know what makes you think the fighting is so hard. The marching on a biscuit or two a day is worse than the fighting. Why, on one occasion, when they would not let us fire for about an hour, and the bullets were whistling around us, some of the boys had a snooze till we got the order to advance. We were dead tired out. Yes, there is not the slightest doubt, the marching is worse than the fighting."

• • •

If you want to see how the "sunny ways" of the Grits settled the Manitoba School Question, read the editorial, "The Lie Shown Up" on our second page.

• • •

It is quite likely, on the strength of the news from Pretoria, that there may be a good many laagers captured in Canada to-day.

• • •

What is so rare as a day in June?

• • •

Toronto captured Pretoria last Thursday. They are not going to worry themselves because Bobs was not quite so quick as they were.

• • •

Cronje is in St. Helena, Bobs is in Pretoria, Kruger is in flight and the Boer envoys are in the soup.

• • •

Be gentle with the few people you meet with tears in their eyes today. They may be pro-Boers mourning over the fall of Pretoria, and then again, they may have colds in their heads, which the same are very prevalent just now.

• • •

The afternoon papers are the "whole thing" to-day, sure's you're born. The latest news in the Toronto morning papers announced that "a marvellous reorganization and rallying of the Boers had taken place." That didn't look very encouraging, but by to-night's Intelligencer you will see that Roberts has brushed aside the Boers without any difficulty and that at 2 o'clock to-day the Old Union Jack floated over Pretoria. So ends the Boer oligarchy.

• • •

And there are only 450 men left, fit to fight, in the ranks of the First Contingent.

• • •

The Mayor of Cleveland refused to officially welcome the Boer delegates, and used an expression which was forcible, anyway, even if it wasn't very elegant. He said: "I believe in letting everybody skin his own skunk."

• • •

The question arises, what have the members of the City Council done to the dogs of Belleville? First the Mayor was bitten, then one of the Aldermen. The canines must have a grudge against them.

• • •

There ought to be another national holiday, June 5th, when Bobs made his triumphal entry into Pretoria and practically ended the great Boer war.

• • •

Corporal Courtney, of the Kingston battery, was reduced to the ranks because he refused to march a squad to the regimental canteen on the Queen's Birthday. What was the matter? Did Corporal Courtney think there was not going to be enough beer to go round?

• • •

There they go again. The Kingston Times says: "Kingston girls are such beauties that men who come here from other places are captivated by them. As for Belleville, it would be as rare, however, as it is common here." Now, wouldn't that shock you? The Kingston girls must be a homely lot when they require such a lot of journalistic champions. Everybody is willing to admit that they are good dressers and painters, but when you come down to real Simon Pure beauty the kind which, unadorned, is adorned the most, why it's just like a comparison between a blushing rose and a dandelion. Polish up your specs old boy, and come up here. We'll show you some specimens of female loveliness which will make you cross-eyed trying to see them all at once.

• • •

The Mayor of Salford, England, publicly stated the other day that Baden-Powell was engaged to be married to a young woman of that town. That settles it. The great B. P. will soon find out, when his wedding morning comes, that it's easier to keep the Boers in check than to keep his presence of mind.

An Evening With Ruskin.

The Epworth League of Bridge St. Church enjoyed an evening with John Ruskin last night. The programme was supplied by the Young Ladies' Reading Circle. Miss F. Lazier, being President of the circle, occupied the chair. Essays on the life of Ruskin, his influence as an author, philanthropist and artist, were given by Misses Palen, Vincent, Young, Palmer and McCaughy. Selected gems from his works were also read during the evening. Miss H. Galbraith rendered a piano solo most acceptably.

Lawn Social.

A successful lawn social was held last night at the residence of Mr. J. Finkle, North Front street in aid of Holloway St. Church. The attendance was large and an excellent programme of vocal and instrumental music was provided. During the evening refreshments were served. The proceeds were most satisfactory.

LETTERS FROM "THE BOYS."

Hulme Has Recovered and Gone to the Front—Austin and Geen at Bloemfontein.

"TED" AUSTIN WRITES.

Bloemfontein, April 30, 1900.

Dear Sister,—We arrived here last night about 10 o'clock. We have met a few Canadians. "H" Company of the First Contingent is here and the rest of the Regiment is 45 miles up the country and we expect to join them in a few days. Bloemfontein is a very nice place; it does not look as if there had been any war here, only you can see from here a road cut up one of the mountains to get up their guns, and all the houses are deserted, but they look fine with all their flowers and nice gardens. There is a wonderful lot of soldiers here and stores, you would wonder what they were going to do with them, but I guess Roberts will find a place for us all. Well, the Canadians are all passed off as a fine lot of men. The Boer prisoners say so themselves; they say we are all about the same size and all of young and they think that we are a nation that should not interfere with this war at all, and they say they will give the colonial troops no mercy if they get them. Well Edgar is looking fine and I am also well myself. He is in No. 2 section and, I am in No. 1. I have got a fine chum, Eaton, from Kingston. He belongs to the Battery there, and so he knows more about it than I do, so we all get along splendid. I will now say good-bye and give my love to all friends,

Your affectionate brother,
"TED."

GLENCOE HULME WRITES.

The following extracts are taken from a letter received from Corp'l Glencoe Hulme, dated Bloemfontein, April 30th. I leave to-morrow morning at seven for the front feeling splendid and in good spirits. Major Biggar sent up your letter and how pleased I was to get it. My leaving to-morrow will prevent my seeing him for some time at least. I am sending my chocolate box from here take care of it for me. Give my kindest regards to all enquiring friends. I have only a few moments to spare to write to you; have been so busy all day. Am acting Sergeant-Major to the R.C.R's and have charge of all here and the work is no joke. To-morrow at five I give out three days rations to the men. Wonder where I will be when you get this. On the way home I hope.

EDGAR GEEN WRITES.

Bloemfontein, 30th April, 1900.

Dear Mother,—We are at the front at last, and it is not half as bad as people make it out to be. The only real hardship we have to contend with is the want of water, and that is no joke, I can assure you. In Canada thirst is bad enough, but here it is simply dreadful on account of the sandstorms. So far our food has not been bad—we get hard tack, bull beef, tea and sugar, but no milk. This is considered sumptuous, and so it is compared to what the boys got at the beginning of the war. We are at present camped within 600 yards of the station, but I think we will be moved on the mountain to help defend the water supply. Our regiment, is at present about 40 miles up country on a Boer hunt, and are expected back in a few days, laden down with Boer scalps. According to reports about here the Boers are sick of the war, so I do not think it will last much longer, but nothing is certain. Two of our boys have been laid off already, one with dysentery and another with rheumatism. There is no good giving you any war news for you get it long before we hear it, and what we do hear we cannot believe. I have not received a single letter from any of you since my arrival in South Africa. I got some papers. I also received two letters, one from Mrs. Dunnet and one from Isa. I expect yours have gone astray for Isa said in her letter that Chel was writing. Tell Isa and her mother that I will write at first opportunity. I feel ashamed at not writing more—I have only written once to Mrs. Dunnet and not yet to Mrs. Bogart, but you have no idea how hard it is. Just when you get nicely settled down to it, some one will call you off and by the time you get another chance the letter is either torn or so dirty that it could not be read. Reports about the life at the front is in some respects much exaggerated. So far I am perfectly satisfied with it and do not expect to be any other way. Well, au revoir, once again, If I do not get this off in a few minutes it will be delayed for another week. Give my love to all.

Your loving son,
EDGAR.

P.S.—Just as I was closing a dear little lizard ran down my neck. Oh, it is a fine feeling!!

Statements

That Command Attention Inspire Hope.

PAINE'S CELERY COMPOUND

The Never-Disappointing Banisher of Sickness and Disease.

The statement that Paine's Celery Compound builds up sickly, weak and rundown people, is true in every particular. It is also true that Paine's Celery Compound is the only medicine in the world that can successfully grapple with obstinate and long-standing cases of disease and give to sufferers active limbs, pure blood, clear complexion, healthy appetite and perfect digestion. Scores of able and reliable physicians, prominent druggists, legislators, merchants and leaders in society can bear testimony to the wonderful cures wrought by Paine's Celery Compound during the past spring months.

Such facts and statements should be sufficient to convince all doubting and despondent sufferers, and inspire them with a determination to test the world's great health-giver. Mr. Chas. W. Ross, Department of Railways and Canals, Ottawa, writes thus—

"For a long period of time I suffered from the pains and tortures of neuralgia, and the effects to my general system were so serious and alarming that my doctor ordered an ocean trip. I went to England at considerable expense, but had to return to Canada almost as bad as when I left it. After getting home I determined to commence the use of Paine's Celery Compound as it was strongly recommended for such troubles. After using the medicine for a short time the results were most pleasing and gratifying. The attacks became less frequent and less severe, and soon the whole trouble was completely banished. I have not experienced a pain or ache for months. I take great pleasure in recommending such a marvellous medicine to all neuralgic sufferers. Paine's Celery Compound has astonishing virtues and powers, and will certainly overcome any form of neuralgia."

CANADIAN OFFICERS PRAISED.

Col. Otter, Major Biggar and Col. Sam Hughes are Well Spoken of.

The following extracts from a letter from South Africa, touching a number of officers well-known here, has been received by a gentleman in town from a friend who has served under Lieut.-Col. Otter, but who is now in another department of the service. The writer is in a position to know absolutely whereof he writes, and his references will be read with interest. He says: "Major Biggar is here in town (Cape Town), and is, without exception, one of the best Canadian officers—or any officer—in his position. He looks after everything belonging to us, and nothing seems to give him the slightest trouble. He does all he possibly can, and I think the Government should be congratulated on their choice."

Continuing, he says: "He (Col. Otter) is an officer and a gentleman I have the very highest respect for, and one that I should most willingly do anything for. I have always found him most pleasant and thoughtful. He is advanced in years, but has the welfare of every man under him at heart. He was most kind to me when I was on duty where he was stationed." Major McDougall, he says, was laid up, but has a very good billet on the railroad.

Of Sam Hughes, he writes: "Col. Sam Hughes is the same fighting Sam, and even if the papers are roasting him at home he is well thought of by men who have served under and over him."

The letter concludes as follows: "I think if we get home by next October we will do well. The weather is most delightful now, it being winter. It seems so funny to have the days become shorter and shorter. It is dark at 6 o'clock now." — Toronto World.

Synod in Session.

The Incorporated Synod of the Diocese of Ontario is in session in Kingston. Rev. D. F. Bogert, of this city, preached to the Synod last night. It is likely that a Coadjutor Bishop will be appointed to-morrow. It is currently reported that Rev. Prof. Roper, of New York, is likely to get the appointment. He was formerly connected with Trinity College, Toronto.

FOOTBALL.

The first football match of the league series was played this afternoon between the XV Regiment and Albert College.

RHEUMATIC PAINS.

Why Do You Suffer When an Application of Griffiths' Menthol Liniment Will Take Out all the Pain in a Few Minutes? It Penetrates Muscle, Membrane and Tissue to the Very Bone. Here is the Proof. Mr. Robert Collett, 70 Elliott St., Toronto, writes: I am sure if the poor rheumatic sufferers only knew of the virtues of Griffiths' Menthol Liniment there would not be so much suffering from this terrible disease. I had been suffering for several weeks with a painful attack in my shoulder. Half a bottle of Griffiths' Menthol Liniment removed every trace of my trouble. I have also found it exceedingly good for sore throat. Sold by druggists, 25c and 75c.

Quick & Robertson's

Suits for Men.

Until you've enjoyed wearing one you cannot know how good our Suits are. The difference between them and the ordinary ready-made kind or the product of the cheap tailor is greater than you would imagine until you've made the comparison. Our suits are equal in style, fit and trimming to any a first-class merchant tailor can make, but he would have to charge you double our prices, for where he makes one suit the manufacturers of ours make a thousand, and his knowledge and skill are no greater than those of the manufacturers' designers and tailors. Once a man examines our suits no further arguments are necessary.

$5, $6.50, $8.50, $10, $12, $15.

At these prices we have suits that are really wonderful values. Takes in the finer Serges and all Imported Worsteds and Tweeds, made in that correct way that's the envy of the best merchant tailors.

"STORY OF SOUTH AFRICA."

As the War is practically over or is drawing very near to a close, we beg to announce to the public that The Story of South Africa, published by the World Publishing Co., of Guelph, Ont., is the largest, Cheapest and best written, as it has for its authors John Clark Ridpath, Edward S. Ellis, John A. Cooper, managing editor of the Canadian Magazine, Toronto, and J. H. Aiken, a Canadian who lived in South Africa for 15 years. This book will be the best book for the Canadian people, as it will give all the names of the Canadian Contingents who have gone to the war and a complete account of casualties, accidents, missing, dead and wounded. To be delivered after the war closes in one large volume. Do not be deceived by agents offering other war books, but see that you are getting The Story of South Africa. —A. R. Lord Roberts Cables that the Occupation of Pretoria Passed Off Most Satisfactorily.

The Troops Met With a Much Warmer Reception Than Was Anticipated.

London, June 6, 10.55 a.m.—Lord Roberts telegraphs the War Office as follows: "Pretoria, June 5, 5.35 p.m. The occupation of the town passed off most satisfactorily, and the British flag is now hoisted on top of the Government offices.

"The troops met with a much more enthusiastic reception than anticipated.

"The Third Battalion of the Grenadier Guards lined the square when the march past took place.

"Owing to their having been on duty at some distance around the town, very few cavalry and infantry were able to take part in the ceremony.

"Several of our officers who had been prisoners were among the onlookers."

LORD'S DAY ALLIANCE.

Local Branch Organized Last Night—A Large Attendance and Bright Prospects.

The Baptist church was well filled last night, when Rev. Mr. Shearer, of Toronto, gave a very able address on the objects and aims of the society known as the Ontario Lord's Day Alliance, after which a local branch was formed, with a membership of seventy, and officers elected for the ensuing year. The society is entirely undenominational, and deserves the support of everybody interested in Christian work. The organizer, Rev. Mr. Shearer, was much gratified by the deep interest taken in the work by the people of Belleville, stating that only in two other places had he seen such a large attendance at the initial meeting. The following officers were elected for the ensuing year:

Pres.—Rev. Dr. Galbraith.
Vice-Pres.—City Pastors.
Secy.—H. C. Hunt.
Treas.—W. B. Riggs.

Executive Committee.—W. H. Gordon, S. A. Gardner, Miss Laura Phelps, Mrs. Mabee, R. Wallace, A. Wardhaugh, C. A. Hart, A. Foster, Mrs. Dunnet, J. R. Craig, T. E. Ketcheson, W. Deacon, W. J. Magrath, B. Quinsey, W. S. Morden, R. Templeton, U. E. Thompson, T. Stewart, Mrs. Col. Lazier, John McIntosh, F. E. O'Flynn, Miss M. Johnson, W. R. Aylesworth, W. W. Chown, Dr. Elliot.

The Executive Enjoy a Sail.

At the invitation of Mr. Henry Corby, M.P., the executive of the West Hastings Liberal-Conservative Association enjoyed a very pleasant outing for a few hours on the bay yesterday afternoon. The following gentlemen were present: M. B. Morrison, M.P.P., W. J. Diamond, N. B. Falkiner, Jno. McKeown, W. W. Pope, Sam. Treverton, Stanley Vandervoort, P. J. O'Rourke, A. Abbott, Curtis Bogart, G. W. Ostrom, John W. Young, Wm. Polly, B. B. Ostrom, Thos. Wallace, W. C. Mikel, J. F. Wills, A. I. Bird, H. Corby and C. J. Bowell.

A meeting of the West Hastings Liberal-Conservative Association will be held on Thursday, June 21, 1900, at 2.30 o'clock at Belleville, for the election of officers and the selection of candidates for the House of Commons and Legislative Assembly.

MERCHANTS' ASSOCIATION.

Many Matters of Importance Brought up and Discussed

Council will be Asked to Water the Business Streets—The Half Holiday And Other Matters Disposed of.

At a meeting of the Retail Merchants' Association held in the Council Chamber last night there were a large number of the members in attendance and matters, not only of importance, but of interest were brought forward and discussed. The Association has every prospect of being a live and up-to-date society and matters appertaining to the city's interest will be dealt with in conjunction with those appertaining to the Association. Mr. A. L. Geen, the President, occupied the chair and the following members were present:

Messrs. J. W. Walker, T. Blackburn, E. Ketcheson, F. C. Clarke, D. M. Waters, V. Wensley, W. B. Deacon, P. M. Frederick, C. N. Sulman, J. A. McFee, W. McGie, A. E. Lewis, Geo. Wallbridge, J. A. Laidlaw, J. H. P. Young, A. J. McCrodan, J. Luton, A. Henry, A. R. Wallbridge, J. S. McKeown, W. H. Reed, F. Quick and F. Dowling.

After the minutes of the previous meeting had been read and two communications from the General Secretary of the Association, the business of the evening was taken up.

Street Watering.

The first matter discussed was street watering. Mr. J. W. Walker stated that Mr. Hulme, the City Engineer, had told him that it was possible to water from the G.T.R. station to the wharf for $400 a year, provided the water could be obtained free. This amount, Mr. Hulme stated, could be raised by frontage tax.

Mr. F. C. Clarke asked why it should be paid by frontage tax. The Council, in his opinion, should do the work.

Mr. Geo. Wallbridge thought the city should water the streets for the benefit of the public.

Mr. J. S. McKeown moved, seconded by Mr. Young, that in the opinion of this Association, the business streets of the city should be watered by the city, the expenses to come out of the general revenue of the city.

The resolution was unanimously adopted.

On motion of Mr. E. Ketcheson, seconded by Mr. J. A. McFee, a committee composed of the president and Messrs. J. W. Walker and Geo. Wallbridge, were appointed to present the matter to the City Council.

A lengthy discussion at this stage of the meeting took place in reference to the proposed entertainment in the Drill Shed in aid of the Hospital some of the members stating that it had been rumored that the ladies intended to show how a departmental store could be run in Belleville to an advantage. As this is one of the businesses the Association is opposed to a number of the members spoke in opposition to such a scheme.

It was decided that a committee composed of Messrs. J. A. Laidlaw, C. N. Sulman and W. H. Reed be appointed to wait upon the ladies in reference to the matter.

Wednesday Half Holiday.

Mr. W. B. Deacon said he was in favor of Wednesday afternoon holidays during the months of July and August and moved a resolution to that effect.

Mr. Ed. Ketcheson was opposed to the closing up of the stores. He was however, willing to allow his clerks half a day holiday every week, some on Wednesday and some on Friday afternoons.

Mr. W. H. Reed said he would like to see this movement unanimous. Educate the public in this direction and there would be no difficulty, he thought.

Mr. D. M. Waters said it was not practicable for the druggists to close up. He was in favor of allowing his clerks a holiday, but in no town in Canada did the drug clerks have any shorter hours than in Belleville. The drug stores are now closed at 6.30 every night with the exception of Saturday. He would not enter into an arrangement to close his store any afternoon.

Mr. A. E. Lewis said that on Wednesday afternoon many who keep small stores in the country come in for supplies, and if they could not get them here they would go elsewhere.

Mr. Young said it was difficult for the grocerymen to close up. As far as he was concerned he would not close up.

Mr. Adam Henry spoke against closing up, but was willing to allow his clerks a holiday.

Mr. Frederick was opposed to closing up the stores unless it was made unanimous.

After some further discussion it was resolved that Wednesday afternoon during July and August be set apart as a holiday for the clerks, the merchants to do as they desire as to closing up.

The meeting then adjourned for two weeks.

Military Court.

A military court of enquiry will be held at Picton to-morrow. Col. Ponton will preside and the other members of the court are, Major E. B. Edwards 57th Regiment, and Major J. E. Halliwell of the XV Regiment.

A THOUSAND TONGUES

Could not express the rapture of Annie E. Springer, of Philadelphia, Pa., when Dr. King's New Discovery cured her of a hacking cough that for many years made life a burden. She says; "After all other remedies and doctors failed, it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." Dr. King's New Discovery is guaranteed to cure all troubles of the Throat, Chest or Lungs. Price 50c and $1.00. Trial bottles free at McKeown's drug store.

OXFORD LODGE, S. O. E.

One of Their Number Entertained Prior to His Departure from the City.

After the regular business of Oxford Lodge, Sons of England, last evening, during which it was decided to run their annual excursion to Kingston, the brethren repaired to the banquetting hall to partake of refreshments. The gathering was for the purpose of saying good-bye to a member of the order, Bro. Robert Oliphant, a Past President, who leaves on June 14 to take up his residence in the Old Country. After justice had been done to the spread a toast list was proposed and responded to—

"The Queen"—This toast was most enthusiastically received and the singing of the National Anthem was hearty.

"The Imperial Forces"—This toast brought forth excellent addresses from Bros. F. M. Clarke and J. Luscombe. The mention of the Canadian troops in South Africa was heartily cheered and their successes loudly applauded.

"Our Order"—Rev. Bro. A. L. Geen, and Bros. R. Powell, J. Neate, Fred Ford and G. B. Warham, all Past Presidents, spoke to this toast. All the speakers expressed regret at the departure of Bro. Oliphant.

"Our Guest"—This toast was well received and was responded to by Bro. R. Oliphant in a feeling manner. He referred to the pleasant relations he had had with the members of the Order and the citizens of Belleville in general, and felt a regret at leaving.

The proceedings were brought to a close at a seasonable hour by the singing of the National Anthem.

A LIMIT TO KHAKI SUITS.

This morning the Oak Hall received the fourth and last shipment of boys' khaki suits. We are advised by the Sanford Mfg. Co., that they will be unable to give us any further supply this season as the cloth is run out and the mill has ceased making it. Parents wanting these suits for their boys may govern themselves accordingly.

MARRIED AT MONTREAL.

The Bride Well-known in this City and Vicinity

At six o'clock Monday evening the wedding took place in St. James' Methodist Church, Montreal, the Rev. W. H. Emsley officiating, of Mr. Albert Hughes, son of Mr. J. W. Hughes, of Montreal, and Miss Harriet Mabel Howe, daughter of Mr. S. G. Howe, of Hutchison street. Owing to a recent family bereavement the wedding was a quiet one. The bride looked very sweet in a gown of pale grey silk with a hat to match and carried a large bouquet of white roses. The bridesmaid, Miss Annie M. Campbell, wore white organdie and pretty black hat, and carried crimson roses. The best man was Mr. William Sanctuary, of Montreal. After the ceremony Mr. and Mrs. Hughes left for their wedding trip, and upon their return will live on Hutchison street.

The bride is well known in Belleville and vicinity, being a granddaughter of Mrs. Daniel Canniff, of this city.

THE BEST OF THEM ALL.

The press notices of the Waragraph, the moving picture machine which is coming here on Saturday afternoon and night next, are very flattering. The following testimonial is given by the Deacon of a church at Ganett, Ind.: "The Waragraph entertainment as given by G. H. Ireland at the Baptist church last evening to a crowded house was the very best of many such ever given in our city."

GILBERT PARKER WRITES

A Graceful Letter, Enclosing a Cheque for the Belleville Library.

20 Carlton House Terrace,
London, S.W., 24th May, 1900

My Dear Col. Ponton,—I enclose a cheque for $100 for the Belleville Library from my wife and myself. Kindly accept it with our united good wishes and greetings.

We watch with pride the movements of Canada's men in South Africa, and Paardeberg is written large in the diary of our days. These are great days and out of them will come momentous things. The old order changes; there are to be new rites at the old altars. We Imperialists may be all wrong, but I feel that our ideas will outlast our times, will outlive a hundred Governments, and a hundred crises. They have as their germ of life—"Rule well, hold strong, be just, serve well the world." Is it not so?

From the old well of affection for you all old friends in Belleville there is always a fresh draught to drink your health. My regards to the 15th A. L. I.

Yours sincerely,
GILBERT PARKER.

CITY AND DISTRICT

Bryant's the photographer. 'Phone 254.

The Fifteenth Regiment will parade to divine service to St. Andrew's church on Sunday morning.

For Sale.—Views of the 24th May parade at Bryant's studio. 'Phone 254.

At St. Andrew's church the forenoon service on Sunday will be a thanksgiving one for the great success of the Empire's soldiers in South Africa, in which our men have taken a distinguished part. Special music.

While every effort will be made to change advertisements, no matter at what time received, it must in all cases be understood that, to ensure change, copy should be handed in on the evening previous.

TROOPER SUITS.

The Troopers shown by Quick & Robertson are the very latest novelties in boys' suits. These suits are all wool made in the proper regulation military style and are shown in both Navy Blue and Khaki shades. When buying a novelty suit be sure and get a trooper. They are the correct thing.

Prentice Boys Notes.

At a regular meeting of Maiden City Lodge, 'Prentice Boys, held last evening the following members were appointed as delegates to the Grand Lodge of America, which convenes at Watertown next week: A. M. Ketcheson, R. H. Ketcheson, O. C. Brickman, R. Orr, L. Soles, N. Kiser, W. Harte and Wm. Brown.

Considerable preliminaries were also arranged in connection with the demonstration which will be held here on Monday, August 13th, to commemorate the Relief of Derry. It is expected that there will be a large number of lodges here that day and the occasion one long to be remembered.

HEAT AND COLD

At this season of the year neuralgia, toothache, and a host of similar diseases are rampant. The great question, then, is to find the quickest, surests, and most economical remedy. Polson's Nerviline exactly fills these requirements. It is prompt, efficient, and most economical, for it exceeds in power every known remedy, and is as cheap as inferior articles. A ten-cent bottle will give every person a chance to test it. Large botles only 25 cents.

Regimental Notes.

The XV Regiment will parade this evening and both bands will be in attendance. The turnout will no doubt be large.

Some parties will find themselves in trouble if they do not bring to headquarters equipments which are missing. Some 29 belts and other accoutrements are missing.

When you need medicine you should get the best that money can buy, and experience proves this to be Hood's Sarsaparilla.

HERE'S A SNAP

This week we place on one of our front tables about 1250 yards of Cotton Wash Goods, including Ginghams, Zephyrs, Piques, Mercerized Sateens, Bastiste Cloths, Dimities, Printed Organdies, Warp Welts, Linen Crash and Cotton Drills, all regular 15c, 18c and 20c goods to be cleared at

Popular opinion declared in those days, "Blessed is the merchant who has a castle down on the banks of Lake Tiberias." This young man said, "Blessed are the poor." Popular opinion said in those days "Blessed are those who live amid statuary and fountains and gardens and congratulations and all kinds of festivity." This young man responded, "Blessed are they that mourn." Public opinion in those days said, "Blessed is the Roman eagle, the flap of whose wing startles nations and the plunge of whose iron beak inflicts cruelty upon its enemies." This young man responded, "Blessed are the merciful." Popular opinion said, "An eye for an eye, a tooth for a tooth." In other words if a man knocks your eye out knock his out. If a man breaks your tooth break his. Retort for retort, sarcasm for sarcasm, irony for irony, persecution for persecution, wound for wound. Christ said, "Pray for them that despitefully use you." They looked at his eye. It was like any other man's eye, except perhaps more speaking. They felt his hand, made of bone and muscle and nerves and flesh, just like any other hand. Yet what bold treatment of subjects, what supernatural demands, what strange doctrine! They felt the solid earth under them, and yet Christ said, "I bear up the pillars of this world." They looked at the moon. He said, "I will turn it into blood." They looked at the sea. He said, "I will hush it." They looked at the stars. He said, "I will shake them down like untimely figs." Did ever one so young say things so bold? It was all against Him.

I imagine Christ one day standing in the streets of Jerusalem. A man descended from high lineage is standing beside Him and says, "My father was a merchant prince. He had a castle on the beach in Galilee. Who was your father?" Christ answers, "Joseph, the carpenter." A man from Athens is standing there unrolling his parchment of graduation and says to Christ, "Where did you go to school?" Christ answers, "I never graduated." Aha, the idea of such an unheralded young man attempting to command the attention of the world! As well some little fishing village on Long Island shore attempt to arraign New York. Yet no sooner does he set his foot in the towns or cities of Judaea than everything is in commotion. The people go out on a picnic, taking only food enough for a day, yet are so fascinated with Christ that at the risk of starving they follow him out into the wilderness. A nobleman falls down flat before him and says, "My daughter is dead." A beggar tries to rub the dimness from his eyes and says, "Lord, that my eyes may be opened." A poor, sick, panting woman presses through the crowd and says, "I must touch the hem of his garment." Children who love their mother better than any one else struggled to get into his arms, and to kiss his cheek, and to run their fingers through his hair, and for all time putting Jesus so in love with the little ones that there is hardly a nursery in Christendom from which he does not take one, saying, "I must have them. I will fill heaven with these, for every cedar that I plant in heaven I will have 50 white lilies. In the hour when I was a poor man in Judea, they were not ashamed of me, and now that I have come to the throne I do not despise them. Hold it not back, O weeping mother! Lay it on my warm heart. Of such is the kingdom of heaven."

Again I remark there was no organization in his behalf, and that was against him. When men propose any great work they band together, they write letters of agreement, they take oaths of fealty, and the more complete the organization the more and more complete the success. Here was one who went forth without any organization and alone. If men had a mind to join in his company, all right; if they had a mind not to join in his company, all well. If they came they were greeted with no loud salutation; if they went away, they were sent with no bitter anathema Peter departed and Christ turned and looked at him, that was all.

All this was against him. Did any one ever undertake such an enterprise amid such infinite embarrassments and by such modes? And yet I am here to say it ended in a complete triumph Notwithstanding his worldly occupation, his poverty, his plain face, his unpretending garb—the fact that he was schoolless, the fact that he had a brief life, the fact that he was not accompanied by any visible organization — notwithstanding all that in an exhilaration which shall be prolonged in everlasting chorals he declared, "I have finished the work which thou gavest me to do."

See him victorious over the forces of nature. The sea is a crystal sepulcher. It swallowed the Central America, the President and the Spanish Armada as easily as any fly that ever floated on it. The inland lakes are fully as terrible in their wrath. Some of us who have sailed on it know that Lake Galilee, when aroused in a storm, is overwhelming, and yet that sea crouched in his presence and licked his feet. He knew all the waves and the wind. When he beckoned, they came. When he frowned, they fled. The heel of his foot made no indentation on the solidified water. Medical science has wrought great changes in rheumatic limbs and diseased blood, but when the muscles are entirely withered no human power can restore them, and when a limb is once dead it is dead. But here is a paralytic—his hand lifeless. Christ says to him, "Stretch forth thy hand," and he stretches it forth.

In the eye infirmary how many diseases of that delicate organ have been cured? But Jesus says to one blind, "Be open! and the light of heaven rushes through gates that have never before been opened. The frost or an axe may kill a tree, but Jesus smites one dead with a word. Chemistry may do many wonderful things, but what chemist at a wedding when the wine gave out could change a pail of water into a cask of wine? What human voice could command a school of fish? Yet here is a voice that marshals the scaly tribes, until in a place where they had let down the net and pulled it up with no fish in it they let it down again, and the disciples lay hold and began to pull, when by reason of the multitude of fish the net broke. Nature is his servant.

No man could go through all the obstacles I have described, you say, without having a nature supernatural. In that arm, amid its muscles and nerves and bones, were intertwisted the energies of omnipotence. In the syllables of that voice there was the emphasis of the eternal God. That foot that walked the deck of the ship in Gennesaret shall stamp kingdoms of darkness into demolition. This poverty struck Christ owned Augustus, owned the sanhedrin, owned Tiberias, owned all the castles on its beach and all the skies that looked down into its water, owned all the earth and all the heavens. To him of the plain coat belonged the robes of celestial royalty. He who walked the road to Emmaus the lightnings were the fire shod steeds of his chariot. Yet there are those who look on and see Christ turn water into wine, and they say, "It was sleight of hand!" And they see Christ raise the dead to life, and they say, "Easily explained; not really dead; playing dead." And they see Christ giving sight to the blind man, and they say, "Clairvoyant doctor." Oh, what shall they do on the day when Christ rises up in judgment and the hills shall rock and the trumpets shall call, peal on peal? In the time of Theodosius the Great there was a great assault made upon the divinity of Jesus Christ, and during that time Theodosius the Great called his own son to sit on the throne with him and be a carpenter in the Government of the empire, and one day the old bishop came and bowed down before Theodosius the Emperor, and passed out of the room, and the Emperor was offended, saying to the old bishop, "Why didn't you pay the same honor to my son, who shares with me in the Government?" Then the old bishop turned to the young man and said, "The Lord bless thee, my young man," but still paid him no such honor as he had paid to the Emperor. And the Emperor was still offended and displeased, when the old bishop turned to Theodosius the Great and said to him, "You are offended with me because I don't pay the same honor to your son whom you have made carpenter in the Government of this Empire, the same honor I pay to you, and yet you encourage multitudes of people in your realm to deny the Son of God equal authority, equal power, with God the Father."

My subject also reassures us of the fact that in all our struggles we have a sympathizer. You cannot tell Christ anything new about hardship. I do not think that wide ages of eternity will take the scars from his punctured side and his lacerated temples and his sore hands. You will never have a burden weighing so many pounds as that burden Christ carried up the bloody hill. You will never have any suffering worse than he endured, when with tongue hot and cracked and inflamed and swollen, he moaned, "I thirst." You will never be surrounded by worse hostility than that which stood around Christ's feet, foaming, reviling, livid with rage, howling down his prayers, and snuffing up the smell of blood. O ye faint-hearted, O ye troubled, O ye persecuted one, here is a heart that can sympathize with you!

Again, and lastly, I learn from all that has been said to-day that Christ was awfully in earnest. If it had not been a momentous mission he would have turned back from it disgusted and discouraged. He saw you in a captivity from which he was resolved to extricate you, though it cost him all sweat, all tears, all blood. He came a great way to save you. While it will take all the ages of eternity to celebrate Christ's triumph. I am here to make the startling announcement that because of the rejection of this mission on the part of some of you all that magnificent work of garden and cross and grave is, so far as you are concerned, a failure. Helena, the empress, went to the Holy Land to find the cross of Christ. Getting to the Holy Land there were three crosses excavated, and the question was, which of the crosses was Christ's cross. They took a dead body, tradition says, and put it upon one of the crosses, and there was no life, and they took the dead body and put it upon another cross and there was no life. But tradition says, when the dead body was put up against the third cross, it sprang into life. The dead man lived again. Oh, that the life giving power of the Son of God might dart your dead soul into an eternal life, beginning this day! "Awake, thou that sleepest, and rise from the dead, and Christ shall give thee life!" Live now! And live forever!

WHOLESOME ADVICE.

For People Whose Stomachs are Weak and Digestion Poor.

Dr. Harlandson, whose opinion in diseases is worthy of attention, says when a man or woman comes to me complaining of indigestion, loss of appetite, sour stomach, belching, sour watery-rising, headaches, sleeplessness, lack of ambition and a general run-down nervous condition I advise them to take after each meal one or two of Stuart's Dyspepsia Tablets, allowing the tablet to dissolve in the mouth, and thus mingle with the food eaten. The result is that the food is speedily digested before it has time to sour and ferment. These tablets will digest the food anyway whether the stomach wants to or not, because they contain harmless digestive principles, vegetable essences, pepsin and Golden Seal which supply just what the weak stomach lacks.

I have advised the tablets with great success, both in curing indigestion and to build up the tissues, increasing flesh in thin nervous patients whose real trouble was dyspepsia and as soon as the stomach was put to rights, they did not know what sickness was.

A fifty cent package of Stuart's Dyspepsia Tablets can be bought at any drug store, and as they are not a secret patent medicine, they can be used as often as desired with full assurance that they contain nothing harmful in the slightest degree; on the contrary, anyone whose stomach is at all deranged will find great benefit from the use of Stuart's Dyspepsia Tablets. They will cure any form of stomach weakness of disease except cancer of the stomach.

40 Families Homeless in Quebec.

Quebec, June 6. — A despatch from Tadousac says that the large lumber establishment at Ste. Etienne du Saguenay, near that place, belonging to Price Bros. & Co., of Quebec, was totally destroyed by fire yesterday afternoon. The loss is very great, and includes 300,000 feet of lumber, stores, all the wharves, one schooner and two batteaux that were moored at the wharf. Forty families are rendered homeless by the conflagration, and are in a destitute condition, without food and scarcely any clothing. The loss is estimated at $400,000.

Fatal Cyclone at Winnipeg.

Winnipeg, June 6. — A cyclone struck the city last night, doing considerable damage. A boathouse at the foot of George street was carried away some distance, and Ed. Atwell, a 15-year-old boy, sheltering behind it, was killed. A tin roof, weighing hundreds of pounds, was blown off the Karner Block a considerable distance, breaking the telegraph and electric railway wires. Many other roofs, pieces of buildings, flagstaffs, chimneys, etc., were blown down. There was only one big blast and it did not last long.

CELEBRATED PRETORIA DAY.

Her Majesty Drank Lord Roberts' Health and Lit Bonfire.

All London Went Wild With Joy and Demonstrated on the Receipt of the Official News of the Surrender—His Excellency Lord Minto Expresses His Feelings at the State Ball—Montreal and Other Canadian Celebrations.

London, June 6. — (4.35 a.m.)— Queen Victoria, surrounded by the Duke and Duchess of York, Princess Christian, Princess Victoria and many notables of her court, drank to the health of Lord Roberts and the army at Balmoral last evening. A great bonfire, lighted at Her Majesty's command, blazed on Craiggowan Mountain, illuminating the countryside for miles around. The nation joins in the toast, glorifying Lord Roberts and turbently rejoicing in his victory.

QUEEN VICTORIA.

OLD LONDON REJOICED.

Another Demonstration Like After the Relief of Mafeking.

London, June 6. — England has been celebrating to-night the fall of Pretoria very much as she did the relief of Mafeking. Drunkenness has been a trifle less conspicuous than when Baden-Powell was the hero of the moment, but in London and in the other large towns the scenes last evening were practically a repetition of those which marked the other victories, and long after midnight, uproarious yelling, the tooting of horns and discordant chants ascended from the city streets, usually, at such an hour, as silent as the grave.

Processions Galore.

All during the evening processions marched along the Strand, Piccadilly and the other leading thoroughfares. In fact, so great was the crush, that the easiest method of locomotion was to join one of the processions, for whose strident choruses and waving flags all traffic was stopped.

Every building possessing an illuminating device used it for all it was worth, until the metropolis was ablaze with light. The club on Pall Mall were lit up with huge torches, and the old, staid street of murky buildings was scarcely recognizable. Around Marlborough House and the War Office the crowds continued thick.

The Prince in London.

The Prince of Wales came to town yesterday afternoon, and went to the opera in the evening. His drive to and from the performance was marked by a tremendous welcome. The news was wired to the Queen at Balmoral immediately on its receipt, and the Union Jack was hoisted over the Royal residence.

Throughout the country illuminations occurred on a large scale. Effigies of President Kruger were burned and innumerable telegrams of congratulation were sent to the little field marshal who had made England so happy. Lord Wolseley received the news while visiting Mr. Henry James at Rye. He improved the occasion by attending the local municipal meeting and joining in the cablegram to Lord Roberts.

A Message to Roberts.

London, June 6. — The Lord Mayor of London, Mr. A. J. Newton, has cabled as follows to Lord Roberts: "The Empire will never forget what you and the forces under your command have accomplished. Accept the grateful congratulations of the citizens of London."

Cheers at the State Ball.

Ottawa, June 6. — At the State ball at Rideau Hall, Lord Minto read a cablegram received from Hon. Joseph Chamberlain, saying: "Capture of Pretoria officially confirmed."

At the refreshments Lord Minto, in a few patriotic words, proposed the health of the Queen. This was received with cheers. He followed with the health of Lord Roberts. This was received with tremendous cheering. The feature of the decorations of Rideau Hall was the multiplicity of Union Jacks, some 3,000 being hung up in every conceivable corner.

CANADA'S CELEBRATIONS.

City of Montreal Turned Itself Loose to Celebrate Pretoria Day—Dominion Demonstrations Elsewhere.

Montreal, June 6. — Montreal last night was a blaze of light and glory, and never before during the present war has the patriotic enthusiasm of all races living beneath Mount Royal been made so strikingly manifest. All day long flags floated from every house top, and the crowds cheered for "Bobs" and the Empire.

The Great Demonstration.

The demonstration last evening in honor of Pretoria was one of the grandest ever seen in Montreal as a military and civil pageant. It was simply magnificent, and there must have been 150,000 people on the streets. The following corps participated in the great parade:

Duke of York's 3rd Field Battery, 2nd Regiment Canadian Artillery, 1st Regiment Prince of Wales' Fusiliers, 3rd Regiment Victoria Rifles and the Highlander Cadet Battalion.

The regimental orders called for a turn out of all brass and pipe bands, bugle corps and stretcher sections, in addition to the staff and company officers, non-coms. and men, and nobly did all of these sections respond to the appeal.

It was the same in the law courts where brilliant and loyal addresses were the order of the day.

And old Montreal sings "God Save the Queen."

HAMILTON'S HALF HOLIDAY.

The Response, However, Was Not a General Observance.

Hamilton, June 6. — As soon as Lord Roberts' announcement of the fall of Pretoria reached this city Mayor Teetzel proclaimed a half holiday, but it was not generally observed.

At the Conference.

The announcement of the occupation of Pretoria by the British forces under "Bobs" swept away all the gravity of the Methodist Conference yesterday. The ministers applauded, and nearly everyone took out a flag from beneath his coat tail and frantically waved it. Rev. R. W. Wright the "poet laureate" of the conference had a poem ready, which President Jackson read, and the patriotic wave broke out in a cablegram of congratulation to Hon. Joseph Chamberlain.

London Will Celebrate.

London, Ont., June 6. — As soon as the news reached London yesterday of the surrender of Pretoria, bells began ringing, whistles tooted and flags made their appearance all over the city. In a few minutes the business portion of the city presented a holiday appearance, decked gaily in flags. Mayor Rumball lost no time in proclaiming a half holiday for this Wednesday afternoon. the Citizens Committee decided to hold a monster procession this after. noon, in which the soldiers now in camp on Carling's Heights, will take part. The demonstration promises to be the greatest ever held in London.

Rejoicing at Quebec.

Quebec, June 6. — The officers of the 8th Regiment, Royal Rifles, entertained their men last night to one of the largest electric car parades ever witnessed in this city, to celebrate the taking of Pretoria. It consisted of about a dozen cars brilliantly illuminated, and decorated with Union Jacks in colored electric lights, etc. One of the cars was filled by the young ladies of the Red Cross Society. The parade started from the Esplanade at 8 o'clock and the men met there in mufti, provided with tin horns, etc. It was an original and spirited demonstration.

Kingstonians Made a Noise.

Kingston, Ont., June 6. — There was great rejoicing yesterday upon the report of Lord Roberts' army occupying Pretoria. Flags and bunting are displayed from all public buildings. At noon all the bells were rung and steam whistles were sounded. The Cadets at the Royal Military College fired a 21-gun salute.

Halifax Opened Out.

Halifax, N.S., June 6. — Pretoria Day was celebrated with wild enthusiasm. The Mayor and corporation arranged for a grand torchlight procession and a general illumination. The firemen, the societies, all city bands, the full militia force, all regular soldiers, sailors from warships and thousands of citizens paraded. It was the grandest celebration ever known in Halifax. The city is a mass of decoration.

Newfoundlanders Celebrate.

St. John's, Nfld., June 6.—A celebration took place here over the taking of Pretoria. The fishermen celebrated with torch-light procession. The Colonial Goverment has sent official cablegrams of congratulation to Queen Victoria and Lord Roberts.

Waterloo's Second.

Waterloo, Ont., June 6.—Not content with the celebration last Thursday, Waterloo again celebrated Roberts' occupation of Pretoria in an uproarious manner. A huge bonfire was burned on the main street, and fireworks and giant crackers in endless numbers were set off by the enthusiastic citizens.

Rodney Celebrated.

Rodney, Ont., June 6. — There was a big celebration here last night on account of Pretoria victory. Bands were out, and there was a torchlight procession, bonfires, fireworks, etc.

Walkerton Jubilation.

Walkerton, Ont., June 6.—A general jubilation prevailed in town last night in commemoration of the victory at Pretoria. The town was illuminated, bonfires at every corner and numerous processions, with music and torches, marched through the town. The whole population was out in the streets.

ENTHUSIASM HAD BEEN SPENT.

"The Grange" Decorated in Toronto, and a British Flag on Bourassa's Desk in Parliament.

In Toronto the fall of Pretoria and the flight of Kruger had been celebrated duly last Wednesday and Thursday, and the peeling of bells, the tooting of whistles, and the redecorating of the town with flags showed the inward joy the people felt, but on this occasion did not noisily express.

Prof. Goldwin Smith's residence, "The Grange," and grounds were decorated lavishly with British flags, and the Boer's friend enjoyed the joke as well as did all who passed that way.

Ottawa celebrated; but it was not a patch on last week's demonstration. In the House of Commons all went on as if there was no Pretoria. The chair of the sergeant-at-arms, and the Speaker's throne were decorated with Union Jacks, while some joker had put a small flag in the ink pot on Mr. Bourassa's desk.

The Boer delegates were received by the Mayor of Chicago Tuesday, while the newsboys were shouting about the surrender of Pretoria. They said it was what they expected, but that the fighting would go on.

A THOROUGH ENQUIRY.

Sir Charles Tupper Offered Some Investigation Suggestions to the Canadian Premier in the House.

Ottawa, June 6. — The election commission and the election law occupied the minds of the Commoners all day long.

Sir Charles Tupper criticized the Royal Commission. He said its scope was not wide enough. It should include "any fraudulent practises, persons or means connected therewith." A short bill should be passed extending indemnity to witnesses, providing for their pay and maintenance and giving the judges power to compel a witness to give evidence and to examine him as to how he voted. Sir Charles suggested that he and Sir Wilfrid should choose the counsel, that the evidence taken before the Privileges and Election Committee should be used and the cases of West Huron and Brockville should be first taken up.

Sir Wilfrid Laurier said he would talk the matter over with Hon. David Mills. He will ask Parliament to provide for the expenses of the commission. His intention was to give the commissioners a free hand, believing they knew their business. When Mr. Mills has been informed of Sir Charles' suggestions the matter will come up again.

The Election Law.

Hon. Charles Fitzpatrick announced that he withdrew the clauses in the election law relating to N. W. T. representation, and that part of clause seven disqualifying soldiers of the permanent force and N. W. M. P.

Mr. Casgrain referred to the amendments he proposed to introduce. They aimed to secure purity of elections, to banish corruption and to make elections cheap. They were drafted from Imperial and Quebec statutes.

Mr. Ingram wanted a clause inserted adding imprisonment to the penalty for intimidation. He also argued the giving of a lump sum to returning officers to prevent the great sub-division of ridings.

Mr. Puttee wanted the polls in cities of 10,000 and over open till 8 p.m. He was opposed to the new ballot, as the mark could be seen from the back on account of the black background.

Mr. Fitzpatrick said that he was not wedded to the new ballot.

Sir Charles Tupper strongly urged that the man who stole an election should be sent to the Penitentiary.

The House went into committee on the bill.

The various clauses of the bill were discussed. Whenever any objection was taken to a clause, it was stood over.

The committee reported progress and the House adjourned at 12.40.

TELEGRAPHIC BRIEFS.

Wm. Hill of Toronto has been charged with manslaughter in connection with the death of Harry P. Littleford, who died on Monday from a wound in the eye, received April 18.

A committee of fifty prominent business men of St. Louis have sent a communication to Gov. Stephens, asking him to order out the militia to restore order in St. Louis. The women of the city will also present a petition to the Governor, asking for protection from the mob when they ride on the street cars.

Speaker Pelletier's Brother Dying.

Ottawa, June 6. — When the Senate resumes to-day, it will be necessary to appoint a Speaker pro tem, as Sir Alphonse Pelletier has gone to the deathbed of his brother at River Ouelles.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

A Voice from
Collins Bay.

Up early and out in all weathers in pursuance of his daily work, a farmer, of all men, needs a strong and sound constitution, and is least likely to bear with patience the inroads of disease. Mr. Wm. Tait, farmer, Collins Bay, Ont., was afflicted with scaitic rheumatism in December last. He suffered excruciating pain, and for ten days he tossed on a bed of agony. He tried Dr. Hall's Rheumatic Cure, and the effect was magical. His pains left him after several doses had been taken, and now Mr. Tait says: "I would strongly urge anyone suffering with rheumatism to use Dr. Hall's Rheumatic Cure, and I will guarantee the best results."

MR. WM. TAIT.

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

Book Binding.

Orders for bookbinding should be left at this office. It is surprising how nice a volume can be made of these magazines, even though they are somew at soiled from much handling. Books, magazines, or periodicals bound or rebound in any style at very reasonable price. Blank books such as journals, ledgers, day books with any kind of ruling, made to order all work warranted first class.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

"BOBS" LED GUARDS IN. BRITISH IN PRETORIA.

Long-Awaited Message From Lord Roberts Reaches War Office on Tuesday.

BOTHA SURRENDERS PRETORIA!

There Were No Terms, the Surrender Being Unconditional—One British Regiment Had to Surrender to a Superior Boer Force, Although Gen. Lord Methuen Marched 44 Miles in 25 Hours to Relieve Imperial Yeomanry Near Lindley, but Arrived Too Late.

London, June 6. — The War Office has received the following from Lord Roberts:

"Pretoria, June 5. — (12.55 p.m.) —Just before dark yesterday the enemy were beaten back from nearly all the positions they had been holding, and Ian Hamilton's mounted infantry, followed them to within 2000 yards of Pretoria, through which they hastily retreated.

Surrender Demanded.

"Delisle then sent an officer with a flag of truce into the town, demanding its surrender, in my name.

"Shortly before midnight I was awakened by two officials of the South African Republic, Sandberg, military secretary to Commandant Botha, and a general officer of the Boer army, who brought me a letter from Botha, proposing an armistice for the purpose of settling the terms of surrender.

Would Accept No Conditions.

"I replied that I would gladly meet the Commandant-General the next morning, but I was not prepared to discuss any terms, as the surrender of the town must be unconditional. I asked a reply by daybreak, as I had ordered the troops to march on the town as soon as it was light.

COMMANDANT-GENERAL BOTHA
Who formally surrendered Pretoria, Capital of the South African Republic, to Lord Roberts rather than defend the city.

"In his reply Botha told me that he had decided not to defend Pretoria, and that he trusted the women, children and property would be protected.

The Surrender Was Made.

"At 1 a.m. to-day, while on the line of march, I was met by three of the principal officials, with a flag of truce, stating their wish to surrender the town.

"It was arranged that Pretoria should be taken possession of by Her Majesty's troops at 2 o'clock this afternoon.

Mrs. Kruger in Pretoria.

"Mrs. Botha and Mrs. Kruger are both at Pretoria.

"Some few of the British prisoners have been taken away; but the majority are still at Waterval. Over a hundred of the officers are in Pretoria. The few I have seen are looking well."

ROBERTS HAD HARD FIGHTING.

Burghers Strongly Endeavored to Prevent Pretoria's Fall

London, June 5. — The War Office has issued the following despatch from Lord Roberts:

"Six Miles Spruit, 8.30 p.m., June 4.—We started this morning at daybreak and marched about ten miles to Six Miles Spruit, both banks of which were occupied by the enemy. Henry's and Ross' mounted infantry, with the West Somerset, Dorset, Bedford and Sussex Companies of Yeomanry quickly dislodged them from the south bank and pursued them nearly a mile, when they found themselves under a heavy fire from guns which the Boers had placed in a well-concealed commanding position.

Drove the Enemy On.

"Our heavy guns of the Naval and Royal Artillery, which had purposely been placed in the front part of the column, were hurried to the assistance of the mounted infantry as fast as oxen and mules could travel over the great rolling hills surrounding Pretoria. The guns were supported by Stevenson's Brigade of Pole-Carew's, and after a few rounds, drove the enemy from their positions.

Tried to Turn British Left.

"The Boers then attempted to turn out left flank, in which they were again foiled by the mounted infantry and Yeomanry, supported by Maxwell's brigade of Tucker's division. As, however, they still kept pressing our left rear, I sent word to Ian Hamilton, who was advancing three miles to our left to incline toward us and fill up the gap between the two columns. This finally checked the enemy, who were driven back toward Pretoria. I hoped we would have been able to follow them up, but the days now are very short in this part of the world; and after nearly two hours' marching and fighting we had to bivouac on the ground gained during the day.

Position of the Forces.

"The Guards Brigade is quite near the southernmost fort, by which Pretoria is defended, and less than four miles from the town.

"French, with the Third and Fourth Cavalry Brigades and Hutton's New South Wales Mounted Rifles, is north of Pretoria. Broadwood's Brigade is between French's and Hamilton's columns; and Gordon is watching the right flank of the main force, not far from the railway bridge at Irene Station, which was destroyed by the enemy.

"Our casualties, I hope, are very few."

Lord Roberts First Move.

London, June 6. — The War Office has information that one of the first things done by Lord Roberts after the occupation of Pretoria was to direct Gen. French to release the British prisoners confined at Waterval.

SURRENDERED.

13th Imperial Yeomanry Was Surrounded by a Very Superior Boer Force —Methuen's Great March.

London, June 6. — The following is the text of the despatch from Lord Roberts announcing the disaster to the 13th Battalion of the Imperial Yeomanry:

"Pretoria Station, June 5. — (12.55 p.m.) — I regret to report that the 13th Imperial Yeomanry had to surrender to a very superior force of the enemy on May 31 near Lindley. On receiving information of the battalion being attacked, I ordered Methuen to proceed with all speed to its assistance.

"Methuen was then on the march, on the Heilbron side of Kroonstad and half an hour after the receipt of my telegram, on June 1, he started off. By 10 a.m. of the following day he had marched 44 miles in 25 hours; but he was too late to rescue Col. Spragge's Yeomanry.

"Methuen attacked the Boers, who were between 2,000 and 3,000 strong and after a running fight of five hours, completely routed the enemy.

"It is a very regrettable circumstance, but I trust it will not be very long before the Irish Yeomanry are released from captivity."

A very pretty custom obtains among certain classes by which the newly married pair starts a savings bank for the child yet to be. Every day a penny or a dime, as the case may be, is dropped into the bank to swell the fund, and this practice is kept up until the child is old enough to save for itself.

The parents have the right theory but how rarely they carry it to its broadest application. Every mother is perforce laying up for her child what money cannot influence—happiness or misery. The nervous mother will have a nervous child. The irritable and fearful mother cannot have a happy and cheerful child. In mind and body the child will reflect the mother's condition.

The best preparation for motherhood is made by the use of Dr. Pierce's Favorite Prescription. Its perfect control over the sensitive feminine organism gives it a natural influence over the mind. It banishes anxiety and fear. It does away with the misery of morning sickness. It gives vitality and elasticity to the organs peculiarly feminine, and makes the trial of motherhood easy and brief. It makes healthy mothers, capable of nursing and nourishing the babes they bring into the world. "Favorite Prescription" contains no alcohol, whisky or other intoxicant. Accept no substitute.

Mrs. Axel Kjer, of Gordonville, Cape Girardeau Co., Mo., writes: "When I look at my little boy I feel it my duty to write to you. Perhaps some one will see my testimony and be led to use your 'Favorite Prescription' and be blessed in the same way. This is my fifth child and the only one who came to maturity; the others having died from lack of nourishment—so the doctor said. I was not sickly in any way and this time I just thought I would try your 'Prescription.' I took nine bottles and to my surprise it carried me through, and gave us as fine a little boy as ever was. Weighed ten and one-half pounds. He is now five months old, has never been sick a day, and is so strong that everybody who sees him wonders at him. He is so playful and holds himself up so well. I would like to see this in print for so many have asked me, 'Do you think these are the testimonials of the people, or has Dr. Pierce just made them up and printed them?'"

Dr. Pierce's Pleasant Pellets cure biliousness.

THAT ATTACK AT FABER SPRUIT.

British Casualties in Warren's Force Were 15 Killed and 20 Wounded.

London, June 6. — The casualties of the British in the fighting under Gen. Warren at Faber Spruit, May 29, when, with 700 men, he was surrounded and attacked by 1,000 colonel rebels, who were repulsed, included one man killed and 10 wounded, among the Canadian artillery. As cabled to the Associated Press, June 2, the total British casualties at Faber Spruit were 15 men killed, including Col. Spence, and 30 wounded.

"Engagement has commenced. Have landed force of 50 seamen more — battalion of marines. (Signed) Kempff."

Missionary Norman Murdered.

Tien Tsin, June 6. — News has just been received from the viceroy, through the men he sent to Yung Ching, that Mr. Norman of the North China Mission was murdered Friday or Saturday. It is thought that the viceroy knew of Mr. Norman's murder at the time of Mr. Robinson's.

Trains cannot get through to Pekin, on account of the burning bridges.

THE SITUATION IS ALARMING.

Encounter Between Boxers and Russians Fraught With Danger.

London, June 6. — The Shanghai correspondent of The Daily Mail yesterday says:

"The Boxers are within three miles of Tien Tsin. In addition to the marines, the defensive force includes volunteers, under the command of Major Higgs, late of the 16th Lancers. The town is practically under arms."

The Daily Express has a despatch from Shanghai, dated Tuesday, which says:

Russian Troops Ordered Out.

"Russian troops have been ordered from Port Arthur to the neighborhood of Pekin, to punish the Boxers for killing two Cossacks and wounding two."

The Situation Very Serious.

A despatch to The Daily Mail from Tien Tsin, dated June 4, says:

"The situation is very serious. The Boxers are approaching Tien Tsin on all sides."

Powers Exchanging Despatches.

The Berlin correspondent of The Daily Chronicle says:

"In official circles it is believed the situation in China has grown worse. The powers are now exchanging despatches regarding the appointment of a single commander for the united European and American squadrons."

TO FACE ALL OF EUROPE

Rather Than Interfere With the Boxers Says Dowager Empress.

Shanghai, Monday, June 4. — The China Gazette says it has the highest authority for stating that the Dowager Empress has ordered the Tsung Li Yamen to face all Europe rather than to interfere with the Boxer movement.

Elsewhere it is asserted that the Viceroy has ordered the troops to oppose the further landing of parties from foreign warships and that the troops now engaged in operations are designed to prevent further foreign reinforcements reaching Pekin.

The French in Algiers.

London, June 6. — Special despatches last evening from Algiers portray a serious situation. Thousands of Moors are massing at Figuig and in the neighborhood, preparing for a determined attack upon the advanced posts of the French. The French are preparing entrenchments and are confident of their ability to repel an attack, and even to take the offensive against Figuig if necessary.

Two Ways Consumption

Effectually Guarded by the Great Twin Remedies—Dr. Chase's Catarrh Cure and Dr. Chase's Syrup of Linseed and Turpentine.

That catarrh becomes consumption is well known, and this fact should be sufficient to warn every catarrh sufferer to take prompt action to cure this insidious disease. The accompanying letter tells how an Ottawa man was saved by Dr. Chase's Catarrh Cure after doctors had given him up as a victim of consumption.

Mr. Thomas Squirrel, 214 Bay St., Ottawa, Ont., states: "I was afflicted with a severe form of catarrh for nine years, and was so bad that the doctors gave me up to die of consumption. A careful, systematic use of Dr. Chase's Catarrh Cure brought about a complete change. I have no longer any hacking or spitting, and am perfectly cured. The doctors burnt out my throat three times for this disease."

Consumption is also developed from throat and chest colds that irritate the linings of the bronchial tubes and lungs and set up congestion. This way to consumption is effectually barred by Dr. Chase's Syrup of Linseed and Turpentine, as is illustrated in the case of Mr. Dodds, whose letter we quote:

Mr. J. J. Dodds, of Pleasant Ave., Deer Park, Ont., writes: "I have suffered in my head and throat and all over my body since last summer from a very heavy cold, which I could not get rid of. I have tried several of what are considered good remedies, but none seemed to be of any avail. I began to think that my cold was developing into consumption, as very many have to my knowledge, I am thankful now to say that Dr. Chase's Syrup of Linseed and Turpentine has worked a complete cure, as I am now entirely free of the cold."

Dr. Chase's Catarrh Cure clears the stuffed up air passages of the head, stops the droppings into the throat, counteracts foul breath, positively cures cold in the head, catarrh, catarrhal headache and deafness and prevents consumption.

Dr. Chase's Syrup of Linseed and Turpentine loosens the tightness in the chest, allays inflammation in the bronchial tubes and positively cures croup, bronchitis, asthma, coughs and colds and prevents pneumonia, consumption and inflammation of the lungs.

Dr. Chase's Catarrh Cure, 25 cents a box, blower free. Dr. Chase's Syrup of Linseed and Turpentine 25 cents a bottle, Family size three times as much 60 cents, at all dealers or Edmanson, Bates & Co., Toronto.

TIMELY TOPICS.

Its the old story. Our esteemed contemporary the Senior Grit Sheet makes the same mistake of thinking that abuse is argument, and last night dished up a column of vulgarity to its readers, who are expected to accept that as an answer to the cold facts contained in Sir Charles Tupper's speech at Picton.

• • •

The Senior Grit Sheet said that Sir Charles Tupper "did not denounce in Picton the action of the Government in sending troops to assist the Mother Country in South Africa." No. Sir Charles did not denounce the action of the Government in sending troops to South Africa, and if he had he would have done a very peculiar thing, inasmuch as the Government would not have taken that action unless compelled to do so by the Conservative party and public opinion. A Government which allowed Canada, "the brightest jewel in the British Crown," to be the thirteenth and last to offer its services to the Mother Country, and then only with a beggarly "no precedent" clause, has very little to be proud of. Faugh! One would think Liberals would have decency enough to be ashamed of that blot on their record, but then you might as well look for roses growing on an ash-pile as to expect to find honor or decency in the columns of the Senior Grit Sheet.

• • •

The delightful article also says: "He was probably posted on the fact that the people of the county of Prince Edward are among the most loyal people of the country, and he governed his remarks accordingly." That is a well-deserved compliment to the people of Prince Edward, as may be inferred from the fact that when their brave boys went to the war there was not one man in Picton with a soul so despicably small and mean as to begrudge them the money which their proud fellow-citizens tendered them. No, that "honor" was reserved for Belleville. Hear ye Grits who now prate so loudly of your loyalty; Through all the length and breadth of Canada but one journal, printed in English, was beggarly and mean enough to oppose the civic grant to the men who were off to the war, and that was the Senior Grit Sheet of Belleville! Is it not enough to give one all sorts of pains to hear that rag prate of loyalty?

• • •

However, no self-respecting Liberal holds himself responsible for the erratic actions of the Senior Grit Sheet; they simply look upon it as an object lesson of what a paper can become the proprietor of which made filthy lucre his god and in the worship of it trampled on every principle of decency and honor he ever possessed.

• • •

The fact of the matter is that Sir Charles Tupper's speech was a masterly effort, clearly put and convincing, which is pretty well proven by the fact that the only answer which the Grit organ can produce is coarse vulgarity, some of which is apt to make even an opponent feel sorry for one who can shamefully abuse a man of almost fourscore, nearly half a century of whose life has been spent in the service of his country, who is one of the few remaining "Fathers of Confederation," and who has on several occasions been honored by Her Majesty the Queen.

• • •

"They've been out on active service, wiping something off a slate," and they have done the cleaning-up act strictly to Her Majesty's taste, and they can't come back to their native land any too quick. Thousands of hands are longing to grasp their hands; thousands of eyes are eager to see their weather-beaten faces again. Come home, boys, "we're waiting and watching for you."

• • •

The Grits are dreadfully disturbed about the "agitation and unrest" which they say prevail in the Tory party. It's the old game; if you see your own cause is hopeless, try and stir up a quarrel among the enemy.

• • •

Which leads one to remark that the Grits themselves are not exactly a happy family. An old staunch, dyed-in-the-wool Liberal, who has done more questionable work in aid of the party than anybody in this vicinity, swears he is done with them. He says he didn't get justice. Poor man, if he got justice he wouldn't cast any more votes for a good while.

• • •

Well, the rats are beginning to desert the sinking ship already. So far eight Grit M. P.'s, who at present have seats in the Commons, have notified their constituents that they are done with public life.

• • •

The Toronto Star, under its new management, is one of the brightest papers in Canada. The only weak point about the Star is its politics.

• • •

Visitors are complaining that the Paris Exposition is "a big fake." If that be true the Laurier Government is right in line, for they sent over, in charge of the Canadian exhibit, the biggest fakir in Canada.

• • •

Don't imagine that the Grits are of a retiring disposition because a lot of the present Liberal M. P.'s are not going to run any more. Oh, dear, no. They know the right time to get out, that's all.

• • •

The latest report is that the elections will be held shortly after the boys come home from the war, so that the Government will get the benefit of the popular enthusiasm. It will be too funny for anything to see Laurier and Tarte applauding the soldiers they didn't want to send to the war.

Some of the papers of other cities are lecturing people for losing too much valuable time celebrating. It is pleasant to note that nothing of that kind is necessary in Belleville.

• • •

The Hamilton Herald grows hysterical because a lot of boys burned Kruger in effigy. The Herald is straining at a gnat. It was not Kruger the boys were burning, it was the principles he advocated; it was the record of the man who could sail closer to the wind of falsehood than any man since Machiavelli, the man who told his ignorant countrymen that soft-nosed bullets, explosive bullets, poisoned bullets or anything else was fair against the rooinecks; in short, the greatest old hypocrite and villain of modern times. By all means burn him in effigy, it is a pity the mischief he has done could not be burned up with him.

• • •

Nine years ago to-day died the greatest man Canada has ever known. Strong of hand, ready of wit, large of heart, a born leader of men was Sir John Alexander Macdonald. The grand old Chieftain is dead, but his works live after him.

• • •

The 13th Battalion of Yeomanry was unlucky, of course, but its better to be taken prisoners now, when the end of the war is in sight, than like their gallant countrymen, the Fusiliers, were seven months ago. The question arises, where will the Boers send their prisoners, now Pretoria is taken.

• • •

That was a great march of Methuen's, 44 miles in 25 hours, even if he did got there a little too late.

• • •

The Chinese Boxers can see their finish. The Powers are landing their troops, and John Chinaman will soon be "up against the real thing."

• • •

Practical jokers decorated the residence and grounds of Prof. Goldwin Smith, in Toronto, with Union Jacks yesterday. It may have been a good joke, but it seems like a desecration of the good old flag.

• • •

When all's said and done it's a bitter pill the Boers have got to swallow—the loss of their independence—but they'll be better off in the long run, and they were altogether too slow for the go-ahead world of to-day, when, if a man can't advance himself, he must, anyhow, get out of other people's road.

ASSAY OFFICE NOTES.

The report of the laboratory of the Ontario Government Assay Office, which is conducted by the Bureau of Mines as an aid to the discovery and development of mineral resources of Ontario, shows a total receipt of 52 samples sent in during the month of May. The assay for analytical determinations aggregated 84, consisting of 27 for gold, 11 for silver, 14 copper, 6 nickel, 2 zinc, 2 platinum, 1 cobalt, etc.

Fourteen iron ores for examination as to smelting qualities were sent in from Eastern Ontario, where there is considerable activity owing to the increasing demand for iron ores of good smelting quality.

Most of the gold ores came from the Michipicoten and Rainy River Districts, about 50 per cent. carrying paying values of gold.

The nickle-copper ores were sent in from the Sudbury district where there is remarkable activity in prospecting, development and out-put of matte, despite the report that the Government regulations regarding the export of nickel-copper mattes and ores would hinder the progress of the industry.

The fees collected amounted to $88.60, being about one-half custom rates. The Bureau of Mines required two determinations from the laboratory. Eight samples sent in for identification or report as to probable commercial value were received on which nominal fees amounting to $4.00 were collected.

The Government has purchased a second diamond drill of "S" size from the Sullivan Machinery Co., for use in Eastern Ontario, owing to the great demand for the drill in use in testing the size and continuity at considerable depths of ore deposits before spending money in opening up. The drill will bore to a depth of 500 feet, diameter of the core being 15-116 of an inch. Application for the use of the drill should be made to the Director of the Bureau of Mines, Toronto. The regulations regarding public use of the drill are very liberal.

Mr. Geo. McNaughton, mining expert for the Russell Exploration Co., of Warren, Pa., dealing in oil, iron and gold properties called at the office asking complete information regarding the district.

Mr. McNaughton will investigate any prospect showing promise of becoming of commercial value. Present address is Millbridge, Central Ontario Railway.

Mr. R. E. Breton, of Patterson, New Jersey, called recently on his way to North Hastings to open up an iron ore property in which he is interested.

Iron ores have risen in value lately, good quality magnetic ores selling at $4.50 per ton laid down at Hamilton Smelter, hematite being worth $5.00 and $6.00.

Mr. Walter Wells is in North Hastings for two days in interests of the Bureau of Mines.

The Ontario Government is sending out on June 1, ten exploring and survey parties to the northern parts of Ontario, an appropriation of $40,000 for this purpose having been ratified by the last legislative assembly.

Much of the territory to be explored is now a blank on the maps and the combined reports of the surveys should add greatly to the fund of information regarding the resources—timber, farming land, minerals and fisheries—of this extensive but unknown territory.

Each survey party is accompanied by a geologist, who is to examine carefully rock formations and explore for ores and economic minerals; also by a practical farmer, whose duties are to report on the value of arable land for settlers' use in the district traversed.

All mineral samples, etc., collected by the geologists with the parties are to be sent to the Government assay office at Belleville for testing and examination as to commercial value.

COURT OF APPEAL.

Before Burton, C.J.O., Osler, Maclennan, Moss, Lister, J.J.A.

Toronto, June 5.

Culbertson vs. McCullough.—E. Gus Porter (Belleville), for plaintiffs, appealed from judgment of Ferguson, J., in action to recover possession of certain land in the town of Deseronto. The plaintiffs claim that they are tenants in tail under the provisions of the following clause in the will of their grandfather, John Culbertson, who died in 1854: "I give and bequeath to my son Archibald one hundred acres of land, being that part of my estate which lies next to the Mohawk trail; the said lot to commence at the front road and to run back through concession "A," so as to embrace the full quantity of 100 acres, all of which shall be and is hereby entailed on my said son Archibald and his heirs forever." The trial judge held that if the latter words of the clause were sufficient to create an estate tail they were repugnant to the earlier ones giving an estate in fee, and could not cut down the larger estate; and that in any event the entail had been barred by the execution and registration of a mortgage by Archibald on 9 November, 1859. Counsel contended, inter alia, that an entail had been validly created; that the mortgage in question was not one intended to be an absolute bar under sec. 9, R.S.O., ch. 122, because upon payment it was to be void, whereas if intended to be as a bar it would have provided for reconveyance upon payment; that effect should be given to the apparent intention of the testator; and that Archibald Culbertson, who executed the mortgage, was not such a person as comes within the operation, but within the exceptions of secs. 27-29, R.S.O., ch. 133. Aylesworth, Q.C., and W. B. Northrup (Belleville), for defendant, opposed appeal. Not finished.

Suits for Men.

Until you've enjoyed wearing one you cannot know how good our Suits are. The difference between them and the ordinary ready-made kind or the product of the cheap tailor is greater than you would imagine until you've made the comparison. Our suits are equal in style, fit and trimming to any a first-class merchant tailor can make, but he would have to charge you double our prices, for where he makes one suit the manufacturers of ours make a thousand, and his knowledge and skill are no greater than those of the manufacturers' designers and tailors. Once a man examines our suits no further arguments are necessary.

$5, $6.50, $8.50, $10, $12, $15.

At these prices we have suits that are really wonderful values. Takes in the finer Serges and all Imported Worsteds and Tweeds, made in that correct way that's the envy of the best merchant tailors.

Quick & Robertson's Suits for Boys.

We are just as particular about the making of our Boys' Suits as we are of our Men's, for we will sell nothing but reliable clothing. If you get a poor suit for your money we want to know it, and your money is yours. We guarantee every Boys' Suit we sell—all wool: seams silk and linen sewed; linings good, sewing good and style and shape correct, and our prices are right—a little shopping will prove that.

Young Men's Suits $5 to $12.

There is such a quantity and variety here in these suits that to look means to buy. In our clothing for young men you will find all the points of excellence known to the tailoring art. The coats are three and four button sacques, with those broad shoulders; vests are single and double-breasted; trousers are perfect in fit and style.

Hats and Furnishings.

A full range of Christy's London Hats in all the new blocks and seven different shades at $1.00 each. All the latest creations in Neckwear for Ladies' and Gentlemen.

Ladies' Belts

The Reason for Popularity : : :

When an article at once jumps into favor as has the Pulley Belts, there is a reason for it. In this case the reason is the utility of the article. The belts are easily adjusted, are comfortable, never slip, and always last well. We have them in many styles of Satin Moire and Velvet Ribbon, also the entire Metal Belt in Silver, Gilt and Nickel.

Pulley Buckles separate in dainty patterns to which any kind of soft material can be attached.

They are indispensable to comfort with a shirt waist.

Featherbone Collars and Belts with the Pulley attatchments are the latest novelty. In Black and Colored Silks. Ask to see them.

HEAT AND COLD

At this season of the year neuralgia, toothache, and a host of similar diseases are rampant. The great question, then, is to find the quickest, surests, and most economical remedy. Polson's Nerviline exactly fills these requirements. It is prompt, efficient, and most economical, for it exceeds in power every known remedy, and is as cheap as inferior articles. A ten-cent bottle will give every person a chance to test it. Large botles only 25 cents.

Parasols!

ON THURSDAY AND FRIDAY we offer our entire stock, consisting of about 30 dozen Parasols, at a reduction of

25 per cent.

Gen. Buller Gives Boers Three Days in Which to Surrender.

British Prisoners Removed to an Unhealthy Location.

Strained Relations Between Lords Lansdowne and Wolseley.

Dutch Cruiser Waiting to Take Kruger Away.

Great Numbers of Boers Occupy Majuba Hill.

May Retreat to Murchison Range, Which is Impregnable.

London, June 7.—In the absence of anything from British sources regarding the Boer statement that Gen. Buller requested a three days armistice, the military experts here are inclined to believe a revised version of the story will show that General Buller summoned the Federals to surrender or evacuate their positions within three days, failing which he would attack them.

According to a despatch from Lorenzo Marques, under to-day's date, the Boers under Gen. Botha are reconcentrating in the neighborhood of Hatherley, 12 miles eastward of Pretoria. From the same source it is reported that the British prisoners are being removed to Nooilgedacht, an unhealthy spot in the Elands Valley. About 300 men arrived there June 5th and 700 reached the place June 6th. These probably constitute the portion of the prisoners which Lord Roberts reported had been shifted from Waterval.

The strained relations between the Secretary of State for War, the Marquis of Lansdowne, and the British Commander-in-Chief, Lord Wolseley, appear to have reached such a pitch that but for the exigencies of the situation Lord Wolseley would have resigned. It seems that Lord Lansdowne attempted to usurp authority always heretofore wielded by the Commander-in-Chief, and the latter is now said to have laid the whole matter before Lord Salisbury.

London, June 7.—The Birmingham Post, organ of Mr. Joseph Chamberlain, the Secretary of State for the Colonies, says it hears from an official source at the Hague, that a serious question concerning President Kruger is now before the Netherlands Ministry. The paper adds that the President, up to last Friday, had decided to seek refuge on board the Dutch cruiser Friest, now off Lorenzo Marques, and asserts, "There is beyond doubt good reason to believe that instruction thereanent have been cabled to the commander of the warship."

New York, June 7.—Great numbers of the enemy still occupy Majuba Hill, Laing's Nek and the Pagwani range, as far east as Englebrechts Pass, says a Newcastle despatch to the Herald, dated Monday. On the Vallasberg the positions they hold are particularly strong. Gens. Christian Botha, Fourie and Pretorius are in command. Should they obstinately refuse to yield and still continue fighting they will in all probability fall back on Lyndenberg, by way of Ermelo, with prospects of a safe retreat into the almost inaccessible mountains of the Murchison range. Their task to prevent Gen. Buller's entry into the Transvaal by way of Volhurst can only result in failure and unnecessary loss of life on both sides.

LETTERS FROM PRIVATE FRYE

Which Effectually Dispose of the Report that He was Numbered With the Slain.

The following letters have been received from Pte. C. E. Frye, who was reported killed at Thaba N'Chu on April 25:

Thaba N'Chu, April 29, 1900.

Dear Sister, — Left Bloemfontein last Saturday to round up the main Boer army to-day; we have them all surrounded and will make them throw up their hands in a few days. The Boer force is from 2,000 to 10,000 but the land is so rough here that it takes a long time to get around them. We Canadians have had it hard the last few days. Wednesday we had to take a kopje that the Boers held, so as to command their main position; we lost 1 man killed and 3 wounded. Col. Otter was shot in the chin, but not serious. For the last few days we have had to scout around all day and up all night, so you bet we are dead tired; we hope though to have a rest for the next few days. This is strictly a Dutch town about the size of Trenton at home; there is not a man residing in town every one of them are off fighting on the hills surrounding the town. We are 35 miles from Bloemfontein. I am in the best of health; only four of us boys out on this trip, the rest are all laid up in Bloemfontein. Hope this will have something to do in ending the war.

Thaba Mountain, May 2, 1900.

Dear Sister,—We have been fighting for two days; took Boer position; killed about three hundred of them and captured two of their big guns. Our Company had only one killed, Cotton, from Ottawa, Col. Cotton's son; he was struck by a shell and blown all to pieces. I am in the very best of health and did not get a scratch. We are on the road to Pretoria, so look out for some good news. We gave the Boers a great old thrashing; got within 20 yards of them and gave them good heavy volleys; the first time in this campaign that we got a good fair shot at them.

Best regards to all,
BROTHER "ERN."

DEAN WILLIAMS IS THE MAN.

The Bishop of Algoma Was Elected Coadjutor Bishop of Ontario, but Declined the Office.

The Synod of the Diocese of Ontario proceeded to elect their coadjutor Bishop yesterday (Wednesday) afternoon at 3 o'clock. The race for the office was between the Rev. Professor Roper, formerly of Trinity College, Toronto, on the part of the clergy, and the Rev. Prof. Worrell, of Kingston, on the part of the Laity. After taking six ballots and coming out nearly even every time, his Honor Judge McDonald suggested that the Synod, both clerical and lay, meet and form some plan to come to an agreement.

The Rev. C. H. Hutton suggested that the clergymen and laymen meet separately and each appoint a committee of seven to hold a conference. It was past midnight when Judge McDonald made the suggestion, and about 1 o'clock this morning the committees came together.

The deadlock became so intense that it was decided to drop both candidates. The laity wanted Bishop Thorneloe, of Algoma, and at 2.30 this morning the clergy agreed on the Bishop of Algoma, who was unanimously elected.

BISHOP THORNLOE DECLINES.

Kingston, Ont., June 7.—Dean Williams, of Quebec, was elected Coadjutor Bishop of the Diocese of Ontario this afternoon. Bishop Thornloe, of Algoma, who was chosen last night, having declined the office.

OBITUARY.

Richard Beaumont, aged 8 years and 10 months, died this morning at the family residence, Burrell street. The lad had been ill for some time.

JOHN PELKEY.

At Canifton this morning Mr. John Pelkey died after a lingering illness from dropsy. The deceased was 44 years of age, and had resided in Canifton the greater portion of his life, being a tanner by trade. Deceased was a member of St. Michael's Church. A widow and three sons survive. Funeral on Friday at 2 o'clock.

MISS E. M. WALLACE.

Miss Edith M. Wallace, a daughter of the late John Wallace, died yesterday at Rochester, N.Y. The deceased was born in this city 25 years ago and spent the greater portion of her life here. She was a young lady who was well known and had many friends here. The remains will be brought to this city for interment.

MRS. URIAH BETTEAS.

Mrs. Uriah Betteas died at her home in the township of Ameliasburg on Wednesday, May 9th, 1900, in the sixty-eighth year of her age. Mrs. Betteas was twice married, first to Lewis Lont, and then to Uriah Betteas. A son and daughter survive by her first husband, Mr. Lewis Lont, of Ameliasburg, and Mrs. Spencer, of Consecon.

LIVE SPORTING NEWS

BASEBALL.

An Excellent Game—The Citys Win Out.

A goodly number of spectators gathered at the Agricultural Park yesterday afternoon to witness the third of the series of city league matches, and they were well repaid for their attendance. The game throughout was spirited and the result was in doubt until the last half of the ninth innings had been nearly completed. The teams were the Citys and the Crescents. In the early part of the game the Citys took the lead but in the 9th innings the Crescents struck a batting streak and not only tied the score, but had one run to the good. In the last innings for the Citys they were however able to score two runs with only one man out. One of the features of the game was the home run made by G. Winchester of the Crescents, who drove the ball to the western line fence of the grounds. The pitching of Lang and E. Gibson was good. Mr. Wm. Cochrane umpired the game and his decisions gave universal satisfaction. The score at the finish was 10 to 9 in favor of the Citys. The players and their positions were as follows:—

Crescents—Lang p., Hayes c., c.f., McGuire c., c.f., Truiasch 1st b., Brown 2nd b., Hoover s.s., Winchester 3rd b., Wallace lf., Hanley rf.

Citys—E. Gibson p., Langley c., W. Clement 1st b., Draycott 2nd b., C. Thompson 3rd b., Quincey s.s., Belair lf., R. Gibson rf., J. Clement cf.

CYCLING.

A meeting of the Bay of Quinte Bicycle Racing League was held here last evening, the delegates in attendance being: J. Hoag, Kingston; C. W. Baker, Deseronto; G. A. Ireland, Trenton; and H. A. Fish, of Belleville. The officers elected were the same as last year. The only clubs remaining in the league now are Deseronto and Belleville. Some business of a routine nature was transacted.

A Fine Trophy.

Too Much Chloroform

On Tuesday evening Miss de Guerre, who is a member of the musical staff at Albert College, was prostrated through inhaling too much chloroform. It appears the young lady was suffering from toothache and in order to obtain ease used the drug, saturating some cotton batting, applying it to the tooth and also placed some upon a handkerchief for the purpose of applying it to her face. Unfortunately Miss de Guerre inhaled the fumes of the chloroform and was rendered unconscious. Medical aid was however, summoned, and we are pleased to state that she is improving.

LOYAL TO THE FAMILY.

(Mail and Empire.)

However dissatisfied Mr. Tarte may be with the British Empire he is certainly loyal to the various branches of his family. One of his first exploits after taking office was to secure for his sons the possession of the French organs in Montreal. La Patrie was purchased for them through the kind assistance of Mr. Greenshields, who afterwards sold his Drummond railway to the Government at a profit of some hundreds of thousands of dollars. When the sons were comfortably settled Mr. Tarte attended to other members of the family. One son had married Miss Gauthier, Mr. Gauthier, the lady's father, had been a grocer, and had subsequently turned his attention to real estate. One fine morning he was both surprised and delighted to receive from the Public Works Department the following missive:

"Thomas Gauthier, Esq., Montreal:

"Sir,—The Minister of Public Works has instructed me to write to inform you that the Department is disposed to enter into negotiations with you for the execution of the dredging work which we are about to undertake this year at Laprairie and Coteau. Would you have the goodness to let me know as soon as possible if you are disposed to undertake this work, if you have at your disposal the outfit required, and if you would be ready to proceed at the opening of navigation? The price paid by the Government for this class of work is $8 per hour. I would be happy to receive your reply with as little delay as possible.

"THOMAS GOBEIL,
"Deputy Minister."

Mr. Gauthier did not have to tender for the job as most contractors are required to do. The work was simply thrust upon him. After looking into the matter he determined to serve his country. It was a simple process. All Mr. Gauthier had to do was to engage a regular dredger to carry on the work at $5 an hour and to keep the rake-off of $3 an hour or $30 a day for himself. It was a rich find, and the dredging has been going on for years. Mr. Gauthier attends to his regular business; the dredger does the dredging. Evidently to be the father-in-law of Mr. Tarte's son is a good thing. While Mr. Tarte was attending to his son's father-in-law he did not forget his own son-in-law. Miss Tarte married a Mr. Robillard, who is engaged in the carpet business in Montreal. Mr. Robillard received notice in April, 1898, that he was to do dredging at Berthier, in Quebec. He did not have to tender; but was simply informed that the rate was $8 an hour, and ten hours per day. It was a repetition of the Gauthier incident. Mr. Robillard has been dredging ever since, by proxy. That is to say, the real dredger has been dredging at $5 or $6 an hour, while Mr. Robillard has been receiving $8 an hour, and keeping the neat little profit of $20 or $30 per day that this difference in price gives. Certainly Mr. Tarte has family affection quite strongly developed in him. It takes in even the remote relations, those by marriage, and accords them a share of the Minister's good fortune. We cannot help thinking, however, that where there is work to be done for the country the middlemen ought not to be given a "rake-off." Is it honest to allow the carpet merchant and the real estate broker to sit in their offices and take toll as the dredging money passes by?

That Ale is made by a brewery that has a reputation that is over fifty years old.

The good name it has gained is because of the quality of its Ale and Porter. That quality is always the same.

RESTING BEFORE LONG CHASE

After the Retiring Boers in the Direction of Lydenberg.

Is British Cavalry Trying to Intercept Botha? Lord Roberts Surprised at the Reception in Pretoria—There Was Much Enthusiasm When the British Flag Was Hoisted There—Armistice Between Buller and Botha.

London, June 7.—(3.15 a.m.) — Military operations in South Africa are apparently at a standstill. For a day or two the tired troops of Lord Roberts are resting and he is filling the magazines and warehouses at his new base, Pretoria, preparatory to a long chase after the retiring Boers in the direction of Lydenberg. His cavalry are probably seeking to intercept Commandant Botha.

Gen. Botha was fighting an essentially rear guard action, his object not being to defend Pretoria, but to delay Lord Roberts until the railway switch had been cleared and the main part of the Boer army had started to withdraw. The British advance appears to have left open to the Boers the best line of retreat along the railway.

Gen. Baden-Powell has extended martial law to the Marico and North Lichtenberg districts. Shots were exchanged between Boer and British patrols eighteen miles east of Mafeking on May 28.

The Boers used both heavy and light artillery at Pretoria.

What is supposed to have been the last train out of Pretoria arrived at Lorenzo Marquez Sunday evening. The passengers included a number of foreign volunteers who were leaving the Boers, and also the wives and children of Hollanders. They described Pretoria as destitute of food and clothing. What the Boer officials could not take, the natives and townspeople did.

The Entry Into Pretoria.

London, June 7. — Lord Roberts telegraphs to the War Office as follows,

"Pretoria, June 5.—(5.35 p.m.) — The occupation of the town passed off most satisfactorily, and the British flag is now hoisted on top of the Government offices. The troops met with a much more enthusiastic reception than I anticipated. The third battalion of the Grenadier Guards lined the square when the march past took place. Owing to their having been on duty at some distance around the town, very few cavalry and infantry were able to take part in the ceremony. Several of our officers who had been prisoners were among the onlookers."

Armistice at Laing's Nek.

London, June 7. — A special despatch from Lorenzo Marquez, dated Tuesday, June 5, says: "Gen. Buller and Christian Botha met at Laing's Nek, at Buller's request, when a three-days' armistice was agreed upon." The despatch adds that the British have evacuated Utrecht.

Duke of Norfolk Wounded.

London, June 7. — The Duke of Norfolk, who is Lieut.-Col. of the Second Battalion of Royal Sussex Yeomanry, now in South Africa, has met with a somewhat serious accident by falling from his horse. His hip was dislocated, and he received other injuries.

Salisbury Congratulates Roberts.

London, June 7. — Lord Salisbury cabled to Lord Roberts on Tuesday as follows:

"I earnestly congratulate you on this crowning result of your brilliant strategy and the devotion of your gallant soldiers."

Boers Took 54 Prisoners.

Maseru, Basutoland, June 6. — A trooper of Brabant's Horse says that in the last engagement the Boers took 54 prisoners, including an officer, whom they released conditionally. The officer estimated that the Boer forces between Ficksburg and Bethlehem number 6,000 men.

The Captured Battalion.

London, June 7. — The Thirteenth Imperial Yeomanry Battalion, captured by the Boers Friday near Lindley, Orange River Colony, consisted of two Irish units, and two companies of the Duke of Cambridge's Own, including Lord Donoughmore's Company, which was regarded as the crack of the corps, a number of men in the ranks being closely allied to noble families. Among the officers are the Earl of Leitrim, the Earl of Longford and the Earl of Ennismore.

CANADIANS WOUNDED.

Several of Them Are Severe—One Man Dangerously Ill.

London, June 7. — It has been reported to the War Office that Pte. P. Clunie, of "D" Co., Royal Canadian Regiment of Infantry, is dangerously ill at Winburg hospital.

It has also been reported that Gray (127) and Stewart (291) were severely wounded at Olephantsviel. There are no numbers corresponding with these names in the official list, but there are several Stewarts and Greys in the Mounted Rifles and Canadian Artillery.

Several Wounds Severe

The wounds received by Ptes. J. E. Davies, J. Jordan and J. B. Robinson, of the Royal Canadian Regiment of Infantry, at Johannesburg, are reported to the War Office to have been severe. Those of the other four Canadians were only slight.

Bobs' Proposal Not Accepted.

Ottawa, June 7. — It is reported that the Minister of Militia has cabled Col. Lessard to the effect that the proposed change in the title of the Canadian Mounted Rifles would be inadvisable. Lord Roberts had suggested that the name of Royal Canadian Dragoons be given to the first battalion of the mounted rifles, but the change would not apply to the second battalion, and it is considered inexpedient to have two sections of the same regiment under different titles.

Plague Dying Out.

San Francisco, June 7. — No new cases of the plague have been reported.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

THE ORIENTAL WAR CLOUD.

Russia and Japan May Be Embroiled.

Russia Said to Be Intriguing to Have China Call Upon Czar for Aid—In Consequence, Japan Is Said to Have Mobilized Its Navy for War—U.S. Minister Conger Sends More Bad News—British Minister Ill.

London, June 7. — A special despatch from Shanghai, dated June 6, says the members of the majority of the legations at Pekin, including the members of the British legation, are sending their families away. It is also said that several prominent Chinese are leaving the city.

There is an unconfirmed report that two Russian engineers have been murdered at Yo Chow Fu, northwest of Port Arthur, after their wives had been outraged.

The total damage done to the Chinese railroads by the Boxers is now estimated at $5,000,000.

Cabinet Crisis in Japan.

London, June 7. — Advices received from Japan say the Cabinet, presided over by the Marquis Yamagata, has resigned, and the Emperor has invited the Minister of Finance, Count Matsukata Masayoshi, to form a new Cabinet, but he declined, and the Marquis Ito is now endeavoring to form a coalition ministry.

FIGHTING NEAR PEKIN.

Troops and Boxers Were Engaged and Many Killed.

Shanghai, June 7. — The soldiers despatched to attack the Boxers have fought an engagement quite close to Pekin. Many were killed on both sides.

Japan Shows Herself.

In consequence of the representations of Japan, the landing of a large Russian force at Taku is alleged to have been stopped. It is believed here that should Russia persist in sending a preponderant military force to the front, a collision with Japan would inevitably result.

Alarming Reports.

Alarming reports are current here of the hurried completion of the mobilization of the Japanese fleet.

Russia Wants to Get In.

The Russian Minister at Pekin, Mr. De Giers, has made another attempt to induce the Chinese Foreign Office (Tsung Li Yamen) to formally request Russian assistance to restore order, but the offer has not been accepted.

Violent dissensions are reported to exist between the Chinese commander-in-chief of the forces, Jung Lu, and Prince Ching Tuan, who, in accordance with the wishes of the Dowager Empress, is strongly supporting the case of the Boxers.

The mobs who murdered the English missionaries, Robinson and Norman, have since mutilated and disemboweled the bodies.

The station at Yan Ting, three miles from Pekin, has been burned.

The British Minister, Sir Claude M. Macdonald, is reported to be quite ill.

BAD NEWS CONTINUES.

U.S. Minister Conger Cables That the Situation Is Worse at Pekin.

Washington, June 7. — Bad news continues to come from Minister Conger, and the American naval force in the Pei Ho River has been ordered strengthened.

The minister cabled yesterday that the situation was worse at Pekin, and this statement, taken in connection with Admiral Kempff's alarming cablegram of the day before, announcing that an engagement had begun, decided the State Department to increase the naval forces nearest the scene of trouble. Accordingly a cablegram was sent to Admiral Remey at Manila directing him to despatch at once to Admiral Kempff's command the gunboat Helena, or, if that craft was not at Manila and ready for immediate service,, then some craft of correspondingly light draught and power. The purpose is to place at Admiral Kempff's disposal an efficient warship capable of ascending the Pei Ho River, as far as Tien Tsin.

Little, But Dangerous.

The little Helena, drawing only 11 feet, was designed for service in these Chinese rivers, and so is likely to prove much more effective than any other of the foreign warships which can pass the Taku forts and reach Tien Tsin. She carries a battery particularly adapted to dealing with such half-organized mobs as the Boxers. She is commanded by Commander Swinburne. If she left Manila yesterday she should reach Taku next Sunday night.

Secretary Hay cabled Minister Conger at Pekin an authorization to call for reinforcements from Admiral Kempff and to make such disposition of his naval force as he might deem proper to protect the American legation and consulates, and American interests generally.

Growing Steadily Worse.

Pekin, June 7. — The situation is growing steadily worse. Events move with such rapidity, and the affairs, owing to the excitement of the natives, are so critical, that the Foreign Ministers hold frequent meetings. They feel the need of a free hand for energetic action, without a perpetual reference to the Home Governments. Sir Claude Macdonald, the British Minister, is wiring for 75 more marines. Native employes who have returned from Feng Tai say they left the Boxers openly drilling in the adjacent villages.

Court Party Seeking Safety.

London, July 7. — The Morning Post has the following despatch from Pekin, dated yesterday: "Reports say that the court party is collecting inside the city; consequently there is increased uneasiness."

Mail for Dawson City.

Washington, June 7. — Through an arrangement entered into by the post departments of the United States and Canada it will be possible to send all classes of mail to Dawson City and other places in the Yukon district. Heretofore only letter mail could be transmitted to there points.

Bishop Thornloe Chosen.

Kingston, Ont., June 7. — (2 a. m.) — After several conferences both committees of the Synod of the Diocese of Ontario decided to withdraw Professors Roper and Worrell, and nominated Bishop Thornloe of Algoma. He was afterwards elected coadjutor by the Synod.

Woman Killed Near Kingston.

Kingston, Ont., June 7.—Early yesterday morning Elizabeth (or Martha) Steele was struck by a freight train a mile east of the G.T.R. station and was killed. She was about 60 years of age and was a country pedlar.

Stinson Won His Case.

Hamilton, June 7. — The depositors of the Stinson Bank estate were cheered by the news yesterday that James Stinson had won his suit against the United States Government to determine the title to 2,200 acres of land in Superior, Wisconsin. It is said that this land is sufficiently valuable to enable Mr. Stinson to settle his debts.

A C. P. R. ENGINEER

Suffered From Asthma for Twelve Years. The C. P. R. Doctor Prescribed Clarke's Kola Compound. Was Cured With Two Bottles.

Mr. N. R. Hume, C.P.R. engineer, western division, writes:—"I have suffered from asthma in a most distressing form for twelve years, and never succeeded in getting anything to help me permanently, until the C.P.R. doctor prescribed Clarke's Kola Compound for me in December, 1897, when two bottles entirely cured me; at least, I have not since had any return of asthma."

Clarke's Kola Compound is the only permanent cure for asthma. See that you get Clarke's. Sold by druggists, or by the Griffiths & Macpherson Co., Limited, Toronto.

It is the clear ring of truthful statements by well-known truthful people that makes the reputation of Kootenay Cure in Pill form so great. The new ingredient that enters into its composition is a far reaching cure-maker.

THE SISTERS.

MONASTERY OF OUR LADY OF CHARITY,
411 St. Andrew Street,
S. S. Ryckman Medicine Co. Ottawa.

DEAR SIRS,—You must have found it strangely ungrateful on our part never to have thanked you for the Kootenay Cure you were so kind as to send us last winter.

The fact is, we had it a long time before we knew to whom we were indebted, until the Rev. Father McGuckin, Rector of the Ottawa University, told us that he had sent you our name, and you were kind enough to send the medicine gratis. Those amongst our Sisters who took it find themselves much benefitted; especially cases of indigestion, poverty of the blood and the after effects of the Grippe. But there is one thing it cures, which we have not noticed in your publications, and which we are happy to be able to announce to all great singers. One of our Sisters who sings in our choir took the Grippe last December. She was ill a long time, as it especially affected the bronchial tubes, and though she recovered slowly, still continued weak. Her voice, however, remained so husky that she had to give up singing altogether. About two weeks ago she began to try Kootenay Cure, and besides feeling stronger, finds her voice coming back so quickly that she is already able to sing short pieces. Thanking you heartily for the medicine you sent us, and recommending it to all sufferers, and especially to all singers, we have the honor to be, sir,

Your humble servants,
THE SISTERS OF OUR LADY OF CHARITY,
"GOOD SHEPHERD."

The remarkable success made by Kootenay Cure in Pill form in picking up debilitated, pale bloodless women and restoring them to health is a marked feature of this medicine and proves the wonderful building up properties of the new ingredient peculiar to Kootenay.

KING'S DAUGHTERS.

Hamilton, Ont.

DEAR SIRS,—We, as a society, have adopted this means to express to you our sincere thanks for your valuable medicine "Kootenay Cure," which you so generously donated to the Cheerful Workers' Circle of King's Daughters, Hamilton. It has proved a blessing in several cases of Rheumatic suffering by effecting a cure, and in one case especially, that of George Ball, residing on Sanford Avenue, near Huron Street, we desire to thank you. When we first visited Mr. Ball in September last, he was a hopeless and helpless invalid, his condition being brought about by Sciatica Rheumatism of long standing. We gave him Kootenay Cure, which he took with such beneficial results that in three weeks time he was able to walk, and to-day is completely cured and working at hard labor. His case was an unusually bad one and his cure is little short of marvellous, and we have no hesitation in saying Kootenay cured him. Should you think suffering humanity would be benefited by the publication of this letter you are at liberty to use all or any part of it.

Gratefully yours,
(Signed) MAY PRATT, President.
MRS. D. B. PRATT,
25 East Avenue North.

Notable among the Kootenay cured are so many of the considered "hopeless and helpless" cases restored because of the hidden curative treasure contained in Kootenay Cure in Pill form.

THE RECTOR.

UNIVERSITY OF OTTAWA,
Ottawa, Canada.

DEAR SIRS,—I wrote to you in July last stating that I derived much benefit to my health from taking your truly marvellous remedy "Kootenay Cure." Since then I have taken three more packages, and am now pleased to be able to inform you that I am now freed from Chronic and Acute Rheumatism, Diabetes and La Grippe. This is the first winter since 1890 that I have escaped from having several severe attacks of La Grippe, and notwithstanding the incessant and onerous duties of my position in this University, I have, thank God, enjoyed excellent health since last August.

I have recommended the remedy to many persons, both in and outside of the University, and in most cases with entire success. These include persons suffering from Rheumatism, Bright's Disease, Boils, Salt Rheum, Loss of Appetite, Dyspepsia, General Debility, Insomnia, Somnambulism, Skin Diseases, Nervous Debility, La Grippe, etc., etc. In some of these cases the patients had been under the care of physicians for several months without relief, and were cured by using "Kootenay." I shall adopt it as the "Family Medicine" for this institution.

Yours truly and gratefully,
(Signed) J. M. MCGUCKIN, O.M.I., D.D., Rector.

Kootenay Cure in Pill form is sold at 50 cts. per box and can be obtained at the Drug Stores of D. M. Waters and J. S. McKeown, Belleville.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

PROTOS VERSUS VITALINE.

A Scandal That Ought to Be Investigated at Once.

Was the Emergency Ration Supplied by the Government to the Second Canadian Contingent Spurious?—Mr. Monk Charges That Vitaline, an Untested Food, Was Substituted for Protos, a Tested Ration—A Warm Time.

Ottawa, June 7. — Has Canada an embalmed beef scandal on her hands? Did the Militia Department provide the members of the second contingent with putrid emergency rations, that were on a par with peas? Has an infamous crime been committed? These were the questions raised by Mr. Monk of Jacques Cartier yesterday, when he asked for an inquiry into certain facts relating to the purchase of emergency rations.

On the opening of the House yesterday, Mr. Monk of Jacques Cartier read an article from The Military Gazette of April 3, 1900, in which it was stated that the Militia Department had paid $2 a pound for a ration that could be duplicated in Canada and the United States for from 12 to 15 cents. No tenders had been called for, and the ration was given no practical test. It was packed in tins that were not air-tight, and that were labelled falsely. "On this diet, with tea and coffee, Canadian soldiers have lived, without discomfort, for 21 days."

Mr. Monk said this was his ground for moving for an investigation, for no fraud should go unpunished, and the persons low enough to trade on the health of soldiers should be found out.

A History of the Case.

Mr. Monk said the article had never been called in question. He then gave this history of the ration purchased. In October, 1898, a Montreal company brought their ration to the notice of Lieut.-Col. Neilson, Director-General of the Medical Department of the militia. Samples were sent to the department. In February, 1899, Dr. Borden promised to give the ration a first trial with the Yukon Mounted Police. In March, 1899, Dr. Devlin of Montreal came to Ottawa, representing this company, and Dr. Borden promised to give his ration a severe test. The test was carried out at Kingston, and proved successful. Now, war broke out, and the company sought an order for its ration for the first contingent. Dr. Borden replied that the Government had nothing to do with the provisions of the contingent.

The Company Was Offended.

In January, 1900, the company became aware that a large quantity of a certain kind of ration had been bought from Chemist Lyons of Montreal, by the Government at $2 a pound. On January 25 the company offended that the Government had broken faith with it, wrote to Dr. Borden, asking if this was true. The letter was registered. Dr. Borden never answered it. When the company sent a reliable man to Lyons and bought a sample of the ration sold to the Government, the man had to pay $3 for it, because Lyon declared the Government had bought such a large quantity and given promises for the future. The sample was taken to Milton Percy, the analyst of Montreal, who declared there was but 17.55 per cent. of nutriment in the ration, while the ration tested at Kingston contained over 60 per cent.

$500 for $100 Worth.

The analyst found that the ration was but an ordinary breakfast food that could be bought for 10 to 12 cents a pound in New York. So that the Government had paid $5,000 for what was worth $400. As an emergency ration it was valueless. It was not even sterilized. To a certain extent it was putrid. It was an ordinary gruel. A gross fraud had been perpetrated by labelling the ration as if it had stood the test.

Enquiry Should be Held.

Mr. Monk then declared that the Department had not taken sufficient precaution. An inquiry should be held so that those who tried to make money at the expense of soldiers' health should be held up to contempt. The Minister was gravely compromised and should be the first to ask for an inquiry.

This was the case for the Opposition, and it was sufficiently grave to keep all the Ministers in their places till 6 o'clock. It was no joke and the Ministers were made serious.

Dr. Borden on the Rack.

When Dr. Borden rose to reply, he flatly denied many of Mr. Monk's statements, and accused him of aiming only to make a political point, regardless of loyal sentiments for the South Africa soldiers. He rested his case on the declaration that the emergency ration so successfully tested at Kingston was the very ration sent by the Department to South Africa. He was emphatic in declaring that in the purchase of the ration he dealt solely with Dr. Devlin, whose recommendations from Sir Hingston and Prof. Ruttan, as to the excellence of the ration led the Minister to put the utmost faith in it. It was the test ration, he had every reason to believe, that was sent to South Africa. To prove his case he read a letter from Lieut.-Col. Neilson, dated June 5, 1900, in which it was stated that some of the samples of ration used at the Kingston test had been retained by the colonel. After the purchase in January, 1900, he compared the ones sent to South Africa with the others, and found them to be identical. Prof. Ruttan's recommendation was read, stating that the ration contained 88 per cent of nutriment. In conclusion Dr. Borden said he was ready for any inquiry.

Discussion Became General.

Sir Charles Tupper said that if the charges were true, a more frightful fraud had never been brought before Parliament. The matter simmered down to the charge that a worthless food had been substituted for a tested food, and had been falsely labelled as if it were the good food. The Minister had been lacking in his duty because he should have had a certificate of the food's fitness from an impartial man, not from Devlin.

The Premier Defends Borden.

Sir Wilfrid Laurier said the question was, had the Minister of Militia taken due precaution to guard the health of the soldiers? He had. Dr. Devlin and Prof. Ruttan were reputable men, recommending the ration. Col. Neilson's letter showed that what the Government bought and that tested were identical. If the same food went to South Africa no fault could be found. If not, then the presumption was that Dr. Devlin did not give to the Department what he had contracted to do. He was guilty of the unspeakable crime of substitution. This, then, was the charge, not against Dr. Borden, but against Dr. Devlin.

Offender Should be Punished.

Mr. Foster held that there had been no charges made against Dr. Borden. The matter was that if any one had imposed on the soldiers he should be punished.

Mr. Monk said he wanted an inquiry to find out if the wrong food had been palmed off on the soldiers.

Dr. Borden was the prime factor. He had not exercised due care, for in dealing with a contractor one should deal with him as if he were a third party. Dr. Borden could not say that the last samples examined were the packages actually taken from the boxes sent to South Africa. He only believed they were. This was the fatal step pointing to the substitution of a wrong ration.

Mr. Fielding said it was an abominable charge that Dr. Borden had been bribed to send rotten stuff to Africa.

It Was Worse Than Peas.

Mr. McNeill said the ration was worse than peas. It had been less nutriment. He wanted to know if Vitaline, the ration sent to South Africa, had been tested as the Protos had been at Kingston.

An Unseemly Row.

Dr. Borden refused to answer, and an unseemly row ensued.

It might be here remarked, in order to give a clear idea of this question, that it is assumed that Dr. Devlin first represented the Protos firm and afterwards the Vitaline firm. When Dr. Borden declares that the food sent to South Africa was identical with the ration tested at Kingston he means that Vitaline is identical with Protos. The charge made by the Opposition is that Protos is made by a registered company, but Vitaline by an unrecognized concern. Protos is good; Vitaline spurious.

McNeil Made a Good Point.

Mr. McNeill said that Col. Neilson was in no position to say that Vitaline was identical with Protos after a casual examination. It would require an analysis. He read a letter sent to Lord Minto before the ration purchase, signed by "H. H.", declaring that Protos and Vitaline had nothing in common. "Did the Minister have Vitaline analized before he sent it to South Africa?"

Again the Minister refused to answer, and discourteous remarks were thrown across the house.

Mr. McNeill declared that the fact that there was no analysis showed criminal negligence on Dr. Borden's part.

Mr. Fitzpatrick Jumped In.

The Solicitor-General reviewed the debate. He refused to lay the contract entered into between the Government and Dr. Devlin upon the table, though he had referred to it.

The Speaker ordered the contract to be laid on the table.

Mr. Fitzpatrick declared that the Opposition dared not make the charge that a spurious ration was substituted for the good ration.

Mr. Monk said: "I intend to make that charge."

Mr. Fitzpatrick—"What is the charge?"

Mr. Monk—"I charge that the food supplied to the soldiers in South Africa was not the food tested in Kingston. I do so as a layman."

Fitzpatrick Grew Wrathy.

The Solicitor-General made the foolish break that he challenged Mr. Monk to make the charge outside the House. (Groans.)

When the Solicitor had been seated, "Contract!" was shouted across the floor.

Dr. Borden said he did not think there was any regular contract.

Mr. Blair explained that there was no set contract, but all papers referred to would be brought down.

A Little Pandemonium.

Pandemonium reigned for a quarter of an hour. "It is the worst I ever saw," said the hardened doorkeeper.

The Documents Handed In.

Mr. Foster—May I rise to a point of order?

Speaker Bain—It would be better to let the Minister of Militia hand in the documents.

The Minister handed in the papers, and told the Speaker that some documents were missing.

Some more documents were handed in.

These Charges Made.

Many other speakers followed. These charges were made: Vitaline was never tested. Col. Neilson's letter was got yesterday for a purpose, and showed that fraud had been done somewhere. His examination of the emergency ration was an examination of Protos and not of Vitaline. No chance was given for a test, for the purchase was authorized Jan. 4, 1900, and the tender of Dr. Devlin received and approved Jan. 5. The account was paid in four days. This very rapidity gave a suspicion of fraud.

Sir Louis Davies, replying, read a letter from Cotton, one of the patients who used Protos at Kingston, April 3, 1899, saying that he had had Vitaline, and found it the same as the Protos he had used April, 1899.

How the Government Wriggles.

By 12.30 a.m. the Opposition was urging the necessity of granting a thorough and immediate inquiry and the Government replied that no fraud had been shown and that the country should wait till the contingents returned, when some of the ration could be tested.

A Committee Demanded.

At 12.40 Mr. Monks spoke again, declaring the facts he had brought out called for an investigation. He charged that the food tested at Kingston was not the same as supplied to the soldiers in South Africa and the Minister of Militia was guilty of gross negligence in dealing with these supplies. If he had been heated in making his charges it was due to his sense of the enormity and heinousness of the frauds. He gave the names of Mr. Hatch, a food specialist of Montreal, Mr. Moore, who bought the Vitaline from Lyons, Analyst Percy, Dr. Devlin and Mr. Lyons as persons he would summons to the investigation to give evidence.

Afraid to Investigate It.

Mr. Foster asked Sir Wilfrid if he would appoint the commission.

Sir Wilfrid said that if Mr. Monk would, on his own word, say a fraud had been committed, then he would appoint a committee, but he refused to act on a mere newspaper article. This fixes the intention of the Government not to grant a committee.

The incident dropped there.

Senators Had an Easy Day.

Ottawa, June 7.—The Senators reassembled yesterday afternoon, and held a short session. The Criminal Code, with amendments, made by the Commons, will be considered on Friday. Much routine business was done.

CURIOUS CUCKOOS.

The cuckoo is generally known only as a bird with a very monotonous note; a continuous cry of "cuckoo, cuckoo" over and over again. Among naturalists, however, the cuckoo is known as a bird that never builds a nest for itself, but takes advantage of one already built by some more industrious bird.

There is a good deal of the cuckoo about these advertisers who, instead of making a success of their own, seek to profit by the success which some one else has made with much effort and labor. It is so with those imitations of Dr. Pierce's methods, by which free medical advice is offered, although those who make the offer are without qualified medical ability or experience. And the cry raised in some cases of "woman, woman, woman write to woman" makes the resemblance to the cuckoo even stronger.

There is as far as known no qualified woman physician connected with any proprietary medicine establishment, and none therefore competent to give medical advice. It is certain that there is no one, man or woman, who can offer free medical advice backed by such knowledge and experience as is possessed by Dr. R. V. Pierce, chief consulting physician to the World's Dispensary, Buffalo, N. Y. For over thirty years Dr. Pierce has made a specialty of the treatment of diseases peculiar to women. In that time he has treated over half-a-million women, ninety-eight per cent. of whom have been perfectly cured. Every sick woman is invited to consult Dr. Pierce by letter absolutely without charge or cost. Every letter is held as strictly private and sacredly confidential, and all answers are mailed securely sealed in perfectly plain envelopes bearing no printing whatever upon them.

"MACDONALD DAY."

How the Memory of the Grand Old Chieftain Is Kept Green—Superb Decorations.

Toronto, June 7. — The decoration of the late Sir John Macdonald's monument in the Queen's Park yesterday afternoon was a just and deserving tribute to Canada's "Grand Old Man," whose whole life was devoted to the advancement and to the welfare of his country. Every school child knows what he had done. How he brought the scattered provinces together; how he acquired thousands of thousands of square miles of territory belonging to the Great Hudson Bay Company, and how, by dint of great exertion, welded together into one great Dominion, stretching from the Atlantic to the Pacific Oceans. This was his master work and that gigantic undertaking brought to such a successful finish will be the means of keeping his memory forever green.

Yesterday's demonstration was the third time the monument has been decorated under the Toronto Conservative Club, was the most successful yet held. In the neighborhood of 3,000 people were present and everything went along smoothly.

The Decorations Superb.

The large stone pedestal, as well as the bronze figure of Sir John were almost completely obscured from view when all the floral tributes were arranged in place. A large Union Jack was thrown over the shoulder of the statute and a bunch of deep, red roses was pinned on the lapel of the coat. The hand extended held a handsome wreath in the shape of a shield, and across it was the inscription, "Dominion 1876." It was from the Toronto Conservative Club. There were other wreaths also from the Conservative members of the House of Commons and Ontario Legislature, the Central Conservative Association, the Albany Club, the Macdonald Club (central), Macdonald Club (western), and the Macdonald Club (northern).

The chairman, R. S. Burrows, and ex-President E. M. Dumas, having spoken, these speakers were called upon and responded in eloquent terms: Hon. N. Clarke Wallace, Mr. J. G. H. Bergeron, M.P., Mr. G. V. McInerney, M.P., Mr. W. H. Hoyle, M.P.P., and Mr. J. J. Foy, M.P.P.

The proceedings were closed by the band playing the National Anthem, in which many of those present joined.

Kingston Marked the Day.

Kingston, June 7. — The grave of the late Sir John A. Macdonald was decorated yesterday on the ninth anniversary of his death. Wreaths were contributed by the Conservative members of the House of Commons, the Macdonald Clubs of Montreal and Kingston. Addresses were delivered by Mayor Minnes, Kingston; Rev. Dr. Shaw, Montreal; Alderman J. M. Shaw, J. R. Dargavel, Elgin.

The Kidneys.

Their Functions and Derangements--The Importance of Keeping Them in Perfect Health

Dr. Chase's Kidney-Liver Pills

In its course through the body the blood not only distributes nourishment to all parts but also collects the tissue wasted by work and disease. It is the peculiar mission of the kidneys to filter the blood, to separate the poisonous impurities from the pure blood, allowing the blood to go on its way, while the poison—uric acid—is sent through the ureters to the bladder and hence out of the body.

The importance of this work is emphazied by the fact that all the most painful and most fatal diseases—such as Bright's Disease, Diabetes, Dropsy, Rheumatism and Lumbago—arise from kidney disorders and the presence of poisons in the blood.

Few diseases are more often fatal than those of the kidneys. None are nearly so painful. Old people are especially subject to kidney ailments, but all ages are its victims. Kidney Disease is almost invariably the result of neglect or ignorance. The symptoms are so pronounced that it is almost impossible to mistake them. For the benefit of those not familiar with them they are briefly stated here.

The three distinct features of Kidney Disease are:

1. Backache or lame back.
2. Deposits in the urine after it stands for twenty-four hours.
3. Difficulty or too great frequency in urinating.

By applying this test to your own case you can decide for a certainty whether or not you have Kidney Disease. The accompanying symptoms are irregular action of the bowels, stomach troubles, pains in the limbs, puffiness under the eyes, hard, dry skin, paleness and general weakness.

Science has never known a more effective remedy for diseases of the kidneys than Dr. Chase's Kidney-Liver Pills. No physician was ever so successful in curing kidney ailments as was Dr. Chase with this very same prescription which is now put up in pill form and known as Dr. Chase's Kidney-Liver Pills.

They act directly and naturally on the kidneys, giving them new vigor and activity and completely eradicating from the system the last traces of kidney disease. They positively cure backache, lumbago, and rheumatism, and unless the kidneys are wasted away will stop the decay and cure Bright's Disease. One pill a dose. 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Toronto University Confers Degrees.

Toronto, June 7.—The Senate of Toronto University met last night and determined to confer the degree of LL.D. honoris causa on the Vice-Chancellor, the Hon. Mr. Justice Moss, on Mr. Louis Frechette, C.M.G., Quebec, and on Prof. Simon Newcomb, Washington.

The degree of Bachelor of Medicine is granted to Mr. J. C. Macdonald, B.A., and to Mr. J. Jordan, now on service in South Africa.

Rev. R. Johnson Chosen.

Toronto, June 7. — At a largely attended meeting of the congregation of Knox Church, held last night, it was decided unanimously to extend a call to the Rev. Dr. Robert Johnson of London to become pastor of the church at a salary of $3,250 per year, and six weeks holidays. No other names were mentioned in connection with the position.

TIMELY TOPICS.

The fact that Pte. Frye is still alive has been proven conclusively. Relatives in this city have received a letter from him, dated May 2nd, seven days after the fight in which he was reported killed.

• • •

The matter was in doubt from the first, and it is gratifying to see the anxiety of his relatives has been relieved.

• • •

The war of hard names would be a good title for the one just closing.

• • •

But there's nothing unique in that—every political fight in Canada can claim that distinction.

• • •

A correspondent wants to know if, in the interests of the little folks, the Band concerts this summer could not be started a little earlier in the evening. He says if they were started as near 7 o'clock as possible parents might be enabled to hear them all through, instead of being obliged to go home when the children got sleepy, before the concert was over. The point is worthy of consideration.

The Woodstock Express, in a very able and sensible article, protests against the habit, in certain quarters, of holding volunteers, who have not yet learned their drill, up to ridicule. The Express says:

"The Queen's uniform should command respect, whether on the raw recruit who has yet to learn his right foot from his left, or worn by the officer who knows all about it from a course at the military school. There should be no poking fun at an irregular line of soldiers, for military deportment has to be learned the same as anything else. The men marched away to camp today with knapsacks a little awry and rifles carelessly slung, perhaps, but five hours a day drill for ten days will make soldiers of them. They will march back in steady column, when the silly jests at their expense will have given place to well-merited admiration."

Well said, friend. Woodstock is not by any means unique in the actions you speak of; we have had some would-be funny people in this vicinity who thought it was clever to sneer at the citizen soldiery, but the practice is not so fashionable as it used to be. The great speech made by Lord Salisbury a short time ago ought to make thinking people try to encourage the young men who may some day do for Canada what the Colonial troops have lately been doing for Natal. Encourage the boys; cheer them on; don't sneer at them because from a sense of duty they are doing what you won't do yourself.

• • •

An English paper just to hand remarks that as many are under the impression that not many armed men are left in the British Isles, they may be interested to know that 170,000 militia and 250,000 volunteers could be in the field at a few hours' notice. To this it may be added that the present war has shown that such militia and volunteers need but little time to become formidable troops to any enemy.

The Senior Grit Sheet is indignant because Mayor Johnson was "not allowed to make a speech at Picton.' Don't be alarmed; the Mayor will be heard before the campaign is over. In the meantime it may be interesting to our esteemed but vulgar contemporary to know that after Sir Charles had finished speaking the Mayor left the building, as he did not wish to make a speech.

It looks as though Emperor William did Great Britain the same good turn in the present war which the latter did the United States in the war with Spain. Three cheers for Bill; when he gets into a mix-up himself he won't be repaid with insult and injury, like John Bull was.

The siege of Mafeking was vastly different to the siege of Pretoria. Pretoria was impregnable, but the Dutchmen didn't have the courage to man the walls. Mafeking had only a few ditches around it, yet one was taken and the other left. The Boer's liver is as white as his flag.

All the Irish and French and Russian and Yankee and German mercenaries who have been fighting for the Boers are arriving at Lorenzo Marques, and most of them are in very sore straits, indeed. Figuratively speaking they are "on their uppers." They say the Boers are a lot of cowards who won't pay their debts. Very few tears would be shed for the foreign "murderers" if they were pushed off the dock and told to swim for their native land.

Chicago Record: "What is perpetual motion, Uncle Jim?"

"It is the way some politicians run for years and never get an office." That Chicago man must have been thinking of a few Grits in this vicinity.

A Kingston policeman was scared out of ten years' growth yesterday morning. He says he saw a ghost, dressed in white, indulging in strange actions on the street. The cop probably saw a lady, en dishabille, learning to ride a bicycle. The same thing has happened in Belleville.

Note this story of the hoisting of the British flag over Johannesburg—"During the singing of the anthem a tall Free State artillerist, who was watching the company, refused to raise his hat, and a by-stander tried to force him to do so, when a British Guardsman forcefully interfered. 'Leave him alone; he fought for his flag. You are too cowardly to fight for any flag.'"

The regiment had a fine parade last night, and many people were pleased because they marched up Front street to the Upper bridge, instead of turning up Queen Victoria avenue, as they generally do.

There was a rumor round town last night that Col. Ponton had received a cablegram announcing that Private Fry had got his flag over Pretoria jail. There was no more truth in it than there was in the other rumor that the cannon had been mounted at the Park.

An up-to-date recessional. The Woodstock Express says: "The Boers have raked in another British battalion. Lest we forget.

• • •

If the youngsters about town carry out their threats it will be a motley crowd of "soldiers" which will greet the returning volunteers when they come back from the war. The little chaps have got the military fever bad, and say they are going to drill incessantly and form a "guard of honor" to Belleville's contingent when they march down from the station. The idea is a comical one and still it has its gratifying side. To see the men, fresh from the field of battle, escorted by little chaps with wooden swords, would look funny enough, but it shows the spirit which dominates "Young Canada." The boys should be encouraged. Some day they'll give up mimic warfare for the real thing, perhaps.

Writing to relatives in this city, Private Charlie Gibson, of "D" Co., R.C.R., says that many who were left behind at Bloemfontein, when the Regiment started out, were going to start for the front to join their regiment. It will have been seen by Corporal Hulme's letter, recently published, that he was going. Charlie says: "We leave for the front next Monday morning (the letter was written on Friday). Large, poor fellow, has a very bad leg, but is determined not to be left behind. He goes with us on Monday." In answer to questions Private Gibson says: "I am not going to tell any tales out of school. When we get home our medals and bars will show what we have done." It would appear that there is a pretty good sort of a man buttoned up inside Charlie's ragged old uniform.

Read the article on page 3, "Protos vs. Vitaline," and see what a scandal the Canadian Government has on its hands. The matter should be investigated at once.

• • •

Once in a while Yankee editors indulge in the "pleasures" of retrospection. The Oswego Palladium says: "Thirty-six years ago Saturday night Grant lost 10,000 men in fifteen minutes at Cold Harbor—men whom General Hancock gallantly led in an attempt to take Lee's fortifications. For several days the dead lay unburied and all the wounded that fell between the lines died, because the two commanders could not agree on the terms of truce. And yet we have passed criticism on the Boers and the British for that little affair at Spion Kop!"

• • •

Here is a chunk of wisdom from the Picton Gazette: "It is no discredit to a man to have enemies and opposition. Many men hesitate to take any course that will call forth the opposition of any person because they don't want to have enemies. The world is full of envious people. Some people hate a man because he is successful in business or occupies a prominent place in a community. The world has no animosity toward the quiet citizen who offends no one and gets in nobody's way. It is the live man, the man of push and energy who incurs enmity. Every man who is fearless in the discharge of his obligations in the statement of his life has enemies."

• • •

The following pertinent letter was recently published in the Chicago Evening Post, under the caption of "A Problem for Critics:"

Chicago, May 14.—To the Editor: If it takes 75,000 American troops fourteen months, at a loss of 10,000 men and $120,000,000, to attempt to subdue a few thousand Filipino savages armed with bows and arrows, how long would it take the same number of United States troops to conquer 75,000 Boers armed with modern rifles and cannon and led by trained European officers? It might do critics some good to sit down and figure this out instead of passing pro-Boer resolutions, sending messenger boys on fool trips to Pretoria, and also despatching Chicago Red Cross Ambulance corps to kill British soldiers, and disgrace America's good name.

The London Times correspondent says: "Col. Hughes has proved himself an ideal leader of irregular mounted forces." Hurrah for Sam. When he stopped writing letters he soon struck his gait.

A Grant to the Popular Secretary-Treasurer—Officers Elected for Ensuing Year.

Alberta Hall, June 7th.

FORENOON SESSION.

The South Hastings Teachers' Institute opened its session in Alberta Hall at 10 a.m. to-day. The chair was occupied by the President, J. Johnston, I. P. S.

After the usual routine business had been disposed of, the Institute proceeded to elect officers for the ensuing year, with the following result:—

President—J. Johnston, I. P. S.
Vice-Pres.—Miss Bates.
Sec.-Treas.—S. A. Gardner.
Committee—S. F. Armistead, Belleville; Mr. Luck, Deseronto; P. W. Fairman, Trenton; Mr. Ross, Sidney; Mr. O. S. Platt, Thurlow; Mr. Keirnan, Tyendinaga; Mr. Bell, Hungerford.

Delegates to the Ontario Educational Association—Mr. D. Barragar, Mr. O. S. Hicks, Miss A. Harold.

Moved by D. Barragar, seconded by O. S. Hicks, "That in consideration of the long and faithful service of our Sec.-Treas., Mr. S. A. Gardner and his untiring efforts for the good of the South Hastings Teachers' Institute while holding that office, we, the teachers of the said Association, desire to express our recognition of his valuable services by presenting him with the sum of seventy-five dollars from the funds of the Association, and that a grant of five dollars per year be paid to him so long as he holds the position of Sec.-Treas."—Carried.

Mr. Gardner made a suitable reply, thanking the Association for this kingly expression of their appreciation of his services.

Mr. D. Barragar and Mr. Meiklejohn delegates to the Ontario Educational Association, gave excellent and exhaustive reports of the work done by the Association.

Mr. E. O. Platt followed with a carefully prepared paper on teaching geography.

In the discussion that followed part was taken by Miss A. Harold, Mr. Barragar, Hicks and others.

Writing was next discussed, the discussion being led by Mr. Armistead and followed by several others.

The Institute adjourned till 1.30 p. m.

Quick & Robertson's

Suits for Men.

Until you've enjoyed wearing one you cannot know how good our Suits are. The difference between them and the ordinary ready-made kind or the product of the cheap tailor is greater than you would imagine until you've made the comparison. Our suits are equal in style, fit and trimming to any a first-class merchant tailor can make, but he would have to charge you double our prices, for where he makes one suit the manufacturers of ours make a thousand, and his knowledge and skill are no greater than those of the manufacturers' designers and tailors. Once a man examines our suits no further arguments are necessary.

$5, $6.50, $8.50, $10, $12, $15.

At these prices we have suits that are really wonderful values. Takes in the finer Serges and all Imported Worsteds and Tweeds, made in that correct way that's the envy of the best merchant tailors.

Quick & Robertson's Suits for Boys.

We are just as particulor about the making of our Boys' Suits as we are of our Men's, for we will sell nothing but reliable clothing. If you get a poor suit for your money we want to know it, and your money is yours. We guarantee every Boys' Suit we sell—all wool; seams silk and linen sewed; linings good, sewing good and style and shape correct, and our prices are right—a little shopping will prove that.

Young Men's Suits $5 to $12.

There is such a quantity and variety here in these suits that to look means to buy. In our clothing for young men you will find all the points of excellence known to the tailoring art. The coats are three and four button sacques, with those broad shoulders; vests are single and double-breasted; trousers are perfect in fit and style.

Hats and Furnishings.

Memoranda to Adjutant 15th Regiment, A. L. I., for Orders.

Among the memorandum to Adjutant Fifteenth Regiment, A.L.I., for orders appears the following extracts:

1. There will be company drill and recruit classes on Thursday evening, the 7th inst., from 8 to 9 p.m. Section commanders will all be present to issue clothing and equipment to all recruits and other members of the regiment, who have not been furnished with helmets and full equipment.

2. The regiment will parade in divine service order (side arms) on Sunday morning, the 10th inst., at 10 a.m. sharp, for the purpose of attending the Thanksgiving Service to be held in St. Andrew's church, at which the chaplain of the regiment will officiate. Both Regimental bands will attend. The commanding officer trusts that every officer, non-commissioned officer and man connected with the regiment will be present.

3. The Soldiers' Wives' League will meet in the Officers' Quarters on Friday afternoon, the 8th inst., at 4.30 o'clock, sharp. Members of the regiment are requested to bring this to the notice of their families.

4. There will be company and Recruit drill classes on Monday and Tuesday evenings of next week. No men will be taken on the strength of the regiment after next week.

5. The commanding officer urgently calls attention to the fact of the large amount of shortages in the equipment of the regiment, especially with regard to numerals, helmet equipment, leggings and waist belts. There can be no possible excuse or explanation for the regretable circumstance that more than twenty of the new waist belts, Oliver equipment, and at least four bayonets have not been handed into stores, and are now unlawfully in the possession of some person or persons unknown. The Quarter-Master of the regiment has received imperative instructions to institute thorough search and enquiry for these missing articles, and unless immediate return is made, to prosecute to the full extent of the penalties imposed by the militia Act and the regulations, those who may be found with any articles of regimental equipment in their possession without due authority.

The Production of "Pinafore."

It is a long time since the citizens of Belleville have scented that most perennial, popular and peculiar flower of the genius of W. S. Gilbert and Sir Arthur Sullivan, called "H.M.S. Pinafore, or the Lass that Loved a Sailor." The fact that it has not been produced in Belleville for many years is owing to the merest chance; for many repertoire opera companies have dropped it here, thinking that it was so well known it might not be a good drawing card. When the Daisy Lyric Club, Belleville's junior musical organization, under the direction of the pioneer musical director and stage manager, Mr. J. N. Doyle, produces this popular opera, in aid of the Patriotic Fund, Monday and Tuesday evenings, June 18 and 19, there is not the slightest doubt but that it will receive a good reception. Mr. Doyle, in his ten years' experience in the exploitation of amateur productions in this city, has never once given the public a disappointment, consequently a great deal of interest is being taken among citizens in his latest effort, the forthcoming production of "Pinafore."

SENTIMENT VS. SENSE.

"Rock me to sleep, mother," and "Rock-a-by-Baby," may seem very pretty in sentiment, but is a grave error in practice. Rocking, jolting, trotting, carrying, and stuffing crying infants to quiet them, only irritates the more, and is productive of serious trouble. The mother's milk should not be churned in the baby's stomach. The practice of giving sugar syrups containing opium, laudanum, paregoric, and other narcotic poisons and ferments, lulls many a baby to its final sleep. **English Teething Syrup**, without sugar or stupifying drugs, gives relief to pain, brings refreshing **rest and Comforts Crying Children.** (34 390)

SOUTH HASTINGS TEACHERS' INSTITUTE.

Many Topics of Interest to Teachers Brought Up and Discussed.

Thursday, June 7th.

AFTERNOON SESSION

The first subject taken up was the discussion of writing, particularly the merits of the Spencerian and Vertical systems, in which part was taken by Mr. Miklejohn, of Tweed, and Mr. Mott, of Foxboro.

The next subject was history, introduced by P. W. Fairman, of Trenton, who gave a clear explanation of his method of teaching this subject. Would not use notes for pupils to copy down. Would be careful to assign the lessons intelligently and review constantly. He thinks the amount of English History to be taught to a Fourth class was altogether too much. Mr. Simpkins, of Canifton, and Mr. Barragar also gave their method of teaching the subject.

The next subject taken up was "Some apparent difficulties in Grammar, Infinitive, Participles, etc." Mr. J. W. Dafoe explained his method of teaching infinitive, participles and the congregation of verbs. He was followed by short addresses on the subject from Mr. Simpkins, Mr. O. S. Hicks, Inspector Johnston, Mr. Miklejohn and others.

At the close of this subject a discussion was held on a series of resolutions that had been sent from the O. E. A. to county associations for their approval or disapproval. These resolutions refer to teachers' certificates, Model and Normal schools, subjects to be taught, etc.

Institute adjourned until 9 a. m. on Friday.

Friday, June 8th.

FORENOON SESSION.

The first subject was "Manual Training" by Miss Hope, Principal of the Ontario Normal School of Domestic Science and Art. Miss Hope read Mrs. Hoodless' paper on the above subject.

The true object of education is the training and fitting pupils to fulfil the duties of a good citizenship. Education is the development of mind and body. In junior classes stick laying, cardboard work and modelling train hand and eye for further work in manual training. It has been found that manual training has caused a great decrease in truancy and also a great falling off in criminal classes wherever it has been introduced. Miss Hope gave a concise account of the manner in which this subject is taught in the various countries of Europe and America. After the reading of the paper Miss Hope answered a number of questions that were asked by teachers present. In the discussion which followed part was taken by Messrs. Barragar, Dafoe, Fairman and Inglis and Longman, of Trenton High school.

Mr. Forester, of the Institution for the Deaf and Dumb, gave his experience at the Lloyd Training schools in Sweden, and the benefits to be derived from manual training, and predicted a bright future for this subject in Canada.

Miss Hope afterwards explained the amis and objects of Domestic Science which is to teach girls scientific cooking, the study of foods and their adaptability to needs of different persons.

Mr. Longman gave his method of teaching Drawing. He recommends that the exercises be not too difficult for the pupils. Teach them to draw vertical, horizontal and oblique lines until they are able to draw them correctly and regularly, after which introduce simple objects where the outlines are straight, as cubes, and then proceed to more difficult figures. Mr. Longman's address was very practical being illustrated by diagram on the board, and drew a number of questions from the teachers.

Moved by Mr. Miklejohn, seconded by Mr. O. S. Hicks, that the teachers of South Hastings in Convention desire to express their regret, and they do hereby express their regret, that the Honorable the Minister of Education has seen fit to abolish the public school leaving examination, or some equivalent examination, and that a return to it would, in the opinion of this convention, be very much in the interests of the great majority of our rural schools and such village schools as have no high schools, and that the secretary be requested to memorialize the Honorable the Minister of Education to that effect, and also to send a copy of this resolution to the secretaries of the General Association and the Public School Department of the O. E. A.—Carried.

"Written Examinations, Their Use and Abuse" was the subject of an able paper by Mr. Barragar, in which he showed how these examinations have been so utilized in some cases as to act detrimental to the educational interests of pupils.

Mr. O. S. Hicks followed with some remarks on examination papers, after which the Institute adjourned till the afternoon.

NEARLY A TRAGEDY.

A Bannockburn Man Discharges a Gun at His Wife.

The Madoc Review in its issue of this week says: On Sunday morning a warrant for the arrest of Joseph H. Best, of Bannockburn, was issued by Mr. A. F. Wood, J.P., at the request of Mrs. Best, who keeps a boarding house at Deloro. The facts as we have learned them are as follows—About two months ago Mr. and Mrs. Best decided to separate and the necessary legal papers were executed. Almost immediately after Best began to annoy his wife by petty disturbances hanging about the premises and threatening the boarders until the company who owned the property had to give Mrs. Best notice to leave, as Best was interfering with the work about the mines. Last Saturday night Best, who had been in Madoc during the day and drinking freely, went to Deloro after 9 o'clock and demanded an interview with his wife. He had with him a double-barrelled shot-gun which he cocked and presented within a few inches of her head. She grasped it and a terrible struggle commenced on her part. The children ran screaming out of the house for help, and soon a couple of men employed at the works came in and assisted Mrs. Best, who was almost exhausted, to wrench the weapon from him. In the struggle it had been discharged, but fortunately no one was hurt. Best then went away without the implement. On examination the other barrel was found cocked and loaded with buckshot. The constable has not yet succeeded in securing the man but sooner or later the ruffian will be found. Mrs. Best is in great terror.

LUSTER COATS AND VESTS.

There is nothing quite so nice for these hot days as a nice luster coat and vest. The Oak Hall have an extra fine line of these goods imported from Germany and the price is only $2.50 for the coat and vest and $1.50 the odd coat. You can see that it does not cost you much to be comfortable.

THE PRESIDENT ELECT.

Biographical Sketch of the Coming Pastor of Bridge St. Church.

Rev. Wm. J. Crothers, D.D., President of the Bay of Quinte Conference, and the coming pastor of Bridge St. Methodist Church, was born in Philipsburg, Quebec. He graduated with honors from McGill's University, and in the year 1872 entered the ministry, being received into full connection and ordained in 1876. From that time up to June 1892 he was a member of the Montreal conference, filling many important appointments with success. In the last named year he was transferred to the Bay of Quinte Conference, accepting a call to Port Hope, where he remained until 1897, when he went to Napanee. Dr. Crothers was a member of the General Conference in 1890 and 1894, and has held various offices in the gift of the church. He is also Governor of the Wesleyan Theological College, Montreal, from which he received the degree of D.D. in 1896.

THE GREENWAY GOVERNMENT'S MALADMINISTRATION.

News comes from Winnipeg that the Royal Commission, appointed by the Hon. Hugh John Macdonald, immediately after his assumption of office in Winnipeg, to enquire into the finances of the Province, has reported, which report has been laid upon the table of the Manitoba Legislature, and shows a sad state of affairs, the result of a recklessness alone characteristic of Grit-Liberal Governments.

The Commissioners report that they find that the Greenway Government had overdrawn its general bank account by $76,036.77; that it had improperly used trust funds for general purposes, and that it had incurrent unpaid liabilities in addition to the extent of $156,613.88 and that when it left office it had a bonded debt of $4,439,859 and a guaranteed debt of $3,225,859.99 in addition to a deficit of $248,136.40 on account of bank overdrafts, misapplied trust funds and unpaid accounts.

With these facts before them, will anyone longer wonder why the Greenway Ministers wanted to lay hold of $300,000 of school moneys in the hands of the Dominion Government? They had squandered the trust funds over which they had control, and Laurier tried to put them into possession of other trust funds which it was the Dominion Government's sacred duty to protect, in order to enable them to cover up their misdeeds, or to squander the money in furthering of their elections which were then approaching.

It were well there was a Senate with sufficient independence and conservative instincts to prevent the attempt to despoil and squander a fund set apart for educational purposes, not only for the present, but future generations.

Hugh John has a hard task before him to keep the credit of his province intact, and meet current requirements. Like Ontario, he will have to resort to direct taxation, as the result of Grit rule. It is the same everywhere and should be stopped by an honest electorate.

Soldiers With Brains.

W. Armstrong, of Victoria, B. C., who is serving with the 2nd Royal Lancaster Regiment, writes: "I am going to bring a Boer rifle home if I can get hold of one, but I am afraid my fighting is over for this war, as the doctor says I will not be able to go to the front again. I had two rifles, but when I was wounded I lost everything I had, including my Queen's chocolate box. I got shot through the right shoulder, and my right arm is almost useless at present. I have to hold my pen between my forefinger and thumb. The wound has healed up all right, and I think I can say I am improving a little. I am going down to Durban on to one of the hospital ships in a few days.

"We have had a rough time of it since we arrived in South Africa, but I think it is nearly over now. I think we have upheld the honor of the British army all right. The last scuffle that we were in we had two officers left to lead the regiment. We were given two positions to take, and almost as soon as we commenced to move both officers fell, and we took it into our heads to go by ourselves, and instead of taking two positions we took five.

"It would have done you good to see the gallant 4th Kings clearing the Boers out of their trenches. We took over fifty prisoners, There were more, but we found some poisoned bullets on them and they had to suffer for it. There were about 20 bayoneted before you could say, 'Jack Robinson.' After a party took the remaining prisoners back we saw some of the Irish brigade being driven back and that was enough for the 2nd Lancasters, so off we went again and gave them a hand to stop the Boers. They can't stand the steel.

"I was taken prisoner after being wounded, and when they were taking me off I must have fainted from loss of blood, and they most likely thought I was dead and dropped me. How long I lay on the hill I don't know. I remember nothing after they got hold of me till I awoke in the field hospital."

MR. BOURASSA STOOD ALONE

Against Commons Resolution to the Majesty the Queen.

HIS ANTI-BRITISH TALK HISSED.

On the Conclusion of Bourassa's Tirade the House of Commons Cheered for the Queen and Then Sang the National Anthem—Sir Wilfrid Called the Young Man Down and Hinted at His Sanity—The Address Passed.

Ottawa, June 8. — As soon as Speaker Bain had pronounced "Amen," in the House yesterday, Sir Wilfrid proposed, in view of the recent events, which had taken place in South Africa, and the successes which had crowned Her Majesty's troops, to move the following address to be forwarded to the Queen:

To the Queen's Most Excellent Majesty:
Most Gracious Sovereign—

We, Your Majesty's dutiful and loyal subjects, the Senate and House of Commons of Canada, in Parliament assembled, desire to offer to Your Majesty our heartfelt congratulations on the approaching termination of the war in South Africa, as foreshadowed by the recent successes, culminating in the fall of Pretoria, which have attended the British arms.

The feelings of pride and satisfaction with which we hail every fresh addition to the long and glorious roll of deeds wrought by British valor and resource, are enhanced on the present occasion by the proud consciousness that, in the active co-operation of her sons on the battlefield, Canada is entitled to share in a new and special manner in the joy of the present triumph.

We rejoice that the conflict, now happily drawing to a close, will result in the removal of those disabilities under which many of our fellow-subjects have labored for so long, and we cannot doubt that the extension of Your Majesty's gracious rule over the whole of South Africa will be attended by those blessings which flow from a wise and beneficent administration of just and equal laws.

We pray that, for your people's sake, the blessings of Your Majesty's reign may long be continued.

The Premier's Remarks.

Speaking to the address, the Prime Minister testified to the devotion of all the British subjects to the Queen. This was not due to maudin sentimentality, but to the fact that she was one of the noblest women that ever lived, and England's best sovereign. He referred to the occupation of Pretoria as a happy issue out of a war of varying success. The happy result was due, above all, to Lord Roberts, "Lord Roberts," said Sir Wilfrid, "is the great leader of whom each soldier can say, as the soldiers of Napoleon said, at Austerlitz, 'he won battles not so much by making use of our weapons as by making use of our legs.'"

Canadians Proved True.

He paid a tribute to the Canadian troops when he declared: "We may, perhaps, remark with pardonable pride that, on more than one occasion, when the fate of battle was trembling on the scales of destiny, the scales were turned in favor of the British arms, and the victory decided by the help of our Canadian soldiers, who proved that, though many years have passed since they last were called upon to take the field against the foe, they are yet worthy of the races from which they have sprung, and that the blood which courses in their veins is the same as that which inspired their ancestors to gallant deeds."

Though the end of the war was in sight, still it was not yet finished. He hoped and prayed that Her Majesty's rule would never more be marred by war. To have British subjects in South Africa appreciate British institutions, would be a fitting climax to her rule, and, when the end came, he hoped and prayed it would see a united Empire, wherein peace and good-will prevailed among all men.

Sir Charles Seconded It.

Sir Charles Tupper seconded the address. He did not think it was a source of unqualified regret that the war had taken place. It was but a step in a chain of events in the expansion of England and the Empire. The Confederation of Canada was one step and this war had shown it as a united country which could give material aid to Her Majesty's troops in Africa. Canada's example had but recently been followed by Australia, another great step towards the complete consolidation of the Empire had been taken. South Africa before the war was a cloud on the horizon of England's expansion. But to-day we have fairly in sight the complete consolidation of South Africa under British rule. These great kindred nations, the Dominion of Canada, the Commonwealth of Australia and at an early day the great Dominion of South Africa, all to be consolidated under the same wise and happy British institutions that have made Canada and Australia the flourishing countries that they are. Touching upon the position the Boers would occupy after the war, Sir Charles said that history taught by examples, and the illustrious example of the treatment of the French by the English at the conquest of Canada would be the pattern cut to fit the Boers. Tracing the effect of wise British rule upon the French, Sir Charles declared that there could be no anxiety as to the Boers' position. "They will have a freedom, which, under the corrupt oligarchy that was carried on in the Transvaal under the name of a republic, they had no knowledge or conception of; and the result will be that at no distant day we shall find a happy, united South Africa, in which all races, all classes, all creeds will enjoy equal privileges in the eyes of the law and a united and happy loyal population sustaining the Crown of England."

Then Bourassa Spoke.

The House was now in excellent humor, and a glow of patriotism illuminated the Chamber. But there came a thunder-bolt to curdle the patriotic milk. Mr. Bourassa declared he could not agree with the words of Sir Charles Tupper and Sir Wilfrid. (Groans.)

Mr. McCleary—If you can't you had better get out.

Mr. Bourassa, however, declared he would make a protest that was shared by a large part of the whole of Canada, not only of French-Canada. (Cries, No, no.) He could not rejoice at the conclusion of a war with whose causes he did not agree. The causes were unjust. The result could not make them just. He prophesied that future events would show that the war was the most unfortunate political event England ever engaged in. He carped about 200,000 British troops taking eight months to crush 250,000 people, who raised an army of poor peasants.

"This war will not add an ounce of glory to the British flag," he said. That was as a red flag to a bull.

No Place for Traitors.

The Opposition made confusion worse confounded, by shouting "shame," "scoundrel."

Mr. Foster exclaimed: "Shame on you."

Clarke Wallace angrily declared: "This is no place for traitors."

Mr. Fielding—"It is a free Parliament."

He went as white as a sheet. It was many minutes before the uproar of hisses and contemptuous remarks subsided.

Mr. Bourassa went on with his harangue. He declared England would have to keep a standing army of 100,000 in South Africa for years to come. He regretted the policy that a Conservative party in England had forced upon the Empire. It was a policy of breeding hatred among peoples. That policy went back on the best traditions of England. "I cannot join hands with the great majority of this Parliament, who rushed to congratulate Her Majesty," said Bourassa, and again the torrent of derisive jeers was poured across the House. "It is a war that has been forced upon her by the ambitious men who joined hands with the financiers who wished to increase their dividends in South Africa," he continued.

Cries of "shame," "scoundrel."

Claiming to speak for the French-Canadians, he said: "I protest against that infamous policy which to-day those who happen to be in power are trying to impose on the free British subjects in South Africa. It will not keep the Boers in a free acceptance of British rule." (Groans.)

Then the House cheered for the Queen and sang the National Anthem, while giving loud expression to the most demonstrative patriotism and loyalty.

Rebuked by Charlton.

Mr. John Charlton remarked in a kindly way that when Bourasssa had a greater weight of years upon him and had acquired a larger amount of experience he would be able to see matters in a different light. It was impossible for a man to be more utterly, more radically wrong and misinformed than Mr. Bourassa. It was useless for a man to belittle the achievements of British arms or to belittle the importance of the epoch-making crisis Great Britain had gone through. The war was a just war. Kruger's insulting ultimatum had made it imperative that England should assert herself. Had she bowed she would have become the laughing stock of the world. Was she to bow to an autocrat like Kruger?

The Premier Speaks.

The Prime Minister declared this was a free country, and asked the members to be calm. Mr. Bourassa and he differed in toto on the question. He believed England never fought in a more just war. Mr. Bourassa had a right to his opinions, but this was not an occasion to express them. England's war with the Boers was but the leading of Providence. He felt sure it was the intention of Providence that England should exercise great influence over all peoples for good. The war was a question as to whether the civilization of the seventeenth century or that of the nineteenth century should win out. It was a slave-holding civilization led by an oligarch against the beneficient, just, righteous rule of Queen Victoria. He thought that man insane who would side with the Boers against the British in such a struggle. Had the Boers succeeded the hope of humanity would have been blasted. As it had eventuated, it was the most fortunate event that had ever happened in the world. Suppose a standing army of 100,000 had to be kept in South Africa, what of that? Was England to lose her prestige and have her flag trailed in the dust? He said if half a million men were needed, send them. (Cheers.) Because the cause of war was just and the stake invaluable, he protested against the sentiments of Mr. Bourassa, that could not be farther from the truth. After paying a tribute to the Canadian troops, that had taught all Canadians that the bond of sympathy that united the Empire was stronger than a band of steel, he declared that the one homogeneous Empire was a unit, believing that the last dollar and the last man should be sent wherever needed to maintain the British Empire and British institutions. The address to the Queen was not a matter of controversy, and it was discourteous for Mr. Bourassa to talk as he did. Speaking as a French-Canadian, he said the occasion had been badly chosen to utter the views expressed by Mr. Bourassa. (Cheers.)

The address was then carried, Mr. Bourassa shouting "No!" and the Senate was asked to concur in it.

[illegible]

The Penitentiary estimates and Interior Department estimates occupied the attention of the House all night. Apart from minor objections everything went through.

The House adjourned at 1 a.m.

United States Congress adjourned sine die at 5 Thursday afternoon.

It is certain that Commassie is still invested. No runners can get through.

WHOLESOME ADVICE.

For People Whose Stomachs are Weak and Digestion Poor.

Dr. Harlandson, whose opinion in diseases is worthy of attention, says when a man or woman comes to me complaining of indigestion, loss of appetite, sour stomach, belching, sour watery-rising, headaches, sleeplessness, lack of ambition and a general run-down nervous condition I advise them to take after each meal one or two of Stuart's Dyspepsia Tablets, allowing the tablet to dissolve in the mouth, and thus mingle with the food eaten. The result is that the food is speedily digested before it has time to sour and ferment. These tablets will digest the food anyway whether the stomach wants to or not, because they contain harmless digestive principles, vegetable essences, pepsin and Golden Seal which supply just what the weak stomach lacks.

I have advised the tablets with great success, both in curing indigestion and to build up the tissues, increasing flesh in thin nervous patients whose real trouble was dyspepsia and as soon as the stomach was put to rights, they did not know what sickness was.

A fifty cent package of Stuart's Dyspepsia Tablets can be bought at any drug store, and as they are not a secret patent medicine, they can be used as often as desired with full assurance that they contain nothing harmful in the slightest degree; on the contrary, anyone whose stomach is at all deranged will find great benefit from the use of Stuart's Dyspepsia Tablets. They will cure any form of stomach weakness of disease except cancer of the stomach.

Dr. Devlin Writes to Mr. Monk.

Ottawa, June 8. — Dr. Devlin, who sold the Government the emergency ration discussed in the House, has written to Mr. Monk asking him to make the charges outside that he made in the House.

NEW MUSICAL ITEMS.

There has not been issued in ten years another concert song that approaches George Rosey's "Believe" in beauty or in popularity.

The songs of the season for sacred or secular concert use are "A Song of Triumph" and "The Everlasting Light," heard in the New York churches and at high class concerts and recitals.

First on the list of illustrated songs stands the beautiful ballad "The Only Way," telling the story of Henry Miller's drama founded on Dickens' "Tale of Two Cities."

The particular feature of the recent cake-walk at Madison Square Garden, New York, was the new two-step success, "The Happy Hobo."

George Rosey, the composer of many fine waltzes, marches, and melodies of all descriptions, has published his new "Adoration Waltzes," the best and catchiest he has yet produced.

In all the minstrel entertainments this year they are singing that Southern Song, so full of sentiment "Won't You Take Me Back to Dixie?"

The great song of the season for home or stage use is Heelan and Helf's "Just What the Good Book Taught." It has been introduced in the drama "Way Down East," and is being used very much in New York musical circles.

Lottie Gilson's new waltz song hit is "Just We Two," by Karl Kennett, the author of "Just One Girl," the success of which it promises to excel.

New successes in "coonology" are "Pliny" and "I Can't Forget You, Honey." The former is by the author of the well-known success, "My Hannah Lady;" the latter is by Maude Nugent, the composer of "Sweet Rosie O'Grady."

Williams & Walker, writers of so many clever coon songs, have produced their best number in their latest winner, "The Medicine Man."

The newest tuneful catchy waltz song, is "She's Only Mine," by Otto Heinzman.

Jos. W. Stern & Co., publishers of all the above mentioned popular music have again proved their right to the title "The House of Hits" by acquiring the sole agency for the world-famous S. S. Stewart Banjos and the celebrated George Bauer Mandolins and Guitars. This is a move of utmost importance and interest to musicians and music lovers in every part of the land for these superb instruments stand absolutely unrivalled. A complete and beautifully illustrated catalogue of the S. S. Stewart Banjos and Bauer Mandolins and Guitars will be sent to any address by Messrs. Stern & Co. on receipt of 7 cents to pay the postage, and an attractive new thematic catalogue of all the latest popular sheet music and of Clarke's Neverwet Waterproof Strings for all instruments, will be mailed free on application to the same publishers, whose address is 34 East 21st Street, New York.

TORONTO LIVE STOCK.

Toronto, June 8. — The run of live stock at the cattle market was large yesterday for Thursday, 54 carloads all told, composed of 933 cattle, 621 hogs, 183 sheep and about 40 calves. Quality of fat cattle was generally good. Trade fair, with market slow for shipping cattle, owing to the scarcity of space for immediate shipment. Butchers' cattle were again firmer, while prices in all other cases firmer, while prices in all other classes remained about steady.

EIGHT MEN WERE KILLED.

Scared Into a Panic When They Saw a Child's Head Hacked Off.

Stockbridge, Oneida Indian Reservation, Wis., June 8. — Eight Indians and one child were killed here yesterday in a peculiar manner. A squaw went into the yard, where several children were playing, caught a chicken and chopped off its head, leaving the hatchet on the ground. The children prepared to imitate the woman, and one, selected to act the part of the chicken, was seized, its head placed on a block and hacked off.

A number of men engaged on a derrick in the yard raising heavy timbers for a barn, seeing the child beheaded, became panic-stricken. The heavy timbers fell with a crash, killing eight men.

The Light House Keeper.

No class in the community render more signal service to their fellows than the men who here and there along the chain of our great lakes and rivers keep bright and clear the lights that guide the sailor. Light-house keepers are necessarily exposed a great deal to the weather, and one of them, William Gillespie, of Wolfe Island, Ont., states that in this way he contracted muscular rheumatism. "For two weeks," said Mr. Gillespie, "I suffered untold agony with muscular rheumatism in my shoulders. I was crippled by the disease to such an extent that I could not put my coat on without assistance. I bought a bottle of Dr. Hall's Rheumatic Cure, and two doses cured me completely. I have not had a twinge of pain since. There is nothing like this medicine for rheumatism."

Mr. Wm. Gillespie.

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

CLINGS TO ALGOMA SEE.

Rev. Dr. Thornloe Declines Coadjutor Bishopric of Eastern Ontario.

Kingston, Ont., June 8. — The clergy and laity of the Diocese of Ontario went into separate conference at eleven o'clock yesterday morning to consider whom to select as Bishop, the nominee of Wednesday night, Bishop Thornloe, of Algoma, having declined the office. His Lordship said the Canadian church had called him, and could alone release him. Dean Williams, Quebec, was eventually chosen bishop. The elections to the Provincial Synod and the Mission Board then took place.

Mr. Sifton Now All Right.

London, June 8. — Hon. Mr. Sifton and Mrs. Sifton have returned to London from Vienna, where Mr. Sifton's visit to a celebrated aurist has been completely successful. He is now in excellent health, and returns to Canada shortly.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Backache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

It is the clear ring of truthful statements by well-known truthful people that makes the reputation of Kootenay Cure in Pill form so great. The new ingredient that enters into its composition is a far reaching cure-maker.

THE SISTERS

Monastery of Our Lady of Charity,
411 St. Andrew Street,
S. S. Ryckman Medicine Co., Ottawa.

Dear Sirs,—You must have found it strangely ungrateful on our part never to have thanked you for the Kootenay Cure you were so kind as to send us last winter. The fact is, we had it a long time before we knew to whom we were indebted, until the Rev. Father McGuckin, Rector of the Ottawa University, told us that he had sent you our name, and you were kind enough to send the medicine gratis. Those amongst our Sisters who took it find themselves much benefited; especially cases of indigestion, poverty of the blood and the after effects of the Grippe. But there is one thing it cures, which we have not noticed in your publications, and which we are happy to be able to announce to all great singers. One of our Sisters who sings in our choir took the Grippe last December. She was ill a long time, as it especially affected the bronchial tubes, and though she recovered slowly, still continued weak. Her voice, however, remained so husky that she had to give up singing altogether. About two weeks ago she began to try Kootenay Cure, and besides feeling stronger, finds her voice coming back so quickly that she is already able to sing short pieces. Thanking you heartily for the medicine you sent us, and recommending it to all sufferers, and especially to all singers, we have the honor to be, sir,

Your humble servants,
The Sisters of Our Lady of Charity.
"Good Shepherd."

The remarkable success made by Kootenay Cure in Pill form in picking up debilitated, pale bloodless women and restoring them to health is a marked feature of this medicine and proves the wonderful building up properties of the new ingredient peculiar to Kootenay.

KING'S DAUGHTERS.

Hamilton, Ont.

Dear Sirs,—We, as a society, have adopted this means to express to you our sincere thanks for your valuable medicine "Kootenay Cure," which you so generously donated to the Cheerful Workers' Circle of King's Daughters, Hamilton. It has proved a blessing in several cases of Rheumatic suffering by effecting a cure, and in one case especially, that of George Ball, residing on Sanford Avenue, near Huron Street, we desire to thank you. When we first visited Mr. Ball in September last, he was a hopeless and helpless invalid, his condition being brought about by Sciatica Rheumatism of long standing. We gave him Kootenay Cure, which he took with such beneficial results that in three weeks time he was able to walk, and to-day is completely cured and working at hard labor. His case was an unusually bad one and his cure is little short of marvelous, and we have no hesitation in saying Kootenay cured him. Should you think suffering humanity would be benefited by the publication of this letter you are at liberty to use all or any part of it.

Gratefully yours,
(Signed) May Pratt, President.
Mrs. D. B. Pratt,
25 East Avenue North.

Notable among the Kootenay cured are so many of the considered "hopeless and helpless" cases restored because of the hidden curative treasure contained in Kootenay Cure in Pill form.

THE RECTOR.

University of Ottawa,
Ottawa, Canada.

Dear Sirs,—I wrote to you in July last stating that I derived much benefit to my health from taking your truly marvellous remedy "Kootenay Cure." Since then I have taken three more packages, and am now pleased to be able to inform you that I am now free from Chronic and Acute Rheumatism, Diabetes and La Grippe. This is the first winter since 1890 that I have escaped from having several severe attacks of La Grippe, and notwithstanding the incessant and onerous duties of my position in this University, I have, thank God, enjoyed excellent health since last August.

I have recommended the remedy to many persons, both in and outside of the University, and in most cases with entire success. These include persons suffering from Rheumatism, Bright's Disease, Boils, Salt Rheum, Loss of Appetite, Dyspepsia, General Debility, Insomnia, Somnambulism, Skin Diseases, Nervous Debility, La Grippe, etc., etc. In some of these cases the patients had been under the care of physicians for several months without relief, and were cured by using "Kootenay." I shall adopt it as the "Family Medicine" for this institution.

Yours truly and gratefully,
(Signed) J. M. McGuckin, O.M.I., D.D.,
Rector.

Kootenay Cure in Pill form is sold at 50 cts. per box and can be obtained at the Drug Stores of D. M. Waters and J. S. McKeown, Belleville.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

AT THE NEW BOER CAPITAL

A Railway Car Shunted on a Switch at Machadorp.

AN INTERVIEW WITH OOM PAUL.

He Says the Boers Now Can Do Nothing But Fight to the End—Denies That He Carried Away £2,000,000—Sir Alfred Milner Warns Miners Not to Go to South Africa for Two Months—War News Scarce.

London, June 8. — (3 a.m.)—The executive offices of the Transvaal Government are in a railway car, which is shunted on a switch at Machadorp station. President Kruger caused the interior of the coach to be reconstructed some time ago, with a view to contingencies that have now arrived. A correspondent of The Daily Express, who went from Lorenzo Marquez to see President Kruger, was received yesterday. The President sat smoking a long pipe. He looked worried, but his bearing was quiet and determined. He did not make the least objection to being interviewed.

Says Boers Will Fight.

The correspondent was equipped for the interview by cables from London.

"Yes," said President Kruger, "it is quite true that the British have occupied Pretoria. This, however, does not end the war. The burghers are fully determined to fight to the last. They will never surrender so long as 500 armed men remain in the country. I feel deeply encouraged by the fine work Steyn and Dewet are doing in the Free State."

Where the Boer Capital Is.

The correspondent suggested that the war was over, inasmuch as the capital had been taken.

"The capital," exclaimed Mr. Kruger, with energy, "what is a capital? It does not consist of any particular collection of bricks and mortar. The capital of the Republic, the seat of Government, is here in this car. There is no magic about any special site. Our country is invaded, it is true, but it is not conquered. The Government is still effective."

Won't Be Taken Prisoner.

Referring to the reasons why he left Pretoria, he said: "I was not foolish enough to be taken prisoner. I provided this means of locomotion for the same reason as our burghers supply themselves with horses when they take the field. It is necessary that I should be able to move easily from place to place. That is all. By and by this car will take me back to Pretoria. For the present, it enables me to keep away from Pretoria, where I could be of no service, and where I should only play into the hands of the enemy."

Denies He Had £2,000,000.

"They say, Mr. Kruger," remarked the correspondent, "that you have brought with you gold to the value of £2,000,000."

"It is not true," replied the President. "Whatever monetary resources I may have with me are simply those which we require for state purposes. At the same time, I am not going to tell you where our treasure is. Let Lord Roberts find it if he can."

That's Another Lie, He Says.

"They also say in England, Mr. Kruger, that you contemplate taking refuge on a Dutch man-of-war at Lorenzo Marquez."

"That again is a lie," retorted the President with vehemence. "I know of no Dutch vessel. I am not contemplating taking refuge anywhere. I shall not leave my country. There will be no need for me to do anything of the kind."

Knows His Wife Is Safe.

The correspondent—Then, Sir, there is much surprise at your having left Mrs. Kruger behind.

President Kruger—But why? Mrs. Kruger is quite safe in Pretoria. She would only be put to personal inconvenience here. All communication between us is stopped, of course; but she will await my return with calmness and courage. She is a brave woman. I am here awaiting further information. We are surrounded by faithful burghers and are quite safe.

Reitz Says Guerelia Warfare.

State Secretary Reitz remarked: "You may depend upon it that the war is not yet over. Guerilla warfare will continue over an enormous area. We intend to fight to the bitter end and shall probably retire upon Lydenburg, where we can hold out for many months."

"Yes," observed Mr. Kruger, "it is only now that the real struggle has begun. I fear that there will still be much bloodshed, but the fault is that of the British Government."

Nothing But to Keep on Fighting.

Then, raising his voice to an almost passionate height, Mr. Kruger exclaimed: "The time has passed for us to talk. We have done plenty of that, but it has done us no good. There is nothing left for us to do but to keep on fighting, to keep on fighting."

The correspondent who secured the interview telegraphed it immedaitely from Machadorp Station yesterday, when the wires were working as usual to Lorenzo Marquez.

Four Irish Judges' Sons.

Four Irish judges had sons in the battalion of the 13th Yeomanry, which was captured at Lindley. Mr. A. M. Porter, son of the Right Hon. Sir Charles Marshal Porter, the Irish Master of the Roll, was killed, and Mr. W. Holmes, son of the Right Hon. Hugh Holmes, Lord Justice of Appeals, was severely wounded.

WILL THE BOERS FIGHT ON?

Said to Be in Strong Positions at Majuba Hill and Laing's Nek.

New York, June 8. — Great numbers of the enemy still occupy Majuba Hill, Laing's Nek, and the Pegwani range as far east as Englebrecht's Pass, says a Newcastle despatch to The Herald, dated Monday. On the Ballasberg the positions they hold are particularly strong. Generals Christian Botha, Fourie and Pretorius are in command.

Should they obstinately refuse to yield and still continue fighting, they will in all probability fall back on Lydenberg, by way of Ermelo, with prospects of a safe retreat into the almost inaccessable mountains of the Murchison range. Their task to prevent Gen. Buller's entry into the Transvaal by way of Volhurst can only result in failure and unnecessary loss of life on both sides.

War Supplies for the Cape.

Gibraltar, June 7. — The British transport Bramear Castle has arrived here from England. After embarking 700 cases of ammunition the vessel will leave for the Cape.

French Eulogy of Britain.

Paris, June 8. — In the Senate yesterday during the discussion of the bill providing for the formation of a colonial army, Gen. Billot, the former Minister of War, eulogized the attitude of Great Britain, which he said at the time her troops were suffering reverses in the Transvaal, supported her generals.

German Friendship for Britain.

Berlin, June 8. — It has just become known here that the Woermann Line steamer Marc Woermann, on May 2, took 80 men and two officers, English troops, aboard at Whale Bay, after obtaining the German Government's permission by wire. The troops were landed at Cape Town. This is construed here as indicating the friendship of the German Government for England.

Warned Not to Go South.

London, June 8. — The following despatch has been received at the Colonial Office from the British High Commissioner, South Africa, Sir Alfred Milner:

Cape Town, June 7. — It is reported by telegram that large numbers of miners and others are about to start for the Transvaal from Southampton on Saturday. Cannot a public notification be issued warning the people against premature return here. They will be delayed at Cape ports, and will only increase the numbers supported by charity. It must be a couple of months at least before the bulk of those now in the colony and Natal can be allowed to return or work generally can be resumed.

How British Prisoners Are Penned.

London, June 8. — Nine hundred British prisoners arrived Tuesday at Nooitgedacht. They are penned in a barbed wire enclosure of four acres on the open veldt.

According to a despatch from Lorenzo Marquez, dated yesterday, Lord Roberts is reported to have intercepted two trains full, leaving the vicinity of Pretoria.

Telegrams from the British side are exceedingly scanty. Two brief ones received from Pretoria, say that Mrs. Kruger is still occupying the Presidency, and that a number of engines and cars have been seized.

Boers Broke Their Pledge.

London, June 8. — Mr. Prevost Battersby, in a despatch to The Morning Post from Pretoria, dated June 5, says:

"The Boers pledged themselves to 20 British officers, not to take the British prisoners away if these officers would control them and prevent an outbreak. Nevertheless, they began their removal. After 900 had been taken, British shells struck a train that was loading, and the Boers desisted and retired. The Pretoria forts were found without guns. All the artillery had been gotten away."

Another despatch says: "Sixteen hundred British prisoners were removed."

An Asylum for Kruger.

Elmira, N.Y., June 7. — It is reported by The Canton, Pa., Sentinel that President Kruger, if he succeeds in evading the British, will locate in or near Brownlee, Toga County, Pa., Henry Malles, a relative of Kruger, who lives in Brownlee, wrote Kruger at the breaking of the war, inviting him to locate there in case eventualities made it necessary for him to leave the Transvaal. Recently Malles received a letter from Kruger accepting the invitation, and representatives of the Transvaal have made enquiries regarding the price of farms in the vicinity of Brownlee, which has a large number of Dutch residents.

Doctors Elected Officers.

Toronto, June 8.—The second day of the twentieth annual meeting of the Ontario Medical Association in the Normal School yesterday was a busy one, and three sessions were held. The attendance was larger than on the first day. A great number of valuable papers on professional subjects were read and discussed. These officers were then elected: President, Dr. A. McKinnon, Guelph; first vice-president, Dr. R. A. Pyne, Toronto; second vice-president, Dr. W. H. Jeffs, Havelock; third vice-president, A. S. Fraser, Sarnia; fourth vice-president, H. H. Sinclair, Walkerton; general secretary, Dr. H. Parsons, Toronto; assistant secretary, Dr. J. E. Elliott, Toronto; treasurer, Dr. G. H. Carveth, Toronto. It was decided to hold the next annual meeting in Toronto.

They Took Their Chances and Lost.

Ottawa, June 8. — In the Senate yesterday afternoon, Sir Mackenzie Bowell was told that Mackenzie & Mann had claimed compensation for alleged expenditure of $33,434, incurred on account of the non-ratification by Parliament of the Teslin Lake Railway contract. No decision on the matter had been arrived at. Only routine business was transacted.

Thomas Charles, who was run over on the G.T.R. track at Berlin on Thursday, was an inmate of the poorhouse, and almost blind.

Mr. A. W. Carrick of Toronto brought the body of his 7-year-old son to the surface of the water at the foot of Bay street on Thursday night. He had been missing since Tuesday. It is thought the little fellow mistook floating chips for a raft and thus fell in and was drowned.

The British steamer Favonian, from Liverpool for Alexandria, Egypt, went on the rocks near Algiers, and will probably become a total wreck. No lives were lost.

PERILOUS, GRAVE, DANGEROUS

These Words Express Present Situation in China.

No Fear for Foreign Legations at Pekin, But Europeans Are Leaving—Communication With Tien-Tsin Cut—Boxers Continue Raiding and Pillaging—A Bloody Fight With Boxers—Great Britain's Firm Policy.

London, June 8. — The situation in China, as measured by abundant unofficial telegrams, continues full of interesting possibilities, but apparently it has not grown worse during the last 24 hours, although the favorite adjectives of London and continental commentators are "Perilous," "Grave" and "Dangerous."

The naval commanders in Chinese waters have received identical instructions as to procedure, the question of an emergency being left to their discretion. No fear is entertained for the safety of the legations at Pekin. European residents, however, are escaping from the capital to the coast. Pekin is still under control, according to a despatch to The Morning Post, dated yesterday, but in a very excited state. A thousand foreign guards were garrisoning the legation houses.

International Troops at Tien Tsin.

Six hundred international troops are at Tien Tsin, with six guns.

Communications Cut.

There has been no communication between Pekin and Tien Tsin since Tuesday, although one miserable half-hearted attempt was made by Chinese soldiers to reach the capital. The troops were fired on, and the train had to come back. Another station has been burned on the line. A news agency despatch from Tien Tsin dated yesterday, says the Boxers are still raiding and pillaging over a wide area. They have wrecked and burned the stations at Long Fong and Lango.

Three More Murders.

It has been definitely ascertained that Mme. Astier and Messrs. Ossent and Cades have been murdered.

Gen. Nich claims to have defeated the Boxers, killing 500.

Another Evasive Decree.

The Pekin correspondent of The Times, telegraphing yesterday, says: "An imperial decree has been issued, but it is on the same evasive character as the preceding one. Throughout it is apologetic in tone, and virtually gives justification to the Boxers for their recent anti-foreign and anti-Christian outbreaks. The edict repeats the accusation against native Christians who joined the church for their own base ends. It blames the officials, orders that the lawless shall be punished, and condemns the Chi Li soldiers for assisting the disturbers." The Tsung Li Yamen undertakes that railway communication shall be restored by Saturday. They have protested against the arrival of more British guns.

A Bloody Fight Took Place.

A despatch from Shanghai says the Dowager-Empress has ordered Gen. Nich Si Chong, with 3,000 men, to protect the railway at Pekin. A severe fight, it is added, has occurred with the Boxers, whose ranks include many soldiers from other generals' commands. When the battle ended 200 dead were left on the field.

Britain's Force Greatest.

The despatch goes on to say: "One hundred and eight British marines, with a machine gun, are about to force a passage from Tien Tsin to Pekin. Altogether, about 900 British have been landed from the fleet, a greater number than have landed from the combined vessels of the other powers. This evidence of Great Britain's intention to assert her position strongly, gives great satisfaction here."

Corea and Japan Not Friendly.

Yokohama, June 8. — Reports from Seoul state that the action of the Japanese Minister to Corea with reference to the alleged case of torture of prisoners has awakened the resentment of the Government, which declines to grant an audience with the King, and also addressed a telegram on the subject to the Japanese Government.

A FEW WORDS ABOUT CATARRH.

How it Begins—How it Becomes Chronic—How it is Cured by Dr. Chase.

Persons who take cold easily are almost sure to become victims of catarrh, which in its acute form is nothing more nor less than "cold in the head."

Running at the nose, stuffed up nostrils, difficult breathing and headache are well known symptoms of acute catarrh.

If allowed to run on, acute catarrh becomes chronic, and then there are small ulcers formed in the nose, droppings into the throat, which causes hawking and spitting, and, when the ulceration reaches the bone, foul breath.

As a result of the thickening of the membrane of the nose and eustachean tube deafness and loss of the sense of smell are also symptoms of chronic catarrh.

When allowed to work its way along the air passages catarrh ultimately reaches the lungs and becomes consumption.

To clear the air passages and heal the ulcers in the nose is the object of treatment, and no means have ever been so universally successful as Dr. Chase's Catarrh Cure.

The improved blower which is given free with every box of Dr. Chase's Catarrh Cure is a simple yet most effectual method of sending the preparation to the very seat of the disease.

Relief comes almost instantly, "cold in the head" and acute catarrh are cured in a few hours, and chronic catarrh is absolutely eradicated from the system in a few weeks.

As catarrh almost invariably leaves its victim in a weakened, run-down condition, the patient should use Dr. Chase's Nerve Food along with the Catarrh Cure to build up the system, and form new red corpuscles in the blood.

This combined treatment is unapproachable as an affective method of permanently curing catarrh and ridding the system of every symptom or trace of this distressing, debiliating and dangerous disease.

There is no ailment so frequently neglected as catarrh, and none that so certainly leads to consumption and death. Dr. Chase's Catarrh Cure, 25 cents a box; blower free. Dr. Chase's Nerve Food, 50 cents a box. At all dealers, or by mail from Edmanson, Bates & Co., Toronto.

For croup, bronchitis, asthma, coughs, colds and throat irritation are promptly cured by Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle, family size three times as much, 60 cents. At all dealers or Edmanson, Bates & Co., Toronto.

C. P. R. Roadmaster Killed

Winnipeg, June 8. — An accident occurred on Wednesday on the M. & N. W. Railway, about 40 miles this side of Yorkton. R. Watters, roadmaster of the C. P. R., accompanied by the superintendent, was making a tour of inspection on the latter's gasoline motor car. Mr. Watters was sitting in the front seat and got up to adjust some part of the machine. In doing so he lost his balance and fell forward in front of the car, which passed over him, killing him almost instantly.

William H. Sims, a London, Ont., carpenter, was so terribly injured on Wednesday morning just after beginning to work, that he remained unconscious until the afternoon, when his death occurred. A 10 x 12 inch beam 20 or 30 feet long fell on him.

ED. F. DICKENS

Card of Condolence.

To Mrs. Richard Gawley,—We, the officers and members of Loyal Bannockburn Lodge, No. 125, C. O. O. F., take this opportunity of expressing unto you our sorrow and heartfelt sympathy in the great loss you have sustained by the sad and sudden visitation of the divine providence in removing from this world of sorrow and disappointment your beloved husband. It seems hard for us as brother Oddfellows, to have removed from us so suddenly such a worthy member—one who has been so faithful in the discharge of his duties. For six years he labored among us in the work of our Order, but now he is gone from our midst. No more shall we have his cheerful countenance and his willing helpfulness to make our lodge meetings enjoyable and successful, yet we feel that our loss, great as it is, is not to be compared to yours, but we would commend you to the guidance of the All Wise Being, who is a God of consolation to the widow and a Father to the fatherless. May He comfort and sustain you in this, your bereavement and affliction. May Faith, Hope and Charity, the three pillars of Oddfellowship, abide with you. With our best wishes for your future success, we extend unto you our sympathy.

Signed on behalf of the Lodge,

SIMEON H. FOX.

SCENES AT MAFEKING.

The Inhabitants Cried with Delight at Raising of the Siege.

When in the early hours of the morning of May 17th Col. Mahon encamped on the polo grounds, the enthusiasm of the inhabitants was unbounded, says the Mafeking correspondent of the New York Journal. Their delight assumed curious forms. The first duty was to welcome their relievers and to shake hands and to embrace each other, the women weeping for joy. The first transports of delight over, the men of the garrison displayed a boyish interest in a large flock of sleek, fat cattle which Mahon had brought.

The food found in the enemy's trenches proved useful. Here is Baden-Powell's verselet, giving the feelings of the women during the siege, when the Boers' "Long Tom" began. It was recited at the last concert:

What is the gun that makes them run
When they hear the warning bell?
You may bet your boots it's the gun
that shoots
The high velocity shell!

Addresses were presented to Mahon and Plumer by the townspeople in the market square, where a large concourse gathered to witness the return of the troops engaged in the fight. Enthusiastic cheers were greeted with a running fire of cheers, given for the Queen and Baden-Powell, and the trooops were greeted with a running fire of cheers.

OUR WASHINGTON LETTER.

Washington, June 5, 1900.

The Princess Aribert, granddaughter of Queen Victoria, who is traveling in this country as the Countess Munsertberg, was a spectator in the diplomatic gallery of the House for a short season yesterday, accompanied by Lord Pauncefote, the British Ambassador. After remaining about ten minutes, during which she manifested a lively interest in the scene before her, she left the gallery. In the evening Lord and Lady Pauncefote entertained at dinner in honor of their guest, when the company further included the German Ambassador, the French Ambassador, the Minister from Spain, and the Duchess d'Arcos, the Secretary of State and Mrs. Hay, Col. and Mrs. Lee, Fraulein von Chappins, and Miss Pauncefote.

An act recently passed by Congress is of interest to Canadian shippers and consignees. It is amendatory of Section 3005 of the Revised Statutes which it changes so as to read as follows:

"All merchandise arriving at any port of the United States destined for any foreign country may be entered at the custom house, and conveyed, in transit, through the territory of the United States, without the payment of duties, under such regulations as to examination and transportation as the Secretary of the Treasury may prescribe."

Accordingly, the Secretary of the Treasury has promulgated an order, stating that, on arrival at any port of entry, or subport of entry, of merchandise from foreign countries, whether dutiable or free, intended for immediate transportation through the United States to any foreign country, the consignee or agent may make entry in triplicate, describing the route by which the merchandise is to be forwarded. An invoice showing the value of the merchandise should be submitted at the time the entry is made, but consular certificates will not be required. The entry is to be in substantially the form prescribed in article 431 of the Custom Regulations of 1892. Duties will be estimated on the foreign market value of the goods, and the consignee or agent is to give bond in a penal sum equal to double the value of the goods, such bond being conditioned for the exportation of the merchandise within six months of the date of entry. After entry has been made and bond given, the proceedings indicated in articles 433 to 438, inclusive, of the Customs Regulations of 1892 will be followed.

Distinguished Englishmen still continue to reach this city, and to discuss the Boer war, now so near its end. Among the recent arrivals is Hon. Chas. N. Bradford, a former mayor of Plymouth, England, who said—"I am one of those opposed to the war, but we Radicals and Liberals were very much in the minority and were divided in opinion besides. We could and can do nothing at present. The enthusiasm of victory and conquest is sweeping over the country and carrying everything before it. Of course, every Englishman rejoices in the triumph of the British army. But the day is not far off when there will be a reaction. Englishmen will have to pay the enormous costs of the war and when they realize this their enthusiasm will recede."

"Now that the war enthusiasm is on in England, the scheme of the government, of the war party, is to dissolve Parliament and order a new election while the fever is at its highest. That would insure the return of a large Conservative majority, probably as large as at present, and guarantee a continuation of power in their hands for at least seven years longer. The government does not dare wait for another year or two, knowing that by that time the people would have come back to their reason, and so they will take advantage of the disorganized condition of the Liberals. Our party is divided, and most of all we need a leader. At present we are handicapped, but the Radical party will yet make itself felt, and once this wild intoxication of victory of arms has subsided the people will come to our view." Mr. Bradford is travelling through the United States for pleasure, studying our politics and ways of doing things. He is accompanied by J. H. Rider and Richard Dingle, both also of Plymouth.

Even Senator Morgan, of Alabama, the persistent champion of the Nicaraguan canal, has given up the fight for this session of Congress. It was time to do so, as that body will be in all probability adjourned before this letter gets into print. While the Republicans dread the effect of sidetracking the canal, they have done so because they believe it violates the Clayton-Bulwer treaty, and because we have as yet no treaty with Nicaragua and Costa Rica on the subject. When the Hay-Pauncefote convention is ratified, as it will probably be with an amendment at the next session, and when the President has had time to negotiate with the Central American countries on the subject, the bill will be passed.

BAY OF QUINTE CONFERENCE.

Ministers and Laymen of the Methodist Church at Business.

The Bay of Quinte Methodist Conference was formally opened at 10 o'clock Thursday morning at Port Hope. Rev. W. R. Young, D.D., President, in the chair.

The roll of clerical and lay members was called, when over two hundred responded to their names.

The election of President resulted in Rev. Dr. Crothers being chosen for the position and Rev. J. N. McCamus as Secretary.

The Secretary appointed Rev. B. Greatrix and Mr. Thos. Wickett as his assistants, and the Rev. N. D. Drew as Journal Secretary.

An adjournment was then made for the Districts to appoint one minister and one layman as Nominating Committee, when the following gentlemen were appointed:

Revs. Chas. E. McIntyre, Rodger Allin, Wm. Limbert, T. W. Jolliffe, D. N. McCamus, J. P. Wilson, G. W. McColl, R. M. Pope, S. J. Shorey, Wm. Johnson, Henry McQuade, Robt. McCullough, W. J. Young, and Messrs. Wm. Johnson, J. B. Aylesworth, H. Greer, J. B. Young, Geo. Wilson, Dr. Tilley, H. W. Wilcox, W. C. Anderson, Judge Dean, W. R. Clarke, W. E. Rankin and Geo. Clare.

Mayor Quilan presented an address of welcome from the Town Council, of Port Hope, after which a vote of thanks was moved by the Rev. Mr. Duke, and unanimously adopted.

NOTES.

Rev. Jas Thompson is one of the most active men in the Conference—irrespective of age. On Tuesday he wheeled from Bloomfield to Port Hope a distance of 63 miles, with comparative ease.

Rev. Newton Hill, who has been transferred from the Bay of Quinte Conference, was in town to-day bidding farewell to his old associates. He parts from them with the deepest regret.

DOMESTIC SCIENCE

This Subject Discussed by Miss Hope of Hamilton.

Domestic Science as a factor in our Educational System was the subject of a very interesting and instructive address delivered in the City Hall last evening by Miss Hope, Principal of the Ontario Normal School of Domestic Science and Art, Hamilton. The lecture was delivered under the auspices of the South Hastings Teachers' Institute, which is now holding its sessions in this city. Owing to illness Mrs. Hoodless, President of this Normal school, who was unable to attend as was advertised, sent Miss Hope to take her place. Miss Hope, who has had twelve years' experience in teaching and directing the study of this subject in the schools of Boston, is a person of pleasing appearance and a good speaker, and thoroughly at home in the subject. After reading the address Mrs. Hoodless had prepared to give she proceeded to explain the course taken up by those studying this subject.

Mrs. Hoodless' paper was a strong plea for the introduction of this study on the school curriculum of our system, on the ground of its utility, its necessity and the benefits that would result from its study in better kept homes, more healthful food, and the saving in money from more economical purchase of such food and the knowledge of how to utilize what is frequently thrown away, but would make appetizing soups, etc., if properly prepared.

Miss Hope explained how this subject is taught in Boston schools where this year there are about four thousand girls between the ages of 12 and 16 years taking up this study. There are in the city twenty-two school kitchens where pupils are trained in Domestic Science. The course is generally a two-year course taking about two hours per week, and is found not to interfere with other studies. Miss Hope gave a number of illustrations from her experience showing the benefits that follow from the study of this science in increased care of utensils, of food, neatness and cleanliness, in cutting and fitting garments, etc.

A hearty vote of thanks, moved by Mr. Mikel and seconded by Mr. J. W. Dafoe, was tendered Miss Hope. The chair was occupied by Mr. Johnston, while Mr. Mathison, with whom Miss Hope is staying, occupied a chair on the platform.

STORY OF BULLER.

Walter Jerrold Relates a Canadian Experience of Sir Redvers.

Sir Redvers Buller, like so many of Britain's greatest warriors, is a Devonian by birth. His family, however, was originally a Cornish one. In the "Story of His Life and Campaigns" Mr. Walter Jerrold tells how cleverly Sir Redvers exploited his Cornish descent when in a fix at the mouth of the St. Lawrence on his way to Canada. The vessel was delayed by fogs, and as provisions ran short, Buller went ashore to an islet where stores were kept for shipwrecked sailors. The woman in charge refused to give him supplies.

"No," she said firmly. "The supplies be for they wh'm shipwrecked—not for such as you."

"But this is a government depot, and we are servants of the Crown," insisted Buller.

"Can't help it—you'm not shipwrecked," came the reply.

The young officer caught the slightest suggestive intonation in the woman's last remark, and so at once said, speaking with Cornish accent:

"What not for dear Old One and All, and I a Buller?"

"What! Be yew from Cornwall, and a Buller? Take everything there is in the place; you'm hearty welcome."

Quick & Robertson's Suits for Men.

Until you've enjoyed wearing one you cannot know how good our Suits are. The difference between them and the ordinary ready-made kind or the product of the cheap tailor is greater than you would imagine until you've made the comparison. Our suits are equal in style, fit and trimming to any a first-class merchant tailor can make, but he would have to charge you double our prices, for where he makes one suit the manufacturers of ours make a thousand, and his knowledge and skill are no greater than those of the manufacturers' designers and tailors. Once a man examines our suits no further arguments are necessary.

$5, $6.50, $8.50, $10, $12, $15.

At these prices we have suits that are really wonderful values. Takes in the finer Serges and all Imported Worsteds and Tweeds, made in that correct way that's the envy of the best merchant tailors.

Quick & Robertson's Suits for Boys.

We are just as particulor about the making of our Boys' Suits as we are of our Men's, for we will sell nothing but reliable clothing. If you get a poor suit for your money we want to know it, and your money is yours. We guarantee every Boys' Suit we sell—all wool; seams silk and linen sewed; linings good, sewing good and style and shape correct, and our prices are right—a little shopping will prove that.

Young Men's Suits $5 to $12.

There is such a quantity and variety here in these suits that to look means to buy. In our clothing for young men you will find all the points of excellence known to the tailoring art. The coats are three and four button sacques, with those broad shoulders; vests are single and double-breasted; trousers are perfect in fit and style.

WHY DO YOU SUFFER

From Rheumatism, When an Application of Griffiths' Menthol Liniment Will Relieve All Your Suffering in a Few Minutes? It is an Antidote for any Pain.

Mr. R. A. Pilgrim, of Pilgrim Bros., soda water manufacturers, Hamilton, writes: A short time ago I was attacked so badly with muscular rheumatism in my wrist that it caused my arm to swell to the elbow, the pain being almost unbearable. Griffiths' Menthol Liniment was applied and in a few minutes the pain left me, and in less than six hours every trace of swelling and soreness had entirely disappeared. It certainly does cure rheumatism. Price 25c, by all druggists.

MR. PEARSONS' IDEA.

Dr. D. K. Pearsons, the Chiacgo millionaire who has donated all his money to educational purposes and who says he intends to live to be 100, gives these rules for living:

Most men dig their graves with their teeth.

No pies or cakes; no pains or aches.

If you overwork your liver, it will tell on you to your brain by and by.

Men can live without eating ten days. They can't do without pure air five minutes.

Don't get angry and don't get excited. Every time you fret you lose a minute of life.

Let a man abuse his stomach, and he'll get fidgety, cross to his family and go to the devil.

Doctors say don't sleep on a full stomach. I take my after dinner nap just the same, and I'm 80 years old. You can't believe all the doctors say.

If you catch cold, lose your quinine and eat an onion.

Give away your money. It's exhilarating and tends to longevity.

The idea of giving while one's alive will become epidemic as soon as men discover what fun it is.

Telegraph Lines Cut by the Boers.

London Much Annoyed at This Action.

Boer Supplies and Ammunition Will Not Hold Out.

Gen. Buller Demands an Unconditional Surrender.

London, June 9.—London is somewhat annoyed at the disagreeable activity manifested by the Boers in the Orange River Colony in cutting Lord Roberts' line of communication at Roodevaal north of Kroonstad. As yet there is no indication whence the strong body of 2,000 Boers arrived at Roodevaal unless it be the force mentioned in a recent Boer despatch as having started from Standerton with this object in view.

London, June 9.—Gen. Forestier Walker cables to the War Office from Cape Town, under date of June 8th, as follows: "Kelly-Kenny at Bloemfontein reports that the telegraph has been cut at Roodevaal north of Kroonstad by a body of Boers estimated to be two thousand strong with six field guns. He is sending reinforcements to Kroonstad and I am reinforcing from Cape Colony. I hope the interruption will be only temporary."

A message from Cape Town says that the opinion prevails there that the Boer supplies of ammunition and food will not suffice to enable them to prolong the struggle in the Lyndenburg district for more than eight weeks. Cape Town also anticipates that the Boers will be seriously harassed by the Kaffirs.

London, June 9.—A special despatch from Durban, Natal, says the Boers at Laing's Nek after an action fought Thursday, June 7th, offered to surrender conditionally, but Gen. Buller replied that their surrender must be unconditional.

BAY OF QUINTE CONFERENCE.

Reports of Albert College and Other Institutions Presented.

At the Methodist Conference at Port Hope yesterday a striking report of Albert College was given by Principal Dyer. Its entire number of students has reached 258. This is 25 per cent. higher than any previous enrolment. It is double that of fifteen years ago. The examinations in music are to be conducted by the Toronto Conservatory of Music. New departments of domestic science and missionary study are being established. Dr. Dyer was most heartily thanked for his work.

Rev. Wm. S. Griffin, D. D., Treasurer of the Superannuation Fund, presented the report of that fund, in an address of an hour and a half, full of information. He was followed by Rev. Dr. Potts, Treasurer of the Twentieth Century Fund, and Dr. Briggs presented a report of the Book Room.

Revs. Dr. Young, F. B. Stratton, W. J. Jolliffe, B.C.L., and Messrs. W. Johnson, and Uriah Wilson, M. P., were appointed a committee to devise a plan for the selection of three members of the great Ecumenical Conference to be held in London in 1901.

"JACK" ROACH GUILTY

Jury Took Only Five Minutes to Make Up Their Mind This Morning.

"Jack" Roach was found guilty in the Court of Queen's Bench at about 10.45 o'clock this morning of holding up Patrick Rooney in his store on Dorchester street, on January 22nd, last, with a revolver, in company with another man, and robbing him of about $120. The jury was only out about five minutes.

The accused was in the box himself yesterday afternoon, and said that on January 22nd last, the date of the robbery, he had been in Ottawa on business, and had during that time lived with friends. He admitted that he had been twice convicted of receiving stolen goods, and that he had been implicated in the Napanee bank robbery. He denied having had any connection with the robbery of Patrick Rooney.

THE PRICE NOT EVERYTHING.

In buying clothing you should be careful to judge quality of cloth, the way they are trimmed, how the buttons are sewn on and just exactly how the seams are put together. The object of the Oak Hall is to furnish good clothes—not cheap clothes. We are not aiming at the lowest price, but at the highest quality.

WOMAN'S CHRISTIAN ASSOCIATION

O'Flynn, pansy bouquet to each of the old people; Mr. Templeton, garden seeds; Mrs. Ellsworth, potatoes; Mrs. (Capt.) Waters, can of fruit.

The room Mr. Corby has endowed and furnished has been handed over to the ladies at the hospital for the use of those who cannot afford a private room.

HEAT AND COLD

At this season of the year neuralgia, toothache, and a host of similar diseases are rampant. The great question, then, is to find the quickest, surest, and most economical remedy. Polson's Nerviline exactly fills these requirements. It is prompt, efficient, and most economical, for it exceeds in power every known remedy, and is as cheap as inferior articles. A ten-cent bottle will give every person a chance to test it. Large botles only 25 cents.

Painful Injurious.

Mr. John Munroe, an employee of the Trenton Electric Company was the victim of a painful accident yesterday afternoon. He was assisting in unloading poles at the wharf when one fell upon him, fracturing his right leg near the thigh, and inflicting other injuries. He was removed to the hospital.

Visit Agricultural College, Guelph, June 16th; return fare $2.60, going by local train 6 a.m., and returning by any train up to Monday night.

"STORY OF SOUTH AFRICA."

As the War is practically over or is drawing very near to a close, we beg to announce to the public that The Story of South Africa, published by the World Publishing Co., of Guelph, Ont., is the largest, Cheapest and best written, as it has for its authors John Clark Ridpath, Edward S. Ellis, John A. Cooper, managing editor of the Canadian Magazine, Toronto, and J. H. Aiken, a Canadian who lived in South Africa for 15 years. This book will be the best book for the Canadian people, as it will give all the names of the Canadian Contingents who have gone to the war and a complete account of casualties, accidents, missing, dead and wounded. To be delivered after the war closes in one large volume. Do not be deceived by agents offering other war books, but see that you are getting The Story of South Africa. —A. R. A BRIEF SESSION

The Business of the Civic Committees Transacted in Short Meter.

The business brought before the Civic Committees last evening was not voluminous and was transacted in a few minutes.

The members in attendance were: Aldermen Doyle, Clarke, Chown, Grills, Panter, McFee, Starling and Harris.

PUBLIC WORKS.

Ald. Harris, chairman, presided.

The accounts presented and recommended to be paid were Pay Sheet No. 11, amounting to $215.64, and C. Reeves, 50 cents.

Ald. Clarke moved that Front St., north of the G.T.R. track be graded. He stated that it was in a bad condition.

Ald. Bogart said there were other more prominent streets about the city which needed repairing first.

No action was taken in the matter.

Ald. Harris called attention to the filth which was being dumped on the vacant property at the junction of Mill street and Canifton road.

The Street Surveyor said he had called the attention of the Sanitary Inspector to it. It was refuse from Mr. Graham's evaporator.

The matter was referred to the Inspector.

The Street Surveyor said that of late boys had done considerable damage about the quarry. The fly wheel of the crusher had been broken and would cost from $20 to $25 to repair. Other damage had been done. He suggested that a notice offering a reward be placed up in a conspicuous place.

Ald. Grills asked if the boys' names could not be secured.

The Surveyor was, on motion, authorized to have a sign put up.

The bad condition of the roadway beside the street car track in some places was spoken of and the Solicitor was instructed to notify the company to place the road in a proper state of repair at once.

Ald. Panter called attention to the large quantities of water which were being placed on some portions of Queen street.

The Street Surveyor was authorized to see that the practice was stopped.

In answer to an enquiry the Street Surveyor said he would be able to start building the granolithic walks on Queen and Pinnacle streets next week.

Marden & Co. agreed to build some asphalt walks at 8 cents per square foot and a communication stated that they would be here within the next three weeks.

Ald. Panter moved that the walk at the junction of Pinnacle and Wharf streets be repaired.—Carried.

MARKET.

Ald. Panter, chairman, presided.

The only business before this committee was the passing of an account of Mr. W. J. Holland for $3.75.

FIRE, WATER AND LIGHT.

As Ald. Starling, chairman, was not present in time to preside over this committee, Ald. Bogart filled the position.

The account of the Belleville Gas Co. amounting to $518.88 was passed subject to adjustment.

Ald. Bogart called attention to the old flag which was flying over No. 2 fire hall. It was a disgrace and should be replaced by a new one.

On motion a new flag was ordered to be procured.

PARKS.

Ald. Clarke presided over this committee.

The accounts recommended to be paid were S. Burton, $28.50; E. McGrath, $15.00; S. Sheehan, $2.50; and $4 for special constables.

An account of $12 from J. D. Collip for flowers for the park caused some discussion.

Ald. Bogart said bills such as these were coming in every meeting night, and something should be done. No order had been given for the flowers from the committee.

Ald. Clarke said the Mayor had ordered them.

Ald. Grills—Let the Mayor pay for them.

The account was laid over.

EXECUTIVE.

Ald. Doyle, chairman, presided.

The following accounts were recommended to be paid:

Globe Printing Co.	$23.90
Mail and Empire	26.25
Bond Buyer	6.15
Trenton Electric Co.	6.00
Montreal Herald	12.00

Committees adjourned.

TROOPER SUITS.

The Troopers shown by Quick & Robertson are the very latest novelties in boys' suits. These suits are all wool made in the proper regulation military style and are shown in both Navy Blue and Khaki shades. When buying a novelty suit be sure and get a trooper. They are the correct thing.

Over an Enbankment.

Yesterday afternoon a man named Asseltine and another man with a team were at work on Dr. Ross' premises off Pinnacle St. pulling a large stump, which was situated near an embankment. By some means the horses and Asseltine went over the embankment and in the mix-up the animals were scratched and the harness broken. Asseltine fortunately escaped injury.

Haines & Lockett have just received a very nice lot of ladies' chocolate kid low shoes at $1.50 and a lace boot at $2.00. These are very stylish and cheap.

HER HEAD A FRIGHT.

"Large sores covered the head and face of our child," writes C. D. Isbill, of Morganton, Tenn., "that no treatment helped till we used Bucklen's Arnica Salve, which quickly cured her." Infallible in Eruptions, Bruises, Accidents and Piles. Cure guaranteed. Only 25c at McKeown's drug store.

SECOND CONTINGENT FOOD.

We reproduce the following article from the Ottawa Citizen, knowing it will interest our readers:

Whom the gods would destroy they first make mad. Thus it would seem the fates are dealing with the members of the Laurier Government. Instead of gladly availing themselves of the assistance of the opposition to discover and punish parties guilty of defrauding the country, or else establishing the falsity of seriously made charges of such a nature, the Liberal ministers treat as impertinent interferences any good offices which the members of the opposition perform in seeking thus to serve the state.

The facts connected with the supply of emergency food for the use of the members of the Canadian contingents in South Africa are of so grave a character that no Government could having regard to its future existence, afford to ignore. The statement of facts establishes a case of fraud of one form or another, and the best apology that can be made for the militia department is that it has blundered. And a blunder of this sort is scarcely short of a crime. If there is any class of cases in which no excuse can accepted for mistakes it is in the supplies, whether of food or ammunition, for the men who have taken their lives in their hands and gone into battle to uphold the honor of the flag. The greed of army contractors had become so proverbial that the minister of militia should have taken every precaution to ensure the supply of the genuine article, for which he was paying a top price, but upon Dr. Borden's admission, not even ordinary precautions were taken to protect our boys from the fraud which, it is charged, was practised in supplying the emergency food.

The Government majority is strong enough to kill any demand for inquiry in the house; this it has done in this instance; but there is a saving remnant in the country which will not condone this attempt to shield the parties who may have been guilty of the grossest form of corruption in selling a fraudulent article for use by the troops in the field. Mr. Monk, who brought the question before parliament, has earned the gratitude of Canadians by this service and the Conservative party will have the support of the electors in their demand that such charges shall be seriously considered and searchingly inquired into.

"Pull up!" That's the counsel very often given by a well meaning person to a friend who is slipping down the road of alcoholism. And when the answer comes "I can't stop," the man is perhaps reproached for the cowardice of that phrase, "I can't."

But intemperance is only a form of disease, and there may come a time in the progress of any disease when it can't be stopped. That's what we mean when we talk of "galloping consumption." It's like a horse running away with us. We can't stop it.

Strength will stop the wildest horse. Strength is the great necessity in the stopping of disease. Dr. Pierce's Golden Medical Discovery has cured thousands who had obstinate cough, bronchitis, weak lungs, spitting of blood, emaciation, and similar ailments which if neglected or unskilfully treated lead to consumption. It cures by strengthening the lungs and giving them power to throw off disease.

"I had been troubled with bronchitis and catarrh of the head for eight years; had severe cough and at times great difficulty in breathing," writes J. W. Howerton, Esq., of Bigfall, Hancock Co., Tenn. "A portion of the time my appetite was poor and part of the time I was unable to do anything. I had been treated by our best country physicians for several years but with little benefit. I had been reading about your medicine for several years but hadn't much faith in it. Last spring I concluded that I would try it and before I had taken one-third of a bottle of Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' I began to mend. I continued taking it until I had taken seven bottles. Now I feel like a new man and can do as hard a day's work as any man. I advise all of my friends who are diseased to take Doctor Pierce's Golden Medical Discovery."

BALLOT STUFFING NOT NEW.

Corruption, says the Mail, was the form of crime practised in the old days by the machine.

After the election of 1874 no less than thirty Reform members were unseated for this breach of the law.

Ballot-box stuffing was not invented until the election of 1878; in that contest the ballot-boxes were actually stuffed in order to secure the election of Laurier's colleague, Laflame, the then Minister of Justice in the County of Jacques Cartier.

It was quite a clever expedient; the deputy returning officer dropped the box through a trap-door into the cellar, and there a friend of the cause substituted Reform ballots for those of the other kind.

The new plan has been found to be cheaper and more certain than the old vote-buying expedient, and, as we see, the machine employs it practically at every election.

It was by the hired ballot-stuffer that Mr. Whitney's accession to the Premiership was delayed; the same influence carried all the Federal bye-elections for the Ottawa Government.

The electors can stop this cheating if they like; one good sound blow at the men who pay for it and profit by it would make Governments and Government candidates afraid to encourage it."

The Mail might have carried its illustration further and called attention to the frauds in East Hastings at the local election in 1890, when an attempt was made to rob Mr. Hudson, the then duly elected member, out of his seat at that time. Mr. Hudson asked for a committee to investigate the frauds then committed, and was refused by the then Mowat Government and its supporters in the Legislature.

Ballot-stuffing and Grit Government defence of the crime are not new.

FOUR MEN DEAD, 200 ENTOMBED.

Explosion of Gas in a Colliery at Gloucester—175 Men Rescued.

Gloucester, Ohio, June 9. — By an explosion of gas yesterday in mine No. 2, a colliery near this city, four men are reported to have lost their lives. Two hundred miners were imprisoned. One hundred and seventy-five have been rescued.

The following are reported dead: Evan Joseph, fire boss; John McLelland, Aaron Swanson and John Evans, miners.

Shortly after 7 o'clock, when the mine was filing up with workers who had descended by means of the cage of No. 2 shaft, an explosion of gas occurred, which broke the timbers of the mine in every direction.

The air fans were disarranged, and it was some time before any progress was made toward opening the way for the rescue of the imprisoned men.

It is supposed the explosion was caused by an electric spark from one of the ventilating fans touching off a pocket of gas which had gathered during the night.

What Mr. Tarte Shouted.

Paris, June 9.—President Loubet paid a visit to the Canadian Pavilion at the Exposition yesterday.

Hon. J. I. Tarte, the Canadian Commissioner, would not confirm the reception arranged by Col. Jekyll, the British Commissioner, Mr. Tarte insisting that the reception to the French President should take place in his section, otherwise he would close the Canadian exhibit. Colonel Jekyll, owing to the Canadian Minister's attitude, retreated. When President Loubet was departing Mr. Tarte shouted, "Vive La France."

MANY BOXERS SLAUGHTERED

The Chinese Troops and the Rebels Encounter Each Other.

London Morning Papers Are Printing Long Editorials About the Situation—Concerted Action of the Powers Would Soon Settle It—Refuges Continually Seeking an Asylum—To Kill Without Mercy All Foreign Soldiers.

London, June 9. — The morning papers linger over the Chinese situation, publishing long editorials, reviews and conjectures.

United States Should Act.

The Daily Mail reasserts its position of yesterday, that the United States, as the friend of Russia and Great Britain, would be able to impose order without alliances or jealousies.

Sir Halliday Macortney, English secretary of the Chinese Legation in London, says that the concerted action of the powers will save the situation in China, adding that the end of the disturbance is in sight, and that soon all will be over.

Powers Acting Together.

The representatives of the powers are still acting in perfect concert, which appears for the present to give the Chinese Government ample chance to put down the disturbers alone. The Tien Tsin correspondent of The Daily Mail, telegraphing June 7, says:

"For the last three days the whole community of Tien Tsin has been preparing to defend itself against an expected attack by the Boxers. There is a continual influx of refugees from the surrounding country, who are now crowding the city. This increases the excitement. Nearly all the villages surrounding Tien Tsin are joining the Boxers' movement, which is taking more and more a fanatical character.

Foreigners Are Driven Back.

"Parties of foreigners, when approaching the villages, are driven back by armed bands. Yesterday the Chinese troops were ordered to Machang, on the Grand Canal, within 20 miles of which a large body of Boxers is reported to be collecting. Attempts to re-establish the regular working of the Pekin-Tien Tsin railway have hitherto proved futile. Every night the Boxers set fire to the sleepers and the woodwork of the bridges.

"Gen. Neih seems bent upon acting with energy, and dealing out heavy blows to the rebels, recognizing the necessity of destroying the prestige of the Boxers, which has begun to demoralize his army.

Secret Orders From Pekin.

"Secret orders from Pekin, the protector of the rebels, has paralyzed military action and raised the status of the Boxers in the eyes of the ignorant masses. Although the Boxers declare their first object to be the annihilation of Catholic converts, the wire pullers evidently wish to propagate hatred among the country people against foreigners and things foreign in general. The movement on the surface has a patriotic character, but it may turn ultimately against the dynasty. This seems to be the reason why it has thus far been treated with a gentle hand."

The legations at Pekin have wired for reinforcements.

No Definite Returns.

Definite returns regarding the severe fighting between the Chinese troops and the Boxers that was going on on Thursday between Tien Tsin and Pekin had not been received at Tien Tsin when the latest telegrams to reach London were filed. The Chinese troops, however, had killed many Boxers, according to some reports, while another account had the Government soldiery defeated in an engagement near Pao Ting Fu.

Foreigners Have Not Fought.

Apparently the legation guards have not yet taken a hand in the fighting, but they are ready to do so at a moment's notice. The Boxer movement affects some hundreds of square miles. Official despatches to Vienna from Pekin aver that the sect is more powerful than any political party in China, embracing no less than 4,000,000 people, and manipulated by zealous and adroit men.

Slaughter of Boxers.

Tien Tsin, June 8. — It is reported from Chinese official sources that 4,000 Boxers surrounded 1,500 Chinese troops between Iofa and Yong Tson yesterday, and, according to the latest news, fighting is still going on this morning. Officials say that 500 Boxers were killed, but give no account of the Chinese casualties. Thirty of Gen. Nieh's troops encountered a body of Boxers three miles from here on the Taku road and killed 21 of them.

Orders to Kill Without Mercy.

Moscow, June 8. — A despatch from Pekin says the chief commander of the Boxers, Shun Hung Cheng, a notorious ex-bandit, has issued a proclamation commanding his followers to kill foreign soldiers without quarter. The Chinese soldiery and peasantry in large numbers are joining the ranks of the Boxers.

OUR TRADE WITH BRITAIN.

Canadian Cheese Fell Off Somewhat and Butter Enormously.

London, June 9. — During the month of May the imports from Canada to Great Britain consisted of 6,725 head of cattle, valued at £112,630; 267 sheep and lambs, valued at £534; 482,300 cwt. of wheat, valued at £163,572; 51,800 cwt. of wheat meal and flour, valued at £26,675; 43,400 cwt. of peas, valued at £14,091; 52,314 cwt. of bacon, valued at £106,143; 14,788 cwt. of ham, valued at £32,722; 621 cwt. of butter, valued at £2,710; 26,225 cwt. of cheese, valued at £68,672; and 115 horses, valued at £3,450. The total value of imports amounts to £1,036,212. The exports totalled £377,733. Compared with May of 1898 and 1899, an enormous decrease in the import of butter is shown. There is also a slight decrease in the imports of cheese, but a large increase in bacon.

Canada's new G.O.C., Col. O'Grady Haly, will arrive in Canada about the middle of July.

Filipino's Leader Captured.

WOMAN'S PLUCK WINS

A Lady Who Cured Her Husband of the Liquor Habit Writes a Pathetic Letter.

She writes: "I had for a long time been thinking of trying the Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another lot to have on hand if he should relapse, as he had done from his promises before. He never has, and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

A pamphlet in plain, sealed envelope sent free, giving testimonials and full information, with directions how to take or administer Samaria Prescription. Correspondence considered sacredly confidential. Address The Samaria Remedy Co. 23 Jordan street, Toronto, Ont.

A TORONTO GIRL'S ESCAPE

How Dr. Arnold's English Toxin Pills Saved Miss Ida Hobkirk's Health.

Long Hours, Unceasing Attention to Business and Close Confinement Broke Down Her Health—Dr. Arnold's English Toxin Pills fully Restored It.

The young woman who is closely confined to a store or office during six or eight hours every day, obliged to breathe the impure, exhausted air over and over again, perhaps being under the necessity of being on her feet the greater part of the time, cannot but feel tired, heavy, languid and depressed — utterly worn out, in short—when she goes home in the evening. Soon her blood becomes thin and watery, her nerves break down, she "goes into a decline," or some other of the many diseases known as Female Troubles sets in, and after untold suffering an untimely grave receives the victim. This can all be avoided, and instead of feeling worn-out and miserable after her day's work, the girl will be fresh and vigorous, simply by using Dr. Arnold's English Toxin Pills, the greatest blood maker, germ killer and nerve strengthener on earth to-day.

Miss Ida Hobkirk, Harbord street, Toronto, endured the miseries we have described. Her system was utterly run down, and though her work was not unusually exacting, she became unable to do it. She used Dr. Arnold's English Toxin Pills, "and," she writes, "they set me on my feet again. The tired, dull, heavy feelings passed away; I grew strong and vigorous; the terrible, nervous headaches vanished, and I now feel capable of doing any amount of work. Dr. Arnold's English Toxin Pills are certainly a medicine that every girl who has to work for her living should use."

Dr. Arnold's English Toxin Pills are sold by all druggists, large box 75c., small box 25c., or sent postpaid on receipt of price by the Arnold Chemical Co., Limited, Canada Life Building, 44 King St. West, Toronto.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Backache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

SENATORS ARE ALL LOYAL.

Cheered When the Address to the Queen Was Passed.

Several Government Bills Moved Up a Stage in the House of Commons—A Discussion on the Pacific Cable—The Government Still Working to Secure This Inter-British-Colonial Aid to Trade and Commerce.

Ottawa, June 9. — In the Senate yesterday, the supply bill to pay sessional clerks was read three times and passed.

Senator Perley wanted the indemnity of Senators increased.

The Address to the Queen.

Then the address to the Queen passed by the Commons Thursday was taken up.

Hon. David Mills thought there would be no discordant note. He declared the war had not been begun in a jingo spirit, but in order to preserve the prestige of the Empire. He in detail traced the history of the war. He could not understand how any man or any number of men could sympathize with the Boer system of government. He was pleased that the British were in possession of the capital of the Transvaal. He would further rejoice on the conclusion of peace. He concluded with a tribute to the Queen.

Sir Mackenzie Bowell seconded the address. He left the historical side to Mr. Mills. He anticipated a time of guerilla warfare in the Transvaal but the end would be the predominancy of British power. He wanted a settlement to be effected that would preclude the possibility of the recurrence of war. He believed the result would be a benefit to civilization. It would knit the Empire together. He referred to the part of the Canadians in the surrender of Cronje.

The address passed, and Lord Minto was instructed to forward it to the Queen.

Several bills were passed.

THE PACIFIC CABLE

Discussed in the House on Friday—Sir Wilfrid Promises a Chinese Immigration Bill.

Ottawa; June 9. — In the House yesterday the Pilotage Act was given a stage; and the bill relating to the safety of ships a third reading.

When Mr. Fielding's bill to amend the Civil Service Act came up, it occupied the House all afternoon.

The bill was strongly opposed.

At 9 o'clock the committee arose, reported progress, and got leave to sit again.

The Pacific Cable.

On a motion to go into supply, Mr. Belcourt, representing the Board of Trade of Ottawa read several resolutions relating to the Pacific cable. The resolutions declared it was of inestimable value to have the Pacific cable begun as a State undertaking at once.

Mr. Casey said he was glad the matter had been brought up. He strongly opposed any concessions to the Eastern Telegraph Company. He reminded the House that the proposed Pacific cable was not to be in any sense a private speculation, but was to be a trust, representing the different parts of the Empire.

A Fatal Agreement.

Sir Charles Tupper drew attention to Sir Charles Dilke's statement in the British Commons on May 22, than an agreement was being completed with the Eastern Extension Company. This would be fatal to the Pacific cable, and prove a rational calamity. He did not doubt the Government were alive to this, and would take precaution.

No Further Information.

Mr. Mulock had no further official information than what the House was in possession of. He had seen newspaper reports. The pacific Cable Commission was negotiating for a contract, and he could not believe that they would be doing this if such an agreement as Dilke referred to was in existence, nor could he believe that Canada would not have been informed of it in that case. He looked to a speedy completion of the Pacific cable. He agreed that the failure of the scheme would be a national calamity. The Government would not relax in their efforts until the scheme was carried out.

Chinese Immigration.

Col. Prior brought up the question of Chinese immigration, urging legislation to suppress it.

Sir Wilfrid Laurier said a bill would be placed on the order paper on Monday, dealing with the subject.

The House went into supply, taking up Dominion lands estimates.

The Yukon Police.

Mr. Foster allowed the estimates to go through. On a vote of $500,000 for the Mounted Police for the Yukon, Mr. Foster asked for an explanation on Col. Steele's recall.

The Prime Minister could not tell him, as the police were under Mr. Sifton's control.

Mr. Foster made a severe criticism. That was what he wanted to know. He would rather the police were under Sir Wilfrid than Sifton.

The House rose at 12.45.

BAD REPORT FROM ACCRA.

Sir Frederick Mitchell Hodgson Said to Have Been Compelled to Surrendered.

London, June 9. — According to a despatch to The Daily Mail from Accra, dated June 8, a native rumor is in circulation there that Sir Frederick Mitchell Hodgson, Governor of Gold Coast Colony, made a sortie from Coomassie, where he had been besieged by the Ashantees, but was forced to retire and ultimately to surrender.

SIR F. M. HODGSON.

Mail advices from Accra dated May 17, says: "Fifty thousand Ashantees are in arms and the insurrection is spreading. It is impossible for white men to go into the interior successfully during the rainy season."

DISORDER IN P. E. I. ASSEMBLY.

Members Charged Each Other With Stealing, Lying and Cheating.

Charlottetown, P.E.I., June 9. — Yesterday afternoon's session of the Legislature eclipsed all previous records for scenes of disorder. While the House was in committee Mr. Cummisky, while discussing road grants, was charged by Mr. Shaw with misappropriation of the poor fund of his district. He dared Mr. Cummisky to submit a statement. Mr. Cummisky denied the charge. A hot argument ensued, and the Government being unable to maintain order, the leader called upon the Speaker to take the chair and quell the disturbance. Several members were on the floor of the House ordering each other to sit down. Spectators arose from their seats in wild excitement. Members charged each other with stealing, lying and cheating. The matter of Pineau's letter again came up. He denied ever writing it.

World's Temperance Congress.

London, June 9. — The World's Temperance Congress will open in London next Monday under the presidency of the Most Rev. Frederick Temple, Archbishop of Canterbury, who will deliver an address, and who, on the following Thursday, will entertain the members of the congress at a garden party at Lambeth Palace. The Lord Mayor, Mr. A. J. Newton, will give a reception to the delegates next Friday.

TORONTO LIVE STOCK.

Toronto, June 9. — Receipts of live stock at the cattle market amounted to 58 carloads yesterday, composed of 850 cattle, 1,600 hogs, 342 sheep and lambs, with 70 calves. The quality of fat cattle was generally good. Owing to a fairly light run of stock, trade was brisk in nearly all the different classes with a general clearance of all offerings.

ED. F. DICKENS

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

When a young man becomes sufficiently familiar to stay until midnight, the girl begins to think she holds first mortgage on his affections.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

Book Binding.

Orders for bookbinding should be left at this office. It is surprising how nice a volume can be made of these magazines, even though they are somewhat soiled from much handling. Books, magazines, or periodicals bound or rebound in any style at very reasonable price. Blank books such as journals, ledgers, day books with any kind of ruling, made to order all work warranted first class.

Do you read what people say about Hood's Sarsaparilla? It is curing all forms of disease caused or promoted by impure blood.

GEN. BULLER AGAIN AT WORK

He Is Now Shaping His Forces to Seize Laing's Nek.

No News Has Been Received From Lord Roberts at Pretoria for Three Days—One Thousand British Prisoners Were Told They Were Being Sent to Lord Roberts, But They Were Conveyed to Nooitgedacht—Canadians Who Kicked

London, June 9. — (3.15 a.m.) — Gen. Buller has at length taken the offensive, and by manoeuvring he has secured a position west of Laing's Nek, by which he believes he can make the Boer positions untenable. Presumably he will immediately follow up his success.

No News from Roberts.

Lord Roberts has communicated nothing for three days, nor permitted the correspondents to wire what is going on. London's inference is that he is resting, although he is possibly disposing his army for a reach after Commandant-General Botha.

A Blockade of the Wires.

A blockade of the wires, owing to the rush of official correspondence, may account for the scanty press despatches. Some telegrams filed a week ago are only now arriving. Among these are spirited descriptions of the fighting at Elandsfontein. According to one of them the streets were filled with women and children. Rifle shots could be heard everywhere. The British soldiers would stop firing and join the chase after chickens. The burghers surrendered to any one; kaffirs went about looting the Jewish stores, and mounted infantry galloped hither and thither.

Lied to the Prisoners.

The Daily Express has the following from Pretoria, dated Wednesday:

"The one thousand prisoners who were deported from Waterval were told that they were about to be given up to Lord Roberts. They entrained cheerfully and were conveyed to Nooitgedacht, instead of Pretoria.

"Gen. Louis Botha, with a rear guard of 2,000, left Pretoria during the night. The British advance guard entering on the very heels of the retiring Boers. Botha has sworn to carry on the war in the mountains."

Crowd Waited for Kruger.

At Lorenzo Marquez Station a crowd waited all Thursday night to see President Kruger, as it was reported he would arrive by special train to gain an asylum on board the Netherlands' cruiser Friesland.

Middleburg is said to be full of Boer refugees and wounded. The railway still delivers goods at Bronkhorst Spruit, 40 miles east of Pretoria.

A British column is at Bremensdorp Swasiland. Eleven British prisoners have been taken to Middleburg. The British at Beira are moving into the interior in detachments of 200 daily. The Boers in the western part of the Transvaal are giving up their rifles to Gen. Hunter.

Kick From Canadians.

Mr. Harold G. Parsons, federation delegate from West Australia, writes to the morning papers to protest against the treatment giving wounded Canadians: He says:

"The invalids at Shorncliffe camp returned from the front complain that they are badly fed, unhealthily crowded and refused a furlough. This seems a curious return to make for their conspicuous services, voluntarily rendered. I have it on indisputable authority, that it is the practice of the War Office to administer the British volunteer, and, for all I know, the regular army by means of regulations drafted and issued in great part on no better authority than that of its promoted second-class clerks, a body of gentlemen, no doubt, of irreproachable character, but men by no means adapted by their intelligence or education to be entrusted with so great a responsibility.

"Such a delegation of authority, which is unconstitutional, as well as unbusiness-like, is in itself enough to show that the whole War Office, from top to bottom, must be reformed, if not re-constituted after the war."

Strathcona Settled It.

The Daily Chronicle, referring to the protest of Mr. Harold G. Parsons against the treatment given the wounded Canadians, says: "That Strathcona has investigated the complaint of the men and that the matter has been settled satisfactorily, furlough being granted.

To Arrange Annexation Details.

Mr. G. W. Fiddes, Imperial Secretary of the High Commissioner, with a part of Sir Alfrid Milner's staff, left Cape Town Tuesday evening for Pretoria possibly, as the Cape correspondent of The Daily News thinks, to arrange the annexation details.

CABLE FROM BULLER.

A Dashing Assault Planned and Carried Out by Gen. Hildyard.

London, June 9. — The War Office has received the following despatch from Gen. Buller:

"Yellow Boom Farm, June 8.—On June 6, Gen. Talbot Coke, with the 10th Brigade and the South African Light Horse seized Van Wyke Hill. The enemy made some resistance and a good deal of sniping occurred. Our casualties were about four killed and 13 wounded.

"During that day and the following we got two 4.7 and two 12-pounder naval guns on Van Wyke Hill and two five-inch guns on to the southwestern spur of Inkewelo.

Hildyard's Dashing Assault.

"Under cover of their fire, General Hildyard to-day assaulted all the spurs of the Berg between Botha's Pass and Inkewelo. The attack, which was planned by Hildyard and carried out with immense dash by the troops, for whom no mountains were too steep, outflanked the enemy, who were forced to retire from their very strong position. I think we did not have any casualties; and I hope I have obtained a position from which I can render Laing's Nek untenable."

Visit to Kruger's Home.

London, June 9. — A belated special despatch from Pretoria describes the visit made by officers of Lord Roberts' staff to the presidency on Tuesday, June 5. It says:

We were received by a Dutch pastor, and shortly were joined by Mrs. Kruger. The latter wore a black silk dress and a white cap. She composedly exchanged greetings with her visitors, who notified her of their intention to replace the burgher guards by a guard of British troops. The burghers thereupon laid down their arms on the asphalted porch of the building near the lions guarding the entrance.

The British Closing In.

Cape Town, June 8. — Gen. Warren, with a strong force, including the Canadian artillery, is reaching north through Griqualand West. He encamped at Campbell yesterday, no opposition being offered. Numbers of the rebels are hastling in their arms to the British commander.

Plumer Occupied Zeerust.

Mafeking, Tuesday, May 29. — Col. Plumer occupied Zeerust yesterday without opposition. This district is regaining its normal condition. Supplies are arriving daily.

Feeling the Enemy.

Hammonia, Orange River Colony, June 8. — Gen. Rundle made a strong demonstration against the Boer positions, employing 500 of Gen. Brabant's Queenstown Mounted Rifles, two guns and the Cape Mounted Infantry, under Col. Dalgetty. The Boer outposts were driven back and their laager was located, but the troops returned without a battle.

Advising Kruger to Settle.

Lorenzo Marquez, June 8. — United States Consul Hollis, who returned here yesterday from the Transvaal by special train, had a two hours' interview in close conference with President Kruger at Machadorp. It is stated that Mr. Hollis was the bearer of friendly despatches from the United States Government, urging Mr. Kruger to treat for peace.

British Prisoners as Hostages.

London, June 9. — The driblets of news filtering from Transvaal fail to throw much light on the situation in and around Pretoria. Public interest centres largely in the fate of the British prisoners, but it seems probable that about 3,500 have been recovered, including 129 officers. The Federals, therefore, have removed about a thousand as hostages.

Chicago Fenians Anxious.

Chicago, June 9. — Efforts are being made by Chicagoans interested in the welfare of the members of the ambulance corps that left Chicago to serve in South Africa to locate the corps. Col. John F. Finerty, one of the men who helped form the corps, last night despatched a cablegram to Pretoria, asking for the whereabouts of the Chicago Irishmen. "There have been all sorts of disquieting rumors in regard to the corps. One is that several members of the corps have been killed or wounded.

DYSPEPSIA'S VICTIMS.

The Cause of the Trouble and how to Overcome it.

It Frequently Produces Headache, Heartburn, Dizziness and Other Distressing Symptons—A Victim Tells of Her Release.

From the Telegraph, Quebec.

The primary cause of indigestion or dyspepsia is lack of vitality; the absence of nerve force; the loss of the life-sustaining elements in the blood. No organ can properly perform its functions when the source of nutriment fails. When the stomach is robbed of the nutriment demanded by nature, assimilations cease, unnatural gases are generated, and the entire system responds to the discord.

A practical illustration of the symptoms and torture of dyspepsia is furnished by the case of Mrs. A. Labonte, who lives in the village of Stadacona, Que. When interviewed by a reporter of the Quebec Telegraph, Mrs. Labonte looked the picture of vigorous health, showing no traces of the malady that had made her life for the time miserable. Speaking of her illness, Mrs. Labonte said—"For about two years I suffered dreadfully. My digestive organs were impaired and the food I ate did not assimilate and left me with a feeling of flatulency, pain and acidity of the stomach, and frequently heartburn. This condition of affairs soon told on my system in other ways, with the result that I had frequent headaches, dizziness, and at times a dimness of vision with spots apparently dancing before my eyes. I became so much run down that it was with difficulty I could do my household work, and at all times I felt weak, depressed and nervous. While I was at my worst, one of my friends, seeing that the doctor was not helping me, urged me to try Dr. Williams' Pink Pills. My husband then got me half a dozen boxes and I began taking them. After I had used two boxes I began to enjoy my meals and the various symptoms of my troubles began to disappear. I continued the pills until I had used the half dozen boxes, when I again felt perfectly well. My stomach was as healthy as ever it had been. I could sleep well and my head was clear and free from the dizziness and aches that so long helped make me miserable. It is more than a year since I stopped taking the pills, and health has continued better than it was for years before." Mrs. Labonte added that she will always feel grateful to Dr. Williams' Pink Pills for the misery they have released her from and she always advises friends who are ailing to use them.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them they will be sent postpaid at 50 cents a box, or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co. Brockville, Ont.

LONDON PAPERS ON BOURASSA.

Men of the Same Stamp in the British Parliament.

London, June 9. — The Times, commenting on the scene in the House of Commons at Ottawa Thursday night, when the address to Her Majesty was passed, says that there are no better judges of the results of British rule than Her Majesty's Canadian subjects.

The St. James' Gazette alludes to the speech of Henri Bourassa, M.P. for Labelle, made after the address was moved, and says: "Just as we in England possess our Courtneys and our Clarks, so the Canadian Parliament has its Bourassa."

The Daily Chronicle remarks: "The scene in the Canadian Parliament should be pondered on by our Conciliation Committee."

Capt. Harrison of the Canadian Mounted Rifles is still dangerously ill of enteric fever at Wynberg.

Colonel Herchmer left Cape Town for England on May 31, in charge of the sick and wounded on the transport Montford.

ST. LOUIS CAR RIOTS.

A Photographer Shot and Fatally Wounded While Riding on the Rear Platform of a Street Car.

St. Louis, Mo., June 9. — While standing on the rear platform of a north bound Union Line car Thursday night, John Goettling, a photographer, 20 years old, was shot and fatally wounded.

But four cars were operated on the Union Line yesterday. The riot commenced in earnest about 8 o'clock, when the cars began to move.

At this time the crowd was augmented by 2,000 persons. When the cars started, the shooting began. The mounted police fired in the air and those in the crowd commenced shooting into and stoning the cars.

How Goettling Was Shot.

Goettling was standing on the rear platform of a car when struck by a bullet. The mounted officers finally dispersed the crowd and the cars were run into the sheds.

A stray bullet, evidently fired at a car on the southern electric division of the Transit Company, while it was passing near Klausman's Grove, struck Miss Emma Enda. Her injury is slight.

A car on the Lindell division ran over a stick of dynamite about 11.30 last night. The loud explosion aroused the neighborhood, but the car was not damaged.

Three police officers were shot in various parts of the city during riots.

Two Years for Each.

Annie Swez, Annie Klafsek and Mary Tritina, three girls, who, on May 30, participated in the assault on Miss Pauline Hensel and tore her clothing off because she had ridden on a street car, were sentenced to two years imprisonment in the Reform School by Judge Clark of the Court of Criminal Correction yesterday.

A warrant has been issued for the saloonkeeper who put Miss Hensel out when she rushed into his place. Warrants have been issued for the arrest of Thomas Reynolds, Albert Nicholas, Frank Worth, George Hill, Joseph Ette and William Francis, charging them with conspiracy to interfere with United States mails.

Killed in Lindsay Power House.

Lindsay, Ont., June 9. — A fatal accident happened here yesterday forenoon in the power house of the Light, Heat and Power Company. Mr. J. Poole, engineer, was engaged near the switchboard, when, it appears, his back came in contact with a switch, and instant death resulted. He was unmarried, and about 30 years of age. His relatives live at Dunsford, Ont.

Two Men Fell a Hundred Feet.

Hawkesbury, Ont., June 9.—While working on the new Great Northern Railway bridge across the Ottawa about 5 o'clock yesterday, two men fell 100 feet into the rapids. An eddy brought one of the men to shore uninjured, but his companion, Michael Focoult, was carried down the river. The body has not been found.

Protruding Piles

Two Surgical Operations Failed to Relieve the Great Misery—A Marvellous Cure Brought About by Using

Dr. Chase's Ointment.

When asked for a remedy for dyspepsia or kidney diseases the druggist pauses before several good preparations, not knowing which to recommend to you.

Not so when asked for a pile cure. He knows that Dr. Chase's Ointment is the only remedy which actually cures every form of piles. It has had many imitations, but its wonderful record of cures has never been duplicated.

Mr. Michael Fitzgerald, Marlbank, Ont., states:

"I was completely laid up with itching, protruding piles, when I was recommended to use Dr. Chase's Ointment. I don't believe a human being could suffer more than I did. Many times I could not get about at all, and had two surgical operations performed for protruding piles.

"When Dr. Chase's Ointment was recommended to me, I little thought that it was going to cure me. It made a complete cure, and I have since recommended it to several of my friends who have likewise been cured."

Dr. Chase's Ointment has never yet been known to fail to cure piles, whether itching, bleeding or protruding. It has certain ingredients which imitators have never been able to discover, and stands alone to-day as the only positive and guaranteed cure for piles.

It also cures eczema, salt rheum and all sorts of itching skin diseases, but we emphasize it as a cure for piles, because it is the only actual cure for that torturing and dreadfully prevalent disease. 60 cents a box, at all dealers, or by mail from Edmanson, Bates & Co., Toronto.

"Cold in the head," catarrh, droppings in the throat, catarrhal deafness and headache are radically cured by Dr. Chase's Catarrh Cure. 25 cents a box; blower free.

TIMELY TOPICS.

The School Management Committee did not recommend that the Station school be re-opened, and for good reason. Upon investigation the number of those who would attend that educational institution simmered down from 32 to 8. It was found that some of the children who were supposed to be anxious to attend were little better than infants, some of whom were only four or five years old. Guess 'twas a nursery they required at the station.

• • •

Why not give the Liberal traitor Bourassa a free trip to Boerdom? Even his own party can't stomach him—and they can stomach much—even Tarte.

• • •

The chains that wind up the City clock should be examined. Some day, if they wear out, over a ton of stone would fall and possibly crush out some "weighty reasons" in the City Council Committees, cause a reduction in the police force, cripple the newspapers, and make a vacancy in "Pat" Meagher's job.

• • •

The Senior Grit Sheet now wants Lou Soles as Manager of the Waterworks. A few months ago the same paper would have liked to oust him from his job. The Intelligencer stood up for him and we are pleased to see that at last the erratic sheet has come to our way of thinking.

• • •

This journal don't want to do all the kicking, but we are free to acknowledge that of all the objectionable things it is the most trying to have insufficient waterpower to run one's expensive and heavy machinery; frequently, you find you have none, or so little, that it is almost useless. We have found this to be the case on many occasions since the City obtained control of the Waterworks. Instead of getting better, it has been getting worse, and it is high time this state of affairs was remedied.

• • •

The sooner this City is in a position to furnish electric power to those who have machinery, the better; as it is to-day, the water service is totally inadequate.

• • •

The delightful music and balmy air were much enjoyed by many of our citizens on the Island Park last night. Pity 'tis that the Park is not twenty years older and the trees fully matured.

• • •

There are representatives from Quebec who freely expressed their protest against the injustice being done their race by Mr. Bourassa, and even his own political supporters muttered curses deep, if not loud, against the blunder which he had committed in opposing a message of congratulation to the Queen.

• • •

A little filling-in on the roadway to the Park would do away with mud-holes.

• • •

Kruger says the war has just begun. The question is,—How often will he have to change that "car Boer Capital" before he has sense shot into him?

• • •

This is a very sickly season for prize-fighters who find themselves matched with undesirable opponents.

• • •

One Chicago policeman accused another of cheating him with loaded dice and it took a wagon-load of fellow-cops to stop the fight. Chicago policemen undoubtedly set a good example to the criminal classes.

• • •

A Worcester, (Mass.) woman willed $10,000 to her dog and her human relatives have gone to law over it. There have been many eccentric ways of testing wills, but this is the first instance of trying one on the dog.

• • •

A New York man who has spent most of his life playing jokes on people has, in good faith, invited his friends to the marriage of his daughter. The friends, however, refuse to take the invitations seriously. Talk about chickens coming home to roost!

• • •

Pretoria was advertised to hold out for two or three years. That advertisement was a fake—it only held out for two or three days.

• • •

"Jack Roach," of Napanee bank robbery memory has at last been convicted in Montreal of robbery. It was a miscarriage of justice when he was allowed his liberty at Cobourg.

• • •

The Montreal Star's correspondent at Pretoria, says, "It is understood that the Royal Canadian Regiment will be released from service here." The people of Canada will be glad to welcome the brave defenders of the Empire home again, and they can't get back too quick.

• • •

The ladies of the Red Cross Society in Toronto did nobly. They raised $13,000 cash and have the warm thanks of Col. Otter.

• • •

A special to the Toronto World says: A French-Canadian ex-M. P. expressed his opinion that the whole affair (of Bourassa's disloyal talk) was a put-up game, played on the eve of an election to catch votes in Quebec. Bourassa is a member of the Liberal party. He is a pet of Sir Wilfrid's. Any day can find the two with heads close together laughing and chatting. He is admitted to caucus. If Sir Wilfrid did not look with favor upon the young man he could have read him out of the field when he moved his amendment to Dr. Russell's resolution re preferential trade. But he didn't. But then again, being his confidant, guide, philosopher and friend, Sir Wilfrid could have administered his rebuke in private to Bourassa before yesterday's speech, but again he didn't. There is only one conclusion—the matter was a put-up game.

• • •

La Patrie, Tarte's paper, backs Bourassa. This is what it says: "The Tory party played a narrow and intolerant role in denying Mr. Bourassa the right to speak as he did yesterday in the House of Commons."

• • •

The people of Canada will do some deep thinking when Sir Wilfrid and his supporter Bourassa come before them again, requesting reappointment as custodians of the honor and integrity of the Dominion.

Mr. A. Carr, of this city, is visiting friends in Trenton.

The condition of Mr. N. Vermilyea to-day was not so favorable.

Mr. John Brasier was in the city to-day renewing acquaintances.

Mrs. R. B. O'Flynn, of Trenton, has returned home after a visit to friends in hte city.

Mr. Ed. Lear, of this city, has been spending a few days with relatives at Picton.

Mr. F. Richardson, of this city, has been spending a few days with his sister, Mrs. G. G. Miller, Napanee.

Mrs. Robert J. Backus, who has been ill at the hospital for some time, has been removed to her home, much improved in health.

Rev. John Learoyd, after a ministry of twenty-five years, will seek (owing to his continued ill-health) a superannuated relation at the meeting of the London Conference.

R. S. Rider, C. H. Wilson, J. Laurie, C. F. Carrick, W. Martin, J. Brasier, Toronto; W. W. Bale, F. W. Stone, H. C. Douglas, Montreal; K. M. Ireland, A. B. Campbell, Kingston, are at the Quinte.

Rev. J. E. Mavety was elected President of the Montreal Conference for the coming year at Gananoque last week. President Mavety has a number of friends in this county. He was born near Sydenham, but spent much of his time in this vicinity, being a graduate of Albert College.

BLOWN TO ATOMS.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure Constipation and Sick Headache. Only 25c at McKeown's drug store.

CONCERT AT
SHANNONVILLE.

A Large and Patriotic Audience in Attendance.

At the village of Shannonville last night the A.O.U.W. Hall was filled to overflowing with an enthusiastic gathering. The occasion was a patriotic concert and the patriotism of the residents of that village and vicinity cannot be doubted. Mayor Johnson, of this city, presided with his usual ability and affability. He gave a short address which was highly appreciated. The programme throughout was patriotic in its nature and aroused the enthusiasm of the assemblage. Songs were given by Messrs. Geo. E. Fax, and S. Burrows, and Miss Falconer, of this city, which were well rendered and heartily received. Miss Moore also rendered two songs most acceptably. Miss Urquhart gave a recitation as did also Mr. Fax. Spirited and loyal addresses were given by Col. Ponton and Rev. D. O. McArthur. The proceedings closed with the singing of the National Anthem.

about King Quality Shoes. Ten to one she'll say "there are none better."

They are favorites with good dressers, because they are comfortable and yet stylish—stylish and yet economical.

Ask an expert their price, and he'll say "$5"—he'd be wrong—for while they are worth it, our price is $3.

That's one secret of their success. Ask to see King Quality Shoes."

SOUTH HASTINGS
TEACHERS' INSTITUTE.

Friday, June 8th.

AFTERNOON SESSION.

The first subject was Literature, introduced by Miss Phippen, of Deseronto, who read a very carefully prepared paper on this important subject.

On motion by Miss Urquhart, seconded by Mr. Fairman, it was decided to ask Miss Phippen to allow her paper to be published.

Seat work was the last subject discussed and was introduced by Mr. O. S. Hicks. Frequently give a class a chance to listen to what is taught to other classes and by this means allow them to take in what is taught others. Sometimes a number of questions in arithmetic put on the board will occupy their time or drawing familiar objects.

Mr. Solmes explained his methods of keeping pupils busy while other classes were reciting.

Miss Bates and Mr. Moreton also gave their methods of keeping pupils employed while hearing other classes recite.

Institute adjourned.

A TORONTO DRUGGIST

Cured of Catarrh by Japanese Catarrh Cure after scores of remedies and Physicians failed, says Japanese Catarrh Cure is the Only True Specific.

Mr. John Wylie, who has been for a number of years the well-known senior clerk for Mr. George Marshall, the leading East-end druggist, cor. Queen and Berkeley streets, Toronto, writes:—"When I say I believe Japanese Catarrh Cure the only cure for catarrh on the market, I believe I know just what I am talking about. I have been very badly troubled with nasal catarrh for a number of years. I have tried every remedy which I thought would do me good and also several doctors, but only received a little temporary relief. After hearing several of our customers who had used Japanese Catarrh Cure speak so highly of it, I tried it. From the very first it gave me much relief, seen the dropping in my throat ceased, and now, after using in all four boxes of Japanese Catarrh Cure, find myself completely cured of this most disagreeable disease after suffering for years. Since being cured by Japanese Catarrh Cure, I have recommended it to some of our customers and know of several of them whom it has cured."

If you have catarrh don't go on experimenting until the disease has reached the lungs, get a box of Japanese Catarrh Cure and cure it now. Your druggist sells it, price 50 cents.

Died at the Hospital.

Lester Lloyd, aged 70 years, died at the hospital yesterday afternoon from an attack of heart failure. He had been in the institution but a few days. The deceased came from Demorestville. The remains were interred this afternoon.

You never read of such cures elsewhere as those accomplished by Hood's Sarsaparilla, did you? It is America's Greatest medicine.

SHUN EXCESS OF SUGAR.

Any medicine prepared with a sugar basis, to tickle the palate of the fanciful, is a good thing to let alone. Children may cry for it, they cry mostly for what is not best for them. Children never cry for Doctor Hammond-Hall's **English Teething Syrup**, neither do they have to cry after taking. It is a pleasant, perfect remedy for all complaints incident to teething. No sugar syrup, no opium, narcotic or hurtful drug. It soothes pain, promotes refreshing rest, and **Comforts Crying Children.** Excess of sugar causes fermentation, kidney trouble, diabetis and unhealthy secretions. Devoid of this danger—Dr. Hammond-Hall's English Teething Syrup is the best. (36 442)

Tickets at G.T.R. city office or at station.—M. A. James, Manager,

Married in the States.

At Estherville, Iowa, on Monday, June 4th, Miss Frances Rosetta Newbery, daughter of Mrs. R. Newbery, of this city, was married to Mr. Benjamin Johnstone, of Estherville. The ceremony was performed by the Rev. Mr. Knowlton. The young bride's many friends in this city will extend to her congratulations.

WORK WILL COUNT.

Rehearsals for the Daisy Lyric Club's production of "Pinafore," June 18th and 19th, are being held every afternoon and evening. This is sufficient guarantee that the noted stringency of preparation of the Club's director, is not being relaxed upon this occasion, and augurs well for the final completeness of the choral and dramatic work. Though the Club is Belleville's junior musical organization, surprise is in store for the public. The opera is being produced for a good cause for "Our Boys" and no doubt the hard work of the club for the past two months, and especially of late, when afternoons and evenings are given to the work, will be appreciated by the public.

Quick & Robertson's

Suits for Men.

Until you've enjoyed wearing one you cannot know how good our Suits are. The difference between them and the ordinary ready-made kind or the product of the cheap tailor is greater than you would imagine until you've made the comparison. Our suits are equal in style, fit and trimming to any a first-class merchant tailor can make, but he would have to charge you double our prices, for where he makes one suit the manufacturers of ours make a thousand, and his knowledge and skill are no greater than those of the manufacturers' designers and tailors. Once a man examines our suits no further arguments are necessary.

$5, $6.50, $8.50, $10, $12, $15.

At these prices we have suits that are really wonderful values. Takes in the finer Serges and all Imported Worsteds and Tweeds, made in that correct way that's the envy of the best merchant tailors.

Quick & Robertson's Suits for Boys.

We are just as particulor about the making of our Boys' Suits as we are of our Men's, for we will sell nothing but reliable clothing. If you get a poor suit for your money we want to know it, and your money is yours. We guarantee every Boys' Suit we sell—all wool; seams silk and linen sewed; linings good, sewing good and style and shape correct, and our prices are right—a little shopping will prove that.

Young Men's Suits $5 to $12.

There is such a quantity and variety here in these suits that to look means to buy. In our clothing for young men you will find all the points of excellence known to the tailoring art. The coats are three and four button sacques, with those broad shoulders; vests are single and double-breasted; trousers are perfect in fit and style.

Hats and Furnishings.

A full range of Christy's London Hats in all the new blocks and seven different shades at $1.00 each. All the latest creations in Neckwear for Ladies' and Gentlemen.

"HUNGER IS THE BEST SAUCE."

Yet some people are never hungry. Whatever they eat has to be "forced down." There is, of course, something wrong with these people. By taking Hood's Sarsaparilla a short time they are given an appetite and then they enjoy eating and food nourishes them. If you find your appetite failing, just try a bottle of Hood's. It is a true stomach tonic and every dose does good.

Gen. Buller's Official Report to the War Office.

He Encountered 3,000 Boers at the Klip River.

Two More Canadians Among the Wounded.

London, June 11, 10.30 a. m. — The following report from Gen. Buller has been issued by the War Office: "Headquarters in Natal, June 11—The force concentrated in the Klip River at its junction with the Gansolie last night. We anticipated at the defile a force of the enemy about 3,000 strong, who had, I think, intended to re-occupy it, and who retired as soon as our heavy guns opened, which were very smartly brought into action by Major May of the Royal Artillery and Capt. Jones of the Royal Navy. The South African Light Horse and the Second Cavalry Brigade were smartly engaged while covering our left front. Our casualties are about six killed and seven wounded."

London, June 11.—Lieut.-Gen. Sir F. Forestier-Walker, in command of the lines of communication in South Africa, reports that in the disaster to the British troops on June 5th at Rooedsvaal where the Boers cut Lord Roberts' line of communications, the Fourth Battalion of the Derbyshire Regiment were all killed, wounded or made prisoners except six enlisted men. Two officers and 15 men were killed and five officers and 72 men were wounded, many of them severely. The Boers returned the wounded to the British. The officers killed were; Lieut.-Col. Baird Douglas and Lieut. Hawley. The wounded include Col. Wilkinson, and Lieut. Blanchard, of the Canadian infantry.

THE CHINESE SITUATION.

The Situation Growing More Alarming—The Dowager Empress Has Fled.

(By Associated Press To-day.)

London, June 11.—A special despatch from Tien Tsin says it is reported the Dowager Empress has fled to the Russian legation at Pekin.

London, June 11.—A special despatch to the Associated Press from Pekin under date of June 9th says: "The situation is growing steadily more alarming. The Missionary compounds were all abandoned yesterday evening. Forty American and English missionaries are gathered at the America Methodist Mission surrounded by 300 natives whom it was impossible to send to their homes. They are waiting with a few revolvers, and guarded by ten American marines, for reinforcements to take them to the Coast.

A missionary who has returned from the country to the east says the populace are asserting that they must have an Emperor.

SEVEN YEARS

Of suffering relieved in as many days. Corns cause in the aggregate as much suffering as any single disease. It is the magic solvent power of Putnam's Corn Extractor that makes its speedily successful in removing corns. Take no substitute, however highly recommended. Putnam's Painless Corn Extractor is the best. Sure, safe, painless.

DECLINES THE HONOR.

Dean Williams will not Accept the Office of Coadjutor Bishop of Ontario.

Dean Williams, of Quebec, has declined to accept the office of coadjutor bishop of the Diocese of Ontario. The synod will meet again on the evening of June 20 to make another selection.

Police Notes.

A lap rug is at the station awaiting an owner. It was picked up on the street.

A call was answered on Sunday to the corner of Victoria avenue and John street, it being reported that boys were having sport with a drunken man. The parties left before the officer arrived.

Mrs. Hall, Moira street, reported the loss of some butter which she had purchased, but it was subsequently found.

Two young men named Dennis Keegan and George Crysdale were arrested at 11 o'clock Saturday night for fighting on Front street. They will be tried to-morrow.

Mr. T. P. Brown reported that his bicycle was taken from a hallway adjoining his place of business.

A Flower Thief.

Mr. L. C. Pascoe, who resides on Alexander street is a lover of flowers and takes much pride in raising them. Yesterday morning upon rising he was an angry man, and had occasion to be in that frame of mind. Some time during Saturday night or early Sunday morning, someone had entered his premises and stolen a large quantity of flowers and also broken a number of beautiful plants. It is surmised that the culprit was a boy, who if discovered, will no doubt regret his act.

DIED.

SHORT.—In Belleville, on Sunday, June 10, 1900, George Short, aged 68 years.

The funeral will take place on Tuesday, June 12, at 9.30 a.m. from the residence of his daughter, Mrs. J. Dumesnil, corner Pinnacle and Dundas streets, to St. Michael's church.

Please omit flowers.

RED COATS ATTEND CHURCH.

A Creditable Turnout of the XV Regiment.

An Inspiring and Patriotic Discourse by Chaplain Maclean—A Large Congregation in Attendance.

The first Sunday parade of the Fifteenth Regiment for this season took place yesterday morning and the turnout was a most creditable one. There was by far the largest number out on parade of any held yet, and the general appearance of the Regiment was favorably commented upon Both regimental bands were in attendance adding much to the spectacle. The Regiment, upon leaving the Drill Shed, proceeded direct to St. Andrew's church where services were held. Rev. M. W. Maclean, pastor of the church, also chaplain of the Regiment, conducted the services and his discourse was not only of an inspiring nature, but was thoroughly patriotic. After the usual devotional exercises the sermon was delivered, the reverend gentleman taking for his text the scripture passage found in Proverbs 14th chapter, verse xxxiv.:

"Righteousness exalteth a nation, but sin is a reproach to any people."

The doing of right all around, from the king upon his throne to the poorest and humblest subject, is what exalteth a nation. So long as individuals and nations did right as taught by God, they rose to an exalted position and also prospered. Whenever they went astray from God reverses followed. All power is with God, the Supreme Ruler of the universe. Individuals and nations are but mere instruments in His hands. We should remember that individuals or nations who do not do the will of God will be smashed and overthrown. Religion is often sneered at, but there are no more manly persons than those who recognize the will of God and do His will. We should learn to obey Him. Where would the British army in South Africa be to-day if they had not obeyed the commander. It is only when men obey leaders in whom they have confidence that all things go well and right. A man who does not obey God will be destroyed. There is no man or woman so strong as those who believe in God and do His will concerning all things. So long as we are true to Him will He prove true to us. Since the last time he had had the privilege of addressing the members of the Fifteenth Regiment a great event had transpired. Then peace was in the land, but of late the British nation had been engaged in a war which had waged now for eight months, in a country 7,000 miles distant from us, a war which had proved the severest in years, but thanks to an All Wise God the end was in sight. It had been a struggle in which bravery had been shown to a marked degree. The Canadians had a peculiar interest in this war, as some of our fellow comrades had been in battles, and some Canadians had gone through the valley of the shadow of death, fighting in defence of the Empire and the flag. They proved to be in readiness for any duty and danger which might confront them. To-day it was a pleasure to be abel to say that the end of the conflict was in sight, and soon we hoped to be able to welcome back those who had left loved ones and home to do battle for the right. It was a source of thankfulness to God that all who had left here had been spared thus far and we trust all may be spared to return. For these and all other acts and gifts of God we are accustomed to take as rights and we do not give to Him that which belongs to Him. He bestows upon us blessings, He gives us health, both in body and mind, He gives us the beautiful sunshine and the delightful rains, yet we are not always mindful of these blessings. He gave us, above all, His only Son who died for our salvation. These blessings should make every day a day of thanksgiving to God for all His bountiful blessings. But there are and should be days of especial thanksgiving with individuals families and nations. We should thank God for the victories of the past few weeks and days. There were days of anxiety, but these have passed. The two capitals have been taken in South Africa and that country is now swarming with British soldiers. God has proved to be the God of right. He has proved in the present as in the past that He will protect the right, and it will prevail. God has been with His people in the battle for right. Wherever British rule, there religious liberty and contentment prevail .God will alway be with the Empire as long as it is on the side of right and justice. Another cause of thanksgiving is the love of the Colonies towards the Empire. They are now, moer than ever, an integral part of the great Empire. They proved that they were ready to defend the Queen and flag and die, if necessary, for both. Another cause for thanksgiving was the thought that our beloved Queen has been able, in her declining years, to bear the strain of the past few months. The prayers of the people have been answered in her behalf. She has proved again to not only be the illustrious Queen, but a greater woman. She has been visiting the sick and wounded and demonstrating her lovable nature. No wonder that she has endeared herself to the hearts of the people over whom she rules. Another cause of thanksgiving is the demonstration of love of country. If love of country is in the heart it will not only be heard of through the lips, but action will suit the inner motives. How are we to show our duty to country who remain at home? We should do all we can to make this country what it should be. We should be soldiers of Christ doing His will and endeavor, by examples, to make the world better by our lives. Cultivate the manliness of Christ. We cannot do right of ourselves, but with the help of God, and knowing the right, do it, and the Lord will bless us and our acts will show forth in our good deeds.

The choir rendered special music for the occasion and a solo rendered by Miss Falconer was much appreciated.

NOTES FROM WINBERG.

Corp Hulme Writes from this Part of the Campaign.

The following extracts are taken from a letter received from Corp. Hulme, dated Winberg, May 5; Have just arrived here after six days of heavy marching, covering 89 miles. To-morrow we leave for Kroonstad eighty miles further north. We have seven days to do it in. Yesterday we fought a big battle lasting six hours and we were held in reserve and laid on the veldt through it all expecting every minute to be sent out, but there was enough without us. The Boers made a stand here but left early this morning and have gone further north, where we expect to overtake them in a few days. Winberg is a very pretty little place, but nearly everyone has left it. I am feeling very well, but so tired every night and think I will never be able to move on in the mornings, but on we go all the same. By the end of the month or about the time you get this the British will be in Pretoria, or very near it.

The draft of men from Canada we have not seen yet, and do not know when they will overtake us. The days are still very warm, but the nights are cold with heavy dews. It is getting dark and a medical inspection is just going on, so shall have to say good-bye, kindest regards to all friends.

Lindley, May 6.

We are receiving great praise from Major-Gen. Ian Hamilton, for work done by us, the Winberg column. 62 Canadians leave us here not being able to go any further being laid up with fever, sore feet, etc. Jones, Frye, McCoy and myself are the only Belleville boys to go on. We leave at 8 o'clock this afternoon for Kroonstad. Draft of Canadians just arrived, many unfit to go further, having sore feet.

BICYCLE SUITS.

This is just the season for enjoying bicycle riding, but how can you take any great amount of pleasure wheeling without a proper suit. The Oak Hall make bicycle suits a special feature of their business and any where from $2.50 up we can please you. A further shipment of check bicycle trousers expected to-day or to-morrow.

OBITUARY.

EDWARD CASEY.

After an extended illness Edward Casey died yesterday at the residence of his father, Mr. Edward Casey, Wickett street. The deceased was 30 years of age and was well-known in this city. He was a victim of consumption. A wife survives, but no family. The remaining members of the family are the parents, two brothers and two sisters. Deceased was a member of St. Michael's church.

GEORGE SHORTS.

At a late hour on Sunday night Mr. George Shorts died at the residence of his daughter, Mrs. Joseph Dumesnil, Pinnacle street. The deceased was born in Southampton, Eng., and has resided in Belleville for about 50 years. For many years he was an employee of Mr. Phippen, working in the ashery. He was a gentleman who was much respected. Deceased was a member of St. Michael's church. A family of two sons and four daughters survive. The sons are Edward, of Bay City and Jno., of this city. The daughters are Mrs. W. P. Clarke and Mrs. Dumesnil, of this city, and Mrs. J. E. Shabnow and Mrs. Winning, of Toledo.

LEWIS POTTER.

Lewis Potter died on Saturday at his late residence Ross' Corners, township of Thurlow, where he had resided for some time. Deceased was 33 years of age and leaves a wife and family.

EATING AND SLEEPING.

Food supplies the substance for repairing the wastes of the body, and gives strength. Sleep affords the opportunity for these repairs to be made. Both are necessary to health. If you can't eat and sleep, take Hood's Sarsaparilla. It creates a good appetite and tones the digestive organs, and it gives the sweet, restful sleep of childhood. Be sure to get Hood's.

Biliousness is cured by Hood's Pills. 25 cents.

A Bad Fall.

While returning to her home yesterday afternoon Mrs. C. J. Bowell was thrown violently to the ground by a loose board in the sidewalk on Albert street. She received a severe shock and sustained injuries, the extent of which are not yet fully known. Friends assisted her to her home.

BLOWN TO ATOMS.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure Constipation and Sick Headache. Only 25c at McKeown's drug store.

A Lad's Funeral.

The funeral of the late Richard Beaumont took place on Saturday from his parents' residence, Burrell street. The pall-bearers were Willie Tower, George Andrews, Christie Pratt and Aubrey Lott. There were many floral offerings, among them being an anchor from the parents, crosses from Eva, Roy and Melbourn Emsley, wreath from infant class of St. Andrew's Sunday school, bouquets from Mr. D. Barragar, Miss Waterhouse, Mrs. Emsley, Mr. H. S. Burrell and the pall bearers.

HER HEAD A FRIGHT.

Mafeking.

Down through the ages these names shall ring—
Baden-Powell and Mafeking.

BEFORE.

Our homes are bright
And our hearts are light
And all around breathes peace,
And the sun doth drop
Neath the western kop,
Bidding our labors cease,
And the rumors of war
Now come from afar;
A loyal band are we;
And we'll toil or fight,
For Britain's right,
For Britons must ever be free.

And yet we hear,
With trembling ear,
The fiat hath gone forth,
That Kruger's cause
Ordains the laws
That are issued from the north.
Yet ere we yield
A bloody field
Shall mark a war begun;
And while we live
Not an inch will give
Bold Britain's weakest son.

DURING.

Once in peace we dwelt with all around us,
Then did no beleaguering foe surround us;
But like howls from hell,
Came the bursting shell,
And grief and misery now hath crowned us.
But we yield not yet to the stubborn foe
Though in groans and tears our lives outgo.
Just is our quarrel and right our cause—
We come beneath no president's laws;
We yield to no fanatic who robs—
Our trust is placed in God and—Bobs.

* * *

The siege continues; our spirits shake
Yet adversity doth heroes make,
And Baden-Powell, our leader strong,
Keeps us brave through the dark days long,
And answers the stubborn Boers' demand;
"What say you? Surrender? Surrender be damned."

* * *

Mule meat and locusts are now our fare;
Disease and death are everywhere;
Animals rotting in every trench,
Filling the air with a sickening stench;
Death and disease are in the air;
Desolation is everywhere;
And our hearts grow faint and our spirits weak,
And our tongues so thick we cannot speak.
Yet Baden-Powell, with sword in hand
Replies to the summons: "Surrender be damned."

* * *

The days roll by and still we fight
The powers which war and want unite;
Our garrison smaller and smaller grows,
And what we suffer God only knows!
Yet still our defiance is outward hurled,—
A British handful against the world,
And Baden-Powell moves here and there
Infusing his gallantry everywhere,
He cheers the faint and upholds the strong
With the words, "Relief will come ere long,"
And our confidence in our leader brave
Is enough to make us scorn the grave,
And so it goes on from day to day
Till seven long months have passed away.

THE RELIEF.

Hark! What is that? A sound now comes!
It must be the bugle—the roll of drums.
The garrison tries to raise a cheer,
A pitiful, plaintive sound to hear,
For relief has come and the Boer has fled,
Leaving behind him only the dead,
And our leader, Baden-Powell, hath won
And finished the work he had begun—
To hold, for his sovereign, Mafeking,
And further glory unto her bring.
The struggle, the grief, the war are past,
And Baden-Powell has won at last.

Baden-Powell, a hero's name,
Now is engraved on the rolls of fame,
"Major-General" now, they say,
Since the word has been received today,
Yet earthly sovereign cannot place
A man like this in his proper grace,
Since One more mighty hath made him so
That naught can enoble him here below,—
He is only a soldier, staunch and true,
Naught in reward can a nation do
Save to confirm the nobility
Which God gave him, so that all might see
Only a soldier, brave and true,
Doing the work he was set to do,
Yet down through the ages these names will ring—
Baden-Powell and Mafeking.

MURDERED FOUR OF A FAMILY.

Awful Crime of a Hired Man at Welwyn Assa.

Moosomin, Assa., June 11. — The police returned from the scene of the murder at Welwyn, 12 miles north of here, last evening, bringing with them John Morrison, aged 27, the man who did the awful deed. The murder was committed about 12.30 on Saturday morning. The following are the dead:

Mrs. A. McArthur, Demsey McArthur, aged 12; Charles McArthur, aged 8; A. McArthur, the father.

Russell McArthur, aged 4 years; Mamie McArthur, aged 6; Henry McArthur, aged 2; and Baby McArthur, 3 weeks old, are badly wounded. Henry and the baby cannot recover.

Miss McArthur, aged 15, was awakened by the murderer taking her little brother, Russell, who was sleeping with her, out of bed, when he was killed in the same room. After killing little Russell, Morrison told Miss McArthur that he had killed all the family, but would spare her, and said he was going to shoot himself. He then left the house, and attempted to take his own life in the stable by shooting himself through the right lung. He, however, is likely to recover, and is now lodged in jail here. No motive has been found for the crime, which was all done with an ax.

James Green Was Killed.

Hamilton, June 11.—James Green died at the City Hospital yesterday morning from injuries received at the East End Incline Railway Saturday morning. Mr. Green was the second engineer, and went half way down the incline to make some repairs. While he was between the retaining wall and the car the engineer at the top set the car in motion, and Green was rolled the length of the car. His thigh and palvis were broken, and he was injured internally.

A Bachelor Farmer Killed.

Wiarton, Ont., June 11. — While John Driscoll was driving near the Hill chair factory railway crossing on Saturday, his team became frightened at the steam from the factory, and ran into an up-bound train, which was not in sight from the factory. Driscoll was instantly killed, both horses mangled to death and the wagon demolished. Driscoll was a bachelor farmer from Keppel Township and well-to-do.

SUPERIOR MERIT.

Remarkable Curative Properties of a Remedy for Indigestion and Stomach Weakness.

Stuart's Dyspepsia Tablets, a preparation for the cure of dyspepsia and the various forms of indigeston and stomach trouble, owes its great success as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs only, and is not recommended or advised for any other disease.

It is not a cure-all, but for any stomach trouble it is undoubtedly the safest, most sensible remedy that can be advised with the prospect of a permanent cure. It is prepared in tablet form, pleasant to taste, composed of vegetable and fruit essences, pure pepsin and Golden Seal, every one of which act effectively in digesting the food eaten, thereby resting and invigorating the weak stomach; rest is nature's cure for any disease, but you cannot rest the stomach unless you put into it something that will do its work or assist in the digestion of food.

That is exactly what Stuart's Dyspepsia Tablets do, one grain of the digestive principle contained in them will digest 3,000 grains of meat, eggs, or similar wholesome foods, they will digest the food whether the stomach is in working order or not, thereby nourishing the body and resting the stomach at the same time, and rest and nourishment is nature's cure for any weakness.

In persons run down in flesh and appetite these tablets build up the strength and increase flesh, because they digest flesh-forming food which the weak stomach cannot do, they increase the flow of gastric juice and prevent fermentation, acidity and sour watery risings.

Stuart's Dyspepsia Tablets can be found at all drug stores at 50 cts. per package.

JOE MARTIN SWAMPED IN B.C.

Voters Returned Only Seven Government Candidates.

Saturday's Elections Were an Opposition Sweep—They Carried 18 Seats—Two Ministers Lost Their Deposits—Wilson and Carter Cotton Both Fell—Labor Party Elects Its Leader—Does It Mean Governor McInnes' Resignation.

Victoria, B. C., June 11.—British Columbia declared in no uncertain voice against Hon. Joseph Martin and at the same time against Governor McInnes, for it believed that Martin's defeat means also his resignation. At Saturday's elections, but seven of Martin's 30 or more candidates were elected, his two Cabinet Ministers, Yates and Beebe, being among the defeated. They lost deposits. It was an Opposition sweep. They carried 18 seats. The straight conservatives elected four, Provincial party three, Independent two and Labor one. The heads of both parties, Charles Wilson and Carter Cotton, were defeated in Vancouver, where two Conservatives and two Martinites were returned. Victoria went solid for the Opposition, downing Martin, who, however, was one of those returned in Victoria, where he also ran. Vancouver Island elected but one Martinite, young McInnes, who defeated Bryden in Wellington. The remaining 13 constituencies on the island went to 12 Opposition and one Labor candidate, Ralph Smith. It was on the lower mainland that Martin elected most of his followers. He and Gilmour carried Vancouver. His Financial Minister, "Winchester" Brown, carried New Westminster, Oliver, Delta, E. E. Smith, Southeast Kootenay and Smith Curtis defeated Chas. Macintosh at Rossland. Of the Cotton party all the chiefs went down, Cotton, Forester, Deane, all being rejected. The Labor party only elected its leader, Ralph Smith. It was a thorough defeat for Martin and his fosterer, Governor McInnes.

EARTHQUAKE IN VENEZUELA.

Serious Seismic Disturbance Which Lasted an Hour.

Caracas, Venezuela, June 11. — A series of earthquakes, lasting one hour, yesterday shook Cumana, Cumanacoa and Cariaco. These three towns are in the State of Bermudez, Venezuela. Cariaco was terribly damaged. The three town are in the Maritime Andes, which accounts for frequent earthquake shocks. Cariaco has 7,000, Cumana has 10,000 and Cumanacoa has nearly 3,000 population.

THE AUSTRALIAN TARIFF.

Radical Changes Will Be Made to Encourage Home Industries.

London, June 11. — The Australian colonies, in view of federation, and following in the wake of Canada, are about to adopt an elaborate tariff system to encourage home industries, especially in iron, steel, cotton, flax and silk.

No excise duties, unless essential for revenue purposes, are to be levied on any internal productions excepting narcotics, beer and spirits, and where excise duties are levied the import duties are to be increased by a similar amount.

Ships ordered elsewhere than in the colonies are prohibited from carrying goods or passengers from port to port in the commonwealth.

The importation of prison-made goods is absolutely prohibited, and equal wages are decreed for men and women employed in the same trade.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test the great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

THE CHINESE PUZZLE.

Foreign Admirals Re-constructing Railway Between Tien Tsin and Pekin—1,500 Foreign Troops for Pekin.

Shanghai, June 10.—The edict recently issued had a concealed meaning, which expert scholars declare was favorable to the Boxers.

Nieh's Troops Are Fighting.

Tien Tsin, June 9. — Gen. Nieh's troops are now fighting beyond Yang Tsun. He telegraphed the throne today that the Boxers had surrounded his troops.

A Chinaman who walked from Machoa Pu brings reports that the railway track from Huang Tsun to Lo Pa, a distance of 38 miles, has been destroyed. Every bridge and all the stations have been burned.

The Boxers are working towards Tien Tsin.

The Admirals Take Action.

London, June 11.—The admirals at Taku, acting in concert, are forcibly reopening the railway from Tien Tsin to Pekin. Gangs of laborers are repairing the damaged line, which is guarded by 1,500 men, composed of detachments from the foreign fleet.

Welsh Fusiliers Under Orders.

Hong Kong, June 10.—Two hundred and fifty men of the Welsh Fusiliers, with sappers and miners, have been ordered to hold themselves in readiness to proceed north on account of the Boxer disturbances. Their places will be filled by troops from India.

Foreign Troops Start for Pekin.

Tien Tsin, June 10.—About 1,500 foreign troops of all arms left for Pekin by two trains this morning.

The Cossacks Under Orders.

London, June 11.—A special despatch from St. Petersburg, dated June 9, says: I have learned from an absolutely reliable source that minute despatches have been sent to the commanders of the Russian troops in Manchuria directing them to prepare three regiments of Cossacks on the Chinese frontier to be in readiness to enter on the day orders are received.

Is Pekin Burning?

The Daily Mail has the following from Tien Tsin, dated Friday: The wildest rumors are current here to the effect that Pekin is burning, but they lack confirmation.

There is a serious rising at Nanking. Yesterday the mob is said to have attacked the palace of the Viceroy.

Asiatic artillery has been ordered from Hang Kong to Tien Tsin.

Pao Ting is Burning.

Pao Ting Fu is burning. The Tien Tsin Railway has finally ceased to be operated. All the English missionaries are encamped inside the legation.

FOUR KILLED, 25 INJURED.

Disastrous Collision of Trains on a Providence Line on Sunday.

Providence, June 11.—A collision took place in Warwick, on the Suburban line of the Union Railway Company, yesterday. Two regular cars struck end on. Four were killed and about 25 injured, of whom three are probably fatally hurt. Lieut. L. C. Kemball is among those who were not expected to live.

The Dead—Arthur Liscomb, George W. Baker, 15 months; Lewis C. Sanborn, Providence; Ed. D. Boroughs, motorman.

The Injured — Lieutenant-Governor O. O. Kimball, Providence; C. N. Kingsley, Pawtucket; Mrs. Kingsley, Pawtucket; William Malliet, H. A. Palmer, H. T. Palmer, S. G. Bragg, Mary Tourtillot, William J. Bogerdy, Mrs. Bogerdy and son; Owen J. Hurley, Mansfield; D. Ballcock, George Baker, Mrs. Baker, Florence Baker, Thomas Jackson and Mrs. Jackson, E. J. Fleming, Mrs. Fleming and two children, unknown woman, 32 years old, J. F. Brown, F. E. Manchester, Oakland Beach; Henry Banlon, car motorman; Claude E. Harris, conductor.

Worst Catastrophe on Record.

The catastrophe is the worst on record hereabouts and additions to the death list are hourly expected, as quite a number of the injured are at the hospital in a precarious condition. The scenes that followed the collision were heart-rending.

THE BABY WAS SUFFOCATED.

Serious Results of a Sunday Morning Fire in London.

London, Ont., June 11.—A fire with fatal results broke out on the premises of James Ward, retail grocer and liquor merchant, here about 1 o'clock Sunday morning. Mrs. Ward awakened the family. Mr. Ward dropped two of his three young children out of the window and succeeded in saving them, although one of them was badly injured by the fall. The third child, however, a baby boy of three years, ran out of the father's room, and before found, had been suffocated. Miss McFee, a domestic from Guelph, in the meantime, had jumped from the upper window and was seriously injured by the fall. Mr. Ward also jumped, but in doing so unfortunately struck some telephone wires near the house and was thrown heavily, breaking his thigh and causing serious internal injuries. The injured members of the family are all at the hospital, but no further fatal results are feared.

HONOR (?) FOR MR. BOURASSA.

It Is Said He Is to Be Invited to Join the Boer Delegates' Show.

Montreal, June 11.—Mr. Bourassa, M. P. for Labelle, has, it is said, been highly honored, but fortunately for Canada, the honor does not come from this country. A gentleman from the other side of the line said yesterday that Mr. Bourassa is to be invited to join the three Boer delegates who are now visiting the leading cities of the United States. The same gentleman says that the Boer trio has turned out to be a poor show, but with Mr. Bourassa tacked on, he believes that the interest in the late republics will be greatly enhanced over the border. He says that the member for Labelle will receive a rousing welcome from all the Fenian head centres of the republic.

Mr. Richardson the Choice.

Durham, Ont., June 11.—The Liberal-Conservative convention for the South Riding of the County of Grey, was held here on Saturday. There were several candidates nominated, but all withdrew, with the exception of Major Laidlaw of Durham, County Councillor Charles McKinnon and M. Richardson of Flesherton, ex-Warden of the county. A ballot being taken, resulted in the selection of Mr. Richardson, and, on motion of Messrs. McKinnon and Laidlaw, his nomination was made unanimous. Mr. Richardron delivered a short address on the political issues of the day.

Mrs. Gladstone Still Lives.

London, June 11. — The condition of Mrs. William E. Gladstone continues precarious.

Canada at the Paris Fair.

Ottawa, June 11. — Prof. Robertson, Dominion Dairy Commissioner, returned on Saturday to Ottawa, after two months' absence in Europe on business connected with cold storage. At Paris, Prof. Robertson has made arrangements for an adequate system of cold storage for Canadian products at the Exposition during the summer months. A special feature is being made of Canadian fruit of all kinds, which will be sent over from Canada every few days during the summer. The first shipment arrived at Paris Friday last in good condition. Before leaving the continent, Prof. Robertson picked up some valuable pointers with reference to cold storage in Denmark, Sweden and Belgium.

The baby's coming is often looked forward to as a time of dread and danger. Many women are physically unfit to become mothers. They are sick and weak

in a womanly way and may well look with fear toward the time of maternity. Intelligent preparation for this time is most essential. An athlete "trains" for months before his trial. Most women do not "train" at all and yet their trial is to be fifty times as severe as the athlete's.

During the period of gestation every woman should use every means to strengthen the organs that are to be tried. They should be kept in perfect health. The faintest symptom of disorder or disease should be promptly eliminated.

Dr. Pierce's Favorite Prescription is designed to do this very thing—has been doing it for over thirty years. It is the one sure medicine for all female complaints. It is the only medicine that may be absolutely depended upon to practically abolish the pain and danger of childbirth. It is the only preparation of its kind that is the invention of a regularly graduated physician—a skilled and experienced specialist in the cure of diseases of women.

Mrs. Emerson Allen, of Dorset, Ontario Co., Ont., writes: "I was in very poor health for a long time, dating from the birth of my little girl. I tried different doctors and different medicines. I took four bottles of 'Favorite Prescription' and seem to be perfectly well again."

Another Triumph for Science....

RHEUMATISM and its kindred diseases have always been classed by physicians among the ailments for which their science afforded no sure and complete cure.

DR. L. R. HALL

DR. L. R. HALL, New York, originator and proprietor of DR. HALL'S RHEUMATIC CURE, has changed all that and has earned the sincerest thanks of thousands of sufferers.

People are slow to believe that rheumatism can be cured. They have tried many things, and all have failed, and the announcement of a new cure is received by many with sceptical indifference, and yet it may be stated very confidently that DR. HALL'S RHEUMATIC CURE NEVER FAILS, and there are innumerable BONA FIDE testimonials to back the statement. From one to six bottles will cure any form of rheumatism.

Sufferers from rheumatic complaints should read Dr. Hall's pamphlet on rheumatism, wherein their symptoms are described, and should lose no time in making a trial of the only sure remedy—DR. HALL'S RHEUMATIC CURE.

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston Ont.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

When a young man becomes sufficiently familiar to stay until midnight, the girl begins to think she holds first mortgage on his affections.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

If a small boy doesn't attempt to smoke a cigar thinking it is smart, he is sure to tackle it out of curosity.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

As soon as the moon gets three-quarters it proceeds to get full.

If you have a good business, it is always better to stay where you are. Have no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the side, and all liver troubles. Carter's Little Liver Pills. Try them.

A SHAME TO CIVILIZATION.

St. Louis Strike Mobs Strip Women Naked in the Streets.

Nine Persons Have Been Killed Already in the Strike—Four Were Shot on Sunday, and Twenty-One Persons Were Captured by the Police—Amazing Condition of Affairs in the Anarchy-Stricken City.

St. Louis, June 11.—Four in a party of 100 or more striking employes of the Transit Company, who were returning from a labor parade, were shot shortly after 6 o'clock last evening by a sheriff's posse in front of the temporary barracks on Washington avenue, between Broadway and Sixth streets. One is dead, two others wounded in the head and abdomen, will die, and the fourth will lose a hand.

Twenty-One Prisoners Captured.

Just in front of the barracks occupied by the posse the paraders attempted to assault the crew of a passing street car. A brick was thrown and several shots were fired by the street car men, when members of the posse appeared on the street with their shot guns and attempted to rescue the street car men. In the melee at least ten shots were fired by the posse, who surrounded the mob, and there were four casualties as far as now known. Twenty-one prisoners were captured by the posse and taken into the barracks.

Another Man Killed.

One other shooting by a deputy sheriff is reported at the sheds of the Bellefontain line. Fred Beel, 65 years old, was killed. This makes nine killed.

ST. LOUIS ANARCHY.

Nine People Killed—Human Beings Who Have Become Fiends—Women Stripped Naked in the Streets.

The great street car strike, which was begun on May 8, has thus far cost the city in loss of business, it is estimated, more than $20,000,000. There is no immediate prospect of a settlement of the trouble, despite the efforts of business men to bring about arbitration. The strikers stand firm in their demand for reinstatement and recognition of their union, while the railway company says it will not discharge the men who have taken the place of the strikers nor force any one of its employes to join the union. Despite all efforts, the deadlock remains unbroken.

A Rain of Terror.

A reign of terror has been started, and, although police protection has been furnished, the railway company has been unable to operate its lines. The regular police force has been increased by a posse comitatus of 2,500, summoned by the sheriff, but working solely under the orders of the chief of police. Strong pressure is being brought to bear upon the Governor to induce him to call out the State militia, which would make the available force fully 6,000 in addition to the regular police of the city. Politics enter largely into the question. Since the beginning of the strike nine have been killed outright, five others are in the hospital believed to be mortally wounded, 75 men have received bullet wounds, 150 have been injured with missiles of various kinds, while five distinct attempts have been made to blow up cars of the Transit Company and a bomb was thrown into a power house, blowing out windows and shattering the walls. On Thursday night the first car after 6 o'clock was run since the strike began. Very few passengers were carried. People are afraid to ride on the cars. From the inception of the strike to the present time scarce a day has elapsed without violence.

A Girl's Frightful Experience.

The first one of the assaults upon women was committed upon Miss Pauline Hesser on Decoration Day, who was beaten, kicked and stripped of her clothing at Tenth street and Geyer avenue, for having ridden upon a Transit car. Miss Hesser is only 19, and her experience was frightful. The mob that attacked her was composed almost entirely of women, girls and half-grown young men, while an approving crowd of adults stood on the sidewalks and encouraged them in their work. She was stripped naked.

Kicked as She Fell.

On last Saturday a woman, who refused to give her name, dreading the publicity, was struck in the face the moment she alighted from a car on Fourth street and Choteau avenue, knocked to the ground and kicked as she lay prostrate by a two-legged brute, a strike sympathizer, a laborer, with a wife and family. His name is Joseph Fanger, living at 2419 Dekalb street, whence he was taken by two men Friday at midnight, driven to a secluded part of the city and there beaten into insensibility.

Women Led the Assault.

Sunday afternoon, June 3, the mobs grew more daring, emboldened by immunity. At 5 o'clock in the afternoon Miss Susie Hensel of 1418 Union avenue was assaulted at the corner of Broadway and Shenandoah street. She was on her way to visit her father, who lives at 2333 South Tenth street, and had just alighted from a car. As she went west on Shenandoah street, a crowd of men, women and boys attacked her. They were seemingly led by a woman. She was knocked down, and, while lying on the ground, everyone who could reach her gave her a kick, all the time denouncing her as a scab.

Drawn Nearly Naked Into the Street.

Miss Hensel says: "The crowd closed around me, began hitting and kicking me. Then they began tearing my garments into ribbons. I clambered to my feet and started to run—where I did not know nor care, only to get away from my tormentors—somewhere to hide my shame, for by this time I was nearly naked. I tried to enter several places, but I was shoved back. As I was passing one place two little girls pulled at what was left of my clothing and took me into the house. I went into what was the parlor, and crouched down in a corner. The children left me. Soon the two men who had first assaulted me entered the house and, discovering me, one of them knocked me down. A third man came in. He was evidently the man of the house, for he ordered me out. I besought him to give me some clothing, but his only answer was to drive me out into the street. I found refuge in a house near by, where a woman gave me a skirt, and where I was permitted to remain until the police came, and I was taken home."

A Brave Woman This.

Miss Stella Broadwick was the next victim. She was assaulted as she left a Cherokee car at 1900 South Twelfth street, Sunday afternoon. Her shirtwaist was torn off; her skirts soon followed, and her underclothing was torn into ribbons. She ran into an alley. The crowd thought she had taken refuge in the house of Willaim Westerman, 1916 South Twelfth street, and, surrounding the place, demanded that she be given up to them. A grey-haired woman responded to their cries by hoisting a two-story window and firing two shots from a revolver, which she was evidently accustomed to handling. The crowd broke and fled.

Another Woman Unclothed.

About the same hour at Twelfth street and Geyer avenue a woman who gave her name as Christine Theire, at the same time admitting that it was assumed, was brutally beaten and divested of every article of clothing save her stockings and shoes. In her pocket was her pocket book, which contained $15. This was taken. Blinded and bleeding, the girl staggered to her feet and fled, the crowd pursuing her. She besought the women standing in their doorways to give her a place of refuge, but was derided and scoffed at by those wretches who had forgotten all the gentleness of their sex. Seeing a cellar window open in a house on Allen avenue, she crawled into it like a hunted beast. Here she remained until the police appeared and dispersed the crowd. Even then she would not desert the darkened cellar for daylight until she was provided with a skirt and an old shawl to cover her nakedness. Miss Theire was on her way to visit her aged mother at the time of the attack.

School Teachers Assaulted.

On Monday noon a young woman was assaulted when she alighted from a car of the Cherokee division, at Eleventh and Calhoun streets. She was pelted with missles, but took refuge in a grocery, where she was permitted to remain until police came and escorted her out of the disturbed district. That same afternoon, between 4.30 and 5 o'clock, three school teachers alighted from a southern electric car on South Broadway and were immediately seized by a crowd of women, their skirts thrown over their heads and their bodies pulled forward and down while an amazon vigorously applied a piece of stout board to them.

The first arrest was that of Mrs. Emma Thompson, charged with leading mob who assaulted and stripped Miss Hensel of her clothing. Then followed arrests of Anna Swese, Anna Klasek and Mary Trantize, who pleaded guilty of having assaulted Miss Pauline Hessler on Friday and were sentenced to two years each in the Girls' Industrial Home at Chillicothe, Mo. The girls are of the worst type and have no idea of the enormity of their offence. In addition to the women arrested, a score of men have been locked up, but as yet sufficient evidence has not been obtained to convict them of any overt act.

Eventful and Bloody Sunday.

The day just ended has been one of the most eventful and bloody since the great strike on the St. Louis Transit lines began. There were numerous encounters between strikers and other individuals and the constituted authorities, resulting in three deaths and the wounding of five or more persons, mostly strikers. One of the latter will die.

The dead—C. Edward Thomas, striking conductor, shot in the breast by deputy-sheriff, died on the way to hospital; George Rine, striking motorman on Delmar avenue line, shot in abdomen by deputy-sheriff, died at hospital; Fred. Boehm, aged citizen, shot and instantly killed while standing in his front yard by deputy-sheriff.

Who would think there was insanity behind a drop of water? But there is. It was a favorite torture in the old days to fasten the victim where water should slowly drip on his forehead. In a little while he was a howling maniac.

Women do not, as a rule, realize how the steady drains which sometimes afflict them must at last re-act on the mind. Sometimes, it is only fretfulness, irritability or peevishness. At other times the condition passes beyond unreasonableness to irrationality.

With the relief of the body, from disease, Dr. Pierce's Favorite Prescription gives also a cheerful mind and contented spirit. When the drains and pains are stopped the mind soars up like a balloon from which dead weight has been cast out. Mothers who never knew a happy moment when the birth hour confronted them, and younger women doomed each month to a period of mental depression as well as physical suffering, have found a perfect cure by the use of "Favorite Prescription." It contains no alcohol, neither opium cocaine or other form of narcotic.

"I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles and I feel like another person."

"I took your medicine six months and feel now like a new person," writes Miss Annie Stephens, of Belleville, Wood Co., W. Va. "Have no headache, no backache, no pain anywhere. I took seven bottles of Doctor Pierce's Favorite Prescription, and seven bottles of his 'Golden Medical Discovery.' I think there is no medicine like Doctor Pierce's. I can't speak highly enough of your medicine for it has done me so much good. I don't feel tired as I used to, nor sick. I feel well and think there is no medicine equal to Dr. Pierce's Favorite Prescription."

Doctor Pierce's Pleasant Pellets are graduated to the sensitive system of women.

TEAR UP 21 MILES OF RAILWAY

Boer Raiders Interrupt Lord Roberts' Communications.

This Bold Stroke on Their Part Is Vexatious, But Gen. Kelly-Kenny Is Expected to Restore Things—Will Necessarily Delay the Forward Movement—Gen. Buller Chasing the Enemy in His Own Territory.

London, June 11.—(3.30 a. m.)—The Boers have torn up 21 miles of Lord Roberts' vital line of railway between America Siding and Roodeval. It is a bold raid, and vexatious, but does not disquiet the military authorities as yet, for they expect General Kelly-Kenny to drive off the marauders and to reopen the line.

The rapidity of the advance of Lord Roberts cannot have permitted him to accumulate large reserves of stores. Therefore, the interruption of the railway, even for a week, must embarrass the army, and may bring the forward operations to a standstill.

The War Is Not Yet Over.

Nothing has been heard from Lord Roberts for three days. This raid on the railway, the strenuous opposition to Gen. Rundle, and the nimble escape of Commandant Gen. Botha's division, forced the War Office observers to the reluctant conclusion that the war is not yet over, although even the occasional civilian Boer sympathizer cannot see how the Boers will be able to do anything to change the result.

Buller on a Chase Now.

Gen. Buller is in Boer territory. Despatches of correspondents with him, filed yesterday at sunset, describe the corps as camping at Gansolei, close to the point where the frontiers of the Free State, the Transvall and Natal meet.

"The British marched eight miles yesterday," says a Reuter correspondent, "before encountering any opposition. The Boers, who had one gun, withdrew under heavy ordnance fire to a ridge just ahead of the camp."

The long range, running skirmish will doubtless be resumed this morning. General Buller is expected to make rapid progress now, and to throw the weight of 20,000 men into Lord Roberts' Transvaal combination.

Cape Dutch Have Split.

The Dutch in Cape Colony appear to have split, a majority of the Afrikander Bund being displeased by the unwillingness of Mr. Schreiner, the Cape Premier, to go the full length of the proposed opposition to the British.

Koomatipoort Taken After Fighting.

Lorenzo Marquez, June 9. — It is reported that the British have occupied Koomatipoort after fighting. President Kruger is said to have a large quantity of personal valuables with him.

Roberts Imprisons All Males.

London, June 11.—It is reported in London this morning that Lord Roberts has imprisoned on the race course all male residents at Pretoria.

BOERS HAVE RETIRED.

They Have Gone 26 Miles Northwest—Two Men Killed.

London, June 11.—The War Office has received the following despatch from Sir Redvers Buller:

"Headquarters in Natal, June 10.—With reference to my telegram of June 8, we halted yesterday to get our trains up the pass, which is very steep. I find the enemy were about 2,000 strong in a very carefully prepared position which they must have been very disheartened not to have held longer than they did. They have all retired about 26 miles to the northwest.

"I find our casualties were more than I first thought. They were one officer wounded and two men killed and 13 wounded."

The Boers in Three Columns.

London, June 11.—Gen. Sir Forester Walker wires to the War Office from Cape Town under yesterday's date as follows: "Information received from natives early yesterday (Saturday) reports the enemy in three columns near Honing Spruit. The railway has been almost completely destroyed between America and Rooideval."

Hunter at Ventersdorp.

Lichtenburg, June 7. — Gen. Hunter's advance column occupied Ventersdorp to-day, the Boers quietly surrendering in small bodies. Considerable looting had been done. Gen. Mahon's column has rejoined Hunter.

Captain Bell Returning.

Ottawa, June 11.—Capt. Bell, late A.D.C. to the Governor-General, who was in charge of the Maxim guns with the first Canadian contingent, is expected to arrive in Ottawa in a few days. He is convalescing, after a severe attack of enteric fever. He will resume his position as A.D.C. to Lord Minto.

A STRANGE MALADY AMONG SOLDIERS

Said to be Locomotor Ataxia, a Nervous Disease Which is Also Prevalent in This Country—Peculiar Symptoms

Capt. J. P. Finlay, of the 9th United States Infantry, has returned from Manila, suffering from what he says is "a terrible malady which is prevalent among the officers and men. It develops into neurritis or nerve paralysis, and many of its victims are crippled for life."

Dr. Wilson, of Buffalo, N. Y., says that this "mysterious disease" is locomotor ataxia, and is just as prevalent in North America as in the Philippines. It is a degeneration of the nerve cells of the spinal cord which affects the nerve-controlling motion.

There are many examples of the terrible results of this disease to be seen on the streets of Toronto and other Canadian cities. The characteristic symptoms of this nerve-exhausting disease is inability to walk properly or to control the hands and arms. The feet are raised high up and put down heel and sole together in a sort of flapping motion. The victim is in danger of falling when going up or down stairs or around corners. He walks with his eyes on his feet, experiencing shooting pains in the legs and sense of pressure about the waist.

In the latter stages locomotor ataxia, as this disease is called, is incurable. If taken in time it is found to yield to the restorative influence of Dr. Chase's Nerve Food, which completely rebuilds the wasted nerve cells of the spinal cord and revitalizes the nerves.

The time to act is when nervousness first makes itself apparent. When you find yourself tapping with the fingers, when the nerves of the body twitch after retiring at night, when you lie awake, too nervous to sleep, when you have nervous headache and nervous dyspepsia.

These symptoms of exhausted nerve force are the beginning of a wasted process which must end in locomotor ataxia, paralysis, nervous prostration, or epilepsy unless the system is restored. For the benefit of all readers of this article we cannot do better than to recommend the persistent use of Dr. Chase's Nerve Food, which in a few months will completely rebuild the exhausted nervous system and cure the most serious diseases of the nerves.

This treatment is recommended above all others because it is a modern, scientific preparation compounded from a favorite prescription of Dr. A. W. Chase, who has tested it in thousands of cases of locomotor ataxia, paralysis, and nervous prostration with which he comes in contact in his immense practice. It is considered by medical men to be the greatest restorative which nature provides for pale, weak, nervous men, women and children.

Dr. Chase's Nerve Food, 50 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.

TIMELY TOPICS.

The boys are coming home. The despatch from the Star's special correspondent, to the effect that the Royal Canadian Regiment had been relieved from further duty, will, of course, be hailed with delight by everybody. And surely the lads have earned their release, for between fighting and sickness, and marching and short commons the First Contingent has been "up against it" from the word go.

• • •

Of course it would be idle to speculate as to the time when the war-worn Tommies will reach their native shores again, but one thing is sure—it is not a bit too soon to begin perfecting arrangements for their reception and welcome, for, of course, every man, woman and child is agreed on one thing—that is going to be the very "warmest" day in the history of Belleville.

• • •

"We will make the welkin ring," says His Worship the Mayor, and by the same token, if appearances go for anything, if unanimity of feeling and heartiness of expression are any criterion, then we won't do a thing but cut things loose on the day that "Johnny Canuck Comes Home."

• • •

And to do the thing up in proper shape of course, we must have organization. We should have a strong committee appointed at once to look after the ways and means, and at the meeting of the City Council to-night some action might very well be taken. When the boys went away they were tendered an expression of appreciation by the City Council, accompanied by a civic grant (in spite of certain small-minded and unimportant opposition); when they return they should be met in the same manner. No welcome can be too warm, no honor too great for our own brave soldier boys, and through whom should the welcome be extended, by whom the honor conferred, but by the men who this year are the accredited representatives of the people of Belleville?

• • •

These remarks are suggested by the fact that rumors are in circulation to the effect that a subscription list is soon to be circulated and a committeee organized for the purpose of perfecting the celebration in question. We beg to submit that the proper people to take charge of the matter are the members of the City Council. They should have full charge of the whole affair.

• • •

A few more loose and broken boards in our walks and a few more accidents causing injured and broken limbs may cause the Street Department to give examination to our sidewalks occasionally. Yesterday evening a member of this staff saw a lady thrown upon her face by being tripped by a loose board. Upon enquiry we found that injuries of a more or less serious nature had been caused to the lady's knees. She had to be assisted to her home.

• • •

Some of our leading streets get a great deal of attention, while those branching off the leading thoroughfares are but rarely examined or repaired.

• • •

The Fifteenth Regiment looked as neat as one could possibly wish it to when it turned out to divine service yesterday morning. The officers looked sprightly and the men filled out their tunics with good Canadian brawn and muscle.

• • •

Nothing draws the crowd quite so well as a military parade led by a good military band.

• • •

The solo rendered by Miss Falconer at St. Andrew's Church yesterday morning was much enjoyed. Seldom does one hear quite so good.

• • •

The bill of Mr. Collip, for flowers for the Park, was turned down by the committee the other night with the remark: "If the Mayor ordered the flowers, let him pay for them." This is not right, and the gentlemen who compose the committee should not begrudge the few dollars spent each summer upon our only "breathing place." All parks cost money and our expenditures compared with many other cities are decidedly low. Now that we have the park keep improving it each year and do not be too niggardly in what you do.

• • •

That moving picture of "the battle of Modder River" produced by the "Waragraph" at the Opera House Saturday night, put one in mind of a Seventeenth of Ireland fight in Griffintown, Montreal, when all the bhoys are wearin' their 1869 silk hats and feeling good.

• • •

The former rule which made June 15 the first day on which a straw hat could be worn with propriety is no longer observed, and it is the weather rather than any purely conventional period that now marks the time for this important change in dress.

• • •

The Irish Tourist tells us that the Queen is of the old Irish strain. She is not only a Guelph and a Stuart, she is one of the royal O'Connors. The last Irish sovereign of the whole island was Roderick O'Connor. His sons were slain. His daughter married a De Burgh, Earl of Ulster; from them descended Ellen, wife of Robert Bruce, king of Scotland. The granddaughter of Robert Bruce, the Princess Margery, married the Lord High Steward of Scotland, and through her the Stuarts claimed the Scottish crown. From thence it is easy to trace how the Royal blood of Ireland, Scotland and England meets in the person of the reigning Queen Victoria.

When Toronto celebrated the capture of Pretoria a great deal of imbibing was indulged in—just by way of keeping faith with Kruger. You know, Paul said "he would stagger humanity."

This dumping of rubbbish on the vacant property at the corner of Mill St. and Canifton road, should be discontinued. It is not only injurious to the health, but an eyesore, and at a point where two thoroughfares lead into the city.

The Town Council of Prescott is talking of disposing of one of its fire engines and introducing an automatic fire alarm system. Belleville might do likewise to advantage.

• • •

The Grit papers are indulging in vain imaginations about what Birmingham could tell. They are eloquently silent about what Col. Pritchett and other tools have said about the working of the machine. Why this reticence?

• • •

Boer threats to prolong the guerilla stage of the war are somewhat discounted by the fact that Pretoria was said to be able to hold out against the British for months but in reality did not hold out for two or three days.

Among the battalion of Yeomanry captured near Lindley are many rich men; one of their tents had an aggregate income of £80,000 a year. While on a Cape transport an officer seeing one of these well-to-do men swabbing the decks in a gale, said: "you seem to have good sea-legs, my man." His reply was: "I have kept a yacht for the last ten years, sir."

Soldiers' Wives' League.

A most pleasant, well attended and instructive meeting of the league (composed of mothers, wives and sisters of our citizen soldiers) was held at the Officers' Quarters of the Fifteenth on Friday afternoon. In addition to the good work of the league refreshments were served, social intercourse was enjoyed, and Miss Regis Warrington and Miss Cunnington sang and played in a most delightful manner. The lecture of Lieutenant Perry G. Goldsmith upon "First Aid to the Wounded" was full of practical advice, was illustrated in a most interesting manner, and was delievered in a direct style, free from technicalities, so that the information with which it teemed was impressed upon the memory of those who heard. A hearty vote of thanks was passed, and it is hoped that at the next meeting Lieut. Goldsmith will again address the members of the league.

The Kingston papers are advertising the by-law to grant a bonus to the iron smelter, Messrs. Charles Meyers, Leopold Meyers and Thomas C. Gordon, of Ottawa, are the promoters. They agree to erect a plant to employ 100 men 300 days in the year to produce 100 tons of pig iron daily, and to spend at least $200,000 in erecting the plant. Smelting must commence not later than December 31st, 1901. The city agrees to give a bonus of $4,000 yearly for fifteen years, to grant $9,000 cash to purchase a site, which will be raised by debentures payable in fifteen yearly instalments of $810 each, and to exempt the Company from taxation (except school taxes and local improvement rates) for 20 years. Voting takes place June 27.

RIFLE CLUBS FOR CANADA

Lord Salisbury's Suggestion Endorsed by Prominent Canadians.

Lord Salisbury's suggestion published in the Montreal Star a few days ago that rifle clubs should be formed in order to secure an efficient means of home defence has been taken up all over Canada with a spontaneity and enthusiasm which augur well for the success of the movement. Amongst the many telegrams received by the Star is the following, which speaks for itself:

Belleville, Ont., 7 June, 1900.

Editor Montreal Star,—My opinion is that wide spread knowledge of the use of the rifle with the highest skill attainable, is not only desirable, but absolutely essential for this Christian nation. I hope the Government will provide the facilities for the necessary practice, not only near cities and towns, but throughout the rural sections of all the provinces.

At the Conference session on Saturday at Port Hope the first business was the election of two ministerial representatives to the Ecumenical Conference, which meets in London, England, next summer. The following clergymen were elected: Rev. Nathaniel Burwash, S.T.D., LL.D., Chancellor of Victoria University, Toronto, and the Rev. W. J. Crothers, M.A., D.D., President of the Conference.

On Sunday the following young men were ordained as ministers: Soford F. Dixon, William Wellington Wagg, Archibald R. Delve, Charles H. Sheppard, Arthur W. Coone, Herbert Clarke, William Higgs, Alfred H. Foster, and Joseph M. Whyte.

Asthma Can be Cured

And is Being Permanently Cured Daily by Clarke's Kola Compound. Here is What a Hamilton Lady Says:—

Mrs. Gilbert, 105 Rebecca street, Hamilton, writes:—"I suffered from a bad form of asthma for over nine years, and, notwithstanding all the doctors could do for me, got worse and worse, so that my neighbours looked for my death at any time. I spent money lavishly in the efforts to get relief, but all to no purpose. For six weeks at a time I could not get up or down stairs, and was in a miserable condition. My daughter, who clerks in a drug store, had heard a good deal of Clarke's Kola Compound, and urged me to try it as a last resort. I paid $2 for a bottle, but that is nothing, for it is worth more than that for every teaspoonful. Two doses gave me splendid relief, and after using but one bottle I am a marvel to all who know me. I am doing my own work, can get around as well as ever, and feel like a new creature. Clarke's Kola Compound has been a God send to me, and I look upon it as a marvellous remedy. You may use this testimony as you see fit, and I shall be glad to give further particulars to anyone enquiring. I gratefully endorse Clarke's Kola Compound."

Sold by all druggists. A free sample will be sent to any person troubled with this disease. Enclose six cents in stamps. Address The Griffiths and Macpherson Co., Limited, 121 Church street, Toronto, Ont.

DIED VERY SUDDENLY.

Former Belleville Man Succumbed on Saturday Night Before Physician Could be Called.

To-day's Toronto World says: "Death came suddenly early yesterday morning to Mr. David C. Ferguson, the well-known druggist, at his late residence, 529 West King St. On Saturday evening Mr. Ferguson was in his store at the corner of King street and Brant Place, and to all appearances was in his usual excellent health. About midnight he closed his store and a few minutes later went up-stairs with the intention of going to bed. While undressing he was seized with pains in the region of his heart and fell over on the sofa. His wife ran to his side but inside of a few minutes Mr. Ferguson was dead. Dr. E. J. T. Fisher, Spadina avenue was called, but his services were not required. Apoplexy was the direct cause of death. David Charles Ferguson was 61 years of age and was born in Scotland. The funeral will take place to-morrow afternoon at 2 o'clock to Mount Pleasant Cemetery."

Mr. Ferguson was for over twenty years a resident of Belleville, being formerly a clerk in the late L. W. Yeomans' drug store. From Belleville he went to Toronto and was for a while travelling. For 15 years he kept a drug store in Toronto. For ten years or more Mr. Ferguson was Secretary of Bridge St. Sunday school and was well and favorably known.

If Man Were a Flea.

Snyder, the calculating barber, had not opened his lips for fully four minutes, and it was plain to be seen that he had something on his mind. Finally he swallowed twice, breathed hard for a moment and gave vent to his feelings in this manner:

"I've been thinking what I could do if I were only a flea. I read in a scientific paper the other day that if a man were built on the same lines as a flea he could jump from Philadelphia to Pittsburg in one leap. I mean, of course, if he had all the power of a flea increased in proportion to his size. Think how quickly he could circumnavigate the globe. It might be possible to get around the world in an hour. The distance from Philadelphia to Pittsburg is 354 miles, and the equatorial circumference of the earth is 24,-902 miles.

"A simple calculation in mental arithmetic will show you that this would be a fraction over 70 leaps. It surely wouldn't take a minute for each jump, judged from the liveliness of the flea. Think of coming in here, with three or four customers ahead of you, and, instead of sitting down and waiting, just taking a few jumps around the world to kill time. There you are, sir. Witch hazel or bay rum?"—Philadelphia Record.

Quick & Robertson's

Suits for Men.

Until you've enjoyed wearing one you cannot know how good our Suits are. The difference between them and the ordinary ready-made kind or the product of the cheap tailor is greater than you would imagine until you've made the comparison. Our suits are equal in style, fit and trimming to any a first-class merchant tailor can make, but he would have to charge you double our prices, for where he makes one suit the manufacturers of ours make a thousand, and his knowledge and skill are no greater than those of the manufacturers' designers and tailors. Once a man examines our suits no further arguments are necessary.

$5, $6.50, $8.50, $10, $12, $15.

At these prices we have suits that are really wonderful values. Takes in the finer Serges and all Imported Worsteds and Tweeds, made in that correct way that's the envy of the best merchant tailors.

Quick & Robertson's Suits for Boys.

We are just as particulor about the making of our Boys' Suits as we are of our Men's, for we will sell nothing but reliable clothing. If you get a poor suit for your money we want to know it, and your money is yours. We guarantee every Boys' Suit we sell—all wool; seams silk and linen sewed; linings good, sewing good and style and shape correct, and our prices are right—a little shopping will prove that.

Young Men's Suits $5 to $12.

There is such a quantity and variety here in these suits that to look means to buy. In our clothing for young men you will find all the points of excellence known to the tailoring art. The coats are three and four button sacques, with those broad shoulders; vests are single and double-breasted; trousers are perfect in fit and style.

Boer Reports State That Bloemfontein Has Been Retaken.

President Steyn is Said to Again Occupy the Presidency.

London, June 12—A plentiful crop of Boer reports has been filtering through Lorenzo Marques. According to these Gen. De Wet with 13,000 Burghers is marching on Johannesburg; the Boers have retaken Bloemfontein, where President Steyn again occupies the Presidency; the British have sustained a severe defeat at Elandsfontein and have also lost 75 killed and wounded and 150 prisoners in a fight at Vredefort.

Nothing from any other source lends color to these stories, with the exception of the last which is probably the Boer version of the disaster to the militia batalions of the Derbyshire Regiment at Roodeval. In regard to President Steyn being at Bloemfontein, a despatch from Maseru, Basutoland, dated Monday, June 11th, says President Steyn was then at Vrede, 200 miles from Bloemfontein.

Gen. Buller seems to be making substantial progress and ought soon to possess the railroad at Charleston in the northern extremity of Natal, whence presumably he will advance on Heidelberg and effect a junction with Lord Roberts.

London, June 12, 10.10 a.m.—The War Office posts the following despatch from Gen. Buller: "Headquarters in Natal, June 11—We forced Almond's Nek to-day. It is not marked on the map, but is the last defile to Charleston flats. The enemy were in considerate force with several guns in position. The brunt of the fighting fell upon the Second Dorset who carried the position at the point of the bayonet and the Third Cavalry Brigade, who were heavily attacked on our right from very broken country round Iketini mountain. I hope our casualties are less than 100, which considering the extreme length of the position is much less than I expected. The whole attack was directed by Hildyard, whose dispositions were extremely good. The artillery, Tenth Brigade and Third Cavalry Brigade did the most of the work.

A despatch from Lichtenberg, dated June 11, says: Sixty Johannesburg Mounted Policemen with a Maxim gun have surrendered to Gen. Hunter. This is a probale explanation to the reports that a British force is moving through Swaziland and comes in a despatch from Port Elizabeth, dated June 11, announcing the return there of the British cruiser Doris from Kori Bay, whither she had taken a number of whale boats with the object of landing an armed force, presumably part of a plan to penetrate into Swaziland. The Boers, however, got wind of the expedition and the force was not landed.

A BELLEVILLIAN DEAD.

Lance Corporal Vanornam Dies of Enteric Fever at Bloemfontein.

The War Office publishes the names of four officers and 48 men who have died from disease in hospitals, including Lance-Corp. A. F. Vanorman, of the Canadian Mounted Infantry, who died of enteric fever at Bloemfontein.

This refers to the son of Mr. Anson Vanorman, of this city, who it will be remembered left for the front with the Strathcona Horse. He was a young man well known, and his demise caused by his desire to fight for the Queen and country is sincerely regretted.

"You are in the last stages of Consumption and cannot live more than a month," were the words of doom heard by Mrs. Rosa Richardson, of Laurel Springs, N. CITY FATHERS IN SESSION

Some Accounts for Park Cause Considerable Discussion.

Sale of Debentures Again Brought Forward—No Action Taken at Present—Improvements to the Park to be Made.

At the Council proceedings last night the business was transacted with despatch and the session was not prolonged. The most important item brought up was the sale of the debentures, which it is apparent, will have to be sold, if possible, to an advantage, as already issued, as the explanation of the Solicitor showed that difficulties were in the way as to re-issuing them at 4 per cent.

The members in attendance were; Mayor Johnson, Aldermen Grills, Doyle, Harris, McFee, Chown, Starling Bogart, Sinclair, Panter.

After the reading and confirming of the minutes of last meeting the following communications and accounts were presented;

From Marden & Co., stating that they would soon be able to begin work on the asphalt pavement.

From the Woman's Christian Association calling the Council's attention to the necessary repairs that should be made in the roadway in front of the Hospital.—Referred to the Public Works Committee.

The accounts were as follows;

J. D. Collip	$18 10
Thos. Blaind	3 00
S. Taft	11 25
Wood's Fair	1 00
T. O'Donohue	1 50
N. Allan	10 68
N. Allan	10 68
J. Malyea	2 00
C. N. Sulman	1 00

COMMITTEES' REPORT.

The report of the various committees, as already published, was read.

On motion the Council went into Committee of the Whole on Reports, Ald. Harris in the chair.

The report of the Executive Committee was first taken up, and the various items of expenditure ordered to be paid.

The Fire Committee recommended that a new flag be procured for No. 2 Fire Hall.—Carried.

An account of S. Taft for $11 for work done on the Park on the west side of the river caused some discussion.

Ald. Bogart asked if Mr. McGrath could not attend to both parks.

The Mayor stated that the work done by Mr. Taft was necessary to be done at once. Some trees were put in and dirt leveled, and watering had to be done on account of dry weather. Mr. McGrath might be able to do the work at both places now.

The account passed.

The account of Mr. J. D. Collip of $18.50 for flowers for the Park, which was laid over from Friday night, caused a long discussion.

Ald. Bogart said the account was laid over for information which he had since learned and he was in favor of paying it, although he objected to the principle of incurring expenditures without first being brought before the committee. There was a Park Committee and that committee should have something to say about expenditures. That committee should be consulted and not ignored. In this case the flowers had been ordered and Mr. Collip should be paid.

The Mayor said he was willing to acknowledge that he was a sinner. He would take the responsibility, as he had ordered the flowers. He told Mr. McGrath, the caretaker, to get them and he had done so. It was done at a time when it was necessary to do so, and the Council or Committee would not have met for some days. If there was anything wrong he would shoulder the wrong. The Park gave pleasure to the thousands of the citizens who visited it.

Ald. Sinclair said he would like to see the Aldermen visit the Park more than they did. It was wonderful what had been achieved upon that Park. It cannot be developed into a Park without some expenditure of money. This account should perhaps have come before the Council, but the Mayor had given his explanation and the account should be paid.

Ald. Bogart said he distinctly, and all members, appreciated the Park, but he desired the expenditures brought before the Committee before they were made.

Ald. Panter said the sole object of the account being laid over was in order to find out by whom the account was ordered, and not that the members were opposed to the expenditure.

Ald. Doyle said he was delighted to see the Park looking as beautiful as it does, and it is much appreciated by the citizens. The proper procedure was, however, for all expenditures to be brought before the Committee. The demonstration there on May 24 was a grand success, and he was pleased that the committee had appropriated a goodly sum for the use of the Council to provide Band concerts. The account should be paid.

Ald. Grills agreed with the remarks of previous speakers, but he thought that $18 was an extravagant amount to pay for flowers. It was the talk of the city that the Council was run by one man, and this should be stopped. Any expenditures to be made upon the Park should be brought before the Committee first.

Ald. McFee thought the principle was wrong for any one to order anything without the sanction of the Committee. We all agree as to the beauty of the Park. He thought the ladies of the city would plant flowers there free of charge if they were asked. We should guard small expenditures as well as large.

The Mayor.—There is a bed there now which needs flowers and the opportunity was open for someone to place flowers therein.

Ald. Doyle said there were many in the city who would no doubt contribute flowers.

Ald. Starling said he was not opposed to the Park, but was in favor of it. The proper procedure was, however, for all expenditures to be ordered by the Committee.

The account passed.

The other accounts passed without discussion.

The Mayor stated that the Mayor of Trenton had called upon him and requested the use of the city horse roller. They desired to have it for a month and were willing to pay for its use and return it in as good condition as they received it.

Ald. Panter said the roller had been taken apart for use of building gravel walks.

The Street Surveyor said it could in a few minutes be put together again.

On motion the roller was granted to Trenton for a month, they to pay $15 for its use.

On motion the Committee rose and reported. The report was received and adopted.

ENQUIRIES.

Ald. Starling enquired what night the band concerts were to be held at the Park and who was to have the lights ordered for same.

Ald. Sinclair said it was intended to have them on Thursday evenings, unless something intervened which would make it impossible to have it that night.

Ald. Bogart asked if an agreement had been entered into with the band as to the number of concerts to be given.

Ald. Sinclair said there had not, but there would be an agreement.

Ald. McFee thought a regular night should be fixed. He was in favor of Tuesday night for the concert.

Ald. Harris asked how long the burners had been in use in the gas fixtures in the Council chamber. The light was not as good as it should be.

Ald. Panter said they were looked after when the chamber was renovated.

Ald. Bogart asked about the erection of outbuildings on the Park. It was time they were put up.

Ald. Sinclair said he and the Mayor had considered the matter and thought they could be erected on the west side of the Park at a cost of from $50 to $65.

BY-LAWS.

Ald. Doyle introduced a by-law authorizing the borrowing of certain sum of money to meet current expenses. It was passed through its various stages and numbered.

DEBENTURES.

The City Solicitor was asked in reference to preparing a by-law changing the issuing of debentures and said there was a difficulty in the way and it could not be done. The change contemplated was from 3 1-2 to 4 per cent.

The Mayor said to sell them at 90 1-2 for 3 1-2 per cent. would mean a discount of $22,515. If we have not the power to reissue the debentures then the next best thing would have to be done. He thought everything possibly had been done to dispose of them to advantage, but it appeared a difficult matter to dispose of them. He had exhausted every means in his power to sell the debentures. He asked Ald. Doyle what he had done.

Ald. Doyle said the debentures were advertised last year and we had an offer of 98c on the dollar from Mr. Wilson Smith, of Montreal. The Mayor and the Treasurer were appointed a deputation, but they did not sell them. The Mayor had stated in the Council he would not allow them to be sold at less than par. He (the speaker) had since endeavored to dispose of the debentures at advantage, but as yet they had not been sold. The Water debentures, he considered, were the best debentures ever placed on the market. He thought the Waterworks debentures should be made separate from the other debentures and showed what they really were and their value. Whatever he could do to sell the debentures he was willing to do. Belleville's finances were getting better and we were not going behind as some would imagine.

The Mayor—Ald. Doyle repudiated the offer of 98c on the dollar. What do you propose to do now, Ald. Doyle?

Ald. Doyle—Do the best we can. There were no better debentures offered on this continent than the Waterworks debentures. In the year 1890 the interest on debentures was $25,205.45, whilst in 1899 it had been reduced to $20,987.90. In 1889 there was no sinking fund, but in 1899 it was over $36,000. This was as a result of the consolidation of the debentures and reducing the interest thereon. The debentures bearing 4 per cent. interest sold in 1896 amounting to $50,000 were sold at a premium of nearly 5 per cent. Another lot of $30,000 sold in 1897 at a premium about the same. The matter was then allowed to drop for the present.

MOTIONS.

Ald. Starling moved, seconded by Ald. Sinclair, that the chairman of Fire, Water and Light be empowered to arrange with the Trenton Electric Company to light the Park on nights when band concerts are held.—Carried

Ald. Sinclair moved, seconded by Ald. Bogart, that the question of building outbuildings on Victoria Park be left with the Mayor, Alds. Harris and Grills with power to act. Carried.

Council adjourned.

BOURASSA'S PRO-BOER SPEECH.

LAURIER'S DISRESPECT TO THE QUEEN.

The hypocritical game which Laurier is playing is becoming more apparent every day. When the Boer ultimatum was sent to England, followed immediately by the invasion of British territory by the Transvaal and Orange Free State troops, Sir Wilfrid when interviewed by a Globe reporter, declared against aiding the Mother Country by raising and sending volunteers to South Africa under the vague and hollow pretence of having no power under the law to do so,; and not until forced by public opinion, led by Sir Charles Tupper, did he move in the direction of ordering the raising of a volunteer corps to aid in the enforcement of British supremacy in South Africa.

Upon this step being taken the member for Labelle, Mr. Bourassa, resigned his seat in the Commons as a mark of his disapproval of the Premier's action. This gentleman appealed to his constituents and was elected without opposition from the Government, though he had appealed to his French constituents in condemnation of the Laurier South African afterthought policy of the Government. Not only did the Government not oppose him, but they gave evidence of the faith they had in this pro-Boer, anti-British French-Rogue-Grit by one of their number, Mr. Tarte, taking him by the arm and introducing him to the Speaker of the Commons, thereby becoming his godfather and sponser for his loyalty to the Queen to whom he had just sworn allegiance.

What followed? He had taken his seat but a few days when he made a speech denouncing the policy of the Goverment in sending volunteers to South Africa; and now when an address is proposed congratulating the Queen on the success of her arms in the capture of the Transvaal capital, we have this gentleman again on his feet condemning in violent language the proposition to add our mede of praise to the gallant troops now fighting for British interests in the South and to congratulate the sovereign on the victories which had been gained by them. After this pro-Boer had finished his disloyal harangue, during which he was hooted and hissed, a member of the House "sprang to his feet," says the Ottawa Journal, an evening newspaper favorable to the Premier, and exclaimed "The best answer to Bourassa is to give three loud cheers for Her Majesty," which were given in true British style.

What the conduct and attitude of Premier Laurier was during this exhibition of devotion to the Crown by Her Majesty's loyal Commoners, is vividly portrayed by the Journal, in its report of the proceedings of the House. It says:

> "Now these cheers were directed against Mr. Bourassa more than anything else. The Prime Minister evidently took the position that, no matter how abhorrent the sentiments of the member from Labelle were to the House, that gentleman had a right to free speech. So, the Premier motioned to his side of the House to keep their seats. Besides, there were several members on their feet waiting to speak.
>
> "But it was too late, Sir Louis Davies, Hon. Mr. Mulock and Hon. Mr. Blair were on their feet cheering and singing. Sir Wilfrid leaned over to Mr. Fielding and motioned him to remain seated.
>
> "Mr. Bourassa enjoyed it better than anyone else. The Prime Minister sat with a contemptuous look on his face. Hon. Mr. Fielding was plainly uneasy, and it was only the direct command of the Prime Minister that kept him in his seat. Hon. Sidney Fisher stood up, hesitated, and then resumed his seat. Sir Henri Joly remained seated. Big Archie Campbell, of Kent, put his hat on and sat firmly in his seat, as if no power on earth could move him. Others were half sitting, half standing. Over a dozen members in all kept their seats.
>
> "It was a peculiar and somewhat painful incident. But in a few minutes the Prime Minister arose and made an appeal for calmness. He said that he abhorred the sentiments that Bourassa expressed, but this was a free country, and a member should not be intimidated from expressing his opinion.
>
> "Around the corridors the opinion was freely expressed that the Prime Minister had made a mistake in not rising when the Queen was cheered and the national anthem was sung. While, of course, no one questioned his loyalty, still the opinion was that, even though the singing was a political trick as it were, the anthem should be respected. Others took a still stronger view, and said his action was inexplicable. For it is certain that the members who remained seated but followed his lead."

Let us ask the loyal people of Canada what they think of this conduct on the part of the Premier?

He knew the ringing cheers which echoed and re-echoed through the Legislative chamber were not only an evidences of fealty to the Crown, but a disapproval and condemnation of the pro-Boer utterances of the Premier's bosom friend, to whom he entrusted the Secretaryship of the Conference held lately between England and the United States, and yet he did not rise to his feet when the national anthem was sung, on the contrary he tried to prevent his colleagues from doing so!

Was this not, notwithstanding his polished and flowery speech in adulation of the Queen and the victories attained in South Africa by her gallant soldiers evidence of his sympathy with Bourassa, and the sentiments he uttered?

Actions speak louder than words!

CROWNED WITH HONOR.

The Reward of Those who Endure Hardness.

God's Promise to His Faithful Children—All Should Strive to be Heroes in the Battle for Right.

Washington, June 3.—Dr. Talmage, who is now preaching to large audiences in the great cities of England and Scotland, sends this discourse, in which he shows that many who in this world pass as of little importance will in the day of final readjustment be crowned with high honor.; text II Timothy 11, 3,; "Thou therefore endure hardness."

Historians are not slow to acknowledge the merits of great military chieftians. We have the full length portraits of the Cromwells, the Washingtons, the Napoleons and the Wellingtons of the world. History is not written in black ink, but red ink of human blood. The gods of human ambition do not drink from bowls made out of silver or gold or precious stones, but out of the bleached skulls of the fallen. But I am now to enroll before you a scroll of heroes that the world has never acknowledged—those who faced no guns, blew no bugle blast, conquered no cities, chained no captives to their chariot wheels, and yet in the great day of eternity will stand higher than some of those whose names startled the nations and seraph and rapt spirit and archangel will tell their deeds to a listening universe. I mean the heroes of common everyday life.

In this roll, in the first place, I find all the heroes of the sick room. When Satan had failed to overcome Job, he said to God, "Put forth thy hand and touch his bones and his flesh, and he will curse thee to thy face." Satan had found out that which we have all found out, that sickness is the greatest test of one's character. A man who can stand that can stand anything. To be shut in a room as fast as though it were a bastile; to be so nervous you cannot endure the tap of a child's foot; to have luscious fruit, which tempts the appetite of the robust and healthy, excite our loathing and disgust when it first appears on the platter; to have the rapier of pain strike through the side or across the teemples like a razor, or to put the foot into a vice or throw the whole body into a blaze of fever, yet there have been men and women, but more women than men, who have cheerfully endured this hardness. Through years of exhausting rheumatisms and excruciating neuralgias they have gone and through bodily distress that rasped the nerves and tore the muscles and paled the cheeks and stooped the shoulders. By the dim light of the sick room taper they saw on their wall the picture of that land where the inhabitants are never sick. Through the dead silence of the night they heard the chorus of the angels.

The cancer ate away her life from week to week, and day by day, and she became weaker and weaker, and every "good-night" was feebler than the "good-night" before, yet never sad. The children looked up into her face and saw suffering transformed into a heavenly smile. Those who suffered on the battle-field amid shot and shell were not more heroes and heroines than those who, in the field hospital and in the asylum had fevers which no ice could cool and no surgery cure. No shout of a comrade to cheer them, but numbness and aching and homesickness—yet willing to suffer, confident in God, hopeful of heaven. Heroes of lifelong invalidism. Heroes and heroines! They shall reign forever and ever. Hark! I catch just one note of the eternal anthem. "There shall be no more pain" Bless God for that!

In this roll I also find the heroes of toil who do their work uncomplainingly. It is comparatively easy to lead a regiment into battle when you know that the whole nation will applaud the victory; it is comparatively easy to address an audience when in the gleaming eyes and flushed cheeks you know that your sentiments are adopted. But to do sewing when you expect the employer will come and thrust his thumb through the work to show how imperfect it is, or to have the whole garment thrown back on you to be done over again; to build a wall and know there will be no one to say you did it well, but only a swearing employer howling across the scaffold; to work until your eyes are dim and your back aches and your heart faints, and to know that if you stop before night your children will starve—ah, the sword has not slain so many as the needle. The great battlefields of our civil war were not Gettysburg and Shiloh and South Mountain. The great battlefields were in the arsenals and in the shops and in the attics, where women made army jackets for a sixpence. They toiled on until they died. They had no funeral eulogium, but, in the name of my God, this day, I enroll their names among those of whom the world was not worthy. Heroes of the needle.! Heroes of the sewing machine! Heroes of the attic! Heroes of the cellar! Heroes and heroines! Bless God for them!

In this roll I also find the heroes who have uncomplainingly endured domestic injustce. There are men who, for their toil and anxiety, have no sympathy in their homes. Exhausing application to business gets them a livelihood, but an unfrugal wife scatters it. He is fretted at from the moment he enters the door until he comes out of it—the exasperations of business life augmented by the exasperations of domestic life. Such men are laughed at, but they have a heart-breaking trouble, and they would long ago have gone into appalling dissipation but for the grace of God.

Society to-day is strewn with the wrecks of men who, under the northeast storm of domestic infelicity, have been driven on the rocks. There are tens of thousands of drunkards to-day, made such by their wives. But the wrong is generally in the opposite direction. You would not have to go far to find a wife whose life is a perpetual martyrdom—something heavier than the stroke of the fist, unkind words; staggering home at midnight and constant maltreatment, which have left her only a wreck of what she was on that day when in the midst of a brilliant assemblage the vows were taken, and full organ played the wedding march, and the carriage rolled away with the benediction of the people. What was the burning of Latimer and Ridley at the stake compared with this? Those men soon became unconscious in the fire, but there is a 30 years' martyrdom, a 50 years' putting to death, yet uncomplaining. No bitter words when the rollicking companions at 2 o'clock in the morning pitch the husband dead drunk into the front entry. No bitter words when wiping from the swollen brow the blood struck out in a midnight carousal. Bending over the battered and bruised form of him who when he took her from her father's home promised love and kindness and protection, yet nothing but sympathy

MONTREAL LIVE STOCK.

Montreal, June 12. — The receipts of live stock at the East End Abattoir yesterday morning were 500 head of cattle, 200 calves, 100 sheep and 50 lambs. The demand was good and prices well maintained. Cattle—Choice sold at from 4½c to 5c per pound; good sold at from 3¾c to 4¼c per pound; lower grades from 2c to 3c per pound. Calves were sold from $2 to $8 each. Sheep brought from 3½c to 4c per pound. Lambs were sold from 3½c to 4c per pound. Hogs brought from 5½c to 6c per pound.

Deaths From Heat.

London, June 12. — There were several deaths from heat in the United Kingdom yesterday, and a number of prostrations. Two deaths occurred at the Aldershot manoeuvres.

SITUATION IS QUEER.

The B.C. Slate As It Now Stands—Mr. Martin Says He Will Meet the House July 5.

Vancouver, June 12.—There is very little jubilation over the defeat of the Martin Government. People seem to feel that the province is in for a long, stormy period, as everybody knows the whole effect of the defeat has been lost in Martin's own election to the House. He will never allow any party there to carry on business quietly or comfortably, and there is lots of sympathy in advance for the next Premier, whoever he may be.

House to Meet on July 5

Mr. Martin said yesterday he would certainly meet the House on July 5. He expected by that time to have something very interesting for the people. He said the rumor that he had sent in his resignation was absurd.

"What should I do that for?" he asked. "The fight is not lost yet, by long odds." He laughed grimly when the comments of the eastern press on the probability of the Lieut. Governor's dismissal was mentioned.

"They don't know a thing about it, and I always notice they have most to say when that is the case."

The Slate as It Now Shows.

The state of affairs now is:

Government supporters elected	8
Turnerites	1
Straight party line Conservatives	5
Independents	[illegible]
Conservatives	2
Cottonites (or Provincial party)	[illegible]
Labor	[illegible]

Eight seats yet to hear from.

Grossest Corruption.

It is stated that in several constituencies the election of Opposition candidates was secured through the grossest corruption. Alleged facts about the corporations spending money to defeat Martin are coming out, and the sums expended to defeat him were simply fabulous. $300,000 is named as the contribution of one corporation to defeat Martin.

Nobody knows what to think of the situation, which is certainly the queerest in recent political annals.

Speculation in Victoria.

Victoria, B.C., June 12. — The fate of Premier Martin is almost lost sight of here in the general speculation as to what effect his defeat will have on the occupant of Government House. Rightly or wrongly the remarks of Mr. White and Sir Wilfrid Laurier in the Dominion House at the time Mr. Martin was called on to form a Government, have been accepted throughout the province as indicating a determination in Ottawa to make the voice of the people of this province at the polls decide the attitude of the Federal Administration towards His Honor. The opinion is universally held that he will resign or be dismissed, and it is the opinion of many that Lewis Bostock will be his successor.

Mr. Semlin has arrived here, but says his visit is not political. Winchester, Brown and Martin arrived last night, and a caucus is being held. The Opposition will meet Monday in Vancouver.

Killed in British Columbia.

Toronto, June 12.—Inspector Stark is in receipt of a letter from J. W. Stewart of Phoenix, B.C., telling of the death at Okanogan Falls, a place 80 miles from Phoenix, of Walter S. Raynor. Raynor was killed by the premature explosion of a blast. Mr. Stewart is anxious to communicate with Raynor's relatives, who are said to reside here.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

A CRISIS IN SIGHT IN CHINA

Marines From Foreign Fleets on the Move Towards Pekin.

They Are All Acting Under the British Admiral—Foreigners Are Repairing the Railroad From Tien Tsin to Pekin—Telegraph Lines Cut—Empress-Dowager Seeks Russian Protection—A Reform Manifesto.

London, June 12.—(8 a.m.) — The last message out of Pekin to reach London left there yesterday morning at 11 o'clock, by way of Russian telegraph, through Manchuria, the Tien Tsin line being cut. It is as follows: "Gen. Tung, a Mohametan, extremely hostile to foreigners, arrived this morning and had a long conference with Prince Tuan, father of the heir-apparent, who is seemingly friendly to the Boxers. Prince Tuan has been appointed chief of the Foreign Office over Prince Ching, who is more friendly towards the foreigners.

"The despatch of more marines was in response to a telegram from the Ministers to the consuls at Tien Tsin for additional troops. Conveyances have left Pekin to meet the troops coming by the first train.

"The arrival of the Empress-Dowager has rendered the city somewhat more quiet than it had been recently.

"At Tien Tsin the Viceroy finally consented to furnish transports for a relief force of 400 under an American commander. The partial restoration of the railway is expected to be effected by to-morrow. More massacres of Christians are reported."

Shanghai, under yesterday's date, cables that there has been strong street fighting in Pekin since early Sunday afternoon.

A Crisis Imminent.

The Shanghai correspondent of the Daily Telegraph, in a despatch dated yesterday at 1.40 p. m., says: Reports from the Yun Nan Fu district say that the French Minister has telegraphd that a crisis is imminent, and that he is advising all foreigners to evacuate Yun Nan.

All the telegrams indicate that the situation has not in the least improved. On the contrary, the disorder has spread from the neighborhood of Pekin to the capital itself, which is growing turbulent in anti-foreign dominions. In addition to the burning of the Pekin Club, the secretary of the Belgian Legation has been roughly handled in the streets. Hostile crowds continue to demonstrate against the legations. Two thousand international troops are approaching the city, and the advance guard is due to arrive to-day (Tuesday).

BRITAIN TAKING THE LEAD.

Russian and French Marines Are Acting Under British Officers.

Tien Tsin, June 11.—The captain in charge of the British defences here commandeered a third special train yesterday, and a fourth to-day, for the transport of 218 Russians and two guns and 62 French marines, with stores, and one gun for the British. The international forces are near Lang Fong, 40 miles from Pekin, but it is doubtful if they reach the capital before Tuesday.

Russia Will Act Independently.

New York, June 12. — A despatch from London from The Mail's correspondent at St. Petersburg, says there is not the least doubt that Russia's intentions are to act independently of other powers, even if momentarily seeming to be in accord with them.

Present a United Front.

Paris, June 12.—In the Chamber of Deputies yesterday afternoon the Minister of Foreign Affairs, M. Delcasse, said regarding the Chinese insurrection:

"A community of danger dictates to the powers their resolutions. I wish to set aside all questions of divergent views among them. What I affirm is that the surest guarantee of safety for each is a united front. If the Chinese Government does not seek to repress the insurrection, of which it appears neither alarmed nor even surprised, it must expect new and grave misfortunes. I have placed at the disposition of the French Minister all our naval forces in Chinese waters, and have instructed him to keep in constant communication with his diplomatic colleagues, among whom the most complete accord has not ceased to reign. The legations have just notified the Government of China and the Dowager-Empress that an end must be put to this peril which menaces the empire and European interests, otherwise the powers will act for themselves."

A Complete Understanding.

In response to another inquiry, M. Delcasse laid stress on the fact that the most complete understanding existed between the powers for the defence of Europeans and the legations.

All in Except Russia.

London, June 12.—A special despatch from Shanghai says: All the naval forces, except the Russians, are acting under the orders of the British admiral.

SIR CLAUDE MACDONALD.

British Minister in Pekin Gives Particulars of Recent Events.

London, June 12.—Sir Claude Macdonald, the British Minister at Pekin, sent the following telegram to Shanghai on June 7:

"The movement against the foreigners which has been allowed to grow to such an extent has resulted in the burning of railway stations and in the interruption of railway communication for five days. Two British missionaries and several foreign missionaries have been murdered in the district near Pekin. In the country round numbers of converts have been murdered, and chapels have been pillaged and destroyed, while in the capital itself the British missionaries have been obliged to leave their houses and take refuge at the legation, which is defended by 75 marines. The Chinese Government is affected by these events so far as to send high officials to parley with the Boxers, but it does not show any intention of summarily suppressing them. Probably it still has power to do so; but the throne is still strongly influenced by sympathy with the movement, and the spirit of the troops is doubtful. All is well up to the present."

More American Marines to Go.

Washington, June 12.—The Navy Department has received the following cablegram from Admiral Kempff: "Tong Ku, June 11.—Secretary Navy, Washington:

"Tong Ku, June 11.

"Secretary Navy, Washington:

"In case all communication with Pekin be cut not able go alone; if other nations go will join to relieve American pending instructions. Situation serious. Battalion of marines from Manila has been urgently requested. Answer, (Signed)

"Kempff."

Upon receipt of the above, Secretary Long sent the following cablegram to Admiral Remey at Manila:

"Navy Department, June 11, 1900.

"Remey, Manila:

"Send by Solace immediately all despatch to Kempff one hundred marines, arranging if practicable that after landing Solace shall continue homeward voyage as previously ordered, (S'gned) Long."

Dowager Flees to Russian Legation.

London, June 12. — A special despatch from Tien Tsin says it is reported the Dowager-Empress has fled to the Russian Legation at Pekin.

Foreigners Landed.

Washington, June 12.—The following undated despatch has been received at the Navy Department:

"Forces landed by different nations, Opening communications to Pekin. Americans joined. (Signed) Kempff."

Admiral Kempff also reports the arrival of the Moncacsy at Taku.

Telegraph Lines Cut.

Toronto, June 12.—(1.30 a.m.) — The Great Northwestern Telegraph Company has just been advised that all telegraph lines between Tien Tsin and Pekin are interrupted.

The Pekin Club Burned.

London, June 12.—A despatch from Pekin, dated Saturday evening, June 9, says: "A body of 40 Boxers, armed with knives, have looted and burned the Pekin Club, race track and grand stand buildings. Another edict issued this morning orders the Military Governor to police the streets with cavalry and infantry. United States Minister Conger has sent 20 marines and British Minister Macdonald 12 marines to guard the Methodist mission compound. Business is practically at a standstill."

A Reform Manifesto.

London, June 12. — The Shanghai correspondent of The Daily Express, telegraphing yesterday, says: "Wend Tung Ho, Emperor Kwang Hsu's tutor and confident, who was dismissed by the Dowager-Empress, after the coup d'etat in 1898, sends with the special sanction of the Emperor and his party, including three viceroys, a message to the people of the West. It is proposed by His Majesty and his advisers that the foreign powers shall declare a joint protectorate, and undertake the task of governing the country through His Majesty.

FIVE PERSONS NOW DEAD.

Some Aftermath of the McArthur Tragedy in Assiniboia.

Winnipeg, June 12.—A Moosomin despatch yesterday afternoon says Henry McArthur has died since the despatch of Saturday. The dead now are: Mr. McArthur and wife, and the three sons. Two other children are not expected to live. The eldest girl, aged 15, was left by the fiend, but why, only he knows. The five dead were buried yesterday in Moosomin. The murderer has a severe wound in his left side. He evidently intended to shoot for the heart. He is doing well, and is likely to recover. His motive for the deed is not known, although the police are in possession of certain facts which may show that the villain is a veritable brute. The community feel the shock keenly. The people are grief-stricken that such a respected family should be so foully dealt with.

Relatives in Ontario.

Toronto, June 12.—When the news of the terrible murder of A. McArthur, his wife and two children, and the wounding of four other members of the same family at Welwyn, a small place 12 miles from Moosomin, Assa., on Saturday, was received here it brought grief and anguish into more than one household. At 240 Victoria street, where Mrs. R. K. Lankin, a sister of Mr. McArthur, lives, the intelligence came as a great shock. Mrs. McArthur, his wife, was a Miss Colville, of Chesley, Ont., and her sister is Mrs. J. H. Elliott of the same town.

Ex-Teller Wilson's Trial.

Toronto, June 12.—The trial of George McClive Wilson, the ex-paying teller of the Merchants' Bank, on the specific charge of stealing the $10,000 package which disappeared on April 18 from the bank, was continued yesterday afternoon, before Deputy Magistrate Kingsford, and, after several witnesses had been examined, the case was enlarged till Friday afternoon, in order that two bank clerks named Denny and Mercer may be placed on the stand again. Wilson went on the stand and denied any knowledge of where the missing package went to.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

RODEVAL RAID A DISASTER

600 British Were Either Killed Wounded or Captured.

Fourth Battalion of the Derbyshire Regiment Rendered Non-Effective—Roberts Has Liberated 3,500 of the British Prisoners, Rank and File, So It Is Reported at Cape Town—General War News.

London, June 12.—(3.30 a. m.)—The loss of the Derbyshires is estimated at from 600 to 700 men.

A Reuter despatch, from Mazern, dated June 11, says: "Fifteen hundred Boers surrendered to Gen. Brabant to-day in the Ficksburg district."

Machadorp has been officially proclaimed the capital of the Transvaal. A Lorenzo Marquez despatch says that the village has swollen into a small city, the majority of the inhabitants living in tents.

An official Boer telegram asserts that the British have been defeated with considerable loss at Donkerspoort, in the southern extremity of the Free State, 10 miles from Norvalspont. It was thought that this district had been cleared of Boers and rebels long ago.

Prisoners Liberated.

Lord Roberts has wired Cape Town that prior to Wednesday he liberated 151 officers and 3,500 of the rank and file. The Boers, consequently, only took off 900.

Mr. Schreiner May Resign.

Mr. Schreiner, the Cape Premier, had eight supporters out of 40 at a caucus called to consider the Ministerial program. Mr. J. X. Merriman, Treasurer, and Mr. J. W. Sauer, Commissioner of Public Works, have resigned from the Cabinet, and Mr. Schreiner's own resignation is believed to be imminent, although he may reconstruct the Ministry with the aid of the Opposition the British members. The Cabinet situation is so interesting that Sir Alfred Milner will postpone his trip north.

A Boer deserter who arrived at Mazru yesterday asserts that 7,000 Boers participated in the Roodekrantz engagement, that Gen. Oliver was killed and Gen. De Villiers mortally wounded.

OFFICIAL REPORT.

Lieut.-Gen. Sir Frederick Forestier-Walker Tells of a British Disaster at Roodeval on June 7.

London, June 12.—Lieut.-Gen. Sir Frederick Forestier-Walker, in command of the lines of communication in South Africa, reports as follows:

"Cape Town, June 10, Sunday. — The following telegram has been received from Charles Knox:

"'Kroonstad — The following casualties reported from Roodeval, June 7.—Received from Stonham, commanding the Imperial Yeomanry Hospital, dated Rhenoster River, June 8, received here by flag of truce, June 10: The 4th Battalion of the Derbyshire Regiment (the Sherwood Foresters)—Killed, Lieutenant-Colonel Baird-Douglas and Lieutenant Hawley and fifteen of the rank and file. Wounded, Colonel Wilkinson, Captain Bailey, Lieutenants Hall, Lawder and Blanchard, and fifty-nine of the rank and file. The Shropshire Light Infantry, one. Cape Pioneer Railway Regiment, seven. Ammunition Park, Royal Marines and Imperial Telegraphs, one each. Postoffice Corps, 1. Stonham reports that many were severely wounded and the remaining of the 4th Derbyshire and details of prisoners, except six of the rank and file, are in his camp. All the wounded are in his camp, lately occupied by the 4th Derbyshires. Enquiries are being made as to the names.'"

Methuen Fighting.

Another despatch from General Forestier-Walker says:

"Cape Town, June 10.—Sunday.—Kelly-Kenny reports from Bloemfontein this morning that Methuen, with the greater part of his division, was fighting early in the morning of June 8, ten miles south of Heilbron, where Colville was reported to be with the Highland Brigade. Methuen left Lindley June 5, with ample supplies for himself and Colville, leaving Paget to hold Lindley, with a sufficient force and supplies. Kelly-Kenny has ordered Knox to press in the enemy's outposts, believing the enemy's strength to be exaggerated. All is quiet, and there is no anxiety as regards the district to the south. Communications north of Kroonstad have been cut since June 6."

GEN. BULLER'S PROGRESS.

Force Concentrated on the Klip River at Gansvlei Junction.

London, June 12.—The following report from Gen. Buller has been issued by the War Office:

"Headquarters in Natal, June 11.—The force concentrated on the Klip River at its junction with the Gansvlei last night. We anticipated at that defile a force of the enemy 3,000 strong, who had, I think, intended to occupy it and who retired as soon as our heavy guns opened, which were very smartly brought into action by Major May, of the Royal Artillery and Captain Jones of the Royal Navy. The South African Light Horse and the Second Cavalry Brigade were smartly engaged while covering our left front. Our casualties are about six killed and seven wounded."

LIEUT. BLANCHARD.

The Canadian Reported Wounded at Roodeval, June 7.

Toronto, June 12.—Lieut. Blanchard, one of the wounded at Roodeval, reported in to-day's despatches, went out to South Africa with the first contingent. He was a captain of the 5th Artillery, headquarters at Victoria, B. C., but became a lieutenant in the first Canadian Infantry. He had been a resident of British Columbia before enlisting. For some weeks past he had been on special service on the line of communications, and was attached to the Fourth Derbyshires.

Kruger's Bodyguard.

London, June 12.—The Lorenzo Marquez correspondent of The Times says: "At Machadorp President Kruger has a bodyguard of 1,000 burghers. Stores are being moved as quickly as possible from that point to Lydenburg. The Portuguese authorities sent a further body of troops to the border to-day."

In Self Defence.

Toronto, June 12. — The coroner's jury has returned a verdict to the effect that George C. Hill raised his umbrella in self-defence in the row on April 17 when W. H. Littleford was struck in the eye by its point, and that death was caused by an abscess of the brain through the eye having been so pierced.

THE ELECTION FRAUD INQUIRY

"The Scope of the Commission Is Wide Enough Already."

So Premier Laurier Reported to the House as the Opinion of His Minister of Justice—Sir Charles Tupper Says the Failure of the Government to Accept His Suggestions Will Prevent a Thorough Investigation.

Ottawa, June 12. — Some days ago Sir Charles Tupper suggested that Sir Wilfrid Laurier should amend the issue of the Royal Commission to investigate election charges in several particulars. The suggestions were referred to the Hon. David Mills, whose reply Sir Wilfrid read in the House yesterday afternoon.

Hon. David Mills' Opinion.

The Minister of Justice thinks the scope of the commission is wide enough, because by statute the commissioners are given the power to inquire into any matter concerning good Government in Canada, to summon witnesses and to require witnesses to give evidence. The sentence of the Minister's reply read: "It is expressly provided that no witness examined shall be excused from answering any question on the ground that the answer thereto may incriminate or tend to incriminate him; but evidence so taken shall be admissible against such witness in any criminal proceedings except in the case of a witness charged with giving false evidence at such inquiry, or having procured, or attempted or conspired to procure the giving of such evidence."

Sir Charles Tupper had suggested that the scope should be enlarged by adding the words: "And any fraudulent practices, persons and means connected therewith." These words, the Minister thought, were unnecessary; because they were incorporated in the following words of the Order-in-Council: "to inquire into and investigate any alleged fraudulent alteration, defacing, making, spoiling, substitution or tampering in respect of election ballots or by reason of any fraudulent conduct in respect of the poll books, ballot boxes, or the lawful contents or what should have been the lawful contents of the ballot boxes, whether by way of fraudulent alteration, addition, withdrawal or otherwise, during and until the close of the election and until the return to the Clerk of the Crown in Chancery; that the said commissioners have power to hold such inquiry and investigation in every case in which they consider reasonable grounds have in their opinion been shown to them for holding the same."

No attempt should be made by legislation to compel a witness to give evidence as to how he voted. The commissioners could decide whether he should give such evidence or not.

In Mr. Mills' opinion, "If the witness were to give false testimony in this regard he would do so without the slightest fear of detection, and without its being possible, except by the ballot, to establish that his evidence was wrong." Again, "the commissioners who are all judges of ability may be safely left to interpret the law for themselves." As to the admission of the evidence already taken re West Huron, the Minister thinks it would be extremely improper: "As the importance that the commissioners may attach to the evidence of a party and the impression made upon their minds may depend upon his demeanor in giving his evidence, it is most important that the parties should appear before the commission and testify in the ordinary way." As to the Clerk of the Crown in Chancery, he would have produced all rolls and would be subject to the summons of the commissioners just as any other witness. This was the case for the Government.

Sir Charles Was Amazed.

Sir Charles Tupper looked blank after this announcement. He was afraid the failure of the Government to accept his suggestions would prevent the accomplishment of a thorough investigation, such as Sir Wilfred had promised. He referred to Imperial statutes bearing on commissions of inquiry into elections, and pointed out that the powers given to commissioners were wider than those given in the present instance. Complete immunity from all penal actions was given to witnesses. This was what was needed here. Surely the Imperial statutes were good precedent for the Government. Again, as to the payment of witnesses, Mr. Mills had been silent. The commission should be given power to pay the witnesses. It should not be left with the Government.

Sir Charles asked: "Will Brockville and West Huron be investigated first?"

Sir Wilfrid replied that he would not advise the commissioners.

Sir Charles Tupper then declared that Sir Wilfrid seemed to misunderstand that the object of this commission was to get at the ballot manipulators in West Huron and Brockville. Had those cases not come up, there would have been no commission asked for. "Let me say this," declared Sir Charles; "if the Government adheres to this position of staving off the West Huron and Brockville cases till after an appeal to the country, then the Prime Minister might as well plead 'guilty' before the people, and say that the reason for his change of opinion was to prevent the electors from knowing who had been behind the ballot manipulators."

In conclusion, Sir Charles said: "If there is a man in the Liberal-Conservative party to whom can be brought home such terrible rascality and scoundrelism as was prevalent in West Huron, we want to see him exposed and punished." (Opposition applause.)

The subject was further discussed by Hon. Mr. Blair, Sir Hibbert Tupper, and Messrs. Sproule, Davin and McNeill, and then dropped.

Sir Hibbert Tupper asked for an investigation into the charge that, in leasing the waterfront in Dawson, F. C. Wade, crown prosecutor, registrar of lands, etc., received as his share of the spoils $10,000. He discussed the matter at some length, as did Messrs. Sproule, Borden and Sutherland.

Sir Wilfred Laurier summed up the matter by saying the charge rested on one fact alone, namely, Wade rented the waterfront to Morrison and Macdonald, but the transaction was an honorable one, and the interests of the Government never suffered; therefore there was nothing to investigate. Mr. Ogilvie had investigated these charges, and had exonerated Wade. To continue the matter was to persecute Wade. So far as the Government was concerned, the matter was closed.

Sir Hibbert's motion asking for an inquiry was put and lost by a vote of 25 to 51.

Then the House went into Supply, taking up the supplementary estimates for the current year.

Is a genuine specific for diseases of the stomach and organs of digestion and nutrition. No other medicine has had so remarkable a success in curing diseases affecting the heart, liver and lungs, whenever these diseases, as is commonly the case, were caused by "weak stomach" and impure blood. Food imperfectly digested cannot be perfectly assimilated. "Golden Medical Discovery" restores the organs of digestion to perfect working order. Foul blood must result in a foul body. The "Discovery" purifies the blood and increases the activity of the blood-making glands, so increasing the quantity and quality of the blood supply. It has been tried by over half-a-million people. It has cured ninety-eight out of every hundred who have tried it.

WHY NOT LET IT CURE YOU?

THE GOLD COAST TROUBLE.

Relief Force on the Way to Coomassie Has to Wade Waist Deep in Water.

London, June 12.—The Daily Express has the following despatch dated Saturday, from Prahsu:

The British relief force is now half way to Coomassie. The road is partly under water, the water being waist high at some points. Many of the carriers have deserted, and before advancing further the relief column must await carriers from Sierra Leona with stores.

Some Interesting Details.

The commandant of the base cables to Colonial Office as follows:

Cape Coast, June 9. — The following is the purport of a despatch received from Capt. Hall:

"Esumeja, May 24.—Collected the forces at Esumeja, Ejinassi and Bekwai, May 22. Considered it necessary to find out the strength of rebel forces to the front and flank before advancing on Coomassie. The plan of the rebel forces was to hold our front at Tjumum and outflank us from Kokofu. A garrison was left behind at Ejinassi. The remainder of the forces were concentrated at Esumeja, where we left 50 men and a Maxim. Told King at Bekwai to advance to Abadon as soon as he heard rifle fire or encountered serious opposition.

"Within half an hour met resistance in a Kokofu village; repulsed the natives and burned the village in their sight. The Kokofu main villages were then attacked. There were 8000 natives. Held them for half an hour. Was unable to advance, but successfully withdrew.

"Lieut. Edwards and six men were wounded. The enemy's loss was considerable. Decided to hold Esumeja, and to keep communications open for news of main body."

A Junction of Forces.

London, June 12.—Col. Willcocks, in command of the Ashantee relief expedition, cables from Prahsu, under date of June 9, as follows:

"Have just received a message from Col. Carter, from Kwisa, reporting that he advanced June 6, effecting a junction with Capt. Hall at Bekwai. He found the rebel forces strongly fortified at Dompoassi. The fight continued for a long time, and the enemy were dislodged, but, on account of the loss of seven European officers wounded and 90 other casualties, he was unable to advance, and returned to Kwisa.

"There is no news from Coomassie. Hall is at Esumeja and Bekai, which is friendly.

"Kokofu and Adansi are in a state of rebellion.

PNUEMONIA TO BE AVOIDED.

Brought on by Overwork, Low Vitality, and Exposure to Cold—No Way to Cure --Two Ways to Prevent

J. J. Walsh, M.D., Ph.D., writing to the New York Journal, states;—"Pneumonia can be avoided more easily than cured.

"If a man reaches the age of twenty five in good health, he is, barring accident, practically assured of living till sixty, unless he is carried off by typhoid fever or pneumonia. Of the two, pneumonia is by far more dreadful. It gives but a few short days of warning before the termination. Excluding tuberculosis, more than 50 per cent. of the deaths of adults during winter months are due to pneumonia.

Dr. Walsh then explains that pneumonia is almost invariably due to cold, and results from a cold contracted when the vitality of the body is running low, and the nerves are weak, tired and exhausted, when the body is overworked and the nerve force expended.

Every winter we are startled by the sudden deaths of scores and hundreds who have overworked brain or body, or who have been irregular in their habits of eating and sleeping, and neglected to keep their health up to high-water mark, and have contracted colds, which developed into pneumonia and terminated life almost before their friends knew they were sick.

There is no sure way of curing pneumonia when once is has a firm hold on its victim, but there are two ways of preventing pneumonia, which are well worth consideration. The first is by keeping the body in perfect health to avoid taking cold, and the second is to cure the cold before it becomes pneumonia.

To keep the vitality of the body up to the normal, to replenish the shrivelled arteries with rich, pure blood, and to revitalize the wasted nerve cells no prescription was ever so markedly successful as Dr. Chase's Nerve Food, the great restorative which has become so popular.

To call a halt to the cold, to cure the cough which is getting into the bronchial tubes, to loosen the tightness in the chest, and prevent the development of pneumonia and fatal lung diseases, Dr. Chase's Syrup of Linseed and Turpentine is acknowledged to be the most effective remedy extant.

It is usually people whose vitality is low that contract colds. If your blood is thin, your nerves weak, and your system run down and debilitated, you are running a tremendous risk during the cold, wet season. Wisdom suggests a course of treatment with Dr. Chase's Nerve Food, the great doctor's favorite prescription.

If already a victim of cough, cold, bronchitis, or asthma, appeal to the virtues of Dr. Chase's Syrup of Linseed and Turpentine. It will not disappoint you. Dr. Chase's Nerve Food 50 cents a box, Dr. Chase's Syrup of Linseed and Turpentine, 25c and 60c, at all dealers, or Edmanson, Bates & Co., Toronto.

Barriefield Ranges Closed.

Kingston, June 12.—The Government has closed the Barriefield rifle ranges, constructed four years ago at a cost of $4,000. As far as report goes, the only complainant is Sir Richard Cartwright, whose summer residence they overlook. The volunteers are protesting against the closing.

EAST BUFFALO CATTLE MARKET.

East Buffalo, June 12.—Cattle yesterday—The cattle trade was in good position, with 90 loads on sale, including seven loads of Canada cattle. The market was fully 15c higher on desirable butcher grades and export cattle and on some extra kinds 25c higher. Good to best smooth fat export cattle of desirable quality, $5.65 to $5.85; good to choice butcher steers, $5.10 to $5.25; good to best fat heifers, $5 to $5.25; fat cows, common to fair, $2.25 to $3; feeding steers, choice to extra, $4.40 to $4.75; fair to good, $3.40 to $3.65; stock calves, Canada, $4.65 to $4.80; Sheep and lambs—Generally stronger to a shade higher. Yearling lambs, choice to extra, $6.25 to $6.50; good to choice, $6 to $6.25; spring lambs, $6.50 to $7. Sheep, mixed, $4.60 to $4.85; wethers, choice to extra, $5 to $5.25; export wethers, $5.35 to $5.50; ewes, $4.25 to $4.50. The offerings were well cleaned up and the close steady.

"DICK" CUNNINGTON WRITES.

Tired of Hospital Life and South Africa Generally and Longs for Canada Again.

A letter received from "Dick" Cunnington by his parents contains many interesting items. It is dated May 11, at Old St. Andrew's Hospital, Bloemfontein. "Dick" had been in the hospital since March 17, having had a relapse and been very ill and been given 10 grains of opium for medicine. He says that sick soldiers were coming in by dozens every day, suffering from fever, especially Canadians. Three Belleville boys had gone to Winberg Hospital, Cape Town, and if able to be moved the writer hoped to go there the next week. Charlie Gibson was in the rest camp with a bad knee and came to see him often. "The Belleville boys did not care to come to see me when I was so very ill," says the writer. Speaking of the late Sergt. Beattie, Dick says he died of sun fever. Col. Otter's wound had turned out to be very slight and was improving nicely.

The Kruger penny was selling at £2 sterling, as all available money had been taken when the ex-president left Bloemfontein.

Miss Guest, whose name will be remembered as that of the nurse who was particularly kind to the writer, was securing a quart of fresh milk per day for her patient, for which he paid 12 pence. He had grown tired of the condensed milk regularly supplied. His heart "is aching to see fair Canada again" and he hoped sincerely that his desire may soon be fulfilled.

"STORY OF SOUTH AFRICA."

As the War is practically over or is drawing very near to a close, we beg to announce to the public that The Story of South Africa, published by the World Publishing Co., of Guelph, Ont., is the largest, Cheapest and best written, as it has for its authors John Clark Ridpath, Edward S. Ellis, John A. Cooper, managing editor of the Canadian Magazine, Toronto, and J. H. Aiken, a Canadian who lived in South Africa for 15 years. This book will be the best book for the Canadian people, as it will give all the names of the Canadian Contingents who have gone to the war and a complete account of casualties, accidents, missing, dead and wounded. To be delivered after the war closes in one large volume. Do not be deceived by agents offering other war books, but see that you are getting The Story of South Africa. —A. R. THE MAFEKING CARNIVAL

A Historical Event in London—Interesting Extracts from a Bright Letter.

The following are interesting extracts from a letter of a Belleville lady now resident in London giving vivid glimpses of the celebration in the heart of the Empire of the relief of Mafeking:

"I am not completely rested out after the Mafeking carnival yet, nor apparently are the people, for flags still wave along the streets, and occasionally you hear snatches of patriotic songs.

"All through the great demonstration, the excitement kept one up, and it was grand. I do not suppose that ever before was there so general a desire on the part of all men, women and children to act on the hymnal injunction, "Seek not yet repose." Bed for the night and day of Mafeking seemed unworthy, inadequate,—an anticlimax. Every one wanted to be the man on the street, to wave your flag, to tickle your neighbor with a peacock's feather, remove your hat (or better still someone else's), and having placed it on the ground, jump on it. Some day I suppose, a great thinker will arise and explain why it is that when a man is deeply moved by the "England, Home and Beauty" sentiment, he yearns with all his soul for the smashing of hats!

"When we passed the Mansion House on our return home Saturday evening, the road was strewn with remnants of hats—felt hats, silk hats, straw hats, caps of all kinds and descriptions denoting all classes—lying in a socialistic litter of fragments, ground into the dust. Now do not say in defence of the British nation anything about a display of feeling towards hats because they are felt, for that joke is too old and quite antediluvian over here. It is inevitable that when "there is sound of revelry by night" or day, music arises "with its voluptuous swell." Music is an elastic term in this case, which comprises anything from the National Anthem, "Rule Britannia," "Soldiers of the Queen" (or all three together generally), to mouth organs, tin whistles, toy trumpets, etc., but it could have been no ordinary enthusiasm which induced those who are usually staid, sedate, respectable citizens to encase combs in tissue paper and extract or rather force out of that amateur instrument weird sounds of joy and triumph!

"From the midst of all these seething, swaying, "prancing" proceedings which were to be seen all over London as Friday the 18th of May turned into Saturday the 19th, and as the hours of Saturday followed one another in quick succession, I select one or two little ones, which I witnessed with my own eyes, for the sake of any pensive philosopher who may care to write a short history of these two eventful days. Here is one: A number of factory girls, by the hundred, marched along the street with huge poke bonnets made of course brown paper, trimmed with ruchings of red, white and blue tissue paper and immense B.P.'s (Baden-Powell's) of the same on the brim, carrying flags and singing. They were en route for the Mansion House. Just as they were passing the corner where I stood, one of them riotously embraced a staid, middle-aged nobleman standing in front of us in the clear glare of the noonday son. He did not call for the police, he did not wince, he patted the girl soothingly on the shoulder and said, "Yes, my dear, I have heard that Mafeking is relieved!" Another scene was two portly gentlemen clasping each other suddenly round the waist (or where it should be), spinning round like whirling Dervishes, cheering the while, and with no unstable equilibrium! But to enlarge upon such scenes would spoil them. They are simply incidents among a thousand!

"'Mafeking' will be known here as a historical event; (you can tell your Historical Society this), chiefly because for the first time on record in London the little newsboys lost their heads and ran spontaneously from Fleet St. all through the West End shouting at the top of their lungs, 'Relieved! Relieved! Relieved!' and never waiting to sell a single extra, on and on they sped through the night apparently trying to find a district where their news would be news, no thought of lucre, no thought of gain, theirs the national triumph!"

Watch the Skin and Eyes.

They are Unfailing Thermometers of Health.

The skin and eyes are two unfailing thermometers of health. If the skin has spots, eruptions, an unhealthy pallor or a yellow appearance, and the eyes a glazed look, with yellowish whites, it is high time to purify and cleanse the blood and regulate the liver and kidneys. Paine's Celery Compound makes pure, bright red blood and relieves the liver and kidneys of the strain that is brought upon them whenever impure blood is pouring through their substance.

It has been fully proved by eminent medical men that Piane's Celery Compound supplies that needed and appropriate food that overworked nerves are too feeble to extract from ordinary food taken into the stomach. Paine's Celery Compound increases the appetite and puts the digestive organs into shape to pass the food over to the blood in such a perfectly prepared condition that the change into nerve, brain and tissue substance is easily and fully brought about without waste of nervous energy or wear upon the liver, kidneys or stomach.

In a word, Paine's Celery Compound builds up the weak, wasting and diseased body; it gives all the conditions of health that guarantee a long and happy life. No other remedy in the world has ever done such a true and noble work for suffering humanity.

Make trial of one bottle, dear reader; it will convince you that you have found what you most need to make you well and strong.

WEDDING BELLS

Rang in an Iowa Town for a Young Lady Very Popular in Belleville.

A pretty wedding, concerning which a number of Belleville people have been much interested of late, occurred at 2.30 o'clock on Monday afternoon, June 4, at Estherville, Iowa, when Miss Frances Rosetta, youngest daughter of the late R. Newbery, Esq., of this city, became the bride of Mr. Benjamin Johnstone, a prosperous young druggist of Huntington, Ia. The ceremony was performed by Rev. W. H. Knowlton, pastor of the Episcopal church, at the home of Mrs. J. W. Randolph, sister of the groom, and was witnessed by about forty guests. The bride, who was very becomingly gowned in a pretty grey travelling suit, with a handsome grey and black hat to match, was attended by her sister, Miss Tillie Newbery, who wore blue summer silk, with a black chiffon picture hat. The bride was given away by her brother, Mr. W. H. Newbery, and two other brothers, Messrs. George and Robert Newbery, acted as ushers. After congratulations to the happy couple all repaired to Hotel Orleans, where a dainty luncheon was served. Both the dining room at the Orleans and the home of Mr. and Mrs. Randolph were appropriately and elaborately decorated for the happy event.

Mr. and Mrs. Johnstone have taken up their residence in Huntington, Ia., where a daintily furnished home awaited their arrival. A large number of handsome presents were evidences of the esteem in which both are held. The Intelligencer joins other friends in wishing them a happy and prosperous life.

PINNACLE AND QUEEN STREETS Concrete Walks.

TAKE notice that the Municipal Council of the Corporation of the City of Belleville intends to construct a concrete side walk on the East side of Pinnacle Street between Bridge and Dundas Streets and also on the North side of Queen Street between William and Ann Streets and to assess 40 per cent. of the final cost of each upon the property abutting thereon and to be benefitted thereby respectively and that a statement showing the lands liable to pay the said assessment and names of the owners thereof in each case, so far as they can be ascertained from the last revised Assessment Roll is now filed in my office, and is open for inspection during office hours. The estimated cost of the Pinnacle Street walk is $750.00, of which $470.00 is to be provided out of the general funds of the Municipality or by a loan as in By-law No. 917 is provided.

The estimated cost of the Queen Street walk is $146.00, of which $87.60 is to be provided out of the general funds of the Municipality or by a loan as in By-law No 916 is provided

A court of Revision will be held on Thursday, the 28th day of June instant, at 7.30 o'clock p.m. in the Council Chamber for the purpose of hearing complaints against the proposed assessments or accuracy of the frontage measurements in each case or any other complaint which persons interested may desire to make and which is by law cognizable by the court.

Latest War News

THIS IS GOOD NEWS.

Lord Roberts' Line of Communication Restored.

His Forces in Sharp Engagement with Gen. Botha.

Methuen and Kitchener Score Decided Successes.

Gen. Buller Also Making Satisfactory Progress.

London, June 13.—After a week's silence Lord Roberts has been heard from, his line of communications having been practically restored by means of a complete victory gained by Gens. Methuen and Kitchener over Gen. De Wet at the Rhenoster River yesterday, June 12. The Boer camp was captured and the Burghers were scattered in all directions. Lord Roberts, on being notified of the cutting of his line of communications, sent Gen. Kitchener in all haste to join Gen. Methuen on June 11.

Lord Roberts attacked Gen. Botha, who was in strong force 15 miles south-east of Pretoria. After strenuous opposition the British forces gained considerable ground, but Gen. Botha, when Lord Roberts left the field, was still undefeated. All is quiet at Pretoria and Johannesburg and Lord Roberts says the Government need have no apprehension about the security of the army in South Africa, as it will not take long to remedy the reverses and repair the railroads.

A lengthy despatch forwarded to the War Office by Major Gen. Knox (from Kroonstad), presumably sent there by messenger, reads as follows: "Kroonstad, June 12.—We have been requested to forward you from Lord Roberts the following despatch from the Pretoria residency at 8.08 a. m. to-day: "Pretoria, June 12.—Pretoria and Johannesburg are perfectly quiet and several of the inhabitants have expressed gratitude for the peace and order which prevails. After surrendering the city Botha retired to a place about 15 miles east of the Middleburg Road. He had a small force at first, but during the last few days his numbers increased, and his being so near the town kept up the excitement in the country, prevented the Burghers from laying down their arms and interfered with the collection of supplies. It therefore became necessary to attack him. This I did yesterday. He held a very strong position, practically unassailable in front, which enabled him to place the main portion of his troops on his flanks, which he knew, from former experience, were his vulnerable parts. I sent French with Porter's and Dixon's Cavalry Brigades and Hutton's Mounted Infantry round by our left, and Ian Hamilton with Broadwood's and Gordon's Cavalry Brigade, Ridley's Mounted Infantry and Bruce Hamilton's Infantry Brigade round by our right. Both columns met with great opposition. About 3 o'clock in the afternoon, I saw two of Hamilton's Infantry Battalions advancing to what appeared to be the key of the enemy's defence on the left flank. This was almost gained before dark and caused the force to bivouac on the ground they had won.

"Pole-Carew, with his Division occupied our centre. As I have explained, he could not attack, but gradually advanced, so as to support Ian Hamilton, and when I left the field he was on the ground held by the enemy's outposts in the morning. I hurried back to get news of Methuen's movement. On hearing that the Free Staters had taken advantage of our crossing the Vaal to interrupt our line of communications, I sent Kitchener with such troops as I could then spare to Vredefort with orders to push south and join forces with Methuen, whom I knew had a very compact force in the vicinity of Heildbron. I also despatched a special messenger to Methuen, instructing him to push on at all speed to the main line of railway. These two officers met at Vredefort railway station on the evening of June 11. They marched yesterday to Rhenoster River, where Methuen gained a complete victory over De-Wet, and took possession of his camp and scattered his troops in all directions.

"Hunter should be at Potcherstroom to-day. He will then move on Johannesburg.

"We have communicated with Buller, who will no doubt soon make the power of his force in the field felt.

"Our losses yesterday were not, I trust, serious.

"Gen. Knox adds that Kroonstad is quite safe."

London, June 13.—The following despatch has been received at the War Office from Lord Roberts: "Katsbosch, June 12.—In yesterday's engagement Methuen had one killed and 18 wounded, among the latter in Lieut. Earle of the 12th Battalion of Yeomanry. On June 7th the Derbyshires Militia lost 36 killed and 104 wounded, all of whom were in the Yeomanry hospital, which was captured by the Boers, and retaken by Methuen."

A despatch from Joubert's Farm, under to-day's date announces the continuation of Buller's successful march, the occupation of Volksrust without opposition and the capture of a number of prisoners, while the Boer casualties yesterday are reported to have been very heavy.

A NARROW ESCAPE.

An Electric Car Collides with a Waggon—The Driver of the Vehicle Receives Painful Injuries.

Mr. Peter Milne, who resides in the 2nd concession of Thurlow, last evening had a narrow escape from receiving fatal injuries. At about 8 o'clock he was seated in his waggon talking to Mr. P. Milne, wood dealer, on Mill street, when an electric car came down that thoroughfare. The horses became frightened and backed the waggon across the track just as the car reached that point. The motorman endeavored to stop the car, but was unable to do so. It struck the waggon with much force, smashing it and throwing Mr. Milne violently to the ground. He fortunately escaped with no more injuries than a cut upon the head. A boy named Ruttan was also in the vehicle and was thrown out. He sustained some painful bruises. The horses were uninjured. Mr. Milne remained in the city last night, returning home to-day. The car remained upon the track, and was not much damaged.

REMEMBERED BY FRIENDS

An Address and Purse Presented to Mr. R. Oliphant.

Mr. R. Oliphant, butcher, leaves on Thursday for England. For years he has been a regular attendant upon the market and his many friends on the market presented him with a complimentary address, accompanying which was a purse. The address speaks for itself, being as follows:

To Mr. Robert Oliphant, Belleville, Ontario.;

Dear Sir,—We, the undersigned, who for many years have been associated with you in business on the Public Market of Belleville, having learned with deep regret of your intention to retire from business, and to return to your native land, cannot allow you to do so without expressing to you our feelings in the matter.

We have known you, not only personally, but also in business for many years, and have always found you to be most honorable and upright in all your dealings, and one with whom it was a pleasure to deal.

We trust and hope your present move may prove beneficial to yourself and family, not only financially, but in every other way, and we shall always be happy to see you return to this, the country of your adoption, and where we feel assured you have always been kindly dealt with.

In expressing to you our feelings on this, the eve of your departure, we cannot allow you to go without a small token of our good will, and beg you will accept the accompanying purse as an evidence thereof.

Wishing you and yours every good gift which Providence has in store for those who have always, by their life and conduct, shown that charity and good will to their fellowmen which has heretofore characterized your life, we remain,

Yours sincerely, etc.

BAY OF QUINTE CONFERENCE.

Closing Business of the Session—Changes in Belleville District.

The Bay of Quinte Conference completed its work late last night. The last business to come up was the report of the Stationing Committee. The only changes in this district from the first draft, already published in these columns, are that Rev. F. B. Stratton goes to Canifton, and Rev. R. Duke, named for that circuit, goes to Colborne.

The delegates to the Ecumenical Conference to be held in London, Eng., in September, 1901, are Rev. Chancellor Burwash Rev. Dr. Crothers and Mr. Wm. Johnson.

The Laymen's Association met several times during the sessions. The officers are; President, Wm. Johnson; First Vice-President, J. R. Frazer; Second Vice-President, E. D. O'Flynn; Secretary-Treasurer, R. W. Clarke.

The only new chairman elected is Rev. T. J. Edmison, B. D., formerly pastor of Holloway St. Church, this city.

The Late Fred Vanornam.

Lance Corporal Fred A. Vanornam, who died at Bloemfontein from an attack of enteric fever, did not leave Canada with the Strathcona Horse, but with the first Contingent. He was attached to the Queen's Own Rifles, of Toronto, being a bugler.

The Peterboro Examiner, in referring to his demise says; "Fred was a genial, whole-souled boy, who became very popular whilst residing in Peterboro, and the news of his death will come as a great shock to his friends."

Six hours at Guelph, June 16th, and return here the same night by special train about 10 p.m., or stay over. You may return by any train up to Monday night. Return tickets only $2.60, children half fare.

THE INSTITUTION CLOSED.

The Pupils Leave for Their Homes—The Examinations Satisfactory.

One should not always play; neither can he always work. And if it be right to assume that the nerve force expended in the accomplishment of a task is in necessary proportion to the dificulty inherent thereto, then indeed must those entrusted with the mission of imparting knowledge to children without hearing and without speech cordially welcome the hour of relaxation. From all indications the term at the Institution which just closed, has been marked by much earnest work and corresponding benefit. There were in the fall a few cases of sickness which, however, with prompt attention all resulted favorably. As in former years there was the paper examination under the direction of each teacher, and the final test conducted by the Government appointee, Mr. J. C. Brown, P. S. I., of Peterboro. At each of these good progress was shown to have been made and due encomiums bestowed.

The closing exercises always prove of special interest, as through them a resume of the year's operations is placed before all interested in the trials undergone and the trophies borne off. On this occasion a chance is had of hearing the terminal address of the Principal. Crisp, pointed, marrowy, with some humoristic remark here and there to enforce a truth, such are the chief characteristics of Mr. Mathison's every discourse. A pathetic reference was yesterday made to the serious illness of Dr. Eakins, which touched every one present. Mrs. Mathison, who is just leaving for the Coast, received the good wishes of all for an enjoyable trip. The teachers and officers also complimented the pupils on their past diligence and order and wished them an agreeable vacation. The various routes were then assigned with care and minuteness, and together with the courtesy generally extended by the railway officials, the scholars will no doubt, by this time as heretofore, have reached their various homes in perfect comfort and safety. Emerson says somewhere, that the gods sell anything to anybody who will pay a fair price. He cannot have had the training of a congenitally deaf child in his mind. Here, we can assure him, nothing short of a life sacrifice will avail. Attempts, as we know, were repeatedly made at various epochs of the world's history to release these unfortunate ones from their pitiable state, but they seemed as the flash that lights the valley in the dark midnight of a storm; a vision of hope instantly crushed by darker despair. With the great nineteenth century must rest the lasting glory of the effective redeeming of the large family of the Deaf. Had it done nothing else, it should pass away in peace. To those, therefore, who labor so faithfully in the cause we gladly hold out the hand of fervent regard and sympathy, and on this the eve of another vacation, extend sincere good wishes to all for a most pleasant and benefical summer.

"CORRUPTING THE RECORD."

Attention has already been called to the exhibition of a Premier and a few others of his pro-Boer followers remaining seated while the National Anthem was being sung in the House of Commons at Ottawa,; sung in answer to, and in condemnation of the disloyal speech of Bourassa, the member for Labelle.

An attempt is now being made by a section of the Grit press to minimize the effect of this display of sympathy with Boerite Bourassa and in disrespect to Her Majesty. The Toronto Star leads the way in defence, but in a half-hearted style. It says:

> "Some newspapers have made a great cry out of it that Sir Wilfrid and several members of Parliament kept their seats when Dr. Montague proposed three cheers for the Queen. Sir Wilfrid and the sitting members did rise after a few seconds and join in the applause and singing."

This is in the language of a contemporary a "corrupting of the record." Evidence to the contrary of the Star's statement is abundant. The Ottawa Evening Journal, already quoted in this connection, a friendly paper to Sir Wilfrid, admits the truth of the charge that the Premier kept his seat during the singing of the National Anthem. It says:

> "Around the corridors the opinion was freely expressed that the Prime Minister had made a mistake in not rising when the Queen was cheered and the National Anthem was sung. While, of course no one questioned his loyalty, still the opinion was that, even though the singing was a political trick as it were, the anthem should be respected. Others took a still stronger view, and said his action was inexplicable. For it is certain that the members who remained seated but followed his lead."

The gallery report of these proceedings in the Commons, given by the Montreal Star's correspondent, enters more fully into this disgraceful exhibition of sympathy by Laurier and his little clique of Boerite followers with the sentiments uttered by Bourassa. It reports the incident as follows:

> "The answer of the opposition to his tirade was to give three cheers for the Queen and to sing the National Anthem.
>
> "This gave rise to a spectacle which has never, it is hoped, been seen before in any House of Parliament.
>
> "The Premier, three other Ministers and several Liberal members, remained seated throughout.
>
> "This move was evidently on the order of Mr. Fielding, for Sir Wilfrid showed some hesitation.
>
> "One member also kept his hat on.
>
> "There were eleven men capable of such conduct in the House of Commons.
>
> "The members who retained their seats during the cheering and singing of the National Anthem were Sir Wilfrid Laurier, Messrs. Godbout, Carroll, Belcourt, Erb, Fielding, Fisher, Brodeur, Fitzpatrick, and Bourassa. Mr. Archie Campbell, M. P., for Kent, not only retained his seat, but also remained wearing his hat till the middle of the third verse of God Save the Queen."

The Ottawa Citizen commenting upon the attempt of the Toronto Star to belittle the conduct of its friends asks:

> "Has the Toronto Star waked to realize how badly Bourassa and Sir Wilfrid had hit the party by his attempt to please the Tarte faction that it should resort to this miserable lying?"

* * * * *

Let the loyal electorate of Canada, Conservative and Liberal, remember when marking their ballots who the men were who kept their seats when the National Anthem was sung, in protest of the disloyal utterances of the grandson of the rebel Louis Joseph Papineau.

They are all Liberals, and here is the list:—

BOURASSA, M. P., for Labelle.
LAURIER, Premier.
FIELDING, Finance Minister.
FISHER, Minister of Agriculture.
FITZPATRICK, Solicitor General.
BELCOURT, M. P., for Ottawa.
BRODEUR, Deputy Speaker.
ERB, M. P., for South Perth, Ont.
CARROLL, M. P., for Kamouraska.
GODBOUT, M. P., Beauce.
CAMPBELL, M. P., for Kent, Ont.

The last named kept his hat on, also.

It is gratifying to know that only two of the above list represent Ontario Constituencies, Erb and Campbell.

SUPERIOR MERIT.

Remarkable Curative Properties of a Remedy for Indigestion and Stomach Weakness.

Stuart's Dyspepsia Tablets, a preparation for the cure of dyspepsia and the various forms of indigeston and stomach trouble, owes its great success as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs only, and is not recommended or advised for any other disease.

It is not a cure-all, but for any stomach trouble it is undoubtedly the safest, most sensible remedy that can be advised with the prospect of a permanent cure. It is prepared in tablet form, pleasant to taste, composed of vegetable and fruit essences, pure pepsin and Golden Seal, every one of which act effectively in digesting the food eaten, thereby resting and invigorating the weak stomach; rest is nature's cure for any disease, but you cannot rest the stomach unless you put into it something that will do its work or assist in the digestion of food.

That is exactly what Stuart's Dyspepsia Tablets do, one grain of the digestive principle contained in them will digest 3,000 grains of meat, eggs, or similar wholesome foods, they will digest the food whether the stomach is in working order or not, thereby nourishing the body and resting the stomach at the same time, and rest and nourishment is nature's cure for any weakness.

In persons run down in flesh and appetite these tablets build up the strength and increase flesh, because they digest flesh-forming food which the weak stomach cannot do, they increase the flow of gastric juice and prevent fermentation, acidity and sour watery risings.

Stuart's Dyspepsia Tablets can be found at all drug stores at 50 cts. per package.

and prayers and forgivenness before they are asked for. No bitter words when the family Bible goes for rum and the pawnbroker's shop gets the last decent dress. In the delirum of her last sickness she may tell all the other secrets of her lifetime, but she will not tell that. Not until the books of eternity are opened on the throne of judgment will ever be known what she has suffered.

One carriage will be enough for that funeral —one carriage to carry the orphans and the two Christian women who presided over the obsequies.

But there is a flash, and the opening of a celestial door and a shout, "Lift up your head, ye everlasting gate, and let her come in!" And Christ will step forth and say "Come, in. Ye suffered with me on earth; be glorified with me in heaven." What is the highest throne in heaven? You say, "the throne of the Lord God Almighty and the Lamb." No doubt about it. What is the next highest throne in heaven? While I speak it seems to me it will be the throne of the drunkard's wife, if she with cheerful patience endured all her earthly torture. Heroes and Heroines.

I find also in this roll the heroes of Christian charity. We all admire the George Peabodys and the James Lenoxes of the earth, who give tens and hundreds of thousands of dollars to good objects. But I am speaking now of those who out of their pinched poverty help others—of such men as those Christian missionaries at the west who proclaim Christ to the people, one of them, writing to the secretary in New York, saying; "I thank you for that $25. Until yesterday we have had no meat in our house for three months. We have suffered terribly. My children have no shoes this winter." And of those people who have only half a loaf of bread, but give a piece of it to others who are hungrier, and of those who have only a scuttle of coal, but help others to fuel, and of those who have only a dollar in their pocket and give 25 cents to somebody else, and of that father who wears a shabby coat and of that mother who wears a faded dress, that their children may be well appareled. You call them paupers or ragamuffins or emigrants. I call them heroes and heroines. You and I may not know where they live or what their name is. God knows, and they have more angels hovering over them than you and I have, and they will have a higher seat in heaven. They may have only a cup of cold water to give a poor traveller or may have only picked a splinter from under the nail of a child's finger or have put only two mites into the treasury, but the Lord knows them. Considering what they had they did more than we have ever done and their faded dress will become a white robe, and the small room will be an eternal mansion, and the old hat will be exchanged for a coronet of victory, and all applause of earth and all the shouting of heaven will be drowned out when God rises up to give his reward to those humble workers in his kingdom and say to them, "Well done, good and faithful servant."

Who are those who are bravest and deserved the greatest monument, Lord Claverhouse and his burly soldiers or John Brown, the Edinburg carrier, and his wife? Mr. Atkins, the persecuted minister of Jesus Christ in Scotland was secreted by John Brown and his wife, and Claverhouse rode up one day with his armed men and shouted in front of the house. John Brown's little girl came out. He said to her, "Well, miss, is Mr. Atkins here?" She made no answer, for she could not betray the minister of the gospel. "Ha!" Claverhouse said, "then you are a chip of the old block, are you? I have something in my pocket for you. It is a nosegay. Some people call it a thumbscrew, but I call it a nosegay." And he got off his horse and he put it on the little girl's hand and began to turn it until the bones cracked and she cried. He said; "Don't cry, don't cry. This isn't a thumbscrew, this is a nosegay." And they heard the child's cry, and the father and mother came out, and Claverhouse said; "Ha! It seems that you three have laid your holy heads together, determined to die like all the rest of your hypocritical, canting, sniveling crew. Rather than give up good Mr. Atkins, pious Mr. Atkins, you would die. I have a telescope with me that will improve your vision," and he pulled out a pistol. "Now," he said, "you old pragmatic, lest you should catch cold in this cold morning of Scotland and for the honor and safety of the king, to say nothing of the glory of God and the good of your souls, I will proceed simply and in the neatest and most expeditious style possible to blow out your brains."

John Brown fell upon his knees and began to pary. "Ah," said Claverhouse, "look out, if you are going to pray, steer clear of the king, the Council and Richard Cameron." "O Lord," said John Brown, "since it seems to be thy will that I should leave this world for a world where I can love thee better and serve thee more, I put this poor widow woman and these helpless fatherless children into thy hands. We have been together in peace a good while, but now we must look forth to a better meeting in heaven. And as for these poor creatures, blindfolded and infatuated, that stand before me, convert them before it is too late, and may they who have sat in judgment in this lonely place on this blessed morning upon me, a poor defenseless fellow creature — may they in the last judgment find that mercy which they have refused to me, thy most unworthy, but faithful servant. Amen."

He arose and said, "Isabel, the hour has come of which I spoke to you on the morning when I proposed hand and heart to you, and are you willing now, for the love of God, to let me die?" She put her arms around him and said; "The Lord gave, and the Lord hath taken away, Blessed be the name of the Lord." "Stop that sniveling," said Claverhouse. "I have had enough of it. Soldiers, do your work. Take aim! Fire!" And the head of John Brown was scattered on the ground. While the wife was gathering up in her apron the fragments of her husband's head—gathering them up for burial —Claverhouse looked into her face and said; "Now, my good woman, how do you feel now abut your bonnie man?" Oh," she said, "I always thought weel of him; he has been very good to me; I had no reason for thinking anything but weel of him, and I think better of him now." Oh, what a grand thing it will be in the last day to see God pick out his heroes and heroines. Who are those paupers of eternity trudging off from the gates of heaven? Who are they? The Lord Claverhouses and the Herods and those who had scepters and crowns and thrones, but they lived for their own aggrandizement, and they broke the heart of nations. Heroes of earth, but paupers of eternity. I beat the drums of their eternal despair. Woe, woe, woe!

But there is great excitement in heaven. Why those long processions? Why the booming of that great bell in the tower? It is coronation day in heaven. Who are those rising on the thrones with crowns of eternal royalty? They must have been great people on the earth, world renowned people. No. They taught in a ragged school. Taught in a ragged school! Is that all? That is all. Who are those souls waving scepters of eternal dominion? Why, they are little children who waited on invalid mothers. That all? That is all. She was called "Little Mary" on earth. She is an empress now. Who are that great multitude on the highest thrones of heaven? Who are they? Why, they fed the hungry; they clothed the naked: they healed the sick; they comforted the heartbroken. They never found any rest until they put their head down on the pillow of the sepulcher. God watched them. God laughed defiance at the enemies who put their heels hard down on these, his dear children, and one day the Lord struck his hand so hard on his thigh that the omnipotent sword rattled in the buckler as he said; "I am their God, and no weapon formed against them shall prosper."

What harm can the world do you when the Lord Almighty with unsheathed sword fights for you? I preach this sermon for comfort. Go home to the place just where God has put you to play the hero or the heroine. Do not envy any man his money or his applause or his social position. Do not envy any woman her wardrobe or her exquisite appearance. Be the hero or the heroine. If there be no flour in the house and you do not know where your children are to get bread listen, and you will hear something tapping against the window pane. Go to the window, and you will find it is the beak of a raven, and open the window, and there will fly in the messenger that fed Elijah. Do you think that the God who grows the cotton of the south will let you freeze for lack of clothes? Did you think that God, who allowed his disciples of a Sabbath morning to go into the grain field and then take the grain and rub it in their hands and eat — do you think God will let you starve? Did you ever hear the experience of that old man, "I have been young and now am old, yet I have never seen the righteous forsaken or his seed begging bread." Get up out of your discouragement, O troubled soul, O sewing woman, O man kicked and cuffed by unjust employers, O ye who are hard beset in the battle of life and know not which way to turn, O you bereft one, O you sick one with complaints you have told to no one, come and get the comfort of this subject. Listen to our great Captain's cheer. "To him that overcometh will I give to eat of the fruit of the tree of life which is in the midst of the paradise of God."

Heart Humbug

It is fashionable to-day to have a new heart scare every 24 hours. The commonest symptoms of dyspepsia or nerve trouble, such as palpitation, weak spells, loss of appetite, and poor circulation, are magnified and distorted into serious signs of heart trouble, with the object of frightening the public into taking this or that heart remedy. If a hundredth part of the heart trouble we hear about were real, the cemeteries would be filled in a month. A wrong construction is put upon common ailments in order to humbug the people into the belief that heart disease is prevalent, whereas real heart trouble, which is so sadly and suddenly fatal when it does occur, is a rare disease. Lopsided arguments cannot convince an intelligent people. Iron is the vital element of the blood. Too little iron means weakness, lack of spirit, pallid cheeks, shortness of breath, sleeplessness, nervousness, loss of vital force, ending in general break-down. The iron in Dr. Ward's Blood and Nerve Pills is in the soluble form you need, in combination with other curative agents in such a manner that disease can't resist their action. You feel yourself getting well when you take Dr. Ward's Blood and Nerve Pills.

ARE TO BE CROWN COLONIES

British Government Has Plan to Deal With the Boer Republics.

Scheme for the Civil Settlement of South Africa Decided Upon—Sir Alfred Milner to Be Retained as High Commissioner—News From the Field of War Is More Reassuring—Gen. Buller Master of Laing's Nek.

London, June 13. — It is learned by the Associated Press that the Government have at last decided upon a plan for the final settlement of South Africa. The details are kept most secret, but it can safely be said that the Orange River Colony and the Transvaal will become Crown colonies, the latter probably being renamed the Transvaal Colony. Sir Alfred Milner, it is declared, is to be High Commissioner of South Africa, in spite of the opposition he has incurred.

While the civil settlement will be drawn up so as to be eventually independent of military enforcement, it is realized that the initial work must be effected with the co-operation of the troops. Sir Alfred Milner appears to believe that civil reorganization and military pacification can proceed simultaneously, and that a possible scattered rising will not seriously retard the progress or reorganization, once it is begun.

Must Maintain Big Garrisons.

The Colonial Office is said to be of the opinion, however, that the maintenance of good-sized garrisons at such centres as Bloemfontein, Kroonstad, Johannesburg and Pretoria will be necessary for a long time after the Crown colony system gets in working order. For this reason, and others put forward by Sir Alfred Milner, the idea of granting an autonomious form of government has been abandoned.

The final steps in this decision have been taken during the last few days. Mr. Chamberlain sent for Mr. J. P. Fitzpatrick, author of "The Transvaal from Within," who is well known in connection with South African affairs, and spent a whole day in consultation with him. Mr. Fitzpatrick will sail for Cape Town June 16, to join the Advisory Committee, which Sir Alfred Milner is forming.

WAR OFFICE BULLETINS.

Buller Forces Almond's Nek, and the Question Is Asked: "Where Is Gen. Lord Methuen?"

London, June 13. — The War Office has posted the following despatch from Gen. Buller:

"Headquarters in Natal, June 11.—We forced Almond's Nek to-day. It is not marked on the map, but is the last defile to Charleston Flats. The enemy were in considerable force with several guns in position. The brunt of the fighting fell upon the Second Dorsets, who carried the position at the point of the bayonet, and the Third Cavalry Brigade, who were heavily attacked on our right from very broken country round Iketini Mountain.

"I hope our casualties are less than 100, which, considering the extreme length of the position, is much less than I expected. The whole attack was directed by Hildyard, whose dispositions were extremely good. The artillery, Tenth Brigade and Third Cavalry Brigade did the most of the work."

Where Is Lord Methuen?

London, June 13.—The following despatch has been received at the War Office from Gen. Forestier-Walker, in command of the lines of communication in South Africa:

"Cape Town, June 12. — The following is from Kelly-Kenny: June 11—No communication from Methuen since June 7. He was fighting on June 6, to the north of Vetchkop. Steyn is near Reitz. The British prisoners sent to Vrede are well treated."

The Boers Were Defeated.

London, June 13.—The War Office has received the following despatch from Gen. Kelly-Kenny:

"Bloemfontein, June 12.—Our troops from the north are at Honingspruit (south of Roodeval, where the Boers cut the British line of communication), having defeated the enemy. They will be at America Siding to-morrow at 8 a. m. Gen. Knox moves out from Kroonstad to interrupt the enemy. Fuller particulars later."

Hunter Was in Command.

London, June 13. — From the subjoined telegram it would appear that Gen. Hunter was in command of the troops referred to by Gen. Kelly-Kenny in his despatch from Bloemfontein:

"Bloemfontein, June 13. — Gen. Hunter is coming up rapidly from the northwest, having severely defeated a large commando of Boers, who had destroyed two miles of railway north of Kroonstad."

The railway is in possession of the British again, and telegraphic communication with Lord Roberts is expected to be restored to-day. Gen. Hunter's force is apparently the one from the north referred to by Gen. Kelly-Kenny in his official message. Gen. Hunter must have crossed the Vaal from the north, in the direction of Potchefstroom, by a really brilliant march.

A Queer Story.

London, June 13.—According to a despatch to the Daily Express from Machadodorp, dated June 10, via Lorenzo Marquez, those around President Kruger say that Louis Botha and Delarey have been offered indirectly £10,000 a year to lay down their arms, and President Kruger expects the same offer to be made to himself, President Steyn and Dewet. President Kruger believes that the British make these offers to close the war on the principle that it would cost less than to fight it out.

The Mines Are All Ready.

London, June 12.—The Colonial Office has received a telegram from Sir Alfred Milner, dated June 8, saying that the Chamber of Mines at Cape Town has agreed upon 580 representatives of 131 leading mining and other companies, who will proceed to Johannesburg as soon as Lord Roberts decides that it is practicable to receive them. Sir Alfred Milner asserts that he is doing all that is possible to reopen business, but is discouraging the return of the Uitlanders, until the question of transportation and food supply are more settled.

EMERGENCY RATIONS.

Government Will Grant a Committee of Investigation—Mr. Davin's Motion About Mr. Sifton Voted Down.

Ottawa, June 13.—Yesterday afternoon in pursuance of an order of the House, Dr. Borden laid on the table of the House certain papers relating to emergency food.

In speaking of them the Minister of Militia said that they were not yet complete. He expected in a day or so a certified copy of the affidavits made by the soldiers who were experimented on with protos at Kingston. Besides certain analysis of the food, made before and after the recent debate, were not yet complete.

Mr. Davin said that Dr. Borden's making an analysis of the food after the row raised last week, showed that he believed there had been a case made out, and so had practically gone into an enquiry himself.

Sir Wilfred Laurier said that if any member had doubts regarding the transaction after reading the papers handed down, he could have an enquiry.

Mr. Monk, the originator of the charge, asked: "Would Dr. Borden produce some packages of the food sent to S. A.?"

The Minister agreed to do so.

Mr. Monk—"Will he bring down the order that was given from his department or elsewhere, permitting the free entry into Canada from the United States of the stuff that was sent to South Africa?"

Sir Wilfred Laurier said the matter would be looked up.

Mr. Monk—"Would he give the name of the analyst who analyzed the stuff called vitaline that was sent to South Africa?"

Dr. Borden said that he would lay all papers on the table.

The Prime Minister said that as soon as Mr. Monk made his charge of fraud a committee would be given.

Mr. Monk said he was preparing a charge, and would lay it before the House in a few hours.

Col. Prior wanted to know if Dr. Borden had cabled to South Africa concerning the emergency food.

Dr. Borden said he had communicated with two officers in South Africa, but it was not desirable to disclose the nature of the communication.

"Was there any analysis of the food before it was sent to South Africa?" asked Mr. McNeill.

"I cannot say for sure," replied the Minister.

Mr. Wallace asked: "Where was the food delivered and who received it?"

The Minister: "Halifax" and "Dr. Jones."

Mr. Wallace deprecated the custom of bringing down papers in dribs. The House demanded more papers on this topic.

After Dr. Sproule had been told that the Minister did not know whether the foods were paid for before being delivered or not, and after Dr. Borden promised to bring down a paper showing that the ration boxes sent to South Africa were opened before being shipped, the incident closed.

Mr. Davin Charges Nepotism.

Mr. Davin moved for an immediate investigation into Mr. Sifton's partiality in giving timber limits to Theodore A. Burrows, his brother-in-law. An order-in-council passed in July, 1898, stated that certain timber permits might be given only to saw mill owners, with mills in operation, who needed material to keep their mills going. Such permits could be given only to saw mill owners manufacturing timber. But Burrows got a permit for 50 miles square, though he had no mill within 40 miles of his limit. Besides he did not get his license till after the order-in-council was rescinded. Further, he cut timber on a section not located till after the order had been rescinded. Further he violated the order because he did not manufacture a single foot of timber.

Mr. Sutherland said there was no irregularity in the transaction, and declared that Mr. Davin had no basis for his charge.

A vote on Mr. Davin's motion was taken at 10.30. It was lost by 37 to 72.

The House then went into Committee of Supply on the estimates of the Indian Department.

Mills Says It Is a Dead Issue.

Ottawa, June 13.—In the Senate yesterday afternoon Senator Landry asked many questions re the Manitoba school question. Hon. D. Mills refused to answer because the question was a dead issue.

Senator Landry thought otherwise, and declared that the refusal of Manitoba to obey the remedial order laid the burden on the Government. They should see that the judgment of the Privy Council was carried out. The voice of the minority was still crying for justice.

The supplemental supply bill for $225,000 was received from the Commons and railroaded.

Double Drowning at Sundridge.

Sundridge, Ont., June 13. — A sad drowning accident occurred here yesterday. William Lang, Robert Jones and James Lang were crossing Stoney Lake in a boat, and the water being very rough, the boat capsized. William Lang and Robert Jones were drowned. James Lang, being caught in a rope attached to the boat, was rescued. The bodies have not yet been recovered.

Toronto, June 13. — The first banquet of the Alumni Association of Toronto University last night was on a large scale, 400 graduates of bbth sexes being present. Great addresses were delivered by the Chancellor, Sir William Ralph Meredith, Vice-Chancellor Mr. Justice Moss, Sir Charles Tupper, Hon. Mr. Harcourt, President Mills, O.A.C., and others.

A Kingston Boy Missing.

Kingston, Ont., June 13. — The 8-year-old son of Ernest Watts, Queen street, disappeared on Monday afternoon and no trace can be found of him. He was playing on the Haymarket at 5.30 p.m. It is feared that he has been drowned, as he was only a short distance from the water when last seen.

The Murderer's Motive Proved to Be That of a Fiend.

Moosomin, N.W.T., June 13.—A despatch says further developments prove that the murderer's motive for the crime was that, after committing the terrible deed, he attempted to outrage the eldest girl. The prisoner, in his desire to destroy himself, attempted to discharge both barrels of the gun simultaneously, and, had he succeeded, he would have torn the heart out of his body. He failed to discharge the inner barrel, and thus simply tore the side of his body, near the heart, exposing some of the ribs. His previous intention was to use a revolver, but, not acting on it, he resorted to the gun for his destruction.

The little 2-weeks-old baby is dead. The other two are not expected to live.

FACTS.

It is a well known fact that most patent medicine "ads" are fakes, but since introducing Dr. Hall's Rheumatic Cure the proprietors have adhered strictly to the rule of publishing none but genuine testimonials.

Mr. Chas. Sudds.

"You are at perfect liberty to use my name it it will be of any benefit to rheumatic sufferers," writes Mr. Charles Sudds (farmer), Simcoe Island. Mr. Sudds says that he suffered untold agony with rheumatism for eight years. The disease affected him in the back, hip, and down the sciatic nerve. The pain and loss of sleep he experienced made life not worth the living He might as well have taken so much water as the various other rheumatic remedies he tried. The truthful aspect of the testimonials in favor of Dr. Hall's Rheumatic Cure induced him to try a bottle, and he felt the effects of the first dose. He used half a bottle, and has not had a pain or ache since, although he had been a sufferer for eight years.

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

ED. F. DICKENS

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

TERRIBLE HAVOC BY DISEASE

Canada's First Contingent Was Very Severely Stricken.

Forty Men Sent to the Hospital One Day and 70 the Next—Canadians Were in the Heaviest Fighting Given to Lord Roberts' Brigade—Captain Harrison and Pte. Van Norman Dead—Sick and Wounded Soldiers.

Ottawa, June 13. — Several letters have been received here from Canadian soldiers in South Africa. The fearful reduction in the numbers of the contingents is the most important feature noted. Here are samples:

Capt. Maynard Rogers of Ottawa, writing from Wynberg, May 5, states that great havoc is being caused by disease in the ranks of Canadians. On the day of writing 40 men had been sent to the hospitals in charge of Lieut. Gordon Stewart, and 70 more were to go the following day. The men were suffering from fever, chiefly enteric. The Royal Canadian Regiment had been so reduced that the roll only showed 874 men out of 1,035 who left Canada. Some of the companies had but one officer. The draft of men sent out to replace the Canadians who had been invalided, etc., had arrived, and he obtained 10 men for his company.

Doubling up Companies.

Bugler A. B. Cawdron of the first contingent, writing to friends in Ottawa, says that the shell which killed Pte. Harry Cotton lifted Bugler Morrison of the G.G.F.G. off his feet and smothered him in dust. He escaped injury, however. The regiment, he says, is now not 300 strong, so many having gone back with sore feet, etc., and D Company has only 40 men out of the 126 who left Quebec. They are going to put two companies in one.

Canadians in Heaviest Fights.

Another private letter, received by the Militia Department from an officer in the first Canadian Regiment tells of the praises which have been bestowed upon the Canadian troops. He says the Canadian warmly appreciated the comforts sent from Canada and Great Britain. The work of the Royal Canadian Regiment, the writer further states, has been commended by Lord Roberts and the leading officers of the army. He says the 19th Brigade, in which the Canadians were placed, had the heaviest fighting which fell to Lord Roberts' army.

CAPTAIN HARRISON DEAD.

New Brunswick Man Who Went Out as Transport Officer, Taken Off.

London, June 13.—Capt. Harrison of the Canadian Mounted Rifles died at Cape Town from enteric fever.

Captain C. F. Harrison belonged to the Hussars of Sussex, N. B., and went out as transport officer to Canadian Mounted Rifles.

The Sick and Wounded.

Ottawa, June 13.—The following cables have been received from Sir Alfred Milner by Lord Minto:

11th June—Regret to report that 538, Gunner John Neild, Carberry, Royal Canadian Field Artillery, severely wounded by accident by Colt gun at Campbell, Griqualand West, 4th June. (Signed Milner.)

11th June—Regret to report dangerous illness of Ptes. (7380) A. Robson, Hamilton; (207) W. Glover of Dover Centre, Ont., Royal Canadian Regiment, of enteric fever, at Springfontein; (3676) P. E. Mullens, First Canadian Mounted Rifles, enteric fever, at Kroonstad. (Signed Milner.)

LETTER FROM LT.-COL. OTTER.

He Wrote From the Hospital at Bloemfontein, After Being Wounded.

Ottawa, June 13. — Lieut.-Col. Otter, in a letter to the Department of Militia, under date of May 11, explains that a slight wound received in action on 25th ultimo at Thabanchu necessitated his returning to the hospital at Bloemfontein. He goes on to state that he has a good deal of correspondence to attend to in connection with letters from relatives of deceased, sick and wounded men, both in England and Canada, while the receipts of money and comforts sent for the non-commissioned officers and men of the battalion are almost without number, and, of course, have to be acknowledged and duly distributed.

Three Bank Accounts.

"I have," writes Col. Otter, "three bank accounts in my name and a house full of comforts, with more constantly arriving, awaiting distribution to the battalion when opportunity arrives, while a great deal had already been given them before we left here, the last time, on 21st ultimo. The Canadian ladies of England have forwarded thru our own High Commissioner no less than 110 cases at different times, many of which have already arrived, to be given to the three Canadian contingents, and all these come to me, and have to be looked after and distributed. At least a dozen other ladies in England have collected from their friends similar parcels and sent us for the gallant Canadians—these all from total strangers—while in Canada, from Victoria to Halifax, have come bales and boxes galore.

The Disappointment of It.

"The disappointment of it all is that owing to the constant movement of the battalion these comforts, which the battalion needs very much, cannot be distributed, as they cannot be transported with it, or cannot be got to it."

Battalion Had Heavy Fighting.

"You will have gathered from official reports," Col. Otter also states, "that the battalion has seen no small share of active service, and, from the public press, that so far it has acquitted itself in a creditable manner, all of which I am sure will be of satisfaction to you and the public of Canada generally. When I say that it has no small share of active service I am well within the mark, as it is fully conceded here that, of Lord Roberts' own immediate command, the 19th Brigade has had the hardest work and the most fighting, and in that brigade the Royal Canadian Regiment has done its full share and held its own in every way throout.

Specially Complimented.

"The day I was wounded both Gen. Ian Hamilton and Major-General Smith Dorrien came to me specially and complimented us very strongly on the day's work, and referred in the same terms to the battalion's previous record. The natural result of this service is, of course, much diminished ranks, and tho the draft recently sent us has arrived, and is now in the field, I doubt if we have now fit for service there 600 officers and men, and these I know are pretty well tired out, or were when I left them two weeks ago."

TRIBUTES TO RYERSON.

Work of the Canadian Red Cross Society Passed Upon by Lords Roberts and Methuen.

Ottawa, June 13.—The following correspondence has been forwarded to the Militia Department from the Colonial Office:

Colonial Office, Downing-street,
May 24, 1900.

My Lord,—I have the honor to transmit to you for communication to your Ministers copy of a despatch which the Secretary of State for War has received from the Field Marshal, the Commander-in-Chief in South Africa, respecting the good work done by the Canadian Red Cross Society at Kimberley.

I observe with great pleasure the high terms in which Lord Roberts and Lord Methuen have reported on the work of the society. I have, etc.,

(Sgd.) J. Chamberlain.

Army Headquarters, South Africa,
Government House, Bloemfontein,
March 29, 1900.

My Lord,—I have the honor to forward a copy of a letter from Lieut.-Gen. Lord Methuen, bearing testimony to the excellent work done by the Canadian Red Cross Society at Kimberley.

Praise From Lord Roberts.

The Royal Army Medical Corps were working at Kimberley at very high pressure, owing to the fact that our own wounded from Paardeberg and a very large number of Boers' wounded in the laager and in the various skirmishes around Paardeberg were sent in to that place. Had it not been for the exertions of the Mayor of Kimberley in providing accommodation, the kindness of the sisters at the Nazareth Home and the Roman Catholic community, and the energy and zeal of Lieut.-Col. Ryerson, M.D., and the Canadian Red Cross Society, the condition of the sick and wounded would have been different from what I found it on my visit there last month.

(Sgd.) Roberts, Field Marshal.

Lord Methuen Joins in.

Chief of Staff,—I wish to bring before the Commander-in-Chief the fine and unostentatious work performed by the Canadian Red Cross Society here, under the guidance of Lieut.-Col. Ryerson, M.D. The sick and wounded came from Paardeberg in too large numbers and at too great a pace for me to meet the medical requirements. The Kimberley people found halls and schools and as many beds as they could. But 300 trestle beds and extra blankets appeared, so far as I could make out, from the skies. Only yesterday I found out Lieut.-Col. Ryerson had seen our wants, and had got De Beers' men to make the beds, had bought the blankets and hospital requirements, and placed these things in the hospital, without saying a word to anyone. Here, at any rate, is money spent in a practical manner, the agent a medical man, who ascertains the place where aid is required, and who uses his own judgment as to what is required. Lieut.-Col. Ryerson leaves to-day, and has left me a cheque to spend as I think best for the sick.

Four Canadian nurses came here to-day. The Canadian Red Cross Society have taken so much interest in the work that I should be glad if this testimony of good done by the society, thru Lieut.-Col. Ryerson, might be known to the president of the society.

Methuen,
Lieut.-Gen. Commanding First Division.

Love is the corner-stone of a woman's life. She builds all her hopes upon and around those tender affections which she cherishes toward the ones who are dear to her, and which she looks to receive from them in return.
This is woman's nature; it is the God-given instinct that makes her a fond and tender sweetheart; a comforting, helpful wife; an ever-loving, solicitous, care-taking mother.
When a woman feels that the responsibilities and duties of wifehood and motherhood have become irksome to her—a burden and trouble rather than a source of uplifting and inspiration—it shows that there is some deficiency in her physical make-up; some abnormal and unhealthy condition of the delicate and important special structure of womanhood.
Many thousands of women annually write to Dr. R. V. Pierce, of Buffalo, N. Y., the eminent specialist in women's diseases requesting professional advice—which he is always glad to send without charge—and telling him of the marvelous benefits they have received from his wonderful "Favorite Prescription" in building up their special health and physical energy.
"I would like to express my gratitude to you for the benefit I have received from your wonderful 'Favorite Prescription,'" writes Mrs. H. C. Anderson, of South Britain, New Haven Co., Conn. "During the first month of pregnancy I could not keep anything on my stomach. I was so sick that I had to go to bed and stay for weeks.
"I tried different doctors, but with little benefit. I read about many being helped by using your medicine so I thought I would give it a trial. I began to take 'Favorite Prescription' in November and I had a nice little baby girl in February following. My baby weighed over eight pounds. I was only in hard labor about one hour and got along nicely during confinement; was up and dressed on the eighth day.
"The 'Favorite Prescription' helped me wonderfully. It kept me from having a miscarriage. This makes my second child; with the first one I did not take 'Favorite Prescription' and I had a miscarriage. This last baby is as plump and healthy as any mother could wish."
Send 31 one-cent stamps to pay cost of customs and mailing only for a free copy of Dr. Pierce's Medical Adviser; or 50 stamps for a cloth-bound copy.

A SERIOUS REVERSE.

The Ashanti War—British Relief Column on the Way to Coomassie Defeated—Coast Towns Anxious.

Accra, Gold Coast, June 13. — Details have been received here of another serious reverse to the relief column under Col. Carter and Major Wilkinson, a day's march north of Prahsu. There were heavy casualties. The latest rumors report a further disaster to a detachment on the north bank of the Prahsu, which is now flooded, and where the Ashantees were found strongly entrenched.

Captain Wilcock's advance has been delayed by rains, which have destroyed the bridges on the Prahsu road.

The continued absence of news from Coomassie tends to confirm the pessimistic views as to the safety of the Governor and his staff. The coast towns are apprehensive of their own safety.

The British gunboat Magpie, stationed at Accra, is the sole protection for the coast.

Owing to the difficulty encountered in procuring carriers, the enforcement of a labor ordinance is threatened, but such a step is considered unavailable, in view of the present temper of the inhabitants and the unprotected condition of the colony. The general opinion is that the present force is inadequate to cope with the situation, and the local Government apparently fails to recognize its gravity.

The Bisley Date Is June 22.

Ottawa, June 13. — By a militia order issued last night the date of the departure of the Bisley team is fixed for June 22.

Owing to the prevalence of smallpox, the 42nd Lanark and Renfrew Regiment will not drill this year. The same applies to three Quebec regiments.

Drowned While Bathing.

St. Catharines, Ont., June 13.—John V. Durham, a prominent fruit grower of Grantham Township, received word from Derby, Pa., yesterday that his eldest son, Hilliard, had been drowned there while in bathing. He left this city last January and accepted a position in a railway office in Derby.

German Naval Bill Passed.

Berlin, June 13.—The Reichstag yesterday passed the navy bill.

Aged Man Anxious to Die.

Hamilton, June 13.—William Hendley, an aged man from Guelph, who was allowed to go at the Police Court on Saturday, after pleading guilty to a charge of attempting to take his life, made another attempt at suicide last evening. He walked into shallow water at the bay, and opened the wound in his wrist, which he made two weeks ago with a razor at the James Street Incline Railway. He was rescued by some men, and taken to the General Hospital. He will recover.

Hendley, it is said, has been wandering aimlessly about the city since he was liberated. He has a son in Guelph. Hendley says he has had family troubles.

ROUTED BY BRITISH MARINES

Sixteen British Blue Jackets Chase 2,000 of the Bandits.

The Advance Party Killed Twenty or More of Them—The International Force Numbers 2,045, of Whom 915 Are British—A High Japanese Official Murdered in Cold Blood While Going About His Duty.

London, June 13.—Sixteen British marines, reconnoitering in advance of the international column marching to Pekin, fought and chased 2,000 Boxers Monday, killing 20 or 30. A correspondent, accompanying the column, in a despatch dated Tien Tsin, June 12, via Shanghai, June 13, 6.15 a. m., says:

"While the working parties, accompanied by a patrol of 16 British marines, commanded by Major Johnson, were repairing the line Monday afternoon, eight miles beyond Lofa, they encountered small parties of Boxers, who were destroying the line. The Boxers moved away from the advanced marines and apparently dispersed into the country, leaving the rails moved and the sleepers burning.

A Stream of Boxers.

"The marines, when two miles in advance of the first train, near Lang Fang, suddenly perceived Boxers streaming from a village on their left. It was estimated that they numbered 2000, some of them being mounted, and they were trying to get between the marines and the train. Most of them were armed with spears and swords. A few had fire arms, which they handled awkwardly.

"The marines retreated, keeping up a running fire for over a mile, and killing between 20 and 30.

"The Boxers pursued the British for some distance. Then, seeing more marines coming from the trains to their assistance, Major Johnson's 16 halted, and poured a heavy, continuous fire into the crowd, driving them across the front of the reinforcing blue jackets, who punished the Boxers severely with Maxims.

The Boxers Fled.

"The Boxers fled, and the Europeans, following up their success, cleared out two villages. The total loss of the Boxers is estimated at 40 killed and wounded. Seven of their wounded were attended by British surgeons. The British loss was nothing.

"Unless their loss causes the Boxers to lose heart, the international column will have much trouble before it reaches Pekin. The railway is so much damaged that the column only covered 34 miles Sunday and Monday, and there is reason to fear that the road beyond is more badly damaged.

Headless Bodies Found.

"Evidences of Gen. Nieh's operations are found in headless bodies. The whole country presents a desolate aspect, entire villages having been deserted.

"The expedition numbers 2044, as follows: British, 915; German, 250; Russian, 300; French, 128; American 104; Japanese, 52, Italian, 40, and Austrian 25."

Japanese Official Murdered.

The Times, in an extra edition, publishes the following despatch from Pekin, dated June 12, 2 p.m.:

"The Chancellor of the Japanese legation, Sugiyama Akira, while proceeding alone and unprotected on official duty, was brutally murdered by soldiers of Tung Fun Siang, the favorite body guard of the Empress at Manigate Railroad station yesterday."

Japan Must Mean Business.

London, June 13. — A telegram from Yokohama, dated Tuesday evening, says that the Japanese Government has ordered four more warships to proceed to Taku, and 4,000 men of all arms are under orders to be in immediate readiness for embarkation.

John Gagnon Drowned.

Callendar, Ont., June 13. — Last evening John Gagnon, in the employ of Henry Marsh, lumberman, while working on a boom of logs, slipped into the water and was drowned.

Results of Torpid Liver
And How it Influences Other Organs of the Body---The Liver is Set Right by Using
Dr. Chase's Kidney-Liver Pills
No organ in the human body has a greater influence on the general health than the liver.
A torpid, sluggish liver leaves poisonous, morbid bile in the blood, which upsets the action of the whole system.
There is indigestion, fullness, fermentation, flatulency and oppression in the stomach.
The tongue is coated, the head aches and there is loss of sleep, depression of spirits, and spells of dizziness and weakness.
The bowels are constipated and loose by turns, and griping pains are frequent.
The skin tells of the poisoned state of the blood, by pimples, blotches, and liver spots.
In sympathy with the liver the kidneys become clogged and inactive, the urine highly colored, and there are pains in the back and under the left shoulder blade.
Shortness of breath and palpitation of the heart and derangements of the menstrual functions are among the symptoms of liver complaint.
You should not expect to find all these symptoms in any one case, but if any of them are present, it is time to take prompt action to relieve the system of these morbid poisons.
The liver must have assistance.
The process of restoration will be hastened if the kidneys are also invigorated and strengthened.
Both these filtering systems are acted on directly and promptly by Dr. Chase's Kidney-Liver Pills.
It is through the liver and kidneys alone that the blood can be freed of all impurities and the morbid matter which collects there when the liver is deranged.
Many a suffering man, many a despondent woman, has been cured of the above distressing ailments by the use of Dr. Chase's Kidney-Liver Pills, the only remedy that has a combined action on both liver and kidneys.
The wisdom of Dr. Chase in preparing this wonderful remedy has been proven in scores of thousands of cases of complicated diseases of the liver and kidneys, which could be reached by no other remedy.
You do not require faith to be cured by Dr. Chase's Kidney-Liver Pills. The first dose will help you, and a few boxes at most will positively cure the most severe case of liver complaint or kidney disease. One pill a dose, 25 cents a box, at all dealers, or post-paid by Edmanson, Bates & Co., Toronto.
Croup, bronchitis, coughs and colds are promptly cured by mothers' favorite remedy, Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle. Family size, three times as much, 60 cents.

AUCTION MORTGAGE SALE

OF VALUABLE LICENSED

Hotel Premises

IN BELLEVILLE.

UNDER and by virtue of the powers contained in three certain mortgages made by James McGuire and John Row, default having been made in payment thereof (which mortgages will be produced at time of sale), there will be offered for sale by Public Auction, at the Albion Hotel, in the City of Belleville, on Wednesday, 4th day of July, 1900, at 2 p.m., the following valuable freehold property, known as the "Albion Hotel" premises, namely: All that portion of the Island in the river Moira, known as Lot No. 69 on the west side of Front street as shown in Haslett's map of Belleville, as described in mortgage registered in Book "F" for Belleville, as No. 1699, on the twenty-first of December, 1894, containing twenty-nine hundredths of an acre, more or less, and also the rights in the river-bed west of the said lands, and the right of way over the lane north of the said lands as in said mortgage described; also Lot 64 on the west side of Front street in the said City of Belleville, containing one-sixth of an acre, more or less, having a frontage of forty feet on Front street, with a depth of one hundred and seventy-eight feet altogether, and the right of way over a lane twenty feet in width, lying north of said Lot 64; also a part of Lot 63 on the west side of Front street, in the City of Belleville, bounded on the west by the raceway there situated, on the south by the north line of land formerly owned by Samuel Stevens; on the east by the land formerly owned by Mrs. Globensky; on the north by land formerly owned by E. H. Coleman, reserving the right of way in said mortgages more particularly described. Upon the premises are erected splendid stables with fine yard accommodation and access to the river in rear.

The property will be offered subject to a reserve bid. 10 per cent. of the purchase money to be paid at the time of sale, to the Vendors' Solicitor, and the balance (with interest at 6 per cent.) in twenty days thereafter, but arrangements may be made by which part of the purchase money may remain on mortgage on the property on most favorable terms.

For further particulars and conditions of sale, apply to

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Backache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

MEETING OF Y. M. C A. AUXILIARY.

Two Interesting Addresses — Mrs. Newton Hill's Work Appreciated.

The Ladies' Auxiliary of the Y.M. C.A. held a largely attended meeting of more than ordinary interest yesterday. Mrs. D. C. Stevens, who with her husband has been attending the Secretaries' Conference at the Thousand Islands, gave an account of the wonderful meeting just closed. Miss A. Hitchon, a former secretary of the Auxiliary, told of the work in which she has been engaged during the past winter in connection with the Toronto Bible Training School, as well as special work for neglected young men.

A great loss will be sustained by the ladies in Mrs. Newton Hill's removal to Toronto. She has proved a most efficient secretary. The following resolution was read, and put on record;

To Mrs. Hill;—

It is with feelings of deep regret that we as an Auxiliary, learn of your removal from our midst. We do not like to let you go from us without expressing our thanks for the faithful and efficient manner in which you have acted as our secretary here. We pray that you may be increasingly blessed and used in the new sphere of work for the Master that you are entering upon. We shall look forward to renewing our acquaintance with you, if not on earth, in the Homeland.

The Auxiliary membership is now over 150.

COUNTY COUNCIL.

Deliberations of the County Law-Makers—Many Subjects Discussed.

Tuesday, June 12.

AFTERNOON SESSION.

Council met at 2 p.m., all the members present. Warden Clare occupied the chair.

After the reading and adopting of the minutes of the last session of the Council held in January the Warden addressed them as follows:

It afforded him much pleasure to meet the County Councillors again after an absence of some months. During the interval since last session very little of importance had occurred in the Council. He had asked the Treasurer to prepare a statement of the monies expended since the January session. The roads and bridges were in a fair condition after the winter. The important work of this session will be that of equalization, and he hoped it would be arranged satisfactory to all members.

"We had a great deal to be thankful for at present. Crops were looking fine and prospects were fair for a good crop. Another cause for thankfulness was that we were in a season of prosperity, as prices in farm produce were good. He was pleased that the trouble in South Africa was drawing to a close and this was a cause of much rejoicing.

COMMUNICATIONS.

A communication was read from Mr. Courtney, of Ottawa, acknowledging the receipt of $200 from the County Council of Hastings for the Patriotic Fund. Received and filed.

Mr. McFarlane called the attention of the Council to the matter of County Constable Johnson which would be brought up at the session this afternoon. He moved that the Council attend the sessions in a body in reference to this matter.

The Clerk stated that he had communicated with the County Attorney and sent the resolution passed by the Council asking for the dismissal of Mr. Johnson. The Attorney said the matter would be brought up at the opening of the sessions.

The matter was left in abeyance until the matter was to be brought up.

Warden Clare said that a deputation of ladies of the W.C.A. desired to wait upon the Council in reference to the Hospital and Home.

It was agreed to fix the time for meeting them at 2.30 Wednesday afternoon.

A communication was received from Mr. J. B. Cleak, Police Magistrate at Bancroft, detailing the cases he had tried during the past year.—Received and filed.

A communication was read from Mr. Miller, of Glen Miller, asking permission to place poles between that place and Frankford and string wires across the Frankford bridge for the transmission of electricity. Referred.

Mr. J. M. Simmonds asked that a county drain at Frankford be extended for the purpose of draining a lot belonging to him.—Referred.

The County Treasurer presented a report detailing the receipts and expenditures since January of the present year. It showed a balance on hand of $12.93.

A communication was read from the County Clerk of Frontenac, asking for signing of a petition to the Government, praying that the present expense of summoning jurors be considered and reduced.—Referred to Committee on Communications.

On motion the Council went into Committee of the Whole on Communications, Mr. Pearce in the chair.

Mr. Holgate stated it was the intention of his son to again attend the Agricultural college at Guelph, and if there were no other nominees, he would be pleased to have him again go as the County nominee.

Moved by Mr. Mallory, seconded by the Warden that T. S. Holgate be the County's nominee as student at the Guelph Agricultural college. — Carried.

A communication was read from Oxford County Council asking the Council to petition the Government to define the law relating to "lawful roadway."

Mr. Holgate said this was a subject which would be hard to define as many roads were of different width. He moved that no action be taken in the matter.—Carried.

The communication of the Temple Paint Company, of Toronto, in reference to their paint on buildings and roofs protecting the same, was referred for further consideration.

FOR SALE BY DRUGGISTS. (39 572)

On motion the Committee rose and reported progress, and Council adjourned until 10 o'clock Wednesday morning.

Wednesday, June 13.

MORNING SESSION.

Council resumed at 10 a. m., Warden Clare in the chair. Members all present.

Communications, Etc.

A communication was received inviting the Council to visit the Hospital and see the improvements that had been made during the year.

On motion it was decided to receive the communication and file it, and accede to the request.

Mr. Lancaster presented a petition asking that Bancroft village be made a police village. — Referred to By-law Committee.

A petition was presented by Mr. Pearce asking that Marmora village be incorporated.—Referred to Ways and Means Committee.

Mr. Thos. Cross presented a petition asking that a hill in Rawdon be cut down.

Mr. J. B. Parker presented a petition asking for the cutting down a hill in Rawdon.

Both petitions were referred to the Roads and Bridges Committee.

Reports.

A report was presented showing that the cost of wood for the jail and other buildings last year was $178.47. Mr. Seirichs had contract for bread at 7 3-4 cents per 4 pound loaf; Mr. C. Green, butcher, meat at 6 cents per pound.

The report also recommended that a suitable building for the County Attorney's office be erected north of the Shire Hall, which would effect a saving to the County. The cost now per year for an office is $150.

The request was referred to Ways and Means Committee.

Mr. John Johnston, School Inspector for South Hastings, read his annual report, showing expenditures, etc., during the past year.

Mr. Wm. MacIntosh, Inspector for North Hastings, presented his report.

Mr. McFarlane said the report presented by Mr. Johnston was lucid and important. He moved, seconded by Dr. Faulkner, that the report be received and adopted.

Dr. Faulkner thought the reports should be published in the local papers.

The report was received and adopted.

Mr. English gave notice of a by-law to equalize the assessment of the minor municipalities for 1900.

Mr. T. Wills, County Treasurer, said an account amounting to $10 had been presented by a County Constable who came to remove to the asylum a lunatic who had died in the jail some five or six weeks previous to the constable's coming to the jail.—Referred to Ways and Means Committee.

Mr. Pearce said that Mr. J. C. Lake had invited the Council to take a sail down to Massassaga Park some evening upon his yacht Annie Lake.

On motion the invitation was accepted.

On motion the Council went into Committee of the Whole on Roads and Bridges, Mr. McFarlane in the chair.

The petition presented by Mr. Cross asking for $50 for cutting down a hill on County road in the 2nd concession of Rawdon, was considered.

Mr. Cross said he had been informed that the hill was a dangerous place and an accident had occurred.

Mr. Pearce spoke in support of the petition and moved that the prayer of the petition be granted.

After some further discussion the matter was laid over to see if the hill was upon a County gravel road.

A petition was read from a number of ratepayers, asking for a grant to make passable a hill in Rawdon township, known as Belshaw's hill.

On motion the matter was laid over until Thursday.

On motion the committee rose and reported progress, and asked leave to sit again.—Granted.

It being 12 o'clock, the Warden left the chair.

BOTHA'S TROOPS RETIRE.

They Leave Two Positions to Lord Roberts' Forces.

Gen. Buller at Last in Touch with Lord Roberts.

Motives for Ex-Premier Schreiner's Resignation.

London, June 14.—The War Office issues the following report from Lord Roberts, under date of Pretoria, June 13, afternoon: "The enemy evacuated their strong position during the night and have retired to the eastward. Buller's forces and mine have afforded each other mutual assistance and our occupation of Pretoria caused numbers of the Boers to withdraw from Laing's Nek, and Buller's advance to Volksrust made them feel their rear would shortly be endangered."

London, June 14.—Gen. Buller reports to the War Office as follows: "Headquarters at Laing's Nek, June 14, morning—Gen. Lyttleton yesterday received the formal submission of the town and district of Wakkerstroom, which the enemy is believed to have completely evacuated."

London, June 14.—Lord Roberts reports to the War Office, under date of Pretoria, June 13, 9.55 a. m., as follows: "Methuen advanced to Honing's Spruit yesterday and found all quiet. Kroonstad is strongly held. Methuen returned to-day to Rhenoster River, where the railway is being repaired. We were engaged all yesterday with Botha's army. The enemy fought with considerable determination and held our cavalry in both flanks, but Ian Hamilton, assisted by the Guards Brigade of Pole-Carew's Division, pushing forward, caused the enemy to fall back on their second position to the eastward. They are still holding this. It is slightly higher than the one we have captured. The great extent of country which has to be covered under modern conditions of warfare renders progress very slow. Details of the casualties have not reached me, but I understand they are moderate in numbers, the only further casualties reported to date are two officers wounded.

It is announced from Cape Town that Sir Alfred Milner has sent for Sir John Gordon Sprigg, the former Premier, who is understood to be trying to form a Cabinet. A despatch from Cape Town says: At the opening of Parliament Mr. Schreiner will explain that he resigned because he was unwilling to remain in office supported by the opposition, believing his influence greater with the moderate Afrikanders when a private member than as Premier by the grace of the progressives. Nevertheless leaders of the Afrikander extremists are said to consider Mr. Schreiner a traitor to their cause.

LEGATION'S POSITION CRITICAL

30,000 Chinese Troops have Guns Trained on British, U. S., and Japanese Legations at Pekin.

London, June 14.—A special despatch from Shanghai says the position of the Legations at Pekin is most critical. According to this despatch 30,000 Chinese troops are drawn up outside the gates of the city to oppose the relief force, and guns are trained upon the American, British and Japanese Legations. The American, Russian and Japanese ministers have sent couriers to Tien Tsin asking for 2,000 troops of each nationality. The United States gunboats, Yorktown and Castine left yesterday for Tong Kui. There is no foreign warship now there.

ANOTHER SHIRT BARGAIN.

Quick & Robertson have just received another big bargain in colored shirts for men, 30 doz. in all. The cloth is a stripe pique, stiff bosom, separate cuffs, and the color is guaranteed fast. The regular price of these goods are $1.00, but we have marked them to sell at 50c. They won't last long at that price.

Nearly Lost Her Life in a Drain.

Yesterday afternoon, Kathleen, the little two-year-old daughter of Mr. and Mrs. Chancey Ashley, Station street, came very near to a sudden termination of her career. Escaping for a moment from her mother's notice, she found her way to an open drain leading from the old "oil well" and fell headlong into it. Fortunately Mrs. Ashley heard the little one's cries and to-day Miss Kathleen is none the worse for her adventure, which her mother's prompt rescue, no doubt, saved from a fatal result.

With Honors.

Messrs. S. Warner and George E. Eakins, of this city, are to be congratulated on passing their first year's examinations at "Varsity" with honors. Mr. S. Warner stood sixth in mathematics and physics. Mr. George E. stood seventh in natural science. These young gentlemen's success is more than their friends expected as, owing to the lamented illness of their father, their studies have been interrupted considerably.

THE BEST PIPE TOBACCO.

One of the nicest medium priced package tobaccos is to be had at MacCallum's for 10 cents a package. It is a special mixture put up for him and is outselling any other 10 cent package tobacco he has. It is cut from plug, slightly flavored, and will not burn the tongue. 14-16

CONSTABLE JOHNSON DISMISSED.

The Petition Presented by County Council Asking for Dismissal Prevails.

Yesterday afternoon upon adjournment of the County Council, the members attended the General Sessions for the purpose of defending their action asking for the dismissal of County Constable George S. Johnson. A petition signed by the Council was presented to His Honor Judge Lazier, asking for the dismissal of the constable on the grounds that he had procured from the County $20 for the apprehension of an alleged horse thief, which it was contended he was not entitled to, and which he refused to refund when requested so to do. The petition was supported by the Council. Mr. P. J. M. Anderson was present on behalf of the County and Mr. E. Guss Porter appeared for the constable.

After some evidence had been submitted His Honor asked the Magistrates present who were in favor of the petition being granted to vote yea, when all the members did so. His Honor then, in compliance with their request, dismissed the constable. (The constable on being seen stated that the case was just where he wanted it, that he desired a legal decision, that as the Council had now opened the door Mr. Porter would issue writs against all parties voting on the occasion immediately, and possibly against some of the members for slander.)

Mott vs. Mackenzie.—This was an action for alleged trespass, and cutting down trees by defendant on a lane belonging to plaintiff. The defendant alleged that he had the consent of the plaintiff to do what he did. Both parties reside in Thurlow township. Case lasted for some time. Verdict for defendant. E. Guss Porter and W. J. Diamond for plaintiff, F. E. O'Flynn for defendant.

McGinnis vs. Van Valkenburg.—An action for trespass. Parties reside in Tyendinaga. Case still in progress. Mr. E. Guss Porter for plaintiff, Mr. J. English, Napanee, for defendant.

The Grand Jury brought in a true bill against Joseph Wynne for housebreaking and no bill against the prisoner for theft.

CHECK BICYCLE TROUSERS.

Another large lot of those black and white check bicycle trousers has been received at the Oak Hall. The demand for this line has been so large this season that we cannot get enough of them. Those we now have are selling very fast. All sizes in stock at present and the price is only $2.00.

Succumbed to His Injuries.

George Babcock, of Trenton, the lad who sustained severe injuries by his head coming in contact with a revolving saw, died yesterday. The lad survived eight days after the accident.

Regimental Parade.

The parade of the Fifteenth Regiment last evening was a creditable one. The men were paraded to the hospital lot, where for some time they drilled. Both bands were in attendance and a large number of citizens were pleased at the sweet strains discoursed by the silver band.

Visited the Hospital.

The members of the County Council this afternoon visited the hospital in a body. They were shown through the institution and were much pleased with what they saw. The improvements recently made have added much to the convenience and comfort of patients.

HER HEAD A FRIGHT.

"Large sores covered the head and face of our child," writes C. D. Isbill, of Morganton, Tenn., "that no treatment helped till we used Bucklen's Arnica Salve, which quickly cured her." Infallible in Eruptions, Bruises, Accidents and Piles. Cure guaranteed. Only 25c at McKeown's drug store.

Examinations at Albert.

The Senior Matriculation examinations in connection with Albert College are now going on conducted by Prof. Laing, of Toronto University. Fourteen candidates are writing.

A Narrow Escape.

Harry Denyes, son of Mr. John W. Denyes, formerly of Thurlow, is at present in South Africa, being attached with Gen. Roberts' brigade. He was a gunner belonging to the Wellington Field Battery and two years ago won first prize at the artillery competition at Quebec. In an engagement recently the horse he was riding was shot from under him. Harry is a cousin of County Councillor, Mr. H. K. Denyes.

FOOTBALL.

The final football match between the Fifteenth Regiment and Albert College teams for the possession of the Corby cup was to have been played yesterday, but the College team defaulted stating that owing to examinations being on they were unable to place a team in the field. The Fifteenth Regiment team is now the possessor of the cup.

THE HEALTH PROBLEM.

Is much simpler than is sometimes supposed. Health depends chiefly upon perfect digestion and pure blood, and the problem is solved very readily by Hood's Sarsaparilla. You may keep well by taking it promptly for any stomach or blood disorder. Its cures of scrofula, salt rheum, catarrh, dyspepsia, rheumatism and other diseases are numbered by the thousands.

The favorite family cathartic is Hood's Pills.

Married in Buffalo.

One of Belleville's cleverest and most charming daughters was married at Buffalo, N.Y., on the 7th inst., when Miss Emma Belle Mikel, daughter of Mr. J. R. Mikel, wed F. W. Filsinger, Esq., M.D., of Buffalo. The happy couple are to be "At-Home" at 177 Northampton street, Buffalo, after July 1st. It is understood that the bridegroom has an extensive and lucrative practice. Mrs. Filsinger has many friends in this city who will unite with The Intelligencer in congratulating the doctor on securing so estimable a bride, and in wishing them both many years of wedded bliss.

Take lunch basket and go on excursion to Toronto and Guelph, June 16th.

A Delightful Sail.

A number of the members of the County Council last evening accepted the invitation of Mr. J. C. Lake for a sail upon his steamer, Annie Lake. The party went down the bay as far as Massassaga Park and also sailed around the bay. The outing was much enjoyed and a hearty vote of thanks was tendered Mr. Lake for his hospitality.

SENTENCED TO DEATH.

"You are in the last stages of Consumption and cannot live more than a month," were the words of doom heard by Mrs. Rosa Richardson, of Laurel Springs, N. C., from her doctors, "but she began to use Dr. King's New Discovery" writes R. L. Daughton, of that place, "and was wholly cured by it. She is now a stout, well woman." It's the supreme cure for desperate diseases of throat and lungs. Infallible for Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough. Guaranteed bottles 50c and $1.00. FAITHFUL PARTIZANSHIP.

A BACK DOWN!

It is amusing to those who watch passing events to witness the readiness and facility with which the faithful and servile press supporting the Dominion Government can change front, or remain dormant, whenever the Government is forced by public sentiment to turn its back upon itself.

Notable instances of this servility have occurred during the few past months. When the Premier in an interview with the Globe's representative declared he had no power to raise troops for the South African war, the party press fell into 'into line, extolled his constitutional lore, and proclaimed him one of the greatest of legal authorities on the continent. Public indignation being aroused, and the demand for immediate action became so strong, that this great constitutional legal luminary, who, through the medium to which we have made reference, told the people of Canada the law and the Constitution prevented him taking action, descended from the Tartarian-Bourassa pedestal which he had mounted and consented to order the formation of a volunteer corps for duty in South Africa. The party press followed suit, and again sent up peons of praise to their leader for his exhibition of patriotism. True, Tarte, the Master of the Cabinet, and his journal, La Patrie, kicked, and made direful threats of what they would do if any such step were taken without the authority of Parliament was first had and obtained. Sweetness of office on the part of Tarte, and pap on the part of the Drummond County $30,000 journal, however, brought them to their knees, and with others, remained in harness.

Now we have another sad exhibition of quietly and humbly swallowing the leek. The Government introduced a bill amending and consolidating the Election law, in which they introduced a clause disfranchising the Dominion Mounted Police and permanent volunteer forces of the country. This proposition was loudly applauded by that portion of the Grit press, which has no opinion other than that propounded or foreshadowed by the members of the Government.

Public opinion again became indignant at so outrageous a proposition, and the Laurier-Tarte compact right about faced and retreated in double quick time, and abandoned the clause.

No sound has yet come from those who defended the attempt to disfranchise our brave men now fighting for their country in commendation or condemnation of this ignominious funk on the part of the Government, the subsidized opinionless inbeciles not daring to give an open and honest avowal of what their views are, if they have any, other than furnished them by their masters.

There duty is to obey, no matter what order the political commander may give, and like the Tommy Atkins of the army, advance or retreat as directed.

A pitiable position for a supposed free press in a free country to occupy. Opinions from such a source should have little weight with thinking people.

HIGH GRADE MINE.

Form r Bellevillian Owns a Dividend Payer in Montana.

The recent strike in the Bell group of mines in Warm Springs district, near Helena, is the subject of much comment among mining men. This group consists of three claims located about six miles above Clancy and distant 22 miles from Helena. The principal development is on the Bell claim and consists of surface cuts to disclose the strike of the veins. There are two veins running the full length of the three claims. There is a shaft on the Bell, but the greatest amount of development is by tunnels.

C. W. Flemming, the sole owner of this latest addition to the long list of dividend payers, was born at Belleville, Ont., and his mother and the other members of his family still live in Peterboro, Ont. Four years ago Mr. Flemming, without any experience in mining, and with small capital, made up his mind that he would make a mine out of the Bell group and in spite of the advice of the easy chair miners, who persistently tried to discourage him, he kept everlastingly at it and his well deserved success is the result. Many times during the four years the outlook was blue. Frequently the money and grub ran out and when it did Mr. Flemming went to work for wages until he had enough ahead to buy supplies for another try at the Bell. His patience and industry were rewarded last July by striking two feet of high grade shipping ore that averages $50 per ton, and since then the ore teams have been busy. The total output up to date has exceeded $50,000, of which the largest portion was profit. There are 200 tons of high grade stuff in the bins which the two six-horse teams have been unable to haul, owing to bad roads. While Mr Flemming's experience as a miner is limited to four years, he has learned more rapidly than most men and with true, minerlike method he is keeping his development ahead. The new strike is in the 400-foot tunnel, which was started last winter and has been driven steadily and only struck the ore shoot two weeks ago, since when driving on the vein has developed the shoot a length of 70 feet with no indications that the end has been reached.

The pay streak averages three and one-half feet and the same shoot is disclosed in the 150 foot level. An upraise is being made for air and stops are being started. When the upraise is completed driving on the vein will be resumed and more ore put in sight.

The force at present consists of 20 men, but when the new upraise is completed the force will be doubled.

Owing to the bad condition of the roads, Mr. Flemming was the victim of a painful accident Thursday. One of the teamsters was laid off and Mr. Flemming took his place. The roads are so bad that it is almost impossible to stay on the ore waggon. He was thrown out and one of the small bones in his arm was broken.. He was out attending to business yesterday and fortunately no serious results are likely to follow. The accident should awaken the authorities of Jefferson county to doing the small amount of work necessary to put the road in good condition.

The country rock there is massive granite, which promises permanency and increase in size with depth. The principal value is in gold, with some silver and a fair percentage of lead. The copper is increasing with depth, which indicates that large bodies may be expected when the permanent water level is reached. The mountain is steep and great depth can be reached by tunnels, with consequent economy in operation. The high percentage of iron carried, together with the lead, insures a low smelting rate, while the short haul to railway and proximity to smelter ,make freight rates light.

There are in the mountains surrounding the Helena numerous opportunities just as good as the Bell presented when Mr. Flemming took hold of it. His success shows what can be done with limited capital when combined with energy. It also proves that only the skill of good commonsense is necessary, and that the tenderfoot is as likely to strike it as the experienced miner.

ABOUT A HALF CROP.

Gloomy Wheat and Hay Reports From Every Section of Manitoba—Mr. Davidson Speaks.

Winnipeg, June 14.—The Government crop report for May will be made public to-day. The reports sent in are from every section of the province and have been prepared with great care and accuracy. They show that the hay crop in almost every township is a total failure, owing to lack of rain, and if the present dry weather continues, the wheat crop will be very indifferent. At best not more than half a crop is anticipated, as the damage done already has been incalculable.

Hon. Mr. Davidson gave it as his opinion yesterday that there would not be over half a crop, even with most favorable conditions. During next month, and if the rain did not soon come in liberal quantities the prospects were exceedingly gloomy. While he did not wish to advertise the fact, or appear as an alarmist, there was, nevertheless, nothing to be gained by being blind to the gravity of the situation in the country or the extent of damage done. This view is taken by every one of the rural members who have been spoken to on the matter. All unite in saying that the crop cannot be over half its normal quantity, even under the best possible conditions for the future. Over 1,800,000 acres of wheat are in crop.

F. W. Thompson, general manager of the Ogilvie Milling Company, in an interview regarding the crop prospects, stated that, according to reports from the company's agents, the conditions as a whole were not satisfactory. The whole country required rain badly. From Sydney west on the main line to Moosomin, the frost last Thursday night appeared to have cut down a considerable portion of the wheat. As to the extent of any permanent injury, it was very difficult to determine, as the experience of frost at this time of year was new to the country. In any case a moderate yield only could be looked for this season.

Dr. Pollok Is Moderator.

Halifax, June 14. — The twenty-sixth General Assembly of the Presbyterian Church of Canada met in St. Matthew's Church here last evening. The opening sermon was delivered by Rev. Dr. Campbell of Perth, the retiring Moderator. The election of the new Moderator then proceeded. Rev. Kenneth McLennan of Point Levis placed the name of Rev. Dr. Allan Pollok, principal of Pine College, Halifax, in nomination. The nomination was seconded by Rev. Dr. Lyle of Hamilton, and Dr. Pollok was unanimously elected Moderator.

Death of Seven Men.

Williamsport, Pa., June 14. — Six men were killed and another fatally injured on a logging railroad at Camual, about 26 miles from this place, yesterday afternoon. A train jumped the track in some unaccountable manner, and plunged down a 500 foot embankment. Both fireman and engineer were instantly killed, as also were four Italian laborers.

HUNTINGDON COUNCIL.

Moira, June 11, 1900.

Council met pursuant to adjournment. Present, Messrs. Kilpatrick, English, Booth and Donnan. The reeve being absent A. Kilpatrick was appointed chairman. The minutes of last meeting read and adopted. A petition was received from W. J. Bateman and 13 others asking the Council to allow James Cranston to do his statute labor for 1900 from his house to the county road. On motion the petition was granted and after this year he is to be attached to D. Elliott's road beat. Wm. Holland asked to be allowed to do his statute labor for 1900 on the road leading from his home to concession road.—Request granted. John Gordon applied for a grant of $20 on concession road between 12th and 13th concessions to take out pine stumps and stones, which on motion was granted. James Bateman asked for grant on road, 9th and 10th concession, near boundary line, Huntingdon and Hungerford. Laid over until next meeting of the council. A petition was received from D. Wright and about 18 others asking for a grant of $20 to repair road north of lots 13 and 14 in 12th concession. Laid over till next meeting. On motion Hamilton Bird was allowed to do half his statute labor on his own road. The Reeve came in and took his seat. On motion Harvey Clare was granted $5 to make a turnout place on Lafferty's swamp road between 3rd and 4th concession. Harvey Wallace was allowed to do his statute labor digging a ditch in front of his place to connect with R. Roy's ditch. The following orders were given; Richard Goggins $2.75 for gravel, 1899; Wm. Dean $3.28 on salary, as caretaker; Intelligencer Publishing Co., for printing 1899, in full $37.00; A. Harvey and A. Beatty, $2 each, equalization Union S.S. No. 19, Thurlow, Hungerford, Tyendinaga and Huntingdon,; A. Harvey, balance of salary as assessor, $15.00; A. Beatty, salary as assessor, $40.00. Collector's time for delivering roll was extended until next meeting of council. Council adjourned until June 25.

Court of Revision met pursuant to adjournment, the Reeve in the chair. Moved by Jos. English, seconded by W. Booth, that the roll as now revised be the assessment roll for 1900.—Carried. The Court was then finally closed.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

SIR WILFRID LAURIER WINCED

Premier a Rule-Stickler to Delay an Investigation.

Mr. Monk, Therefore, Gave Notice of Motion of His Charges in the Matter of the Emergency Ration—"Substitution" Is Charged—Who Gave Authority to Admit, Duty Free, Trunkfuls of Stuff From the States?—A Hot Enquiry

Ottawa, June 14.—The "emergency ration" formed the bill of fare of the House for an hour yesterday afternoon.

Monk Makes His Charges.

Mr. Monk, in giving his notice of motion, made his charges and they numbered 19. Some of them have already been published, others are new and throw new light on the case. The old charges recount the fact that in October, 1898, Col. Neilson of the Militia Department wrote to Henri Hatch of Montreal, registered owner of "Hatch Protos," for samples of his Protos. Samples containing 80 per cent. and 50 per cent. proteid strength were sent by Hatch to Dr. Borden. In February, 1899, Dr. Borden promised H. Hatch a first trial order of his food for the Mounted Police in the Yukon, and Hatch had written the Minister he had all the necessary machinery in his laboratory to keep ready half a ton to one ton of Protos and would do so, in order to avoid delay in delivery in view of the difficulties of communication. In March, 1899, Hatch employed Dr. Devlin of Montreal to solicit permission from the Militia Department to make a military test of Hatch's Protos. The test was made at Kingston and Dr. Borden reported to Mr. Hatch himself that "Hatch's Protos" was "an eminently suitable food to serve as an emergency ration."

Wanted to Sell "Protos."

When the first contingent of Canadian troops were preparing to depart for South Africa, Mr. Hatch asked Dr. Borden to buy a supply of the emergency ration tested at Kingston. But Dr. Borden had replied that all supplies were to be furnished by the War Office of England.

The Newer Charges.

Then follows the newer charges:

6. That the Minister of Militia had several interviews, principally at Montreal, but also elsewhere, with the said Henri Hatch, whom he knew to be sole manufacturer of the food tested at Kingston.

7. That nevertheless by a tender made on the 4th day of Jan. last and accepted on the same day, an agreement was arrived at between the Minister of Militia and the said Dr. Devlin at Ottawa, by which the latter undertook to supply the Department of Militia and Defence with 2333 lbs. of vegetable proteid powder in 7000 tins for the sum of $4660.

Dr. Borden Warned.

8. That, upon information received by him that the agreement was being executed under circumstances calculated to excite grave suspicions, Henri Hatch, on Jan. 25, 1900, wrote the Minister of Militia a letter, which was by him duly registered in the following terms: "Your Excellency: I just happen to hear of a large purchase of 'proteid food from Messrs. Devlin & Lyons of this city for the Canadian contingent. If such is the case, I consider it to be my right and my duty to inform you that such a supply can only rest upon a poor and fraudulent adulteration of my "protos," as it is done without my knowledge, and has nothing in common with the product tested in Kingston last spring. This will be easily detected by analysis of the food supplied, to which end I intend to take the necessary steps in order to protect my interests. A sample of mine could of course have easily been obtained from any druggist, but the articles, if already supplied, are not mine and cannot be identical with these used at the military test. This I thought it advisable to bring to Your Excellency's knowledge, for any emergency. Your humble servant, H. Hatch."

Borden Did Not Acknowledge It.

9. That the Minister of Militia and Defence failed to acknowledge receipt of this letter; and did not promptly communicate with the troops of the Canadian contingent, or take any steps to verify the truth of the information conveyed to him by the letter above referred to of Jan. 25, 1900, received from the person whose food he had caused to be tested at Kingston.

Was Not Identical With Protos.

10. That, as a matter of fact, the food or emergency ration supplied to the Canadian troops was not identical with the food tested at Kingston, known as "Hatch's protos," but was a totally different article of very inferior quality, containing scarcely 17 per cent. of nutriment, whereas the food tested contained over 60 per cent. of nutritive substance.

Made in New York.

11. The said food so supplied under said agreement was never made in Canada at all, but was brought on from New York or some place in the United States of America, by the parties interested, packed in a certain number of large saratoga trunks, containing each two large rough bags filled with a substance closely resembling broken biscuits; it was then ground in Montreal by ordinary milling process to a fine powder and placed hurriedly in small tins, neither sterilized nor hermetically sealed and must have deteriorated even if it had been suitable food, which it was not.

A Serious Charge This.

12. That the said tins bore a label indicating that the emergency ration contained in them was the product of the Vitalin Company, corner Craig and Bleury-streets, Montreal, said company having no legal existence and being irresponsible and having neither manufactory nor known office in the said city of Montreal.

13. That the value of the said food so brought on from the United States does not exceed $500.

What Analysis Shows.

14. That a sample of the said food so packed in the tins aforesaid was obtained from the drug store where it had been packed, and was subsequently tested by Milton L. Hersey, M.A.Sc. (McGill) of Montreal, and found to contain only 17 per cent. of nutritive substance, and said analysis was confirmed elsewhere.

Which Was a Lie.

15. Said tins were shipped to Halifax in large wooden cases, bearing a large label, stating that upon the food contained in them Canadian soldiers had lived 30 days in perfect health.

Usual Precautions Not Taken.

16. The usual precautions as to inspection were not adopted by the Militia Department in regard to this shipment of emergency rations.

Came in Free of Duty by Order.

17. The substance brought in from the United States, as above stated, in saratoga trunks, was detained by the customs officers for duty thereon, but under direction of the Government it was allowed to pass without payment of customs dues.

Got the Money Before.

18. The amount due under the agreement of the 4th of January, 1900, that is $4660, was paid to the contractor before the goods were actually delivered.

Charges Against Borden.

19. That under all the circumstances above set forth the Minister of Militia and Defence, the said Hon. Frederick William Borden, was guilty of gross and culpable negligence

(a) In making with undue haste the agreement herein above referred to of the 4th of January, 1900, for the supply of emergency rations to the Canadian troops in South Africa, with irresponsible parties.

(b) In not having the preparation of said rations controlled by competent men and the supply furnished to the troops, carefully and rigidly inspected and tested.

(c) In neglecting, after he had received said letter of the 25th January last, to take steps commanded by the ordinary rules of prudence to ensure the protection of the troops.

(d) In paying the amount of the said contract, $4660, in a case where he must have known that any recovery of the same was impossible, and without any investigation.

Laurier Delays It.

In conclusion Mr. Monk asked that the above statements be referred to a select committee of the House to enquire fully into the allegations and to report the result of the enquiry.

Sir Wilfred's reply was "The motion cannot be put; it stands till to-morrow."

After Mr. Patterson had said that so far his officials had failed to give the free entry permit, the incident dropped for the day.

In answer to Mr. Puttee, Sir Wilfrid Laurier said that he would introduce to-morrow a bill relating to Chinese immigration.

B.C. Election Tangle.

Col. Prior, having stated that according to the returns Martin and his Government were defeated, asked if Sir Wilfrid Laurier had sent instructions to Lt.-Gov. McInnes as to how he should proceed.

Sir Wilfrid replied that the Government did not propose to issue any instructions. The answer to the British Columbia problem was in the hands of the people in British Columbia.

Mr. Wallace asked if the Government was assuming the responsibility of Lt.-Gov. McInnes' action; if so, did the Government intend to recall the Lieutenant-Governor?

Sir Wilfrid thought the question was too grave to be treated with levity, as he assumed it had been treated. As it was at present impossible to know what the election returns really were, and as the Government did not propose to act on newspaper comment, there would have to be something official before it would act.

The Election Law.

For four or five hours the amendments to the Elections Act occupied the attention of the House. Considerable progress was made, and several of Mr. Casgrain's amendments were taken into consideration. The topic of pairing off of election protests was commented on.

Dr. Sproule said pairing off was a most demoralizing feature of the elections, and was really a piece of blackmail. It operated to prevent frauds coming out.

Mr. Fielding strongly denounced pairing off, and hoped the time would come that for three months after elections the court should be opened to inquire into elections without charges even being laid. Mr. Fielding also favored Mr. Casgrain's amendments, and thought Mr. Fitzpatrick should accept them.

The oft-repeated question, "When does an election begin?" was asked. An election begins when the writ is issued, not when the candidate is nominated, as many think.

Mr. Henderson (Halton) declared pairing off was the only possible way in which a man could hold his seat in the Province of Ontario. He objected to the old clause of agency, declaring that any man who visited a committee, though unknown to the candidate, still was considered an agent, and his wrongful act would unseat the candidate. This was too stringent, and should be repealed. The House thought differently.

By 1.30 all the clauses of the bill, except a dozen, were passed, and the committee got leave to sit again. The House then adjourned.

The Senate Ax Is Working.

Ottawa, June 14.—The Senate yesterday threw out the bill of the Gaspe Short Line Railway. The bill had come up from the Commons after a hard fight. Its aim was to take over the existing lines, but did not specify sufficient indemnity to laborers, whose wages were still owed by the existing roads.

The Featherstonhaugh Divorce bill was read a third time and passed.

The Senators agreed upon having the amendments to the Criminal Code go into effect on Sept. 1, not on June 1.

The amendment exempting trades unions from the combine clauses of the bill was struck out by 13 yeas to 9 nays.

Harcourt to Quit Politics.

London, June 14. — The Derby Daily Telegraph says this morning that it understands Sir William Vernon Harcourt will not seek re-election to the House of Commons, owing to advanced age and failing health.

Horse Killed, Man Stunned.

Toronto Junction, June 14.—James Bannon, market gardener of Lambton Mills, was working in his garden last evening when the thunderstorm came up. His horse was killed and Mr. Bannon was for a long time unconscious. However, he recovered after a time and was able to crawl to a neighbor's house, where two doctors attended him, and it is thought he will recover.

Stinson Found Not Guilty.

St. Catharines, Ont., June 14.—Before Judge Carman and a jury in the County Court and General Sessions yesterday the Dominion Express Co. v. Stinson occupied most of the day. Stinson was charged with the theft of two money packages while in the employ of the Company as messenger last December. The jury, after being out about 45 minutes, brought a verdict of "not guilty."

ED. F. DICKENS

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

DEWET GETS HIS FORCE AWAY

Kitchener and Methuen Did Not Report Taking Prisoners.

Lord Roberts' Consecutive Story of Recent Events—Laing's Nek Tunnel Not Damaged—8,000 Boers Retreated Before Buller—Kruger Keeps Steam Up—Premier Schreiner Resigns and Milner Accepts the Resignation.

London, June 14. — (3.50 a.m.)—The despatch from Lord Roberts clearing up the situation at Pretoria and along the communication stands alone. Military observers, noting that no mention is made of prisoners, assume that Gen. Dewet got away with his forces, practically intact.

Gen. Buller entered Volksrust Wednesday, passed through Charlestown and encamped near Laing's Nek. The tunnel was not damaged. Both ends were blown up, but the engineers think that repairs can be effected in about four days. The advance troops of Gen. Buller saw the Boer rear guard four miles distant yesterday.

8,000 Boers Withdrew.

It was estimated that 8,000 Boers were withdrawing. The townspeople at Ermelo counted 15 guns. Three hundred Free Staters released from guarding Van Reenan's Pass, have gone to join President Steyn's commando in the eastern part of Orange River Colony.

Gen. Rundle has sent notice to the Free Staters that unless they surrender by June 15, their farms and other possessions will be confiscated.

Kruger Keeps Steam Up.

President Kruger, according to a despatch from Lorenzo Marquez, keeps a locomotive with steam up attached to the car in which he concentrates the executive offices of the Government and he intends to leave Machadodorp soon and to establish the Transvaal capital at Nelspruit, in the mountains, a fine defensive region.

Premier Schreiner Resigns.

Mr. Schreiner, the Cape Premier, and his colleagues, resigned last evening, Sir Alfred Milner accepting their resignations.

Gen. Buller's casualties on June 10 have been issued by the War Office. They were 26 killed, 126 wounded and two missing.

LORD ROBERTS' STORY.

The Field Marshal's Report to the War Office on the Fighting With the Boers at Rhenoster River.

London, June 14. — A lengthy despatch forwarded to the War Office by Major-General Knox from Kroonstad, presumably sent there by messenger, reads as follows:

"Kroonstad, June 12. — We have been requested to forward you from Lord Roberts the following despatch from the Pretoria Residency, at 8.08 a.m. to-day:

"'Pretoria, June 12. — Pretoria and Johannesburg are perfectly quiet,

GEN. LORD METHUEN.

and several of the inhabitants have expressed gratitude for the peace and order which prevails.

"'After surrendering the city, Botha retired to a place about fifteen miles east on the Middleburg road. He had a small force at first, but during the last few days his numbers increased, and his being so near the town kept up the excitement in the country, prevented the burghers from laying down their arms, and interfered with the collection of supplies. It therefore became necessary to attack him. This I did yesterday. He held a very strong position, practically, unassailable in front, which enabled him to place the main portion of his troops on his flanks, which he knew from former experience were his vulnerable parts.

The Canadians in It.

"'I sent French with Porter's and Dixon's cavalry brigades, and Hutton's mounted infantry, including the Canadians, round by our left, and Ian Hamilton, with Broadwood and Gordon's cavalry brigades, Ridley's mounted infantry, and Bruce Hamilton's infantry brigade, round by our right. Both columns met with great opposition.

A Key of the Enemy's Defence.

"'At about three in the afternoon I saw two of Hamilton's infantry battalions advancing to what appeared to be the key of the enemy's defence on their left flank. This was almost gained before dark, and I ordered the force to bivouac on the ground they had won.

"'Pole-Carew, with his division, occupied our centre. As I have explained, he could not attack, but he gradually advanced so as to support Ian Hamilton, and when I left the field he was on the line held by the enemy's outposts in the morning.

Kitchener Hurriedly Sent.

"'I hurried back to get news of Methuen's movements. On hearing that the Free Staters had taken advantage of our crossing the Vaal to interrupt our line of communication, I sent Kitchener, with such troops as I could then spare, to Ver (Vredefort (?) with orders to push south and communicate with Methuen, who I knew had a very compact force in the vicinity of Heilbron. I also despatched a special messenger to Methuen, instructing him to push on at all speed to the main line of railway. These two officers met at Vredefort road station, in the evening of June 10th.

"'They marched yesterday to Rhenoster river, where Methuen gained a complete victory over De Wet, and took possession of his camp, and scattered his troops in all directions. He and Kitchener marched to-day towards Kroonstad.

Army Is All Right, Says "Bobs."

"'Her Majesty's Government need have no apprehension as to the security of the army in South Africa. The enemy gained a slight success, which was unfortunate, but which will be remedied very shortly, and it will not take long to repair the damage done to the railway. As these diversions are all in existance, I am now able to hold the line between this and Rhenoster in strength. Methuen will arrange to guard it onward as he advances.

Hunter and Buller.

"'Hunter should be at Potchefstroom to-day. He will then move on Johannesburg.

"'We have communicated with Buller, who will no doubt soon make the presence of his force in the field felt.

Earl of Airlie Killed.

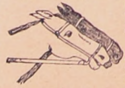
"'Our losses yesterday were not, I trust, serious, but I deplore the death of that gallant soldier, the Earl of Airlie. The only other casualties reported as yet are: Seventeenth Lancers—Major the Hon. Lionel Fortescue and Lieutenant the Hon. C. Cavendish, both killed.'"

Gen. Knox adds that Kroonstad is quite safe.

36 Killed, 104 Wounded.

London, June 14. — The following despatch has been received at the War Office from Lord Roberts:

"Katsbosch, June 12.—In yesterday's engagement Methuen had one killed and 18 wounded. Among the latter is Lieutenant Cearle, of the 12th Battalion of Yeomanry. On June 7 the Derbyshire militia lost 36 killed and 104 wounded, all of whom were in the Yeomanry hospital, which was captured by the Boers and retaken by Methuen."



"Blood tells." But we rarely recognize the fact except in times of stress and strain. A horse which looks like a "scrub" may beat another horse which seems the ideal of a racer, just by that one quality of good blood. Similarly men, who seem in the pink of condition drop down under the racing strain of business. Why? Blood tells. Men reckoned perfectly healthy start out for business, they make a run for the train, and collapse. "Heart failure" they call it. Blood failure would be often the better name.

Take care of the blood and the body will take care of itself. It is the blood which builds the body. The blood indeed *is* the body. A sound body must be based on sound blood.

It is one of the peculiar properties of Dr. Pierce's Golden Medical Discovery that it eliminates from the blood the effete and poisonous matter which is antagonistic to health. It also gives to the blood those elements which are necessary to its strength and vitality. Thus by the use of "Golden Medical Discovery" purity of blood and power of body have been attained by thousands of sickly and scrofulous men and women.

No other medicine purifies the blood and builds the body as does the "Discovery." Accept no substitute.

"It gives me much pleasure to testify to the merits of Dr. Pierce's Golden Medical Discovery," writes Miss Annie Wells, of Fergusson's Wharf, Isle of Wight Co., Va. "I can say honestly and candidly that it is the grandest medicine ever compounded for purifying the blood. I suffered terribly with rheumatism, and pimples on the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars paying doctors' bills but received no benefit. A year or two ago I was reading one of your Memorandum Books and I decided to try Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' and am entirely cured."

Dr. Pierce's Pleasant Pellets are graduated to the requirements of woman's delicate system. They regulate the stomach, liver and bowels.

A MESSAGE FROM SIR ALFRED.

Trooper Hiam Is Convalescing—Private Brunton Proceeded to England.

Ottawa, June 14. — Lord Minto received a cable from Sir Alfred Milner yesterday afternoon, as follows:

Cape Town, June 12, 1900. — Referring to my telegram of yesterday, No. 156, Trooper Hiam, 1st Canadian Mounted Rifles, is progressing satisfactorily towards convalescence from enteric fever at Maaupoort.

No. 7,321, Pte. Brunton, 2nd Batt. R.C.R., proceeded to England June 8. (Signed) Milner.

Trooper Mullen Dead.

London, June 14. — Trooper Mullen of the Canadian Mounted Rifles, whose illness was announced Tuesday, has since died from enteric fever.

The dead trooper is probably Trooper William James Mullen, who enlisted at Edmonton. His father is W. J. Mullen of Barrie, Ont. The name Mullins does not appear in the official list.

Was in Toronto at Christmas.

Halifax, N. S., June 14.—Major Fortescue, 17th Lancers, reported by Roberts as killed near Pretoria, was secretary to Lord William Seymour, and left here about Christmas to join his regiment for the front. He leaves a widow who accompanied him to England. He was at the Falls and in Toronto just before his departure.

COOMASSIE STILL INVESTED.

Col. Willcocks Has Had Word From Lieut.-Governor Hodgson.

London, June 14.—The following despatch has been received at the Colonial Office from Col. Willcocks, in command of the Ashantee relief expedition:

"Prahsu, June 12.—A letter has just been received from the Governor of the Gold Coast, Sir F. M. Hodgson, dated Coomassie, June 4. It is as brief as possible. The following is its substance: 'On several occasions unsuccessful attempts have been made to get off letters.' He informs me that he inclosed a copy of another, of May 4, which I have not received.

"The state of the health of Coomassie is good, but 3,000 persons of the native community are in a state of destitution. Immediate assistance is required.

Col. Willcocks was at Prahsu June 12.

River Gun boats to Go.

Five river gun boats have been ordered to go to the West African coast to assist the operations of the Ashantee relief expedition.

THE PARIS EXPOSITION A FAKE.

Dominion of Canada Charged $115,00 for Space and Buildings.

Ottawa, June 14.—There is a feeling in the Government that perhaps 'after all the Paris Exposition is,' in the language of one Roosevelt, "A Fake." This feeling has arisen from the fact that Canada will have to put up $115,000 for space and buildings, although it is usual in world expositions to make no charge for space. When the Government accepted the invitation to exhibit, this fact was not known. Before the whole affair is over Canada will have to pay about $500,000 for its share in the show.

Mr. Fisher says he hopes to get off with $300,000, but with such liberal men as Tarte and Perault handling the money, no one can limit the spending.

Mrs. Gladstone is Dying.

London, June 14.—It was announced late last night that Mrs. W. E. Gladstone was not expected to live through the night.

ENTRENCHING AROUND PEKIN

Chinese Determine to Oppose the Foreign Column.

Guns Trained on the British Legation and the American Mission—U.S. Minister Conger Asks for 2,000 American Troops—Reformers Pray Powers to Preserve the Empire—Rioting on in Pekin—Foreign Legations Attacked.

London, June 14.—(4.20 a. m.)—The Chinese are entrenching outside of Pekin to oppose the advance of the international column.

A despatch from Tien Tsin, dated Tuesday, June 12, says: "I learn that the Chinese have guns trained on the American mission and the British legation.

"Two thousand Russian cavalry and infantry, with artillery have landed at Taku."

The Shanghai correspondents report that United States Minister Conger, asks for 2,000 United States troops. The question of provisioning the relief force is already difficult; and it is predicted at Shanghai that it will become acute.

The leading members of the reform party, representing 15 out of 18 provinces, are at Shanghai. A despatch to The Daily Mail, dated yesterday, says they are sending a petition to the United States, Great Britain and Japan, praying those powers to take joint action against any attempt on the part of other powers to partition the empire; and they implore the powers thus addressed to rescue the Emperor.

RIOTING IS ON IN PEKIN.

Foreign Legations Attacked—British Property Burned East of Pekin.

Washington, June 14.—Official despatches received in diplomatic quarters in Washington show that the rioting in Pekin has reached an acute stage, with the rioters directing a number of the assaults against members of the different foreign legations there. One of these despatches states that the secretary of the Belgian legation was attacked twice on Monday and escaped, being maltreated by the mob. On the same day two officials of the British legation serving as student interpreters, were attacked by a large crowd of roughs. The young Englishmen held the attacking party back for a time, but when the mob threatened to close in on them they drew revolvers and by a show of force made their retreat without bodily injury. About the same time the British summer quarters, 14 miles from Pekin, were burned down. These quarters were quite extensive, and had just been completed. They belonged to the British Government, and not to Sir Claude MacDonald, the British Minister at Pekin, which gives added significance to the depredation.

Extraordinary Rumor of Settlement.

Shanghai, June 14. — Extraordinary rumors are current here to the effect that the powers have settled the Chinese question by agreeing to forgive the Dowager-Empress and her Manchu advisers, provided they promise to amend their future conduct.

Japan Is With Other Powers.

London, June 14. — In regard to the reports that Japan is about to declare war on China, the Japanese Embassy yesterday said that the attitude of Japan in the Chinese crisis is to co-operate loyally with the European powers. In the existing situation Japan would not be willing to see any single power take the lead.

Still Another Murder.

New York, June 14. — News has been received in this city of the murder of Dr. Edna G. Terry, in charge of the station of the Methodist Episcopal Woman's Foreign Missionary Society at Tsung Hua, China. The tidings came in the shape of the following message to Dr. Terry's brother-in-law: "Dr. Terry murdered. Break news gently." This was the first indication of trouble at Tsung Hua.

Slaves to Itchig Piles

False Modesty Prevents Many From Seeking Advice--Cure Yourself at Home by Using the Only Actual Cure

Dr. Chase's

Ointment.

What slavery can be more cruel than that of the victim of piles.

In misery by day, often kept from work, and unable to walk with any ease. In agony by night, suffering intensely from the dreadful itching, which makes rest and sleep impossible, such is the lot of at least twenty-five per cent. of all men and women during some period of their

False modesty prevents many from seeking advice or submitting to a local examination by a physician. Then, besides, there is the dread of the surgeon's knife, the only means which many doctors use to cure piles.

In such abject misery is the slave of piles, the most cruel and torturing of afflictions.

Before the discovery of Dr. Chase's Ointment there was no reliable cure for piles, no cure that would absolutely cure any case of piles, whether itching or protruding piles.

To-day nearly everybody in Canada and the United States, and very many in Europe, know of Dr. Chase's Ointment as a cure for piles.

It is a wonder of medical science, which has been frequently imitated but never successfully. The imitations look the same, are put up in the same kind of boxes, and sometimes have a similar odor, but they do not cure. The portrait and signature of Dr. A. W. Chase on the box is a guarantee that you will be cured.

Mr. H. Bull, Belleville, Ont., says: "I take pleasure in stating that after thirty years of suffering with itching piles, Dr. Chase's Ointment has completely cured me. I tried every remedy that was advertised, with little or no benefit, but as I have told different persons affected as I was, Dr. Chase's Ointment made a perfect cure."

Mr. Geo. A. Booth, of Trenton, Ont., writes:—"This is to certify that Dr. Chase's Ointment has completely cured me of Itching Piles from which I suffered for two years in spite of all the remedies I used and which failed to cure me."

Dr. Chase's Ointment has a record of cures unparalelled in the history of medicine. It has never been known to fail to cure piles. 60 cts. a box at all dealers or Edmanson, Bates & Co., Toronto.

GUILTY OF WILFUL MURDER.

Jury's Verdict at Moosomin in the Case of Hired Man Morrison.

Moosomin, Assa., June 14.—Morrison, the murderer, has made a confession to Rev. Mr. Scott, Presbyterian minister at Fleming. In substance he said he knew he was going to die; that he did the deed and was sorry for it. When asked if he had an accomplice, he replied: "No, I did it, and no one else."

He asked how many of his victims were dead, and when the reply was given he wept bitterly.

The coroner's jury found that five of the McArthur family, over whom the inquest was held, came to their death as a result of injuries inflicted by an axe at the hands of one John Morrison, whom they found guilty of wilful murder.

Conservative Meeting at Rockton.

Rockton, Ont., June 14.—There was a Liberal-Conservative political demonstration here yesterday in the interests of E. D. Smith, the Liberal-Conservative candidate for the Dominion House in the Riding of South Wentworth. The attendance was large and the speakers were: Hon. Dr. Montague, M. P., J. P. Whitney, M. P. P., H. Carscallen, Q. C., M. P. P., and the candidate, E. D. Smith.

Here is a Hindu legend of the creation of woman which will be found interesting, and may explain some of her varying moods; "At the beginning of time, Twashtri—the Vulcan of the Hindu mythology—created the world. But when he wished to create a woman he found that he had employed all his materials in the creation of man. There did not remain one solid element. Then Twashtri, perplexed, fell into a profound meditation. He roused himself to do as follows: He took the roundness of the moon, the undulations of the serpent, the entwinement of climbing plants, the trembling of the grass, the slenderness of the rose-vine, and the velvet of the flower, the lightness of the leaf and the glance of the fawn, the gayety of the sun's rays and tears of the mist, the inconstancy of the wind and timidity of the hare, the vanity of the peacock and the softness of the down of the throat of the swallow, the hardness of the diamond, the sweet flavor of honey and the cruelty of the tiger, the warmth of fire, the chill of snow, the chatter of the jay, and the cooing of the turtle dove. He united all this and formed woman. Then he made a present of her to man. Eight days later the man came to Twashtri and said:

"'My lord, the creature you gave me poisons my existence. She chatters without rest, she takes all my time, she laments for nothing at all, and is always ill. And Twashtri received the woman again.

"But eight days later the man came again to the god and said: 'My lord, my life is very solitary since I returned this creature. I recall how she glanced at me from the corner of her eye, that she played with me, clung to me.' And Twashtri returned the woman to him. Three days only passed and Twashtri saw the man coming to him again. 'My lord," said he, 'I do not understand exactly how, but I am sure that the woman causes me more annoyance than pleasure. I beg of you relieve me of her.

"But Twashtri cried: 'Go your way and do your best.' And the man cried: 'I can not live with her!' 'Neither can you live without her,' replied Twashtri.

"And the man was sorrowful, murmuring: 'Woe is me, I can neither live with nor iwthout her.'"—The Swell, in "Events."

Hugh John Macdonald's prohibition measure, introduced in the Manitoba Legislature is of a most sweeping character, prohibiting everything in sight. Not only would the saloons go down under it, but private parties could not import liquor in any form for their own use. The only liquor allowed to be sold through the drug store, and in order to get it there it would be necessary to have a doctor's prescription. This means that a person who happened to be ill and knew that a little liquor would cure him, would have to go to a doctor and pay for a prescription in order to get it. This is one of the ways that prohibition restricts reasonable liberty and works hardship to innocent people, in the interests of the few who may be classed as drunkards. But an unforeseen difficulty has arisen, and there does not seem any way of removing it. The Hudson Bay Company, which has stores and posts all over Manitoba, does business under an Imperial charter, and in that charter they are granted the privilege of selling liquor. As neither the Provincial Legislature nor even the Parliament of Canada can override an Imperial grant, it is clear that the effect of Hugh John's prohibition law, if it is passed, will be to boom the liquor business of the Hudson Bay Company, giving them a monopoly of the whole trade of Manitoba. The fault is not with the Government. It is a matter over which they have no control.—Events.

Literary Notes.

The exquisite colored cover of "The Designer" for July will recommend this number of the popular monthy to the feminine public before even a peep is given at the contents, which, however, are all that can be desired in interest and artistic display. Many improvements are evident, which betoken that the "The Designer's" publishers are quick to grasp every new idea that is of benefit to its readers. There are over a hundred fashion illustrations, and a dozen millinery designs in black and white and color, and all are refined, stylish and effective. Adrienne Walters in "For Health and Beauty" tells how care for those much abused members—the feet, P. W. Humphreys contributes a quaint sketch on "Ideal Travellers," the author of "Points on Dressmaking"—a most useful series for the amateur seamstress or expert dressmaker. In addition to what have already been mentioned this number of "The Designer" contains "Book Notes," "Among Ourselves," "Etiquette Hints," "The Kindergarten in the Home," "Hints for the Household," "Nursery Lore," "Frozen Dainties," and several very pretty bits of verse.

The deputation was composed of Mrs. (Dr.) Clarke, President of the Woman's Christian Association; Mrs. R. J. Bell, Mrs. J. J. B. Flint, Mrs. H. Rathbun, Mayor Johnson, Mr. John Bell, Q.C., Drs. Gibson, Sprague, Boyce and Dolan.

Mrs. Clarke was the first speaker and said that during the past year improvements had been made to the Hospital amounting to a large sum and a debt of $1,600 was against the institution. She had to thank the County Council for past favors, and wished them to assist at the present time. She also asked the Council to make an annual grant to the hospital.

Mr. John Bell spoke of the benefits of the hospital to the county and its requirements for maintenance. He referred to the labors of the ladies in this direction, but they needed assistance now. Dr. Christie, the inspector, had informed him (the speaker) that Belleville hospital was one of the best managed under his supervision, which spoke volumes for the management. He hoped the Council would aid the institution.

Mrs. R. J. Bell said that since last October some seventy-four county patients had been treated, some of whom were unable to pay, and in some ceses the municipality from whence they came had not paid their maintenance. She hoped the Council would not only make a special grant towards liquidating the debt, but also make an annual grant. It was a well established and well organized institution.

Mayor Johnson said it was quite apparent that the ladies needed no one to orate for them in this matter, they being quite capable of so doing. Their ability was also apparent in the management of the hospital. Any money granted to them would be well spent. Those who are admitted to the hospital who are able to pay were made to pay, but we had the poor in our midst and would always have them. The hospital was a credit, not only to the city, but to the county. He spoke in support of the council making an annual grant, and felt confident the ladies would not appeal in vain.

Dr. Gibson spoke of the liberality of previous County Councils of Hastings and felt confident the present council would assist in this worthy object. Improvements had been made and a debt existed, which the ladies desired to see wiped out. Of the seventy-four patients during the past few months some sixteen or seventeen were poor persons, and it cost considerable to treat them. The hospital was well equipped and well managed, and in support of this he said that patients were being brought in from outside this county for treatment. It was not a new thing for County Councils to make a grant to hospitals as they were doing it in other counties. The County of Hastings was, he understood, a wealthy county and could afford a grant, which he hoped would be made.

In answer to an enquiry from Mr. Cross Mayor Johnson stated that the City Council gave annually $600, and that the ladies also managed the poor and indigent fund, which had proved to be better for the city. In addition to this the citizens generally gave liberally to the support of the institution.

Messrs. Cross, Holgate, McFarlane, Denyes, Hanley, Pearce, English and the Warden spoke in favor of a grant being given and were pleased at the remarks of the deputation.

Mr. Hanley moved, seconded by Mr. Holgate, that the thanks of the Council be extended to the deputation for the information given, and that the matter be referred to the Ways and Means Committee for consideration.—Carried.

After the Warden had tendered the thanks of the Council to the deputation they withdrew.

On motion, the Committee on Roads and Bridges resumed, Mr. McFarlane presiding.

A communication from Mr. Simmonds, of Frankford, in reference to extending a drain to drain his property caused a lengthy discussion.

A motion prevailed, allowing Mr. Simmonds the privilege of extending a drain to relieve the nuisance complained of.

Mr. Hanley moved, seconded by Mr. Holgate, that the usual grants to minor municipalities for roads outside of county gravel roads and bridges, be the same as last year.

The Warden asked for an additional grant of $200 for two roads in the township of Hungerford.

After some discussion the committee rose and reported progress and asked leave to sit again.—Granted.

Council adjourned.

Thursday, June 14.

MORNING SESSION.

Council Council resumed at 10 a.m., Warden Clare presiding.

Mr. English presented a by-law re equalization, and it was on motion read a first time.

Mr. Pearce gave notice of a by-law to appoint a commissioner to take the census of Marmora village.

Mr. Denyes gave notice of a by-law to levy rates on the minor municipalities of the County.

Mr. Douglas gave notice of a by-law to create the village of Bancroft a police village.

On motion the Roads and Bridges Committee resumed. Mr. McFarlane in the chair.

The Warden moved in amendment, seconded by Mr. Kirk, that $200 additional be given to Hungerford township for roads outside of County gravel roads.

Messrs. Hanley, Denyes, Holgate, Dr. Faulkner considered that they should not grant this request. It would be establishing a bad precedent, and others would ask for similar grants.

The Warden spoke in support of his motion. There were two roads in Hungerford which needed more money expended upon them. They were the 2nd concession road leading to Marlbank and the road leading from Marlbank to Stoco.

The amendment of the Warden prevailed, 7 voting for it and 6 against.

A petition was presented by a number of rate-payers in Rawdon, asking for a grant of $50 for cutting down a hill between lots 1 and 2, 10th concession of Rawdon.

A similar petition was presented for the cutting down of another hill in the same township.

These petitions are negatived, owing to a motion prevailing giving no more special grants to roads.

The report of the superintendent on the amount of monies to be expended on bridges for the year amounting to $3,000 was passed.

On motion committee rose and reported, and asked leave to sit again.—Granted.

It being 12 o'clock the Warden left the chair.

STARTLING STATISTICS.

Statistics reveal the startling fact, that nearly one quarter of the population of the civilized world die within one year of birth; more than one third before the age of five, and fully one half before they reach fifteen. Irritation is the exciting cause in nearly every instance, and the most critical period is unquestionably during the process of teething. Mothers, you can allay that irritation, give your babies quiet rest, without opiates, narcotics, or hurtful drugs, if you use Dr. Hammond-Hall's English Teething Syrup. The only safe and effectual remedy that Comforts Crying Children. (40 890)

Stocking the Lakes.

William Armstrong, of the Dominion Government Fish Hatchery, at Newcastle, arrived in Tweed on Monday evening, via Bay of Quinte railway. It was his intention to deposit a large number of young fry in Stoco lake, but as they were dying rapidly on his hands he had to deposit them in Beaver and White lakes, as he was afraid they would not last until he reached Tweed.

Excursion to Model Farm, Guelph, Saturday, June 16th; return fare $2.60.

ONLY EIGHTEEN YEARS OLD

And Eight Years Tortured with Asthma. Kept in an Airtight Room for Months. Was Cured With Clarke's Kola Compound.

Mr. L. O. Lemineux, C. P. R. engineer, Winnipeg, Man., writes,—"My son, who is just eighteen years of age has been a terrible sufferer from asthma for eight years. Hundreds of dollars I spent on doctors and remedies during these years only brought temporary relief. For months he was kept in an airtight room. About the first of September, 1898, we purchased some Clarke's Kola Compound. He took in all seven bottles and has since been completely cured. It has certainly been a blessing to him." LONG LIVE THE "KING."

The Thousand Island trips of the people's favorite steamer "North King," will commence on Sunday, 17th June, leaving Belleville at 3.30 a.m. This palatial steamer is allowed by the travelling public to be the best and most modern appointed of her class, plying the inland waters, and has earned a well merited reputation for speed, safety and seaworthiness excelled by none. Bellevillians and their friends will therefore be pleased to learn that it is the intention of the owners of this steamer to have her perform a tri-weekly service between Rochester, N.Y., Belleville and Thousand Islands, calling at Kingston and Gananoque, commencing 24th June, leaving here for Thousand Islands on Sundays, Tuesdays and Thursdays at 3.30 a.m., and for Charlotte, N.Y. (port of Rochester) at 11.55 p.m., the same days, arriving at Charlotte at 7 a.m. The excursions of the steamer "North King" will be the only ones covering the entire Thousand Islands group, and giving a close connection at Gananoque for Clayton, N.Y., Alexandria Bay, N.Y. and all Thousand Islands points. Excursionists making the Sunday trip will have the privilege of taking the steamer "Hero" at 11 p.m. Saturday, secure stateroom accommodation, and be transferred to steamer "North King" at 6 a.m. Sunday, thus enjoying a full night's rest. Full information will be furnished by the Rathbun Co., agents, H. H. Gildersleeve, general manager, Kingston. 14-16-19-21-23

Spraying to Destroy Herrick.

Experiments with solutions for destroying common mustard will this season be conducted at the farm of Mr. C. A. Palmer, 4th concession of Thurlow township, under the direction of Mr. M. W. BALCANQUEL-MATHER

A large number of invited guests assembled last evening at the residence of Mr. James Mather, 6th concession of Thurlow, to witness the marriage of his daughter, Miss Emma, to Mr. Fred Balcanquel, of Thurlow. Rev. Mr. Rennie, of Roslin, officiated. Miss Aggie Tellock, of Stirling, was bridesmaid, and the groom was assisted by Mr. John McFarlane, of Melrose. After the ceremony the guests partook of a wedding supper. The popularity of the bride was attested by the handsome and costly array of presents which she received.

RUSHLOW-BOLYEA.

At St. Thomas' church hall last evening the nuptials of Mr. Albert Rushlow and Miss Rosetta Bolyea were celebrated. Rev. Canon Burke performed the ceremony. Miss Rushlow was bridesmaid and Mr. J. Pelkey acted as best man. Both parties reside in the city.

The plan for "Pinafore" will open to-morrow morning (Friday) at 10 a.m., at Riggs'. Many tickets have been sold in advance, and it is hoped that there will not be any confusion in the first rush for seats, as there will be two plans for Monday and Tuesday evenings at Riggs', and those who cannot be accommodated on the first evening's plan, will probably find seats vacant for the second night.

DEATHS.

McMAHON—In Belleville, on Wednesday, June 13th, 1900, Michael McMahon, aged 90 years.

The funeral will take place from his late residence, on College Hill, on Friday afternoon, June 15th, at 3 p.m., to the R. C. Cemetery.

Telegraphic Communication With Pretoria Again Open.

A Pugilistic Boer Warrior Captured in the Transvaal.

Parliamentary Deadlock Looked for in the Afrikander Bond.

London, June 15.—The War Office has issued the following despatch from Lord Roberts: "Pretoria Residency, June 14, 10.40 p. m.—Klerksdorp surrendered on June 9th to an armed party sent in by Hunter.

"Kitchener reports that the Boers attacked a construction train early this morning a few miles north of the Rhenoster River. He sent out Mounted troops and drove off the enemy before they could do any damage. One man killed and eleven wounded, including two officers. A messenger from Klerksdorp reports that Cronje, who commanded there, determined to surrender as soon as he knew for certain that Pretoria was in our possession. His example has been copied by many in the neighborhood."

London, June 15.—By the peaceful occupation of Klerksdorp, announced by Lord Roberts, the British have gained a stragetic position of some importance, as the town is not only the terminus of another railroad to Johannesburg, but it is within easy reach of the Kroonstad-Vreifontein railroad. The Cronje who surrendered the place is a son of the famous Gen. Cronje, now a prisoner at St. Helena. The former was prominent during the siege of Mafeking.

Apart from the fact that Lord Roberts' despatch comes direct from Pretoria, showing the telegraphic line is opened, the only other point of interest is the fact that the Boers whom Gen. Methuen was reported to have so utterly routed have sufficiently recuperated to attack a reconstruction train.

A despatch from Kimberley reports the capture of the well-known pugilist, Jim Halloway, who was an Adjutant in the Boer army, and who blew up the bridge at Fourteen Streams. Holloway was among a body of Federals captured in the Western part of the Transvaal.

The Afrikander Bond Congress opened at Paarle to-day with 70 delegates, including seven assemblymen, present. It is feared at Cape Town that the Parliamentary deadlock will probably lead to a temporary suspension of the constitution, and there is much anxiety in regard to the possible outcome of such a grave step.

Sir John Gordon Sprigg is experiencing much difficulty in forming a Cabinet. Mr. Schreiner persists in his refusal to support a ministry dominated by Mr. Cecil Rhodes, owing to personal antipathies. A coalition seems impracticable. Messrs. Rose, Innes and Solmon are not inclined to accept subordinate positions in a government composed of nominees of the South African League. If Mr. Schreiner should be dissatisfied with the personnel and pledges of the new Ministry the latter would be unable to pass Imperial measures and a dangerous deadlock would ensue which might lead to a grave constitutional crisis.

TALENT BARRELS OPENED

Ladies' Aid of West Belleville Church Render Account of Their Year's Work.

Holloway St. Methodist Church has excellent reason to be proud of the good ladies who compose its Ladies' Aid Society. As a prominent member of the church says; "They never weary in well doing." Last night the closing concert of the year was held, at which there was a good attendance, when the "talent barrels," issued to the ladies a year ago, were opened. Twenty-five barrels yielded $159.92; total made during the year, including proceeds of concert and a donation of $10 from a member of the church, was $230.07, which amount the ladies will pay on the parsonage debt. Last night's concert had many pleasing features. Mr. P. F. Canniff was chairman, and a good programme of vocal and instrumental music, readings, etc., was given, those taking part being Miss Ethel Grills, Miss Gertrude Hollinrake, Miss Kenyon, Messrs. H. Farley, Allan Chown and F. Y. Brenton.

It being the anniversary of their wedding, Mr. and Mrs. Craig were presented with a piece of silver table-ware by their guests.

GENERAL SESSIONS

A Number of Civil Cases Disposed of—Criminal Business Taken up To-day.

The business of the General Sessions is being conducted expeditiously and the majority of the civil cases are disposed of.

Yesterday the case of McGinnis vs. VanValkenburg occupied the attention of the court all day, being concluded about 6 o'clock. The action was one of trespass, tried without jury. Judgment was reserved. Mr. E. G. Porter for plaintiff; Mr. J. English, Napanee, for defendant.

Ridley vs. Wallace.—This was an action brought by the plaintiff for $200 damages for having been butted by a vicious ram owned by the defendant. The plaintiff is a laborer residing in the city and the defendant is a farmer residing in Huntingdon. Judgment in terms of consent, minutes hereto attached. E. Guss Porter for plaintiff; W. J. Moore for defendant.

McMahon vs. Mullins—Action on a bill of costs, where plaintiff was defendant's solicitor in superior court. Judgment for plaintiff, subject to taxation of bill of costs by A. G. Northrup. W. Carnew for plaintiff.

Sweet vs. Davey—Stands over until next court without costs to either party. E. Guss Porter for plaintiff; P. J. M. Anderson for defendant.

Young vs. Locke.—This was an action brought by the plaintiff to recover $200 damages for an alleged assault. The plaintiff, Mrs. Young, kept a boarding house at Trenton and the defendant, with others, was a boarder. It is alleged that one morning the defendant, in the absence of the plaintiff's husband, endeavored to embrace Mrs. Young, and also made proposals which were not becoming. The trial, which was conducted by Judge Fraleck, created much interest, the court room being crowded. Mrs. Young was for some years previous to her marriage a resident of this city, her maiden name being Miss Lambert. The case was concluded at noon, and the jury, after being out for some time returned a verdict for the defendant, each party to pay their own costs. As the jury had no right to say as to costs they were sent back to reconsider their verdict. Mr. E. G. Porter for plaintiff, Mr. O'Rourke of Trenton, for defendant.

The case of Christie Brooks, charged with shooting with intent to disable one Joseph Wynne, of Trenton, was taken up this afternoon.

A Test Run.

At a few minutes after 7 o'clock last evening an alarm of fire was sounded, it being reported that a fire was in progress at the Bank of Montreal. This was, however, not the case, the brigade being called out for a test run. Whilst proceeding down Front street No. 2 hose cart collided with a telegraph pole at the corner of Campbell street, but fortunately the only damage sustained was the breaking of a portion of the harness.

Band Concert.

There can be no doubt that the band concerts at the park this season will be as popular, or even more so, than they were last year. An immense concourse of citizens were out last evening to listen to the sweet strains discoursed by the band and all appeared to enjoy the excellent programme which was presented.

ANOTHER SESSION RUMORED.

The Grits May Thus Endeavor to Stave off the Evil Day.

Ottawa, June 14 (Special.)—A rumor is afloat that the Government has decided to hold another session before appealing to the people. The reasons for this are given as being the facts that the last month has been a trying one for the Government by reason of the charges brought against it, the Canadian contingents will not get home as soon as expected, the trouble in British Columbia is not to Sir Wilfrid's liking, and this session has been so long that members have squandered nearly all their indemnity and mileage. It is taken that Senator Dandurand's proposed trip abroad for six months is significant that his aid will not be required till after that to get Quebec Liberals into line for an election. However this may be, a prominent Liberal said last night that the elections would be held later than October. It certainly looks as if the evil day for the Government will be put off till the very last.

H. M. S. PINAFORE.

Last evening's rehearsal of "Pinafore" established beyond a doubt that the production will be an excellent one. It is for a good cause and should be greeted with bumper houses on Monday and Tuesday evenings next. "Our Boys" are making great sacrifices for the Empire in South Africa, let us try to make a little sacrifice for them. The costumes ordered from Montreal for "Pinafore" have arrived as well as the orchestration from Boston. Special scenery is being fitted up, and painted at the opera house. The Daisy Lyric Club have spared no expense to make a complete success, and their efforts should be appreciated.

H M. S. Pinafore.

To the Editor of The Intelligencer;

Sir,—Owing to the diversion of certain publicly subscribed funds on a recent Patriotic occasion from the object to which it was represented they would be applied, some doubt has been expressed as to whether the proceeds of the entertainment in the Opera House on Monday and Tuesday evenings of next week, are really to be for the benefit of our own eighteen gallant boys now in South Africa. Representing their Regiment, I can assure the public that this is the case and that the indefatigable exertions of Mr. J. N. Doyle and the many young ladies and gentlemen, who have gathered round him, have been inspired with this good object, and I feel, therefore, that they will be rewarded by the enthusiastic response and appreciation of the public of Belleville, not merely by the reason of the aim in view, but also because we all are quite justified in expecting two most delightful evenings in the company of the officers and crew of Her Majesty's gallant ship so vividly described by W. S. Gilbert and Sir Arthur Sullivan. Let us rally to the support and encouragement of our Belleville talent! Their labor of love represents weeks and months of arduous practice, and those who have had the privilege of hearing the rehearsals can promise many pleasant surprises and a finish and perfection rarely found in amateur performances.

CENSURE OF THE MINISTER OF MILITIA.

That consistent Liberal journal the Huntington Gleaner, of Quebec, feels called upon to rebuke the Minister of Militia for a want of knowledge of military matters, and for his extravagancies in the administration of the affairs of his department. The Gleaner is outspoken, and spares not its friends. It critizes the Minister after the following fashion:—

> "A more meddlesome and extravagant Minister of Militia the country has not had than Dr. Borden. The sending of a military corps to the Klondyke was his work, absorbing over half a million dollars, and of no benefit except in giving employment to men who despise manual labor and enriching the contractors who furnish supplies. He has now a bill before Parliament which it is to be hoped he may be forced to withdraw. It provides for the creation of the position of colonel; the highest office hitherto recognized in the militia has been lieutenant-colonel. The new title he desires to confer on lieutenant-colonels when they resign command of their regiments, and on civilians who may have contributed to the funds of regiments or otherwise encouraged the militia movement. Should the bill become law Canada will have in time as many colonels as a Mississippi town. If Dr. Borden wants to make volunteering ridiculous, he is taking an effectual way of doing so.

Who is there who will say the Gleaner is not right?

FREE SPEECH CRY!

The Grit press, led by the Globe and La Patrie, is occupying a good deal of space and wasting a good deal of time in denouncing Conservatives for objecting to and denouncing the disloyal utterances of Laurier's bosom friend, Bourassa, on the plea that such denunciations are an attempt to stifle free speech. Instead of that being the case on the part of Conservatives, it is the very crime which lays at the door of those who are raising the cry.

The facts are simple, and in a nutshell. The Premier moved, seconded by Sir Charles Tupper, that an address be passed by the Commons, congratulating Her Majesty on the success which had followed the British arms in South Africa until the Capital of the Transvaal had fallen into their hands. To this motion, Mr. Bourassa raised objections, in a violent pro-Boer speech. So offensive was this to the great majority of the members of the Commons, that one of them, when the pro-Boer sat down, exclaimed: "The best answer to Bourassa, is to give three cheers for the Queen," which, it is needless to say, were given right royally, followed by the singing of the National Anthem.

This is the head and front of Conservatives offending, which is receiving the condemnation of Grits and the Grit press, but not of that portion of the Liberal party whose feelings and sentiments are not in accord with the Bourassa-Tarte pro-Boer leanings.

Is it a denial of free speech to cheer for the Queen, sing the National Anthem, and give utterance to a disapproval of sentiments which border closely upon treason? If it be, all we have to say is, long may it continue.

SUPERIOR MERIT.

Remarkable Curative Properties of a Remedy for Indigestion and Stomach Weakness.

Stuart's Dyspepsia Tablets, a preparation for the cure of dyspepsia and the various forms of indigeston and stomach trouble, owes its great success as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs only, and is not recommended or advised for any other disease.

It is not a cure-all, but for any stomach trouble it is undoubtedly the safest, most sensible remedy that can be advised with the prospect of a permanent cure. It is prepared in tablet form, pleasant to taste, composed of vegetable and fruit essences, pure pepsin and Golden Seal, every one of which act effectively in digesting the food eaten, thereby resting and invigorating the weak stomach; rest is nature's cure for any disease, but you cannot rest the stomach unless you put into it something that will do its work or assist in the digestion of food.

That is exactly what Stuart's Dyspepsia Tablets do, one grain of the digestive principle contained in them will digest 3,000 grains of meat, eggs, or similar wholesome foods, they will digest the food whether the stomach is in working order or not, thereby nourishing the body and resting the stomach at the same time, and rest and nourishment is nature's cure for any weakness.

In persons run down in flesh and appetite these tablets build up the strength and increase flesh, because they digest flesh-forming food which the weak stomach cannot do, they increase the flow of gastric juice and prevent fermentation, acidity and sour watery risings.

Stuart's Dyspepsia Tablets can be found at all drug stores at 50 cts. per package.

BORDEN PREPARING DEFENCE

Consequently Emergency Ration Discussion Was Delayed.

Mr. Borden, However, Opened the Debate With a Very Witty and Telling Speech—Government Will Not Give the Commission Regarding Election Frauds Any Further Scope—There Will Be No Tax on the Japs.

Ottawa, June 15. — Again the insidious hand-spike of technical objection has been inserted into Mr. Monk's charges, and the discussion of his motion is again put off for a day. The wielder of the hand-spike was yesterday, as usual, Sir Wilfrid Laurier, who was careful to let no word drop that might suggest that he favored an inquiry. In fact, the whole affair looks as if Canada's Micawber were looking for something to turn up.

Mr. Monk Had the Floor.

The House had no sooner opened this afternoon than Mr. Monk arose and claimed leave to point out a few particular objects of his statement made yesterday. He reminded the House that the kernel of the whole charge was that the food tested at Kingston was not the food sent to South Africa. He drew particular attention to the fact that Dr. Borden claimed he had no acquaintance with Henri Hatch. That claim was due, doubtless, to a lapse of memory, for Dr. Borden had seen Henri Hatch an many occasions, on business in connection with the rations transaction.

How Suspicion Arose.

Suspicion that something was wrong emanated from the fact that the stuff sent to South Africa was not manufactured in Canada. Protos the food tested at Kingston, was manufactured solely at No. 10 Richmond-street, Montreal, and nowhere else on the continent.

Trunks Were Suspicious.

The saratoga trunks were suspicious in themselves, and in what they contained. A peculiar feature of the emergency rations is that they lose their qualities the moment they are exposed to the air for any time.

An Object Lesson.

With this as a preface, Mr. Monk gave an object lesson to the House. He held a can of the stuff shipped to South Africa in his hand, and declared that it was not hermetically sealed nor sterilized. A person could open it easily by squeezing. The very tin he had was now but partially full, because the air had got in and destroyed its qualities. The contents rattled like a half-filled pepper box. This in itself was a visible evidence of carelessness.

"The Vitaline Company."

Mr. Monk introduced a bit of wit into his remarks. The can contained the address of the company manufacturing the food. The company was the Vitaline Company. The address was merely corner of Craig and Bleury-streets, Montreal. Now there were four corners, and on the southeast was a stove shop, on the southwest was The Montreal Witness office, on the northeast was a haberdasher's store, and on the northwest was a chemist's shop. Was the food made at the stove shop? Did The Witness make it? Or had it been manufactured in the store where shirts were sold? The conclusion was that it must have been made at the chemist's shop. But regarding this, a doubt had been created, because the chemist had written to Mr. Monk stating that there was no office of the Vitaline in his shop, and that the allegations regarding it were false, because he had never made such food for the Government, or had any transactions with Dr. Devlin.

No Known Address in Montreal.

"Three corners said not a word, but one corner denied," remarked the member learned in the law. So the House was forced to believe that the vitaline had no known address in Montreal and no office except one that was got to by a man-hole or a trap-door. Did this not furnish strong grounds for suspicion? Was payment made before the goods were delivered? On reliable information, he said "yes." This fact, connected with others, was suspicious. Dr. Borden said the last delivery of food was on Jan. 25. If payment was made after delivery it was made after Jan. 25. But on Jan. 25 Dr. Borden was informed that the food sent to South Africa was not the food tested at Kingston. Hence, the payment was made after the morning or before the delivery of the goods. The Government could take either hour.

Gravity of the Charges.

In conclusion, Mr. Monk referred to the gravity of the charges and to the discourteous treatment meted out to him by the Minister when he brought certain facts to their notice. He declared he had been treated like a tortured victim of a band of savages. He claimed an investigation.

Must Stand Till Friday.

Sir Wilfrid then loosened his handspike and said that Dr. Borden had not had time to prepare his statement of defence, so the matter would have to stand over till Friday.

Col. Prior's Queries.

Col. Prior asked: Has the Militia Department had any analysis made by the Department of Inland Revenue of the "emergency food" bought by the Militia Department for use of the troops in South Africa?

What were the results as reported by the Inland Revenue Department?

In answer, Dr. Borden said that he had sent to the Department of Inland Revenue on Feb. 3, 1900, two parcels of the emergency food for analysis and one parcel was a sample of the food sent to South Africa, the other of that tested in Kingston in April, 1899. As further analyses were being made, he did not think it was desirable to make public the results of the analysis of Feb. 3, 1900. But they bore out the fact that the two foods were identically the same.

Chinese Immigration.

The next item of interest was the first reading of a bill concerning and restricting Chinese immigration, introduced by Sir Wilfred Laurier. It provides for the appointment of a commission to ascertain the views of the people of British Columbia upon Japanese immigration. The commission is also charged to find out the feasibility of raising the Chinese poll tax to $500. The bill provides that the Chinese poll tax will be raised from $50 to $100.

What British Columbia Wants.

Sir Wilfred, in explaining his bill, reviewed the history of restriction of Chinese immigration from 1884, remarking that the Chinese were not a desirable class of immigrants, inasmuch as they worked for less wages than the native population, and besides never came with the intention of permanently remaining here. He referred to the fact that the people in British Columbia wished the Natal Act to be introduced in Canada. This would be tantamount to prohibiting Chinese and Japanese immigration. This was a serious question and, speaking for the Government, he held that he was not prepared to come into conflict with Japan at the crisis in the Empire's history when the war cloud was looming up in the Orient and England would need all the aid she could obtain. Hence it was that he did not propose to impose a tax on Japs. This announcement might disappoint British Columbia, but the Government was guided by Imperial policy.

Col. Prior said that British Columbia would certainly be disappointed that the Chinese poll tax was not raised to $500, and that no restrictions were placed upon the Japs. He wanted the Natal Act and he believed the Government should look at home affairs before looking to England's probable conflict in the Orient.

Mr. Wallace held there was no room for the Chinaman in Canada, but favored Sir Wilfrid's announcement regarding the Japs.

The bill was read a first time.

That Elections Commission.

Mr. R. L. Borden moved a vote of censure on the Government for refusing to widen the scope of the Elections Committee at the suggestion of Sir Charles Tupper.

His speech was an elaboration of his motion, which declared that the House was of the opinion:

"That the powers and jurisdiction conferred on the three commissioners are not sufficiently wide and comprehensive to enable the commissioners to make a thoro, complete and searching inquiry into the frauds which are alleged to have taken place with the election of members of the House of Commons.

"That the commissioners should be expressly empowered to inquire into all fraudulent practices and devices by means of which any such frauds have been accomplished, as well as the conduct and proceedings of any person who indirectly or by means of others or by any collusion or connivance have aided, abetted or countenanced the commission of any such fraud.

"That for the purposes of indemnifying witnesses the provisions of the imperial Act should apply."

This would give absolute indemnity to witnesses. It would be more explicit than the present act, under which the commission was issued. That provision should be made which will place beyond doubt:

"(a) That the Clerk of the Crown in Chancery shall produce all election documents.

"(b) That any witness is competent to testify how he voted at any election, concerning which the commission takes cognizance.

"(c) That persons who make charges could be represented by their own counsel. That the evidence already taken shall be used by the commission.

"That the commission shall first investigate the frauds of the Brockville and West Huron elections.

"That legislation will be enacted to put beyond doubt the power of the Governor-General-in-Council to give jurisdiction in such cases to such a commission.

Mr. Blair's Reply.

The Minister of Railways, Mr. Blair, replied to Mr. Borden, and said the suggestions were unnecessary, for the Government had issued the commission in order to have a full inquiry.

Sir Hibbert Tupper followed, and said the language of the order-in-council forced him to believe the Government was hypocritical in its claim that it desired a full inquiry.

The battle was continued by Dr. Russell, and a vote was taken at 11.40. The result was never in doubt. The motion was snowed under by a count of 50 to 32, a majority of 18.

The binder twine amendment to Sir Henri Joly's weights and measures bill passed through committee, and the bill was read a third time.

The House went into supply on the miscellaneous estimates, and after passing a number of items, adjourned at 2.

The Royal Assent Given.

Ottawa, June 15.—The session of the Senate yesterday was unusual. The Governor-General attended, assisted by Major Drummond, to give the royal assent to bills. Her Highness, Princess Aribert of Anhalt, accompanied by the Countess of Minto, her hostess, sat in the Speaker's gallery and noted the flocking of the Commons and other antique circumstances necessary to the royal assent. After the ordeal was over the Princess and suite illuminated the Speaker's gallery in the Commons. The Bank Act was read a third time.

PREPARING A DEFENCE.

Minister of Militia Borden, Mr. Fitzpatrick and Dr. Devlin Closeted All Night at Ottawa.

Ottawa, June 15.—Hon. Dr. Borden, Hon. Charles Fitzpatrick and Dr. Devlin were closeted all last night preparing Dr. Borden's statement of defence to Mr. Monk's charges regarding rations. Suspicions of an ugly transaction are growing hourly. Dr. Borden's statement is eagerly awaited.

HOTEL BURNED AT TRAIL, B.C.

Heroic Work by Firemen Prevented the Town Going Up in Smoke.

Rossland, B.C., June 15. — The Southern Hotel at Trail was burned to the ground Wednesday night, and that the entire business portion of the town is not in ashes, is due to the heroic work of the fire department. It was about midnight when the fire broke out, supposedly from the explosion of a lamp. Fortunately the flames were checked, thus preventing the destruction of the business block of the town. Lewis Bros. and all the adjoining places of business carried their belongings to places of safety. The loss, all told, was about $2,000.

Instant Death to Eight Men.

Winnipeg, June 15. — A Canmore, Alberta, special says: The most serious gas explosion that ever occurred in Canmore mine took place yesterday afternoon, resulting in the instant death of eight men and several slightly injured. The names of the dead are: Presper Daye, Amand Regard, Toney Billini, Peter Caulfield and four other foreigners whose names are not yet known. The first three leave large families. The cause is supposed to be due to one of the miners, who gave up his life in unlocking his safety lamp with a key wrongfully obtained.

Should Call Tarte Home

London, June 15.—The St. James' Gazette yesterday under "Notes of the Empire" says that after ex-Premier Schreiner of Cape Colony, the figure of the week in colonial circles has been Hon. J. I. Tarte, the Canadian Minister of Public Works, now sojourning at Paris in connection with the Dominion's contribution to the great Exposition, and adds: "It is really difficult to know what to make of this gentleman, but we are sure Sir Wilfrid Laurier would be well advised if he were to call his errant colleague to Ottawa, where his speeches would give less offence and give rise to fewer misconceptions than they do in Paris."

MARTIN RESIGNED.

James Dunsmuir Called Upon by the Lieutenant-Governor to Form a Cabinet for B. C.

Victoria, B.C., June 15. — Last evening Premier Martin tendered his resignation to the Lieutenant-Governor and recommended as his successor James Dunsmuir, M.P.P. for South Nanaimo. Mr. Dunsmuir accepted the task of forming a Government, and will be sworn in to-day at 3 o'clock. The good choice is considered a good one by the local politicians, and a strong Government will undoubtedly be formed.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

HETTY GREEN AT HOME.

Two Little Flats Shelter America's Richest Woman and Her Husband.

"Hetty Green, 'The Richest Woman in America,'" writes Leigh Mitchell Hodges, in the June Ladies' Home Journal, "lives modestly in two small flats in a brick block in Hoboken, New Jersey. There are two electric pushbells at the door, under each of which one finds the name 'C. Dewey.' Mrs. Green prefers that the public should not know where her home is situated, and she uses this name because her pet dog's name is Dewey, and she commonly calls it 'Cutie.' The parlor is in the lower suite, and is a little larger than a good-sized closet. A couch, a small table and three chairs are the furnishings and the ornamentation is quite as simple.

"Mrs. Green is a rapid talker. Words seem to come to her as easily as dollars. She is witty, too, and these gifts, with her remarkable memory, and pleasant voice, make her an excellent conversationalist. Her daily routine is more severe than that of any other living millionaire, perhaps. She rises early, eats a light breakfast, in the little dining-room of the Hoboken flat, and hurries off to the ferry. It is only a short distance from her home to the slip, and she always walks, be the weather what it may. Her husband, E. H. Green, who is seldom seen or heard of, is an old man, almost eighty, and somewhat of an invalid. The upper one of the two flats is called his, and there, in a plainly furnished sitting-room, he sits day in and day out while his wife is in New York looking after her financial affairs. When she comes home in the evening—it is always late—she sometimes reads to him."

SECRET OF HETTY GREEN'S SUCCESS.

She Does Not Believe in Speculation, And Does Everything With All Her Mind.

Hetty Green was recently induced to talk to a writer for the Ladies' Home Journal of her business methods that have won her sixty millions of dollars or more. The secret of her success is worth knowing; "I don't believe in speculation as a rule," she says, "and I don't speculate as much as people think. When offered so many shares of stock at so much I buy one share and then send out to see what it will bring. If it's a good advance I buy the rest. If not, I don't. This was my plan when I used to deal in horses. I would get a day's option on a horse, and see what it would bring before buying it. I attribute my success chiefly to the rule of always buying when every one wants to sell, and selling when every one wants to buy. There's a price on everything I have. When that price is offered I sell. I never buy anything just to hold on to it. Not much! And I try to steer clear of Wall street. Any one who hasn't a whole fortune to back his deals had better do the same. I do everything with all my mind. If there is a lawsuit on hand I go into every detail of it with my lawyer. It's the same with everything else."

College Day at the Assembly.

Halifax, June 15. — The Presbyterian General Assembly yesterday afternoon received reports from colleges, and the general tone was that of prosperity.

TOOK HIS FATHER'S ADVICE.

IT is not at all surprising that many sufferers from rheumatism have very little faith in patent medicines. The public have been gulled for years by unscrupulous manufacturers who care little who they kill or cure. It is quite different with the proprietors of Dr. Hall's Rheumatic Cure. They have a reputation at stake, worth a great deal more than a little money to be made from a temporary fake; temporary because all medicines that do not do as advertised are soon found out and discarded. Manufacturers of proprietary medicines have an intelligent people to deal with in the present age, and deception is sure to be discovered in short order. The reliable testimonials being daily received by the Dr. Hall Medicine Company are the best proofs that any firm can wish to show. John Clark, a young farmer of Pittsburg township, saved himself a lot of suffering by accepting the advice of his father, who told him he would be cured if he gave Dr. Hall's Rheumatic Cure a trial. One bottle cured him completely. He suffered with terrible pains in his legs and hips. The numerous other remedies he tried had no effect whatever. Mr. Clark now adds his recommendation to the many others continually coming in.

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

It needs a man to perceive a man.—A. B. Alcott.

There is nothing stronger than human prejudice.—Wendell Phillips.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

When a young man becomes sufficiently familiar to stay until midnight, the girl begins to think she holds first mortgage on his affections.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

If a small boy doesn't attempt to smoke a cigar thinking it is smart, he is sure to tackle it out of curosity.

Smiles add much to a woman's attractiveness, and they are inexpensive.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

As soon as the moon gets three-quarters it proceeds to get full.

If you have a good business, it is always better to stay where you are.

Have no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the side, and all liver troubles. Carter's Liver Pills. Try them.

The amateur photographer never requires the proof of a girls love after he secures the negative.

Not one in twenty are free from some little ailment caused by inaction of the liver. Use Carter's Little Liver Pills. The result will be a pleasant surprise. They give positive relief.

Poverty often pinches the body, and wealth sometimes pinches the soul.

Mother Graves' Worm Exterminator does not require the help of any purgative medicine to complete the cure. Give it a trial and be convinced.

Silent neighbors make a desirable neighborhood.

The never failing medicine, Holloway's Corn Cure, removes all kinds of corns, warts, etc.; even the most difficult to remove cannot withstand this wonderful remedy.

CHINESE CRISIS DISCUSSED

Agreement of the Foreign Powers to Restore Peace.

Mr. William St. John Broderick, Parliamentary Secretary of the Foreign Office, Made a Statement Covering Recent Events in the Disturbed Capital and Other Cities—Situation Acutely Critical—Pekin Menaced.

London, June 15.—The House of Commons reassembled yesterday afternoon. Nothing of interest occurred until the subject of the crisis in China was raised. The Parliamentary Secretary of the Foreign Office, William St. John Broderick, made a statement in regard to the position of affairs in the Chinese Empire. "Her Majesty's Minister at Pekin," said he, "has been in constant communication with the Chinese Government since the attack by Boxers on peaceable converts, and the destruction of three villages about 90 miles from Pekin on May 12.

Warned the Tsung Li Yamen.

"On May 18 Sir Claude Macdonald reminded the Tsung Li Yamen (Chinese Foreign Office) of his unceasing warning during the last six months of the danger of not taking adequate measures to suppress the Boxers, and an Imperial decree was subsequently issued. On May 20 a meeting of the diplomatic corps was held, at which a resolution was unanimously adopted, calling on the Tsung Li Yamen to take more stringent measures. It was not then considered necessary to bring the International guards to Pekin, but the British marine guard at Tien Tsin, which had been under orders to leave, was detained there, and two British ships were sent to Taku.

Summoning of the Guards.

"As no specific measures were taken by the Tsung Li Yamen the diplomatic corps met again, May 26, and decided, failing the receipt of a satisfactory reply from the Tsung Li Yamen, to summon guards. This course was adopted May 28, and a British detachment of 78 men, with a machine gun, was forthwith sent to Pekin, and 104 men were sent to Tien Tsin, while four more British ships were brought to Taku.

Murder of the Missionaries.

"News was then received of the murder of Mr. Robinson and the capture of Mr. Norman, who was subsequently murdered.

"Sir Claude Macdonald continued until June 5 to urgently impress the Tsung Li Yamen with the necessity for taking instant and effective steps to punish the murderers and restore order, informing them that Her Majesty's Government held the Chinese Government responsible for the criminal apathy which had brought about the disgraceful state of affairs. These remonstrances having no effect, and the situation, both at Pekin and in its neighborhood, becoming more threatening, Her Majesty's Government, June 6, telegraphed instructions to Sir Claude Macdonald and to Admiral Seymour to take, in concert with the other powers, any steps in their discretion, which was left unfettered, that they might consider advisable, for the protection of the foreign Legations at Pekin and British subjects at Tien Tsin or in the neighborhood.

British and Russian in Concert.

"Sir Claude Macdonald, after a conference with the Russian representatives at Pekin, was empowered to support any Chinese authority capable of maintaining law and order, or any measures to this end, the Russian Minister being similarly authorized.

In consequence of further depredations of the Boxers, Admiral Seymour called up three more ships, and on June 9, after consultation with the foreign commanders, decided to land a force and march on Pekin.

Marines of Seven Powers.

"On June 10 he marched, with 1,078 men, of which 650 were British. This force has been increased to 2,300 men, containing detachments from the ships of seven powers. The admiral had advanced 30 miles, June 11, when he encountered the Boxers, and killed 35 of them.

"The railway was much broken up, and three miles were covered in the next 24 hours. About 950 troops are being embarked at Hong Kong, and the Terrible is going to Taku. The Russians are landing an additional detachment of 1,700 men.

Disorders at Pekin.

"Sir Claude Macdonald reported on June 11 that disorders were occurring at Pekin.

"Nine British and 25 foreign ships are now at Taku, and complete accord prevails among the powers in regard to action taken by Admiral Seymour."

Mr. Broderick concluded with denying he had the least intention of implying that Great Britain had any closer agreement with Russia than with any of the other powers.

A SERIOUS RUMOR.

Foreign Legation Burned and Minister Killed at Tien Tsin.

London, June 15.—A special despatch from Shanghai says an unconfirmed report has reached there from Tien Tsin to the effect that a foreign legation has been burned, and a Minister has been killed. The names, it is added, are withheld, pending a confirmation of the report.

It is further rumored here that the international relief parties are experiencing great difficulties in regard to provisions and water.

[illegible] Sharp Lesson.

London, June 15.—It has been learned in official quarters that, although it is expected the Government at Pekin will show no further resistance as soon as it shall perceive the powers are determined, the commander of the international forces has been instructed to inflict a sharp lesson in the event of any resistance, and not to brook any delay in reopening the gates of Pekin, if he finds them closed.

[illegible] Admiral Kempff.

Washington, June 15.—The following cablegram has been received from Admiral Kempff:

"Tong Ku, June 13.—Secretary Navy, Washington—Twenty-five hundred men are on the road to Pekin for the relief of the legations; 100 are Americans; English and Russians in large majority, all nations are represented. The Viceroy at Tien Tsin gave permission to go there, railroad being repaired as force advances. Russians now sending soldiers from Port Arthur with artillery. (Signed Kempff.")

Railroads Have Been Cut.

Tien Tsin, June 15.—Railroad communication between this place and Admiral Seymour's international force, has been cut three miles beyond Yang Tsun. Two bridges have been destroyed.

It was rumored here last night that the Boxers are determined to burn Tien Tsin station to-night.

Sympathy may help a wounded heart but it won't heal a wounded limb.

That fact is so obvious that you wonder why any one can offer "sympathy" as the chief feature of treatment for the delicate diseases of women. Yet women are invited to "write to a woman who can sympathize with woman," and the theme of their correspondence is to be the delicate, difficult and dangerous diseases which undermine a woman's health and strength. It is true that such offers are combined with an offer of "medical advice." But medical advice can only be given by a competent physician, and no mention is made in such offers of a physician's or doctor's advice. It is not offered because it cannot be given. The offer is not being made by a qualified physician.

The offer of free consultation by letter, made to ailing women by Doctor R. V. Pierce, has behind it a physician's ability. Dr. Pierce is consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Associated with Dr. Pierce is a staff of nearly a score of physicians, each man a specialist. In a practice of over thirty years Dr. Pierce and his staff have treated successfully more than half a million women, who have been cured of debilitating drains, inflammations, ulcerations and female troubles. The age, experience and skill of Dr. Pierce give him a supreme advantage in his chosen field of diseases of women.

You can write to Dr. Pierce without fear and without fee. Every letter is read privately and answered confidentially, the answer being sent in a plain envelope, without any printing upon it.

Dr. Pierce's Common Sense Medical Adviser, free on receipt of stamps to cover customs and mailing only. Send 31 one-cent stamps for the edition in paper cover, or 50 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Riot at Yun Na Fu.

Shanghai, June 15.—A despatch from Chung King announces that a riot has taken place at Yun Na Fu. The buildings of the China Inland Mission were partially destroyed and those of the Roman Catholic and Bible Christian Missions were utterly demolished. All the missionaries are safe.

Troops From Hong Kong.

Hong Kong, June 15. — Four companies of the Hong Kong Regiment, a mountain battery and a field battery of Asiatic Artillery with a battery of 2.5. inch guns, started for Tien Tsin last night.

Cannot Arrive Before Sunday.

Tien Tsin, June 15. — Owing to the extensive damage done to the railroad line, it is feared the international troops cannot reach Pekin before Sunday.

The Japanese cruiser Suma has arrived at Taku.

The international force under Admiral Seymour includes the following: British 915, German 250, Russian 300, French 128, American 104, Japanese 52, Italian 49 and Austrian 25. It left Tien Tsin June 10.

Japan Sending a Regiment.

Yokohama, June 15. — Japan is about to send a mixed regiment to China. The Government press declare that Japan alone could suppress the revolt, but that she must first win the confidence of the powers and avoid acts likely to awaken suspicion.

THERE HAS BEEN A FIGHT.

The International Troops Have Had a Battle With Mohammedan Troops Near the City of Pekin.

London, June 15.—The Times publishes the following despatch from Tien Tsin, via Shanghai: "A serious engagement has occurred betwen the International column and the Mohammedan troops of Gen. Tung Fu Sing near Pekin. Mr. Byron Brennan, British Consul at Shanghai, who is now in London, says that these Mohammedans troops are armed with machine guns and repeating rifles."

Russians Landed Guns.

Tien Tsin, June 15. — The Russians have landed 4 eight-centimeter guns. These with the 1,700 men will start on the march for Pekin to-day. Ten thousand foreign drilled troops are still at Shanghai.

DEATH OF MR. CHRISTIE.

The Great Toronto Biscuit Manufacturer Passes Away.

Toronto, June 15. — Mr. William M. Christie, president of the Christie, Brown & Co., biscuit manufacturers, died yesterday afternoon at his late residence, 29 Queen's Park. The cause of death was sarcoma, from which Mr. Christie had suffered for some time back and which had gradually developed in his system. All the members of the family were present when death occurred.

Mr. Christie's Career.

William M. Christie, president of the Christie, Brown & Co., was born in Huntley, Aberdeenshire, Scotland, in the year 1829, and it was there that he received his early education. While but a lad he started to work, and after spending several years in various sorts of employment he apprenticed himself to a baker and thoroughly mastered his trade. In 1849 he arrived in Toronto, and immediately started to work as a journeyman baker. Three years later he entered into partnership with Mr. Brown, and from that day the firm prospered until its premises had been extended to over three times the original size. Mr. Christie was prominent in business circles, and was admired and respected by an exceedingly large number of acquaintances. He was a member of the British Association for the Advancement of Science. He was a prominent member of the Board of Trade and for many years a director of the Industrial Exhibition Association. He belonged to the Ontario Jockey Club, and was greatly interested in horse breeding. He was also a member of the Toronto Club, the National Club and the Toronto Lacrosse Club. He was a Mason, being connected with Zetland Lodge. In 1857 he married Miss J. Mullin of York County, and had a family of three daughters and one son, all of whom survive him. The son, Robert J. Christie, now manages the old firm. The daughters all reside in Toronto, being Mrs. J. J. Palmer, Mrs. D. S. Barclay and Mrs. C. J. Clark.

MRS. GLADSTONE IS DEAD.

Passed Away at the Family Seat, Aged 88 Years.

London, June 15.—Mrs. Gladstone, widow of the late William E. Gladstone, the English statesman, died at 5.40 p. m. yesterday.

Mrs. William Ewart Gladstone was 88 years old, and had been slowly sinking for some time past at Hawarden Castle, the family seat. She was the eldest daughter of the late Sir Richard Glynne, Bart., of Howarden Castle, and was married to Mr. Gladstone in 1839. He died May 19, 1898. She was a woman loved and admired by the vast circle of those who came in contact with her busy and varied life, and had great influence over her husband's actions.

BOTHA FOUGHT FOR TWO DAYS

Then He Retired With His Guns and His Force Intact.

This Is Taken to Mean That He Has a Commando With Which Lord Roberts Must Reckon as as Formidable—Pacification of the Transvaal Will Take Months Instead of Weeks—Buller Will Have to Wait.

London, June 15.—(3.30 a. m.)—That Commandant Louis Botha should have been able to stand for two days against Lord Roberts and then to retreat, without losing any guns or having any of his men captured, is taken to mean that he has a force which the British must still reckon as formidable when acting defensively. The pacification of the whole Transvaal, especially the wide spaces far from the railways, is looked upon as a business requiring months rather than weeks. Meanwhile everything goes well for the British arms.

Buller Must Wait for Supplies.

Gen. Buller will be unable to advance further until he gets supplies. He will probably wait until the tunnel has been cleared. Nearly every farm house his troops passed flew a white flag. The British took nothing without paying for it.

Rundle Had a Sharp Skirmish.

Gen. Rundle had a sharp skirmish at Ficksburg on June 12. The Boers had been aggressive along the whole of Ficksburg Senekal line and menaced Ficksburg in force. The British outposts retired to the village. Gen. Rundle held the attention of the Boers in front with two guns, while Yeomanry were sent around to their rear and drove them off with a loss to the British of three wounded. Patrols had also three wounded. President Steyn is at Uitkop. His presence there is supposed to account for the Boer activity.

OFFICIAL BULLETINS.

War News From the Pens of Lord Roberts and General Sir Redvers Buller.

London, June 15. — Lord Roberts reports to the War Office, under date of Pretoria, June 13, 9.55 a.m., as follows:

"Methuen advanced to Honing Spruit yesterday and found all quiet. Kroonstad is strongly held. Methuen returned to-day to Rhenoster River, where the railway is being repaired. We were engaged all yesterday with Botha's army. The enemy fought with considerable determination and held our cavalry on both flanks, but Ian Hamilton, assisted by the Guards Brigade of Pole-Carews' division, pushing forward, took the hill in his front, which caused the enemy to fall back on their second position to the eastward. This they are still holding. It is slightly higher than the one we have captured. The great extent of country which has to be covered, under modern conditions of warfare, renders progress very slow. Details of the casualties have not reached me, but I understand they are moderate in numbers. The only further casualties reported to date are two officers wounded."

Botha Runs Away.

London, June 15. — The War Office issues the following report from Lord Roberts, under date of Pretoria, June 13, afternoon:

"The enemy evacuated their strong position during the night and have retired to the eastward. Buller's force and mine have afforded each other mutual assistance. Our occupation of Pretoria caused numbers of Boers to withdraw from Laing's Nek, and Buller's advance to Volksrust made them feel their rear would shortly be endangered."

Wakker-troom Surrenders.

London, June 15.—Gen. Buller reports to the War Office as follows:

"Headquarters at Laing's Nek, June 14, morning.—General Lyttleton yesterday received the formal submission of the town and district of Wakkerstroom which the enemy is believed to have completely evacuated."

Dorsets' Did Great Work.

London, June 15.—The War Office has made public a despatch from Gen. Buller accepting the congratulations of the Secretary of State for War, Lord Lansdowne, in which he says:

"The Dorsets, who have been unlucky, had a chance at Almond's Nek and showed themselves to be as good as any others.

"About 150 yards at each end of Laing's Nek tunnel are blown in, and it will require several days to move the debris. The line, otherwise, is uninjured and open to the reversing stations and also to Sandspruit."

Capt. Barker [illegible].

London, June 15.—Captain Barker of the Toronto Company, who has in the hospital in South Africa, has returned to duty.

According to The Standard's correspondent, the Canadians figured prominently in forcing Botha to evacuate his position near Pretoria.

To Promote Rifle Clubs.

Ottawa, June 15.—It is understood that the Government intends to encourage the formation of rifle clubs, distinct from the military. In doing so the English precedent will be followed. Not only will the rifle club be given ammunition free from the department, but it is believed one rifle will be given to every ten members of the club.

Worn Out Nerves.

Weak, Nervous Women Are Restored to Health and Vigor by Using the Great Restorative

DR. CHASE'S NERVE FOOD.

Here are two letters from women who were weak, nervous and run-down in health, and who have been restored to perfect health and vigor by using Dr. Chase's Nerve Food.

Their experience may prove of inestimable worth to you if you follow their example and build up your system by a course of treatment with this sterling remedy.

Mrs. Margaret Iron, Tower Hill, N.B., writes: "My nerves were so weak I couldn't walk twice the length of the house. I couldn't work or sleep, and my hands trembled so I couldn't carry a pint of water. I thought there was no help for me, but after using five boxes of Dr. Chase's Nerve Food my nerves are fully restored. I can walk a mile without inconvenience, and though 76 years old, and quite fleshy, I do my own work and considerable sewing, knitting and reading. Dr. Chase's Nerve Food did me a world of good."

Mrs. J. M. Bradley, 100 Jane street, Ottawa states:

"For several years I have been gradually running down in health. I became nervous and weak, and worried greatly over my future.

"Hearing of Dr. Chase's Nerve Food and the wonderful results it has accomplished in others, I obtained a box and began using it as directed. I began to improve immediately, and I am now restored to full health and vigor.

"Dr. Chase's Nerve Food is an excellent remedy and I can recommend it to all who are weak, nervous or run down."

Dr. Chase's Nerve Food is the greatest restorative that the scientists ever discovered. It instills into the blood and nerves the life-giving principle which creates new tissue and force. It rekindles in the nerves the spark of vitality which is wasted by overwork and disease, and the cures which it effects are permanent, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

As a cure for all sorts of colds Dr. Chase offers his great twin remedies, Dr. Chase's Catarrh Cure cures colds in the head, catarrh, droppings in the throat, catarrhal headache and deafness, Dr. Chase's Syrup of Linseed and Turpentine promptly cures coughs, colds, bronchitis, asthma, tightness in the chest and all throat and lung troubles. Each 25 cents from your dealer.

ED. F. DICKENS

Wedding Bells.

Miss Arletta Felicia, youngest daughter of Mr. and Mrs. Levi Massey, of Wallbridge, Ont., was married on Wednesday, June 13th, to Sprague L. Palmer, M. D., of Benton, Kansas, and formerly of Toronto, Ont. The marriage was solemnized by Rev. G. A. Fulcher, at the parsonage in Peabody, Kansas, where the bride was a guest of the groom's sister, Mrs. Fulcher, having left her home for that place last Monday. Dr. Palmer, who is a cousin of Dr. Dyer, of Albert College, is an enterprising young practitioner of Benton, Kansas, where he and Mrs. Palmer will reside. Mrs. Palmer was for three years a student at Albert College and is held in the highest regard by a large circle of friends. With them The Intelligencer joins in congratulations and best wishes for the future welfare of Dr. Palmer and his bride.

Bass and maskinonge fishing opens to-day. The season for tall stories has arrived.

• • •

Tarte seems to be finding his level. The St. James' Gazette, a Ministerial journal, attacked him for his speeches in France, and advised Laurier to recall him. Mr. Tarte's buffoonery doesn't seem to be appreciated in England.

The Park will require an extension if the crowd increases as it gives evidence of doing on band nights.

• • •

Many people enjoyed the excellent concert and cool breezes on the Park last night.

• • •

"What a harvest a man renting camp stools could reap on summer nights at our band concerts," one citizen was heard to remark.

• • •

The evening star, which appears low in the heavens these nights, is fooling a lot of people into the belief that it is an electric light sent up in a balloon at Peterboro, but it isn't.

• • •

To the guardians of our streets: The City Solicitor, Street Surveyor, and the rest of the gentlemen who have the interest of loose and broken boards at heart, let us draw your attention to a loose and broken plank (which has been in that condition for many weeks) at the corner of Bridge and Albert streets, as you go across the street on the east side. We sincerely hope you will not be offended at us for pointing out one of many dangerous pitfalls to pedestrians.

• • •

Large numbers of country visitors attend the Band concerts. Some people in Prince Edward County think the bridge tolls should be reduced a little on those evenings.

• • •

Too much prominence is being given that young man Bourassa over his silly actions and speeches. Call him A Boer Ass and let him go at that. He's not worth wasting time over. He's not even an Ass in a Lion's Skin.

The stepmother trouble seems to have reached its climax in China. The Dowager Empress should be the patron saint of stepmothers after this.

No wonder June weddings are scarce in this locality. All the engagements take place in the Transvaal.

Since the dogs bit the City Fathers several muzzles have been noticed. Whether for the safety of the Aldermen or the dogs is not known.

• • •

They have got a lot of brave people in Detroit. They are not afraid to tear down any flag that ever floated. Of course it takes a regular dare-devil of a fellow to tear down a flag when there is nobody to defend it. Canadians have been in the habit of laughing at this kind of thing and saying it is not worth noticing, but it is beginning to appear to many people that patience has ceased to be a virtue, and that in future the Stars and Stripes might just as well be left out when Canadians have any decorating to do. We are a peace-loving people and fond of a joke, but the joke in this matter seems to have been carried too far.

• • •

When are the first steps to be taken towards organizing a Rifle Club in Belleville? As the world stands to-day a man can hardly tell when, like Laurier, he may have to shoulder his musket. Plenty of heroic people everywhere are willing to fight, bleed and die for their country, but most of 'em couldn't hit a flock of barns at two hundred yards. Somebody in Belleville ought to move in the matter.

• • •

The city authorities would do well to remember that a nail in time saves many trips and falls upon loose and broken sidewalks.

The khaki craze has now gone so far that statues in many West End London villas have been painted that popular hue.

Mackenzie & Mann's bill incurred in connection with the Yukon road that they did not build is $333,434. This being the Session before elections, they will probably get the money from their Liberal friends.

• • •

This disloyal talk of Bourassa in the Commons, Laurier refusing to rise when "God Save the Queen" was sung, and Tarte, his bosom friend and political colleague, gushing in the following manner in France: "Frenchmen who come to us can be certain of finding French laws and arms open to welcome them" and also hinting that Quebec was anxious to adopt the French tricolor, is quite sufficient to cause all British-Canadians to pause and ask themselves the question: "Are we to tolerate these men, and return them to power to lead us we know not whither? For goodness sake let the country put the reptiles out of office and out of public life. No self-respecting Liberal or Conservative can hope for good from such as these.

It looks as though the Chinese were anxious for their bump. The whole affair looks nasty. Perhaps the blow which will "stagger humanity" may be dealt in China.

• • •

Which is apt to lead one to remark that when it comes to "staggering humanity" the Boers or Boxers or any other fighters are not in it with Belleville's sidewalks.

• • •

Talking about tall yarns, that story of the Boers' to-day is a very fair one. They say they charged Gen. French's cavalry, repulsed them with heavy loss, drove them five miles and only lost two killed and ten wounded. And yet they say the Boers are an unimaginative people.

Belleville never before looked so attractive to strangers, no so beautiful to her own citizens as it does this year. In conversation with Mr. Thos. Cross, of Madoc, a member of the County Council, on Victoria Park last evening, he said: "Well, I never before was so struck with the beauty and attractiveness and the prosperity of Belleville as I am on this visit. Here are thousands of well-dressed, thrifty looking people enjoying one of the pleasantest scenes that can be found in Canada. Your streets and lawns are well kept and many of them are very fine. You have got a big iron industry established. I was very much interested in looking at it, and glad to learn of its success. Your Hotel Quinte is a credit to the city. Indeed you ought to be, as citizens, proud of Belleville, and work together for its prosperity and advancement."

COUNTY COUNCIL.

Thursday, June 14.

AFTERNOON SESSION.

Council resumed business at 2 o'clock.

The Committee on Roads and Bridges resumed, Mr. McFarlane in the chair.

A deputation from Rawdon township was present.

Mr. Rogers, Reeve of Rawdon, said a large petition was before the council asking for a grant for the cutting down of a large hill in the 5th concession in the township. It was about 400 feet from top to bottom and he thought that a grant of $200 would be necessary. The township council of Rawdon was prepared to supplement the grant made by the County Council.

Mr. Belshaw supported the petition. He said the hill was the worst in the country and it was impossible to go over it with a load. He hoped the Council would see their way clear to make a liberal grant to cut down this hill.

Messrs. Paul, Kingston, Jas. Haggarty and B. O. Lott spoke in support of the petition.

Mr. McFarlane said that owing to a resolution passed at the morning session no more grants were to be given to roads outside of county gravel roads.

Mr. Pearce said this was a special case and although a resolution was passed he thought it should be seriously considered.

Mr. Parker said the hill was the worst he knew of, and he moved, seconded by Mr. Pearce, that $150 be granted to assist in lowering the Belshaw hill, provided the township council of Rawdon supplement it with a like grant.

Mr. English stated that he would support the motion for the grant named by Mr. Parker.

The chairman considered the motion out of order in lieu of the motion passed at the morning session, and so ruled.

Mr. Parker said he desired to know if the Council was under one-man-rule, and if he was like the Czar of Russia. He did not consider Mr. McFarlane's action was right.

Mr. McFarlane said he had been requested to give a ruling and he had done so. He did not wish to be arbitrary in the matter, and if the motion passed at the morning session was rescinded it would be all right and they could then consider the motion of Mr. Parker.

Mr. Holgate contended that the ruling of the chairman was right and just. The way to get out of the difficulty was to carry a motion to reconsider the motion which prevailed at the morning session.

Mr. Pearce moved, seconded by Mr. Lancaster, that the motion passed at the morning session re grants to roads be reconsidered.—Carried.

Dr. Faulkner and Mr. Deuyes asked for $200 additional to be expended on roads in Thurlow township.

Mr. Lancaster said there were a number of bad roads and hills in the northern portion of the county which needed to be repaired, but he was aware of the fact that all could not be accomplished this year. He would be in favor of special grants to Hungerford and Rawdon.

Mr. Parker stated that he would be willing to have $50 taken out of the grant to Stirling and have that amount applied to Rawdon township.

Mr. Hanley moved that no further grants to roads outside of county gravel roads be made, except $200 to Hungerford, $100 to Rawdon, $100 to Thurlow and $100 to Tyendinaga.—Lost.

Mr. Pearce moved, seconded by Mr. English, that $150 additional be granted to Hungerford and $150 to Rawdon township.—Carried.

Mr. A. Chard, of Stirling, said that Mr. Ham, an employee of the county, some time ago went upon his (the speaker's) premises and cut a considerable quantity of cedar, which was used upon a bridge, and he had not received pay for same. He asked the Council for $25.00 for the timber taken.

The matter was referred to the Ways and Means Committee.

The report of the Superintendent of Roads was taken up.

Mr. Holgate moved, seconded by Mr. Cross, that the appropriation for county gravel roads, bridges, etc., for the year be $16,000 and not to exceed this amount.—Carried.

The Committee rose and reported progress and asked leave to sit again.—Granted.

On motion the Council went into Committee of the Whole, Mr. Hanley in the chair.

The account of Mr. Chard for $25 for cedar taken off his place was taken up.

The Warden moved, seconded by Mr. Cross, that Mr. Chard be given $20 in payment of his claim.—Carried.

On motion the Council adjourned until 9 o'clock Thursday morning. morning.

The Captured German Ambulance Will be Returned.

Lord Roberts Reports Rustenberg Captured by Baden-Powell.

London, June 16.—The only South African news of importance this morning is a telegram from Cape Town announcing that the Ministerial deadlock has been relieved. Sir John Gordon Spriggs hopes to have a ministry formed by Monday, and it is believed Mr. Rose-Innes will accept a portfolio.

A despatch from Laing's Nek, dated to-day, says Gen. Christian Botha's next stand will be at Paarde Kop, but with a reduced force.

The German ambulance captured by Gen. Buller has been sent to Durban, whence it will be allowed to return to the Transvaal via Delagoa Bay.

London, June 16.—The War Office has received the following message from Lord Roberts: "Pretoria, June 16.—Rustenburg was occupied yesterday by Baden-Powell. A column starts for this place to-morrow to meet Baden-Powell and repair the telegraph between Pretoria and Rustenburg. Hunter is moving from Potchefstroom. His advance Brigade expects to reach Johannesburg June 19th."

THE BEST PIPE TOBACCO.

One of the nicest medium priced package tobaccos is to be had at MacCallum's for 10 cents a package. It is a special mixture put up for him and is outselling any other 10 cent package tobacco he has. It is cut from plug, slightly flavored, and will not burn the tongue. 14-16

LONG LIVE THE "KING."

The Thousand Island trips of the people's favorite steamer "North King," will commence on Sunday, 17th June, leaving Belleville at 3.30 a.m. This palatial steamer is allowed by the travelling public to be the best and most modern appointed of her class, plying the inland waters, and has earned a well merited reputation for speed, safety and seaworthiness excelled by none. Bellevillians and their friends will therefore be pleased to learn that it is the intention of the owners of this steamer to have her perform a tri-weekly service between Rochester, N.Y., Belleville and Thousand Islands, calling at Kingston and Gananoque, commencing 24th June, leaving here for Thousand Islands on Sundays, Tuesdays and Thursdays at 3.30 a.m., and for Charlotte, N.Y., (port of Rochester) at 11.55 p.m., the same days, arriving at Charlotte at 7 a.m. The excursions of the steamer "North King" will be the only ones covering the entire Thousand Islands group, and giving a close connection at Gananoque for Clayton, N.Y., Alexandria Bay, N.Y. and all Thousand Islands points. Excursionists making the Sunday trip will have the privilege of taking the steamer "Hero" at 11 p.m. Saturday, secure stateroom accommodation, and be transferred to steamer "North King" at 6 a.m. Sunday, thus enjoying a full night's rest. Full information will be furnished by the Rathbun Co., agents, H. H. Gildersleeve, general manager, Kingston. 14-16-19-21-23

Nothing is so wretched or foolish as to anticipate misfortune.

A RESIDENT PHYSICIAN — That's what you could rightly call Dr. Von Stan's Pineapple Tablets—for after all how few are the family complaints that cannot be reached and treated directly through the stomach. These wonderful little physicians—60 of them in a box—35 cents—heal all stomach disorders in old or young—incipient cases or chronic cases — they are pure and palatable.

DAWSON CITY RIFLE COMPANY.

Was Organized by a Belleville Boy, Who Has Every Reason to be Proud of His Corps.

Col. Ponton has received a letter from Lieut. J. H. D. Hulme, son of Mr. R. Croft Hulme, City Surveyor, containing some interesting information. On hearing that it was the intention of the Government to withdraw the Yukon Field Force from Dawson City, Lieut. Hulme applied to the Commissioner of the Yukon Territory to obtain permission from Ottawa to retain a stand of hundred arms and ammunition out of those at that time held by the Yukon Garrison. The Commissioner obtained the required permission and Lieut. Hulme immediately formed a volunteer Company of Infantry, numbering sixty, over one-half of whom have had prior service. The physique of the men may be judged by the fact that the average height of the men composing the company is 5 ft. 10 1-2 inches.

Lieut. Hulme applies for an extension of leave till the 1st day of August next.

The officers of the Fifteenth feel justly proud that a member of their corps has rendered such signal service to Her Majesty.

THE BEST $1.00 UMBRELLA.

Very few of us care to invest a large amount in an umbrella. The reasons are many, but the most important is, that an umbrella (especially a good one) has the happy faculty of disappearing suddenly. The Oak Hall have a splendid line at $1.00. They have steel rods and good covers that will not fade.

Hurt Whilst at Drill.

During the drill upon the hospital lot last evening Private J. Cummings of B Company, was rendered insensible by being struck in the mouth by the butt of a rifle in the hands of a comrade. The affair was accidental. Cummings was removed to the drill shed where he soon recovered.

THEY STRUCK IT RICH.

It was a grand thing for this community that such an enterprising firm as J. S. McKeown secured the agency for Dr. King's New Discovery for Consumption, the wonderful remedy that has startled the world by its marvellous cures. The furore of enthusiasm over it has boomed their business, as the demand for it is immense. They give free trial bottles to sufferers, and positively guarantee a cure in Coughs, Colds, Bronchitis, Asthma, Croup, and all Throat and Lung troubles. A trial proves its merit. Price 50c. and $1.00.

Diocese of Ontario.

The following circular has been sent to the Anglican clergy;

Kingston, 16th June, 1900.

Dear Sir,—When the Synod adjourned on the 7th inst., it was on the understanding that it would reassemble on the 20th inst.

Under the canon of the diocese it is necessary that a bishop should preside at the meeting of synod. Owing to the departure of the Archbishop, and the apparent impossibility of obtaining the presence of any other bishop, the adjourned meeting on Wednesday next cannot be held.

The Executive Committee will be called together at an early date to decide when a meeting of the synod will be summoned.

Yours obediently,
A. SPENCER, R. VASHON ROGERS,
Clerical Secretary, Lay Secretary.

WORLD'S CHAMPION HEALER.

"I tried many remedies to cure piles," writes W. R. Smith, of Latham, Ill., "but I have found no relief till I used Bucklen's Arnica Salve. I have not been troubled with piles since." Grandest pile cure on earth and the best salve in the world. 25c per box, guaranteed by J. S. McKeown druggist.

The Guelph Excursion.

A large number of city and country folks took advantage of the cheap trip per G. T. R., to visit Toronto, Guelph and other points. Among those who left were Mr. Marsh, Mrs. McCuaig, Mrs. H. K. Smith, Mrs. MacCallum, E. T. Cherry, Mr. Wallace, Miss Steele-Bowell, Mr. Martin and Miss M. Dolan.

"HUNGER IS THE BEST SAUCE."

Yet some people are never hungry. Whatever they eat has to be "forced down." There is, of course, something wrong with these people. By taking Hood's Sarsaparilla a short time they are given an appetite and then they enjoy eating and food nourishes them. If you find your appetite failing, just try a bottle of Hood's. It is a true stomach tonic and every dose does good.

All liver ills are cured by Hood's Pills. 25c.

SITUATION IN CHINA

Has not Improved During the Last Twenty-four Hours.

Admiral Seymour and His Marines Appear to be in a Desperate Predicament—The British Policy Not at Present Understood.

(By Associated Press To-day.)

Shanghai, June 16.—Last night's advices from Tien Tsin report that large incendiary fires occurred in the eastern part of the city. Three English and American churches were burned, besides the residences of many foreigners. Telegraph communication is interrupted, the poles having been burned and there is no hope of immediate repairs being made. The train conveying the relieving party, with food and ammunition, was obliged to return being unable to reach Lung Fang, where detachments of foreign troops were despatched on Sunday last, and are now endeavoring to repair the line.

New York, June 15.—The London correspondent of the Tribune says the Chinese situation has not improved during the last 24 hours. Admiral Seymour, with 2,300 Marines is not more than three-fifths of the distance between Tien Tsin and Pekin, and the Boxers are destroying the railway in front of his force and burning bridges behind it. The excitement at Shanghai and Tien Tsin is increasing, and it is rumored that the relief column is itself in need of rescue. Admiral Seymour is a cool, intrepid officer of excellent judgment, and he can be depended upon to conduct the force to Pekin if supplies hold out. The foreign admirals may have miscalculated the strength of the Boxers and it may be necessary to send a Russian military force to support the Marines. The Russian reserve of 1,700 men is already on shore with guns and horses and this can be increased by four thousand men from Port Arthur. Englishmen, who have a confirmed habit of seeing a deep intrigue in everything Russian, are convinced that the bridges are burned and the Marines isolated in order to provide the garrison at Port Arthur with a pretext for sending an army to Pekin.

In this Chinese affair it is difficult enough to find out what is on the carpet without trying to look under it. The British policy is not understood, but there is a general impression among Members of Parliament that an European concert will lead to Russian occupation, and that Lord Salisbury will not offer objections. Russia, by making a settlement of some kind with Japan in Corea or elsewhere, will have a free hand and will not be interfered with.

"Witches Glen," seems to suggest much that is weird and ghastly, but walk into the Drill Hall, June 26, 27 or 28th, and have your future unfolded by reading the lines upon your hand, or by the mystic combinations of the grounds within the tea-pot.

B. R. M. A. and the Hospital

To the Editor of The Intelligencer;

Dear Sir,—A report having been circulated that the Belleville Retail Merchants' Association was opposing the Hospital and its coming entertainment, I desire to state that there is no such feeling. The merchants of Belleville have from the beginning shown, in a substantial way, that they are favorable to the Institution. We feel that great praise is due the ladies for their noble work. We trust that the entertainment which is to be given next week will prove a decided success.

Yours truly,
ALBERT L. GEEN,
President.

Belleville, June 15.

ANOTHER SHIRT BARGAIN.

Quick & Robertson have just received another big bargain in colored shirts for men, 30 doz. in all. The cloth is a stripe pique, stiff bosom, separate cuffs, and the color is guaranteed fast. The regular price of these goods are $1.00, but we have marked them to sell at 50c. They won't last long at that price.

Police Court.

R. Simpson and J. Hanna were to-day fined $2 and costs for riding bicycles on the sidewalk.

WHAT A TALE IT TELLS.

If that mirror of yours shows a wretched, sallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25c at J. S. McKeown's drug store.

A June Wedding.

One of the most interesting weddings of the season took place at the residence of Mr. and Mrs. Hy. Breeze, 4th concession of Hillier, when their only daughter, Geneva, was married to Mr. Mack Lont, only son of Mr. and Mrs. Wm. Lont, Willow Vale, Ameliasburg. The ceremony was performed on June 13, at noon, by Rev. Mr. Shier, of Hallowell, in the presence of over sixty guests. The bride was attended by Miss Effie Lont and the groom by Mr. Harry Breeze. After the congratulations of their friends, all were taken to the dining-room, where an elaborate and tasteful dinner was ready. Towards evening the bride and groom left on a trip to Western Ontario. The bride was the recipient of many useful and valuable presents, which were evidences of the high regard in which she is held by her many friends. Both the contracting parties are well and favorably known and have the best wishes of their friends. The Intelligencer joins in wishing an abundance of happiness on their journey together.

GENERAL SESSIONS.

Brooks Receives an Exceedingly Light Sentence After Being Found Guilty.

At the General Sessions yesterday afternoon the case of Queen vs. Brooks occupied the attention of the Court. Judge Fraleck presided. The accused was charged with shooting one Joseph Wynne, of Trenton, with intent to disable him. There was considerable evidence submitted both for the Crown and defence. At the conclusion of the case Mr. Porter made an eloquent appeal to the jury on behalf of the accused, and County Attorney, Mr. Anderson presented the case on behalf of the Crown. The jury after being out for some time sent word to His Honor asking if it was necessary for all to agree in order to bring in a verdict. They were informed that the verdict had to be unanimous. They then reconsidered the case and upon returning into Court gave a verdict of guilty with a strong recommendation to mercy. His Honor sentenced the accused to 24 hours in jail, fixing the time from the hour of noon for sentence to commence. Mr. T. A. O'Rourke assisted Mr. Porter in the defence.

In the case of Young vs. Locke the jury gave a verdict for the defendant.

Hicks vs. Dominion Life Insurance Company—An action to recover salary alleged due. Case in progress before Judge Fraleck. W. B. Northrup and G. G. Thrasher for plaintiff, E. G. Porter and F. E. O'Flynn for defendant.

PINAFORE.

It is not possible that in any previous amateur production more exhaustive and painstaking preparation have been made than for the above popular opera, to be produced Monday and Tuesday evenings for the Patriotic Fund. It is to be hoped that the two or three months arduous labors of the Daisy Lyric Club and the great expense involved will be appreciated by the public. No effort has been spared to make it a credit to Belleville and it only remains for our citizens to realize this fact by giving the production a bumper house, both nights. The plans opened with a rush yesterday morning. The demands, by telephone, from outside places for seats could scarcely be kept track of, consequently those wishing seats should secure them at once. The balcony is 35c, the pit 50c and the parquette 75c.

IMPROVES WITH AGE.

Mrs. Morrison, of Huntingdon, Que., had a wedding present of a Newcombe piano given her eleven years ago. Recently she removed to British Columbia and sold piano by auction. It actually brought $5 more than was paid for it. It pays to buy a Newcombe piano.—W. FLINT JONES, agent.

PERSONAL ...AND... SOCIAL.

MISSING.

Pretoria don't find him,
So they say;
He has left his home behind him—
Gone away.
We shan't see that great commander
Sitting tight on his verander,
For he has—unless it's slander—
Done a guy.

There are rumors where he's fled to—
Many such—
But I doubt if they can be said to
Amount to much;
It is Holland, some surmises,
That P. Kruger patronises—
In which case I sympathises
With the Dutch.

Will the Isle of St. Helena
Be his doom?
'Tain't Pretoria, but it's cleaner,
And there's room;
While Old Cronje waits his coming
The harmonium he's strumming,
And he's sadly, sadly strumming
"Oom, sweet Oom!"

Where's he now? Dunno precisely,
Not as yet,
But he's doing pretty nicely,
Don't yer fret;
Them as knows they're right makes hashes,
And all propheeying rash is—
But P. Kruger's where the cash is,
That I'll bet.
—From the London Chronole.

THE BALLOT POWER.

REV. DR. BARCLAY'S VIGOROUS DENUNCIATION OF CORRUPTION IN PUBLIC LIFE.

It were well for the honesty of electors and the purity of elections, if there were a few more men in the ranks of the clergy of the same boldness of character, and as fearless in the denunciation of electoral villany and corruption, as the Rev. Dr. Barclay, of Montreal.

A portion of the Grit press has taken upon itself the responsibility of sneering at those of the clergy [illegible] seemed it their duty to de[illegible] reprobate ballot switch[illegible] [illegible]llot stuffing for the pur[illegible]aling seats in Parliament [illegible]ly belong to others. It [illegible] well that there are those [illegible] clergymen of Canada who [illegible]ourage of their convictions [illegible]e not to express them, [illegible] their hearers against all [illegible]s of rascality.

[illegible] that class of men is the [illegible] Barclay, of Erskine Pres[illegible] Church, Montreal, and Chap[illegible] the 2nd Regiment of Canadian Artillery. This gentleman preached [illegible] the men of his regiment on Sunday [illegible] 10th inst., in which he dealt not only with their duty to Queen and country in the battlefield, but to their duty in stamping out with the ballot the corruption and corruptionists so prevalent of late.

We cannot do better than to reproduce his remarks as reported in the Montreal press:

The Rev. gentleman took his text from the first chapter of the Book of Deuteronomy, 30th verse, "The Lord your God which goeth before you; He shall fight for you according to all that he did for you in Egypt, before your eyes." He said in part; "These words might be well applied to the position of Great Britain in the war which is so happily terminating in Africa. The success of the present war to England might be attributed to the wonderful resources of the Empire, to the wisdom and prudence of her Government, or to the splendid efforts of her generals. It might be credited to her armed forces, to the endurance and indomitable bravery which her people have shown, or to the energy exhibited by them, but it was first to be attributed to the God of Battles, who had blessed us and who has been our strength during all the conflict. He has been on the side of Britain because Britain was on the side of justice, li[illegible]rty and future peace. Britain [illegible]as forced into the war with the [illegible]ansvaal, for hers was the duty to [illegible] civil and religious liberty to all. The heart of the nation throbbed in sympathy when it felt the oppression and injustice done by a government that was fanatical and superstitious and a cause of trouble to its people. The whole empire, both the Old Country and the Colonies, had sprung to arms at the call of their God and Queen, and did not hesitate to take up the insolent ultimatum thrust at [illegible] the Government of the South African Republic.

"Canada," continued Dr. Barclay, "has a great reason to rejoice for the part she has taken in this war. Her people, when they felt it was necessary they should assist the Empire, would take no refusal. They were unanimous in the opinion that it was time to act and not the time when a question of precedent was to be discussed. They told Britain by their actions that she had their sympathy and aid, and if she should require more they would gladly give it. The Empire can count on Canada's loyalty and her desire to be at the front whenever the cause of justice and right is to be sustained. "The day is not far distant," continued the preacher, "when you, although you may not be called in bloody battle, can assist loyalty and integrity." The preacher said that by their right of ballot they might denounce any Government or party in whose composition there is disloyalty, and take from public position any man whose actions have been corrupt and unworthy of the confidence of the people. They could assist in taking away from public view any party whose honor had been tarnished or whose members rendered dishonest either by buying votes, conniving at the manipulation of votes, or destroying them, and bringing to an end any party whose members by their actions are brought to the level of public criminals. They could thus in time of peace fight a great battle and gain success in a godly and righteous cause, and banish the evildoer from public office.

At the close of the sermon the National Anthem was sung with heartiness and fervour.

The regiment and battery then reformed on Sherbrooke street and marched by way of St. Catherine and St. Lawrence streets to the Drill Hall. The offertory at the service yesterday was given to the Montreal Patriotic Fund.

TORONTO LIVE STOCK.

Toronto, June 16.—The run of live stock at the cattle market was light yesterday for Friday—48 carloads, all told, composed of 692 cattle, 1,540 hogs, 351 sheep and lambs and 34 calves. The quality of fat cattle was fairly good; there were a few lots of well-finished animals, both butchers' and exporters. The market was very firm, with prices 10c to 15c per cwt. higher for both butchers' and exporters of the best grades.

YEARS OF AGONY.

Resulting from Sciatica in an Aggravated Form.

Many Nights the Sufferer Could not Lie in Bed, and His Leg was Frequently Swollen to Twice Its Natural Size.

From the Journal, St. Catherines.

Mr. John T. Benson, stationary engineer at the Ridley College, St. Catharines, is known by most of the residents of the city. For years Mr. Benson suffered acute agony from sciatica, and notwithstanding numerous forms of treatment, found little or no relief, until he began the use of Dr. Williams' Pink Pills. These pills speedily restored his health, as they have done that of thousands of others who have given them a fair trial. To the reporter who interviewed him Mr. Benson said, — "I certainly owe a debt of gratitude to Dr. Williams' Pink Pills, for they have released me from a form of torture that had afflicted me almost continuously for twenty years. The pain began first in my back, then shifted to my hip, and thence down my leg. It became so severe that it seemed as though the very marrow in my bones was being scalded, and at times I could scarcely repress crying aloud from the agony I endured. I tried all sorts of liniments and lotions, but got no relief. I doctored with several physicians, even going to Buffalo for treatment by a specialist there, but in no case did I ever receive more than temporary relief. It may be easily imagined that the pain I endured told upon me in other ways and I became almost a physical wreck. At times my right leg would swell to nearly twice its normal size. Then the pain and swelling would shift to my left leg and the agony was something awful. I suppose that during the period I was afflicted I have hundreds of times laid on my back on the floor with my foot and leg elevated on a chair in order to obtain slight ease from the pain I endured. The muscles and sinews in my legs looked as though they had twisted and tied in knots. The trouble went on in this way until finally nothing but opiates would deaden the pain. A few years ago I read of a cure in a similar case through the use of Dr. Williams' Pink Pills and decided to try them. For some time after I began their use, I could not see that they were helping me, but I decided that I would give them a fair trial. By the time I had used a half dozen boxes, there was a decided improvement in my case, and I continued the use of the pills until I had taken twelve boxes, when I felt my cure was complete. Several years have since passed and I have had no return of the trouble, so that I feel safe in saying that the cure has been permanent.

"I may also add that my wife has used the pills for indigestion, headaches and dizziness, and has found great benefit from them. Words cannot express the great benefit Dr. Williams' Pink Pills have been to me, and I hope similar sufferers will profit by my experience."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. If your dealer does not keep them, they will be sent postpaid at 50 cents a box, or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

To Give Decision on Monday.

Toronto, June 16.—After listening to the evidence of two bank clerks, the argument of counsel for the Crown and defence, Deputy-Magistrate Kingsford yesterday afternoon reserved his decision in the case of George McClive Wilson, the ex-paying teller of the Merchants' Bank, charged with stealing the $10,000 package which disappeared from the bank premises on April 18 last. The prisoner will appear again on Monday, and then His Worship will make known his decision in this case. On two charges of stealing $1,000 each of which Wilson has already pleaded guilty an adjournment was made till the same day for sentence.

In the face of the new output of college graduates, that foolish old discussion about there not being room in the professions has cropped out again.

In the Morning!

Is the morning, as it should be, the brightest portion of your day?

YES?

Then your liver is naturally active. Your stomach requires no assistance in performing its functions. Your digestion is good, and you are and feel well.

NO?

If you cannot answer the question in the affirmative, the remedy is at hand. A teaspoonful of

...Abbey's Effervescent Salt

in a half-tumbler of water taken before breakfast, will stimulate the liver and digestive organs and brightens the whole system. It is better and cheaper than any mineral water.

A pamphlet explaining the many uses of this fine preparation will be mailed free on application to the Abbey Effervescent Salt Co. Limited, Montreal.

OUR WASHINGTON LETTER.

Washington, June 11. — The wood pulp situation in Canada is attracting considerable attention in the United States, where the price of paper is steadily rising, and the newspapers are kicking vigorously about it. Of course, now that Congress has adjourned, nothing can be done to change the tariff laws until next December or January and probably nothing will be done then unless Mr. Bryan should win, though there will undoubtedly be a strong effort to secure action. Charles Kurtz, a manufacturer of Toronto, who is in this city, has been discussing the situation in an interesting manner. He thinks that if Canada holds out, the United States will give in on the pulp question. Said he; "Ontario has passed what is known as the manufacturers' restrictive tax, providing that all Ontario timber must be manufactured where cut. We could not very well make an export duty, but this answers the same purpose. Formerly it was the practice to take Canadian logs to American mills and have them sawed on this side. This was a good thing for American manufacturers, but did not develop the districts from whence the logs were taken. Now we insist that the logs be manufactured where cut, and this will force the building of cities and villages. This law raised a terrible row on the American side. Americans had purchased the right to cut the logs with the understanding that they could be taken to American mills and it was said that the restrictive act was practically a confiscation of property. I am not able to discuss the legal points, but the law is certainly a good thing for Canada. There is no activity in our lumber business now because we are shut out of the American markets. Our own markets will grow, and if we only keep our nerve it is only a question of time until the Americans come to us. They need our lumber."

Apropos of this subject, Consul Shotts, at Sault St. Marie, has reported to the State Department that Ontario has recently granted to the Spanish River Pulp and Paper Company the right to select as a reserve fifty square miles of spruce and other woods suitable for pulp, with the further privilege of cutting pulp wood on territory five miles on either side of the Spanish River and tributaries. This gives the company control of over 2,500 square miles of territory. Another grant for 40 square miles was given to the Blanch River Pulp and Paper Company, and an additional right to cut pulp wood on the Blanch River and tributaries. A grant was also given to the Nipigon Pulp, Paper and Manufacturing Company, on the Nipigon River near the north shore of Lake Superior. All the above companies agreed to erect costly mills.

A good deal of attention is also being paid to Canadian mining by the United States papers. The mineral region lying north, northwest and northeast of Lake Superior, has been believed for a long time to be one of the most diversified, if not the richest, in the world. Why it has never been systematically prospected is not easily explained, except upon the theory that great gold discoveries, especially of placer deposits, have been usually due to accident rather than to systematic search. It is claimed that gold-bearing quartz ledges have been discovered which bid fair to rival the South African gold field, and American miners are already turning their eyes hungrily in that direction. At Winnipeg a chamber of mines has been established. A London corporation this summer will begin dredging the Saskatchewan river. Hundreds of tests of the river have revealed that the sands which form its bed, in some places to a depth of twenty-five feet, carry over 25 cents' worth of gold to the cubic yard.

The Princess Aribert, granddaughter of the Queen, who has been visiting Lord Pauncefote here for some time, left on Sunday night for New York, whence she will go to Niagara Falls. The Princess was accompanied by her lady in waiting, Fraulein von Chappins. Lord and Lady Pauncefote went with them to the Pennsylvania depot, where a special car was reserved for the royal tourist.

A fraud order has been issued by the Post Office Department against "Credit General de Cuba" and against "L. Levesque," both of Montreal, Canada. These parties are said to be conducting a lottery and advertising it in the United States. All letters addressed to them will be held by the Post Office and returned to writers, marked "Fraudulent."

WOMAN'S PLUCK WINS

A Lady Who Cured Her Husband of the Liquor Habit Writes a Pathetic Letter.

She writes: "I had for a long time been thinking of trying the Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another lot to have on hand if he should relapse, as he had done from his promises before. He never has, and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

A pamphlet in plain, sealed envelope sent free, giving testimonials and full information, with directions how to take or administer Samaria Prescription. Correspondence considered sacredly confidential. Address The Samaria Remedy Co., [illegible] street, Toronto, Ont.

EFFORT TO SHIELD DR. BORDEN

Mr. Monk's Resolution Said "Guilty" Before Inquiry.

This Was Sir Wilfrid Laurier's Plea, and the Government Majority Struck Out This Part of the Motion and a Committee of Seven Was Named to Make the Much Needed Emergency Ration Inquiry.

Ottawa, June 16. — Emergency rations were again the mental diet of the House yesterday. Hon. Dr. Borden, Minister of Militia, was absent from the House by reason of the serious illness of his wife. At 2 p.m. his counsel, R. L. Borden, Q.C., told Mr. Monk that Dr. Borden would not be present, and that the motion asking for a Committee of Inquiry would be postponed. This was agreed to, and the Opposition entered the House on this assumption.

Opposition Surprised.

On the opening of the House, Sir Wilfrid Laurier informed the House that Dr. Borden would not be able to make his statement because of illness in his family. Yet the Government would not delay the matter, while reserving to Dr. Borden the right to make his statement later. Reviewing the charges, Sir Wilfrid reminded the House that he had said that if fraud were charged, a committee would be granted; but Mr. Monk had not charged fraud, but only culpable negligence. Of the 19 sections of Mr. Monk's charges only 18 were statements of fact, while the 19th paragraph was a conclusion drawn from the preceding 18. It was not fair to the House to draw conclusions from facts, for in doing so the House would pronounce Dr. Borden gulity in advance of evidence. He moved that paragraph 19 be struck out, and said that if this was agreed to the rest of the charges would be agreed to, and a committee appointed to investigate the statements contained in the 18 preceding paragraphs.

Mr. Foster said that the Premier wabbled on the question, and he recited the history of the case. Taking up Sir Wilfrid's proposal to eliminate paragraph 19, Mr. Foster said it contained two most important charges. There had been substitution under officials, and the Minister of Militia was the responsible head of these officials, and was responsible for the substitution, because he had not taken precautions to see that the food tested at Kingston was the food sent to South Africa. The only food recommended by Dr. Neilson was protose. The food sent to South Africa by Dr. Borden had never been tested. Hence the charge against Dr. Borden was a grave and serious one, and no amount of whitewashing would keep the people from believing that Dr. Borden was guilty of culpable negligence.

Sir Richard Cartwright asked: Was Mr. Foster going to convict Dr. Borden unheard? He (Sir Richard) was willing to give Mr. Monk a chance to prove his statements, but he did not subscribe to the paragraph that said Dr. Borden was guilty. Paragraph 19 asked the House to say Dr. Borden was guilty of culpable negligence, which was unfair until proof had been made.

Mr. Monk declined to accept Sir Wilfrid's amendment, because it aimed to exclude the only person the House could blame. There was no doubt, in his mind, that the Government desired to shield the Minister of Militia from the just retribution of his negligence.

Sir Louis Davies said there was no precedent for paragraph 19, and he declared the Opposition had brought this up at a time when Dr. Borden was standing at the bedside of a very dear friend, and had tried to make out in his absence that Dr. Borden was guilty of a dishonorable and corrupt act.

Government is Afraid.

Mr. Quinn read the preamble, paragraph 19, and the conclusion, and said that the paragraph was but one of the 19 charges made by Mr. Monk, and was not a conclusion.

At this point Mr. McNeill wanted the analysis of the food made on Feb. 8, 1900, laid on the table.

Speaker Bain ruled that it was not germane to the present question.

Mr. McNeill moved that the words "under all the circumstances above set forth" should be struck from paragraph 19, and that "Mr. Monk believes he can also establish by satisfactory evidence" submitted therefor

Objects to the Conclusion.

Sir Wilfrid said he was surprised that his motion to strike out paragraph 19 was misunderstood. He argued that paragraph 19 was unnecessary, for if the 18 preceding charges were proven then the conclusions contained in paragraph 19 would be inevitable. But to draw the conclusion before the facts were proven was absurd. If the amendment of Mr. McNeill was accepted paragraph 19 would be in nowise changed. It would still be a conclusion.

Mr. Wallace introduced a charge against Hon. William Paterson, following upon the reading of paragraph 17 of the charges, as follows:

17—The substance brought in from the United States, as above stated, in Saratoga trunks, was detained by the customs officers for duty thereon, but, under direction of the Government, it was allowed to pass without payment of customs duty."

After Mr. McMullen had spoken, a vote was taken on Mr. McNeill's amendment. The vote was 30 yeas, 46 nays.

A vote on Sir Wilfrid Laurier's motion to strike out paragraph 19 was then taken. The vote was 47 yeas and 30 nays.

A Committee of Seven.

Sir Willrid said that the committee would consist of seven. He named Dr. Russell, Dr. Britton, Hon. John Costigan and Mr. Belcourt.

Mr. Foster named Messrs. Monk, Casgrain and Clarke. The charges of Mr. Monk will be referred to this select committee.

It was so decided unanimously.

A Majority of 13.

On motion to go into Supply, Mr. Foster asked the Minister of Customs what he was going to do about the matter of H. A. Lemieux, Assistant Inspector of Customs at Quebec, who in 1896 had assisted in the election of his son, R. Lemieux, M. P. for Gaspe, and in so doing had assumed a false name.

Mr. Paterson said the act was the act of a father towards a son, and was committed so long ago that the Government did not intend to investigate it.

After the Premier and Mr. Davin had spoken,

Mr. Gillies moved that the action of the Government in regard to Mr. Lemieux tended to demoralize the public service and to injure the proper conduct of public affairs.

Mr. Foster denounced the position of Hon. William Paterson and Sir Wilfrid Laurier, and declared that the Prime Minister had, by his words, humiliated Canada.

A vote was taken at 12.30. The motion was voted down by 34 to 21.

Tarte Denies the Reports.

Mr. Foster asked Sir Wilfrid what he had to say about The St. James' Gazette's demand for the recall of Tarte for his indiscreet utterances.

Sir Wilfrid declared he was in correspondence with Mr. Tarte, and Mr. Tarte denied the reports of his alleged indiscreet speeches.

VEILED WAR.

This Is the Situation in China—The Foreign Legations Are Virtually Prisoners at Pekin.

London, June 16.—This is the situation in China as it appears to the Shanghai correspondent of The Daily Express, cabling last evening:

"It is really a state of veiled war. The members of the Foreign Legations in Pekin are virtually prisoners, and the Chinese troops are only restrained from attacking them by fear of the legation guards. Meanwhile the Ministers are altogether unable to communicate with the officers commanding the relief column, which is making an enforced and isolated halt between Tien Tsin and Pekin. The walls of the capital are guarded by 100,000 Imperial troops. The gates are heavily defended with modern guns. General Tung, acting under orders from the Empress Dowager, says that no more foreign troops shall enter the sacred city.

"On Monday the Ministers sent a demand to the Tsung Li Yamen, that the gates be opened, declaring that otherwise the foreign troops would enter forcibly. To this no reply was given. A second message went unanswered, or had not been answered when the latest news left Pekin. Sir Claude Macdonald's latest message says that the legations are capable of sustaining an effective defence, unless attacked in force."

Russia Sides With China.

Russia, this correspondent asserts, notwithstanding assurances to the contrary, sides with China.

"The streets of Pekin," continues the correspondent of The Daily Express, "are reported to be seething with anti-foreign mobs, clamoring for the destruction of the legations and the death of the Foreign Ministers. Even were the Tsung Li Yamen disposed to restrain the violence of the reactionaries, it is considered highly improbable that they will be able to hold them in check. For the Foreign Ministers the crisis will arise when the relief column comes in sight of Pekin. It is still felt here that the foreign force is wholly inadequate to battle with the hords of Chinese troops massed outside the gates, which now include the Imperial troops from Shan Hai Kwan."

From Tien Tsin it is reported that the foreign forces in the harbor will attack the Taku forts, and if necessary bombard them.

The International column appears to be still at Lang Fang, engaged in slowly repairing the railway.

Russia Wants to Be Independent.

London, June 16. — The St. Petersburg correspondent of The Times, telegraphing Thursday, says: "In competent political circles there is no wish or trace of intention to act in China other than with the great powers. At the same time, there is no desire to establish a European concert. Russia, like the United States, reserves to herself independence of action."

An Ominous Suggestion.

London, June 16.—(6.20 a.m.) — The British Government is considering whether a substantial force should not be sent to China from South Africa. It is thought unofficially that Lord Roberts could spare a brigade or two, and the necessary transports are now in South African waters. The commander of the expedition, it is said, would probably be Gen. Sir William Nicholson.

A Message in a Bottle.

Frankfort, Mich., June 16.—Capt. Thomas Rudeck of the fishing tug Arspach, of this place, found on the beach of South Manitou Island yesterday a bottle containing the following message: "Lake Michigan, June 10, 1900, bound for Milwaukee, S.W., blowing fresh; loaded with coal and leaking like all possessed. Afraid she will founder. Schooner Montreal, Capt. McGrath."

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

When a young man becomes sufficiently familiar to stay until midnight, the girl begins to think she holds first mortgage on his affections.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

If a small boy doesn't attempt to smoke a cigar thinking it is smart, he is sure to tackle it out of curosity.

Smiles add much to a woman's attractiveness, and they are inexpensive.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

As soon as the moon gets three-quarters it proceeds to get full.

If you have a good business, it is always better to stay where you are.

Have no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the side, and all liver troubles. Carter's Liver Pills. Try them.

The amateur photographer never requires the proof of a girls love after he secures the negative.

Not one in twenty are free from some little ailment caused by inaction of the liver. Use Carter's Little Liver Pills. The result will be a pleasant surprise. They give positive relief.

Poverty often pinches the body, and wealth sometimes pinches the soul.

Mother Graves' Worm Exterminator does not require the help of any purgative medicine to complete the cure. Give it a trial and be convinced.

EXPECTS FRESH FIGHTING.

Boers Have Withdrawn to New Positions East of Pretoria.

Gen. Buller Will Move Into the Orange River Colony and Co-Operate With Rundle and Methuen in Cornering Steyn and His Forces—Story of the Last Fight With Botha Lord Roberts' Official Bulletins.

London, June 16.—(4 a. m.)—Lord Roberts' despatches leave affairs east of Pretoria with the Boers withdrawn to new positions Tuesday. News of fresh fighting is expected at the War Office, but none came last night. Gen. Rundle's party had a skirmish with Boer videttes again Wednesday. Some wonder is expressed here as to what he is doing with three divisions. It is assumed by some that Gen. Buller will move into Orange River Colony and co-operate with Lord Methuen and Gen. Rundle in bagging President Steyn and his seven or eight thousand followers.

Part of Christian Botha's force has halted at Paardekop, 18 miles northwest of Volksrust, and fire occasionally upon the British pickets.

Will Keep on Retiring.

A despatch from Lorenzo Marquez, dated yesterday, says: "Persons have arrived here who have seen the preparations of the Boers and learned that they will retire when forced through the Lydenburg district into the Zoutpansberg region, adjoining Rhodesia and Gazaland.

The Daily Mail has a despatch from Bloemfontein, dated Wednesday, saying: "Gen. Dewet's attack on the railway was made after he had succeeded in luring Lord Methuen from where he had destroyed the line and then he cleverly seized it north of Kroonstad, blew up the bridge and destroyed a long section of the line with dynamite."

Slaughter Must Have Been Heavy.

The Cape Town correspondent of The Daily Telegraph, in a despatch dated yesterday, says: "I understand that Gen. Dewet, in addition to the Derbyshire Battalion, captured two companies of the City Volunteers, and two companies of Yeomanry, two men only escaping to tell the tale."

SEIZED DIAMOND HILL.

Even "Bobs" Was Compelled to Say the Attack by Gen. Ian Hamilton's Force Was Grand.

London, June 16. — The War Office has received the following despatch from Lord Roberts:

"Pretoria, June 15. — As I telegraphed yesterday from one of our outposts, 15 miles east of Pretoria, the Boers evacuated their position during the night of June 12. They had paid so much attention to strengthening their flanks that their centre was weakly held, and as soon as this became evident on June 12, I directed Ian Hamilton to attack. He moved against Diamond Hill, with the Sussexs, Derbyshires and City Imperial Volunteers, supported on the left by the Guards Brigade, under Inigo Jones.

"It Was Grand," Says Bobs.

"It was grand, seeing the way our men advanced over the difficult ground and under a heavy fire. The casualties, I am thankful to say, were less than 100, a very small number considering the natural strength of the position which had to be carried. Our seizure of Diamond Hill caused the Boers to feel they were practically surrounded, and this resulted in their hasty retirement. They were being followed yesterday by some of our mounted corps.

Gen. Hamilton Hurt.

"Hamilton spoke in high terms of the troops engaged. Hamilton received a contusion from a shrapnel bullet in the shoulder, but is not, I am happy to say, unable to perform his duty."

The rest of Lord Roberts' despatch deals with the casualties and Gen. Baden-Powell's movements in Western Transvaal, where he, with 800 men, is systematically re-establishing order and collecting arms and supplies. About 600 Boers have surrendered and Baden-Powell captured 230 prisoners.

According to Baden-Powell's report, the Boers will readily discuss terms of surrender, and they all appreciate the work of pacification performed by his troops.

INDESCRIBABLE AGONY

Tortures Endured by Mr. A. Stinson from Stone in the Bladder.

Death was Preferable to Such Agony—Every Medicine Failed to Help Him Until He Tried Dr. Arnold's English Toxin Pills Which Cured Him.

Many a man suffers untold tortures from stone in the bladder, before he discovers what is wrong with him. No disease causes more agony, and none is more easily contracted. Those who suffer from it do not need to have the symptoms of the disease described to them. They know all about them from bitter experience. What they do want is to find some way of getting rid of their affliction. To find such a way, simple, sure and painless, read the following statement—

844 Queen street, east,
Toronto, November 24, 1899.

"For more than three years—up to five months ago—I endured sufferings as severe as mortal can endure. The tortures I went through were more than my tongue or pen can describe. Those who have not experienced the agony cannot understand it. My trouble was stone in the bladder. I used one kind of medicine after another without getting even the slightest relief. I thought I could never be cured, and death would have been preferable to the tortures I was undergoing.

Five months ago I was persuaded to give Dr. Arnold's English Toxin Pills for Weak People a trial. Before I had used three boxes the stone was dissolved and expelled without the least pain. I am now thoroughly cured, thanks to Dr. Arnold's English Toxin Pills, which did for me what no other medicine in the market could do.
A. STINSON."

Dr. Arnold's English Toxin Pills, besides dissolving and expelling the stone kills the germs to which its presence in the bladder is due, thus preventing the formation of others.

Dr. Arnold's English Toxin Pills are sold by all druggists, large boxes 75c., small boxes 25c., or sent postpaid on receipt of price by the Arnold Chemical Co., Limited, Canada Life Building, 44 King street west, Toronto.

KLERKSDORP SURRENDERED.

When Cronje Found That Pretoria Was in British Hands He Gave Up.

London, June 16. — The War Office has issued the following despatch from Lord Roberts:

"Pretoria, Residency, June 14.—(10.40 p.m.)—Klerksdorp surrendered on June 9 to an armed party sent on by Hunter. Kitchener reports that the Boers attacked a reconstruction train early this morning a few miles north of the Rhenoster River. He sent out mounted troops and drove off the enemy before they could do damage. One man was killed and 11 wounded, including two officers. A messenger from Klerksdorp reports that Cronje, who commanded there, determined to surrender as soon as he knew for certain that Pretoria was in our possession. His example has been copied by many in the neighborhood. The court house is now said to be full of arms."

Jamaican Troops Will Go.

Kingston, Jamaica, June 16.—The British War Office has just cabled the Jamaican Government, announcing that it is prepared to accept a composite volunteer contingent from Jamaica, Trinidad and Demara for service in Ashantee. Jamaica will supply 200 men and five additional officers.

The West Indian Regiment has been ordered to Ashantee forthwith.

TELEGRAPHIC BREIFS.

There has been an outbreak of conservative revolution against President Alfaro.

James Ward, grocer, was struck and killed by a Grand Trunk express in London, Ont., Friday morning.

Throughout the British West Indies there have been unparalleled demonstrations of joy at the British successes in South Africa.

Little Joseph Roy, aged 5, ran in front of a trolley car at Ottawa on Friday and was instantly killed, his body being terribly mangled.

The report of the signal defeat of the Colombian revolutionists in the State of Sant Andre is confirmed. The rebel general, Uribe, escaped alone and is now a fugitive.

British Guiana mail news reports another river accident on June 10, when a boat with 23 persons was precipitated over the falls of Cuyuni River and dashed to pieces. All hands were lost.

Henry Sieppel, blacksmith, of Niagara Falls, N. Y., while working on the Canadian end of the cantilever bridge Friday morning, fell 35 feet on the stone abutment below and was instantly killed.

Avina Bourassa, the wife murderer, was found guilty on Friday and sentenced by Sir Alexander Lacoste at Montreal, to be hanged on Aug. 28. Bourassa clasped his crucifix and said that God alone knew he was innocent.

Floyd N. Thomas, a machinist, died early Friday morning at the Emergency Hospital from injuries received on Thursday afternoon, while at work in the Northey Manufacturing Company's manufactory at Toronto. Deceased was only 18 years of age.

Rev. Francis Coleman, one of the oldest ministers of the Methodist Church in Canada, died in Hamilton on Friday. Mr. Coleman was in his 87th year, and for a great many years had been a resident of that city, as a superannuated minister. He had been in the ministry 60 years.

THE CONDITIONS IN INDIA.

Lord George Hamilton Answered Several Questions in British Commons.

London, June 16.—Replying to a series of questions in the House of Commons yesterday, the Secretary of State for India, Lord George Hamilton, said the conditions reported by Mr. Louis Klopsch and some other reports of a similar character, only applied to a limited number of districts, where cholera and smallpox had attacked the famine camps, thus forming a combination which for the moment baffles palliation. Expenditure of money, he added, could not mend the state of affairs due to cholera, causing the people to abandon the camps and disperse in all directions. The famine had already lasted seven months, and it was impossible at present to form even an approximate estimate of the total number of deaths directly or indirectly due to the scourges. Where famine was aggravated by cholera the mortality was very heavy.

In other large districts where the famine was equally severe, but was not associated with other scourges, the efforts of the Government had been so successful that the death rate was hardly above the normal. The total of reported plague deaths from 1896, when the epidemic began, to last April, was 358,685, or about one per annum to every 3,000 inhabitants. At the present moment the mortality in Bombay was lower than at any period during the last three years, and there seemed no reason to apprehend that an Imperial grant would be necessary.

Rain in India at Last.

Calcutta, June 16.—Rain fell continuously in the Darjeeling district for three days, ceasing at 4 o'clock yesterday morning. Several slight landslips occurred, and a number of water pipes were broken. As the railway revetments are unfinished, trains have ceased running.

Claimants to Airlie Castle.

New York, June 16.—News of the death of the fighting Earl of Airlie in South Africa brought to view here humble people who are claimants for the Scottish Ogilvie castles. The Earl was a member of the Ogilvie family. The claimants here also are of the Ogilvie family, and have insisted that they are the direct descendents of an Earl of Airlie who lived in the last century, and therefore have the most valid title to the landed property. The American claimants go back in history to King Malcolm, their ancestor, whose father was slain in Cawdor Castle by MacBeth.

An Important Capture Made.

Manila, June 16. — Gen. Macabulos, with eight officers, 124 enlisted men, and 124 rifles, surrendered to Col. E. H. Liscum of the Ninth Infantry at Tarlac yesterday morning. Macabulos is the most important and last insurgent leader in Tarlac and Pangasenan.

CHEESE MARKETS.

Ottawa, June 16.—White cheese yesterday brought 10 1-16c, and colored 10 3-16c. The cheese boarded and sold were 1,327 white and 556 colored.

Perth, Ont., June 16.—There were 1,419 boxes of May cheese, white, on the market yesterday. Prices were from 10¼ to 10⅜c.

Brighton, Ont., June 16.—Yesterday there were boarded 685 white and 100 colored. All sold; prices from 10¼ to 10 5-16c.

Winchester, Ont., June 16.—Yesterday 845 boxes were boarded. The price ruled strong, 10 3-16c, being bid for both white and colored.

Brantford, Ont., June 16.—Yesterday 1,833 boxes were offered; all sold; from 10 1-16c to 10 3-16c.

Iroquois, Ont., June 16.—Yesterday 890 colored and 40 white were offered; all sold on board at 9⅞c.

Kemptville, Ont., June 16.—Yesterday 800 colored boarded. About 200 boxes sold at 10c; balance sold on the street.

MR. J. DUNSMUIR'S CABINET

Two Members of His Administration Already Sworn In.

The Situation in British Columbia From Being Full of Political Honor, Has Grown to Be "Startlingly Attractive"—McInnes' Selection of Premier, Which Seems to Have Been Made on His Own Motion, Saved His Position.

Victoria, B.C., June 16.—The new Premier has been sworn in, together with two members of his Cabinet. Hon. James Dunsmuir takes the portfolio of President of the Council as well as Premier. Hon. D. M. Eberts is Attorney-General, and Hon. B. H. Turner, Minister of Finance. The other members of the Cabinet are not likely to be chosen until Monday.

By the selection of Mr. Dunsmuir, it is generally believed that Lieutenant-Governor McInnes acted to conciliate those who demanded his dismissal, and politicians think that now there will be no longer any outcry for his removal. This move has, it is believed, saved his position.

As Seen in Vancouver.

Vancouver, B.C., June 16.—Premier Dunsmuir offered Mayor Garden a portfolio yesterday afternoon, which he declined till after the Opposition convention here on Monday next. The convention will be held, despite the startlingly attractive position of affairs.

Mr. Martin now announces that he did not recommend Mr. Dunsmuir for Premier. He was Lieutenant-Governor McInnes' own choice. Ex-Premier Semlin, who passed through Victoria yesterday, en route to Ashcroft, said the Lieutenant-Governor's selection of Mr. Dunsmuir had caused much surprise in Victoria. It is generally understood, and Mr. Semlin believed himself, that no followers of Mr. Martin will be taken into the Cabinet.

Cabinet Forecast.

The following is a forecast of the Dunsmuir Cabinet:

Attorney-General—D. M. Eberts.

Chief Commissioner Land and Works — Joseph Hunter, Cariboo.

Mr. Semlin thought Provincial Secretaryship would be offered either to Mayor Garden or R. C. Tatlow, Vancouver.

Mr. Semlin also mentioned that B. F. Green, Kaslo, would probably be offered the portfolio of Minister of Mines.

It was generally understood in Victoria last evening that the selection of Mr. Dunsmuir was as much a surprise to Martin and Curtis as to anyone else.

Martin Had Popular Vote.

It is said that Governor McInnes has relied a great deal in his action since the election upon the fact that his choice, Mr. Martin, was supported by the popular vote of the province. If any one takes the trouble to figure it out, he will find that more votes were cast for the Martin party than for any other party in the province in the election on June 9.

The Martinites regard the appointment of Dunsmuir as Premier as a tactical victory for Martin, who, they claim, practically dictated to the Opposition who shall be their leader. They hold that the Vancouver convention dare not go back on the Lieutenant-Governor's choice, as it would lead to all sorts of turmoil and dissensions. In some quarters it is believed that Mr. Dunsmuir will abide by the result of the convention, resigning in favor of the convention's choice. Mayor Garden is regarded as a probable Minister, while overtures have also been made to Smith-Curtis or to J. C. Brown to join the Government.

Mr. Martin has received a telegram, saying that the canneries in Cassiar have gone strong for Stables, the Martinite candidate, rendering his election probable.

Two Ways to Consumption

Effectually Guarded by the Great Twin Remedies—Dr. Chase's Catarrh Cure and Dr. Chase's Syrup of Linseed and Turpentine.

That catarrh becomes consumption is well known, and this fact should be sufficient to warn every catarrh sufferer to take prompt action to cure this insidious disease. The accompanying letter tells how an Ottawa man was saved by Dr. Chase's Catarrh Cure after doctors had given him up as a victim of consumption.

Mr. Thomas Squirrel, 214 Bay St., Ottawa, Ont., states: "I was afflicted with a severe form of catarrh for nine years, and was so bad that the doctors gave me up to die of consumption. A careful, systematic use of Dr. Chase's Catarrh Cure brought about a complete change. I have no longer any hacking or spitting, and am perfectly cured. The doctors burnt out my throat three times for this disease."

Consumption is also developed from throat and chest colds that irritate the linings of the bronchial tubes and lungs and set up congestion. This way to consumption is effectually barred by Dr. Chase's Syrup of Linseed and Turpentine, as is illustrated in the case of Mr. Dodds, whose letter we quote:

Mr. J. J. Dodds, of Pleasant Ave., Deer Park, Ont., writes: "I have suffered in my head and throat and all over my body since last summer from a very heavy cold, which I could not get rid of. I have tried several of what are considered good remedies, but none seemed to be of any avail. I began to think that my cold was developing into consumption, as very many have to my knowledge. I am thankful now to say that Dr. Chase's Syrup of Linseed and Turpentine has worked a complete cure. As I am now entirely free of the cold."

Dr. Chase's Catarrh Cure clears the stuffed up air passages of the head, stops the droppings into the throat, counteracts foul breath, positively cures cold in the head, catarrh, catarrhal headache and deafness and prevents consumption.

Dr. Chase's Syrup of Linseed and Turpentine loosens the tightness in the chest, allays inflammation in the bronchial tubes and positively cures croup, bronchitis, asthma, coughs and colds and prevents pneumonia, consumption and inflammation of the lungs.

Dr. Chase's Catarrh Cure, 25 cents a box, blower free. Dr. Chase's Syrup of Linseed and Turpentine 25 cents a bottle. Family size three times as much 60 cents, at all dealers or Edmanson, Bates & Co., Toronto.

Daily Intelligencer.

JUMPING AT CONCLUSIONS.

(Toronto Star.)

"The Belleville Intelligencer says; 'The second contingent emergency food scandal bids fair to beat the embalmed beef scandal of the Cuban war.' There is no doubt that the idea originated in that embalmed beef scandal, and will be made to look as much like it as possible. But there is this difference, that the 'embalmed beef' was so bad that it caused the scandal, whereas in this case the desire to make a scandal has caused the rations to be attacked."

There you are, now; we knew some of those Grit newspaper fellows could soon settle that question. Most people have been of the opinion that there are many good and excellent reasons for an investigation, but the Star's assertion makes the matter quite clear. It all proceeds from "a desire to make a scandal." Now let us look at some of the facts of the case and see what grounds the esteemed Star has got for its assertion. Mr. Monk, M. P., charged that

> The food or emergency ration supplied to the Canadian troops was not identical with the food tested at Kingston, known as "Hatch's protos," but was a totally different article of very inferior quality, containing scarcely 17 per cent. of nutriment, whereas the food tested contained over 60 per cent. of nutritive substance.

For pointing out that the Government had furnished our soldiers with a food containing barely 17 per cent. of nutriment, which should have contained over 60, the Conservatives are charged with "desiring to make a scandal."

> The said food so supplied under said agreement was never made in Canada at all, but was brought on from New York or some place in the United States of America, by the parties interested, packed in a certain number of large saratoga trunks, containing each two large rough bags filled with a substance closely resembling broken biscuits; it was then ground in Montreal by ordinary milling process to a fine powder and placed hurriedly in small tins, neither sterilized nor hermetically sealed and must have deteriorated even if it had been suitable food, which it was not.

Every loyal Canadian will want to see a charge of the above nature investigated. It must be understood that the charges were made by Mr. Monk, M.P., in his place in the House of Commons, and that he has assumed full responsibility for them.

> The amount due under the agreement of the 4th of January, 1900, that is $4660, was paid to the contractor before the goods were actually delivered.

A peculiar business transaction, truly. The money was paid to somebody who had no business standing, and from whom there was no legal redress if the goods were not as represented. To anyone acquainted with the facts of the case, Mr. Monk's action will be viewed with gratitude. It is up to the Government to show that his charges are not true. If they cannot prove that they will have to reckon with the loyal electors of Canada, who will be righteously indignant when they know that food which could be sold at a profit at 17c. per pound was purchased by the Militia Department at $2 per pound; that the Department, whether intentionally or not remains to be seen, allowed itself to be bood winked by a sham analysis; that, in fact, the digestive organs of our Canadian soldiers were placed at the mercy of speculators, who fed them on bran or something less nutritious. No, there was no "desire to make a scandal." The facts speak for themselves.

TIMELY TOPICS.

From present appearances Belleville people are going to celebrate Dominion Day by resting quietly at home. Perhaps it is just as well; people are just beginning to get up steam for "when the boys come home."

• • •

And, by the way, what form are the festivities going to take on that day? The Intelligencer will publish whatever reasonable suggestion may be sent in in that direction. Write on one side of the paper and sign your own name as a guarantee of good faith.

A good deal of curiosity has been excited over the nationality of Gen. French, the dashing cavalry leader of the British forces in South Africa, and he has been claimed by different people as Irish, English and Scotch. On the authority of the Toronto Globe, however, it may be stated that the family came over to England originally from France, the head of it being Lord de Freyne. A branch of the Frenches settled in Roscommon and remained there for some generations. The grandfather of Gen. French left Ireland and settled at Ripple Vale, in Kent, England, and, to confuse matters more, the mother of Gen. French, who was Miss Eccles, was a Scotchwoman. As, however, he was born in England, he may be considered an Englishman of mixed extraction. His youth was mainly passed in the north of London. Upon finishing his education he entered the navy, but, finding the service not to his taste, he left it and went into the army—fortunately, as it has turned out, for Lord Roberts and his forces.

The County Councillors have completed their arduous labors and gone home. The business of the County is in good hands, and the rate of assessment, 3 1-2 mills, is very reasonable, indeed. People who live close to the corporation line sigh heavily and wish they could move, lock, stock and baggage.

Some of the streets on the East hill are so smooth and nice that they are enough to make a bicyclist miss his dinner to ride on them. On the West hill the streets are not, however, conspicuous for their smoothness. Let's see, what is the difference in the tax rate between East and West Belleville?

He addressed them to-day, and felt so badly at the smallness of the regiment that he broke down and cried. The boys felt just as badly."

We understand that in other places the Government has consented to supply ammunition and one rifle to every ten men; no doubt they would grant the same terms to Belleville. No little importance should be attached to accustoming people to the use of the rifle, apart from straight shooting. The modern rifle is a complicated machine, and men cannot get too much practice in handling it. Whose move is it?

The colors in Brainerd & Armstrong wash embroidery silk are "standard." That is, Violet is true tone; Geranium Lake is exactly that shade and all the other 374 are true to name or number.

When you need an exact shade you can depend upon getting it just a surely as you get notes in music by striking the proper keys.

Thus you can get true tints of nature in your embroidery work.

Put up in a patent holder which prevents knots or tangles.

Send a one cent stamp or three holders tags for "Blue Book" which tells exactly how to embroider fifty different leave and flowers.

COUNTY COUNCIL.

Friday, June 15th.

MORNING SESSION.

Council resumed at 9 o'clock, Warden Clare presiding and members all in attendance.

The Clerk presented a report showing some monies expended during the interval since the January sessions, amounting to $117.00.

Mr. Holgate presented a report of the special committee, re test of the Waterous engine, which had not proved satisfactory and the committee had not accepted it.

Mr. Hanley gave notice of a by-law to appoint returning officers for the election of county councillors.

Mr. Mallory gave notice of a by-law authorizing the Trent River Paper Company to have the necessary power to erect poles for electrical purposes.

On motion the council went into Committee of the Whole on Equalization, Mr. Cross in the chair.

The Warden moved, seconded by Mr. Douglas, that the equalization for the minor municipalities be the same as last year.

Dr. Faulkner was not in favor of the motion as he desired to have a change if possible. He moved, seconded by Mr. Denyes, that Thurlow township be reduced $200,000.

Mr. McFarlane said that Tyendinaga was, in his opinion, not fairly dealt with in this matter of equalization. It was equalized in excess of its assessment. Deseronto, he thought, was too low, and some other villages might be raised. He moved an amendment to the amendment that the equalization for the municipalities be the same as last year with the exception of Tyendinaga, which should be reduced to an extent of $100,000.

Dr. Faulkner thought that the township of Thurlow should be reduced. The equalization should be based upon the assessment. The township he represented was equalized above the assessment, which he did not consider was just. Some of the other municipalities he considered were not equalized high enough.

Mr. Denyes strongly supported the amendment for a reduction to Thurlow township, which he considered was equalized too high.

Mr. Pearce would support the original motion and leave the equalization as it was. There might be some discrepancies, but he thought that if the question was opened up it might be made worse than it was at present.

The Warden thought the amendment of Dr. Faulkner was peculiar, owing to the fact that last year the Dr. supported a motion to have the equalization remain the same. He (the speaker) considered there was not such a change during the year as to Thurlow.

Mr. Hanley wanted a fair equalization, but considered Tyendinaga was equalized too high, and was paying too much at present. He moved that a commission be appointed to make a valuation of the county. He considered it would be money well spent.

Mr. Parker said a change in the equalization should be made as it was in his opinion, by no means right.

Mr. English desired the equalization to remain the same as it was last year.

Mr. Mallory moved that Sidney be reduced $125,000, Thurlow $85,000, Tyendinaga $100,000, Stirling $15,000, and that Deseronto be increased $75,000, Tweed $15,000 and Rawdon $75,000.

Mr. Holgate supported the motion of Mr. Mallory, declaring that Sidney township was by all means too highly equalized.

After some further discussion the matter was left in abeyance until the afternoon session.

On motion the Council went into Committee of the Whole on Estimates, Mr. Parker in the chair.

The report showed that the expenditure for the past year was about $100 above the estimates.

The question of an office for the County Attorney was brought up, but it was decided not to build this year, and $150 was voted for rent for an office.

On motion the Committee rose and reported progress.

It being 12 o'clock the Warden left the chair.

AFTERNOON SESSION.

The Council, reassembling at 2 o'clock, went into Committee of the Whole on Equalization, Mr. Cross being in the chair.

After some discussion pro and con on the question of equalization, Dr. Faulkner and Mr. McFarlane withdrew their motions.

Mr. Denyes moved, seconded by Mr. Holgate, that $100,000 be taken off Thurlow, Sidney and Tyendinaga and the equalization of the other municipalities remain the same as last year.

Upon a vote being taken 6 voted for it and 7 against it.

The Warden's motion that the equalization remain the same as last year prevailed, the vote being 7 for it to 6 against.

The Committee reported. On motion the report was received and on motion that it be adopted the yeas and nays were called for and resulted as follows—

Yeas—J. English, A. Kirk, J. W. Pearce, R. Lancaster, W. J. Douglas, T. Cross, F. B. Parker, and Warden Clare.—Total 8.

Nays—H. K. Denyes, Dr. Faulkner, J. C. Hanley, J. A. Holgate, B. Mallory, A. McFarlane.—Total 6.

The report was then adopted.

(To be continued.)

Latest War News

Lord Roberts will Seize the Delagoa Bay Railroad.

Boers Repulsed in an Attack at Zand River.

London, June 18.—With the exception of a rumor at Cape Town that Lord Roberts is about to seize the Delagoa Bay railroad at a strong strategic point, and the announcement of the new Cape Cabinet, there is no news from South Africa. A belated despatch sent from Pretoria under date of June 13, gives an official version of an attack on a British post at Zand River, June 16, by 800 Boers with three guns. It says that Gen. Knox, with a mixed force, drove off the Boers, who left four dead and four prisoners on the field. The British loss was Major Seymour and two men killed and nine wounded.

MORE SERIOUS THAN EVER.

Situation in China To-day Shows No Improvement.

Foreign Warships Engaging Chinese Forts at Taku.

London, June 18.—Shanghai is to the front again with the statement that the Taku forts have been occupied by the International troops. According to a Chee Foo special the forts opened fire upon the warships, whereupon the fleet replied in kind and silenced the Chinese guns and the International forces subsequently landed and seized the forts. The news of this engagement is stated to have been brought to Che Foo by a Japanese warship, but the date of the occurence is not given. According to a despatch the Chinese bombardment followed an ultimatum sent by the commanders of the fleet.

An official despatch from the German consul at Che Foo, received in Berlin, confirms the arrival of a Japanese torpedo boat with the following message; "The Japanese torpedo boat reports that the Legations at Pekin have been taken," whether taken by the Boxers or the Chinese troops or the mob is apparently not stated.

A later despatch from the same consul received in Berlin this morning, states that an engagement is proceeding at Taku between the Chinese forts and the foreign warships.

Berlin has also received notification from Shanghai that, owing to the interruption of the telegraph lines, no trust-worthy news whatever is obtainable of the events transpiring in Pekin.

London, June 18.—The morning papers generally consider the situation in China more serious than ever. The Times says: "The anxiety with which further news is awaited is heightened by the painful fact that the perils of the situation in Pekin are shared by a number of European ladies and children, including Lady MacDonald and her little daughters."

London, June 18.—The Yokohama correspondent of the Times says: "Japan is sending 2,000 troops to China."

At an audience granted to the Japanese representative at Seoul, the Corean Emperor expressed regret for the torture and execution of the two refugees, which, he said, occurred without the Imperial knowledge. His Majesty promised that the judicial officials involved should be punished. The incident is thus closed.

"TED" AUSTIN WRITES

From Winberg to Relatives in the City—Belleville Boys Were Glad to See Them—Hard Marches.

Winburg, May 8, 1900.

Dear Sister,—I now write a few lines to let you know I am still alive and well. We left Bloemfontein and started to catch our Regiment, and caught them at Winburg, after five days heavy marching. I was almost tired out, but a day's rest makes a fellow all right. Well, all our boys were more than pleased to see us and you can guess we were glad to see them. We have got the Boers going now and are going to keep them going and by the time you get this letter we will be in Pretoria. We were just behind one large battle on our way up and were sorry for that, but we will be in the next. We are starting for Kroonstad and expect to have a fight, but we have the men and such large guns that we will soon move them. There is about thirty thousand in this Division, and, my! it is quite a sight to see them march off and all their transport. They reach miles. Our Canadian Regiment is pretty well thinned down. There are quite a few sick, but a lot of them will soon be better. I like this country very well so far, and they say it is better farther up. You must not expect another letter from me for some time, as we are past any place to post them. We just get a chance to send them in a transport or some other way, the best we can, as the railway is not open and it will take them some time to fix it. I have crossed the Modder twice now on our march up. I will scribble a few lines again as soon as I can, so good-bye. Remember me to all. "TED."

ONTARIO DEAF MUTES ASSOCIATION

Now in Session at the Deaf and Dumb Institute.

Over Two Hundred Delegates in Attendance—Beautiful Decorations—Yesterday's Religious Services.

It was in 1886 that the late Prof. Greene and Mr. Wm. Nurse organized the Ontario Deaf-Mute Association, and since that time regular biennial sessions have been held in various parts. Membership in the Association is open to all deaf persons who care to attend the conventions and to pay the small fee imposed for meeting necessary expenses. The object of the conventions is to give the deaf an opportunity of meeting together occasionally to renew old friendships and to discuss matters of interest and importance to them.

The greater number of the members are graduates of the Belleville Institution, and these hail with delight the privilege once every two years of meeting each other again and of recalling the delightful experiences of Auld Lang Syne. Such re-unions are always very pleasing, even to hearing people. These latter, however, can scarcely appreciate the genuine gratification it is to the deaf to thus meet together at stated intervals, since the deaf are, to a large extent, isolated from hearing people, and many of them rarely, in the ordinary routine of life, meet with anyone with whom they can hold sympathetic converse in their own vernacular—if this term may be used to characterize the sign language. To the deaf, therefore, these conventions are veritable oases in the somewhat dreary desert of their lives, which they look forward to with eager anticipation, participate in with keen enjoyment, and afterwards dwell upon in memory with fond recollection.

The attendance at this convention is perhaps the largest of any in the history of the Association, due largely to the fact that it was held at the Institution for which all the old pupils cherish sentiments of fondest affection, and the opportunity for a visit to which they gladly embraced; and it was with unmistakable demonstrations of genuine delight that they once again traversed its halls and revisited the scenes of their school days.

The Institution had been beautifully decorated for the occasion with a profusion of flags and bunting, which were hanging from the walls and ceiling to the number of many hundreds. The assembly room was rendered especially attractive with flags and bunting and drapery and pictures most tastefully and artistically arranged by Miss Walker and her assistants; while every provision had been made by Superintendent Mathison for the comfort and enjoyment of his guests.

Following is a list of the delegates in attendance;

T. Dool, A. Moyes, M. Murkley, A. V. Maston, M. B. Randall, J. E. Gaynee, J. Munroe, M. S. Ralph, R. S. Salter, Dollie B. Morrison, Grace Muckle, Gertie Holt, Mrs. W. Sutton, T. Ross, W. Kay, Geo. Coleman, Mr. Denyes, Mr. and Mrs. Baylis, Mrs. Terrill, Miss Templeton, Mr. Stewart, Mr. Forrester, Mr. Burns, Miss Dempsey, Miss McNinch, Miss Linn Mr. Douglas, Miss B. Mathison, Belleville; Mr. and Mrs. Nasmith, Toronto; Miss Mitchell, Montreal; Miss Fraser, Toronto, Mr. F. Moore Toronto; Mr. Hawthorn, Coe Hill; Miss Slater, Toronto,; Miss Ogilvie, Toronto; Miss Pringh, Berlin; Mr Downey, Belleville; Mr. Langmuir, Belleville; Mr. Phippen, Mr. Cuningham, and Mr. Moore, Belleville.

The convention was opened on Saturday evening with Mr. Phillip Fraser, of Toronto, vice-president, in the chair, in the absence, through illness of the president. Mr. A. E. Smith, of Brantford. After prayer by Prof. Coleman, the secretary, Mr. Nurse, read the minutes of the convention held at Grimsby Park two years ago.

Then followed a scene appropriate to these times of patriotic ardor. Mrs. Moore, of Toronto, attired to represent the Queen, accompanied by her little son in khaki uniform, ascended the platform followed by Miss Ethel Irvine, of Belleville, and Misses Elliott, O'Neil, Ballagh and Munro, of Toronto, who recited most gracefully in signs "God Save the Queen." The young ladies were all dressed in flowing white robes trimmed with the national colors, and each one carried a small flag, the whole effect being very pretty and inspiring.

Superintendent Mathison then gave a brief address of welcome couched in most felicitous terms and breathing that spirit of devotion to the deaf and solicitude for their welfare which has characterized his twenty years of faithful service in the position which he has so ably filled, and that the deaf fully appreciate his efforts, and regard him with feelings of warmest affection and esteem was demonstrated by the hearty reception accorded him. He extended to each and everyone present a most cordial and wholehearted welcome to the Institution, and he was glad to see so many present. In the men and women present, many of them married and with families, it was hard for him to recognize the little boys and girls who came to the Institution many years ago, and who passed through the various grades and then went out into the world to take their places there and carve out their own careers. With scarcely any exceptions they had been a credit to themselves, to their parents, and to the Institution, and enjoyed the respect and confidence of the community in which they lived. He was gratified to know that the deaf were all good, honest industrious men and women, earning their own living by honest toil, standing upon their merits and not parading their afflictions or seeking sympathy or special consideration because of their deafness. At the Institution they had always tried to instil the spirit of independence and self-reliance in the pupils and he was glad to see so much evidence of the value and permanence of the instruction they had received. He hoped they all would receive much profit and pleasure from the convention. He He knew that they all would be glad to visit the old school again, so he had brought the matter before the Government, and by the courtesy of Hon. Mr. Stratton, at his request, in which he was supported by Dr. Chamberlain, they were permitted to meet here. This convention was for the deaf and he wanted them to conduct it in their own way, and neither himself nor any of the other officers or teachers would interfere in any way, but were present simply to show their good-will, and their sympathy with and continued interest in the deaf. He and they would do all they could to make them feel at home. He again bade all of them a most hearty welcome on his own behalf and that of all the officers and teachers. He hoped they would thoroughly enjoy themselves, would receive both profit and pleasure from their coming together and would carry away pleasant recollections of all the officers and teachers, and of their old alma mater.

Mr. Slater, of Toronto, responded to the address of welcome in graceful and appropriate terms. On behalf of the deaf assembled there from all parts of the province he thanked Mr. Mathison for the kind and cordial welcome he had extended to them. It was a pleasure for all of them to again meet Mr. Mathison, whose sign-name was cherished by every educated deaf-mute in Ontario. Most of them had grown up under his care and he had left upon their memories the strong and deep impression of a true friend. He had never been to them a stern task-master, but was rather as the father of a great family wisely and kindly ruled, whom they were all glad to meet again and all of them were delighted to once again visit the old school in which their minds were first awakened and developed. To the deaf in a peculiar sense the school is the true home of their minds for it was there that their understandings were born into light and freedom. He hoped Mr. Mathison and all associated with him in the great work of the Institution would find in this assembly some things that would encourage them and inspire them with increased confidence in their work; that they would realize some of the pleasure that comes from seeing seed that was carefully and laboriously sown bringing forth an abundant harvest, and that they would find good evidences that the work they have done deserves well of this province and of its Government.

Mr. Fraser, acting president, then expressed the great pleasure it afforded him to welcome them all to the convention. He was glad so many were present and he was confident the meeting would result in lasting good to all of them. Many of them had manifested their interest by travelling long distances to be present and he hoped they would feel amply recompensed. How thankful the deaf should feel for what is being done for them all over the world, and especially for the noble Institution at Belleville, where so many of them had received such inestimable benefit, and which is presided over by so true a friend of the deaf as Mr. Mathison. They were glad that he was amongst them and taking as deep an interest in the convention. It was also a source of great pleasure to see so many of the teachers manifesting an interest in the welfare of the deaf by being present. He assured them that everything possible would be done to make their visit a pleasant and profitable one, and he hoped they would all be much benefited by coming together.

Mr. Masson then moved that all the officers and teachers present be elected honorary members of the Association.

On motion of Mr. Madden a number of committees were nominated, and he also gave notice of some amendments to the by-laws of the Association.

The session then adjourned.

The Sunday services, three of which were held, were of a very interesting character. The morning service began with the doxology, recited in unison by all present. The opening prayer was given by Mr. Nurse. Mr. McKillop read the scripture lesson, and was followed in prayer by Mr. Campbell. Four young ladies, Misses Scott, Holt, Blackburn and Allendorp, then recited "Safe in the Arms of Jesus," in the beautiful and expressive sign language. Mr. Nurse then gave an excellent address on "The Kingship of Jesus," based on the text, "Christ

GLOBE POLITICS.

In the editorial items of the Globe of the 13th inst. the reader will find the following:—

> "Notwithstanding the local feeling against Asiatics, we are sure that British Columbia will agree that if we are to boast the glories of the empire we must submit to the exigencies of empire."

Here is a plea, apparently for the Asiatics, based ostensibly upon the "exigencies of Empire," but in reality to furnish an excuse for the Government of the Dominion for their disallowance of a number of bills passed by the British Columbia Legislature, at the instance of the Government of that Province affecting the Asiatic race; such disallowances being in direct violation of pledges made and former howlings in favor of "Provincial Rights."

Turn to another item under the same heading and in the same issue of the same journal, and we have the following:—

> "It will no doubt prove an easy matter to subjugate the recalcitrant Chinese. But when the submissive Chinese begin to overrun Europe and the western continent, problems will arise that must be contemplated with misgivings."

Having intimated an excuse for the disallowances of provincial Acts referred to, it became necessary to furnish an antidote, so as to please and tickle the ear of the anti-Chinese and anti-Japanese portion of the population of the Pacific coast, hence, the invocation to contemplate with "misgivings" the influx of others into the country.

Truly the Grit organ of Ontario is a wonderful sheet. There is no question which has agitated the people for the past half century, that it has not been on both sides.

Political exigency being the standing motto which it follows upon all and every occasion, provided always that its party is to be served and aided, which abashes public morality and degrades journalism.

WHEN DOCTORS DISAGREE

What Becomes of the Patient?

Doctors have their hobbies as well as other people and in the treatment of disease often carry them too far for the patients' good. For instance in the treatment of indigestion or dyspepsia many doctors give bismuth and nothing else, others rely on pepsin to bring their patients through, still another doctor treats stomach troubles with the various vegetable essences and fruit salts.

Now one or the other of these excellent remedies becomes a hobby with the doctor who has had most success with the particular one in question, because all of them are first-class remedies for indigestion and dyspepsia, but not one of them alone is so good as a combination of ALL of them, such as is found in Stuart's Dyspepsia Tablets which contains not only vegetable essences and fruit salts, but also the freshest, purest pepsin and bismuth, making altogether a remedy unsurpassed for every form of indigestion, sour stomach, dyspepsia, belching of gas, distress after eating, sleeplessness, headaches, etc.

Stuart's Dyspepsia Tablets is not a secret patent nostrum, but you can see for yourself what it is and knowing this, its success as a dyspepsia cure is not surprising. All druggists recommend and sell them at 50 cents.

Fatal Collision in London.

London, June 18.—A collision between an express train and a train filled with Windsor racegoers occurred Saturday at Slough. Three persons were killed and forty were injured.

THEY STRUCK IT RICH.

It was a grand thing for this community that such an enterprising firm as J. S. McKeown secured the agency for Dr. King's New Discovery for Consumption, the wonderful remedy that has startled the world by its marvellous cures. The furore of enthusiasm over it has boomed their business, as the demand for it is immense. They give free trial bottles to sufferers, and positively guarantee a cure in Coughs, Colds, Bronchitis, Asthma, Croup, and all Throat and Lung troubles. A trial proves its merit. Price 50c. and $1.00.

IN IGNORANCE OF THE FACTS

Not a Cabinet in Europe Informed of Chinese Events.

An Unconfirmed Despatch From Hong Kong Says All the Pekin Legations Have Been Destroyed by Fire and the German Minister Killed — Three Chapels Have Been Burned at Tien Tsin Situation Looks Bad.

London, June 18.—(3 a. m.)—There is not a Cabinet in Europe apparently that knows what has transpired in Pekin for five days, or in Tien Tsin for three days. Nor is there any that knows with what difficulties the small and inadequately equipped international column is contending between those cities. The German Foreign Office, upon learning of the report of the murder of Baron Von Ketteler, the German Minister at Pekin, sent a telegraphic enquiry to St. Petersburg, the Russian Government, because of its wires to Manchuria, being supposedly in a better position than the other Governments to obtain direct news. In reply the German Foreign Office was informed that nothing whatever was known on the subject, as communication with Pekin was interrupted.

Pekin in a State of Panic.

Information from Pekin, brought hither by refugees, says that the city is in a state of panic. Incendiary fires are of nightly occurrence and scores of outrages are reported. Women and children from Tien Tsin are pouring into Shanghai.

The latest news to hand is that 7,000 Russians, with 12 machine guns and 12 field guns are marching from Tien Tsin to Pekin.

The Shanghai correspondent of The Daily Telegraph, in a despatch dated yesterday, says: "A Chinese report states that Admiral Seymour is fighting with the Chinese regulars, and that the foreign forces have seized the Taku forts."

In the midst of these rumors an extraordinary amount of excitement has been caused by the sudden despatch, under sealed orders, of H.M.S. Undaunted, without awaiting her full supply of stores. The Rosario is also under orders to prepare for an immediate start."

THE GERMAN MINISTER

Reported on Saturday to Have Been Killed—All the Foreign Legations in Pekin Destroyed.

London, June 18.—A special despatch on Saturday from Hong Kong says all the Pekin Legations have been destroyed, and that the German Minister, Baron Von Ketteler, has been killed.

Son-in-Law of H. B. Ledyard.

Detroit, Mich., June 18. — Baron Von Ketteler, the German Minister to China, who is reported to have been killed in the Boxer riots in Pekin, was a son-in-law of Henry B. Ledyard, president of the Michigan Central Railway. The Baron was married to Miss Ledyard in 1891.

Officials Burned at the Stake.

New York, June 18.—A despatch to The Journal and Advertiser from Tien Tsin on Saturday said: "Boxers control Tien Tsin, and the native city officials have been burned at the stake. A great panic prevails among the Chinese."

A Dutch Warship With Troops.

Pekin, June 18. — The Government has instructed the Governor-General of the Dutch East Indies, Herr W. Rooseboom, to despatch warship with troops to China.

Cabinet Meeting Held.

London, June 18. — A Cabinet meeting, held on Saturday under the presidency of Lord Salisbury, was concerned almost wholly with the situation in China.

10,000 Chinese Troops Joined the Boxers.

Shanghai, June 16. — According to information received here from foreign sources, 10,000 Imperial troops, which were between Pekin and the International forces advancing on that city, have disbanded and joined the Boxers.

Three Churches Were Burned.

Shanghai, June 16. — Last night's advices from Tien Tsin report that large incendiary fires occurred in the eastern part of the city. Three English and American churches were burned, besides the residences of many foreigners.

5,000 Rebels at Kwei Li Sien.

Hong Kong, June 16.—Trouble is now brewing near West River. Riots have broken out at Bun Chow, whence over a hundred refugees arrived at Wu Chow June 12. About 5,000 rebels have assembled at Kwei li Sien. Bodies of Canton troops passed through Wu Chow June 11, on their way to meet the rebels.

Terrible Sails for Tien Tsin.

Hong Kong, June 16.—The British first-class cruiser Terrible, with troops, sailed for Tien Tsin this morning.

Two Cruisers Sail From Manila.

Manila, June 17. — The gunboat Concord, with marines aboard, has sailed under sealed orders, supposedly for China. The British cruiser Buena Ventura sailed for Hong Kong, with troops and stores, for Hong Kong and Tien Tsin.

U.S. Regiment Ordered From Manila.

Manila, June 18.—(10 a.m.)—The 9th Regiment has been ordered to Manila, whence it will proceed to China.

Awful Slaughter of Christains.

Moscow, June 18. — According to a despatch from Port Arthur, the Boxers have killed, up to the present 1,764 Chinese Christians.

The Wires Restored.

New York, June 18.—The Anglo-American Telegraph Company has issued the following notice: "We are again advised by the Great Northern Company to accept messages for the Far East without restriction."

Japan Is Taking Measures.

Washington, June 18.—The following cablegram was received to-day at the Japanese Legation here from the Japanese Government at Tokio: "The situation in North China is daily growing more serious. The Imperial Government has, consequently, in addition to the fleet already at Taku, decided to despatch a military force of about 1,000 men to Tien Tsin, in order to strengthen the hands of the Japanese Minister in China. The latter is acting in full concert with the other representatives of the principal powers."

Will Protect U.S. Interests.

New York, June 18.—The Tribune yesterday morning printed the following statement from Secretary John B. Long of the United States Navy:

"The navy will co-operate with the State Department in the protection of American intersets in China. You understand that the navy is an adjunct of the State Department. We await their orders. The navy will be glad to co-operate with the State Department."

Who would think there was insanity behind a drop of water? But there is. It was a favorite torture in the old days to fasten the victim where water should slowly drip on his forehead. In a little while he was a howling maniac.

Women do not, as a rule, realize how the steady drains which sometimes afflict them must at last re-act on the mind. Sometimes, it is only fretfulness, irritability or peevishness. At other times the condition passes beyond unreasonableness to irrationality.

With the relief of the body, from disease, Dr. Pierce's Favorite Prescription gives also a cheerful mind and contented spirit. When the drains and pains are stopped the mind soars up like a balloon from which dead weight has been cast out. Mothers who never knew a happy moment when the birth hour confronted them, and younger women doomed each month to a period of mental depression as well as physical suffering, have found a perfect cure by the use of "Favorite Prescription." It contains no alcohol, neither opium cocaine or other form of narcotic.

"I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles and I feel like another person."

"I took your medicine six months and feel now like a new person," writes Miss Annie Stephens, of Belleville, Wood Co., W. Va. "Have no headache, no backache, no pain anywhere. I took seven bottles of Doctor Pierce's Favorite Prescription, and seven bottles of his 'Golden Medical Discovery.' I think there is no medicine like Doctor Pierce's. I can't speak highly enough of your medicine for it has done me so much good. I don't feel tired as I used to, nor sick. I feel well and think there is no medicine equal to Dr. Pierce's Favorite Prescription."

Doctor Pierce's Pleasant Pellets are graduated to the sensitive system of women.

The Situation Critical.

London, June 18.—(3 a. m.)—The following summary of the situation was telegraphed to The Daily News from Shanghai last evening:

"The situation is critical, and without parallel since the Indian Mutiny. At the Yang Tse ports there is a grave feeling of unrest among the natives. As yet there has been no outbreak; but placards have been posted in Kin Kiang, Ugas Skin and Wu Hu, calling on the people to kill and burn." A body of rioters 500 strong, are at Kwei Hs'en, in the prefecture of Canton, and troops have gone to suppress them. The powers, unprepared, are helpless to prevent disaster, but barring trifling local frictions, they are working amicably."

NEWS FROM PEKIN TO FRIDAY.

Serious Anti-Foreign Outbreak Thursday Night—An Anxious Time.

London, June 18.—The Pekin correspondent of The Times, in a despatch dated June 14, via Tien Tsin, June 15, says:

"A serious anti-foreign outbreak took place last night, when some of the finest buildings in the eastern part of the city were burned and hundreds of native Christians and servants employed by foreigners were massacred within two miles of the Imperial palace.

"It was an anxious night for foreigners, who were collected under the protection of the foreign guards. The Boxers burned the Roman Catholic East Cathedral, the large buildings of the London Mission, and the American Board of Missions, and also all the buildings in the eastern part of the city occupied by the foreign employes of the maritime customs.

"If the troops who are to reinforce the foreign guards fail to arrive to-day further riots are expected. It is believed that no person was injured."

COUNTY COUNCIL.

(Friday's session continued.)

Mr. Hanley moved, seconded by Mr. Holgate, that two valuators be appointed for the purpose of making a valuation of the county, they to be chosen from outside the county.

Mr. Cross could not agree with the motion made by Mr. Hanley. Some years ago a similar commission was appointed which cost about $1,500, and their report was not acted upon.

Mr. English stated that he could not support the motion. There might be some discrepancies in the equalization, but the information for making it right at present was not available, and in another year the matter might be satisfactorily adjusted.

Mr. Holgate thought Mr. Hanley's motion was a step in the right direction.

Mr. Pearce was of the opinion that the motion of Mr. Hanley was a motion that would cause some hard feeling in the council, which he was pleased to state did not at present exist. He hoped the motion would be withdrawn.

After some further discussion the motion was put and lost.

The yeas and nays were called and resulted as follows;

Yeas — Messrs. Denyes, Faulkner, Hanley, Holgate, Mallory, and McFarlane—6.

Nays— Messrs. Pearce, English, Douglas, Lancaster, Cross, Parker, Kirk, and Warden Clare.—8.

On motion the Committee on Estimates resumed, Mr. Parker in the chair.

The Committee made the following report as to the probable expenditures for the ensuing year;

Administration of Justice	$ 7,000
Jury Law	1,600
Court house and jail	700
County bridges	3,500
Gravel roads	10,700
Snow removing, wire and fencing	900
Traction engine	900
Other roads and bridges	5,950
Salaries	3,310
Warden and Councillors	1,400
Printing and Stationary	700
Schools	6,500
Interest on Bank account	1,500
Fuel and light	900
Total	$45,560
Casual revenue	$8,000

Mr. Cross moved, seconded by the Warden, that the rate be the same as last year, namely, 3 1-2 mills on the dollar.—Carried.

The Committee rose and reported. Report received and adopted.

On motion the Committee on Ways and Means resumed, Mr. Hanley in the chair.

No Rest for Him

So Dreaded When Night Came on—A Well-Known Toronto Citizen Tells of His Years of Suffering from Asthma—Was Cured by Clarke's Kola Compound.

Mr. J. Fonston, driver for Mr. J. Walsh soda water manufacturer, Toronto, writes—"I have been a great sufferer from that dread disease asthma for eight years, finally the disease becoming so severe that I could no rest at night. I dreaded when night came on, for there was no rest for me. I suffered only what an asthmatic can realize. I tried many remedies; at last the stuff I smoked lost its effect. I consulted my family doctor, and after a few weeks' treatment said he could do nothing for me. I thought it funny that the science of medicine had done nothing for the poor asthmatic. A neighbour, who had been cured by Clarke's Kola Compound, advised me to try it. I procured a bottle, which helped me some. I took in all five bottles, and it has worked wonders in my case, and have not since lost a night's sleep or a day's work. It is truly a wonderful remedy, and I can cheerfully recommend it to any sufferer from asthma." Clarke's Kola Compound is sold by all druggists or by the Griffiths and Macpherson Co., Limited, 121 Church street, Toronto. 4

Boiled Down Facts

ABOUT . . .

Dr. Ward's Blood and Nerve Pills

No remedy ever introduced in Canada has gained so many words of praise from sufferers all over the country as these thoroughly effective pills.

WHY?

Because they positively cure all diseases brought on by impoverished blood, such as heart trouble, nervousness, rheumatism, dyspepsia, etc.

ALSO

Because they induce sound, healthy sleep, and restore VIM, VIGOUR, and VITALITY to the body.

ALSO

Because their use enables the system to successfully resist attacks of colds and the inseparable results, viz., lung and kidney troubles, a fact of especial importance at this season of the year.

50 cents per box, five boxes $2.00. All druggists, or Sam Williams & Co., Toronto, Ont.

A large number of accounts were ordered to be paid.

Mr. Cross moved, seconded by the Warden, that a grant of $200 be made to the hospital.

Mr. Holgate said there was some complaint in the city that the hospital was a close corporation, and not such a public institution as it was represented to be. He would not, however, oppose the grant proposed.

Dr. Faulkner said he thought the county should have a representative upon the Board, as the county had contributed largely to the institution. The work being done there was no doubt first class.

Mr. Holgate was in accord with Dr. Faulkner's remarks. He thought the county should have something to say as to its management, when it contributes to its maintenance.

It was decided not to build an office for the County Attorney this year. The motion prevailed.

A U.S. citizen, lately deceased, drew a will thirteen feet long. Of course, it is being contested. A man who associated that unlucky figure with his last will and testament gave ample evidence of being of unsound mind.

THE B.C. CABINET.

The Dunsmuir Ministry Contains Only One Liberal—Does It Mean Another Turner Administration?

Ottawa, June 18.—A private message from Victoria, B.C., received Saturday morning, says the following is the probable composition of the Dunsmuir Ministry:

Mr. Dunsmuir, President of Council.
Mr. Turner, Minister of Finances.
Mr. Eberts, Attorney-General.
Mr. Wells, Provincial Secretary.
Mr. Smith (Lillooet), Minister of Mines.
Mr. Garden, Commissioner of Public Works and Lands.

To those acquainted with the facts, this means another Turner administration, as Turner and Eberts would be the strongest men in it. Besides, there is only one Liberal in the Ministry and he is not counted a strong man. From this it appears that Dunsmuir will ignore the Martin faction, but Liberal members here think that Martin has yet to be reckoned with.

Here it is considered that Dunsmuir's elevation relieves the situation so far as Lieut.-Gov. McInnes is concerned.

Cassiar Goes Anti-Martin.

Victoria, June 18. — The latest report is to the effect that Cassiar has elected two straight opposition men, Capt. John Irving and C. W. D. Clifford. This leaves Martin with only seven out of a house of 38, with possibly some independents to turn when they see how the cat jumps to-night.

TELEGRAPHIC BREVITIES.

The village of Smyrna, N.Y., was nearly wiped out by a fire on Saturday.

London is suffering from an epidemic of suicide, 60 cases being reported with 13 days.

The Elbe-Trave Canal was opened at Lubeck, Germany, on Saturday. The Emperor was present.

Owing to press of private business, J. W. Connell has resigned the Conservative nomination for the Dominion House in Eastern Assiniboia.

No rain has fallen in Manitoba and there are no signs of it. If a wet period does not set in this week it will be a serious matter for the farmers.

Joseph Wynne, who was shot at Trenton recently while entering Ireland's bicycle shop, was on Saturday sentenced to 10 days in jail by Judge Lazier.

Sir Charles Tupper, Senator Ferguson of Prince Edward Island, and George McInerney, M. P., delivered addresses at a Catholic picnic at Odessa on Saturday.

The London dock strike, involving 10,000 men, will probably be amicably settled by the London Chamber of Commerce, whose offer to arbitrate has been accepted by the strikers.

Frank O. Hill, a finisher in Toronto, was drowned on Sunday, while swimming in the bay at the foot of York street. He was an expert swimmer, but was seized with cramps while in the water.

In the Italian Senate on Saturday the 21st Legislature was opened in the presence of King Humbert, Queen Margaret, the Duke of Aosta, the Duke of Genoa, the Count of Turin and many senators and deputies.

Owing to the anti-tithe trouble in the Varna district, Bulgaria, a squadron of cavalry sent to the village of Durankuluk was fired on during the march and two officers killed. The soldiers returned the fire, wounding 30 peasants.

Moscow, Livingston County, N. Y., a town of 800 population, was swept by a disastrous fire Sunday morning, which wiped out the business centre and all dwellings save those on the outskirts. The loss is about $75,000.

A serious accident occurred at Ayr Sunday morning near Fair's farm. A deaf and dumb man named Winterbourne of Washington, was walking on the track and was struck by a freight going west. He lived only a short time after being moved to the town.

George Johnson was sentenced to seven years imprisonment in Montreal for intent to kill. He recently was made a ticket-of-leave man, but broke his parole by crossing into the United States, which has issued a warrant for his surrender to the Canadian authorities at Buffalo.

W. O. Sealey on Saturday received the unanimous nomination of the South Wentworth Liberal Convention at Hamilton. It is said the Pirie party got the promise of a solid Liberal vote at the next provincial elections and so Mr. Pirie of The Dundas Banner dropped out of this fight.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Bachache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

The Preferential Tariff.

Ottawa, June 18.—It is the object of the Laurier Government to have the second reduction in favor of Britain in the preferential tariff to go into effect on July 1. It was a question whether a new bill was needed. Sir Louis Davies said last night that the House will go into committee of Ways and Means to-day and pass the tariff resolutions. Then a bill based on the resolutions will at once be put through Parliament.

Bomb Outrage in Barbadoes.

Kingston, Jamaica, June 18. — A bomb, supposed to have been loaded with guncotton, was thrown during the night of June 10 in the principal street of Bridgetown, Barbadoes. The buildings in the immediate neighborhood were damaged and a number of people were seriously injured. One man's eyes were blown out. A panic ensued. The perpetrator of the outrage was not discovered.

Sunday in Camp Niagara.

Niagara-on-the-Lake, June 18.—At the Niagara Camp yesterday morning the usual church parade was held and hundreds of people from the surrounding country witnessed the imposing spectacle. About 8 a.m. the Roman Catholics, 300 strong, headed by the band of the 34th Battalion, marched to St. Vincent de Paul's Church, where Rev. Father Brennan held a short service. At 8.30 the camp service was held in front of the division headquarters. Rev. Dr. Johnson, chaplain of the 44th Regiment, preached the sermon. Among those present was Col. Aylmer, A.G., of Ottawa. On Tuesday next a review and inspection by Col Aylmer will take place.

Watchmaker's Stock Ruined.

London, June 18.—An extraordinary freak was played by lightning during a heavy thunderstorm in Coventry. The lightning struck the chimneystack of a house occupied by a watchmaker and split it to the basement, magnetizing all the tools and watches in the workshop. Every particle of steel received a charge of the electric current. It is thought it may be possible to demagnetize the smaller articles and parts of watches, but the larger tools are so thoroughly impregnated as to be completely spoiled.

Long Distance Writing.

Vienna, June 18.—Messrs. Pollak and Virag of Budapest, whose marvelous invention of quick telegraphy has been successfully tested in America, have completed another invention in connection with it, by which the ray of light directed by the tiny telephone mirror, writes in ordinary characters at a distance of hundreds of miles. In the original invention, it wrote only the Morse alphabet. The addition now made removes the necessity of transcribing.

Behring Sea Claims Paid Up.

Victoria, B. C., June 18.—Fourteen thousand three hundred dollars has been forwarded to collector Milne by the Department of Marine and Fisheries in settlement of the remaining unsettled claims arising out of the Behring Sea seizures.

The seventh biennial convention of the Ontario Deaf Mutes' Association opened at Belleville at the Deaf and Dumb Institution, with 200 delegates present on Saturday.

Native Rising in Gambia.

Bathurst, Gambia Colony, West Africa, June 17.—A native rising has occurred in the Gambia Colony. Two British commissioners and six members of the police have been killed at Sannkanndi, on the south bank of the Gambia River, by Mandingoes.

SPENT A FORTUNE.

"Yes, I am completely cured," said Mr. Jas. Davison, of Oconto, Ont., in reply to a question, "and I have to thank Dr. Hall's Rheumatic Cure for my relief. I suffered from sciatica in the joint of my left hip for ten years. For six years of that time I was a helpless invalid, unable to move about. I was reduced in flesh, and unable to partake of food. I spent every dollar I had in seeking relief, but without obtaining it. I passed through the hands of three Kingston doctors, and each pronounced my case incurable. I took everything people recommended, but without experiencing any benefit. Before I had used half a bottle of Dr. Hall's Rheumatic Cure I obtained relief, the first in ten years. In all I took the contents of six bottles, and I am as well and sound to-day as ever I was, except for my short leg which the rheumatism caused.

MR. JAS. DAVISON.

"Previously I could scarcely walk half a dozen steps, and arose and sat down only with great difficulty and pain. When I first began to take the medicine I weighed only 145 pounds. Now I weigh 167 pounds, and am daily gaining weight. I cannot say too much for the medicine, but I ask God's blessing for the maker on account of the good it has done me."

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

There is nothing stronger than human prejudice.—Wendell Phillips.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

When a young man becomes sufficiently familiar to stay until midnight, the girl begins to think she holds first mortgage on his affections.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

Orders for bookbinding should be left at this office. It is surprising how nice a volume can be made of these magazines, even though they are somewhat soiled from much handling. Books, magazines, or periodicals bound or rebound in any style at very reasonable price. Blank books such as journals, ledgers, day books with any kind of ruling, made to order all work warranted first class.

INDICATE END OF BOER WAR

Some Events That Cannot Be Read in Any Other Fashion.

Natal Volunteers, After Hard Service, Have Now Been Dismissed and Sent Home—Complete Division of Regulars to Be Withdrawn From General Buller and Embarked at Durban for China —Kruger Getting Supplies.

London, June 18.—(4.20 a.m.) — There are some indications that Lord Roberts considers the end of the struggle in South Africa not far distant. One of these is the fact that the Natal volunteers, who had seen hard service, were dismissed to their homes by Gen. Buller Saturday. They were cheered as they left.

Troops to Be Sent to China.

Other indications is the report current in authoritatively informed military circles in London that a complete division of regulars is to be withdrawn from Gen. Buller's army and embarked at Durban for China. The troops drawn from India will probably go next.

Unofficial intelligence from Machadodorp, via Lorenzo Marquez, is to the effect that the British troops are near Middleburg.

Kruger's Story of the Fight.

The Boer narrative of the fighting east of Pretoria, posted on a bulletin board outside of Kruger's car at Machadodorp, ran thus:

"The commandoes east of Pretoria, in the direction of Broockhorst Spruit, were compelled to retire after a fierce stand of more than two days, in a way that won the admiration of the acting commandant-general. The short range rifle fire was very hot, and for part of the second day, especially late in the afternoon, the enemy fought at a distance of 100 yards. Our loss cannot be given out. The acting commandant-general only mentions Field Cornet Jan Van Buren, killed. He was one of the pluckiest men in the field.

Slurring the British Troops.

"Information is again to hand regarding the miserable conduct of the enemies' troops that have penetrated to Johannesburg and Pretoria. They continually complain of the lack of food. Several British soldiers have died in the streets of Pretoria of exhaustion and starvation. Along the roads are the corpses of horses and mules, while the living animals are so weak they are hardly able to carry their loads."

Another bulletin at Machadodorp, according to a despatch dated June 15, says:

"Fifteen officers and 500 British soldiers prisoners have arrived at Standerton, Free State, bound for Nooit Gedacht. Thirty burghers were killed and wounded during the last day's fighting near Pretoria."

Steyn Denies British Authority.

Mr. Steyn, in consequence of Lord Roberts' annexation of the Free State by proclamation, has issued a counter proclamation, declaring that the Free State still exists, is independent, and does not acknowledge the authority of Great Britain.

The British prisoners at Nooit Gedacht have been having exciting games of football to keep themselves warm. They are, according to a despatch from Lorenzo Marquez, without shelter or medical comforts, and are confined between two mountains, where the sun does not shine until 8.30 a. m.

Rushing Goods to Kruger.

Delagoa Bay merchants are rushing goods towards Machadodorp, the Boer expectation being that the use of the railway will soon be lost, and that the preparations for a final standing the Lydenburg district must be promptly completed.

Gen. Rundle's column at Senekal and Ficksburg is now almost invulnerable. The Boers attacked Ficksburg this morning, but were driven off.

President Steyn of the Orange Free State is still trying to encourage the burghers.

Gen. DeWet is trekking north of Bloemfontein.

An American Killed.

On an attack on the railway pioneers near Zand River to-day, the Boers were driven off, but Major Seymour, commanding the pioneers, was killed. He was an American, and was formerly employed in the Rand.

The Cape Cabinet.

The indications are, according to reports from Cape Town, that the Ministerial crisis will soon be ended by the formation of a Cabinet by Sir Gordon Sprigg. According to a Cape Town special, the Cabinet, besides Mr. Rose Innes, who will accept the portfolio, will probably include former Attorney-General Soloman, who was a member of the late Cabinet, and Sir P. H. Faure, who was Colonel Secretary during Rhodes' second Administration.

Kruger Moves His Capital.

London, June 18.—The Lorenzo Marquez correspondent of The Times says:

"President Kruger has removed his headquarters to Alkmaar, near Nelspruit."

BOERS ARE BARBARIANS.

How They Ruined the Property of the Loyalists in Natal—Rustenburg Occupied.

London, June 18. — The War Office has received the following message from Lord Roberts:

"Pretoria, June 16. — Rustenburg was occupied yesterday by Baden-Powell. A column starts from this place to-morrow to meet Baden-Powell and repair the telegraph between Pretoria and Rustenberg. Hunter is moving from Potchefstroom. His advance brigade expects to reach Johannesburg June 19. Buller, I hope, is at Standerton, Heidelberg will be occupied from this place shortly and then the Orange River Colony will be completely cut off from the Transvaal. Baden-Powell reports that the district through which he passed is settling down satisfactorily. Over 1,000 stands of arms were surrendered and Hans Eloff and Piet Kruger, son of the President, were to make submission to him yesterday, having been previously disarmed on their farms. Botha's army has retired and is believed to be at Middleburg. His rear guard was surprised and entirely routed by Ian Hamilton's mounted infantry."

Boers Are Barbarians.

The War Office has received the following despatch from Gen. Buller:

"Laing's Nek, June 15.—Now that Natal is clear of the enemy, I wish to call attention to the disgraceful way in which private property was treated in the part of the Colony they occupied. Their wilful and needless damage is visible everywhere and houses, when not completely wrecked, have been desecrated with filthy ingenuity. That this has been done with the consent of the leaders is proved by the fact that while in Charlestown every house was wrecked, in Volksrust, two miles off, but in the Transvaal every house was intact."

It has been wittily said of the martyrs that they were people who were cannonaded while they lived and were canonized when they were dead. The same thing might be said of many a woman, who has been cannonaded by censures and criticisms while she lived and canonized as a saint after death.

Husbands don't mean to be small and selfish. But they can't understand the sufferings which come with debilitating drains, irregularity, inflammation, or ulceration of the sensitive female organs.

Thousands of happy women pay tribute to the wonderful change in their lives effected by the use of Dr. Pierce's Favorite Prescription. It is not a cure-all. It has a specific purpose, in the curing of diseases peculiar to women. It cures these diseases perfectly.

Sick women can consult Dr. Pierce free by letter. Each letter is treated as a sacred confidence, privately read and promptly answered. All answers are in plain envelopes. Address Dr. R. V. Pierce, Buffalo, N. Y.

"My health is much better since I have been using Dr. Pierce's medicines," writes Mrs. Cora Brooks, of Martin, Franklin Co., Ga. "After having a miscarriage in 1895, I suffered with a pain in my left side and a lingering cough which grew worse and worse. I used Wine of C——, but it only gave me temporary relief. Last spring I got past doing anything and my husband went to the drug store and called for Wine of C——, and the merchant recommended Dr. Pierce's Favorite Prescription as better, so he bought one bottle. I began to take it as directed in the pamphlet wrapped around the bottle. The book said if the disease was complicated with cough to take Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' alternately. Mr. Brooks got the 'Golden Medical Discovery' and I took it as directed. The cough left me at once and I got better so rapidly my husband was astonished at my improvement. I took six bottles of the two medicines. I am now able to work and do the washing for two families."

Thanks to Schreiner.

Paarie, Cape Colony, June 16.—At to-day's meeting of the Afrikander Bond Congress, a letter was read from the late Premier, Mr. W. P. Schreiner, announcing his resignation and describing the causes of the differences between himself and his colleagues in the Cabinet, which left no other course open to him. The Congress adopted a resolution expressing thanks to the Premier for his services to the country, but endorsing the opposition of the Bond members supported by Mr. Schreiner.

THE GALLANT CANADIANS.

Have Been Doing Great Work and Their Immunity From Casualties Is Generally Remarked.

London, June 18.—(Montreal Star Cable.)—Mr. H. S. White, the special war correspondent of The Star with the Canadian Mounted Rifles, writes as follows, under date of Kroonstad, May 19:

"During our halt here we have heard on every hand expressions of admiration at the efficient manner in which the Canadian Mounted Rifles have performed the onerous and very dangerous work assigned them. The marvelous way in which they have gone through the heaviest rifle and shell fire without suffering any casualties is also a subject of much comment.

"During the week a detachment of one hundred of our men from the four squadrons, under command of Captain Chalmers, together with a squadron of the Imperial Mounted Infantry, the whole under the command of Colonel Alderson, rode out over 60 miles without once unsaddling, captured 24 Boers, including a commandant, some field cornets and other officers, and returned to camp without casualties.

"To-day the men and horses, much benefited by their long rest here, are now in a condition to stand any amount of further work and hardships.

"Orders have just been received for the two battalions, with the rest of General Hutton's Brigade, and a strong force of cavalry, to march to-morrow at 7 a.m.. This is understood to be the beginning of the general advance upon Pretoria.

"Colonel Evans commands the First Battalion, in place of Col. Herchmer, invalided home. Major Howe remains behind to fill an important position at the depot here. Veterinary Surgeon Hall also remains here in charge of the remount depot."

Recruit Cut His Throat.

Quebec, June 18. — Last evening a soldier belonging to the R.C.A., and newly recruited, a young man 21 years old, named Wheatley of Charlottetown, P.E.I., cut his throat with a razor at the Citadel. His death is expected every moment.

DURATION OF PARLIAMENT.

Looks as If the Liberals Will Take Another Session Yet

Present Session May End July 15—Government Knows That Public Opinion Is Sore Concerning the Emergency Ration Scandal—Can't Take Chances Now, So It May Be September, 1901, Before Next Election.

Ottawa, June 17.—(Special.)— The majority of the commission to investigate Mr. Monk's charges, accusing Dr. Borden of culpable negligence in buying fake rations, will not meet this week. This is due to the fact that Hon. John Costigan goes this week on a vacation. Besides, Dr. Borden is still at the bedside of his wife, who is seriously ill with acute indigestion, and he is an important witness. The Liberal side of the commission is passing under review. Dr. Russell, the diminutive member from Halifax, is even now named as a probable successor to Speaker Bain, tho he would half fill the chair. Dr. Britton, Kingston's legal light, is said to have his eye on a judgeship, while Mr. Belcourt of Ottawa has many past favors to be obliged for. What will be the judgment of the commission? That is an easy one.

When Will Session End?

Will the session end July 1? It is said the leaders of the parties have agreed to this, but it can not be verified. The 15th of July looks like a better guess. True, the main estimates have been pretty well cut into, but then the estimates for next year and supplementary estimates and railway subsidies have yet to be dealt with, and they will not be disposed of at a glance. The railway subsidies are suspected of having many deals wrapped up in them, and the Opposition is keen to reveal them. Besides Sir Hibbert Tupper has a pack of Yukon charges still undealt, and all these things take time.

Will Be Another Session.

Will there be another session? There undoubtedly will be. The paucity of business transacted this year, the lamentable inertia of the Government in regard to the contingents and the criminal negligence in buying bogus rations—these and many other irregularities and acts of mismanagement have left a mess on the hands of the Government. The fact is public opinion is sore on the Government. They want time to pull things right, and Micawber Laurier prays that something may turn up to save him. If the Government were to appeal to the country now they would be nuts for the Opposition. Hence it is more than probable that the intention formed a month ago to appeal in October has been cast to the winds, and the look is farther ahead.

Praying for a Lifeboat.

The life of this Parliament, by the flux of time, goes out July 13, 1901. Laurier prays for a lifeboat to arrive before that. It is known that the Minister of Public Works urged Sir Wilfrid last fall to dissolve Parliament and go to the country on the result of the negotiations in Washington. That was statesmanship, for the preservation of Canada's interests is a topic that takes. But Sir Wilfrid was weak. Again, if he had been sincere and rapid with the contingents, the loyalty cry would have enabled him to dissolve and return to power. But, like a man not sure of himself and his followers, he let these two golden hours go by. Now, the iniquities of the administration have been so revealed that his only hope is in cloaking them over by the flow of time.

These facts lead to the conclusion that the next election is not nearer than September, 1901.

To Catch Lambton.

Plans are being drawn for a new $50,000 postoffice in Sarnia. The estimates for this work have not been passed, but the Government has decided upon its erection. Mr. Fraser, M.P., Lambton, is persona grata here.

OTTAWA'S FIRE RELIEF.

The Fund Will Likely Exceed the $900,000 Mark.

Ottawa, June 18.—The fire relief fund is steadily growing and is likely to exceed the $900,000 mark. The Bank of Ottawa acknowledges receipts at $717,134. To this must be added large grants yet to be received, including a balance of $90,000 from the City of Ottawa, $20,000 from Toronto, $15,000 from Montreal and $21,000 from the Ontario Government and the Quebec Government grant, which is expected to be $25,000.

The Kidneys.

Their Functions and Derangements--The Importance of Keeping Them in Perfect Health

Dr. Chase's Kidney-Liver Pills

In its course through the body the blood not only distributes nourishment to all parts but also collects the tissue wasted by work and disease. It is the peculiar mission of the kidneys to filter the blood, to separate the poisonous impurities from the pure blood, allowing the blood to go on its way, while the poison—uric acid—is sent through the ureters to the bladder and hence out of the body.

The importance of this work is emphazied by the fact that all the most painful and most fatal diseases—such as Bright's Disease, Diabetes, Dropsy, Rheumatism and Lumbago—arise from kidney disorders and the presence of poisons in the blood.

Few diseases are more often fatal than those of the kidneys. None are nearly so painful. Old people are especially subject to kidney ailments, but all ages are its victims. Kidney Disease is almost invariably the result of neglect or ignorance. The symptoms are so pronounced that it is almost impossible to mistake them. For the benefit of those not familiar with them they are briefly stated here.

The three distinct features of Kidney Disease are:

1. Backache or lame back.
2. Deposits in the urine after it stands for twenty-four hours.
3. Difficulty or too great frequency in urinating.

By applying this test to your own case you can decide for a certainty whether or not you have Kidney Disease. The accompanying symptoms are irregular action of the bowels, stomach troubles, pains in the limbs, puffiness under the eyes, hard, dry skin, paleness and general weakness.

Science has never known a more effective remedy for diseases of the kidneys than Dr. Chase's Kidney-Liver Pills. No physician was ever so successful in curing kidney ailments as was Dr. Chase with this very same prescription which is now put up in pill form and known as Dr. Chase's Kidney-Liver Pills.

They act directly and naturally on the kidneys, giving them new vigor and activity and completely eradicating from the system the last traces of kidney disease. They positively cure backache, lumbago, and rheumatism, and unless the kidneys are wasted away will stop the decay and cure Bright's Disease. One pill a dose. 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

No News From Coomassie.

London, June 18.—The Daily Express has received the following despatch, dated Friday, from Prahsu: "No additional news is to hand from Coomassie. The incessant rains are delaying the advance of the relief column, which is likely to see some tough work. Seven wounded officers and 130 wounded men are expected here from the front. There is a general rush of natives towards the coast from Obuassa and the mines north of the Prah River."

LIVE SPORTING NEWS

BASEBALL.

On Saturday afternoon a goodly number of sports assembled at the Agricultural park to witness a game of baseball between the Printers and the City nine. The Citys in the early part of the match took a decided lead, and although the type slingers materially reduced the score towards the last of the game, they were unable to win. The score at the finish was 21 to 16 in favor of the Cities.

The Mintos defeated the George St. Wonders on Saturday afternoon by a score of 3 to 2. The batteries were: Mintos—Manahan and Mackey. Wonders—Rainbow and Lockett.

FISHING.

A Successful Hatchery at Point Ann.

Some two or three years ago Messrs. Manning and McDonald, contractors, went to Point Ann for the purpose of quarrying a quantity of stone. They secured an option upon the premises of Mr. Thos. McDonald and after making quite an excavation abandoned the spot the stone not being altogether what they required. The stone taken out was piled up around the excavation, thus forming a large well. Into the excavation water poured from some springs in the near vicinity. Mr. McDonald, who is an expert fisherman, conceived the idea that this would make an admirable place for the breeding of black bass, and accordingly placed within the enclosure a number of fine specimen of this well known finny tribe. It proved to be a success, as the fish not only thrived, but thousands were hatched out. The attention of the Dominion authorities was called to the matter, with the result that an experienced inspector was sent here for the purpose of ascertaining if the place could be made a successful hatchery. It was thought that it could be, and a sum was placed in the estimates for the purpose of erecting a suitable building over the excavation and making the necessary improvements. If this proves a success it will be a boon not only to the fishermen but to those who enjoy fishing. It may be stated that in order to feed the fish Mr. McDonald hung lanterns around the wall and flies would be attracted to to the light and the great majority would fall into the water and thus form food for the fish.

The Chinese term for the Boxers is "I-Ho-Tuon." The "I" means righteousness, "Ho," means peace, and "Tuon" a clenched fist, so that the term Boxers being interpreted means an organization for the promotion of peace and righteousness by means of the clenched fist or by force. The Chinamen will get all the "Tuon" they want in a little while, then they'll be saying "Heigho, let us have peace."

A gentleman signing himself "Veteran" writes giving a few ideas of his own as to the proper procedure on the day "the Boys come home." The decorations, parade, etc., he thinks, will come as a matter of course, but he does not think too many early demands should be made on the returned soldiers themselves at the time of their arrival, as their relatives will want them. The proper ending of the day, "A Veteran" thinks, would be an open air meeting, where the returned soldiers could be presented with an address of welcome and given the freedom of the city. They could then be introduced individually to the audience. The idea is a good one, if we could depend on the weather; though one thing is sure—if a public meeting is held no hall in Belleville will begin to hold the people who will want to attend.

For my own part I don't want to see any subscription list passed around, we have seen how that worked once before. I think the citizens might give the boys a public welcome and that will be enough."

• • •

Following are the views of "An Englishman": "I think the boys should be given a rousing reception, one they and the people of Belleville will never forget, and I think they should be given a banquet on Queen Victoria Park, the provender to be furnished by the City, the tickets to be placed at $2 a head for everybody except the boys themselves, and the proceeds used to buy a testimonial for the returned heroes."

• • •

"A Volunteer" writes: "I think it is rather early yet to lay any plans for the reception of our comrades, but I believe I can speak for many of our boys when I say that we are opposed to seeing a public subscription list hawked about. As everybody knows, quite sufficient money was on hand from the 24th of May celebration if the committee had not seen fit to direct it from its legitimate purpose. The men of the Fifteenth are hoping that the Regiment will be able to go to Quebec to meet their comrades. For myself, I think a hearty welcome to the boys and a procession, with plenty of decorations, would be the right thing. Then have a public meeting at night at which the boys could be introduced to the audience and a few speeches made. For my own part, I think if any address or testimonial is given to the boys it should come through the City Council. If they don't see fit to do it the men of the Fifteenth can look after their comrades themselves."

• • •

Somebody has evidently brushed "A Volunteer's" fur the wrong way. Let us hope that whatever is done may be done harmoniously and in a spirit of loyalty and good-fellowship. One thing is sure—there is nothing too good for the boys. By honoring them our citizens will honor themselves. Perhaps it would be as well just now to let by-gones be by-gones and prepare to make the day of their home-coming the biggest day Belleville has ever known. All together, now.

A gentleman asks The Intelligencer to draw the attention of the License Inspector to the fact that a good deal of drunkenness is to be seen in Belleville on Sunday. He says that last night, as the people were going home from church, three drunken men were to be seen staggering, bumping into people and talking obscenely. Not an edifying spectacle, truly.

• • •

The London military camp did not give satisfaction. The officers didn't like either the ground or the way people treated them. Send 'em to Belleville; there was not a suspicion of fault-finding when the Tommies camped here.

• • •

We stop the press to suggest that when the Grit Government starts to make those Colonels it should turn its eyes in this direction. It is well known that one Grit politician has for many years sighed for a Senatorship which was promised but, alas, never came. Why not make him a Colonel? And the would-be postmaster, a colonelcy would probably make him as happy as a little girl with a new doll. Of course there would be a slight difference in the matter of salary, but then what does a Grit care for money? Perish the thought!

Turning movements are popular with British generals, and it may be stated that it took an English newspaper to turn Hon. Mr. Tarte's flank and get him started on his re-turning movement to Canada. It will be interesting to see what form Mr. Tarte's excuses will take when he is confronted with his disloyal speeches. No doubt he'll blame it all on the proof-reader.

Toronto Star; "M. P. Castle, of London, has sold his collection of postage stamps for $150,000, which is believed to be the largest lump sum ever paid for such a collection. Now that the Orange Free State has been taken off the map as an independent republic, collectors are paying as much as $25 for a single stamp of that Government and the price is rising. A full set of Transvaal stamps, it is said, would now cost about $5,000." Belleville people who got South African stamps should hang on to them. They may become very valuable.

The D. & D. Institute is en fete these days, and smiling, happy faces are to be seen everywhere. The scene last Saturday night, when the young ladies were signing "God Save the Queen," was an inspiring one. A man could travel many a mile before he saw anything prettier. The convention is sure to result in mutual pleasure and profit.

Why Major Pettet is Mad.

What makes Major Pettet, M.P., of Picton, mad? is a question that is being asked around the corridors. Here's the solution. The major is a Patron. He used to be a Liberal, and among those who know, he is looked upon as a Liberal still, and has a just claim to the title, for he always votes with the Government. The other day he addressed and franked 1000 envelopes to his constituents in Prince Edward County, all Liberals. The envelopes were sent down to the messengers' rooms to be stuffed with Fielding's budget speech. But, whether accidentally or maliciously, it is not known, the envelopes were stuffed with Foster's "crushing reply to Mr. Fielding," and Sir Charles Tupper's loyal utterances. Away the stuffed envelopes went to the major's constituents, and bye and bye the major received numerous enquiries from his electors, "Have you turned Conservative, major?"

That's why the major is mad.

came, who is over all, God blessed forever," after which the four ladies above named recited "All Hail the Power of Jesus' Name" very gracefully.

Miss Fraser, of Toronto, then appealed to those present on behalf of the Chinese deaf-mute school, and asked for a liberal collection in the afternoon in its aid.

The afternoon service was opened with prayer by Mr. Fraser. Misses Irvine, Elliott, O'Neil, Ballagh and Munro then gave "I need Thee, Precious Jesus." Mr. C. Elliott then read a scripture lesson, Mr. McGillivray led in the Lord's prayer and Mr. J. R. Byrne, of Hamilton, gave a very interesting address on "Law and Grace," after which the hymn "Nearer the Cross" was signed by the ladies above named. Miss Jessie McFarlane then recited very beautifully and expressively "Lead Kindly Light," which brought to a close the delightful services of the day.

In the evening, after prayer by Mr. Baylis, Miss Edith Wiley signed very gracefully "Jesus, Lover of my Soul," after which His Worship, Mayor Johnson gave a very felicitous address which was interpreted by Mr. Mathison. He remarked that he had been present at the convention held here six years ago by invitation of Mr. Mathison. His remembrance of that occasion was so pleasant that he had come this time without invitation, as he felt a personal interest in all the children and graduates of the school. The present visit was his first as Mayor and as Mayor of the city he bade them welcome. He was certain that wherever they went they carried with them pleasant memories of the old school, its Superintendent and its teachers. Mr. Mathison had done his duty to the Government, but he had also exerted a personal and fatherly influence and interest in the welfare of those placed in his care. He could assure them that no country in the world surpassed Canada. The Province of Ontario was the fairest of the provinces and the city of Belleville one of the most beautiful of her many beautiful cities. He congratulated the assembled members on their independence and reminded them that the dependence on others was one of the bitterest of life's experiences. He saw before him no evidences of poverty, not the other extreme of great wealth, but the comfortable and happy independence and competence of an industrious and educated class, which were making their lives useful to themselves and others. He hoped all would enjoy their present visit to the scenes of their school days and renewing of old friendships. In all the years to come none would have greater cause for thankfulness for the blessings of an education than the deaf and dumb.

Mr. Nasmith, of Toronto, then followed with a short address, which was interpreted by Miss Fraser, after which Miss Jessie McFarlane, of Ottawa, recited 'Lead Kindly Light' with inimitable grace and expression, and thus came to a close this series of delightful Sunday services which were entered into with enthusiastic ardor by the deaf, and was a pleasure that many of them seldom have the privilege of enjoying.

OBITUARY.

MRS. A. RUTTAN.

After an illness of nearly two months duration Mrs. Amanda Ruttan died at an early hour this morning at the family residence, Murney street. In the year 1849 the deceased was born in this city, being the second daughter of Mr. and Mrs. Samuel White, who reside here. Mrs. Ruttan was a lady who was well known and was much respected. She was a member of the Methodist church. A family of five children survive, namely: Marshall, of Cleveland; Azael, of this city; Clara, of Montreal; Sarah, of Toronto, and Jennie, of this city. The funeral will take place on Wednesday afternoon.

WEDDING BELLS AND JUNE ROSES.

Nuptials of Mr. James Hanley and Miss Mary McWilliams Celebrated at St. Michael's This Morning.

St. Michael's Church was well filled this morning by the fair sex, who had gathered to witness an interesting event. It was the marriage of Mr. James Hanley, one of Belleville's popular young merchants, and Miss Mary McWilliams, daughter of Mr. Jacob McWilliams, a yeoman of the 4th concession of Thurlow. The ceremony took place at 9 o'clock, being performed by Monsignor Farrelly, who also celebrated the nuptial mass. The bride, who was charmingly attired, was assisted by her sister, Miss Emma McWilliams, and the best man was Mr. Thomas Hanley, a brother of the groom.

After the ceremony the bridal party and a large number of invited friends drove to the residence of the bride's parents, where the wedding breakfast was partaken of.

The presents received by the bride attested to the esteem in which she is held by her friends. Mr. and Mrs. Hanley have taken up their residence on Catherine street. Their many friends will extend to them congratulations and wish them every success and happiness in their journey through life. In this The Intelligencer joins.

Latest War News

London, June 19.—No important developments mark the progress of the British in the Transvaal. Lord Roberts reports that over 2,000 stands of arms have been given up at Pretoria since the occupation of the Capital. These will be utilized by the released British prisoners, of whom there are 140 officers and 3,039 men; of the former 12 and the latter 248 are in the hospital.

The total of British losses since June 4, says Lord Roberts, only amounted to two killed and one officer and 48 men wounded.

Gen. Buller reports that the first train through passed Laing's Nek tunnel Monday, June 18th and proceeded to Charlestown. The first batch of Mafeking's sick and wounded arrived at the hospital at Belfontein, June 15.

THE CHINESE TROUBLES

Yokohama, June 18.—The news of the shelling of the forts at Taku has caused great excitement throughout Japan. It is reported that the Powers will ask Japan to send 20,000 troops to suppress the revolt. It is probable that the Government will consent. Additional transports are being prepared.

New York, June 19.—A despatch to the Tribune from London says: "The Express correspondent says it is felt certain that the real explanation of the failure of Admiral Seymour's expedition was divided counsel among his motley force, only the American troops honestly co-operating with the British Admiral."

A former English resident of Pekin says, "If the legations have been taken everyone has been massacred. Murder would be the object and motive of the attack, nobody would be spared if the embassies were captured. The embassy inclosures would be commanded from the Great Wall near by and would be incapable of defence against Chinese."

The Che Foo consul's report is not conclusive, but the situation is most alarming. Lord Salisbury and Mr. Broderick's statements in Parliament left a painful impression that the worst had not been told, and that there had been a massacre of foreigners in Pekin. The only source of consolation for Members of Parliament was the information that Indian troops had been ordered to Hong Kong and that the British, French and Japanese troops would land at Taku on Thursday, with additional reserves on the way from Manila and British ports. These belated reinforcements implied, according to the alarmists, that a catastrophe had already occurred and that the relief forces had retired because the Legations had been masacred. There were also suspicions that the Taku forts had been bombarded when it was too late to do anything to save the Legations.

While the number of foreigners in China are supposed to be about 12,000 including 1,600 Americans, at least one-half are in Shanghai and more than six hundred of them would be huddled together in the embassy at Pekin.

London, June 19.—Judging from the German official despatche the American ship took no part in the bombardment of the Taku forts. No news has yet been received here of the relief of the Legations at Pekin and Europe's attention is centered far less on the overwhelming display of naval force at Taku than on the fate of the diplomatic staffs and 600 cosmopolitan residents, guarded by a handful of international marines within the legal compound. There has been no news thence since June 14. Rumors that Japan, as the mandatory of the Powers, will restore order in China was revived in a despatch today from Yokohama.

Berlin despatches intimate that Germany will not object to Japan sending 18,000 troops, while Great Britain will endorse the plan with avidity though perhaps only secretly.

The Japanese legation in London has official information of the despatch of 3,000 troops. In the meanwhile the British are despatching six native regiments, besides artillery, from Natal.

The revolt is spreading in Western China. The representative of Mr. Pritchard Morgan, M. P., at Ching Tu, wires that he and his party have been detained there owing to news that the revolution has broken out in Nzechuan, which adjoins the province of Yunnan, also in revolt, and official news comes to-day that the London Missionary Societies premises at Taaoship, Central China, west north-west of Hankow, have been destroyed by a mob.

The rising seems to be spreading with rapidity, and shows unexpected organization among the anti-foreign elements.

The missionaries at Taaoship escaped and reached Hankow in safety.

SING HEY THE MERRY MAIDEN AND THE TAR.

The Daisy Lyric Club Gave a Fine Performance Last Night.

The Tuneful Opera "Pinafore" Presented to a Fair Audience—Well Costumed and Staged—A Good Cast and Chorus.

Many ears were tickled last night when they listened to the Gilbertesque dialogue and the Sullivanesque music dished up by the Daisy Lyric Club at the Opera House. The dear old tunes, how sweet they did sound, and, by the way, how surprisingly well many of 'em were sung! Sir Arthur's rollicking music, with which, a quarter of a century ago, he set England and America whistling and singing, was rendered by Belleville's boys and girls with a spirit and dash quite refreshing, and delighted smiles could be seen on many faces as the tuneful choruses were sung by the bright-faced, very-much-in-earnest youngsters. The costumes were splendid, the Jack Tars in their natty white duck suits showed up well, and the Sisters, Cousins and Aunts were "just too sweet for anything." And perhaps they didn't enjoy it! Bless your heart, they were right in their element. The bright eyes danced and the pretty faces were wreathed in smiles, and it did a fellow good to look at 'em. There have been choruses which sang the music better, but we don't believe that a better costumed or better looking chorus of boys and girls ever trod the quarter deck of the good ship Pinafore. One excellent feature was—the performers knew their parts, and there were no awkward pauses which sometimes make amateur performances so distressing. One fault we must speak of—not in a cavilling spirit, but to help some of the principals to-night. In a few instances the lines were spoken too low, they could hardly be heard. A little more volume in the voice would be a big improvement. The choruses were well sung in good tune and fair time, perhaps the most pleasing was the one introducing "Sir Joseph Porter, K. C. B." The female voices sounded very sweetly. The chorus to the Admiral's song, "I'm the Monarch of the Sea," was also very well sung. The male voices sounded best in "He is an Englishman," the solo by Byron Hudson being pleasingly sung. The trio between Josephine, Sir Joseph and Captain Corcoran was very well done, and an encore was the result. The duet between Dick Deadeye and Captain Corcoran was also very good indeed, as was the duet between the Captain and Little Buttercup. The chorus to the Captain's song, "I am the Captain of the Pinafore," was somewhat marred by poor tempo; a little more attention to the conductor's baton, by everybody, would give a much smoother result. Taken altogether, though, the performance was a great success, and deserves a bumper house to-night. The work of the musical director, Mr. J. Nevin Doyle, was shown to be conscientious and thorough, and his young pupils certainly did him credit. The opera is full of interest all the way through, and never gets tiresome. The cast was as follows:

Sir Joseph Porter, K.C.B. (Lord of Admiralty) .... J. L. R. Gorman
Capt. Corcoran (Commander of H.M.S. Pinafore) ...... J. Vincent Doyle
Ralph Rackstraw ...... Ernest Mouck
Dick Deadeye ...... W. L. Doyle
Bill Bobstay (Boatswain),... B. Hudson
Bob Becket (Boatswain's mate), ... A. P. Allen
Tom Tucker (Midshipmite), ... Geo. Hambly
Will Breck (Midshipmite), ... Fred Spangenberg
Josephine (The Captain's daughter), ... Miss M. Falconer
Little Buttercup ...... Loretto Doyle
Cousin Hebe ...... Mabel Taylor
First Lord's Sisters, His Cousins, His Aunts, Sailors, Marines, etc.

The female characters were excellently taken, the lines being well spoken and the music sweetly rendered, Miss Falconer, as Josephine being thoroughly at home in her part, while Miss Doyle, as Little Buttercup, took her quaint character in excellent style. Cousin Hebe, was very good, indeed. The Ralph Rackstraw of Mr. Ernest Mouck was really a surprise. The music suited his voice, and he sang and acted like veteran, his fine tenor voice being heard to good advantage. Mr. J. L. R. Gorman introduced the proper humor into the part of Sir Joseph, and is receiving many encomiums to-day for his good work. Mr. J. Vincent Doyle, as Captain Corcoran, seemed thoroughly at home, and his voice, though rather light, sounded well in his numbers. The Dick Deadeye of Mr. W. L. Doyle was really a most excellent bit of character acting, and he did not in the slightest degree overdo his part; this young fellow has considerable histrionic ability concealed about his person. Mr. Byron Hudson, as the Bos'n, and Mr. W. P. Allen, as the Bos'n's Mate, were excellent in their roles.

Between the acts Col. Ponton spoke briefly and gracefully, thanking the audience for their attendance, and bespeaking a better house to-night. It was pleasant to think, he said, that while Belleville's young ladies and gentlemen were giving pleasure to their friends for the benefit of a glorious cause, their own brave boys in South Africa were thinking of them to-night, knowing, as they did, that the performance was taking place. In conclusion the Colonel paid a high compliment to the musical director, Mr. J. Nevin Doyle, and to the young ladies and gentlemen of the Daisy Lyric Club, which called forth loud applause.

BURGLARS AT SHANNONVILLE.

Two Business Places Entered—Money and Articles Purloined.

Some time during Sunday night burglars visited the village of Shannonville and raided two places of business. The general store of Mr. J. S. Kerr was entered through the cellar window. The till was robbed of its contents, about $15, and a quantity of tobacco and other articles were stolen. The bakery and store of Mr. H. Le Roy was also broken into and a quantity of the staff of life and groceries were purloined. The midnight marauders appeared to have been undisturbed in their operations as the theft was not discovered until the premises were opened on Monday. There is no clue as to the perpetrators of the act.

ANOTHER JUNE WEDDING.

A Young Toronto Couple Married in This City.

At 10 o'clock this morning a wedding took place at the residence of ex-Ald. Naylor, Foster avenue. The contracting parties were Mr. Walter E. Lugsdin, of Toronto, and Miss Flora Green, of the same place, a sister of Mrs. Naylor. Rev. V. H. Cowsert, pastor of the Baptist church, officiated. Only the immediate relatives of the couple were present to witness the ceremony. The bridesmaid was Miss Clara Lugsdin, a sister of the groom, and Dr. Roberts, of Toronto, did honors for the groom. The bride was attired in a dress of white silk mousseline de soi and carried a bouquet of roses. The bridesmaid was similarly attired. Mrs. Lugsdin received many presents which were handsome and costly. After the nuptial knot had been tied the company were handsomely entertained. Mr. and Mrs. Lugsdin will take up their residence in the Queen City, after taking a trip to Montreal, New York and Washington.

EXCUSES FOR LAURIER.

NOT TRUE!

Those who worship at the feet of Laurier and his twin brother in political iniquity and tergiversation Tarte, are now busily inventing and concocting explanations and excuses for their idol Sir Wilfrid for disrespectfully keeping his seat during the singing of the National Anthem in the House of Commons, after the delivery of a pro-Boer speech by the grandson of the English-hating Louis Joseph Papineau, of 1836-7 fame.

It is now alleged that the reason Sir Wilfrid did not rise was because the cheers were proposed by a vile Tory, at a time when Mr. Charlton was on his feet to address the House, which by the by he did, after the cheers had been given in condemnation, in no unmeasured terms, of the Boerite deliverance of the young latter day scion of the Papineau stock.

Supposing this statement were true, and that Mr. Charlton had been in the middle of a speech, would that have made the insult to royalty any less reprehensible?

Cheers for the Sovereign and the singing of the National Anthem in Canada are always in order, and always respected, except by those in whose inner soul lurks a feeling of what Tarte described in France as "British per force of circumstances."

The facts are, as shown by the official record, that immediately after the close of Bourassa's speech Montague and Charlton rose, the former to propose cheers for the Queen as the "best answer" to the utterances of the Boerite, the latter to condemn in speech which he afterwards did, the same utterance. Mr. Charlton took no umbrage at what the excusers of Laurier and his few associates in the disgraceful scene got so indignant at, on the contrary he joined in the cheers and singing, at the close of which he made what has been declared to be the best and most loyal speech ever uttered by him in the Parliament of Canada.

The truth is, the reason assigned for Laurier's disrespectful conduct is the veriest subterfuge, unworthy even of such a journal as the Toronto Globe, and that is saying a good deal.

Another of the crew, not however, being of sufficient importance to find an excuser for his conduct in keeping his seat and his hat on, during the singing of the National Anthem, has in the face of and hearing of scores who witnessed the scene, boldly given the charge the lie. Suppressio verio, is as bad, if not worse than a direct lie. What do the records show in this gentleman's case? Simply this, that he, Mr. Campbell, the member for Kent, kept his seat and his head covered until the last strain of the anthem was being sung, when by being nudged from behind by one who was standing, he took off his hat and rose to his feet.

Shame and mortification has just led these gentlemen to find excuses and indulge in falsehood to cover up their conduct, but an indignant people having spoken out so plainly, they and their unscrupulous friends have found it necessary to romance in order to lead the public mind from the true facts, that they were so incensed at their friend's disloyal utterances being condemned by cheering for the Queen and the singing of the National Anthem, that they neglected in their rage to do that which was their duty—honor their Sovereign.

ANOTHER YUKON SCANDAL.

Does Bonanza MacDonald Owe Canada $70,000 for Royalty?

Sir Hibbert Tupper Says Walsh Is Responsible—The Name of F. C. Wade Comes Up—Motion Voted Down—Wrong Information Used to Refute Statement Made in Parliament by Sir Hibbert Tupper.

Ottawa, June 19.—Monday is a dull day in the House. Few members were in attendance yesterday. Some have left for home not to return this session. Others are getting ready to go as soon as June 22 comes, for that date winds up the sessional indemnities.

Yukon Administration.

Sir Charles Tupper gave notice that he would shortly move that the House was of the opinion that provision should be made to have the Yukon district administered by an advisory council similar to the one in N.W.T., partly elective and partly appointive, and that provision should be made at once to have the Yukon represented in the Federal House.

Sir Wilfrid said that the Government intended to give the Yukon representation in the territorial council, but would do nothing regarding federal representation, till after next census.

Sir Charles then eliminated the first part of his notice of motion, and said he would spend his time in pressing federal representation.

Yankee Boat in Tow.

Mr. Bennett was told by Mr. Paterson that he had given permission to one American tugboat to tow craft in Canadian waters, but he promised not to duplicate the application unless under special circumstances.

Read a Third Time.

These private bills were read a third time: Schomberg and Aurora Railway bill; a bill to relieve W. H. Featherstonhaugh; bill incorporating the Ottawa and Hull Fire Relief Fund.

Imports From Britain.

In answer to Mr. Gillies, Hon. Wm. Paterson said that the total imports into Canada from the United Kingdom for the nine months ending on March 3, 1900, amounted to $34,436,439, of this $34,106,556 was for consumption.

The minor amendments made to the Bank Act to the Senate were concurred in by the House.

Mr. Fielding's amendments to the Civil Service Act were accepted.

Another Yukon Scandal.

Sir Hibbert Tupper wound up a two hours' speech by moving for an investigation into a series of charges, namely: That Major Walsh was guilty of crimes in his office, contrary to the design of the office. He did not send a report by every mail, as was required by law. He allowed regulations regarding royalties to be violated by favored persons. Besides, officials received gifts to exempt certain claimholders, and were guilty of fraud and breaches of trust. Walsh, illegally and by confidential instructions extended the time during which Alexander MacDonald could pay his enormous royalties. MacDonald was never requested to make a statement of the amount of gold he took out. In all this transaction F. C. Wade acted as counsel for both Walsh and MacDonald. There never had been an audit of the deal. Sir Hibbert asked for an independent and complete audit, and a searching enquiry into the indulgences shown MacDonald.

Sutherland's Eyesight Dim.

Hon. Mr. Sutherland said there was no substantiation of the fact upon which to build these wild charges. The Alexander MacDonald deal was for the benefit of the country. He considered that the Crown officers in the Yukon should be given much latitude in the discharge of their duties, and should be allowed to use their own discretion in such matters as the MacDonald deal.

A Peculiar Feature.

R. L. Borden, Q.C., challenged the Government to produce any document showing that the $70,000 or $40,000, or $30,000 of royalties due by McDonald, according to the varying reports had been paid, and he thought it was peculiar that F. C. Wade always turned up whenever there was a suspicious deal. In this case Wade had advised Walsh not to press MacDonald to pay his royalties, but MacDonald was one of the firm of Morrison & MacDonald, who had retained Wade by a cheque of $10,000. However, Walsh listened to Wade.

Messrs. D. C. Fraser, Foster and Mr. Fielding followed, after which a vote was taken on Sir Hibbert's motion at 11. It was voted down. Yeas 33, nays 63.

The House then went into Supply.

G. U. Ryley's Salary.

The item under discussion in supply was to raise the salary of G. U. Ryley, Chief Clerk of Timber and Mines, from $1,850 to $2,200. Ryley had prepared a memo. for the acting Minister of the Interior, in which he said that Dominion Creek had been closed by Thomas Fawcett on Nov. 15, 1897. This memo. was used by the Solicitor-General in combatting charges laid by Sir Hibbert Tupper against F. C. Wade a few days ago. The memo gave Sir Hibbert the lie. Last night a further memo was read from Mr. Ryley, in which he said that he had misapprehended the information asked of him by the acting Minister, and that the former memo was incorrect.

Sir Hibbert was incensed not so much by the memo as by the use the Solicitor-General had made of it to make out that Sir Hibbert was a liar. He therefore moved that the whole item be struck out.

At 1.30 a.m. Sir Hibbert had got well into the dredging cases in the Yukon, and was nearing a series of scandals reflecting upon the officials, not only of the Government officials here, but also in the Yukon.

Sir Hibbert was half through his speech when the House adjourned at 2 o'clock. He will continue his speech to-day.

Hon. D. Mills Says It's Settled.

Ottawa, June 19.—In the Senate yesterday, Hon. D. Mills, in answer to Senator Landry, said that the Manitoba school question was settled. In county districts 81 schools came under the settlement. In Winnipeg there was a difference of opinion, but he hoped that in time a settlement would be arrived at.

Senator Berthier objected that there was no settlement, and that whatever had been done had been done under the protest of the minority. A number of bills were reviewed. The Criminal Code Amendment Act was further considered.

THE KENNEL.

A Prize-Winning English Bulldog, Worth $1,250, Dies at Sea.

Boston, June 15.—Don Cervantes, an English prize-winning bulldog, for which E. W. Lawson paid $1,250, and which he was importing, died at sea. He was bred by H. Mitchell, at the Woodcote kennels, Wimbledon, and was whelped August 17, 1895. He had won over twenty-six bench prizes, among them the first limit at the Aquarium in 1899, and the second limit at the same show in 1900. He could trace his lineage to Don Alexis and Cameo, and was a litter brother of Woodcote Galtee Moore, Maid of Perth and Catalani, all of whom have won many firsts at the largest shows in England. It was Mr. Lawson's son who made the direct purchase, and the elder Lawson did not know of his loss until he called at the Custom house to meet three dogs scheduled to him. Two of minor breed and value were brought out to him, and he was told that the other had died.

THE U.S. REPUBLICANS.

Presidential Nominating Convention Meets in Philadelphia To-day—Only One Choice for Leader.

Philadelphia, June 19.—To-day, on the 44th anniversary of the first Republican convention, the National Republican Convention will meet in the great Exposition building. There are thousands of warriors here, but only one choice for leader—McKinley. Gov. Roosevelt is the favorite for Vice President, but he and the managers had apparently killed the boom last night. His statement asking his friends not to consider him a candidate is looked upon as a triumph for Hanna's threats.

SUBSTITUTION IS THE FRAUD OF THE DAY.

Home Druggists Will Not Try to Substitute Anything for Dr. Pitcher's Backache Kidney Tablets Because They Know About the Local Testimony of People in Belleville Cured by the Medicine.

We interviewed Mrs. Spary Virdette, living on John St., Belleville, in regard to Dr. Pitcher's Backache Kidney Tablets that Mr. Alexander Ray, the druggist, is selling. We were anxious to ascertain if they had proved satisfactory. Mrs. Virdette says—"I got those tablets more for my husband than for myself though I took a few doses. They did him more good than any medicine he has yet taken. He was suffering from lumbago. His back was at times so lame that he was unable to do anything, but those tablets have removed it. He found them quite beneficial as regards those dull pains in the head and back of the neck. Quite a number of our neighbors have used Pitcher's Tablets and they all have found them most satisfactory. I could perceive a difference in the kidney secretions from the few I took. Dr. Pitcher's Backache Kidney Tablets are the best medicine that we have used in our house for bad backs."

Benjamin Knapp, Moira St., Belleville, says—"Dr. Pitcher's Backache Kidney Tablets are the very thing for lameness in the back, and as to regulating and strengthening the kidneys both my wife and I can vouch for their merits. I found them to remove that inclination to urinate frequently, and they rendered the kidney secretions normal. Ever since I was partially paralysed my kidneys troubled me and I have had nothing to equal the tablets in invigorating the renal organs. I read of their many cures and went to Alex. Ray, the druggist, and procured them. Now I want to have others know what a reliable remedy they are."

If you have the slightest symptom of kidney or bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage, to the Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists will be mailed free of postage on receipt of price.

TALK OF BOTHA'S SURRENDER

Boer General Asked for Six Days to Considered It.

Then He Decided That He Would Resume Hostilities—Burghers Are Returning to Middleburg and Are Burning the Veldt Behind Them—Boers Have Abundant Arms and Ammunition and Will Fight Still.

London, June 19.—(3 a.m.)—Lord Roberts, according to a Boer despatch from Machadodorp, sent a message to Commandant-General Botha on June 13, suggesting disarmament, and complimenting the bravery of the burghers. It was pointed out that the surrender would be without dishonor to the burghers and would prevent much suffering. Gen. Botha asked for a six days' armistice in order to confer and consider. Lord Roberts consented to five days. Finally Gen. Botha declined to accept the proposition, and hostilities were renewed.

The Boer commandoes are retiring on Middleburg, followed by the British cavalry and artillery, occasional shells reaching the rear guard. The Boers are destroying the bridges and burning the veldt behind them, carrying off provisions and cattle and leaving the country barren.

Advices from Machadodorp says that the Boers have an abundance of arms and ammunition, with dynamite and oxen, and that they are preparing heavy wagon trains for a retreat to the Lydenburg district, where the chiefs, notwithstanding rumors to the contrary, are determined to make a stand.

The Boers continue to work the Barberton mines, says a despatch from Lorenzo Marquez, and there are eight carloads of bar gold, valued at £5,000,000, with President Kruger.

What Steyn Says.

Mr. Steyn, in his proclamation declaring the Free Sytate still free and independent, says the fact that the army is yet in the field renders Lord Roberts' annexation contrary to international law.

In a despatch to the War Office from Pretoria, dated yesterday, Lord Roberts says that Gen. Baden-Powell has just arrived there.

Kruger Will Not Surrender.

The Lorenzo Marquez correspondent of The Times, under yesterday's date, says: "Judge Van Leewch, who left Pretoria with a permit from the military government, is understood to have been the bearer of a verbal message from the British authorities to President Kruger, to the effect that, if he would surrender now, he would not be sent out of the country. Van Leewen was unable to see Mr. Kruger, but when passing through Machadodorp he told State Secretary Reitz. The latter scouted the idea of surrender. Mr. R. J. H. Fortuin, head of the Transvaal secret service, is taking to Euraipe very important secret documents."

A Charge Against Lansdowne.

London, June 19.—Mr. Charles Williams, the military expert of The Morning Leader, accuses the Marquis of Lansdowne, Secretary of State for War, of having cut of Sir Redver's Buller's despatches on the Spion Kop disaster the criticisms of Gen. Buller upon himself, and of having left in Lord Roberts' despatche remarks almost identical with General Buller's. He also asserts that the reasons for not removing Sir Charles Warren were cut out, together with much other matter, the mutilating of the despatches showing personal animus.

The New Cape Cabinet.

Cape Town, June 19.—The new Cabinet has been officially announced. Sir J. Gordon Sprigg is Premier and Treasurer; J. J. Graham is Colonel Secretary; Mr. Rose Innes, Attorney-General; Smartt, Department of Public Works; Sir Peter Faure, Agriculture, and Frost, without portfolio.

Reitz Family Sail for Europe.

Lorenzo Marquez, June 19.—Mrs. Reitz, wife of the Transvaal State Secretary, sailed for Europe yesterday, accompanied by her family.

Kruger in Feeble Condition.

London, June 19.—A despatch from Cape Town says it is reported there that President Kruger is in a feeble condition.

Canadians at Mafeking Relief.

London, June 19.—The Daily Telegraph's correspondent furnishes to his paper a graphic description of the relief of Mafeking, in the course of which he says: "The Canadians and the infantry on the left had a tougher job and more protracted, but not an inch did they budge, except to move forward."

WAR OFFICE TERMS.

What Is Meant in Casualty List by "Slight," "Severe," and "Dangerous."

Ottawa, June 19.—The Militia Department has received a notice issued by the War Office relative to casualties in South Africa. It states that the following terms, when applied to wounds, may be taken as conveying the signification defined.

SLIGHT—A wound likely to heal rapidly, not impairing the use of a limb or organ, and not even entailing admission into hospital.

SEVERE—A wound requiring careful treatment in hospital, but not necessarily dangerous—often involving fractures of bone and sometimes even the permanent impairment of a limb.

DANGEROUS—A wound such as might occur from the penetration of the head, chest, abdomen or any vital organ. In many cases, however, soldiers reported dangerously wounded have completely recovered, and the percentage of deaths from wounds of all sorts among those admitted to hospital has during the present campaign only reached 5 per cent. of the total wounded.

Wilson Gets Seven Years.

Toronto, June 19.—George McClive Wilson, the ex-paying teller of the Merchants' Bank, will spend the next seven years in Kingston Penitentiary. He was sentenced by Deputy Magistrate Kingsford yesterday to three years each on the two charges of embezzling $2,000, to which he pleaded guilty, the terms to run concurrently. On the charge of stealing the $10,000 package, he was convicted, and sentenced to four years' imprisonment, the term to commence at the expiration of the other sentences.

Fox Bay Settlers at Dauphin.

Winnipeg, June 19.—The Fox Bay settlers have gone to their future home at Dauphin.

Charles Minnack, an employe at Ogilvie's mill, while attending to his duties yesterday, was caught by cable rope used for drawing cars. Both legs broken. He came from Eastern Canada.

SPENT A FORTUNE.

"Yes, I am completely cured," said Mr. Jas. Davison, of Oconto, Ont., in reply to a question, "and I have to thank Dr. Hall's Rheumatic Cure for my relief. I suffered from sciatica in the joint of my left hip for ten years. For six years of that time I was a helpless invalid, unable to move about. I was reduced in flesh, and unable to partake of food. I spent every dollar I had in seeking relief, but without obtaining it. I passed through the hands of three Kingston doctors, and each pronounced my case incurable. I took everything people recommended, but without experiencing any benefit. Before I had used half a bottle of Dr. Hall's Rheumatic Cure I obtained relief, the first in ten years. In all I took the contents of six bottles, and I am as well and sound to-day as ever I was, except for my short leg which the rheumatism caused.

Mr. Jas. Davison.

"Previously I could scarcely walk half a dozen steps, and arose and sat down only with great difficulty and pain. When I first began to take the medicine I weighed only 145 pounds. Now I weigh 167 pounds, and am daily gaining weight. I cannot say too much for the medicine, but I ask God's blessing for the maker on account of the good it has done me."

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

WOMAN'S PLUCK WINS

A Lady Who Cured Her Husband of the Liquor Habit Writes a Pathetic Letter.

She writes: "I had for a long time been thinking of trying the Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another lot to have on hand if he should relapse, as he had done from his promises before. He never has, and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

A pamphlet in plain, sealed envelope sent free, giving testimonials and full information, with directions how to take or administer Samaria Prescription. Correspondence considered sacredly confidential. Address The Samaria Remedy Co., 23 Jordan street, Toronto, Ont.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

A Man Made Happy.—Gentlemen.—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

CHINA HAS DECLARED WAR.

Imperial Forts at Taku Opened Fire on the Foreign Fleet.

International Fleet Captures the Forts After a Combined Attack — Chinese Fire Was Unexpected — The Casualties Were: Killed, British, 1; German, 3, Russia, 16; and French, 1; Fifty-Two Wounded – Forts Are Now Occupied.

London, June 19.—(3.30 a.m.) — China declared war against the world when the Taku forts opened fire on the International fleet. The accounts of what took place are still unsatisfactory, the best semi-official information being the despatch received at Berlin from Che Foo as follows:

Berlin, June 18.—(Later.)—A semi-official despatch from Che Foo announced that the Taku forts had been captured after a combined attack by the foreign warships. Three men on the German warship Iltis were killed and seven were wounded.

The despatch added that the foreign settlements at Tien Tsin were being fired. When the despatch left nothing had been heard from the German detachment sent to Pekin or from the German Legation there.

Story From Che Foo.

An Associated Press despatch from Che Foo, dated yesterday, says:

"The forts on both sides of the Taku are now occupied. The Chinese opened fire unexpectedly.

The Casualties.

"The casualties to the mixed forces were as follows: Killed—British 1, German 3, Russian 16 and French 1. Wounded—British 4, German 7, Russian 45 and French 1.

"The Chinese torpedo boats were seized."

Orders From Pekin to Fire.

The Shanghai correspondent of The Daily Mail, telegraphing yesterday says:

"The Taku forts began firing in obedience to orders from Pekin, conveyed in a personal edict of the Empress Dowager, by advice of Kang Yi, President of the Ministry of War. Several warships were struck by shells from the 12-inch guns of the forts.

Heavy Russian Losses.

"The heavy Russian losses were due to the blowing up of the magazine at Nandshur.

"Four hundred Chinese are reported to have been killed. The Chinese, when retreating, fell into the hands of the Russian land force."

Details of Taku Fight.

The Shanghai correspondent of The Times, under yesterday's date gives the following description, said to be taken from official sources, of the action at Taku:

"On the afternoon of June 16, in view of the large bodies of Chinese troops assembling at the forts, and of the facts that the torpedoes had been laid in the river, and that all communications were interrupted, the naval commanders held a council and decided to send an ultimatum calling for the disbandment of the troops, and announcing that, if this demand were not complied with before 2 a. m., of the following day the united squadron would destroy the forts.

The Forts Opened Fire.

"Shortly after midnight the forts opened fire. The British, French, German, Russian and Japanese warships replied. Two of the forts were blown up, and the rest were carried by assault.

"Two British, one American and five Chinese warships are in Che Foo harbor."

The morning papers consider that a state of war practically exists, and that the issue is between Western and Eastern civilization. The Times says that the latest news indefinitely increases a situation already sufficiently serious.

TAKU FORTS TAKEN.

They Fired on the Foreign Warships, but Soon Had to Surrender.

Berlin, June 18.—(1.30 p.m.)—The German Consul at Che Foo cables that an engagement is proceeding at Taku between the Chinese forts and the foreign warships.

Taku Forts Occupied.

London, June 19.—A despatch from Che Foo, under yesterday's date, says: "The forces of the combined fleets occupied the Taku north forts yesterday after exploding a magazine. The British gunboat Algerine was damaged and two of her officers and four men were wounded. Japan and Russia are reported to be landing a large force of troops. All is quiet here."

Taku Forts Fired and Surrendered.

Washington, June 19. — The Navy Department has been informed by Admiral Kempff that the Taku forts yesterday fired on the foreign ships, and, after a brief engagement, surrendered.

Communication Re-Established.

New York, June 19.—The cable companies yesterday morning issued the following notice: "Telegraphic communication with Taku and Tien Tsin has been re-established, via the Siberian and Helempo route."

CAPTURE OF TAKU FORTS.

First News Received by Lord Salisbury From American Sources.

London, June 19.—The despatch from Admiral Kempff, dated Washington, containing the American Admiral's report of the engagement at Taku, was the first news Lord Salisbury received of the capture of the Taku forts. The British Government had been aware that an engagement was proceeding, but it had been ignorant of the result, and the greatest satisfaction was evinced.

The officials of the Foreign Office say no word had been received from the British Minister at Pekin, Sir Claude M. Macdonald, since June 12, and the Government was ignorant as to whether the legations at the Chinese capital had been captured or not. The admirals on the spot were relied on to overcome all difficulties. Admiral Seymour, the British commander, not being hampered by orders, and any requests which he might make would be promptly met.

There Was a Bombardment.

Berlin, June 19.—The German Consul at Che Foo telegraphs that a Japanese torpedo boat from Taku has brought the following:

"The Chinese laid torpedoes in the Taku River, and collected troops from Shan Hei Kwan. The foreign commanders assembled on the Russian flagship and addressed an ultimatum to the commanders of the Taku forts, summoning them to withdraw their troops before 2 o'clock, June 17. At 1 a. m., June 17, the guns of the forts opened fire, to which the Russian, British, French and Japanese war ships replied. The bombardment lasted seven hours. Two British ships in the river between the forts are reported to have been sunk. The telegraph line and railroad between Tien Tsin and Taku were destroyed. Communication by water is also threatened."

THE NEWS CORROBORATED.

Forts at the Mouth of the Pei Ho River Have Surrendered.

Washington, June 19.—The actual news of the Chinese situation was received by the Navy Department in two cablegrams, the contents of which are made known as follows.

"The department has received a cablegram from Admiral Remey at Cavite, dated June 18, that informs the department that Commander Taussig cables that the Taku forts at the mouth of the Pei Ho River fired on the foreign gun vessels, and surrendered to the allied forces on the morning of the 17th. The department has instructed Admiral Kempff to concur with the other powers in taking all steps necessary to protect all American interests.

"A despatch from Taussig, dated Che Foo, June 17, says that the Taku forts fired on foreign vessels at 12.45 in the morning, and reports that the British Admiral is at Tien Tsin."

Couldn't Reach Pekin.

London, June 19.—The Admiralty Office has received the following official despatch from Che Foo, under yesterday's date: "The Japanese man-of-war Teyahasi has just arrived from Taku. She reports that the Commander-in-Chief and troops are back at Tien Tsin."

Yamagata Remains in Office.

Yokohama, June 19.—The Marquis of Yamagata, the Premier, at the request of the emperor, consents to remain in office, in view of the Chinese situation.

Japan Sends 2,000 Troops.

London, June 19.—The Yokohama correspondent of The Times says: "Japan is sending 2,000 troops to China. At the audience granted to the Japanese representative at Seoul, the Corean Emperor expressed regret for the torture and execution of the two refugees, which, occurred without the Imperial knowledge. His Majesty promised that the judicial officials involved should be punished. The incident is thus closed."

Bengal Infantry Under Orders.

Simla, June 19.—In consequence of the gravity of the Chinese situation, the 7th Bengal Infantry has been ordered to proceed to Hong Kong.

Russia Demands Indemnity.

London, June 19.—A despatch from Shanghai says Russia has demanded 50,000,000 taels indemnity for the damage done to the Chinese railroads in which Russians are interested.

Mr. Brodick Explains in the House.

London, June 19.—In the House of Commons, Mr. Broderick yesterday for the Government amplified the admiralty's news from Che Foo. He said the Japanese warships reported that the Chinese forts opened fire on the gunboats at the mouth of the river on Sunday, 12.30 a.m., that the ships then engaged the forts, and that the engagement was proceeding when the Japanese ships left at 5.30 a.m. on that day. Detachments from all the foreign warships were landed Saturday to protect Taku. There was one Chinese warship at Taku which remained passive.

Mr. Broderick added that British, Russian, Japanese and French reinforcements were due to arrive about Thursday. Mr. Broderick said he had heard that the telegraph line from Taku to Tien Tsin had been restored.

Only at Senders' Risk.

New York, June 19. — The Anglo-American Telegraph Company has sent out a notice saying: "Telegrams for Tien Tsin and places beyond in China are only accepted at sender's risk."

Mr. Irwin Lost Heavily.

Lucknow, Ont., June 19.—The barn of James Irwin, lot 4, concession 2, Kinloss, was destroyed by fire on Sunday afternoon. He also lost in the fire all his farming implements, two buggies and two sets of harness.

EMERGENCY RATIONS SCANDAL.

Initial Meeting of the Committee—Mr. Belcourt, Chairman.

Ottawa, June 19. — The Emergency Rations Scandal Committee met yesterday afternoon at 2.25 o'clock. Present: Dr. Russell, Hon. John Costigan, Mr. Belcourt, Mr. Monk and Hon. T. C. Casgrain. Absent: E. F. Clarke and Dr. Britton. Mr. Belcourt was elected chairman.

The committee decided to meet in the morning at 10 o'clock, even if the House sits on Wednesday morning. The following witnesses will be asked to attend and bring papers and documents with them: The Auditor-General, Lt.-Col. Pineault, Deputy-Minister of Militia, and Dr. MacFarlane, Analyst of the Inland Revenue Department. These will give evidence this morning.

Before the committe adjourned Hon. John Costigan said that he had to go away to-day and would not be back for a week. He had requested Sir Wilfrid to give him leave of absence.

In the House yesterday afternoon Sir Wilfrid Laurier withdrew Mr. Costigan's name from the committee and appointed Archie Campbell, M.P., instead.

A $5,000,000 CLAIM.

An Important Suit to be Brought in the Exchequer Court.

Ottawa, June 19.—An important suit will shortly be brought to trial in the Exchequer Court. It is one against the Government for about $5,000,000. It consists of a petition of right filed by two steamboat and railway companies, the Hon. David McInnes, Osler & Hammond of Toronto, and Hon. W. Pugsley of St. John, N.B., against the Queen. The Government granted the Qu'Appele, Long Lake and Saskatchewan Railroad and Steamboat Company 6,400 acres per mile, fairly fit for settlement. The supplicants allege that in 1896 there was a shortage of 773,894 acres, and they claim compensation with interest on the amount, reckoning that land is worth $5 an acre in the N.W.T., and adding interest since 1890, the amount alleged to be due by the Government is $5,000,000.

WANT TO DISMISS M'INNES.

B.C. Opposition Members Unanimously Adopted Such a Resolution.

Vancouver, B.C., June 19. — The meeting of the Opposition yesterday afternoon adopted unanimously a resolution calling upon the Dominion Government to ask for the resignation of Lieutenant-Governor McInnes. Messrs. Dunsmuir, Turner and Eberts retired from the meeting before the resolution was put, but the members would not have it, and Mr. Pooley, after much persuasion, got them back into the hall, and the motion was then made unanimous.

Mr. Tatlow of Vancouver moved the resolution, seconded by Mr. Pooley of Esquimalt, strongly supporting it. None of the supporters of the late Government were present. Smith-Curtis said yesterday that Martin and his followers will make it hot for the new Government when the House meets.

Penalty of Asking Higher Wages.

Ottawa, June 19.—Some 25 men employed by the Ottawa Electric Company as linemen and trimmers are out of a job to-day. A few weeks ago the men wrote the company asking a raise in wages and a nine-hour day. The company replied on Saturday by laying off about 45. The linemen have, heretofore, been paid at the rate of $1.60 per day, and the ground men $1.25. They made a demand for a uniform increase to $2, which the company refuses to grant. A final answer to that effect was given the men yesterday. About 20 men were re-engaged to return to work. The rest were refused work, and are out of a job in consequence. The lockout is thought to be a harsh measure.

The Murray Hill Disaster.

Toronto, June 19.—For the death of his parents in the Murray Hill disaster Fred Kern, a 16-year-old Russian, secured a verdict of $1,000 against the Grand Trunk Railway yesterday. Mr. Justice Ferguson, who tried the case, was asked to allow $220.60 legal expenses incurred by the plaintiff, but His Lordship deferred action, saying that if he had known of their existence at the trial he would have allowed them, too.

WITH RICH RED BLOOD.
Throbbing Through the Arteries Weakness and Disease are Impossible —Dr. Chase's Nerve Food Makes the Blood Pure, Rich and Healthy
Not a single day passes but we are reminded of the value of keeping the body supplied with an abundance of rich, red life-sustaining blood.
Heart failure, brain troubles and nerve paralysis can only exist when the blood is in a thin, watery condition.
Deadly pneumonia and consumption cannot find a beginning in the healthy body, which is supplied with plenty of pure blood to rebuild and reconstruct the tissues wasted by disease.
To guard against disease, to prolong life, to insure health, strength and vigor to every organ you cannot possibly find a means so effective as Dr. Chase's Nerve Food, the blood builder and nerve restorative.
Dr. Chase's Nerve Food is composed of the very elements of nature which go to form new, rich, red blood, and this accounts for its phenomenal success as a system builder. It is as certain as the laws of nature, because it gets away down at the foundation of disease and cures by making the blood pure and rich.
Mrs. J. M. Bradley, 100 Jane street, Ottawa, states: "For several years I have been gradually running down in health. I became nervous and weak, and worried greatly over my future. Hearing of Dr. Chase's Nerve Food and the wonderful results it has accomplished in others, I obtained a box and began using it as directed. I began to improve immediately, and am now restored to full health and vigor.
"Dr. Chase's Nerve Food is an excellent remedy, and I can recommend it to all who are weak, nervous, or run down in health."
To allow the blood to get weak, watery and vitiated is to prepare the way for pneumonia, consumption, kidney disease or other dreadfully fatal complications. Dr. Chase's Nerve Food prevents and cures disease by creating an abundance of rich blood and nerve force in the system. In pill form, 50c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.
Dr. Chase's Kidney-Liver Pills have an enormous sale in all parts of Canada and the United States.

Lakefield's Queen's Hotel Burned.

Lakefield, Ont., June 19. — The Queen's Hotel here, occupied by R. J. Munro, with contents, was totally destroyed by fire about 1 o'clock yesterday morning. George Garlick, clerk, was cut off by the flames, and had to be taken from the upper story by a ladder. Most of the guests lost some clothing.

The Indian Famine.

London, June 19.— The following despatch has been received from the Viceroy of India: "The week's famine reports show a state of general expectancy, pending the advance of the monsoon, which has not yet appeared. Rail has fallen in Burmah."

C. P. R. Earnings.

Montreal, June 19.—The C.P.R. earnings for the traffic week ending June 14 were $575,000. For the same week last year the total was $530,000, showing an increase this year of $45,000.

A Sessional Clerk Dead.

Ottawa, June 19.—Mr. W. Owens, one of the sessional clerks of the House of Commons, and formerly a member of the press gallery for The Charlottetown (P.E.I.) Examiner, died of heart disease yesterday, after a few days' illness.

We commend to our readers, especially the ladies, a careful perusal of Col. Ponton's letter in another column. As might be expected, he comes straight to the point and makes a frontal attack on the evils which he deplores.

• • •

Of course Col. Ponton's suggestions in regard to a Rifle Club are forceful and pertinent. No one, unless he has already served with the regiment, or can plead a good excuse, from so doing, should be allowed the free use of Governmnt ammunition and arms. But we believe that people whose business cares prevent them from joining the Regiment should take advantage of the Government's offer and prepare themselves for eventualities.

• • •

And what of the Colonel's rather severe indictment of our young men? Are they of the skim-milk variety? Verily, it would appear that the cap fits some of 'em. The good, old-fashioned ideas which prevailed among their forefathers don't seem to have descended to their sons, which is certainly a pity in more ways than one, for leaving loyalty and their duty to their country out of the question, the facts remains that a military education goes a long way towards making a man self-reliant and strong, better equipped, mentally and physically, for the battle of life.

• • •

Brace up, young men, and have some style about you. You are proud of your country, proud of the gallant deeds of your countrymen in South Africa. Take a pride in the corps which bears your city's name; don the uniform and be a Soldier of the Queen, and you'll be all the better for it in years to come.

"Terrible times in China," said one citizen to another last night, "I tell you that, after all, we in Canada have much to be thankful for, even if we do growl occasionally." "Why," said the other, "I don't see that we have much to growl about." "Don't you?" was the reply, "well, I think that the fact of the country being run by a couple of French traitors like Laurier and Tarte is enough to make anybody growl. I tell you, this must be a great country when it can bear up under a load like that."

• • •

Hon. Mr. Tarte is unique in more ways than one. Besides being the biggest spendthrift ever seen in public life in Canada, he is a self-confessed liar. To cap the climax of his career, the Premier of Canada has been advised by an English Government newspaper to recall the man who, after taking the oath of allegiance to Her Majesty, publicly boasts that he and his compatriots are only loyal from self-interest. An unique figure is Hon. Jisrael Tarte, but he is the Master of the Administration, just the same. He has the Grit party at his back and call, and he will drag them down with him.

• • •

Tarte leaves France for Canada to-day. Who will dare sing "God Save the Queen" in the House when he gets back? The Grits who have been talking of loyalty are tr-r-r-rembling in their boots.

Rifle Clubs and Regiments.

To the Editor of The Intelligencer;

Sir,—I note your remarks regarding the proposed organization of a "Rifle Club" for Belleville—the rifle to be used being presumably the "Lee Enfield" with which the militia force of Canada is armed. So long as no young man who could (and should) belong to the best of all rifle clubs—the regiment, is permitted to enter the rifle club, the proposal must have the approval of all, and any such club that is organized can rely upon the services of the officers of the Fifteenth as instructors, upon the use of our rifle ranges, and upon the care of arms by our caretaker. But it would be manifestly catering to the selfish lassitude of the young Belleville man of to-day, if he were permitted to fire Government ammunition free and use the club privileges, and yet be too lazy or too feeble to drill in the Queen's uniform.

Shooting in the regiment is one of the few rewards for good work; so that shooting in the rifle clubs should be confined to those, who in the past have served in the militia, and to those who either through age or pressing business urgency, cannot possibly perform the annual drill in the evenings during the drill season of two months in the year.

We talk about our grand young men of Canada, and on celebration days we hear them talk, but what a small percentage of them have spirit or energy or mind enough to actually serve their country (as their fathers did) by qualifying themselves as soldiers, by preparing themselves for national eventualities, by assuming their share of the burden and privileges of empire.

With what cheers these skim-milk young men, who weekly watch our parades on the Hospital lot (who have no business cares and no possible excuse or reason for not serving) will greet our absent comrades on their return from South Africa. Their cheers would have more sincerity and savour less of carbonic acid gas if they would fill the various regiments to which our absent boys belong— and round which their soldier thoughts of home are centering—I know that many have served, many cannot serve on account of domestic or business exigencies; I do not refer to them; but to the hundreds who are mere dough, whom no enthusiasm can inspire, whom no sense of duty or pride can penetrate.

There is more spirit and go and work in 100 old veterans than in 500 of the average young men of the present day, who stop and stand and say, "What is there in it for us?" "See the poor fellows drill," "Watch the recruities, don't cher know."

Men and women of Belleville, the time may come when your hearths and homes may need defenders, when you will regret that in these days of peace and yet of danger, when the Queen has need of every one of her loyal subjects, you did not discriminate (and make your discrimination felt) between the willing spirit of the serving soldier sons of Canada, and the laggard spirit of those, who never having served, profess a fine scorn of military work and appear to consider their sensibilities too acute to submit to discipline, or their limbs too undeveloped to fill a British uniform.

The ladies of this city (or any city) could without solicitation fill the ranks of any volunteer regiment by leavening the unleavened material, by galvanizing into action the men who see nothing unmanly in being simply "hangers on," by making all feel that they appreciate sacrifices and sincerity, and by calling on all young men who seek their smiles to first show by their actions that the days of chivalry and practical patriotism are not yet dead in our midst. To enable you to do this, by special request the time for recruiting in our own city corps (which is simply one unit of our Canadian army) will be extended to Wednesday night, when it is hoped that the captains of companies will be proud to greet a large accession to their ranks from the splendid material yet available in our city, who may have thoughtlessly overlooked their duty.

ONTARIO DEAF MUTES ASSOCIATION.

Eloquent Addresses by Messrs. Nasmith and Denys—The Proceedings Full of Interest.

At the close of Mayor Johnson's address on Sunday evening Mr. Nasmith, of Toronto, briefly addressed the meeting. Mr. Nasmith is a gentleman whom the deaf delight to honor, for though not deaf himself, yet for very many years he has evinced the warmest interest in the deaf, and both himself and his wife have given freely not only of their time and talent, but of their means to promote both their physical and spiritual welfare; and he is always a welcome guest at the conventions. He expressed the great pleasure it was for him to meet so many old friends again and also some new ones. They had witnessed many changes in their circumstances and conditions since they last met together, but he wished to direct them to one Friend who never changes—the great God, who has created all things. He has given us our bodies and he bids us call him our Father. He has taught us how much He loves us by giving us His Son to die for us. From a contemplation of His work we learn only of the power of God, which inspires only fear, but from the gift of His Son we learn to love and to know Him. They all had learned many valuable lessons in the Institution, but better than all other knowledge is that of the love of God towards us. He hoped all of them would be sincere in their devotion to God. Some people tried to face in one direction and go in another, but this was impossible to do for any length of time. People always face in the direction in which they are going, and when we see men professing to be facing towards God but going in the opposite direction we know he is not true. We should always walk in the way of the Lord, to serve Him at all times, to give heed to His commands and then to press forward to the mark of our high calling.

Mr. Denyes spoke briefly as follows: The Roman matron with her boy jewels never was more proud than is Mr. Mathison when surrounded by his large family. The Banner Province does not do things by halves. It was gracious on her part to say to her deaf that their Alma Mater would again be open to them this year that they may revive the pleasing memories of the past, take counsel of one another, and in common accord, drink of new hopes, new inspirations. Belleville, of course, is the capital of the Canadian mute world. It is here that the young sapling is tended and reared and prepared for the spreading groves of useful manhood and citizenship. Apart from that our maple-crowned bay shore is the place to take oxygen into the lungs, whilst the smiling plat of green and flowers which unfolds to gaze as we enter the Institute grounds is a delight in itself. And once within the walls of the great building I must allow the welcome to speak for itself. This I know, that both Principal and Matron have long been discussing how they could make you comfortable and happy, and if you do not feel at home I should say it is your own fault. I am sure, however, you will all derive pleasure and profit from your short stay with us. All men have shortcomings, so, no doubt, we have ours. Yet I am satisfied you have long since found out that the teachers and officers of this institution are among your best and truest friends. We did not spare ourselves when your interests were at stake. We may have had to administer unpalatable medicine at times, but all to one purpose--your ultimate good. That we have succeeded in forming so large a family of nice, bright, intelligent, prosperous, happy young men and young women is proof enough of the efficacy of our methods and of the zeal and devotion of all concerned in the task. You have met here to-day for purposes of sociability and usefulness. Co-operation is the lever of success. Much, indeed, can be done at these gatherings to enhance the enjoyment of life by advising with one another and linking your minds generally with the world of progress outside. Antaeus, in the fable, renewed his strength by simple contact with mother earth. What should not then be the benefit to us of a few days communing in good fellowship and inquiry and earnest endeavors. Exploit, therefore, this opportunity, not resting content to amble along the level road, but aiming at something better and higher than has yet been accomplished. Continued life calls for continued advance, and he must fall back who progresses not. You remember the old cynic of Greece, looking for a man with his lantern in the broad daylight. This leads us to suppose that whilst indifferent individuals may have been plentiful, true men were not. Honesty, straightforwardness, morality, honor, truth industry, sobriety are common terms — more common perhaps in the breach than the observance, yet they are the materials of which manly men are built. Industry is a great power, so many excellent qualities cluster around it. He that will not work, said St. Paul, neither shall he eat. Some seem to dread labor, forgetting that

A want of occupation is not rest,
A mind quite vacant is a mind distressed.

And whilst trying to raise ourselves in the scale of manhood, which it is our duty to do. I am sure we will not forget that the greatest wisdom is to be "wise unto salvation." I shall simply add that in your trials as in your triumphs, we are cordially with you. Handicapped in the race, the success you have so far achieved compels admiration. That still greater results may crown your endeavors is our wish and prayer.

Monday's Session.

Monday morning's session was opened with prayer by Prof. Coleman, after which Prof. Denyes was called upon and was received with hearty applause.

At the close of his address Miss Annie Blackburn signed with touching grace and pathos "Whisper softly, Mother's Dying." and the meeting then adjourned.

The afternoon was devoted to games and sports of various kinds. The first event was a twenty mile bicycle race to a point near Trenton and return, and was won by Noah Labelle, of Toronto, handicapped by 2 minutes, in the remarkably good time of 58 min., 25 sec; A. S. Waggoner, Hamilton, was second in 1 hr., 1 min., and W. O'Rourke, Toronto, came third in 1 hr., 6 min. and 35 sec.

Three-Legged race—1st Black and Leguille, 2nd Watt and McPherson.

Mile race—1st Leguille, 2nd O'Rourke.

Throwing shot—1st Mr. Murphy, 2nd J. Mackenzie.

Running, hop step and jump — 1st Lett, 40 ft 3 in., 2nd Labelle 37 ft. 4 in.

Running long jump—1st Labelle, 15 ft. 5 in., 2nd Carr 13 ft. 10 in.

Throwing ball—1st Geo. Reeves.

After the games all assembled on the lawn and were photographed by Mr. Clarke, of Belleville.

The evening was devoted to a pantomine entertainment, which was very amusing and enjoyable, and which, moreover, was devised to teach some excellent practical lessons. Misses Munro, O'Neil, Elliott and Irvine opened the proceedings by signing very beautifully the National Anthem, with Mrs. Moore as Queen. A pantomine "A Love Story," was then given by Misses Blackburn, Allendorp, and Messrs. Nurse, Lougheed and Madden. Miss Annie Blackburn then recited again in her graceful and touching manner "Whisper Softly, Mother's Dying."

A very amusing and suggestive pantomine representing "Industry and Sloth" was then given by Messrs. Nurse, Madden Charbonneau, Lougheed and McKillop.

WORLD'S CHAMPION HEALER.

THE SHIBLEYS LOOKING FOR INVESTMENT.

Mr. Corby Takes Party to View the Trenton Electric Works and Power.

Mr. John A. Shibley and brother, the gentlemen who are looking for investment for United States capital in and about Belleville, were, through the generosity of Mr. Henry Corby, M.P., given a most delightful sail up the bay to Trenton yesterday afternoon, where the entire Trenton Electric Light and Power Company's plant was inspected.

At Trenton the party on the "Skylark" were met by Mayor Morrison, and Mr. Robert Weddell; they were provided with carriages and driven to the foot of the mountain, from the summit of which a most magnificent view of the bay and town is obtained. Then the unlimited power of the Trenton Electric Company was shown and indeed it is a grand one, sufficient to supply all necessary light or power required either in Trenton or Belleville. The Messrs. Shibley were much pleased with what they saw, but were quite non-committal as to what they would do, or when it would be done. A hearty vote of thanks was tendered Mr. Corby for the use of his yacht and his kindness.

Those who accompanied the Messrs. Shibley were His Worship Mayor Johnson, Ald. Chown, Doyle, Starling, McFee, Panter, Clarke and Harris, Col. S. S. Lazier, U. E. Thompson, George Wallbridge, J. G. LONG LIVE THE "KING."

The Thousand Island trips of the people's favorite steamer "North King," will commence on Sunday, 17th June, leaving Belleville at 3.30 a.m. This palatial steamer is allowed by the travelling public to be the best and most modern appointed of her class, plying the inland waters, and has earned a well merited reputation for speed, safety and seaworthiness excelled by none. Bellevillians and their friends will therefore be pleased to learn that it is the intention of the owners of this steamer to have her perform a tri-weekly service between Rochester, N.Y., Belleville and Thousand Islands, calling at Kingston and Gananoque, commencing 24th June, leaving here for Thousand Islands on Sundays, Tuesdays and Thursdays at 3.30 a.m., and for Charlotte, N.Y. (port of Rochester) at 11.55 p.m., the same days, arriving at Charlotte at 7 a.m. The excursions of the steamer "North King" will be the only ones covering the entire Thousand Islands group, and giving a close connection at Gananoque for Clayton, N.Y., Alexandria Bay, N.Y. and all Thousand Islands points. Excursionists making the Sunday trip will have the privilege of taking the steamer "Hero" at 11 p.m. Saturday, secure stateroom accommodation, and be transferred to steamer "North King" at 6 a.m. Sunday, thus enjoying a full night's rest. Full information will be furnished by the Rathbun Co., agents, H. H. Gildersleeve, general manager, Kingston. 14-16-19-21-23

A QUIET WEDDING.

C. J. Mapes and Mary Ann Humphrey Married Sunday Evening.

(Durand, Mich., Times.)

Sunday evening at Bancroft occurred the marriage of C. J. Mapes to Miss Mary Ann Humphrey. The ceremony was performed at the New Phillips Hotel, Rev. Daines officiating. The wedding was a surprise to Durand friends. The couple drove from here to Bancroft Sunday evening.

The groom is one of our prominent business men, being a member of the firm of Mapes & Frost. The bride has resided in Durand for several months. Her home is in Belleville, Can. Congratulations are extended the couple.

C. J. Mapes sent the cigars up to the City Band as it was practicing Monday evening. In return the band turned out and serenaded Mr. Mapes and his bride.

THE BOUNDARY LINE

Between comfort and discomfort is often very slight. Have you rheumatism or neuralgia? or are you a sufferer from obscure nervous pains? Why suffer longer? You can purchase for 10 cents a bottle of that king of pain—Polson's Nerviline—or you can get a large bottle for 25 cents. It cures promptly. It is sure, pleasant to take, and never fails to cure all kinds of pain. Don't wait an hour but send to any drug store and get a trial bottle. Nerviline, the sure pain cure.

Latest War News

London, June 20.—The War Office has received the following despatch from Lord Roberts:—"Pretoria, June 20—Hunter's advance column occupied Krugersdorp without opposition June 18. Methuen, who was escorting a large convoy to Heilbron, yesterday routed a force under Christian De Wet, who endeavored to prevent him from entering the little town. Methuen had only three casualties.

"Baden-Powell left this city to-day on his return to Rustenburg. The country is quieting down in that direction.

"This satisfactory state of affairs will be materially assisted by the capture between here and Rustenburg, June 19, of two guns by Hutton's Mounted Infantry from a body of the enemy under Commandant Duplessis.

"Railway and telegraph communications with Cape Town is now completely restored.

"All is quiet here and at Johannesburg. The shops are open and the market is daily growing more crowded and business-like."

London, June 20. — Gen. Kitchener had a narrow escape from being captured by the Boers. He was sleeping under canvas at Kopjes Station when the Boers, under Gen. De Wet, suddenly opened a rifle fire at 3 a. m. Kitchener managed to reach his horse and galloped to Rhenoster, two miles distant. The Boers numbered nine hundred men, with three guns. They burned the culvert, which had just been rebuilt, and derailed the train.

THE CHINESE MIX-UP.

London, June 20—Shanghai reports, originating from Chinese sources, and credited by the local foreign officials, state that the legations at Pekin were safe on Sunday, June 17. Admiral Seymour, with a relieving column, is also reported to have reached Pekin.

New York, June 20.—The Chinese Consul at Havana, according to the Havana correspondent of the World, says that the Empress Dowager of China is responsible for the present trouble. He predicts that a new Government will be set up under the leadership of Li Hung Chang, and hints that he himself is under orders to await telegraphic notification of these changes. He says that everything will be arranged to the satisfaction of the Powers.

London, June 20.—The news from Shanghai to-day is regarded in official circles as distinctly cheering after the grim reports current early this morning. The despatches of the Associated Press, announcing the arrival of the relief expedition commanded by Admiral Seymour, at Pekin, and the safety of the legations, which later was confirmed by a despatch from Shanghai published in the second edition of the London Times, announcing that Seymour's force arrived at the Chinese Capital June 17, presages, it is hoped, a general brightening of the situation. No details have yet been received of the casualties or of the condition of affairs at Pekin, but well informed people express the opinion that the summoning of Li Hung Chang to the Capital foreshadows the early submission of the Dowager Empress to the dictates of the Powers.

An Important Case.

A case of considerable importance and interest was recently tried before His Honor Judge Fraleck and judgment has been given. The case was Murphy vs. Sweeney and His Honor gave judgment awarding the plaintiff judgment for full amount sued on with costs. The action was one on promissory made some 18 years ago, the parties afterwards leaving for the States. Williams and Butler for the plff.; and W. N. Ponton for defendant.

THEY STRUCK IT RICH.

It was a grand thing for this community that such an enterprising firm as J. S. McKeown secured the agency for Dr. King's New Discovery for Consumption, the wonderful remedy that has startled the world by its marvellous cures. The furore of enthusiasm over it has boomed their business, as the demand for it is immense. They give free trial bottles to sufferers, and positively guarantee a cure in Coughs, Colds, Bronchitis, Asthma, Croup, and all Throat and Lung troubles. A trial proves its merit. Price 50c. and $1.00.

LETTER FROM "BILLY" PONTON.

The Tommies' Tall Stories—Celebrating the Relief of Mafeking.

De Aar, 20th May, 1900.

Dear Charlie,—I really ought to begin by apologizing for not having written you long ago, as I really cannot find words to express my gratitude to you for your kindness in sending me a copy of The Intelligencer as regularly as you have. I have missed them, however, the last three weeks, but I presume it is the fault of the Military P.O. authorities, and I might add that if the culprit whose fault it is was near me just now he would get all the light exercise he needs for 1900 in one lunch. We received the news of Mafeking's relief yesterday and every Tommy in the camp and the citizens of De Aar have been celebrating ever since, even the Coon population had a dance and with the aid of the liquid fire called Cape Smoke apparently enjoyed themselves very much as they did not sleep until sunrise this morning. Don't imagine for a moment that I was there, Charlie. I just hear these things from some of the boys. As you are no doubt aware our brigade (like many another) has been entirely broken up and distrbuted all over the country since our return from Van Wyck's Vlie and Kenhardt, where we earned the title of "Rebel Chasers from America," R.C.F.A. (Royal Canadian Field Artillery) it fits the initial letters of our shoulder badges exactly. We had a very hard march through what is acknowledged to be the most desolate part of S. A.—water being very scarce and often unfit to drink when found. Our return trip from Kenhardt could be easily followed by the dead horses along the trail—so you can imagine from that that we had no summer picnic even if we never fired a shot. Lord Kitchener was after the same body of rebels from another direction and I heard that he tapped the telegraph wire below Kenhardt and took off a message from the rebel Commander and answered it saying that reinforcements would soon be with them, etc., etc., and to hold out as long as possible. Unfortunately they got on to the little dodge a few hours afterwards and immediately hit the trail north as hard as they could go. The boys say that Kitchener actually shed tears when he found they had escaped. This yarn, which, no doubt, was evolved by a Tommy with a vivid imagination, will give you some idea of the stories one hears on active service. Every man who has had the good fortune to see an action and come safe out of it immediately supposes that he must or ought to startle the "rookies" with accounts of the terrible war. I don't mean to insinuate that the actions haven't been really terrible, but I do say that the average Tommy's account of one to someone who has not had the pleasure of seeing one is simply beyond all belief. I'll tell you some if I ever get back, but I wouldn't write them for a Transvaal farm. You must not expect any news from me, Charlie, as I really never get any. We are doing nothing and what you hear is generally incorrect. Also were I to write it to you I would be a month late with my "news." I will endeavor to write you again soon, although I expect the order will be "all Colonials to the Cape" before many days.

Thanking you again for your kindness, Charlie, believe me,

Yours, etc.,
"BILLY" PONTON.

P.S.—Remember me to all the boys.

BLUE AND WHITE STRIPE SUITS.

A NEW ENTERPRISE

Joint Stock Company for the Manufacture of Cigars to be Formed in the City.

By reference to an advertisement in another column it will be seen that Mr. Geo. W. Bennett is advertising for sale stock in a joint stock company for the manufacture of cigars, capital stock $5,000, in 1,000 shares of $5 each. The promoter is sanguine that Belleville is a good field for the operation of the company. Shares will be on sale from June 20 to July 15, and may be purchased from the above named gentleman. It is the intention to manufacture first-class goods and they will no doubt deserve and get the support of Belleville people.

H. M. S. "PINAFORE."

Was Successfully Presented for the Second Time Last Night—A Good Audience Present.

The second production of "Pinafore" by the Daisy Lyric Club was even more successful than the first, the performance being marked by a smoothness which was lacking on Monday night. The principals, too, spoke out more loudly and the audience was larger than on the first night.

Mr. Ernest Mouck, who sang Ralph Rackstraw, was suffering with a severe cold, which he contracted Monday night, and failed to do himself justice in his part last night.

It is pleasant to note that the performance can, in every way, be called a success. The cast last night was the same as on Monday, which was published in The Intelligencer last night. The following young ladies and gentlemen composed the chorus:

Sisters, Cousins and Aunts—Misses Connie Weller, Jean Donald, Helen Donald, Della Ford, Lena Ford, Ethel Gillen, Bessie Waters, Ida Connant, Madeline Dumbell, Mabel McIninch, Ethel Walton, Ruby Walton, Maggie Webster, Mattie Jones, Nellie Barnum, Frankie Mackie, Annie Denmark, Norma Vandervoort, Mabel Cook, Vera Riggs, Maggie Keith.

Sailors—Messrs. J. Winchester, W. Cook, Fred Wallbridge, Warren Bogart, John Turner, Percy Allen, Bert. Allen, John Hays, C. Rous, W. Newton, W. Hudson, C. Walker, J. Thompson, A. Northrup, E. Hyman, A. Wensley, O. Lynn, E. A. Ford, W. Cunningham.

Following are the officials of the Daisy Lyric Club;

Hon. President—Lt.-Col. Ponton.
Hon. Vice-President—Walter Mills.
President—J. L. R. Gorman.
Vice-President—Miss A. Denmark.
Secretary-Treasurer—P. H. Wills.
Executive Committee—Messrs. A. P. Allen, W. Cook, J. A. Winchester, C. McKeown, and Misses Lena Ford, and M. Webster.
Director and Manager—J. N. Doyle.
Accompanist—Leo Riggs.

AN OPPORTUNITY.

An opportunity was a few days ago given Gorman's Shoe House to purchase a large stock of shoes at very low prices, and they purpose now giving their customers a large portion of the benefit of their close buying. The sale of these shoes will commence to-morrow (Thursday) morning at 8 o'clock.

CAPT. CONGER WRITES

A Newsy Letter from Halifax—Belleville Boys Getting on Well.

Wellington Barracks.

Halifax, June 15, 1900.

Dear Mr. Bowell,—Since I've been here I have received your newsy weekly regularly, and you don't know how much I appreciate it. When the Saturday morning mail arrives I hurry immediately to get my mail and read The Intelligencer, for then I feel that I have been home and know what is going on in Belleville.

Halifax, from a military standpoint, is a great city. The citadel commands the harbor and then the place swarms with fortifications. The 3rd Batt., R.C.R., are stationed at the Wellington Barracks, in Halifax.

We are just commencing our Musketry course. E and F companies left yesterday for McNabb's Island, D company (the Co. the Belleville boys are in) leaves about the last of August for two weeks.

Privates H. D. Smith, L. Yeomans, W. Cross, F. Dowzer and Lance Corp. Thompson are getting along splendidly.

To-morrow I take over two Maxim guns, and will have full charge of them for the future. We hope to play a prominent part with them on Mobilization Day, which takes place on the 2nd of July.

Well, I must close. Kindly remember me to Sir Mackenzie Bowell and any enquiring friends. Again, wishing The Intelligencer every success,

I remain, yours sincerely,
WILL S. CONGER,
Capt. 3rd Batt., S. S. Royal Canadian Regiment.

A LARGE SHIPMENT.

A large shipment of shoes was that which was seen being unloaded yesterday at Gorman's, the Corner Shoe House. This firm recently made this large purchase at very low prices and will commence a special sale of them to-morrow (Thursday) morning at 8 o'clock.

Police Notes.

A call was answered at 10.50 last night to West Belleville, it being reported that two men were roaming about. The police investigated the affair, but found out that the men had decamped.

At present everything is exceedingly dull in police circles, but in a few days a large number will be summoned before the Cadi for refusing to register their dogs.

THE NORTH WEST PROSPEROUS.

The London Advertiser remarks:—"How the Northwest is being taken up is shown by the enormous increase in the sales of land to actual settlers by the Canadian Pacific Railway Company. During May this year the company sold 66,000 acres for $215,000, compared with 39,470 acres for $125,922 in the corresponding month of last year." Certainly, dear Advertiser. There are two potent reasons for this: There have been splendid crops in Manitoba and the Nor' West during the past three or four years; and what is equally important there have been no Blakes nor Mackenzies to decry the country as inferior to that of Kansas.

Everyone rejoices at the prosperous state of the "Great Loam Land." Its present conditions justify former predictions of the Conservative party, and give the lie to the former utterances of Grit politicians as to the fertility of the soil and salubrity of the climate,

THEY SAID FAREWELL.

Two Missionaries Say Good-bye—Dr. H. C. and Mrs. Wrinch—The Epworth Leagues of the City and Sidney.

The gathering of the Epworth Leagues of Belleville and Sidney in the Holloway St. Methodist Church on Monday evening to bid farewell to Dr. and Mrs. Wrinch, on their departure for the Upper Skeena, British Columbia, proved one of the most interesting and imposing meetings that has been held in our city for some time. When a student at Albert College Dr. Wrinch received the divine "call" to offer himself for missionary work and since that time has been preparing himself for his life work as a medical missionary. For years also his wife has had the impression that she should be a missionary, and by teaching for several years and then becoming a professional nurse, she also has been acquiring information which will aid her in the work to which she believes she has been as divinely called as her husband.

Doctor and Mrs. Wrinch have been assigned to the most northerly of the mission stations of the Methodist Church; three thousand miles from here on the trail to the Klondyke, amongst several thousand Indians and miners and will be the helpers of Rev. W. H. Peirce, the Indian missionary, whose visit to our city last winter will be remembered by many.

There was much singing by the audience, by quartettes from the Tabernacle and Holloway St. Leagues, and solos by Misses Foster, Watson, and de Guerre, Others who took part in prayer, readings or addresses were Miss Martin, Rev. C. E. McIntyre, Rev. J. J. Rice, Rev. Prof. Doxsee, Prof. Faull, Mr. Wm. Johnson and Mr. C. P. Holton.

Dr. Wrinch, on behalf of Mrs. Wrinch and himself, in a fifteen minutes reply, thanked very feelingly the speakers for the many kind things they had said of him; recalled that hour in Albert College when he first decided to give himself to the church for missionary work in any part of the world, and the forcing conviction since then that he was not mistaken in the choice he had made. Whilst regretting the inevitable parting from friends, he rejoiced in the hopes of years being realized and knew that it would be joy, not duty, to go where he was satisfied the Lord wanted him and Mrs. Wrinch.

Rev. C. W. Watch was chairman of the meeting.

Dr. and Mrs. Wrinch will be supported by the students of Albert College and the Epworth Leagues of Belleville and Picton districts.

WHEN DOCTORS DISAGREE

What Becomes of the Patient?

Doctors have their hobbies as well as other people and in the treatment of disease often carry them too far for the patients' good. For instance in the treatment of indigestion or dyspepsia many doctors give bismuth and nothing else, others rely on pepsin to bring their patients through, still another doctor treats stomach troubles with the various vegetable essences and fruit salts.

Now one or the other of these excellent remedies becomes a hobby with the doctor who has had most success with the particular one in question, because all of them are first-class remedies for indigestion and dyspepsia, but not one of them alone is so good as a combination of ALL of them, such as is found in Stuart's Dyspepsia Tablets which contains not only vegetable essences and fruit salts, but also the freshest, purest pepsin and bismuth, making altogether a remedy unsurpassed for every form of indigestion, sour stomach, dyspepsia, belching of gas, distress after eating, sleeplessness, headaches, etc.

Stuart's Dyspepsia Tablets is not a secret patent nostrum, but you can see for yourself what it is and knowing this, its success as a dyspepsia cure is not surprising. All druggists recommend and sell them at 50 cents.

AN ORDINARY SODA BISCUIT

Is as Good at the Emergency Ration Supplied Our Soldiers.

Facts Adduced by the Emergency Ration Committee on Its First Working Day—Not Worth $2 a Pound But 30 Cents—Latter Was the Value Invoiced at Montreal—The Evidence of Tuesday.

Ottawa, June 20. — The Emergency Rations Committee met again yesterday morning. All the members were present part of the time. Messrs. Casgrain and Monk examined the witnesses for the Opposition, while Dr. Russell watched the case for the Government. The Solicitor-General was in attendance for a little time, as advisory to the Government members of the committee.

When the Bill Was Paid.

Auditor-General MacDougall swore that the account of Dr. Devlin for the emergency food was paid on Feb. 14.

Deputy Minister of Militia, Col. Pineault, was examined. He had refused to give the free entry certificate asked for by John T. Lyons for Dr. Devlin, because "it was not in the contract so stipulated." This was between Jan. 12 and 18, 1900. The application was for "A free entry from the United States for the emergency rations contracted to be supplied by Dr. Devlin." A sample package of vitaline accompanied Dr. Devlin's tender. This tender was recommended by Dr. Nielson on the assumption that the rations to be supplied would be tested in Kingston. Borden approved of the recommendation. Col. Pineault made out the contract. This was all done in one day, Jan. 4, 1900.

When It Was Shipped.

The Devlin ration was shipped to South Africa in three lots, on Jan. 20, Jan. 27 and Feb. 21. Capt. Benoit, the secretary of the department, superintended the shipment at Halifax, and with the aid of an employe named Barker, opened some of the boxes of food and took out two tin cases of vitaline. One of these tin cases of food was given to Col. Pineault by Capt. Benoit, When Dr. Devlin presented his bill on Jan. 20, 1900, the colonel, on the advice of Dr. Neilson, sent this tin case of food, along with the standard sample presented with the contract, to the Inland Revenue Office to have them analyzed. He did this in order to see if the cases shipped were up to the sample.

The Analysis.

Witness then gave analysis of Mr. MacFarlane of the Inland Revenue Department as follows:

Sample B (standard furnished by Dr. Devlin with his contract): Moisture 9.05 per cent.; fat 2.15 per cent.; nitrogen, 2.56 per cent. This is equal to about 16 per cent. proteids.

Sample A (taken by Capt. Benoit from goods delivered at Halifax):

Moisture 6.64 per cent.; fat 1.80 per cent.; nitrogen 2.59 per cent. This is equal to 16.18 per cent. proteids.

Analyst MacFarlane goes on to say: "Sample A is marked 'Delivered at Halifax, Jan. 24, 1900.' It is deficient in fat as compared with sample B. Since the average percentage of proteids in wheat is about 12 per cent., it does not appear that this powder (vitaline) is a very concentrated food, or has a food value equivalent to $2 (two dollars) per pound."

Col. Pineault: These analysis were made Feb. 12, 1900, and on the strength of the analysis ordered Dr. Devlin's account to be paid on Feb. 14. The food shipped and the food contracted for were equal in strength.

Col. Pineault said that no steps had been taken to prove that the food shipped and the food tested at Kingston were the same.

Colonel Could Not Find It.

Mr. Monk handed the Colonel an abstract of the expenses of the contingents submitted to Parliament and asked him to find any mention of $4,660 for emergency rations. The Colonel could find no mention of it.

Col. Pineault said that he had not heard of the letter sent by Henri Hatch to Dr. Borden telling him of the spuriousness of Dr. Devlin's rations till last Sunday or last night. Dr. Borden told him he had received the letter some time in January, 1900. It was only when the question of the food came up in the House that he began to question whether it was spurious or not.

Capt. Benoit at Murray Bay.

Mr. Monk asked that Capt. Benoit be summoned to attend the committee, but it was stated that he was away on sick leave at Murray Bay. It was then hinted that perhaps the committee could go to Murray Bay and take his evidence. This was possibly a joke.

A Witness Off for Europe.

The next witness called was Deputy Commissioner Mial of the Inland Revenue Department. The chief item of his evidence was that Dr. MacFarlane, the chief analyst of the department, left for Europe on a vacation ten days ago. This was received in silence, that was nothing if not suspicious.

Wanted an Expert Analyst.

The committee reassembled at 3 p.m. Mr. Monk desired the attendance of Dr. Jordan Smith, an eminent English analysist living in Montreal. After argument it was agreed to have Dr. Smith called.

Assistant Analysist McGill of the Inland Revenue Department, was the next witness: He explained some of the technical terms used in relation to emergency food. Proteids are the tissue-producing elements of food. Their presence was the vital part of an emergency food. His opinion was that, mutatis mutandis, an emergency ration containing 85 per cent. proteids was five times as good from a nutrative standpoint as one containing 16 per cent. proteids. He gave a list of ordinary foods and their percentage of proteids. For instance, lean beef in its natural state, contains about 20.71 per cent. proteids; peas, 24.4 per cent.; beans, 23 per cent. The ordinary food supplied to the German army contained 19 per cent. proteids. It was only natural that Dr. Macfarlane should draw attention in his report to the fact that Devlin's emergency rations contained only 16 per cent. proteids and was not worth $2 a pound. Ordinary biscuits would contain as much nutriment. He personally knew nothing about the analysis of emergency food. That work would be done by Miss Tyrrell, under the direction of Dr. Macfarlane. Miss Tyrrell will be examined to-day.

On cross-examination, Mr. McGill gave further statistics in regard to the percentage of proteids in foods. Medium fat dried beef contained 35.6 per cent.; very lean dried beef, 77.59 per cent.; beef hearts, 87.65 per cent.; dried tongue, 47.18 per cent.; horse chestnuts, 80.18 per cent.; dried potatoes, 8.31 per cent.

Not Worth $2 a Pound.

No amount of cross-examination could shake his opinion that a ration that contained only 16 per cent. proteids was not worth $2 per pound.

That Free Entry.

Mr. MacDougald, of the Customs Department, said he had searched the fyles of the department, had toiled all night in fact, and found no record of a free entry. He thought it probable that such an order had gone directly from the Militia Department without being entered at the Customs Department. He backed his opinion by reading two telegrams. The first read:

Ottawa, June 14.—R. S. White, Collector Customs, Montreal: Wire if emergency rations for South Africa contingents or materials for same admitted free at Montreal, and by whom certified for free entry?
(Signed) Commissioner of Customs.

The second read:

Montreal, June 15.—Commissioner Customs, Ottawa: Emergency rations brought in by baggage; delivered to Dr. Devlin on collector's permit upon production of order from Militia Department; pending order entry not made yet. (Signed) R. S. White Collector Customs.

Some discussion arose as to the interpretation of R. S. White's telegram. It was decided to await his evidence. Did "order from Militia Department" mean an order to admit the goods free of duty or an order for the goods themselves? That was the question. Mr. White will tell the committee about it to-day.

Invoiced at 30c Per Lb.

On further examination Mr. MacDougald said that there was another entry regarding the goods in the Customs Department. This entry showed that nine bags of this vegetable proteid powder, 900 pounds, were still in the Custom's warehouse in Montreal. It was invoiced $275, or 30 cents a pound. It was warehoused as baggage on June 16, 1900, and was held for duty. The invoice of these rations was made out by Dr. Devlin with the usual declaration, in which he swore that $275 was the true price paid for them in New York.

From Mr. MacDougald's evidence it was adduced that the balance of the rations, those passed through free of duty, were passed irregularly, as no regular order for exemption had been issued to the Montreal collector by the Customs Department.

The committee passed a motion to order the proper authorities to detain these goods at the Montreal warehouse until they had been examined by the committee. The committee adjourned till 10 a. m. to-day, when Henri Hatch, R. S. White and others of Montreal will be heard.

The Marvellous Record of Cures Made by Dr. Pitcher's Backache Kidney Tablets in Every Section of the country is Always Backed by Home Evidence. Belleville Proof.

John Caton, contractor, corner Wharf and Pinnacle St., says: "Dr. Pitcher's Backache Kidney Tablets are all right. I had been about laid up when I read about them and procured a bottle from Alex. Ray's drug store. I hurt my back when I was a boy and ever since, when I did any heavy lifting or I took cold, I was almost sure to have a lame back. I would have dull, grinding pains over my kidneys and an extreme sensitiveness that caused sharp pains to shoot through me when stooping or rising from a chair. I was very bad when I began using those tablets. I have used but one bottle and that trouble has entirely disappeared. Yes, I pronounce these tablets all right."

Wm. H. Ackerman, McAnnany St., says: "I have used Dr. Pitcher's Backache Kidney Tablets that our druggist Alex. Ray brought to the city and I can vouch for their being all right. My kidneys caused me much suffering and inconvenience. I have been so bad I could not turn in bed and these spells would come on me without any notice or extra exertion. When I began using Pitcher's Tablets I was in a bad way, but they removed the trouble and strengthened my kidneys. I was relieved of indigestion caused by the acidity of my system. I am not now suffering from backache or headaches and I credit this change to using those tablets. I found much relief from a desire to urinate frequently. They acted as a general tonic. I am not suffering from dizziness as formerly."

If you have the slightest sympton of Kidney or Bladder trouble, you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two-cent stamp for postage to The Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

THE HOUSE OF COMMONS.

Sir Charles Tupper's Motion Re Yukon Representation Voted Down—Sir Wilfrid's Reasons.

Ottawa, June 20.—In the House yesterday, Sir Charles Tupper moved that Federal representation, adequate and immediate, should be given to the Yukon territory. Speaking to his motion, he read a petition from the citizens of Dawson, asking for representation. He thought the Government should act upon the census already taken by the N.W.M.P., in which it was shown that the population was about 17,000, of which 4,500 were British voters. Dawson itself, with 6,000 souls, had 1,120 British voters. Besides, the Yukon paid 1-25th of the revenue of the Dominion. The principle of no taxation without representation should be applied; otherwise representation should be given for the people clamored for it.

Sir Wilfrid replied that the Yukon territory was only four years old, and its administration had first to be experimented. He believed in introducing responsible institutions slowly. He proposed to issue a proclamation before July 1, so as to give the inhabitants two representatives in the Yukon Territorial Council. Next year, after the census that would be taken early in the year, between January and April, representation would be given the Yukon in the Dominion Parliament.

Mr. Foster argued that if the Yukon had had Federal representation, more information, greatly needed, would be forthcoming regarding the Yukon. He then launched out into a general condemnation of the present Yukon administration.

Sir Charles Tupper's motion was lost by a vote of 46 to 82.

An hour was spent in discussing the need of better approaches to Halifax harbor in particular, and all coast harbors in general. Insurance companies had raised the rates upon shippers because of the dangers of entering harbors. It was stated that Lloyds classified Canada on a scale of the dangerous Gulf of St. Lawrence, hence innocent sections suffered with the guilty.

Sir Louis Davies and Mr. Dobell said that they would do all that was possible to erect the necessary lightships, buoys, bells, etc.

Mr. Dobell said the reason for the raised rate was the loose manner in which deck loads were laid on ship.

LIEUT.-GOV. McINNES

Refuses to Resign in Response to the Demand of the Laurier Government.

Ottawa, June 20.—A fully attended meeting of the Dominion Cabinet was held yesterday morning, when the political tangle in British Columbia was discussed. The petition signed by a whole legion of names, asking for Lieutenant-Governor McInnes' recall, was received and reviewed. The Cabinet agreed unanimously that Lieutenant-Governor McInnes must go. The Prime Minister followed out the decision of the Cabinet, and wired McInnes for his resignation.

McInnes Refuses to Resign.

Victoria, B.C., June 20.—A resolution, signed by 25 at the convention, including Dunsmuir and the Ministers, was sent to Ottawa asking that Lieutenant-Governor McInnes be asked to resign. The Cabinet took the matter into consideration, and last night Mr. McInnes received a telegram, asking for his resignation. He refused to do so.

The Colony Won't Stand It.

Kingston, Jamaica, June 30.—The community has been excited by the receipt of news that the secretary of State for the Colonies, Mr. Joseph Chamberlain, has ordered a military conscription at St. Kitts and St. Nevis, by which every male between 17 and 40 is liable to compulsory military service. The local press denounces the step.

Ask for Compensation.

Winnipeg, June 20.—A delegation composed of over 100 hotel and business men of the city and province were present at the Law Amendments Committee to-day, to prtest against the liquor bill. F. H. Phipps appeared on behalf of the License Victualers' Association, made a strong plea for compensation, should the law be enforced.

What "Victorine" Does We Hardly Dare Tell.

It sounds too good to be true, to have clothes made white as snow by boiling and rinsing only, no rubbing seems incredible to those who for years have worn out their clothes and their strength on the washboard.

Yet our customers substantiate our claims.

Madam J. B. Rael, 296 Franklin st., St. Malo, Quebec, writes: I want to buy a large quantity of Victorine. It is a wonderful thing indeed.

Childerhose Bros. & Co., Eganville, Ont.: Express another supply of Victorine, it's selling well and gives great satisfaction to everybody.

ARRIVED IN THE NICK OF TIME

Russian Relieving Force Attacking Pekin on Both Sides.

This Occurred as the Chinese Had Successfully Begun a Renewal of the Attack on the Legations—They Had Set Fire to Five European Buildings—700 Chinese Killed at Taku—Japan Will Act.

London, June 20.—(3 a.m.).—"The Russian relieving force arrived outside of Pekin this morning," says the Shanghai correspondent of The Daily Express, "and immediately began to attack the city on both sides, employing numerous artillery. The of time, for the Chinese assert that force apparently arrived in the nick attack upon the legations had been successfully renewed. On the night of June 16 the Chinese troops, under Gens. Tung Fuh Sian and Tung Ching attacked the legations and set on fire five European buildings. Nothing definite is known as to the result, except that the Chinese were disappointed, although other reports, utterly discredited by foreigners here, are that the Chinese, infuriated by the destruction of Taku, have since massacred all the foreigners in Pekin."

French Minister Also Killed.

A modified version of these rumors received at Berlin is that the French, as well as the German Minister, has been killed. The English at Shanghai think that the Chinese had foreign advice in organizing defences at Taku, because of the precision with which their attack was delivered. The wires connecting with the harbor mines were cut by the boats of the warships the night before the bombardment.

Seven Hundred Killed.

It is now reported at Shanghai that it was on board the Russian cruiser Korietz, and not the Mandschur, that the explosion occurred, killing and wounding more than 50. It is reported that no fewer than 700 Chinese were killed in the forts.

The Shanghai correspondent of The Daily Express says he is officially informed that Japan is mobilizing 25,000 men for immediate transportation. The whole fleet of the Nippon Yusen Kaisha (Japanese Merchant Shipping Company) has been chartered.

Cruiser Took Hostile Attitude.

The British cruiser Undaunted arrived at Shanghai yesterday, cleared for action, and took up a position commanding the Chinese forts. There are three Chinese cruisers in the harber. The new Chinese cruiser Hai Yang, built by the Armstrongs, has been taken into custody at Taku by the British and Russians.

French Mission Attacked.

At Yun Nan Fu, where the rising has been gathering force for days, 680 Christians have been attacked at the French mission settlement, many being put to death. The French Consul and three Ministers are still in prison.

A thousand Boxers have gathered on the outskirts of Tien Tsin.

Chinese Officials Have News.

The Shanghai correspondent of The Daily News, telegraphing yesterday, says: "The Chinese officials here assert that they have news from Pekin up to June 17. The situation was then very serious. Beyond that they claim to have received nothing, but they deny that despatches have been withheld."

Worst to Be Feared in Pekin.

"An official says: Although I am not willing to adopt the alarmist reports, my impression, gathered from the consuls and the Chinese authorities, is that the worst is to be feared at Pekin."

Where Seymour's Column Is.

Admiral Seymour's column is now in the middle of an arid plain, with no food and no good water, and surrounded by hostile forces."

British Flag Floats at Pekin.

The Shanghai correspondent of the Times, telegraphing yesterday, says:

STREET IN PEKIN.
Showing British Legation in the Central Background.

"The British flag is reported to have been floating over the south gate of Pekin to-day. This is presumed to indicate the arrival of Admiral Seymour.

A Hopeful Sign.

"The summoning of Li Hung Chang to Pekin is regarded as a complete change of front on the part of the Manchus, who have abandoned the hope of opposing the powers."

BRITISH OFFICIAL STORY.

H. M. Ships Engaged Were the Algerine, Fame and Whiting—No News From Seymour.

London, June 20.—The Admiralty Office has received the following message from the officer commanding the British first-class cruiser Endymion:

"Liu Kun Tau, June 18, Monday.—The Taku forts opened fire at 1 in the morning of June 17, on the ships of the allied squadrons. After six hours' engagement the forts were silenced and occupied by the allied forces. Additional men for storming the forts were sent ashore from the ships the previous afternoon.

"The British ships up the river engaged were the Algerine (gunboat), Fame (torpedo boat destroyer) and Whiting (torpedo boat destroyer). The two latter captured four Chinese torpedo boat destroyers. The casualties of the Algerine were slight. Those of the storming party and others are unknown.

"A Chinese second-class cruiser, flying an Admiral's flag, is detained outside Taku by the allied Admirals.

"No information of Commander-in-Chief Seymour's return to Tien Tsin had been received by the Rear Admiral up to 2 in the afternoon of June 17. I am sailing forthwith for Taku."

Japan to Send 20,000 Troops.

Yokohama, June 19.—The news of the shelling of the forts at Taku has caused great excitement throughout Japan. It is reported that the powers will ask Japan to send 20,000 troops to suppress the revolt. It is probable that the Government will consent. Additional transports are being prepared.

More Russian Troops.

Washington, June 20.—Secretary of State Hay has been notified by the Russian Embassy here that 4,000 Russian troops have been despatched from Port Arthur to Taku.

Li Hung Chang Goes North.

Hong Kong, June 19.—It is understood that Li Hung Chang leaves Canton for the north June 20. Canton is quiet, and the Viceroys of the provinces bordering on the Yang-Tse-Kiang are believed to be strongly opposed to the revolutionary movement.

DR. PIERCE'S Favorite Prescription MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

The success of Dr. Pierce's Favorite Prescription in the cure of diseases peculiar to women, is beyond comparison greater than that of any other medicine prepared especially for woman's use. It is not a cure-all but a scientific preparation, the prescription of an eminent living physician, still in active practice and who, assisted by his staff of nearly a score of trained physicians, treats and cures thousands of women every year. "Favorite Prescription" has an invigorating and vitalizing power peculiar to itself and a phenomenal control of diseases which attack the delicate organs of woman. It permanently cures backache, bearing-down pains, ulceration, inflammation and like ills by curing their cause. It dries up the drains, puts out the fever fire of inflammation and cures the corroding ulcer. It makes marriage a happiness and motherhood a blessing, by giving to women such an abundant vitality that the baby blossoms into life as sweetly, simply and naturally as a flower. Sick women are invited to consult Dr. Pierce by letter free of charge. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

It contains no opium, cocaine or other narcotic, and no alcohol or whisky.

EMPRESS DOWAGER IS ANGRY.

Degradations in the Chinese Army Over the Fall of the Taku Forts.

London, June 20.—An agency despatch from Shanghai, dated June 19, says the latest news from Pekin is that the Dowager-Empress is greatly concerned at the capture of the Taku forts, and that wholesale degradations of the Chinese army, including Generals Sung Ching and Fung Fu Siang, the Governor of Pekin and other high officials, who promised in the Tsung Li Yamen to accomplish the expulsion of the foreigners, have taken place.

Three of the Taku forts, it is added, were completely destroyed, and most of the garrisons killed or wounded by a charge of the sailors of the allied fleets.

Last From Pekin June 11.

Shanghai, June 20.—The Consulates have received no communication from the Legations at Pekin since June 11, and the greatest anxiety prevails as to their safety. There are innumerable rumors, but there is nothing of an authentic nature. The stories purporting to describe the situation at Pekin, June 17, merely reiterate previous accounts.

The Viceroy of Nanking has taken vigorous measures to prevent a rising in his district.

Sensational native rumors are current that Tien Tsin has been burned by the Chinese soldiers, and that Yulu, the Viceroy of Chito, has fled from his province in order to escape degradation.

THE REVOLT IS SPREADING.

Unexpected Organization Among the Anti-Foreign Elements Shown.

London, June 20.—The revolt is spreading in Western China. The representatives of Mr. Pritchard Morgan, M.P., at Cheng Tu wires that he and his party have been retained there, owing to news that the revolution has broken out in Szechuan, which adjoins the Province of Yunnan, also in revolt, and official news came yesterday that the London Missionary Society's premises at Tsao Shuh, Central China, west and northwest of Hankow, have been destroyed by a mob. The rising seems to be spreading with rapidity, and shows unexpected organization among the anti-foreign elements. The missionaries at Tsao Shuh escaped, and reached Hankow in safety.

Chinese Cruiser's Hovering Around.

Cable despatches from Shanghai report that a number of Chinese cruisers are anchored in sight of the foreign settlements, which are only guarded by a small Japanese gunboat. A thousand Chinese troops with two 49-ton guns, still hold the forts outside the town. The Viceroy of Woo Sung is reported to have assured the Consuls that the foreign settlements at Shanghai will not be attacked.

This Is Reassuring.

The British Admiralty draws attention to the fact that the Endymion's report, which is of a later date, does not confirm the Japanese report of Admiral Seymour's return to Tien Tsin.

GERMAN MINISTER NOT DEAD.

His Mother Gets Message That the Death Story Is Not True.

Berlin, June 20.—The German Government continues to express its opinions with the utmost caution, regarding the situation in China. Even now it contrives to avoid the use of the word war, and still expresses a hope that the Pekin Government is innocent of deliberate hostile action.

German Minister Not Dead.

The mother of the German Minister at Pekin, Baron Von Ketteler, in Munster, has received a telegram from China saying that the news of her son's death is not true.

The Chinese Minister in Berlin has countermanded the diplomatic reception for Friday next, invitations to which had already been issued.

LAST FROM ROBERTS ON 16TH

It Is Feared That His Wires Have Been Cut Again.

Casualties Are Greater Than Reported in War Messages Received—Boers Are Threatening Gen. Rundle—British Fear That the Boers May Break Through the Thin Lines—Malana Bridge Blown Up.

London, June 20.—(3.25 a. m.)—The casualties made public by the War Office, including a long list of missing, show British loss in engagements hitherto not reported. In an attack on a reconstruction train at Loeuwspruit on June 14, three were killed, five wounded and 60 captured. Loeuwspruit is 40 miles north of Kroonstad. This was the day of the Zand River attack, 80 miles distant. Another list shows nine wounded and 11 missing in action Vredefort on June 7, no previous mention of which has been made.

The Daily Mail points out that it is quite possible the wires have again been cut in Lord Roberts' rear, as no despatch later than June 16 has been received.

Boers Threaten Rundle.

The Boers are gathering in force in front of General Rundle, near Ficksburg. His forces stretch 40 miles. As some parts of the line are weakly held, the British fear that the Boers may break through. Outpost skirmishes are of daily occurrence. The Boers there are commanded by De Villiers and Hermann.

Mr. Steyn is at Bethlehem, the temporary capital of the Free State.

Malana Bridge Destroyed.

According to despatches from Lorenzo Marquez, dated yesterday, the Malana bridge has been destroyed. One account says it was blown up. Another asserts that it was undermined by a patrol from Swaziland, and so collapsed under the weight of a train. This will temporarily interrupt the flow of supplies to the Boers from Lorenzo Marquez.

Huts for 30,000 Men.

The Bloemfontein correspondent of The Daily Mail, telegraphing June 16, says that Lord Roberts is getting huts for 30,000 men, and is arranging re-transport for a part of his army, although his plans are not to take effect immediately.

Did British Do It?

The Lorenzo Marquez correspondent of The Times says: "Three escaped British prisoners are believed to have tampered with Malana bridge. A freight train pitched into the stream and two men were killed."

FIRST TRAIN THROUGH LAING'S NEK

Tunnel Has Been Repaired—Arms Ready for the British Prisoners.

London, June 20.—No important developments mark the progress of the British in the Transvaal. Lord Roberts reports that over 2,000 stands of arms have been given up at Pretoria since the occupation of the capital. These will be utilized by the released British prisoners, of whom there are 148 officers and 3,039 men. Of the former, twelve, and of the latter, 248 are in the hospitals.

The total of the British losses June 4, says Lord Roberts, amounted to only two men killed and one officer and 48 men wounded. Gen. Buller reports that the first train passed Laing's Nek tunnel Monday, June 18, and proceeded to Charlestown. The first batch of Mafeking's sick and wounded arrived at the hospital at Bloemfontein June 15.

STRATHCONAS WITH BULLER.

Cable From Lieut.-Col. Steel Dated at Newcastle, Natal.

Ottawa, June 20.—The Militia Department yesterday morning received the following cablegram from Lieut.-Col. Steele, commanding Strathcona's Horse, dated at Newcastle, June 19: "With Buller. Moving forward."

Surrendered to the British.

Volksrust, Transvaal, June 19.—The town guard at Wakkerstroom has surrendered to the British, and a number of Mausers, with rifles of American manufacture, have been handed in. Gen. Hildyard has returned here.

THE MARKETS.

Fluctuations in Wheat—Liquidation Caused a Decline in Chicago—The Latest Quotations.

Liverpool, June 20.—Spot wheat yesterday advanced 10c to 20c per cental in sympathy with Monday's strong American markets. Futures rose 1⅜d to 1¼d per cental and closed near the highest price for the day.

Chicago, June 20.—Wheat futures were weak early yesterday on realizing sales, but the market recovered on further damage reports from the west. There was renewed liquidation late in the day, and the July option closed 1¼c lower than on Monday.

WEST INDIA WILL SEND TROOPS

To Fight the Sofas in West Africa—Demerara Has Offered 400.

Kingston, Jamaica, June 20.—The West India Regiment received orders yesterday from the War Office to hold itself in readiness to proceed to Gambia, Western Africa, to fight the Sofas.

Demerara has offered 400 volunteers and a Maxim gun for service against the Ashantees. About 275 men of the Kingston Infantry militia volunteered for the same service yesterday.

The Conservative Union to Meet.

Ottawa, June 20.—Robert Birmingham's only official political position is secretary of the Liberal Conservative Union of Ontario, of which Hon. John Haggart is president. The union has not had a meeting for months, but at the request of Sir Charles Tupper, it will soon convene to discuss the relations existing between Mr. Birmingham and the Liberal Conservative party.

Two Hundred Men Go Out.

Ottawa, June 20.—All the union linemen of the city, about 200 in number, have been ordered out on strike by the Ottawa branch of the International Brotherhood of Electrical Workers. The linemen want $2 a day of nine hours. Mayor Payment and a dozen prominent citizens were appointed by a mass meeting to confer with the electric companies and to effect a compromise.

TORONTO LIVE STOCK.

Toronto, June 20.—The run of live stock at the stock yards yesterday amounted to 74 cars, composed of 1,021 cattle, 2,221 hogs, 1,008 sheep and lambs, together with 90 calves. The quality of fat cattle outside of those that had been stall-fed, was only medium. Trade was brisk, with Friday's quotations well maintained for both butchers' and shipping cattle, especially the former. The market for Buffalo stockers was easier, with a light run of not more than 2 carloads, selling at 15c to 25c per cwt. lower than on Friday. The prices quoted in table are for stall-fed cattle.

The Stomach That Fails

May not be to Blame—What is the Condition of the Liver and Kidneys?—You may Need

DR. CHASE'S KIDNEY LIVER PILLS.

When digestion is imperfect and proper nourishment is not derived from the food, it seems natural to blame the stomach!

But is it just?

Several cases are on record where people lived and digested food without stomachs. As a matter of fact the most difficult and by far the greater part of digestion takes place in the intestines.

Nothing so quickly interferes with digestion as a sluggish, torpid action of the liver, kidney and bowels.

Be reasonable and put the blame where it is deserved. Acquit the much abused stomach and get away down to the foundation of the trouble by setting the kidneys, liver and bowels right.

Sometimes people wonder why Dr. Chase's Kidney-Liver Pills are so remarkably efficient as a cure for dyspepsia, indigestion and stomach troubles. They forget that these ailments are caused by derangements of the filtering and excretory organs.

Except in cases of mere temporary indigestion, stomach medicines and tablets are of little or no benefit. Chronic indigestion and dyspepsia of long standing are positively and permanently cured by Dr. Chase's Kidney-Liver Pills.

To illustrate we refer to the case of Henry Moore, of Pickering, Ont., who writes as follows;

"In the fall of 1895 I used three or four boxes of Dr. Chase's Kidney-Liver Pills for constipation and stomach troubles and never found anything to compare with them. I had suffered from these complaints for many years and taken many kinds of medicine, but it remained for Dr. Chase's Kidney-Liver Pills to cure me. Am now well and strong, but continue to take one or two pills a week to counteract the uric acid condition in the blood and to keep the bowels perfectly regular."

By acting directly on the kidneys, liver and bowels, Dr. Chase's Kidney-Liver Pills promptly make these organs regular and active and permanently cure constipation, dyspepsia, indigestion and all stomach troubles. One pill a dose, 25 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.

Dr. Chase's Ointment is a positive and guaranteed cure for every form of piles.

MR. FRENCH'S CLOSE CALL

Got Mixed Up with the Machinery in a Saw Mill, and Nearly Lost an Arm.

Mr. Freeman French, of Albury, came near losing his life one day last week while engaged in his father's saw mill. It seems he was putting soap on the driving belt to keep it from slipping when by some means the belt caught his arm lacerating it terribly, so bad, in fact, that the doctor at Rednersville advised amputation, but Mr. French would not listen to this. His brother, a lad of 12 years, who was working up-stairs in the mill, knew there was something wrong with the machinery, and not waiting to come down the steps, jumped through a hole in the floor on top of the piston-rod of the engine, and he himself had a narrow escape, but he determined to save his brother's life and grabbed the throttle of the engine just in time. It took two hours to extricate Mr. French from his perilous position as he was wedged in between the belt and a large beam. Last reports say he is doing as well as could be expected.

TIMELY TOPICS.

Well, Mr. John A. Shibley has come and gone and it won't be very long before our citizens will find out just "where they are at" in regard to this new capitalistic enterprise. The Messrs. Shibley have a clientele extending, we are informed from Maine to Georgia, and if all goes well, it will soon read "from Ontario to Georgia." Mr. Shibley's latest enterprise, which he has just concluded, is the amalgamation of several large bleacheries in Norwich, Conn., into one big concern. In doing this, he informed a prominent citizen of Belleville yesterday, he came into contact with several personal and business friends of Mr. Frank A. Mitchell, among them Mr. Bard, president of a bank there, who will be remembered by the gentlemen who formed the deputation which visited Norwich to enquire into the Rolling Mills matter. This, of course, is of interest only so far as it shows that the Messrs. Shibley are in touch with big corporations.

• • •

The Messrs. Shibley have already gone into figures with respect to the plants concerning the purchase of which they are in negotiation, viz:

The Belleville Gas Works.
The Belleville Street Railway.
The Trenton Electric and Power Company.

• • •

The Messrs. Shibley purpose to purchase not only the works of the Electric and Power Company at Trenton, but the power owned by the Town of Trenton. This is an important point to note.

• • •

In a conference with the Mayor yesterday afternoon Mr. John Shibley stated that, if the negotiations reached a favorable conclusion, he would form a company in Belleville to manage the three industries, the seven directors of which would have capital behind them to the extent of $5,000,000. Yesterday Mr. Shibley wired for his engineer, who was formerly City Engineer of Providence, R.I., and that gentleman was expected to arrive here to-day. He will make a thorough examination of all the plants included in the negotiations. Following him will come the expert accountant, who will look into the merchantable value of the different concerns. By the report of these two experts the Messrs. Shibley and their clients will be guided. If they consider the matter a sound business proposition Mr. Shibley will return (so he intimated) in about two weeks, prepared to get right down to business at once; if the experts report unfavorably in the matter Belleville's citizens will probably see the Boston broker no more.

• • •

However, it may be stated that everybody connected in any way with the project thinks the report of the experts will be a favorable one, and that before long Mr. John A. Shibley will meet the members of the City Council and get down to business.

• • •

It may be asked (and no doubt will be asked), what interest has this matter to the citizens of Belleville at large? Well, just this: If the company is installed here it will be to its interest to increase the field for the sale of its wares; the only way that can be done is to increase the population of our city; consequently this company, with a capital of $5,000,000, must start new industries, which the promoter says they are willing and anxious to do providing they can see a return of 5 per cent. for the money invested. Belleville has always suffered from a lack of capital; if things turn out favorably in this matter it should suffer no more.

• • •

One of the certainties if the scheme eventuates is the extension of the Street Railway to the Cemetery; one of the possibilities is the building of an Electric Railway to Tweed.

• • •

It may be taken for granted that if Mr. Shibley and his clients do locate here they will want something handsome in the matter of franchises, etc. Philanthropic capitalists who go around interesting themselves in schemes of pure benevolence are very scarce these days. But to a casual observer it would appear that the city has more to gain than to lose in this matter even if Mr. Shibley asked a long franchise. However, the gentlemen who compose our Council are wide-awake business men, and we believe they can see as far through a stone wall as anybody. If Mr. Shibley gets the best of them he will have to take a very early train from Boston. So let us possess our souls in patience and hope for the best.

An English boys' journal called for lists of the twelve greatest living Englishmen recently with the following result, the names being given in the order of votes they received. The Prince of Wales, Lord Salisbury, Lord Kitchener, Joseph Chamberlain, Cecil Rhodes, Lord Rosebery, Henry Irving, Mr. A. J. Balfour, Rudyard Kipling, Archbishop Temple of Canterbury and Col. Baden-Powell. Canadians will probably make it unanimous.

Kingston Whig: "A Belleville girl on board the steamer North King on Sunday was reading poetry—"Adonais." Just think of it—a Belleville girl reading poetry! Perhaps she was only looking at the pictures." Well, wouldn't that trip you? The Kingston people are so used to girls who read such latter-day classics as "Trilby," "Sapho," etc., that they nearly drop dead when they meets a maiden of culture. But that Belleville girl was mistaken in her choice of poets, she should have taken her Goldsmith with her, "The Deserted Village" would have been very appropriate reading in poor old Kingston.

Something for MOTHERS.

EVERY CHILD born into the world with an inherited or early developed tendency to distressing, disfiguring humours of the skin, scalp, and blood, becomes an object of the most tender solicitude, not only because of its suffering but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and most effective treatment available.

Warm baths with CUTICURA SOAP to cleanse the skin and scalp of crusts and scales, gentle applications of CUTICURA Ointment to allay itching, irritation, and inflammation, and soothe and heal, followed in the severe cases by mild doses of CUTICURA RESOLVENT, afford instant and grateful relief, speedy cure, and leave nothing to be desired by anxious parents.

THE CONVENTION OVER.

Yesterday's Proceedings Brought to a Close the Meetings of the Ontario D. M. Association.

TUESDAY MORNING.

This session was opened by prayer by Mr. Fraser, after which Mr. Madden presented the report of the committee on the revision of the constitution and by-laws, which was adopted. The changes provided that the old officers should retain office for 30 days after the close of the convention, that British subjects shall be eligible for membership after two years and for office after five years' residence in the province, and that aliens shall be eligible for office five years after naturalization.

Mr. A. W. Mason, of Toronto, gave a short but pointed and practical address on "Temperance." He pointed out some of the outward signs and the inward effects of the use of intoxicants, showed that water was essential to plant and animal life, while liquor is always deleterous, and urged that all friends of temperence should stand together and never give up the fight until the victory was gained. He quoted the example of Lord Roberts, Kitchener and other great generals as illustrating the benefits of abstinence and claimed that to this was largely due their success. He strongly advised all young men to never touch the intoxicating cup, and counselled all young ladies never to marry a man who drinks.

Mr. Jefferson, Toronto, followed with a short address on "Poultry Raising."

Mr. Slater, of Toronto, then gave a practical talk on the relations of the deaf with the hearing in social and business life. He found that as a rule they got along very well with each other, though occasionally misunderstandings produced a little friction and bad feeling. He advised the deaf to always try to cultivate kindly relations with the hearing.

Mr. Hazleton of Delhi, followed with a practical and interesting address on "Negligence vs. Industry, in Business." He pointed out that idleness was one of the greatest curses that afflicted humanity, providing an open door for temptation, and would assuredly produce failure and disaster in business. It was of supreme importance that every young person should be brought up in habits of industry and thrift, and to learn some useful trade. Even the wealthy may meet with adversity and well is it for such if they have some good trade on which they can rely.

Mr. Bayne, of Ottawa, emphasized the thoughts expressed by the previous speaker and gave several practical illustrations of the evils of slothfulness, and the benefits of industrious habits and application to business.

At this stage of the proceedings some members of the Board of Education and Rev. Mr. Watch made their appearance to welcome the convention to the city. Superintendent Mathison introduced the visitors to the convention, making reference to the interest they had ever shown in the Institution, and referred especially to the faithful ministrations of Rev. Canon Burke.

Each of the visiting gentlemen—Revs. Burke and Watch, and Messrs. Hudson, Walker and Johnson, briefly addressed the convention and expressed their gratification at the fine work being done there, and wishing everyone present every success in life.

The committees on resolutions presented their report, which was adopted. It set forth that in the opinion of the convention the combined system is the only one to give instruction to the deaf with assured success. That oralism, exclusive of any other method of teaching the deaf of different mental capacities be condemned; that articulation for the deaf who show a good aptitude for speaking be heartily endorsed; that higher classes be established in the Ontario Institution for the Deaf and Dumb and support from the Ontario Government for that object be requested, so that a graduate may be able to enter college and prepare for the higher responsibilities of life; that the deaf be entitled to enjoy the privileges or benefits of insurance companies and associations the same as hearing people as there is no proof that the deaf are more liable to accidents than the hearing, and that the Association extend to the president their sorrow because of his illness, and their regret because of his inability to attend the convention. Resolutions of thanks were also extended to the Ontario Ontario Government for the very liberal entertainment provided for the members of the convention, to Mr. Mathison for his hearty support and assistance to the convention in many ways, to Miss Walker and Miss Dempsey for so tastefully decorating the Institution, to Mr. Cochrane for his influence in securing flags and decorations, to Misses O'Neil, Munro, Irvine, Ballagh, Elliott, Blackburn, Allendorp, Scott, McFarlane and Holt, and Mrs. Moore, for their part in the Sunday services, to Mr. Nurse for his management of the pantomine, to the retiring officers and to the committees for their faithful work and warm interest in this convention, to the contributors to the programme at the various sessions of the convention, to the interpreters, Messrs. Campbell and Coleman, to the reporters, Messrs. Campbell and Stewart, and to the Belleville papers for giving such full and extended reports of the proceedings of the convention.

The treasurer's report was then presented by Mr. McKillop, and showed a small balance on hand.

Mr. Nurse then made suitable reference to the death of Mrs. R. Slater, an accomplished deaf-mute of Toronto, and of Rev. Dr. Burns and Mr. Noah Phelps, who had been so kind to the deaf two years ago at Grimsby Park.

It was announced that the collection for the deaf in China produced $23.26.

The election of officers then took place with the following results;

Hon. Pres., R. Mathison, M.A.; Pres., P. Fraser; 1st Vice-Pres., R. Slater; 2nd Vice-Pres., J. R. Byrne; Secretary, Wm. Nurse; Treasurer, D. J. McKillop; Interpreters, Messrs. Coleman and Campbell and Miss Fraser.

Misses Elliott, O'Neil and Munro then signed the National Anthem and thus came to a close the most successful convention in the history of the Association.

Former Bellevillians in Toronto Methodist Conference.

Yesterday was the closing day of the Toronto Methodist Conference. Former residents in Belleville are referred to. The Rev. J. W. Pickett and Rev. Silas Huntingdon have been superannuated. In discussing the Temperance Committees report the Rev. Arthur Browning protested against the endorsation of the pledge to vote, and added: "I would rather have an honest Grit or an honest Tory than a prohibitionist who is here and there and will vote for anything. They will swallow anything, and they will swallow you, too. (Laughter.)

Dr. Harper's Farewell.

A note of pathos was introduced into the meeting by the farewell address of Rev. Dr. Harper, an active Methodist minister in Ontario for 50 years, now superannuated and living in Masssachusetts. Dr. Harper's address was in well-chosen language, and as he bade farewell there were many moist eyes in the building. A resolution expressing appreciation of Dr. Harper was moved by Rev. Dr. Dewart and supported by Rev. Dr. Blackstock, Rev. John Hunt and Rev. J. E. Sanderson.

BLUE TRADING STAMPS.

There is scarcely a family in this city but what are collecting blue trading stamps. These stamps are nothing more nor less than discounts, but the ladies seem to take a particular delight in saving them, and will go blocks out of their way to patronize merchants giving them. The Dominion Trading Stamp Company have just leased their handsome show rooms, 235 Yonge street, for three years longer so that collectors will have ample time to fill a good many books in that time. Twenty-third of June is next red letter day, as it is called. A visit to their showrooms on that day will give some idea of the great number of the people collecting blue trading stamps. We notice the company have recently opened some new show rooms, making in all twenty-three branches that are now established. Over 300 merchants in Toronto have already renewed their contracts to give stamps another year.—From Toronto Saturday Night.

Married in Toronto.

Mr. George Post, a son of Mr. Edward Post, of this city, was married at the Queen City on Monday evening. The bride was Miss Aggie Wills, daughter of the late Mrs. Ellen Wills. Both groom and bride are well known in this city and their numerous friends will extend to them congratulations.

Latest War News

Volksrust, June 21.—Gen. Buller has arrived at Sandspruit Station and camped two miles further on the western side of the railway. Many Boers met Gen. Buller on the road and surrendered their arms and horses.

London, June 21.—The British have penetrated the Transvaal territory as far as Machadodorp. Passengers who arrived yesterday at Lorenzo Marques from the Transvaal, assert that heavy artillery was engaged and that the Boers abandoned Machadodorp retiring northward.

President Kruger is still at Atkamaar. Boer bulletins regarding Gen. De Wet's operations along Lord Roberts' communications assert that two convoys were captured and three hundred workmen with fifty military taken prisoners.

London, June 21, 2.40 p. m.—It is hoped in London that Gen. Buller's advance westward will hasten the conclusion of hostilities by cutting off all communications between President Steyn's and Gen. De Wet's forces in the Orange River Colony and Gen. Botha's Burghers in the Transvaal, and completing the combined movements around Steyn and De Wet to which Lord Roberts referred in a recent despatch.

Despatches from Lorenzo Marques reiterate the statements that Secretary of State Reitz started for Europe recently on a Dutch warship.

THE CHINESE MIX-UP.

Shanghai, June 21. — The British Destroyer Whiting, at Che Foo, reports that nothing has been heard from Admiral Seymour's force for six days. The French Consul wires that the British mission at Irang Chow has been looted and the missionaries conveyed to an unknown place by a Chinese General.

Hong Kong, June 21. — Reports have been received here from Canton that owing to the representations of the foreign Consuls Li Hung Chang has consented to remain in Canton.

London, June 21.—The reports of Admiral Seymour's arrival at Pekin and of the safety of the Foreign Legations, originating from Chinese sources and cabled to this city from Shanghai are still unverified. However, the Italian Consul at Shanghai has wired to the Italian Foreign Minister, Marques Visconti Venosta, that the Legations are safe.

The rebellion is spreading far and wide. There is an impression in diplomatic circles here and on the continent that the Allies have not yet grappled with the situation effectively, and that even 50,000 troops would be powerless to do much to control 4,000,000 square miles. The latest story sent out by the Shanghai gossips is that Prince Tuan, president of the Iring Li Yamen, has burned the Imperial palace at Pekin, and that the Empress Dowager has committed suicide.

CANADIAN LOSSES.

Lt. Blanchard Dead—Capt Macdonnell of the Mounted Rifles Dangerously Wounded—Pte. Leonard Dead.

Ottawa, June 21.—The following telegram has been received by the Militia Department:

Cape Town, June 19th, 1900.—Regret to report the following casualties:

Capt. A. Macdonnell, 2nd Mounted Rifles, dangerously wounded in abdomen.

108 Pte. W. Frost, 2nd Mounted Rifles, dangerously wounded, since dead.

46 Corporal H. H. Baines, 2nd Mounted Rifles, slightly wounded.

129 Pte. F. Greenal, 2nd Mounted Rifles, slightly wounded, 2nd Mounted Rifles near Pretoria, June 12th.

Lieut. H. G. Blanchard died of wounds on June 15th.

7,208 Pte. G. W. Leonard, wounded at Zand River, May 10th, died of wounds.

7,820 Pte. J. McElhinney missing May 29th. (Signed) Milner.

Pte, Walter Frost was from Calgary, originally from Crieff, Perthshire, Scotland. Pte. H. Hewitt Baines, Calgary, originally from Lancaster, Eng. Pte. Frank Greenal comes from Calgary, originally from Shrewsbury, Eng. Pte. G. W. Leonard, 22nd Oxford Rifles. Pte. J. McElhinney belonged to the 62nd St. John Fusiliers.

Capt. Blanchard belonged to the Royal Canadian Regiment of Infantry, being an officer of the British Columbia Company. However, he was attached to the Derbyshire Regiment when wounded.

Capt. Macdonnell, before enlisting, was inspector of N. W. M. P. at Regina. He is a cousin of Capt. Archie Macdonnell, of the first Canadian contingent, and he has many relatives in the city. His wife is residing at Peterboro, with her sister, Mrs. L. M. Hayes. Capt. Macdonnell is a graduate of the Royal Military College, Kingston.

A Good Parade.

The parade of the Fifteenth Regiment last evening was by all means the best of the season. There was a good turnout of the members, and both bands were in attendance. They paraded to the hospital lot and were drilled for some time. At intervals the band rendered selections which were much enjoyed by the large concourse of people surrounding the lot.

A Dog Shot.

For some days past a grey hound dog has been hanging about the terrace on Pinnacle street. Last evening, some time, the canine was shot and killed. The owner has not been discovered.

DOWN ON HIS LUCK.

The Hard Fate of Col. Drury, Who Could Not Get His Share of the Fighting.

Extract from a letter from Brigade Quartermaster Sergeant W. H. H. Ponton:—

De Aar, S. A., May 20, 1900.

My Dear Colonel,—I was delighted to get your letter of April 15th. We received the good news of the gallant relief of Mafeking yesterday, and so the war will be over before this reaches you. It seems too bad that we should come so far, and not be given the chance to shine along with our brothers-in-arms, — "the men of Paardeberg." The boys here are anxious to get home now, as they see we have no chance to get up country to the front. It must be hard for Col. Drury, who is without doubt one of the best artillery officers in South Africa, to have to lie at De Aar, and see his Brigade distributed all over the country—"C" Battery, Buluwayo; "E" Battery, Belmont; "D" Battery, one section, Victoria; two section, De Aar; three section, near Belmont.

With others, I applied for a position as scout with Warren's force, as a last resort in order to get on but have heard nothing of it. All our boys would have gone as Mounted scouts, if they had given them the chance, but I fear we are all out of it this time. Both Miller and Gillespie are with "C" Battery. I think they will both do well with the Battery, especially Gillespie. I am sorry to notice that the boys at home do not turn out better with the Battalion. When so many from the old town volunteered for the real thing, the least thing they can do at home is to show the people that "we are not the only ones," and that there are lots more ready to take the places of the boys who have fallen;—and ready too—to keep up-to-date in their drill and efficiency.

It is getting very cold at night here now, and De Aar is the most unhealthy place we ever struck. The funerals never stop apparently—over sixty last month. We buried two of ours lately, both from enteric. Thermometer in the daytime 80 and over, at night 40 and lower. Yesterday evening the temperature fell 18 degrees in less than an hour.

Remember me to all friends and believe me,
Sincerely yours,
W. H. H. P.

P. S.—I am still Brigade Quartermaster Sergeant. The initials R.C.F.A. (Royal Canadian Field Artillery) have been paraphrased here into "Rebel Chasers From America."

Representatives Elected.

At a meeting of the members of the Bridge St. Church held last evening, the following were elected as representatives upon the quarterly official board; Messrs. Jas. Coulson, F. E. O'Flynn, J. H. P. Young, G. H. Pope, Wm. Hopkins, Wm. McKeown, F. A. Larke.

THE BOUNDARY-LINE

Between comfort and discomfort is often very slight. Have you rheumatism or neuralgia? or are you a sufferer from obscure nervous pains? Why suffer longer? You can purchase for 10 cents a bottle of that king of pain—Polson's Nerviline—or you can get a large bottle for 25 cents. It cures promptly. It is sure, pleasant to take, and never fails to cure all kinds of pain. Don't wait an hour but send to any drug store and get a trial bottle. Nerviline, the sure pain cure.

Garden Party.

The Young Ladies of the Sodality, in connection with St. Michael's church, gave a garden party last evening at the convent grounds which proved to be an enjoyable affair. There was a large attendance and the programme presented gave universal satisfaction.

GOOD-BYE, JACK ROACH

The Notorious Crook Goes to St. Vincent de Paul for Twenty Years.

(Special to The Intelligencer.)

Montreal, June 21.—Jack Roach, the notorious crook, who was supposed to have been mixed up with the Napanee bank-robbery, but who escaped punishment in that connection, was sentenced to twenty years in the St. Vincent de Paul penitentiary today. He was convicted some time ago of robbing a merchant named Rooney in a bold manner in his store. The police had been after him for some time, but he managed to elude them until lately.

THEY STRUCK IT RICH.

It was a grand thing for this community that such an enterprising firm as J. S. McKeown secured the agency for Dr. King's New Discovery for Consumption, the wonderful remedy that has startled the world by its marvellous cures. The furore of enthusiasm over it has boomed their business, as the demand for it is immense. They give free trial bottles to sufferers, and positively guarantee a cure in Coughs, Colds, Bronchitis, Asthma, Croup, and all Throat and Lung troubles. A trial proves its merit. Price 50c. and $1.00.

BICYCLE RACES.

Two Interesting Events Took Place Last Night.

The first of a series of bicycle races for a handsome trophy donated by the Cycle and Motor Company, of Toronto, took place at the Agricultural Park last evening. There was a good attendance of spectators and the two events run off gave general satisfaction. At 7.30 the first race for the trophy was called and brought forth five contestants, namely, E. A. Ford, A. Wensley, G. Adams, D. Black and F. Butterfield. Ford and Wensley were at scratch, Adams and Black were given a handicap of 400 yards, and Butterfield one lap, or one third of a mile. The distance was two miles and the contest is to be decided by points, the rider finishing first to receive five and so on down to one.

The lead given to Butterfield was considerable for so short a distance and he won easily, Ford being second. The order of the winners and the time made by each is as follows; Butterfield 5.30, Ford 6.05, Adams 6.06, Wensley 6.37, and Black 6.40.

Pursuit Race

There were four contestants for this event—Ford at scratch, Wensley 200 yards, Butterfield 400 yards and S. Pringle 500 yards. As soon as a rider was overtaken by the contestant behind him he had to drop out, the last man on the track being the winner. Pringle and Butterfield were soon passed by both Wensley and Ford and the two latter rode for nearly five miles, when Wensley was passed by Ford, who proved to be the winner. The prize offered was a medal.

The competition for the trophy will be continued at intervals until September, when the rider having the greatest number of points to his credit will receive the cup.

A CASE OF SILVER.

Was Presented to Mrs. (Rev.) McIntyre Last Night, Accompanied by A Flattering Address.

At the conclusion of the regular prayer meeting in Bridge St. Church last night, a very pleasing event occurred. The ladies of the congregation presented an address to Mrs. McIntyre, wife of their retiring pastor, accompanied by a handsome case of silver. The address was as follows, being read by Mrs. W. W. Chown:

Dear Mrs. McIntyre,—The ladies of the congregation felt that they could not let this opportunity pass without expressing the love and esteem they have for you.

We have witnessed the wisdom, zeal and cheerfulness with which you have discharged the various duties in every branch of the work of the church; and to-night we can truly say, we are bidding farewell to one of the most devoted and consecrated workers whom we have been permitted to have in our midst. By your amiable disposition and winning manner, you have endeared yourself to us all. We regret that on account of your poor health, we have not been permitted to place upon you the positions of honor for which you are so well fitted.

We feel we could not allow you to leave our midst without showing in some tangible way, however small in proportion to your worth, our high regard for you, and as an evidence of this, we ask you to accept this case of silver, and trust that it may often remind you of the many warm friends in the city of Belleville, who will pray that our Heavenly Father will ever watch over and bless you, and Mr. McIntyre, and the children, and that you may be led into greater fields of usefulness in your new home.

Signed on behalf of the ladies of Bridge St. Church.

MRS. A. G. VERMILYEA,
MRS. (Dr.) GALBRAITH,
MRS. HENRY PRINGLE.
MRS. W. W. CHOWN.

Belleville, June 20, 1900.

At the conclusion of the reading of the address the presentation was made by Mrs. (Rev. Dr.) Galbraith.

Mrs. McIntyre was so much taken by surprise at the token of esteem and affection that she was quite unable to reply, and asked her husband to do so for her, which he did in felicitious terms, expressing the heartfelt gratitude of his wife and himself, and stating that he looked back on his four years' pastorate in Bridge St. Church as the most pleasant period in his ministerial career.

Rev. Mr. McIntyre preaches his farewell sermon next Sunday.

LIFE'S HARD PLACES.

Rev. Dr. Talmage's Best Way of Getting Over Them.

Saviour's Power Over Nature—He was at One with Nature, Worked with Her, and She did Obedience to Him.

Washington, June 10. — Dr. Talmage, who is now in Eruope preaching to immense congregations in the great cities, sends this sermon, in which he describes the rough places of life and indicates the best means of getting over them and shows how many people fail to understand their best blessings; text, Mark iv, 39, "And he arose and rebuked the wiind, and said unto the sea, Peace, be still."

Here in Capernaum, the seashore village, was the temporary home of that Christ who for the most of his life was homeless. On the site of this village, now in ruins, and all around this lake what scenes of kindness and power and glory and pathos when our Lord lived there! I can understand the feeling of the immortal Scotchman, Robert McCheyne, when, sitting on the banks of this lake, he wrote;

It is not that the wild gazelle
Comes down to drink thy tide,
But he that was pierced to save from hell
Oft wandered by thy side.

Graceful around thee the mountains meet,
Thou, calm, reposing sea,
But, ah, far more the beautiful feet
Of Jesus walked o'er thee.

I can easily understand from the contour of the country that bounds this lake that storms were easily tempted to make these waters their playground. This lake, in Christ's time, lay in a scene of great luxuriance; the surrounding hills, terraced, sloped, groved, so many hanging gardens of beauty. On the shore were castles, armed towers, Roman baths, everything attractive and beautiful—all styles of vegetation in smaller space than in almost any other space in the world, from the palm trees of the forest to the trees of rigorous climate. It seemed as if the Lord had launched one wave of beauty on all the scene and it hung and swung from rock and hill and oleander. Roman gentlemen in pleasure boats sailing this lake and countrymen in fishing smacks coming down to drop their nets pass each other with nod and shout and laughter or swinging idly at their moorings. Oh, what a beautiful scene!

It seems as if we shall have a quiet night. Not a leaf quivered in the air, not a ripple disturbed the face of Gennesaret. But there seems to be a little excitement up the beach, and we hasten to see what it is, and we find it is an embarkation. From the western shore a flotilla pushing out; not a squadron of deadly armament, nor clippers with valuable merchandise, nor piratic vessels ready to destroy everything they could seize, but a flotilla, bearing messengers of light and life and peace. Christ is in the stern of the boat. His disciples are in the bow and amidships. Jesus, weary with much speaking to large multitudes, is put into somnolence by the rocking of the waves. If there was any motion at all, the ship was easily righted; if the wind passed from starboard to larboard, or from larboard to starboard, the boat would rock and, by the gentleness of the motion, putting the Master to sleep. And they extemporized a pillow made out of a fisherman's coat. I think no sooner is Christ prostrate and his head touched the pillow than he is sound asleep. The breezes of the lake run their fingers through the locks of the worn sleeper, and the boat rises and falls like a sleeping child on the bosom of a sleeping mother.

Calm night, starry night, beautiful night! Run up all the sails, ply all the oars, and let the large boat and the small boat glide over gentle Gennesaret. But the sailors say there is going to be a change of weather. And even the passengers can hear the moaning of the storm as it comes on with great stride and all the terrors of hurricane and darkness. The large boat trembles like a deer at bay among the clangor of the hounds; great patches of foam are flung into the air; the sails of the vessel loosen and in the strong wind crack their pistols; the smaller boats, like petrels, poise on the cliffs of the waves and then plunge. Overboard go cargo, tackling and masts, and the drenched disciples rush into the back part of the boat and lay hold of Christ and say unto him, "Master, carest thou not that we perish?"

That great personage lifts his head from the pillow of the fisherman's coat, walks to the front of the vessel and looks out into the storm. All around him are the smaller boats, driven in the tempest, and through it comes the cry of drowning men. By the flash of the lightning I see the calm brow of Christ as the spray dropped from his beard. He has one word for the sky and another for the waves. Looking upward, he cries, "Peace!" Looking downward, he says, "Be still!" The waves fall flat on their faces, the foam melts, the extinguished stars relight their torches. The tempest falls dead, and Christ stands with his foot on the neck of the storm. And while the sailors are bailing out the boats and while they are trying to untangle the cordage, the disciples stand in amazement, now looking into the calm sea, then into the calm sky, then into the calm Saviour's countenance, and they cry out, "What manner of man is this, that even the winds and the sea obey him?"

The subject in the first place, impresses me with the fact that it is very important to have Christ in the ship; for all these boats would have gone to the bottom of Gennesaret if Christ had not been present. Oh, what a lesson for you and for me to learn! Whatever voyage we undertake, into whatever enterprise we start, let us always have Christ in the ship. All you can do with utmost tension of body, mind and soul you are bound to do; but oh, have Christ in every enterprise!

There are men who ask God's help at the beginning of great enterprises. He has been with them in the past; no trouble can overflow them; the storms might come down from the top of Mount Hermon and lash Gennesaret into foam and into agony, but it could not hurt them. But here is another man who starts out in worldly enterprise, and he depends upon the uncertainties of this life. He has no God to help him. After awhile the storm comes, tosses off the masts of the ship; he puts out his life boat and the long boat; the sheriff and the auctioneer try to help him off; they can't help him off; he must go down; no Christ in the ship. Your life will be made up of sunshine and shadows. There may be in it arctic blasts or tropical tornadoes; I know not what is before you, but I know if you have Christ with you all shall be well. You may seem to get along without the religion of Christ while everything goes smoothly, but after awhile when sorrow hovers over the soul when the waves of trial dash clear over the hurricane deck and the docks are crowded with piratical disasters—oh, what would you do then without Christ in the ship? Take God for your portion, God for your guide, God for your help; then all is well; all is well for a time; all shall be well forever. Blessed is that man who puts in the Lord his trust. He shall never be confounded.

But my subject also impresses me with the fact that when people start to follow Christ they must not expect smooth sailing. These disciples got into the small boats, and I have no doubt they said, "What a beautiful day this is! How delightful is sailing in this boat! And as for the waves under the keel of the boat, why, they only make the motion of our little boat the more delightful." But when the winds swept down and the sea was tossed into wrath, then they found that following Christ was not smooth sailing. So you have found it; so I have found it.

Did you ever notice the end of the life of the apostles of Jesus Christ? You would say if ever men ought to have had a smooth life, a smooth departure, then these men, the disciples of Jesus Christ, ought to have had such a departure and such a life. But why go into history when we can draw from our own memory illustrations of the truth?

My subject also impresses me with the fact that good people sometimes get frightened. In the tones of these disciples as they rushed into the back part of the boat I find they are frightened almost to death. They say, "Master, carest thou not that we perish?" They had no reason to be frightened, for Christ was in the boat. I suppose if we had been there we would have been just as much frightened. Perhaps more. In all ages very good people get very much affrighted. It is often so in our day, and men say, "Why look at the bad lectures. Look at the various errors going over the church of God. We are going to founder. The church is going to perish. She is going down." Oh, how many good people are affrighted by iniquity in our day and think the church of Jesus Christ is going to be overthrown and are just as much affrighted as were the disciples of my text! Don't worry, don't fret, as though iniquity were going to triumph over righteousness. A lion goes into a cavern to sleep. He lies down with his shaggy mane covering the paws. Meanwhile the spiders spin a web across the mouth of the cavern and say, "We have captured him." Gossamer thread after gossamer thread until the whole front of the cavern is covered with the spider's web, and the spiders say, "The lion is done; the lion is fast." After awhile the lion has got through sleeping. He rouses himself, he shakes his mane, he walks out into the sunlight. He does not even know the spiders web is spun, and with his roar he shakes the mountain. So men come spinning their sophistries and skepticism about Jesus Christ. He seems to be sleeping. They say, "We have captured the Lord. He will never come forth again upon the nation. Christ is overcome forever. His religion will never make any conquest among men." But after awhile the Lion of the tribe of Judah will arouse himself and come forth to shake mightily the nations. What's a spider's web to the aroused lion? Give truth and error a fair grapple and truth will come off victor.

But there are a great many good people who get affrighted in other respects. They are affrighted about revivals. They say, "Oh, this is a strong religious gale! We are afraid the church of God is going to be upset and there are going to be a great many people brought into the church that are going to be of no use to it." And they are affrighted whenever they see a revival taking hold of the churches. As though a ship captain, with 5,000 bushels of wheat for a cargo, should say some day, coming upon deck, "Throw overboard all the cargo!" and the sailors should say, "Why, captain, what do you mean? Throw over all the cargo?" "Oh," says the captain, "we have a peck of chaff that has got into this 5,000 bushels of wheat, and the only way to get rid of the chaff is to throw all the wheat overboard!" Now, that is a great deal wiser than the talk of many Christians who want to throw overboard all the thousands and tens of thousands of souls who are the subjects of revivals. Throw all overboard because they are brought into the kingdom of God through great revivals, because there is a peck of chaff, a quart of chaff, a pint of chaff! I say, let them stay until the last day. The Lord will divide the chaff from the wheat.

Do not be afraid of a great revival. Oh, that such gales from heaven might sweep through all our churches! Oh, for such days as Richard Baxter saw in England and Robert McCheyne saw in Dundee! Oh, for such days as Jonathan Edwards saw in Northampton! I have often heard my father tell of the fact that in the early part of this century there broke out a revival at Somerville, N.J., and some people were very much agitated about it. They said, "You are going to bring too many people into the church at once," and they sent down to New Brunswick to get John Livingston to stop the revival. Well, there was no better soul in all the world than John Livingston. He went and looked at the revival. They wanted him to stop it. He stood in the pulpit on the Lord's day and looked over the solemn auditory, and he said, "This, brethren, is in reality the work of God. Beware how you stop it." And he was an old man, leaning heavily on his staff—a very old man. And he lifted that staff and took hold of the small end of the staff and began to let it fall slowly through between the finger and the thumb, and he said: "Oh, thou impenitent, thou art falling now — falling from life, falling away from peace and heaven, falling as certainly as that cane is falling through my hand—falling certainly, though perhaps falling slowly!" and the cane kept on falling through John Livingston's hand. The religious emotion in the audience was overpowering, and men saw a type of their doom as the cane kept falling and falling, until the knob of the cane struck Mr. Livingston's hand, and he clasped it stoutly and said, "But the grace of God can stop you as I stopped that cane," and then there was gladness all through the house at the fact of pardon and peace and salvation. "Well," said the people after the service, "I guess you had better send Livingston home. He is making the revival worse." Oh, for gales from heaven to sweep all the continents! The danger of the church of God is not in revivals.

Again, my subject impresses me with the fact that Jesus was God and man in the same being. Here he is in the back part of the boat. Oh how tired he looks! What sad dreams he must have! Look at his countenance; he must be thinking of the cross to come. Look at him; he is a man—bone of our bone, flesh of our flesh. Tired, he falls asleep; he is a man. But then I find Christ at the prow of the boat; I hear him say, "Peace be still," and I see the storm kneeling at his feet and the tempests folding their wings in his presence; He is a God. If I have sorrow and trouble and want sympathy, I go and kneel down at the back part of the boat and say, "O Christ, weary One of Gennesaret, sympathize with all my sorrow! Man of Nazareth! Man of the Cross!" A Man, a Man! But if I want to conquer my spiritual foes, if I want to get the victory over sin, death and hell, I come to the front of the boat and I kneel down, and I say, "O Lord Jesus Christ, thou who didst hush the tempest, hush all my grief, hush all my temptation, hush all my sin!"

There is one storm into which we will all have to run. The moments when we let go of this world and try to take hold of the next, we will want all the grace possible. Yonder I see a Christian soul rocking on the surges of death. All the powers of darkness seem let out against that soul — the swirling wave, the thunder of the sky, the shriek of the wind, all seem to unite together. But that soul is not troubled. There is no sighing, there are no tears; plenty of tears in the room at the departure, but he weeps no tears—calm, satisfied and peaceful; all is well. By the flash of the storm you see the harbor just ahead, and you are making for that harbor. All shall be well, Jesus being our pilot.

Into the harbor of heaven now we glide;
We're home at last, at last,
Softly we drift on the bright, silv'ry tide;
We're home at last.
Glory to God, all our dangers are o'er;
We stand secure on the glorified shore!
Glory to God we will shout evermore,
We're home at last.

BRITISH TAKE MACHADODORP

Captured After a Battle in Which Heavy Artillery Was Used.

Boers Are Now Retreating Northward—One Report Has It That Kruger Has Fled and Is Already on the Sea Bound for Europe—Five Days' Truce Between Lord Roberts and General Botha.

London, June 21.—(4.20 a.m.) —The British have penetrated Transvaal territory as far as Machadodorp. Passengers who arrived at Lorenzo Marquez from the Transvaal assert that heavy artillery was engaged, and that the Boers abandoned Machadodorp, retiring northward.

President Kruger is still at Alkamaar.

Boer bulletins regarding Gen. De Wet's operations along Lord Roberts' communications, assert that two convoys were captured, and 300 hundred workmen, with 50 military, taken prisoners.

It is reported from Lorenzo Marquez that a resident of Komatipoort has been arrested and shot by the Boers for complicity in a breakdown of the Malana bridge.

President Kruger's unstamped sovereigns have been offered for sale in Lorenzo Marquez for 20 shillings.

Has Kruger Skipped Out?

A member of the British House of Commons, who has had an important connection with South Africa, is telling a story of a telegram alleged to have been received from Cape Town, which says that Mr. Kruger has really escaped, and is already on the seas, bound for Europe, and that the person occupying the Executive car is not Mr. Kruger, but a substitute.

Advices from Pretoria, dated June 17, say that an official warning has been issued to the effect that any further wrecking depredations will be followed by the demolishing of the farms on both sides.

The Pretoria correspondent of The Daily Telegraph, in a despatch dated Sunday, says:

A Five-Day's Truce.

"An informal truce for five days is in operation between Lord Roberts and Commandant-General Botha."

KITCHENER'S NARROW ESCAPE.

The Boers Nearly Had the Hero of Khartoum at Kapjes' Station.

London, June 21.—Lord Roberts yesterday afternoon reported that Gen. Hunter had ocupied Krugersdorp (west of Johannesburg) without opposition and that Gen. Methuen on June 19 routed a Boer force, which was opposing his entry into Heilbron in the Ornage River Colony.

Kitchener's Narrow Escape.

According to a Cape Town despatch Gen. Kitchener himself had a narrow escape from capture in the engagement at Leeuw Spruit on June 14. Gen. Kitchener's sleeping car was at Kapjes' Station, when the Boers, under Gen. De Wet, suddenly opened a rifle fire at 3 a.m. Kitchener managed to reach his horse and galloped to Rhenoster, two miles distant. The Boers numbered 900 men, with three guns. They burned the culvert which had just been rebuilt and derailed the train.

HUTTON CAPTURES TWO GUNS.

Canadians Are in His Brigade—Railway Communications Restored.

London, June 21.—The War Office has received the following despatch from Lord Roberts:

"Pretoria, June 20.—Hunter's advance column occupied Krugersdorp without opposition, June 18th.

"Methuen, who was escorting a large convoy to Heilbron, yesterday routed a force under Christian De Wet, who endeavored to prevent him from entering the little town. Methuen had only three casualties.

"Baden-Powell left this city to-day on his return to Rustenburg. The country is quieting down in that direction. This satisfactory state of affairs will be materially assisted by the capture between here and Rustenburg, June 19th, of two guns by Hutton's mounted infantry from a body of the enemy under Commandant Duples is. Railway and telegraph communication with Cape Town is now completely restored.

"All is quiet here at Johannesburg. The shops are open and the market is daily becoming more crowded and businesslike."

A Pretty June Wedding.

On Wednesday evening, June 13th, the home of Mr. and Mrs. James Mather, sr., of Thurlow, was well filled with guests, who had assembled to witness the marriage of their daughter Emma to Mr. Fred W. Balcanquel. Under an arch on the verandah, prettily decorated with evergreens and Union Jacks, the vows were taken, Rev. A. Rannie officiating. The bride and bridesmaid, Miss Tulloch, of Stirling were dressed in white with lace and ribbons, and looked exceedingly well. The groom was supported by his cousin, Mr. McFarland, of Melrose. Both the bride and groom are well known and have the best wishes of a host of friends for their future happiness and prosperity.

The Marvellous Record of Cures Made by Dr. Pitcher's Backache Kidney Tablets in Every Section of the country is Always Backed by Home Evidence. Belleville Proof.

John Caton, contractor, corner Wharf and Pinnacle St., says: "Dr. Pitcher's Backache Kidney Tablets are all right. I had been about laid up when I read about them and procured a bottle from Alex. Ray's drug store. I hurt my back when I was a boy and ever since, when I did any heavy lifting or I took cold, I was almost sure to have a lame back. I would have dull, grinding pains over my kidneys and an extreme sensitiveness that caused sharp pains to shoot through me when stooping or rising from a chair. I was very bad when I began using those tablets. I have used but one bottle and that trouble has entirely disappeared. Yes, I pronounce these tablets all right."

Wm. H. Ackerman, McAnnany St., says: "I have used Dr. Pitcher's Backache Kidney Tablets that our druggist Alex. Ray brought to the city and I can vouch for their being all right. My kidneys caused me much suffering and inconvenience. I have been so bad I could not turn in bed and these spells would come on me without any notice or extra exertion. When I began using Pitcher's Tablets I was in a bad way, but they removed the trouble and strengthened my kidneys. I was relieved of indigestion caused by the acidity of my system. I am not now suffering from backache or headaches and I credit this change to using those tablets. I found much relief from a desire to urinate frequently. They acted as a general tonic. I am not suffering from dizziness as formerly."

If you have the slightest sympton of Kidney or Bladder trouble, you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two-cent stamp for postage to The Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

THE PEKIN LEGATIONS SAFE.

Arrival of Admiral Seymour at the Chinese Capital.

The Fact Has Not Yet Been Officially Verified Rebellion Is Spreading Far and Wide, and There Is a Feeling That the Allies Have Not Yet Grasped the Situation—30,000 Troops Would Not Be Sufficient.

London, June 21.—(3.50 a.m.)—The reports of Admiral Seymour's arrival at Pekin and of the safety of the foreign legations, originating from Chinese sources, and cabled to this city from Shanghai, are still unverified. However, the Italian Consul at Shanghai has wired to the Italian Foreign Minister, Marquis Visconti-Venosta, that the legations are safe.

Rebellion Spreading.

The rebellion is spreading far and wide. There is an impression in diplomatic circles here and on the Continent that the allies have not yet grappled with the situation effectively, and that even 50,000 troops would be powerless to do much to control 4,000,000 square miles.

SEYMOUR REACHED PEKIN

On Sunday Afternoon—Killed 500 Chinese Who Attacked His Column on the Way.

London, June 21.—A news agency despatch from Shanghai, dated June 20, says: "After an arduous march and frequent fighting with the Chinese, Vice-Admiral Seymour arrived at Pekin Sunday afternoon. On five occasions the Chinese attacked the column in great force. There were many mounted men among the Chinese, but most of the natives were badly armed. At times they fought with admirable courage and bravery. The losses of the Chinese during the march are estimated at five hundred killed. The losses of the foreigners were trifling.

"The exact state of affairs inside of Pekin it is impossible to describe, in view of the many conflicting reports, nothing having been received from the legations or foreigners there.

"Surprise is expressed that a large force of Indian troops has not been ordered here."

The Legations Were Safe.

The Shanghai reports, originating from Chinese sources, and credited by the local foreign officials, state that the legations at Pekin were safe on Sunday, June 17. Admiral Seymour, with a relieving column, is reported to have reached Pekin.

FROM REAR ADMIRAL BRUCE.

His Communications With the Allied Authorities Harmonious.

London, June 20.—The British Admiralty has received a telegram from Rear Admiral Bruce, dated Taku, June 18, via Che Fu, June 20. After a mere mention of the capture of the forts at Taku, Admiral Bruce adds:

"The Chinese admiral was present with the allied fleet, his flag flying from a cruiser. At a meeting June 17 he agreed to anchor with the fleet, putting out his fires.

"No news from the Commander-in-Chief and the advance guard. A heavy fire was heard at Tien Tsin the night of June 17.

"Three thousand Russian troops, commanded by a Major-General, are here.

"My communications with the allied authorities are most harmonious."

Kempff Is Standing In—and Out.

Washington, June 21.—The Navy Department has received a cablegram from Admiral Kempff, dated June 20. He says the Taku forts were captured by the other foreign forces; that heavy firing was heard at Tien Tsin on the evening of the 17th inst. There are 300 Americans ashore. On May 31 the number of foreign troops at Pekin was 430. There are 6,000 men ashore now at Che Foo and about 3,000 troops, Russian, German and English have just arrived.

A FISHING PARTY LOST.

Mr. James King, Lumber Merchant Quebec, Among the Six Victims.

Cedar Hall, Que., June 21. — A dreadful boating catastrophe occurred here yesterday afternoon, resulting in the drowning of a fishing party, composed of Mr. James King, the well-known lumber merchant of Quebec and ex-M.P.P for Megantic; Mrs. Nolan, wife of Mr. R. Nolan, manager of Messrs. King Bros.' saw mill here; her son and three men named Joseph St. Pierre, Alfred DesChamplain and Joseah Fournier, all single and aged about 20. The party were out fishing in Lake Metapedia about 4 o'clock, when a sudden gale sprung up and upset their sailboat, throwing all into the water. The lake is very deep and has many eddies. The accident was witnessed from the shore, but, there being no boats available, no assistance could be rendered. It was fully an hour later when a boat was procured and search made for the bodies, but up to a late hour the only one recovered was that of Mr. King. Mrs. Nolan leaves a husband and a young child three years old.

Will Not Drop Roosevelt.

Philadelphia, June 21.—Theodore Roosevelt will probably be nominated for Vice-President. Late last night it seemed as if the stampede his way could not be averted, and even Senator Hanna seemed to see it for he said: "Since President McKinley is to be nominated without a dissenting voice, it is my judgment that Gov. Roosevelt should be nominated for Vice-President with the same unanimity." The platform has been adopted.

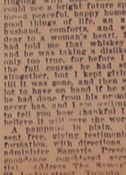
WOMAN'S PLUCK WINS

A Lady Who Cured Her Husband of the Liquor Habit Writes a Pathetic Letter



She writes: "I had for a long time been thinking of trying the Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another lot to have on hand if he should relapse, as he had done from his promises before. He never has, and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

A pamphlet in plain, sealed envelope sent free, giving testimonials and full information, with directions how to take or administer Samaria Prescription. Correspondence considered sacredly confidential. Address The Samaria Remedy Co., 23 Jordan street, Toronto, Ont.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

HOUSE OF COMMONS.

Liberals Will Give No Preference to Home Grown Tobacco.

Ottawa, June 21.—In the House yesterday afternoon Mr. Morrison asked Sir Wilfrid Laurier if any steps were being taken to form a stable Government in British Columbia.

Sir Wilfrid said that the whole matter was receiving the closest attention of the Government, and he had hoped yesterday to make an announcement, but owing to circumstances that announcement would have to be postponed.

The chief matter discussed was a motion of Mr. Clancy that the excise duty of 5 cents a pound be taken off Canadian grown tobacco. In speaking to his motion he said the Government was now in possession of a surplus that, unless it was used to lessen the burdens of the people, was wholly useless. Some of this surplus should be used by remitting taxation. He recognized the fact that the Canadian tobacco, comprising 60 per cent. of the tobacco used in Canada, was a legitimate object of taxation. Yet he felt his motion could be carried out with profit. It would result in added stimulation to the native tobacco, and would reduce the price of tobacco to the consumer by five cents a pound.

Mr. Fielding replied that the present question really was that the duties were too high upon imported tobaccos. Mr. Clancy's motion would discriminate too much against imported tobacco. Much encouragement had already been given to native tobacco growers, and the time was not yet ripe for further aid.

The motion was voted down by 68 to 38, Mr. Stubbs voting against the Government.

The House adjourned at 12.45, after making much progress with public works estimates.

RATIONS ENQUIRY ON ALL DAY

Hon. Dr. Borden on the Stand Told How He Did It.

Hatch, the Rival of Dr. Devlin Told What He Knew of the Matter—How the Customs Duty Was Paid—Collector White Got the Money Just Before Appearing Before the Enquiry—Evidences of Other Witnesses.

Ottawa, June 21. — When the Rations Committee met yesterday morning Dr. Borden was examined, being sworn at his own request. He spoke of the contract entered into with Dr. Devlin. In December, 1899, Devlin offered to supply rations similar to those tested in Kingston. Dr. Borden directed Devlin to Lieutenant-Colonel Dr. Neilson.

Dr. Neilson laid down as the basis of a contract that the food tested at Kingston should be the standard of the food contracted for, and in a letter to Dr. Borden stated that: "This substance thoroughly tested on five members of H Battery last year."

On January 4 the contract was approved by the Minister. Every reasonable precaution was taken to ensure that the food contracted for was supplied to the Government. A certain number of boxes were taken from cases at Halifax and brought to Ottawa to be tested. The analyst of the Inland Revenue Department was given a sample of the Kingston food, and a sample of the food sent to South Africa. These two samples were then analyzed. The result of this analysis is already known.

What Devlin Said.

In regard to the complaint received from Henri Hatch, Dr. Borden said that he inquired of the department, and was informed that proper precautions were being taken, and consequently he did not think that any further action in the matter was necessary. Dr. Devlin had assured the Minister that the food he (Devlin) intended to supply was the same as the food successfully tested at Kingston.

Dr. Borden had then sent Devlin with a sample of his food to Dr. Neilson, the Director-General of the Medical Stores, with instructions to Neilson to see that this food was really the same as the food tested at Kingston. He had not noticed the dissimilarity between the name of the food tested at Kingston and the name of the food which Devlin sold the department. The one was known as Hatch's "protose," the other as Devlin and Lyons' "vitaline." In the department the only name given the food was "vegetable proteid."

Dr. Borden was confident that if the analysis disclosed anything irregular he would have been informed of it by Dr. Neilson or some of the department officials. No report of the analysis was ever made to him, and consequently he concluded that everything was all right.

The Minister emphatically denied any knowledge of the fact that the food was being brought to Montreal from the United States, and had never given any order for the free entry of the rations, nor had he any knowledge as to Devlin's place of manufacture.

It Is the Same.

"I have no doubt at the present moment that the food supplied to the troops was identical with the food tested at Kingston," said Dr. Borden.

"Even after the analysis, which shows that the rations purchased contained only 16 per cent. proteids?" asked Mr. Casgrain.

"Yes, even after that analysis," was the Minister's reply.

Hatch Gives Evidence.

Mr. Henri Hatch, the Austrian food chemist, was next examined. He owns the "Hatch Protose Factory" in Montreal, and is the sole manufacturer of "Protose," a duly registered concentrated food product containing 85 per cent. proteids or tissue-producing elements. Samples of the food tested at Kingston were exhibited. They were in the shape of small brown biscuits and contained on the average 60 per cent. proteids. The cost price of the food was about $1.25 per pound. Mr Hatch explained that he had purchased a sample of Devlin's food from the Vitaline Company through the agency of a man named Moore. This sample he had analyzed by a Montreal analyist, and the result showed that the food contained about 17 per cent. proteids. Comparing his own food with the food manufactured by Devlin, Mr. Hatch said that "Protose" differed visibly from "Vitaline," both in color and texture. The witness declared that Devlin's "Vitaline," as analyzed in the Interior Department, was not by any means a concentrated food, and as an emergency food was quite useless. If the food tested at Kingston had contained no more than 16 per cent. proteids the test would have been declared unsuccessful within five days.

The committee adjourned till 3 o'clock in the afternoon.

Will Call Prof. Ruttan.

The committee re-assembled at 4 p. m. The committee decided to summons Prof. Ruttan to appear before the committee to-day.

Hatch Again Called.

The examination of Henri Hatch was continued. Asked what he thought were the contents of the two samples produced and said to be respectively Hatch's protose and Devlin's food, Mr. Hatch replied that they were composed of starch and proteid to the extent of 16 per cent., baked in a biscuit and ground. He never heard of such a thing before. There could be no uniformity in the consistency of a biscuit so made. Neither of the samples was his food.

In Sterilized Glass Jars.

Mr. Hatch declared that his food was put up in sterilized glass jars. If he sent it by water he would send it hermetically sealed and in sterilized tin cans. If damp air reached his food, it would immediately begin to decompose. In the course of the evidence of Mr. Hatch said that The Morning Herald asked him to pay for the printing of labels for vitaline. He refused to pay the account because he had never given the order. He produced the original printer's copy, got from The Herald office. It was in Devlin's handwriting. This copy was an exact counterpart of the label on the tin of food handed in with Mr. Devlin's tender.

Another bit of copy got by Mr. Hatch from The Herald was also in the writing of Mr. Devlin, and from it the label put on the food sent to South Africa was printed.

The foreman of the printing office will be summoned to tell when those labels were really printed.

Mr. Hatch gave a long description of his food, and declared the weakest contained 30 per cent. proteids. An emergency food was practically useless unless it contained 50 per cent. proteids. Asked if any of his food sent to Kingston contained only 17 per cent., he said it was not possible, though he confessed that during the third week of the test his wrist gave out, and the food was baked by a well-known Montreal baker. He would not swear to the percentage in the food made by this baker during six days, but the witness prepared the ingredients, and all the baker had to do was to knead them and bake them. He thought that none of it contained less than 60 per cent.

Devlin's Worth 25c Per Pound.

As to the value of the stuff in the samples of Devlin's food, Mr. Hatch said if it was vegetable proteid it was worth from 20 to 25 cents. If animal proteid, it would be worth more, though it would not be more valuable.

Hatch Process a Secret.

To Dr. Russell, the witness said that his process was a secret, though while he worked at Dr. Devlin's house the machinery used was worth not more than $10.

"Is the raw material made in Canada or elsewhere?"

After Dr. Russell had put the question a dozen times with ever-increasing heat, Mr. Hatch said: "I do not choose to answer you."

"That is, you refuse to answer?" asked Dr. Russell.

"This looks suspicious," smiled Archie Campbell.

The question was changed, and Mr. Hatch said that he got part of the raw material used in making the food tested at Kingston in Canada and part out of Canada.

"Where do you get the proteids?"

"I make the proteids."

Prompted by Dr. Devlin, Dr. Russell asked: "How do you spell your name?"

"H-a-s-c-z-z," was the answer. Dr. Russell tested the witness' expert knowledge, and caught a tartar. In this bout Dr. Russell showed his hair-splitting proclivities, and tried to work an advantage on the strength of the Austrian's lack of knowledge of the English language. In comparison with the witness, however, the diminutive doctor did not know how many beans counted five.

Hatch and Devlin at Law.

The relations of Dr. Devlin and H. Hatch were gone into by Dr. Russell. The two parted company Jan. 15, since which time they have had no amicable dealings, and a lawsuit between the two is in progress.

Chairman Belcourt objected to the production of the articles of agreement between the two, signed prior to Jan. 15. The art of objecting has been chronic with the chairman. The majority of the committee were against the chairman, and the agreement was received.

The committee rose at 6.30.

The Evening Session.

When the committee met again at 8.15, Napoleon Martin, landing waiter of customs at Montreal, gave evidence. He said he saw two large Saratoga trunks and one paper package of emergency food come into the Bonaventura Station at Montreal from New York on Jan. 11, 1900. They were on the train as ordinary baggage and bearing checks. The package had no check. Dr. Devlin was the passenger who had the checks, so he was told by another customs officer. Dr. Devlin was told that the trunks could not be delivered without an order from the customs. When the collector sent the order the package was opened by Officer Cauchon. The order came on Jan. 16 and said: "You may give delivery to two trunks and one parcel containing prepared food for second Canadian contingent. R. S. White, Collector of Customs." On Jan. 18, four other trunks came and Dr. Devlin presented another from R. H. White, granting delivery of all. The witness knew nothing of 900 pounds now stored at the customs warehouse. He had been told about it, but it did not come as baggage. If it came as baggage he would have seen it.

To Dr. Britton the witness said the stuff was delivered on the order of R. S. White. The trunks were heavier than ordinary baggage.

Mr. White on the Stand.

"Under what circumstances did you cause to be delivered the trunks just spoken of?"

The witness answered: "The goods were not delivered free of duty, but only pending receipt of permit for free entry."

On Jan. 12 Dr. Devlin called on R. S. White and told him he had in the trunks prepared food that was going to be sent to South Africa. He said he would get a permit of free entry from the Militia Department. The same thing happened in regard to the other trunks. A portion of the goods was entered for bond, in all, 900 lbs. This was under R. S. White's control now. R. S. White never got the permit Dr. Devlin promised to get. He confessed it was his duty to have followed up the matter by getting the permit or detaining the goods.

His mind was recalled to the matter when it came up in the House. He communicated with Dr. Devlin, who said that he had also overlooked the matter. Then Dr. Devlin paid $110, on a basis of 30 cents a pound duty. This was deposited within the last week, a cheque for $60; another for $80. Neither is an accepted cheque. It was on an unenumerated article and was 20 per cent. It covered the whole duty on 223 pounds delivered to the Government.

White Asked for the Duty.

The application for payment of duty was first made by Mr. White in person and then afterwards by letter. At first Dr. Devlin said he would get a permit from the Militia Department but Mr. White demanded the duty and the cheques at the eleventh hour were obtained. Mr. White was asked why he did not present the cheques for payment, knowing the Government had paid Dr. Devlin for the food? The answer was that he did not have time yet.

In answer to other questions, Mr. White said that Dr. Devlin was accompanied by John T. Lyons, when free delivery was requested on Jan. 12. Mr. White was satisfied the goods were for the Government, because Dr. Devlin told him so. Mr. White acted on the doctor's words.

From Jan. 10 to June 20, Mr. White admitted that he was uncovered for the duty charges on these rations, but he declared it was not the fault of Dr. Devlin, but his own fault.

Mr. White Protected Himself.

"How long have the 900 pounds been in the customs?" was asked.

"Since Monday, this week," replied the witness. He said that prior to that, and since Jan. 10, they had been in Dr. Devlin's house in Montreal. He understood that Dr. Devlin had brought in more than the 2,230 pounds required by the Government. The 900 pounds were part of the six trunks and one package. Mr. White insisted upon the removal of the 900 pounds to the customs, to be held in bond, and not released till an invoice was presented, with Mr. White's order. Mr. White sent a carter to Dr. Devlin's house on Monday, June 18, and found the goods in five trunks. There were in all nine bags, each weighing 100 pounds. No invoice was presented.

Will Bring Up a Bagful.

At this stage, it was suggested that 100 pounds of the 900 pounds be brought to the committee, but the chairman did not think the committee had the power to bring up any of the bonded goods. Finally, it was agreed that 100 pounds should be brought up.

"Are you sure the food is there, Mr. White?" asked A. Campbell.

"I have only the word of Dr. Devlin," replied Mr. White.

"I won't get caught again," said Mr. White, when he left the witness chair.

Two letters referred to by Dr. Borden in the morning were read. One was from Dr. Devlin to Col. Neilson, and was dated Feb. 18, 1900. In it he speaks of the "Emergency Ration" as "My Ration."

The other was from H. Hatch to Dr. Borden, shortly after the Ottawa fire, soliciting an order for 60 per cent. proteid food.

Mr. Bessiere of Montreal, an agent for condensed foods, was next examined. He was soliciting orders for his foods. Called on the Militia Department in March, 1898. When South African war broke out, he saw Col. Neilson, and again solicited orders. He was told the Government would give no orders for rations. His rations cost 68 cents a pound. These were supplied to the British army. He had supplied rations to the Geological Department, and was known to Col. Neilson.

The committee adjourned at 9.45 p.m.

GOLDEN MEDICAL DISCOVERY
If a medal were awarded for the most perfect temperance medicine prepared for family use it would undoubtedly be given to Doctor Pierce's Golden Medical Discovery. This medicine which is entirely non-alcoholic and non-narcotic, produces actual strength, instead of the simulated strength which results from the use of "whiskey medicines," or nerve numbing narcotics.
The many and remarkable cures resulting from the use of "Golden Medical Discovery" prove the soundness of Dr. Pierce's theory that in these days of haste and hurry the stomach is the common breeding place of disease. These cures also prove the soundness of Dr. Pierce's reasoning that "diseases which originate in the stomach must be cured through the stomach." The "Discovery" is a medicine for the stomach and other organs of digestion and nutrition. When the stomach is healthy the blood made in the stomach is healthy, and sufficient in quantity to nourish the nerves and strengthen the system to resist or throw off disease. Nature develops life, sustains life and preserves life by nourishment. Vital failure comes when the body is starved either from lack of food or the inability of the digestive and nutritive organs to extract the nourishment from the food taken into the stomach. "Golden Medical Discovery" takes the obstacles from Nature's way so that she can sustain life by her own methods.
Dr. Pierce's Pleasant Pellets assist the action of "Golden Medical Discovery."

COOMASSIE HAS NOT FALLEN.

Garrison Still on Half Rations—Sir Fred Hodgson and Wife Well.

Cape Coast Castle, June 19. — The garrison at Coomassie is still on half rations. Sir Frederick Hodgson, Governor of the Gold Coast Colony, and his wife, who are besieged there, are rations. Sir Frederick Hodgson, Gov well. The Ashantee ammunition is giving out. Three hundred natives were killed in the fight between the rebels and the West African frontiersmen under Capt. Wilson on June 16.

Itching Piles,
Chafing, and All Itching Skin Diseases are Absolutely Cured by
DR. CHASE'S OINTMENT
Experience teaches slowly and at great cost. If you would profit by the experiences of others, put an end to experimenting, and cure yourself thoroughly and permanently by using Dr. Chase's remedies. They have stood the test.
ECZEMA ON THE HEAD.
Mrs. Joseph Querin, Ethel, Huron Co., Ont., writes:—"I was troubled with eczema on the head and face for about 9 years. My head was a mass of scabs, and though I tried the doctors I was all the time getting worse. I finally began to use Dr. Chase's Ointment, and to my surprise obtained relief from the first application. Three boxes have cured me, and I would not begrudge $200 for the benefit I have derived from this great remedy. Dr. Chase's Ointment is of almost daily use in the home, and I would advise everybody to keep some on hand."
CHAFING.
Mr. M. A. Smith, Brockville, Ont., writes;—"I suffered many years with chafing, burning, and itching of the skin, and never found anything to do me good or even give relief until I used Dr. Chase's Ointment. I would advise all sufferers, and especially bicycle riders, to always have it on hand."
SALT RHEUM.
Mr. James McIsaacs, 25 Elgin St., Ottawa, Ont., writes;—"I suffered with salt rheum for upwards of ten years, the skin on my hands cracking and breaking so as to make them useless. After trying all sorts of remedies in vain, I became discouraged and thought my sufferings would never end. Last spring I used Dr. Chase's Ointment and in a short time was perfectly cured." Dr. Chase's Ointment is of unparalleled merit as a cure for all itching skin diseases. All druggists.
ITCHING PILES.
Mr. F. G. Harding, a retired farmer, living at Nilestown, Middlesex county, Ont., writes as follows;—"I have been troubled with bleeding and itching piles for four or five years, and suffered intense agony at times. I had tried almost everything, but could get nothing that would give relief. On hearing of Dr. Chase's Ointment I procured a box, and it only required part of it to completely cure me. I am recommending it to all afflicted as I was."
Imitators of Dr. Chase's Remedies don't dare to reproduce his portrait and signature, which are on every box of his genuine remedies. For sale at all dealers, or Edmonson, Bates & Company, Toronto, Ont.

SIR HENRI JOLY

Gets the Lieutenant Governorship of British Columbia, Which Will Be Vacant by McInnes' Dismissal.

Ottawa, June 21.—The attitude of the Lieutenant-Governor of British Columbia will force the Government to dismiss him. This will be the second case on record where a provincial governor has been dismissed summarily. The other case is that of Letellier.

Sir Henri Joly Accepts It.

It was stated last night on good authority that Sir Henri Joly has been offered and has accepted the Lieutenant-Governorship of British Columbia.

H. G. Carroll of Kamouraska, Que., will be offered the portfolio of Minister of Inland Revenue.

It Will Be War to the Knife.

Vancouver, B. C., June 21.—The news of the dismissal of Governor McInnes fairly startled all here. The conduct of the Dominion Government is simply suicidal in appointing a French-Canadian, violent pro-Chinese man like Sir Henri Joly as Governor, as has been reported. The labor men are already strongly hostile and there is any amount of grumbling going on amongst them and to a large number of Liberals the appointment is most unpopular, even offensive. It is freely said, if Sir Henri Joly attempts to air his pro-Chinese proclivities here there will be war to the knife right off. The feeling here on that question runs high now.

TIMELY TOPICS.

Between the two sets of war names a fellow is liable to get a little mixed. For instance, the despatches from Onelungberg would look bad dated from Shanghairoosterfontein. These names are very confusing.

• • •

The Chinese names are harder than the Boer, but the heathens can't hide behind their names and shoot, like the Dutchmen did behind their kopjes.

• • •

"Ah there, my forts," said the warships, "I will Taku." Take your time, that's an easy one.

• • •

Nobody is going to deny that Mr. Tarte has been advertising Canada, though a few people may find fault with his methods. The people of Great Britain now, who don't know Mr. Tarte as well as we do, must think it funny to hear a Minister of the Crown use the following language: "Should the time ever come when it should be necessary for me to choose between being a Minister and remaining French, I should remain French."

• • •

We believe that most Canadians would be very glad to see the time come when Mr. Tarte could take his choice and leave Canada for good.

• • •

In addition to the above remarks quoted, Mr. Tarte informed his hearers that in the event of a war between Great Britain and France the French-Canadians would stand aloof.

• • •

We don't believe Mr. Tarte was telling the truth when he said that. He can speak for himself and truthfully say that he is an ingrate and a traitor, but we doubt his right to include his fellow-countrymen in the same category. One thing however, is sure—it is just about time this mixture of conceit and depravity was called down. He has surely got to the end of his rope.

Kingston Whig: "A citizen stated to-day that some of the soda-water being sold in the city is simply vile. The ice-cream of some soda-water vendors, he says, is as tasteless as frozen snow." The Kingston people ought to know by this time that drinking too much cheap beer spoils the taste for light beverages.

• • •

Isn't it about time we formed some sort of a vigilance committee and went down to Kingston to hang the Whig man. Just read this, which he had in his paper last night:

"There were a number of people at Swift's wharf yesterday to see the steamer Hero come in. She brought a large number of soldiers from Belleville and vicinity. One woman looked at them, and, addressing a gentleman standing near, asked: 'Are these our boys just returning from Africa?'

"'No, madam, they are volunteers arriving to go into camp,' explained the gentleman.

"'They look pretty rough,' said the woman, 'that's what made me think they were from Africa.'

"It may be explained that the soldiers were from Belleville, and no one could blame the woman for being mistaken."

A French astronomer has discovered a spot on the sun, which he says is an indication that the next three months will be very hot. How would you like to be the ice man?

• • •

Things were very quiet yesterday afternoon. Standing on Front St., with hardly anybody in sight, you would almost believe you were in Kingston.

• • •

A story is told—you can believe it if you want to—of a couple of harum-scarum young people who last Sunday climbed up on to a roof and looked down a skylight into the interior of a Chinese laundry. It is said that all the Chinese in the city were on their knees around their Joss—one of the ugliest images you ever clapped your eyes on,—while fiendish yells and horrible sounds from Chinese instruments of music rent the air.

• • •

Our informant says, from the noise they made, that he believes the local Chinese belong to the Boxers.

• • •

Complaints are made that branches on many of the trees on some of our streets hang too low. Passing along at night people get their hats knocked off and faces scratched. Trim the trees.

• • •

The phrenologist who was in Belleville for some time paid a visit to Kingston, but he has prepared to make his escape from there. He says the good people of the Limestone City have bumps on their heads, but he don't know what to call them unless they are bunions.

The Ottawa Citizen shouts "Laurier is lost!" Laurier may be lost, but the Grits can't lose Tarte; he is their Old Man of the Sea.

The girls in the States have a keen eye for the main chance. They are accused of marrying old soldiers, so as to get their pensions after they die. The girls are pretty old soldiers themselves.

There was a big crowd of Conservatives in Alberta Hall this afternoon, and plenty of enthusiasm was displayed. An air of confidence was noticeable. The standard-bearers of the Liberal-Conservative party in West Hastings are sure winners, whoever they may be.

• • •

The Oswego Palladium doesn't believe in the justice of the Philippine war. It says: "If the thirty million dollars squandered monthly in making a useless and wicked war upon people who never offended us were spent in making good roads and so giving employment to thousands of workmen, how much better it would be."

• • •

Some of the bathing suits worn by the small boys who bathe in the Moira are fearfully and wonderfully made.

• • •

It will make a lot of people angry to find out that they could have cabled sick and wounded soldiers in Africa at reduced rates for a long time past—if they had known it. The Government knew it, but they did not think it worth while to tell the people of Canada. The fact of the matter is the Government is so busy giving out dredging contracts and wondering what tom-fool thing Tarte is going to say next that they haven't got time to think about doing their duty.

• • •

And so honest old Sir Henry Joly is to be packed off to British Columbia. With Tarte back and Joly gone the reign of corruption will have full swing. As the Hon. Jisrael would say—"Wait till you see 'em next year."

• • •

It looks as if that British Admiral would Seymour than he bargained for in China.

The kaffirgrams from China are very lurid. With rivers of blood running, palaces in flames, and the Dowager Empress already committing suicide, the correspondents can safely be said to be off to a good start.

The Park is getting to be a very popular resort. People take their lunches with them now and make a day of it. Like the hard-boiled egg which the picnickers take with them, the Park fills a long-felt want.

KINDLY REMEMBERED.

Mrs. Rev. Hill the Recipient of a Handsome Present.

At the Tabernacle Church last evening there was a large gathering of the members and adherents of the church, the object of which was to bid farewell to Rev. Mr. Hill and wife, whose labors with that church are about ended. The gathering was under the auspices of the Ladies' Aid. Mr. W. H. Gordon was chairman fulfilling his duties acceptably. After the singing of an anthem by the choir, Prof. Faull read an address from the Epworth League, which expressed regret at the departure of Mr. and Mrs. Hill and wished them every success in their new field of labor. Resolutions from the congregation of a congratulatory nature were presented by Mr. D. T. Rutledge. Mr. E. R. Gordon rendered a solo. Miss Foster, Mrs. C. F. Nicholson, Messrs. E. R. and M. Gordon were a quartette and sang most acceptably. Miss L. Foster gave a solo and following this was an address from the Ladies' Aid, read by Mrs. J. McCurdy, accompanying which was a handsome secretary for Mrs. Hill, who replied feelingly. The address was as follows;

Belleville, June 20, 1900.

Dear Mrs. Hill,—The congregation of the Tabernacle Church are, by the expiration of the ministerial term of our church, called upon to say good-bye to you, their beloved friend. We will ever cherish a grateful remembrance of the Christian activities, the social enjoyments and the gratifying success in which we have participated during your sojourn among us. Your devotions and labors have endeared you to us and we submit to the separation in respectful obedience to the authority of the church. We have been permitted to rejoice together during another prosperous term, and while we would give God all the glory, we must remember this has not been achieved without much self-sacrifice, generous and patient labor on the part of many, to whom all honor is accorded. We rejoice to feel and know there are bonds of love and labor between us that are not to be broken while life shall last. We feel we shall be sisters still. The members of the different societies of the church take pleasure in bearing testimony to your cheerful and faithful co-operation in all branches of church enterprise. We will fervently pray for your continued efficacy and prosperity in your new field of labor, trusting the remembrance of your earnest, loving piety may inspire us to greater faithfulness in all good words and works. We would here express our regret at your removal and ask you, on behalf of the congregation, to accept this secretary as a token of our esteem for you, which may remind you of loving friends in the Belleville Tabernacle. Signed on behalf of the congregation,

A. POST, K. McCURDY,
M. GARDEN, E. ASSELSTINE.

At the conclusion of the programme refreshments were served and some time spent in social intercourse.

Rev. Mr. Hill will preach his farewell sermon on Sunday evening next.

Do you read what people say about Hood's Sarsaparilla? It is curing all forms of disease caused or promoted by impure blood.

WALTER MILLS WRITES.

A Vivid Description of Paardeberg's Fateful Field—What the Canadians Endured.

Main Barracks,
Cape Town, May 9, 1900.

My Dear Captain Stewart,—I am afraid you think I have forgotten you, but that is not the case. I have wanted to write you very often, but I have been either sick, or so busy that I hadn't time to write. I hope you will forgive me for not writing before. I should like to give you a complete description of all we have gone through since we landed in Africa, but that would be impossible, on paper. I will try and give you a brief description of the fight at Paardeberg. On Saturday evening we started from Klip Drift at about six o'clock. We marched from there to Paardeberg. The suffering we endured on this march I shall not try to describe. We were told at Klip Drift that we would get water about three miles from there, so most of the boys emptied their water bottles so as to fill them up with fresh water. Well, we never got the water so we had to make a forced march without it. My sufferings were beyond description. Well, we marched all night until about six o'clock on Sunday morning of February 18. When we entered Paardeberg we heard shots and realized that at last we had come up with the enemy. All was excitement at once, although perfect order was kept. We were given an issue of rum and coffee (?) but had not time to drink the coffee before we were ordered into action. We first took up a position near the artillery (which was shelling the Boers) then we were ordered to wade the river and advance in extended order up the other side. By this time the firing was intense. We advanced with the Gordons to within a few hundred yards of the Boers and were ordered to lie down. "A" Co. was in action first, then the others in their order. Then the fight commenced in earnest for the Canadians. This position was held more or less all that day, except when the colonel of the Cornwalls gave the command to charge the trenches. This was done and I am glad to say the Canadians did beautifully although through this the loss of life was swelled considerably. The fire was terrific all that day—the noise was deafening. Hell itself seemed to be turned loose. The cries of the poor men who were wounded was heart-rending. Some poor fellows had to lie out in the boiling sun all day with not a drop of water, and with nasty wounds. Their sufferings must have been awful. I helped carry back a poor fellow who had been wounded early that morning and had not had a drop of water all that day. He could not move. He had two of their dreadful explosive bullets in his left leg. Well, all Sunday night was devoted to the sad duty of searching for our dead and wounded. Monday, Feb. 19, was devoted to burying the dead and searching for any dead or wounded that may have been missed before. On the same evening about twenty of us (I among the number) went out to bury some Seaforth Highlanders, the Cornwall Colonel and Adjutant and a Lieutenant of the Seaforths. It was a sad job I can tell you. Altogether we buried 36 non-coms and men besdes the three officers. We were very much hurried on account of the close proximity of the Boers and the coming darkness. We buried them in two long trenches about six feet wide and laid them all side by side. Oh, it was a sad sight. The burial service was then read and we finished our task. In the meantime our regiment had moved on to another position and darkness had come on so we could not see ten feet; well, we had to find the regiment, so off we started. After wandering about for what seemed an eternity we stumbled onto our outpost. We did outpost duty that night. On Tuesday, the 20th, the Gordons and Canadians were sent into action again. We advanced until quite close to the Boers without a shot being fired on either side. We were ordered to lie down then and after awhile we got the command to retire to the reserves (supposed to be out of range). Well, we went back and sat about smoking and laughing; had our dinners (?) and were sitting around in groups when all at once whizz, whizz, whizz came about eight or nine of those pom-poms over our heads and burst behind us. Well, needless to say, we all ducked our heads for the pom-pom is the most dreaded of the Boer guns. Immediately after along came the nasty little Mausers. Well, we had to lie out there all that day with these rifles, etc., turned on us, and were not allowed to fire a shot. This pom-pom was the worst. The Mausers seemed quite harmless after that. We all dug trenches with our bayonets. Just enough to cover our heads and there we had to lie. Night finally came to release us from our somewhat uncomfortable position. It is not pleasant to lie in the open and let the enemy practice on one all day, I can assure you. On the following day we were sent out to one of the kopjes to wait for Cronje's reinforcements. It rained every night we were up there. We stayed there until the next Sunday, I think, when we were sent back to the river for a two days' badly needed rest. On Tuesday we were ordered to occupy the trenches which were situated about from 400 to 600 or 800 yards from the Boer laager. When we arrived there a sniping fire was immediately started and kept up until dark that night. About 8 o'clock, or thereabouts, we received the order that we were to make a night attack and try and gain 450 yards, where we were to start fresh trenches. The order was this: the front rank were to advance with fixed bayonets and charged magazines. The rear rank were to carry spades. When the Boers opened fire the front rank were to lie down while the rear rank were to dig the trenches. We (the front rank) were to cover them. Well, about 2 o'clock on the morning of the 27th of Feb., we quietly crept out of our trenches and started on our night attack. We advanced for almost the required distance when all at once the most terrific volley was fired into us it has been my fate to encounter. It was simply terrific. We immediately fell on our faces and then commenced a tremendous fusilade. The noise made is beyond description. The bullets fell around us as thick as peas. Horace Jones was on my left and Glencoe Hulme (dear old Glencoe) was on my right. Well, we kept up a tremendous fire, I don't know how long. We got the command to retire to our trenches. The noise and bustle was appalling. What with the yells of dying and wounded, the noise of the awful volleys being sent in and the bullets whizzing about your head and landing all about you in the sand, it was most confusing and beggars description. Well, daylight came at last, and with it Cronje's surrender. It was a sight never to be forgotten when the Boers came in. When we marched through their laager it presented an awful sight. Dozens of dead horses and oxen were lying about, waggons were overturned and burnt. The stench was simply unendurable. Thousands of rifles of all makes, from the old Martini-Henry to the neat little Mauser were stacked up in piles. We captured the pom-pom and a 15-pounder, I believe. We were surprised to find feather beds and pillows, and bedsteads, besides even easy chairs. About all there was to eat was flour and a few bags of toast. Well, Captain Stewart, I have endeavored to give you a sort of description of this fight, but I am afraid I am incapable of doing justice to my subject. However it will give you a sort of an idea of the outline of the fight. I have not attempted to describe the hardships we had to endure. That would have to be experienced to get an idea of what we went through. It is beyond any description I can attempt to give. Well, I will have to close and I hope this letter will give you a few moments of pleasure. Please give my kind regards to Colonel Ponton and all the officers of the dear old Fifteenth. Write when you have time.

Yours sincerely,
WALTER MILLS.

P.S.—If you see fit to publish this I will not object as long as it gives any pleasure to the dear people of Belleville. It is but a poor account at best, but we hope to have the pleasure of giving you a good description by word of mouth shortly, when we will be able to help each other's memory as we live over again the battles of South Africa. W. W. M.

LONG LIVE THE "KING."

The Thousand Island trips of the people's favorite steamer "North King," will commence on Sunday, 17th June, leaving Belleville at 3.30 a.m. This palatial steamer is allowed by the travelling public to be the best and most modern appointed of her class, plying the inland waters, and has earned a well merited reputation for speed, safety and seaworthiness excelled by none. Bellevillians and their friends will therefore be pleased to learn that it is the intention of the owners of this steamer to have her perform a tri-weekly service between Rochester, N.Y., Belleville and Thousand Islands, calling at Kingston and Gananoque, commencing 24th June, leaving here for Thousand Islands on Sundays, Tuesdays and Thursdays at 3.30 a.m., and for Charlotte, N.Y., (port of Rochester) at 11.55 p.m., the same days, arriving at Charlotte at 7 a.m. The excursions of the steamer "North King" will be the only ones covering the entire Thousand Islands group, and giving a close connection at Gananoque for Clayton, N.Y., Alexandria Bay, N.Y. and all Thousand Islands points. Excursionists making the Sunday trip will have the privilege of taking the steamer "Hero" at 11 p.m. Saturday, secure stateroom accommodation, and be transferred to steamer "North King" at 6 a.m. Sunday, thus enjoying a full night's rest. Full information will be furnished by the Rathbun Co., agents, H. H. Gildersleeve, general manager, Kingston. 14-16-19-21-23

Corby and Morrison Are the Candidates

Who will Carry the Conservative Banner to Victory Whenever the Grits Give the Word.

Adjourned Annual Meeting of the West Hastings Lib.-Con Association Held in Alberta Hall Yesterday Afternoon—Enthusiasm and Good Feeling Prevailed—Messrs. Corby and Morrison the Unaminous Choice of the Convention—Officers Elected for Ensuing Year.

That the Conservatives of West Hastings are a live, energetic and enthusiastic body of electors was fittingly demonstrated yesterday. The adjourned annual meeting of the Association was held yesterday afternoon, for the purpose of electing officers for the ensuing year and nominating candidates, and it was the largest, most harmonious and enthusiastic gathering which had been held for years. Alberta Hall was utilized for the purpose and at 3 o'clock, when Ald. Bogart, the President of the Association, called the gathering to order, the hall was filled to the doors. From the town of Trenton there were two hundred in attendance whilst the city and the township of Sidney were also largely represented. The names of some of those in attendance are given, it being impossible to obtain a full list:

Young, J. Fecto, C. Seeds, A. Arnott, R. Gamble, R. Osborne, L. H. La France, W. Hodge, L. La France, H. Poole, W. Miller, and many others.

In opening the proceedings Ald. Bogart, the President, said he was pleased to see such a large and enthusiastic gathering of the Conservatives of West Hastings. It demonstrated that they were alive and ready for duty whenever called upon. He felt confident the party would be victorious in the coming election, no matter when the Government appealed to the people.

The election of officers was then proceeded with, and the result was as follows:

Mr. Walter S. Miller, of Frankford, was proposed for President by Mayor Johnson, of Belleville; Mr. G. W. Ostrom, ex-M.P.P., of Trenton, seconded the nomination, which was unanimously adopted.

VICE PRESIDENTS.

Belleville—Messrs. N. B. Falkiner R. J. Graham, and Mayor Johnson.

Sidney—Messrs. Geo. Labey, S. Vandervoort and B. B. Ostrom.

Trenton—Messrs. P. J. O'Rourke, W. Matthews and G. W. Ostrom.

EXECUTIVE COMMITTEE.

Belleville—Messrs. W. S. Morden, H. Walker, and W. P. Hudson, ex-M.P.P.

Sidney—Messrs. S. H. Treverton, J. S. Dench, and T. Ketcheson.

Trenton—Messrs. W. H. Polly, D. R. Murphy, and B. W. Powers.

For the position of Secretary there was a contest between Messrs. J. F. Wills and Wm. Carnew, and Mr. Wills was re-elected.

Treasurer—Mr. W. W. Pope.

Mr. G. W. Ostrom, of Trenton, in a few well chosen remarks proposed the following resolution which was ably supported by ex-Ald. Petrie of this city, and carried unanimously:

> "We the Liberal-Conservative Association of West Hastings at this our adjourned annual meeting desire to place on record our continued confidence in our representatives, H. Corby, Esq. in the House of Commons, and M. B. Morrison, Esq., in the Legislature, and their honorable and fearless course in Parliament."

At this stage of the proceedings Mr. W. S. Miller, the newly elected President took the chair, and upon doing so was loudly cheered.

Mayor Johnson moved, seconded by J. S. Dench, that a vote of thanks be tendered to Ald. Bogart for the able manner in which he had discharged his duties as President of the Association for the past three years.

The resolution was carried by a standing vote and was most appropriately responded to by the retiring President.

NOMINATION OF CANDIDATES.

The next business taken up was that of selecting candidates for the Commons and Legislature. As was anticipated, there were but two names placed before the convention, and they were endorsed in no uncertain way. Mr. H. Corby, M. P., will again carry the standard to victory for the Commons, and Mr. M. B. Morrison, M.P.P., of Trenton, will perform a like duty when the Ontario elections are brought on.

Mr. G. W. Ostrom, of Trenton, moved, seconded by Mr. Thos. German, of Trenton, that Mr. H. Corby, M. P., be the candidate for the House of Commons.

Mr. W. P. Hudson, ex-M.P.P., of Belleville, in most appropriate terms nominated Mr. M. B. Morrison, M.P.P. for the Legislature. Mr. J. S. Dench, of Sidney, seconded the motion.

There being no other nominations these two gentlemen were tendered the unanimous nomination by those present rising to their feet and cheering lustily.

Mr. H. Corby, M. P., was called upon, and on rising to speak was received with loud applause. He returned thanks for the confidence that had in the past been reposed in him and the renewal of that confidence in the unanimous nomination tendered to him upon this occasion. It was a proud moment of his life and he was prepared to again fight the battle for the grand old Conservative party. The Liberals had advocated economy, whereas they had proved to be reckless spendthrifts. They were prepared to sacrifice the Dominion for party ends, and would rob the treasury for their friends. The speaker referred to the grand old leader of the Conservative party, Sir Charles Tupper, who was belied by his opponents, but who would in the near future be the Premier of the Dominion. He was prepared to give his life if need be, for the party. He is worthy of our support and we should give it to him. In conclusion the speaker urged the party to be united and ready for the fight whenever it was brought on.

Mr. Morrison, M.P.P., was received with loud cheering upon rising to speak. He thanked the party for the unanimous nomination which had been tendered to him and which he accepted. It was a source of satisfaction to know that his course in the Legislature has been approved. The Government in power at Toronto was the biggest gang of unscrupulous men he knew of. He referred to the switching of ballots, the stuffing of ballot boxes, and even the burning of ballots. They were also an extravagant Government, spending the Province's money recklessly. The people of Belleville had a grievance against that Government, which had robbed them of an industry, namely the carpet factory. The Hon. Mr. Gibson had refused aid to this city in that matter because a similar factory was established in a constituency which he sought to and now represents. It was a disgrace for a minister to use such tactics. He spoke in glowing terms of the leader of the Opposition, Mr. J. P. Whitney, who would be the next Premier of this province. If the Conservatives of West Hastings stood by him (the speaker) he had no doubt whatever that he would again be their representative in the Legislature.

Mayor Johnson moved the following resolution speaking a few words of praise for Mr. Corby, M.P., and Mr. Morrison, M.P.P.:

The West Hastings Liberal-Conservative Association assembled in annual meeting, desires to record the approval of its members of the course pursued in the House of Commons by the distinguished leader of the party, the Hon. Sir Charles Tupper, and also of the course pursued by the able leader of the party in the Ontario Legislature, Mr. J. P. Whitney, Q.C. They assure them that in the coming elections, whether they be close at hand or long delayed, the Conservatives of West Hastings will support to the utmost of their power the principles which they represent, and will give to them personally, in their efforts to secure clean, honest and efficient government in Canada and in Ontario, their undivided and strongest help.

Mr. R. J. Graham seconded the resolution, making an able speech and scoring the Dominion Government in no uncertain manner. He said he had just returned from Paris and the Dominion should be severely criticized for the manner in which Canada is represetned at the exposition. As a Canadian he felt ashamed of the Canadian exhibit and building. Something like $500,000 had already been spent and there was nothing to show for it. The Canadian building was an inferior one, placed off in one corner of the grounds and was not opened when he left. He desired to see the exhibit, and addressing a man who had upon his cap the label "Canada" he asked him to show him (the speaker) the building and grounds, and the only answer he obtained was "Me no speak English." We have a country which we feel proud of and its natural and manufactured products could not be surpassed, but in regard to the Exhibition we are playing second fiddle; which he did not consider was right or just. The plan and exhibit appeared to be upside down and no one appeared to be in command or at the head. He also desired to say a few words in reference to the emergency rations, a matter which he knew something about, as it was in his line of business. He had some samples similar to those complained of, and if any person present desired some he would gladly give it to them if they could eat it. Our boys were spilling their blood for the Empire and enduring hardships and they should at least have something good to eat. He would be prepared whenever the election was on to work for the party. He had much pleasure in seconding the resolution proposed.

The resolution was carried by a standing vote.

Mr. P. J. O'Rourke, of Trenton, spoke a few words. Trenton, he said, was aching for the fight to come on and when the ballots were counted it would be found that the town would give a larger Conservative majority than it ever gave before. The acts of the Government at Ottawa were disgraceful. The Hon. Mr. Tarte as a member of the Cabinet had been preaching disloyalty to the Dominion and he and the Government should be and will be taught a lesson at the next election whenever it might be brought on.

The proceedings were then brought to a close by cheers for the Queen, Sir Charles Tupper, Mr. Whitney, the candidates and the boys in South Africa.

Charged With Attempting to Defraud

Henry Rose, of Trenton, formerly of Frankford, was arrested last evening by County Constable Duffin on a warrant charging him with fraud. The complainants are Messrs Galbraith & Walmsley, and it is alleged that the accused, in a business transaction endeavored to defraud them. The case was investigated before the P.M. to-day and was in progress this afternoon. Mr. Anderson appeared for the Crown, Mr. F. E. O'Flynn for private prosecutors and Mr. Abbott, of Trenton, for accused.

THE CHINESE MIX-UP.

London, June 22.—A special from Shanghai says that it reported from Japanese sources that 1,500 foreigners have been massacred at Tien-Tsin.

Brussels, June 22.—The Petit Bleu states that a telegram was received yesterday by an important Brussels firm from China, saying that Admiral Seymour's relieving force and the Russian column entered Pekin simultaneously. The Legations were reported intact and all the Belgian residents are said to be safe.

Calcutta, June 22.—Fourteen transports will convey troops from India to China. All except six are already in port. The Nerbudda and Palamcotta will probably sail Sunday with the Seventh Bengal Infantry.

London, June 22.—Lord Salisbury presided this morning at a meeting of the Cabinet specially summoned to consider the far eastern crisis. Prior to the meeting the French ambassador, M. Paul Cambon, and the Chinese Minister, Sir Chih Cheu Lo Fang Luh, paid a lengthy visit to the officials of the Foreign Office, and it is expected that important developments will be the outcome of the Cabinet conference, as Lord Salisbury proceeded to Windsor after the meeting. The apprehension as to the fate of the Europeans cut off at Tien Tsin has been sharpened by Admiral Kempff's message, which was the first definite announcement of the bombardment and destruction of the foreign concessions. But in spite of Shanghai's grim statement that the Chinese used forty-pounders and that 1,500 foreigners were massacred there is no reason to conclude that the foreign colony has been unable to protect itself. Shanghai also reports that Tieu-Tsin was bombarded for two days and that the casualties were one hundred and estimates that five thousand international troops are there, and says that now that the allied commanders at Taku are hastily pushing forward a relief column, it is hoped that the worst apprehensions will soon be dispelled.

Another Shanghai despatch announces that all the members of the foreign community of Pei Ta Ha have arrived at Che Fu on board the Nashville, but that they left all their possessions behind them.

A despatch to the Associated Press from Shanghai, under this afternoon's date, says five Chinese warships passed Woo Sung to-day, and that officers of the British armoured cruiser Undaunted visited the Chinese commanding officer and received an assurance that the ships were under orders to act against any Boxers rising.

The Superintendent of Foreign Telegraphs has started for Chu Fu to organize a service thence to Shanghai.

London, June 22.—In the House of Commons to-day Mr. Wm. St. John Broderick, the under Secretary of State for Foreign Affairs, said the Foreign Office had no news from Pekin or Vice Admiral Seymour.

TARTE A DISTURBING ELEMENT.

A cable from the Toronto Telegram's reporter in England of the 14th June inst., says:

"The St. James' Gazette to-day, under Notes of the Empire, says that after ex-Premier Schreiner, of Cape Colony, the figure of the week in colonial circles has been Hon. J. I. Tarte, the Canadian Minister of Public Works, now sojourning at Paris in connection with the Dominion's contribution to the great exposition, and adds:

"It is really difficult to know what to make of this gentleman, but we are sure Sir Wilfrid Laurier would be well advised if he were to call his errant colleague to Ottawa, where his speeches would give less offence and give rise to fewer conceptions than they do in Paris."

It is surprising to most people in Canada that the English journals have so long tolerated, without remonstrance and disapproval the utterances of Joseph Israel Tarte, both in England and France. In the latter country he tells those listening to him that ninety-nine per cent. of the French-Canadians in Canada are British per force of circumstances, and that they look forward to extending their influence and power far beyond the limits of the Province of Quebec; and immediately after giving utterance to such language hies over to London to attend public banquets, where he at once mounts the rostrom, and tells the English people that he is French, with French instincts, but a British subject and a lover of British institutions.

That this gentleman is now being understood by English journalists is evident from the utterances of the St. James Gazette, quoted above. When a journal of the standing and influence of the St. James Gazette tells Sir Wilfrid that he "would be "well advised if he were to call his "errant colleague to Ottawa, where "his speeches would give less of-"fence and give rise to fewer con-"ceptions than they do in Paris," the reader may be sure that there is arising in England a feeling of resentment against this renegade Tory fanatic. His speeches if made in Canada would be taken at their full value. In England, he is not so well known as in Canada, hence he may do incalculable harm, and should be recalled; Sir Wilfrid will not call him back to Canada until the dictator is prepared to come. Laurier and his followers are in his power, and no matter what his conduct may be, dare not act upon the suggestion of the St. James Gazette and recall him. We shall see!

• • • • • •

It is now stated that the Premier has implored his master to hold his tongue, and return to Canada. This will not surprise anyone, for in addition to the criticisms of the St. James' Gazette, the Chronicle has been dealing the redoubtable Tarte some severe hits for his Francophobia and unBritish utterances. The sooner he leaves the "Old Sod" the better for Canada, and the sooner he will be in a position to take his share of the responsibilities, and undergo the castigations he so richly deserves.

WHEN DOCTORS DISAGREE

What Becomes of the Patient?

Doctors have their hobbies as well as other people and in the treatment of disease often carry them too far for the patients' good. For instance in the treatment of indigestion or dyspepsia many doctors give bismuth and nothing else, others rely on pepsin to bring their patients through, still another doctor treats stomach troubles with the various vegetable essences and fruit salts.

Now one or the other of these excellent remedies becomes a hobby with the doctor who has had most success with the particular one in question, because all of them are first-class remedies for indigestion and dyspepsia, but not one of them alone is so good as a combination of ALL of them, such as is found in Stuart's Dyspepsia Tablets which contains not only vegetable essences and fruit salts, but also the freshest, purest pepsin and bismuth, making altogether a remedy unsurpassed for every form of indigestion, sour stomach, dyspepsia, belching of gas, distress after eating, sleeplessness, headaches etc.

Stuart's Dyspepsia Tablets is not a secret patent nostrum, but you can see for yourself what it is and knowing this, its success as a dyspepsia cure is not surprising. All druggists recommend and sell them at 50 cents.

OUR WASHINGTON LETTER.

(From Our Own Correspondent.)

Washington, June 19, 1900.

The situation in China predicted in this correspondence some two months ago has come about nearly as foretold. Great Britain, still engrossed in South Africa, finds it difficult to spare any large number of troops to safeguard her interests in China and the United States—which is almost without personal interest in Asia—sends troops from Manilla and will send more to control the situation. Russia's hand has not yet been shown but there is little doubt in the minds of diplomats here that she will eventually be found acting on the side of China and against the powers. Nor is there any particular doubt that American troops have been sent in accordance with an Anglo-Saxon understanding that British interest were to be preserved in China pending the termination of the struggle in South Africa. The United States does not own or lease a foot of soil in China and has only a few missionaries there, nearly all of whom are located in a region some distance from the scene of the trouble. By recent treaties with the European powers, it has secured equal trade privileges in all territory held by all of them. Yet it is the only power to land regular soldiers in China. Why does it do it? There can be but one answer.

The New Orleans Times Democrat prints the following which should be of interest to Canadians; "Captain Webster, of the big transport Milwaukee, which left this port Tuesday with a cargo of horses for South Africa, told an interesting story of the Canadian troops which he carried some time ago from Halifax to the seat of war. 'Considerable surprise has been expressed,' said the captain, 'that the Canadians suffered so little from the hot climate in South Africa. There were fewer cases of sickness and heat prostration among them than in any other command, but that was due undoubtedly to the physical examination they were obliged to pass before leaving. I have been in the service a good many years, but I never saw anything like it. Men were rejected for defects that an ordinary recruiting surgeon would scarcely observe, let alone question. At Halifax a magnificent big athlete came out to bid his brother good-bye and told me between tears and curses that he had been turned down. I asked why, and he showed me a minute section broken off of one of his teeth. That will give you an idea of the severity of the examinations. The rank and file of the Canadians we carried were men from the country—hunters, trappers, and experts of wood-craft. They were used to hard fare and exposure and to them the campaign was a sort of big picnic. One of Lord Roberts' officers told me they were the only men in the army who made no complaint about 'bully' beef. They ate it with a relish, pronounced it a first rate ration and asked for more. The Canadians were the marvels of the African corps. They shamed every other branch of the service.'"

Scarcely a month passes without some one turning up in this country as claimant of an estate or a title in Great Britain, and the appearnace of a new one would be of no particular interest were it not that he lays claim to the earldom of Airlee, the holder of which has recently been killed in battle with the Boers. The claimants are John Wilson, who is at present conductor on a Broadway, N.Y., car, and his sister, Mrs. Bridget Callaghan, They base their claim on descent from an Earl of Airlee who lived in the last century.

Mr. R. James Henderson, of Liverpool, is in this city. Speaking of the war, he says; "The thinking persons of Great Britain have always been in favor of the war with the Boers. We have had our ups and downs so far as enthusiasm is concerned, but we think Bobs will settle the Boer war. We felt depressed when we met with reverses. We now feel confident that everything will turn out well with the British arms. Of course, there was always a chance that we might lose a battle or two more before the war was over, but we are not looking for it." Mr. Henderson is a great admirer of American methods, which he says are being more and more adopted in Great Briatin. This is particularly true," he said, "in regard to transportation facilities. In addition to the rapid handling of freight, the railway companies have adopted time-saving schedules for the business man. I mean by that that they have put fast trains on the different lines, so that the business man who wants to visit London can do so and not lose much time away from his business. 'I will cite an example. A few months ago it was necessary for a business man to lose forty-eight hours if he wanted to go to London from Liverpol. He can now go there and return the same day. There is a saving of twenty-four hours. That means a great deal in the commercial world."

Unofficial word has come from London that Mr. Reginald Towers, Secretary of the British Embassy here, will shortly become first Secretary of the British Legation at Pekin, which is just now one of the most important centers of British activity Mr. Towers was prominently identified with American affairs last year while Lord Pauncefote was at The Hague, and as British Charge d'Affairs concluded the Alaskan boundary modus vivendi, and signed no less than five treaties between the United States and Great Britain touching the British West Indian Islands.

BULLER PRESSING ON.

Has Now Reached Paardekop Unopposed—Boers Continue to Surrender—The War Is About Over.

London, June 22.—(4 a.m.)—Gen. Buller is pressing his advance. On Wednesday he followed the Johannesburg Railway to Paardekop, 31 miles from Standerton. About 3,000 Boers, singly or in small parties, have surrendered.

The War Office has issued a list of casualties in engagements around Heilbron, previously undisclosed.

Lord Roberts has adopted the Transvaal mining regulations for military administration.

The Transvaal Government, according to the Lorenzo Marquez correspondent of The Times, is reduced to severe financial straits and is endeavoring to meet the emergency with treasury bills, but the people refuse to accept them.

The first train for Pretoria left Cape Town yesterday.

Despatches from Lorenzo Marquez reiterate the statements that Secretary of State Reitz sailed for Europe recently on a Dutch warship.

OBITUARY.

MRS. ANDERSON.

The death of Mrs. Anderson, widow of the late Mr. Anderson, of Hastings village, occurred at the home of her brother, Mr. Jas. Hall on May 24th. Mrs. Anderson had been ill for several months, having contracted the disease of consumption, which was the cause of her death. During her illness she was waited upon by her mother, Mrs. Adam Hall. Mrs. Anderson leaves three children to mourn her loss, the eldest, a boy of twelve years. They will be cared for by the relatives. Mrs. Anderson was a member of the Presbyterian church, Thurlow, and was noted for the practical interest she took in every good cause. She taught a class of girls in the Sabbath School at Poucher by whom she was much beloved. The remains were taken to Hastings by train, where they were interred by those of her husband. Her relatives and especially the orphan children, have the heartfelt sympathy of the whole community.

M'KINLEY AND ROOSEVELT.

Presidential Team Chosen by the U.S. Republican Party.

National Convention at Philadelphia Settled the Business in Short Order When Voting Began—President Carried the Convention to a Man—Roosevelt Only One Short—Great Demonstrations When the Tallies Were Announced.

Philadelphia, June 22.—The Republican Convention was called to order at 10.38 yesterday morning, amid the strains of the National Anthem, played by the band. Archbishop Ryan of Philadelphia delivered the opening invocation.

Chairman Lodge called for the nomination of candidates for the Presidency, and Senator Foraker named Willaim McKinley, briefly adverting to the President's record. "In war and peace," said he, "he has been found equal to all extraordinary requirements. In all American history there has been no chapter more brilliant than that written by the United States with him as chief."

Mr. Foraker's eulogy was followed by a most enthusiastic demonstration which lasted for five minutes.

There was another great outburst when Governor Roosevelt took the platform to second the nomination. He spoke in a full clear voice.

At 12.37 the vote began.

The tally clerks quickly made the official summary and handed it to the chairman.

Mr. Lodge took the paper, and advancing to the front of the stage, said:

"The total vote cast is 930. William McKinley has received 930 votes. It is a unanimous vote, and the chairman declares that William McKinley is your nominee for the Presidency for the term beginning March 4, 1901."

Now again pandemonium broke loose in one swelling chorus of enthusiasm for the new candidate, and lasted five minutes.

Roosevelt For Vice-President.

Colonel Lafayette Young of Iowa took the platform to nominate Governor Roosevelt for Vice-President.

Michael J. Murray of Massachusetts seconded Roosevelt's nomination.

The vast assemblage sprang to its feet, and State emblems, pampas plumes, handkerchiefs, and hats fairly filled the air. The band in the main gallery began to play: "There'll be a hot time in the old town to-night," and to the inspiring strains the delegates began marching around the hall, filing past Governor Roosevelt as he sat in the New York delegation and extending to him their congratulations.

The impatient audience called for a vote.

At the conclusion of the roll call, Chairman Lodge announced that Governor Roosevelt had received 429 votes, one delegate in the convention not voting. This delegate was Governor Roosevelt himself, who refrained from voting with the New York delegation.

Chairman Lodge's announcement that Governor Roosevelt had been nominated for Vice-President evoked a burst of applause that fairly shook the great steel-girdled building to its foundation.

The President Hears of It.

Washington, June 22.—The President received the news of his nomination at 12.45 p. m. in the Cabinet room. After receiving the congratulations of those present, the President carried the message to Mrs. Mrs. McKinley. Congratulatory telegrams poured in from all quarters.

THE MARKETS.

Wheat Markets Excited—Big Advance on Liverpool and Chicago Board—The Latest Quotations.

Liverpool, June 22.—Wheat market yesterday fully responded to Wednesday's advances in the American markets. Spot wheat advanced 2½d to 3d per cental and futures rose sharply. The July option closed 3¾d higher than on Wednesday, and the September option gained 4⅞d.

THREE BOTTLES ...CURED HIM...

One of the best known residents of Kingston, Ont., is Charles H. Clarke, who for nine years in succession held the civic street-watering contract. While following his daily vocation he contracted rheumatism in his legs and feet, through getting them wet so often. For three weeks he was so bad he could barely walk around, and could not put on his boots. He had almost lost the use of his legs, and was unable to obtain any relief from the terrible pains until he gave Dr. Hall's Rheumatic Cure a trial. It worked like magic; and before he had taken the contents of three bottles he was as well as he ever was at any period of his life. He took the contents of only three bottles, and is completely cured, with no sign of a return of the old complaint. He says Dr. Hall's Rheumatic Cure is a marvellous medicine for the cure of rheumatism.

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

The Marvellous Record of Cures Made by Dr. Pitcher's Backache Kidney Tablets in Every Section of the country is Always Backed by Home Evidence. Belleville Proof.

John Caton, contractor, corner Wharf and Pinnacle St., says: "Dr. Pitcher's Backache Kidney Tablets are all right. I had been about laid up when I read about them and procured a bottle from Alex. Ray's drug store. I hurt my back when I was a boy and ever since, when I did any heavy lifting or I took cold, I was almost sure to have a lame back. I would have dull, grinding pains over my kidneys and an extreme sensitiveness that caused sharp pains to shoot through me when stooping on rising from a chair. I was very bad when I began using those tablets. I have used but one bottle and that trouble has entirely disappeared. Yes, I pronounce these tablets all right."

Wm. H. Ackerman, McAnnany St., says; "I have used Dr. Pitcher's Backache Kidney Tablets that our druggist Alex. Ray brought to the city and I can vouch for their being all right. My kidneys caused me much suffering and inconvenience. I have been so bad I could not turn in bed and these spells would come on me without any notice or extra exertion. When I began using Pitcher's Tablets I was in a bad way, but they removed the trouble and strengthened my kidneys. I was relieved of indigestion caused by the acidity of my system. I am not now suffering from backache or headaches and I credit this change to using those tablets. I found much relief from a desire to urinate frequently. They acted as a general tonic. I am not suffering from dizziness as formerly."

If you have the slightest sympton of Kidney or Bladder trouble, you can test this great medicine free. THE CHINESE INSURRECTION.

The Scantiness of Authentic News Still Continues.

Although Anxiety Exists the British Admiralty Does Not Believe the Report of Admiral Seymour's Death—Consuls at Shanghai Are Making Efforts to Reach Pekin by Wire—A Veil Over the Whole Situation.

London, June 22.—(3.30 a.m.)—The scantiness of authentic news with reference to the situation continues. Admiral Kempff's despatch to the Navy Department was prominently used by the London papers, and commented upon as indicating a change for the worse.

Do Not Believe the Report.

The British Admiralty does not believe the report of the death of Admiral Seymour, commander of the International relief column, and semi-official assurances are given that there seems not to be the slightest evidence to back such a report. It is pointed out that Admiral Seymour had sufficient supplies to enable him to get to Pekin, or to get back.

"We are hopeful," says the semi-official announcement, "that since he has done the latter, he has done the former."

Have Fears Still.

A despatch to the Associated Press from Shanghai, dated yesterday, says:

"The consuls met to-day to consider the situation, which, in the absence of news from Pekin, is looked upon as particularly threatening. Grave fears still exist as to the safety of the Europeans in Pekin. It was agreed to wire the senior consul at Che Foo to communicate with the senior officers at Taku, asking for immediate assistance in communicating direct with Pekin, which, they believe, can be brought about through Sheng, director of telegraphs. They advise that Sheng be asked to explain the interruption of communications."

Russia at the Bottom of It.

The Singapore correspondent of The Daily Express, telegraphing yesterday, says: "Kang Yu Wei, the reformer, asserts that Russian agents precipitated, if they did not entirely organize, the present disturbances, for purely Russian purposes."

Blue Jackets Landed Near Shanghai.

Shanghai, June 21.—Blue Jackets have been landed at Woo Sung, ten miles north, to protect the telegraph station.

Tien-Tsin Being Bombarded.

Washington, D.C., June 21.—Acting Secretary of the Navy, Mr. Hackett, received a cablegram this evening from Admiral Kempff, dated Che Foo, June 21, saying Tien Tsin is being bombarded.

7 DAYS WITHOUT NEWS.

Rear Admiral Bruce Wires the Situation in China to the British Admiralty.

London, June 22.—The Admiralty has received the following despatch from Rear Admiral Bruce:

"Taku, via Che Fu, June 21.—No communication from the commander-in-chief in seven days, and from Tien Tsin in five days. The allies hold the Taku forts and Tong Ku securely and they will advance to the relief of Tien Tsin when in sufficient strength. Troops are expected from Hong Kong to-morrow, and 300 from Wei Hai Wei the following day. It is believed that fighting is constantly proceeding around Tien Tsin. Our garrison there should be about 3,000 men.

An Official Bulletin.

"The following proclamation was agreed to this morning, to be issued forthwith:

"'The admirals and senior naval officers of the allied powers in China desire to make known to all Viceroys and authorities along the coasts and rivers, and in the cities and provinces of China, that they intend to use armed force only against the Boxers and people that oppose them, on their march to Pekin for the rescue of their fellow-countrymen.'"

The date that the above despatch was sent off from Taku is not given, but it is probably June 19.

Foreign Ministers Are Safe.

Berlin, June 22.—A semi-official despatch from Tokio, dated June 21, says the Japanese Consul at Shanghai, confirms the report that Vice-Admiral Seymour has arrived at Pekin, and that the members of the diplomatic corps are safe.

According to an official Japanese report from Che Fu, the foreign settlement at Tien Tsin was reduced to ashes June 18.

A SENSATION IN JAPAN.

Caused by Reports of Murder of Foreign Ministers and Admiral Seymour.

Yokohama, June 21.—The reports of the murder of the foreign Ministers at Pekin, and the death of Admiral Seymour, although viewed with suspicion, have created a profound sensation.

No News for Six Days.

Shanghai, June 21.—The British destroyer Whiting, at Che Foo, reports that nothing has been heard from Admiral Seymour's force for six days.

Li Will Stay in Canton.

Hong Kong, June 21.—Reports have been received here from Canton that, owing to the representations of the foreign consuls, Li Hung Chang has consented to remain in Canton.

Coomassie Is Completely Invested.

Accra, June 21.—Sir Frederick Hodgson, Governor of Gold Coast Colony, according to reports from Coomassie, was wounded in the shoulder during a recent sortie from the fort. It is also rumored that 8 officers were killed. The investment is so complete that no one is able to leave.

B.C. CABINET FILLED.

Mr. McInnes Refuses to Sign Writs for Ministers' Bye-Elections.

Victoria, B. C., June 22.—Mr. McInnes is still in correspondence with Ottawa, he says, relative to his dismissal and until more is heard he cannot make a statement to the press.

He created no small sensation here yesterday by refusing to sign the writs for the bye-elections, which must be held before the new ministers can take their seats. In view of this fact the meeting of the House may be delayed for their bye-elections cannot be held in time for the opening of the House as scheduled, on July 5.

The Cabinet was completed yesterday by the addition of Messrs. Wells, McBride and Prentice.

Vancouver, June 22.—The Martin party now numbers nine, by the election of Mr. Stables in Cassiar.

McInnes Is Now Ex-Lieut.-Governor.

Ottawa, June 22.—The British Columbia political situation has been relieved. McInnes is now ex-Lieutenant-Governor. His resignation is now on the way to or has reached Lord Minto. Sir Henri Joly de Lotbiniere is the new Lieutenant-Governor. Michael Bernier, M.P. for St Hyacinthe, Que., has been offered and has accepted Sir Henri's vacated portfolio. The bye-elections will be held at once. This has been gleaned from Government sources.

Sir Henri Votes Out.

Sir Henri Joly cleaned out his desk in the House of Commons yesterday morning, and shook hands all round with the employés in his department. He will be missed by many, for on all sides he is appreciated as a kindly man.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

DEATH OF COUNT MURAVIEFF.

Russian Statesman and Diplomat Carried Off by Apoplexy.

St. Petersburg, June 22.—The Russian Minister of Foreign Affairs, Count Muravieff, died suddenly yesterday morning.

LATE COUNT MURAVIEFF.

Count Muravieff had just finished his morning cup of coffee and had ordered his lunch, when he fell in an apoplectic fit and expired.

Count Muravieff was about 55 years of age. He succeeded Prince Lobanoff-Rostovsky, who also died very suddenly at Kieff on Aug. 30, 1896, while travelling with the Czar.

Count Muravieff belonged to a family distinguished in Russian history. He entered the diplomatic service at the age of 19, and later on filled important posts, being rapidly advanced until in 1897 he was made Minister of Foreign Affairs in the Czar's Government. Within the past two years Count Muravieff conducted negotiations at Paris and other capitals, which were supposed to have an important bearing on the whole Continent of Europe, and specially with regard to the relations of Britain and the Franco-Russian Alliance.

Chicago, June 22.—Wheat futures yesterday opened up strong and advanced to 84½c for July, nearly 3c above Wednesday's close. A reaction of two cents occurred and the market closed 1¼c above previous final figures.

LIBERALS OBSTRUCT TRUTH.

But Occasionally She Peeks Out at Rations Committee.

Mr. Hersey Says Dr. Devlin's Food Was Inferior — Dr. Neilson Goes on the Stand — Mr. Borden Swore He Depended on Dr. Neilson — Now Dr. Neilson Swears That He Depended on What Dr. Devlin, the Man Who Sold the Food, Told Him.

Ottawa, June 22.—Yesterday's sittings of the Emergency Rations Committee opened with A. Moore of Montreal as the first witness. He swore he had purchased some of Devlin's food sent to South Africa for H. Hatch in January or February, this year, from John T. Lyons, druggist of Montreal. He took a quarter of a pound of "vitaline" to Mr. Hatch.

Analyst Hersey on the Stand.

Milton Hersey, the analytical and consulting chemist, under whose direction this quarter of a pound was analyzed, was then subjected to a long examination. The food was sent to him in a tin can without a label, but a note from the Hatch Protose Company, told him the food was vitaline. He produced the food in the can tested in his laboratory. Asked to compare it with a sample of Devlin's food, he said the two foods were very much alike. Dr. Devlin's food sent to South Africa was inferior to the food he had tested for Mr. Hatch in March, 1900. The sample of food said to be Hatch's protose by Dr. Borden, and to be the sample that accompanied Dr. Devlin's tender by Col. Pineault, was compared with the food tested by Mr. Hersey. The latter was the better food. The former was merely ground biscuits. The witness had seen pea flour that contained more than 30 per cent. more nutrition than this sample. It was not a concentrated food, because it contained only 16 per cent. proteids, while the weakest concentrate contained 30 per cent. Vitaline was not as good as pea flour biscuits, but if there was lots of it mixed with soup and eaten with three-quarters of a pound of bread to each man, then the troops could do with it. He thought biltong was better than Devlin's food. The value of pea flour biscuits per pound was about 25 cents.

To Dr. Russell the witness said the percentage of proteids in emergency rations could be told only by a chemical analysis.

An Analysis Refused.

Mr. Clarke moved that a portion of the food produced by Mr. Hatch and said to be part of the food sent to Kingston to be tested, be given at once to Mr. Hersey to be analyzed.

Mr. Russell moved in amendment that the analysis be deferred.

Dr. Russell's amendment was supported and Mr. Clarke's motion was voted down.

It was further moved by Mr. Casgrain that the food left by Mr. Hatch be submitted to the Dominion Analyst. This also was voted down.

Again it was moved that this food be given to Mr. Hersey to be analyzed by him in the Inland Revenue Department this afternoon. This also was voted down.

"Do I understand that you refuse to have this food analyzed?" asked Mr. Casgrain.

"Later," said Dr. Russell with a cynical smile.

After H. L. Wood, Mr. Hersey's chief assistant, had told of his analysis of the food sent to him on March 27, 1900, by Mr. Hatch and purporting to be vitaline, the committee rose at 1 p. m.

An English Agent.

The committee reassembled at 3, and heard F. I. Hoy's evidence. He is the manager of the Bovril Company. The British Government bought this food in large quantities, as army emergency rations. The witness produced samples of food similar to emergency rations furnished the British Government for use in South Africa. He said he saw Dr. Borden before the first contingent was sent and solicited an order. Dr. Borden told him the Government was buying no provisions. He had not quoted prices to Dr. Borden.

Mr. Monk asked the prices of the witness' rations.

On a vote, Mr. Monk's question was ruled out of order.

Witness said he saw Dr. Neilson shortly before the second contingent left, and was told that the demand for rations was so small that it could be no object to the witness.

"Was an order of $2,000 or $3,000 an object to your firm?"

"I should think it would be to any firm."

Dr. Borden Recalled.

Dr. Borden was next called, and made a correction in his evidence. He said that he had been informed by Dr. Neilson yesterday, that the sample he (Dr. Borden) had said was Hatch's protose was really the sample sent by Dr. Devlin with his tender. Dr. Borden said Dr. Neilson had compared this sample, however, with the sample used in Kingston, and found them identical.

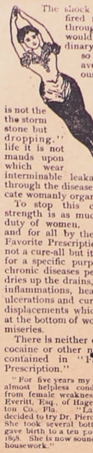
By this correction, Dr. Borden's evidence was made similar to Col. Pineault's.

Cases Were Not Air Tight.

Tinsmith C. Davidson of Montreal said that on Jan. 5, Dr. Devlin gave him an order to make 7,000 tins. The tins were delivered in three or four days later to John T. Lyons' drug store. The cost of the tins was $25 per thousand. The tins were small ones. The witness identified the vitaline tins exhibited. Devlin told the witness the tins were for rations he was supplying the Government. The tins were not air-tight; air-tight tins would have to be made differently, and would cost 25 per cent. more.

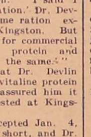
Dr. Neilson on the Stand.

Dr. Neilson, director-general of medical affairs of the Dominion service, was next sworn. He said his first correspondence with Hatch took place Feb. 15, 1899, when he sent for samples of Hatch's protein vegetable food. Samples were received from Dr. Devlin, saying that he was part possessor of the samples. The witness at the beginning of March met Dr. Devlin in Ottawa. Then Prof. Ruttan's analysis was shown the witness by Dr. Devlin, and a test was spoken of. The test at Kingston was then arranged, after Dr. Borden had approved of it. Dr. Devlin said he would mix his protein powder with flour, and have it made into bread, and that four pounds daily would be supplied, some butter and a cup of tea or some thin broth were given to each man. The witness was not present at the test till the last day of the four weeks. Then the patients were brought up to the orderly room before several persons. They presented an excellent appearance. About the end, Oct. 7, 1899, Mr. Hatch wrote to Dr. Neilson, offering some of his product free to the Red Cross Society. This was called protose.



The shock and strain of being fired from a cannon daily through a circus season, would seem to be extraordinary. But it is not nearly so wearing upon the average woman's nervous system, as the strain and drain of the every day life of the married woman. It is not the great shock of the storm which wears the stone but the "continual dropping." So in woman's life it is not the great demands upon her energy which wear her out, but the interminable leakage of her strength through the diseases that affect the delicate womanly organs.

To stop this ceaseless leakage of strength is as much the desire as the duty of women. It can be done once and for all by the use of Dr. Pierce's Favorite Prescription. This medicine is not a cure-all but it is specially designed for a specific purpose, the cure of the chronic diseases peculiar to women. It dries up the drains, allays inflammations, heals the ulcerations and cures the displacements which are at the bottom of woman's miseries.



There is neither opium, cocaine or other narcotic contained in "Favorite Prescription."

"For five years my wife was in an almost helpless condition, suffering from female weakness," writes J. S. Everitt, Esq., of Hagerman, Washington Co., Fla. "Last September I decided to try Dr. Pierce's Favorite Prescription. She took several bottles of the medicine and gave birth to a ten pound son on January 31st, 1898. She is now sound and well and doing her housework."

A gift. Dr. Pierce's Common Sense Medical Adviser 1008 pages, is sent free on receipt of stamps to pay expense of customs and postage *only*. Send 31 one-cent stamps for the paper bound volume, or 50 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I did not know protose. I never heard of protose and thought that Mr. Hatch was promoting a new substance." The witness didn't know whether he answered this letter or not. Towards the end of December, 1899, Dr. Borden read that troops were suffering from short rations, and he thought of an extra ration for emergency. Dr. Devlin may have been in Ottawa at this time. Dr. Neilson agreed with the Minister in this matter. A ration for reserve should be given to the second contingent.

Dr. Borden then suggested the ration tested at Kinston, but Dr. Neilson did not express himself finally on the matter. About this time Dr. Devlin saw Dr. Neilson and said he could supply vitaline ration. "I said 'I don't know vitaline ration.' Dr. Devlin said: 'It is the same ration experimented with at Kingston. But the name is changed for commercial purposes. Vegetable protein and vitaline are identically the same.'"

The witness said that Dr. Devlin agreed to call the vitaline protein vegetable, and again assured him it was the same food tested at Kingston.

The tender was accepted Jan. 4, 1900. The time was short, and Dr. Devlin said he would have to work late and early. The outcome was that he supplied the second contingent with five days' rations for each man. When the experiments took place in Kingston Dr. Devlin sent to Ottawa to Dr. Neilson samples of protein vegetable full strength and half strength. The witness possessed the samples marked half-strength. When the tender was being considered the witness compared the tender sample and the sample of half strength. They seemed alike in an examination.

When the supply reached Halifax, Capt. Benoit opened the boxes and in February brought up some of the tins. Dr. Neilson received some tins of the food from Dr. Devlin after the delivery of the food. Dr. Neilson caused the tendered sample and the shipped sample to be analyzed and compared. The department had received no definite report from South Africa, saying whether the food which had been used had been found satisfactory or not. The witness thought some private letters testified to its excellence.

The witness gave all his papers regarding the transaction to the Deputy Minister when he knew the storm was coming. He knew it was coming as far back as May.

The witness produced the remains of the first sample of protein vegetable sent him in March, 1899. It was in an envelope and was marked "Protein vegetable, half strength." The writing resembles the hand-writing of Mr. Hatch. This sample was to be used in the Kingston test. I think it was sent to me by Dr. Devlin.

"I had samples of the bread sent me, but unfortunately they are destroyed. I have lost sight of them for some months."

A letter by Dr. Devlin accompanied the sample of half-strength. The witness had given the letter to the Deputy Minister.

Witness said he did not know that the powder received in March, 1899, had really been used in the bread tested at Kingston. Dr. Devlin told him it had been so used. As a powder protein vegetable had not been used in Kingston. The witness had received two envelopes of powder from Dr. Devlin, but he had lost one.

"Has the powder in the envelope deteriorated since March, 1899?" asked Mr. Clarke.

The witness thought not, because it tasted all right. (Laughter.) Besides, Prof. Ruttan analyzed it last Saturday, and he did not say it had deteriorated. The witness said the envelope contained, according to Dr. Devlin, 43 per cent. proteids in March, 1899.

Witness said that the food tested at Kingston had all disappeared. No one had a sample of the food tested. The powder in the envelope was not the food tested.

This Was Objected to.

Mr. Monk wanted the witness to say what he would have done if he had been shown Hatch's letter of warning to Dr. Borden. The witness was saying that he thought it likely he would have made extensive enquiries, when the Government committee-men objected, and the chairman, by his casting vote, ruled the question out of order.

Witness said that he relied wholly upon Dr. Devlin's assurances as to the fact that the food sent to South Africa was the same as that tested at Kingston.

The committee adjourned at 6.30.

Dr. Neilson Cross-Examined.

The committee was at work again at 8.30. Mr. Clarke asked Dr. Neilson if the Devlin food was admirably fitted for use on forced marches.

The witness replied that he would strike out the word "admirably."

The witness swore that the powder received in March, 1899, was the food tested at Kingston, but it had not occurred to him to send it to Mr. Macfarlane, when Dr. Devlin's food was tested in February, 1900. Besides, Dr. Devlin had told the witness his sample was the same as the food tested at Kingston. By means of his five senses he satisfied himself that the two samples were the same.

Wouldn't Say Crooked.

"Have you an idea there is something crooked in this transaction?" was asked.

"Not crooked, but I hoped there would be a greater percentage of proteids in the food," replied the witness.

He thought the ration would have been better if the percentage of proteids had been between 23 and 30.

"Have you any doubt that the food shipped to Halifax was the same as the food tested at Kingston?"

"I have no serious doubt; of course the rumors disturb one, but I have no doubt Dr. Devlin did as he said he would."

Samples Will Be Sent Back.

Before Dr. Neilson left he said that a cable had been sent to South Africa regarding the rations. The cable suggested that samples containing the food should be sent to Canada by Major Biggar in charge of stores in South Africa. Another cable asking Col. Drury to report on the rations as they have been used.

Prof. Ruttan's Analysis.

Dr Borden presented to the committee Prof. Ruttan's analysis of three packages of food marked respectively E, N and I. E contained 18.015 per cent. proteids; N 15.375 per cent, and I 13.70 per cent.

The last is said to be the food sent to Ottawa by Dr. Devlin in March, 1899, and kept by Dr. Neilson till last Saturday in his desk. E represents sample tendered by Dr. Devlin. N represents sample shipped from Halifax.

The next witness examined was W. Ramsay, assistant manager of the Merchants' Bank of Montreal. He explained that Dr. Devlin was introduced to him by John T. Lyons. He advanced money to John T. Lyons on a promissory note signed by Devlin and endorsed by Lyons, in January last. As security for the $1,600 advanced, he received a partial assignment of Dr. Devlin's contract with the Government for emergency rations.

Committee Choked It Off.

Mr. Monk wished to prove by the witness that Devlin was an irresponsible contractor, but the committee would not admit the evidence.

Another witness was Foreman Sharpe of The Herald Job Office. Dr. Devlin ordered 7,000 labels on Jan. 5, and had them delivered to him within two days. The labels on the vitaline tins were identified as the labels printed by The Herald. On Jan. 3, Dr. Devlin had got a large label of a similar character. The labels cost $1.15 per 1,000, but were never paid for.

Customs Officer Cauchon brought up one of the Saratoga trunks, weighing 240 pounds, and the committee adjourned to inspect it. The trunk contained two bags of Dr. Devlin's food. The food tasted like ground biscuit.

The committee will meet to-day at 11 o'clock.

MR. RICHARDSON'S MOTION

To Tax C. P. R. Lands in N. W. T. Voted Down in the House.

Ottawa, June 22.—The main topic of discussion in the House yesterday was Mr. Richardson's motion to tax the C.P.R. lands in the Northwest Territories. He spoke strongly in favor of his motion, enunciating the political doctrine that as the settlers had made the C.P.R. lands valuable the company was pursuing a dog in the manger policy in failing to patent all the land grants and permit of its taxation.

Sir Wilfrid Laurier replied and argued that Mr. Richardson had misread the statute. The statute only empowered the Crown to give the C.P.R. its land grant, when the conditions were fulfilled.

Sir Charles Tupper also opposed the motion, because it asked Parliament to violate a solemn contract entered into with the C.P.R. The land grant became a grant only when it was earned.

The motion was lost by 99 to 6. Those who voted for it were: Oliver, Pettet, Graham, Puttee, Richardson and Rogers.

The House adjourned at 12.50 a.m.

She Was Pale and Languid

Too Nervous to Sleep and Daily Grew Weaker and Weaker.

By Using Dr. Chase's Nerve Food She Gained in Weight, the Color Returned to Her Cheeks and She Gradually Became Strong and Well.

Few people escape the depressing, debilitating effects of spring, when the blood is thin and watery and the whole system exhausted by the artificial life of winter.

The young lady whose case is described below had never been strong since passing the critical period known as the dawn of womanhood. She was always overcome by tired, languid feelings and lacked the color, strength and elasticity of movement which is natural to a girl of seventeen.

Her mother tells in the following letter how her daughter was completely cured by the use of Dr. Chase's Nerve Food, the great restorative.

Mrs. E. McLaughlin, 95 Parliament street, Toronto, states: "My daughter was pale, weak, languid and very nervous, her appetite was poor and changeable, she could scarcely drag herself about the house and her nerves were completely unstrung, she could not sleep for more than half an hour at a time without starting up and crying out in excitement.

"As she was growing weaker and weaker I became alarmed and got a box of Dr. Chase's Nerve Food. She used this treatment for some weeks, and from the first we noticed a decided improvement. Her appetite became better, she gained in weight, the color returned to her face and she gradually became strong and well. I cannot say too much in favor of this wonderful treatment since it has proven such a blessing to my daughter."

In cases of thousands of pale, weak, nervous girls and women Dr. Chase's Nerve Food has demonstrated its unparalleled restorative powers. For men who are worn-out by overwork or the ravages of disease this treatment is equally efficient.

It is a blood builder and nerve vitalizer of most unusual merit, which overcomes disease by strengthening and invigorating the whole system. As a spring restorative it is unapproached by any remedy known to man. 50 cts. a box, at all dealers or Edmanson, Bates & Co., Toronto.

TELEGRAPHIC BREVITIES.

Joseph Harrison, a farmer, who resided about three miles from Norwood, Ont., went Thursday morning with his 13-year-old son to Trent Bridge, on the Trent River, for a day's fishing. His body was found washed ashore lifeless. The boy's body has not been found.

Abbas Hamil, the Khedive of Egypt, arrived in English waters on Thursday on his first official visit. The Royal Yacht Osborne brought His Highness from Flushing to Port Victoria, where he was received with a salute from the fleet anchored at Sheerness, but he was prevented by seasickness from continuing the journey.

James Mullett and James Fitzharris were on Thursday taken from Ellis Island to the immigration station in the Barge Office, New York, and officially notified to prepare for deportation, the United States Treasury Department having rendered an adverse decision to their appeal from the verdict of the Board of Special Enquiry, which excludes them.

CORBY AND MORRISON.

"The most unanimous and representative political meeting ever held in West Hastings." That was the verdict of those who attended the Conservative Convention in Alberta Hall yesterday afternoon. The stalwarts were out in force, and an expression of good-humored confidence was to be seen on every countenance. The West Hastings Liberal-Conservative Association is to be congratulated on the gentlemen selected as its officers for the coming year. Individually and collectively they are just the men to have at the helm in stirring times, and in all probability before their term of office expires the great fight will be on. The new President of the Association, who yesterday assumed the duties which have for three years been so ably performed by Ald. Bogart, will, beyond a doubt, prove a tower of strength to the party. Mr. Walter S. Miller, the new President, is managing director of the Trent Paper Mills, Glen Miller; it is confidently hoped and believed that he will bring the same energy and aggressiveness into his public duties that he puts into his private ones, and in that case it may safely be said that the mantle of the retiring President could not have fallen on worthier shoulders.

It was, of course, wellnigh a foregone conclusion that Messrs. Corby and Morrison would be the candidates, but it was a source of gratification to all present to see the enthusiastic unanimity with which their nomination was received. To say it presages victory would be unnecessary and superfluous. "Take hold of the wings of the morning, and flop round the world," etc., as Kipling would say, and you couldn't find a man who could beat Mr. Harry Corby in West Hastings, and the same may truthfully be said of Mr. M. B. Morrison. With candidates like these Conservatives have good reason to feel proud and confident of victory. But the one thing above all others which brought pleasure to the hearts of all good men and true was the fact that the Conservatives of West Hastings once more present an united front to the common enemy, the little differences and side issues which kept them aloof for some time have been dropped, and, like sensible and loyal men they now stand shoulder to shoulder. This is as it should be. If the Conservatives of Canada will but be true to themselves no power on earth can stop their march to victory, and truly there is need just now for all men who have their country's welfare at heart to drop minor differences and band themselves together to turn out the venal and spendthrift crew at Ottawa.

West Hastings is in line. Let the Grits bring on their elections when they like. They will get what they always got in this constituency—a beating.

TIMELY TOPICS.

If any of our estimable friends the Grits had been in Alberta Hall yesterday afternoon they could have seen their finish in this constituency.

• • •

It was a great meeting, overflowing with enthusiasm, and will go down in history as the most unanimous and representative political gathering ever held in Belleville.

• • •

It did loyal people good to hear Mr. S. Burrows sing "The Union Jack of Old England" while the ballots were being counted, and the way the audience joined in the chorus was a caution. The cheers for the boys in Africa were loud enough to be heard at Rossmore, almost.

Mr. R. J. Graham's remarks about the Paris Exposition were listened to with much interest. Hon. • • •

It will now be in order for the Grit sheets to say "the meeting was a small and unimportant one, and though several attempts were made to start a cheer none were successful." Their readers know better, of course, but Grit papers just can't help lying.

DID YOU EVER SEE

A bicyclist who didn't ride on the sidewalk sometimes?

A more forlorn looking place than the old Dundas St. burying ground?

A pretty girl from Kingston?

A more beautiful spot than Queen Victoria Park is just now?

A man who could tell you where those cannon are going to be mounted at the park?

A Grit newspaper man who stands any chance of going to Heaven?

More people indulging in "Love's Young Dream" than there were at the Park last night?

Prettier curls and bangs than some of our Belleville boys have got?

So many people riding bikes as there are this year?

A man who could tell you what the steam roller is doing these days?

Anybody who wanted to trade jobs with the motor men in the street cars these days?

The funny man who says "Is it hot enough for you?

The fellow who wants to fight you if you don't agree that Bobs is the greatest general that ever lived?

The man who thinks Tarte should be brought home and shot?

Anybody who don't agree with him?

Such a poor season for fish stories in all your life?

THEY STRUCK IT RICH.

It was a grand thing for this community that such an enterprising firm as J. S. McKeown secured the agency for Dr. King's New Discovery for Consumption, the wonderful remedy that has startled the world by its marvellous cures. The furore of enthusiasm over it has boomed their business, as the demand for it is immense. They give free trial bottles to sufferers, and positively guarantee a cure in Coughs, Colds, Bronchitis, Asthma, Croup, and all Throat and Lung troubles. A trial proves its merit. Price 50c. and $1.00.

Kindergarten Exercises.

The children of the John St. Kindergarten school yesterday afternoon entertained their parents and friends at the City Hall. The little ones acquitted themselves remarkably well, demonstrating that their teaching was of a high order. Various kindergarten exercises were given by the children, which were well received and fancy work done by them was exhibited. The teachers are Misses Mary Yeomans, Grace Bogart and Helena Lynch.

You know how freely and recklessly you talk about other people? Well, that's the way they talk about you.

GRADUATES' RECITAL.

An Artistic and Charming Entertainment at Albert College Last Night.

Last night's entertainment was the first in the series of Commencement Exercises, it being the graduates' Recital in the Music Department. Judging by last night's recital, it is no wonder the faculty have more pupils than ever before in the history of the College. The numbers were given with a finish and expression which told of careful tuition as well as, in many cases, great natural ability.

Following was the programme, which was excellently carried out and warmly applauded by the audience;

Leschetizky—The Two Larks .... Piano Solo
Miss Clara Winter
Adams—Island of Dreams ....Song
Miss Gertrude Hollinrake.
Moszkowski—Air de Ballet .... Piano Solo
Miss Maude Faulkner.
Nevin—Little Boy Blue ....Song
Miss Queenie Watson
Grieg—Humoresken, Nos. 1, 2, & 3...... ...... Piano Solo

High Court.

High Court Sittings without a jury were opened yesterday afternoon before Mr. Justice Street.

The first case taken up was Johnston vs. Patterson, an action brought to set aside judgment recorded by Donald Patterson as against the Patterson Company. The case lasted nearly all afternoon. The judgment obtained by Donald Patterson again was confirmed by His Lordship and the present action was dismissed with costs. Cassels & Brock for the plaintiff, W. R. Riddle, Q. C., and W. P. McMahon for Donald Patterson and Wm. Farnham for Patterson Company.

Sidney Cheese Co., vs Brower.—Settled between parties outside of court. S. Masson for plaintiff, Clute, Williams and Morden for defendant.

Dale v. Dale—Settled between parties outside of court. P. J. M. Anderson for plaintiff, Northrup & Roberts for defendant.

Geary vs. Long—The parties in this action reside in Murray township. The plaintiff alleges that the defendant blocked up a drain causing water to run over the plaintiff's premises, and he seeks damages. Case in progress. Mr. E. G. Porter for plaintiff, Mr. Bleasdall, of Trenton, and Mr. W. B. Northrup for defendant.

Y. M. C. A. IN AFRICA.

The Canadian Representatives Write Letters Home.

Mr. John Wilson has received the following letters;

Bloemfontein, April 21, 1900

This date marks a new epoch in the history of Y. M. C. A. Military work, and I drop you this hurried line that you and the dear friends at home may rejoice and praise God with us. Dr. Barrie and I were formally attached to our respective regiments to-day with authority to accompany them and draw rations. This was accomplished by a personal visit to the military headquarters here, and directly through Col. Chamberlain and Lord Roberts. Seldom are Christian workers favored with such an unmistakable evidence of direct answer to prayer. Our Heavenly Father has seen fit to allow us to come through some indescribably trying experiences (no doubt to try us), but this is all of His wondrous grace. Praise Him with us.

Part of our second contingent arrived here to-day, and after a few hours' stay, were moved off toward the Boer forces at the waterworks, and the first contingent marched out that way at noon to-day also. I expect to ride after them in the morning, as some fighting is expected here.

Pray for us. The power of the prayers from home friends is being felt in our work in the salvation of men, and the opening up of our way for larger service.

Yours gratefully,
T. F. BEST.

Bloemfontein, May 1, 1900.

A mighty army has moved out from here this morning, and now just before joining the cavalade, I drop you this line.

The first day of May marks the grand forward march toward Pretoria, and if the outcome is as glorious as the day augurs, then all will be well. With God's blessing we look for a speedy issue. With pilgrim staff in hand, water-bottle and haversack on my shoulders, I am setting out again upon what, let us pray will mean an extension of the spiritual, as well as the material kingdom in this dark continent. Praise God for all He is doing.

The multitudinous interests of the provincial committee are far reaching but one's heart would like to see a large increase in the number of men won for Christ.

Through the kindness of Capt. Stewart, officer commanding details, one of your Y.M.C.A. men (who is retained here as unfit) was detailed off this morning to be responsible for my outfit and chattels. He will keep the place open, and do what he can for the few men who are remaining here. Although we move out without tents, etc., it is not at all likely that we shall return here.

I learned yesterday that the trunk so kindly sent by the Central Auxiliary, arrived yesterday, and with other stores of the regiment, has been stored in the meantime. Please acknowledge arrival of the same, also a case of comforts for the sick, wounded, etc., to which there is attached no name.

With love to members of the committee, I remain,
Yours in our common Lord,
H. G. BARRIE.

OFF THE TRACK.

This means disaster and death when applied to a fast express train. It is equally serious when it refers to people whose blood is disordered and who consequently have pimples and sores, bad stomachs, deranged kidneys, weak nerves and that tired feeling. Hood's Sarsaparilla puts the wheels back on the track by making pure, rich blood and curing these troubles.

Constipation is cured by Hood's Pills. 25 cents.

ANOTHER SHIRT BARGAIN.

Quick & Robertson have just received another big bargain in colored shirts for men, 30 doz. in all. The cloth is a stripe pique, stiff bosom, separate cuffs, and the color is guaranteed fast. The regular price of these goods are $1.00, but we have marked them to sell at 50c. They won't last long at that price.

A Severe Scalp Wound.

Mr. Harry Cooley, of Trenton, yesterday afternoon whilst walking over the Lower bridge slipped and fell, striking his head against a sharp corner of the iron work, inflicting a severe scalp wound. A physician was summoned and attended to his injuries, after which he was sent home.

THE BOUNDARY LINE

Between comfort and discomfort is often very slight. Have you rheumatism or neuralgia? or are you a sufferer from obscure nervous pains? Why suffer longer? You can purchase for 10 cents a bottle of the king of pain—Polson's Nerviline—or you can get a large bottle for 25 cents. It cures promptly. It is sure, pleasant to take, and never fails to cure all kinds of pain. Don't wait an hour but send to any drug store and get a trial bottle. Nerviline, the sure pain cure.

FLETCHER'S

Cream Sodas and Boston Crackers are being introduced in this section for the first time. They are very light and flakey and guaranteed to keep fresh longer than others made, besides being a genuine pleasure to eat. In buying your next lot ask for Fletcher's for a trial.—A.W. Dickens, Wholesale Agent, Belleville, Ont.

Protection from Mosquitos

Mosquitos will not light if you apply Griffith's Menthol Liniment to the face and hands.

You may be going to some watering place this Summer. You remember how active and business-like mosquitos are there. Griffith's Menthol Liniment is positively mosquito proof, and does not injure the most delicate skin. It is pleasant to use and does not stain the face or linen. It is only objectionable to insects. You will find it as effectual as nets, and much more pleasant and convenient. Take a few bottles with you. You will find it useful. All druggists, 25 cents.

THE CHINESE MIX-UP.

Tien Tsin Being Bombarded Incessantly by the Rioters.

No Word Yet Received from Admiral Seymour's Force,

And it is Feared That His Command Has Fared Badly.

Methodist Minister Writes to a New York Paper.

American Consulate Destroyed and Many Killed.

London, June 23.—Special despatches from Shanghai, dated yesterday at 7.20 in the evening, state that Tien Tsin has been incessantly bombarded for the last three days. The entire British and French settlements have been destroyed. Heavy casualties are reported.

The Chinese number at least fifteen thousand inside the city. Their emissaries crowd the foreign quarters and set fire to the buildings. The Chinese guns are being worked steadily from the walls of the native city, the consulates all being destroyed. The foreigners flock to the Town Hall. The assistance of reinforcements is implored. The Russians are now entrenched in the depot. They are resisting the advance which the enemy is making in overwhelming numbers. No word has been received from Admiral Seymour, and it is feared that the relief column fared badly. There is an exodus of foreigners from the Yang Tse Kiang forts to Shanghai and Japan, and many consider Shanghai unsafe, owing to the absence of foreign troops.

New York, June 23.—The Journal and Advertiser to-day prints a copyrighted despatch from Rev. Frederick Brown, presiding elder of the Tien Tsin district of the Methodist Episcopal Church. The despatch is dated at Che Foo, June 22, and is as follows: "I have just got away from Tien Tsin on a German gunboat. The city has been bombarded for several days by the Chinese. All the foreign part of Tien Tsin has been destroyed. Lieutenant Wright, of our navy, and 150 others and the white residents, marines and sailors sent up to our assistance are killed or wounded. The American consulate building has been destroyed. Ammunition is almost gone. The garrison are suffering terribly and need instant relief."

Shanghai, June 23.—Prince Tuan has taken charge as General-in-Chief after the dismissal of Yong La, a nephew of the Empress, the former Commander-in-Chief.

Prince Tuan gave notice that he would march to Tien Tsin and sweep out the handful of foreigners there. At daylight on the morning of June 21 he attacked the forces at Tien Tsin with artillery and the best foreign drilled troops. The Chinese army had about forty-five Krupps. They agreed to burn the U. S. Consulate. The warehouses and the Standard Oil Company's premises are believed to have escaped.

TAKE WARNING.

We learn there are several unscrupulous agents taking orders for American War books; we warned you about other Canadian book agents also. The Story of South Africa, published by the World Publishing Co., of Guelph, Ont., is the largest, Cheapest and best written, as it has for its authors John Clark Ridpath, Edward S. Ellis, John A. Cooper, managing editor of the Canadian Magazine, Toronto, and J. H. Aiken, a Canadian who lived in South Africa for 15 years. This book will be the best book for the Canadian people, as it will give all the names of the Canadian Contingents who have gone to the war and a complete account of casualties, accidents, missing, dead and wounded. To be delivered after the war closes in one large volume. Size of book is 7 5-8 x 10 inches will have at least 850 pages and 150 of the best illustrations. Prices: $2.00, $2.50, $3.50 and $4.00, according to binding. A Post Card will bring A. R. Chown, P.O. Box 1014, Sole Agent for Belleville, and District agent for Hastings County. 31,5,9,12,19,23-w31,14.

The Troops Must be Warned

(Mail & Empire.)

Certainly our soldiers in Africa ought to be cabled at once to stop the use of the emergency rations the Government has served out to them.

It appears that this concentrated food is little better than soda biscuits ground up into a meal, and not nearly so nutritious as biscuits made of pea flour.

The soldier on active service is allowed in cases of emergency one tin, or four ounces, of this stuff as his food for the day.

Imagine a human being trying to live on a quarter of a pound of biscuits divided up into three meals, and served liked gruel.

Dr. Ruttan, the eminent specialist, of Montreal, testifies that the food will not keep life in the body; it is thus a snare, and the soldiers ought not to use it.

The proposal that the troops be cabled to drop the stuff at once is humane.

We trust that the Government will act upon it without delay.

A SHORT SESSION.

The Civic Committees Had Little to do Last Night and it Didn't Take Them Long to do It.

The various Civic Committees met last evening, and the business, which was not of an important nature, was soon completed.

MARKET.

Ald. Panter, chairman, presided.

Accounts from Wood's Fair of $1.80 and N. Allan for coal, 10.68, were recommended to be paid.

The chairman asked permission to purchase a flag for the purpose of flying at half-mast on the City Hall when required. The large flag was too long for that purpose, as it caught on the railing and would soon be destroyed.

The chairman was authorized to purchase a flag.

FIRE, WATER AND LIGHT.

Ald. Starling, chairman, presided.

The only business transacted was the passing of two accounts, namely, St. Charles Co., $2.00 and N. Allen, for coal, $10.68.

PUBLIC WORKS.

The chairman, Ald. Harris, presided.

Pay sheet No. 12 amounting to $619.21, was ordered to be paid.

The petition of the ladies of the W.C.A., asking that the roadway in front of the hospital be placed in a proper state of repair was referred to the Street Surveyor.

The Street Surveyor was authorized to ballast the track of the Belleville Traction Company where it was needed and charge same to the Bank of Montreal.

The Surveyor complained of the action of some Grand Trunk Railway employees throwing cinders and rubbish out on the side of the track on Pinnacle street. In some places it had been taken out from between the tracks and thrown on boulevards and left.

On motion the Surveyor was authorized to notify the company to have the nuisance abated.

Mr. James Cummings desired to have granolithic crossings built adjacent to the walk which is being laid on Pinnacle street in front of his properties, he offering to pay all cost of same.

On motion the Surveyor was authorized to have the work done.

The sidewalk asked for by Dr. Ross, leading off Victoria avenue, up Pinnacle street, was ordered to be built.

Aldermen Grills and Panter called attention to some of the sidewalks in West Belleville, which were in a dangerous condition.

Some of the Aldermen said there were other walks in the city which needed attention.

Ald. Doyle said the patchers were at present doing good work.

On motion the walks on a portion of Yeomans, Maria, Ann and Bridge street west were ordered to be repaired.

Mayor Johnson asked that the roadway from the fire hall grounds, leading to the Park, be repaired, as it was in a rather rough condition.

The Street Surveyor said he would attend to it, if authorized, and he was given the necessary authority to fix it up.

The Mayor said Albert street was in a bad state and should be attended to.

The chairman said he would have it fixed, and also other streets which needed repairing.

EXECUTIVE.

Ald. Doyle, chairman, presided.

The accounts passed by the other Committees were endorsed.

Mr. Farrow, local manager of the Bell Telephone Co., presented a communication asking permission to put up poles at certain places on John, Ann, Forin and Charles streets.

The communication was referred to the Council.

Committees adjourned.

The members present were Mayor Johnson, Aldermen Bogart, Grills, Harris, Starling, Panter, Doyle and Chown.

A SNAP IN BOYS' SUITS.

Next week the Oak Hall are going to offer the choice of one hundred $5.00 two-piece suits, boys 4 to 9 years of age at exactly one half price. Have it understood thoroughly that these are not brownie suits. They are the regular two-piece suits, 22 to 27. On Monday morning we will exhibit them in our north window. Now do not lose sight of this offer, and try to get first choice.

Masons at Church.

The Masons of this district will meet here to-morrow morning for the purpose of attending divine service at St. Andrew's church, when the pastor, Rev. M. W. Maclean, will preach to them. It is expected that a large number of the brethren of the society from the surrounding towns and country will be in attendance.

YOUR DOCTOR'S ADVICE—Has not always been according to his conscience because for years he's been schooled in prejudices which dub every proprietary remedy as "quackery"—to-day he knows better and practices better, and such worthy remedies as Dr. Von Stan's Pineapple Tablets are among the constant prescriptions in his daily practice because he has proved them so potent in stomach troubles—60 in a box, 35 cents. Sold by J. S. McKeown.

Police Court.

The charge of fraud preferred against Henry Rose, of Trenton, was continued at the court for some time and adjourned until Tuesday next. Rose was admitted out on bail.

A Culbertson, an Indian drunk, was fined $2 or ten days.

TO SAVE HER CHILD.

To save her child from frightful disfigurement Mrs. Nannie Galleger, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in Sores, Bruises, Skin Eruptions, Cuts, Burns, Scalds and Piles. 25c. Cure guaranteed by J. S. McKeown, druggist.

ENGINEER GAY IS PLEASED

With What He has Seen in Belleville—A Clever Engineer.

Mr. Samuel M. Gay, civil engineer, of Providence, R. I., was in the city yesterday in company with Mr. F. Shibley, viewing the situation of the city with a view to assisting the Messrs. Shibley in the proposed scheme they have on hand for the purchase of certain franchises. Mr. Gay is not only looked upon as a clever engineer, but is such in every respect. He was the originator of the sewage system at present in vogue in Toronto, and at present is the head engineer of a sewage system being built at Havana, Cuba. In conversation with Mayor Johnson, Mr. Gay stated that he was most favorably impressed with Belleville. It was one of the prettiest and most attractive cities of its size that he had ever seen, and the surroundings were also charming. The city appeared to him to be solid and the people thrifty. In company with Mr. Shibley Mr. Gay drove from the city to Trenton and was delighted with the drive and the scenery along the bay shore. He was approached as to the advisability and probability of the building of an electric line from the city to Trenton, but did not express an opinion. He spoke in glowing terms of the Canadian people as a whole and stated that were he to come to Canada to reside he could not wish to come to a better place than Belleville.

A WIDOW'S LOVE AFFAIR.

DEATH OF A YOUNG MAN.

Joseph V. Newman Passed Away Last Evening.

Universal regret was expressed when it became known that at 6.30 last evening Joseph V. Newman had passed away. The deceased was the sixth son of Mr. Edward Newman, and was born in this city 20 years ago. For some time he has been failing in health and his demise was not unexpected. For upwards of nine years Joseph was a resident of the city of Toronto. He was a kind and genial young man, who made friends wherever he went, and his demise is deeply regretted by a host of friends. He was a devout member of the Roman Catholic church. In addition to the parents, four brothers, Frank and Charles, of Toronto; Edward, of Michigan; David, of Rochester, and three sisters, Marguerite, Annie and Cassie, all of Toronto, survive. To the bereaved ones will be extended sincere sympathy.

THE BOUNDARY LINE

Between comfort and discomfort is often very slight. Have you rheumatism or neuralgia? or are you a sufferer from obscure nervous pains? Why suffer longer? You can purchase for 10 cents a bottle of that king of pain—Polson's Nerviline—or you can get a large bottle for 25 cents. It cures promptly. It is sure, pleasant to take, and never fails to cure all kinds of pain. Don't wait an hour but send to any drug store and get a trial bottle. Nerviline, the sure pain cure.

Police Notes.

The police answered two calls during last night and the result was the arrest of one drunk.

A bicycle was found on Front street near midnight and was subsequently claimed.

Twelve pairs of boots were found outside of a shoe store last night after the business place had been closed for the night.

A number of boys were engaged in a street fight last night in West Belleville. They will probably have to answer to the P.M. for their conduct.

ANOTHER SHIRT BARGAIN.

Quick & Robertson have just received another big bargain in colored shirts for men, 30 doz. in all. The cloth is a stripe pique, stiff bosom, separate cuffs, and the color is guaranteed fast. The regular price of these goods are $1.00, but we have marked them to sell at 50c. They won't last long at that price.

High Court of Justice.

Weese vs. Thompson, et al—An action by Geo. W. Weese, now of Stirling against the executors of the late Jas. R. Gerow, claiming $525 for wages, goods sold and the value of apple crop for 1899. Counter-claim by defendants for moneys owing by plaintiff in connection with the lease of the bay bridge and on promissory notes. Judgment for plaintiff for $129.60 for apple crop with Division Court costs. Other items of plaintiff's claim dismissed with High Court costs to be paid by plaintiff to defendants. Counter-claim dismissed with costs, except one note of $35, and interest at 7 per cent. from November 25, 1893, but without prejudice to the defendants' right to have partnership account taken as to bridge transactions, if so advised. Proceedings stayed until the first sitting of Division Court in October. E. G. Porter for plaintiff, Wills & Wright for defendants.

Gearing vs. Long.—An action for trespass for blocking up a drain, and causing a flow over plaintiff's property. Verdict for plaintiff for $125 and costs. Mr. E. G. Porter for plaintiff, Mr. Bleasdail and Mr. W. B. Northrup for defendant.

Dolan vs. Murphy.—An action to recover money alleged due for board. Parties reside in Hungerford. Case in progress. Mr. E. G. Porter for plaintiff, Mr. C. W. Craig for defendant.

Success For Sixty Years.—This is the record of Perry Davis' Pain-Killer. A sure cure for diarrhoea, dysentery and all bowel complaints. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c. and 50c.

THE ART EXHIBIT

An Admiring Crowd Present at the Formal Opening this Afternoon—The Exhibit Above the Average.

Nobody with an eye for the beautiful should miss the Art Exhibit at Albert College this year. No higher testimonial to the tutor, Miss Clarke, could be given than the work of her pupils exhibited this year. In all subjects, landscapes, portraits studies from nature, etc., a uniform excellence is maintained which speaks volumes for the skilled and patient tutor. Comparisons, of course, are not pleasant things to make, but it seems to be admitted on all sides that this year's Art exhibit is the best yet made at Old Albert. Space forbids mention of the various works of art, but it can safely be said that any who attend will be both surprised and delighted with the exhibit.

Following is a list of the exhibitors:

In Oils—Miss Georgie Stewart, Miss Grace Waters, Miss Edith Burkitt, Miss Marguerite Fox, Miss Grace Thompson, Miss Ethel Bonisteel, Miss Gertrude Leslie, Miss Estella Barber.

In Water Colors — Miss Georgie Stewart, Miss Grace Waters, Miss Morton, Miss Madeline Dumble, Miss Belle Mathison, Miss Ethel Gillum, Miss Louisa Sills, Miss Edith Phippen, Miss Jenny Perry, Miss Ethel Bonisteel, Miss May Millson, Miss Pearl Vane, Miss Edith Burkitt, Miss Gertrude Leslie, Miss Estella Barber.

Industrial designs—Miss Georgie Stewart, Miss Grace Waters, Miss Edith Burkitt.

Drawing—Miss Louisa Sills, Miss Georgie Stewart, Miss Ethel Gillum, Miss Madeline Dumble, Miss Lena Sills, Miss Edith Burkitt.

Some excellent specimens of painting on China are shown, by the following young ladies:—Miss Estella Barber, Miss Emmons and Miss de Guerre.

It is expected that the medal will be awarded to Miss Georgie Stewart.

The exhibit was formally opened at 2 o'clock this afternoon.

THE HEALTH PROBLEM.

Is much simpler than is sometimes supposed. Health depends chiefly upon perfect digestion and pure blood, and the problem is solved very readily by Hood's Sarsaparilla. You may keep well by taking it promptly for any stomach or blood disorder. Its cures of scrofula, salt rheum, catarrh, dyspepsia, rheumatism and other diseases are numbered by the thousands.

The favorite family cathartic is Hood's Pills.

ODDFELLOWS WIND UP.

Grand Lodge C. O. O. F. Elects and Instals Officers.

Hamilton, June 23. — The Grand Lodge of the Canadian order of Oddfellows wound up its annual meeting at 6 o'clock yesterday afternoon, the brethren before parting heartily singing Auld Lang Syne and God Save the Queen. The districts were redistributed yesterday afternoon, but not on the plan proposed in the morning by the special committee. It was decided to have ten districts, and to have them known by numbers instead of by names.

The following officers were elected; Grand Master, W. H. Shaw, Toronto; deputy grand master, C. A. Lapp, editor Ensign, Brighton; grand secretary, Robert Fleming, Toronto; grand treasurer, Geo. Boxall, Toronto; grand medical referee, Dr. H. S. Bingham, Cannington; grand lodge representatives on executive committee, T. A. Wardell, M.L.A., Dundas, and Duncan Young, Montreal; grand chaplain, Rev. W. D. P. Wilson, Stirling; auditors, W. L. Young, Markdale, and Charles Musson, Toronto.

The officers were installed by Past Grand Master Quinn, Berlin. The place of the next meeting was left to the executive committee to decide upon.

The Horace Davis Cup donated to the C.O.O.F. Lodge adding most to its membership during the year, was presented in Oddfellows' Hall, King St. east, last night, to Advance Lodge of this city, by Past Grand Master Robt. Clark, Troy, and the Wardell cup to the city lodge adding most to its membership also went to Advance Lodge, it being presented by Past Grand Master Thomson. An informal reception was given the visiting brethren by the local members and refreshments were served.

LITERARY NOTES.

Mr. S. S. McClure has secured from Rudyard Kipling a series of stories of the South African War. The first, entitled, "The Outsider," will appear in the July number of McClure's Magazine. This story introduces a young, ignorant, but self-important subaltern detailed to the command of a remote railway station, who gets into serious trouble. As a character study this is one of the most vigorous and amusing stories Mr. Kipling has ever written.

TARTE'S SPEECH IN PARIS.

THE TRI-COLOR HIS FLAG!! FRENCH BEFORE BRITISH!!!

Later news from Paris put us in possession of the full text of the address delivered by Tarte on the 6th inst. in the Canadian pavilion, Paris, before a society called "L'Ecole Internationale." Mr. Tarte took for his text, "Canada." His deliverances upon the occasion were not only in exceedingly bad taste, coming as they did from a Minister of the Crown in Canada, but bordered on the disloyal side. He told his hearers that Canada was more French to-day than it was twenty-five years ago, and lag was the Tri-color. No delighted his French hearn he declared "That French was never so French and so lic as at the present time, and the independence of England enjoyed would be still further sed in the future. The tri- he said, was now and ever would e flag of French Canada."

fter reading such an address m a Canadian Minister is it any nder the English press are calling on the Premier to order him home? Let Mr. Tarte speak for himself. re are some of his utterances ich we commend to the attentive

"When I see," said Mr. Tarte, "Frenchmen emigrating to foreign countries, to the Argentine Republic, for instance, and other lands where their language and their institutions cannot be preserved to them, I ask myself why these compatriots of ours do not come to join us in Canada. We French-Canadians have remained French and Catholic for more than three centuries. We are more French to-day even than we were twenty-five years ago. We shall always remain French."

"I have frequently heard Canada spoken of as a possession of Great Britain. I object to the term possession. We are not a possession. We possess our own present, and our [illegible] re even more than the present. I am a Frenchman, and I am a Minister in the Dominion Cabinet. The Premier of Canada is a Frenchman, and two other Cabinet Ministers are also French-Canadians. Should the time ever come when it should be necessary for me to choose between being a Minister and remaining French I should remain French."

r. Tarte then proceeded to give account of the progress of the nch in Canada during the past half ntury declaring that their natural rease of population far exceeded that of the English-speaking population. In eastern Ontario, he said, and also in parts of Manitoba, where twenty-five years ago the English were greatly in the majority the French now either outnumbered those sh origin or were at least equally numerous. Their increased ge in Ontario, he said, was by the fact that the present er of the Legislature of that Province was a French-Canadian, Mr. Evanturel.

Mr. Tarte then made this somewhat enigmatic observation:

"I have frequently been asked," he said, "what would be the attitude of Canada in the event of a war between France and England; would French-Canadians fight for England against France, or would their help go out to the land from which they sprang. To this I might reply somewhat in the words of a French gentleman with whom I was speaking just the other day. We were discussing the question of a possible European war, and coming to the point of likely allies, this gentleman said that if France found herself without friends she could stand alone and let Europe go her way. And so I would say with regard to Canada—Canada could stand alone and let Europe do what she liked."

How do Ontario Liberals who are loyal to Britain and to Canada relish these utterances of a Member of a Cabinet to which they are giving their support?

The Tri-color for the Union Jack—French before British—England to stand alone in times of trouble may sound sweet in the ears of a French audience, but Canadians as a whole will resent such doctrines.

Is it any wonder that with such teachers, Quebec is, as Tarte declares it to be, "more French to-day than they were twenty-five years ago?"

Is it not time to relegate this Minister of the Crown to private life? Such utterances from a private individual would be harmless, but coming from a Cabinet Minister they are mischievous, and should be resented.

YOU WOULDN'T DO IT.

You would not think of blowing powders or snuff on a sore on the outside of your nose. Would you?

Why do you do it then with the little Catarrhal ulcers on the inside of your nose? Japanese Catarrh Cure is a healing salve. It is the only real cure for Catarrh.

A well-known lady of Springfield Ont., writes a few common-sense words regarding her experience in trying Japanese Catarrh Cure. She says: —"Enclosed find $2.50 for six boxes of Japanese Catarrh Cure. A few days ago I received a sample box, and from the results obtained from this sample I am sure the remedy will cure me. I have great faith in a salve like this for catarrh and believe it to be the proper thing. We never blow powder on a sore of any kind, and I don't see why people advertise powders to cure catarrh. I have tried all the powders on the market, they relieved at the time, but I was worse when I stopped using them. Japanese Catarrh Cure is a healing, penetrating, volatile pomade. It reaches every catarrhal diseased portion of the head and throat, and will permanently cure any case of catarrh wherever located. Your druggist sells it. Price 50 cents.

RESOLUTION OF CONDOLENCE.

To Mrs. Wm. Hurst and family, Harold, Ont.:

Dear Friends,—Whereas, it has pleased Almighty God in His Divine Providence to see fit to call to himself the spirit of our late brother, Sir Knight William Hurst, who by his humane disposition was beloved and esteemed by all who came in contact with him and realizing your deep sorrow in the sad bereavement you have sustained in the loss of a kind and loving husband and father, we the officers and members of St. Thomas Royal Black Preceptory, No. 208, wish to express to you our heartfelt sympathy in this sad hour of death. While we are all called upon sooner or later to mourn the death of some dear friend, we can rely on an all-wise God, who alone can grant comfort and peace in the time of sorrow. Although we do not mourn his loss here on earth as those that have no hope, for we know that our loss is his celestial gain.

A loved one God has taken home,
Our hearts are sadly chilled,
For he has left a vacant place
That never can be filled.
The hearts for him are sad to-day,
Who won his heart and love,
We know that God will give us grace
And we shall meet above.

Two More Bodies Found.

Cedar Hall, Que., June 23. — The bodies of two more victims of Wednesday's drowning catastrophe were found yesterday, those of Joseph St. Pierre and Joseph Fournier. Mrs. Nolin's body was recovered Thursday. This leaves two yet to be found, young Nolin and Alfred Des Champlain.

CONSUMPTION'S VICTIMS

Can Obtain New Health if Promptly Treated.

It was Thought Miss Lizzie Smith, of Waterford, Was in Consumption, But Her Health Has Been Restored —Advice to Similar Sufferers.

From the Star, Waterford, Ont.

Throughout Canada there are thousands of girls who owe the bloom of health shown in their cheeks, the brightness of eye and elasticity of step to Dr. Williams' Pink Pills for Pale People. There are few girls in the first years of womanhood who do not suffer more or less from anaemia. We see them everywhere, and they are easily recognized by a sallowness of complexion, or perhaps extreme pallor, they are subject to headaches, dizziness, palpitation of the heart, and feel tired and worn out on the least exertion. To those who suffer in this manner Dr. Williams' Pink Pills offer speedy and certain relief. Proof of this may be had in our own town. Miss Lizzie Smith, daughter of Mr. Wm. Smith, is today the embodiment of health and activity, yet not so long ago her friends feared that consumption had fastened its fangs on her. A representative of the Star recently interviewed Mr. Smith as to the means employed to restore her daughter's health. Mrs. Smith's unhesitating reply was that Dr. Williams' Pink Pills were entitled to the credit. Mrs. Smith said; "My daughter is nineteen years of age. For some years she has not been very strong and was subject to sick headaches. Last summer she went to work in an establishment in Paris, and had not been there long when her health grew much worse. She consulted a doctor there who said that her blood was in such a bad state that the trouble was likely to develop into consumption, and on hearing this Lizzie at once returned home. When we saw her we feared she was in a decline. She suffered very much from headaches; was as white as chalk, with dark circles under the eyes and the eyes shrunken. Her appetite was very fickle and she ate very little. She was very despondent and at times said she did not care whether she lived or not. I decided to give Dr. Williams' Pink Pills, which I heard were so highly recommended in cases like hers, a trial. She had only taken the pills for a couple of weeks when we could see an improvement. By the time she had used a couple of boxes her appetite was much improved, her headaches less frequent, and the spirit of depression passed away. Four boxes more fully restored her health, and to-day she is as well and as active as though she had never had a day's illness. I really think Dr. Williams' Pink Pills saved her life, and believe they are worth their weight in gold to girls suffering as she did."

Dr. Williams' Pink Pills make rich, red blood, strengthen the nerves, bring the glow of health to pale and sallow cheeks, and make the feeble and despondent feel that life is once more worth living. The genuine are sold only in boxes, the wrapper bearing the full name "Dr. Williams' Pink Pills for Pale People." May be had from all dealers or by mail at 50c. a box or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

NO WORD YET FROM PEKIN.

4,000 Foreign Troops in the Tien Tsin Fighting.

They Were in the Defensive, But Reinforcements Were Hourly Expected at Last Accounts—Britain Orders a Lot of Krupp Guns and Russia Orders the Mobilization of All Her Siberian Regiments—The Situation Serious.

London, June 23,—(3 a. m.)—The silence of Pekin continues unbroken. Four thousand men of the allied forces were having sharp defensive fighting at Tien Tsin Tuesday and Wednesday, with a prospect of being reinforced Thursday. This is the situation in China as set forth in the British Government despatches.

Sir Claude to Be Recalled.

The Daily Express says: "We understand that Mr. A. Tower, secretary of the British Embassy in Washington, is to succeed Sir Claude Macdonald, and that the reason of Sir Claude's recall is the breakdown of his health."

Li Hung Chang's Appeal.

A special despatch from Vienna says: "Li Hung Chang has wired the various Chinese legations in Europe, directing them to inform the Governments to which they are accredited that he is called to Pekin by the Empress-Dowager, to act as intermediary between China and the powers, and negotiate a settlement of the points at issue, and begs the powers to facilitate his mission by ceasing to send troops to China."

The Legations Are Safe.

Sheng, Director-General of Telegraphs, wires from Shanghai to the Chinese legation in Europe that the foreign legations at Pekin are safe.

It is expected the Government will send at once 11,000 men to China and possibly, according to some of the morning papers, 10,000 of the regulars now with Lord Roberts.

BOMBARDMENT CONTINUES.

Tien Tsin Is Being Destroyed—Foreign Concessions Burned.

Che Foo, June 22.—It is officially reported that the bombardment of Tien Tsin with large guns continues incessantly. The foreign concessions have nearly all been burned, and the American Consulate has been razed to the ground. The Russians are occupying the railroad station, but are hard pressed. Reinforcements are urgently needed. The casualties are heavy. The railroad is open from Tong Tau to Ching Liang Chung, half way to Tien Tsin.

Foreign Residents Suffered Greatly.

London, June 23. — A special from Shanghai, dated yesterday, says: "Intelligence has been brought by the United States gunboat Nashville to Che Foo that the foreign quarter at Tien Tsin was bombarded Monday and Tuesday by Generals Nieh, Tung Fuh Siang, Gang Sa and Yuan Shu Kai. The result of the fighting is not known. The foreign residents are confined to a restricted district, and, as food and water are scarce, they have suffered greatly. The Tong Shang mines at Pei Tai Ho were abandoned by the soldiers, and rioters flooded the mines and ruined the machinery."

Massacre at Tien Tsin.

London, June 23.—A special from Shanghai says that it is reported from Japanese sources that 1,500 foreigners have been massacred at Tien Tsin.

The British Cabinet Met.

London, June 23.—Lord Salisbury presided yesterday morning at a meeting of the Cabinet, specially summoned to consider the Far Eastern crisis. Prior to the meeting the French Ambassador, M. Paul Cambon, and the Chinese Minister, Sir Chih Lo Fang Luh, paid a lengthy visit to the officials at the Foreign Office, and it is expected that important developments will be the outcome of the Cabinet conference, as Lord Salisbury proceeded to Windsor after the meeting.

Li Hung Chang's Orders.

Hong Kong, June 22.—Li Hung Chang, who was interviewed in Canton yesterday said he would leave for Pekin on June 27, in obedience to an order of the Empress, to suppress the Boxers and to make peace with the powers. His remedy for the situation is to decapitate the leaders of the Boxers, and to send their ignorant followers home and to make peace with the powers.

Transports for Indian Troops.

Calcutta, June 22.—Fourteen transports will convey troops from India to China. All except six are already in port. The Nerbudda and Palamcotta will probably sail Sunday with the 7th Bengal infantry.

Russia Mobilizing All Troops.

London, June 23,—The St. Petersburg correspondent of The Daily Mail, telegraphing Thursday, says: "The Russian Minister of War, General Kouropatkin, yesterday ordered the mobilization of all Siberian regiments of the line."

British Buy Krupp Guns.

London, June 23.—It is announced that the British War Office has bought 40 batteries of Krupp field artillery.

Rev. Mr. Clark Is Safe.

Boston, Mass., June 23.—Some anxiety has been expressed by the friends for the safety of Rev. Francis E. Clark, President of the United Society of Christian Endeavor, who, with Mrs. Clark and their son, were in Tien Tsin and Pekin during the massacres by the Boxers. A message just received here from Dr. Clark stated that the family had arrived safely at Fusan, Corea, where they were to take the steamer for Vladivostock.

ARMIES ABOUT TO JOIN HANDS

Transvaal and Orange River Colony Are Now Severed.

The British Net, Now Widely Around Steyn With 6,000 or 8,000 Men Will Contract — Boers Are Getting More Friendly and Thousands of Rifles Have Been Handed In—Buller Eulogizes Strathcona's Horse.

London, June 23.—(3.45 a.m.) — Gen. Steyn's force in the Orange River Colony are for the time drawing most of the attention of Lord Roberts, rather to the neglect of Commandant-General Louis Botha and President Kruger. The severance between the Transvaal and the Orange River Colony was completed yesterday, as Lord Roberts said it would be, by the arrival of Gen. Buller's advance under Lord Dundonald at Standerton.

The wide net around the 6,000 or 8,000 men under Steyn will now contract. Adroit manoeuvring and brisk fighting are likely to take place, as, until all resistance south of the Vaal is at an end, the British line of communications will not be safe.

President Kruger's sons, who surrendered to Baden-Powell, are back on their farms, working peacefully. Gen. Baden-Powell rode with only 800 men from Mafeking, and he made the last section of the ride to Pretoria with only 35. Lord Roberts met him in the outskirts of the town and escorted him to the presidency.

Gen. De Wet's farm houses have been burned by the British.

Eulogy of Strathcona's.

Gen. Buller has issued a special order eulogizing the services of Strathcona's Horse.

Capt. Jones and his brigade from H.M.S. Forte have been ordered back to the ship at the admiral's request.

A Lorenzo Marquez despatch of today says: President Kruger's principal condition for immediate peace is that he be allowed to stay in the country. There are 5,000 British sick and wounded at Pretoria. Mrs. Reitz, wife of the Transvaal State Secretary, and her family, who arrived here, en route for Europe, had so little money that the Dutch Consul purchased second-class steamship tickets for them.

THE TWO ARMIES IN TOUCH.

Hamilton's Column Will Meet Buller's Forces To-day and the Boers Will Be Separated.

London, June 23.—The War Office has received the following despatch from Lord Roberts:

"Pretoria, June 22.—Ian Hamilton's column reached the Springs yesterday en route to Heidelburg, where they will join hands with Buller's troops, who reached Paardekop yesterday; and will be at Standerton to-morrow, thus opening up communication between Pretoria and Natal, and preventing any point of action between the Transvaalers and the people of the Orange River Colony.

"Baden-Powell reports from Rustenburg that he found the leading Boers very pacific and cordial on his return journey here. Commandant Steyn and two actively hostile field cornets had been captured during his absence.

"Lord Edward Cecil, the administrator of the Rustenburg district, has to date collected 3,000 rifles.

"The commissioner at Kroonstad reports that 241 rifles have been handed in at Wolmarnstad."

Dundonald at Kaatsbosch.

Kaatsbosch, June 22.—Gen. Dundonald, with the third cavalry brigade, occupied Standerton to-day without opposition. The burghers left yesterday, after having blown up the railroad bridge and doing other damage. The infantry marched 22 miles yesterday and camped at Kaatsbosch Spruit last night.

Dutch Railroaders Expelled.

Amsterdam, June 22.—The Netherlands Railroad Company of South Africa has received official notification of the expulsion from the Transvaal of 1,400 of its employes with their families.

The Dutch Consul at Lorenzo Marquez telegraphs that a proclamation has been issued to the effect that the company's officials who refuse to do British military transport work will be sent to Europe via East London, Cape Colony.

THE NEW B.C. CABINET.

Three Are Said to Be Conservatives and Three Liberals—Turner Is to Retire After Session.

Ottawa, June 23.—A private despatch received here yesterday from Victoria, B.C., says that Hon. James Dunsmuir has completed his Cabinet. It will be composed of three Conservatives and three Liberals. Three will be from the mainland and three from the Island. The Cabinet is as follows:

James Dunsmuir, Premier and President of the Council.

J. H. Turner, Minister of Finance.

D. W. Eberts, Q.C., Attorney General.

W. C. Wells, Chief Commissioner of Lands and Works.

J. H. Prentice, Provincial Secretary and Minister of Education.

Richard McBride, Minister of Mines.

Mr. Dunsmuir claims to be a Liberal in Dominion politics, and Messrs. Wells and Prentice are well-known Liberals. Messrs. Turner, Eberts and McBride are Conservatives. It is said that after the first session Mr. Turner will retire.

The Relief of Coomassie.

Prahsu, June 23.—There is no fresh news to hand from Coomassie, but the local authorities believe that the relief of the town may now be expected any day. The casualties of the relieving forces aggregate 300 already.

The Drouth Exaggerated.

Winnipeg, June 23.—President Meighen of the Lake of the Woods Milling Company, stated that, from information he had received from the company's own sources, he was of opinion that the reports as to damage to the wheat crop by the drouth had been greatly exaggerated.

The N.P. crop report, issued yesterday, shows that the drouth is most serious, and that great damage has already been done.

The Marvellous Record of Cures Made by Dr. Pitcher's Backache Kidney Tablets in Every Section of the country is Always Backed by Home Evidence. Belleville Proof.

John Caton, contractor, corner Wharf and Pinnacle St., says: "Dr. Pitcher's Backache Kidney Tablets are all right. I had been about laid up when I read about them and procured a bottle from Alex. Ray's drug store. I hurt my back when I was a boy and ever since, when I did any heavy lifting or I took cold, I was almost sure to have a lame back. I would have dull, grinding pains over my kidneys and an extreme sensitiveness that caused sharp pains to shoot through me when stooping on rising from a chair. I was very bad when I began using those tablets. I have used but one bottle and that trouble has entirely disappeared. Yes, I pronounce these tablets all right."

Wm. H. Ackerman, McAnnany St., says: "I have used Dr. Pitcher's Backache Kidney Tablets that our druggist Alex. Ray brought to the city and I can vouch for their being all right. My kidneys caused me much suffering and inconvenience. I have been so bad I could not turn in bed and these spells would come on me without any notice or extra exertion. When I began using Pitcher's Tablets I was in a bad way, but they removed the trouble and strengthened my kidneys. I was relieved of indigestion caused by the acidity of my system. I am not now suffering from backache or headaches and I credit this change to using those tablets. I found much relief from a desire to urinate frequently. They acted as a general tonic. I am not suffering from dizziness as formerly."

If you have the slightest sympton of Kidney or Bladder trouble, you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two-cent stamp for postage to The Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

LIBERALS ARE SORE AFRAID.

Inquiry Majority Vote Down Every Motion for Facts.

Prof. Ruttan Says Devlin's Vitaline Cannot Properly be Regarded as an Emergency Ration—Mr. Clarke's Seven Motions to Have Hatch's Protose Remnants in Possession of Militia Department Analyzed Voted Down.

Ottawa, June 23.—The uselessness of trying to establish charges of fraud and negligence before a partisan committee of the House is being evinced with increasing force daily. Messrs. Russell, Britton, Belcourt and Campbell, the Liberal majority members of the Rations Committee, never lose an opportunity to prevent anything coming out in evidence that may show that Mr. Monk's charges are truthful.

Mr. Clarke Opens.

When order was called in the Emergency Rations Committee yesterday morning at 10.45, Mr. Clarke moved that the fragments of food produced by Mr. Hatch during his evidence should be analyzed.

The motion was voted down, Chairman Belcourt's vote doing the deed.

Dr. Neilson Up Again.

Dr. Neilson desired to add a few remarks to his evidence given Thursday with regard to the requirements of an emergency food. He declared that he believed that an emergency ration should not contain more than 20 to 25 per cent. of proteids. The heat and energy producing elements of the food should make up the balance of the hundred per cent. Possibly the rations purchased by the department might be a little better if they contained a little greater percentage of proteids, but he still believed that these rations were good and serviceable rations. He did not believe that it was necessary for the tins to be sterilized or hermetically sealed.

Cross examination elicited the fact that the doctor's knowledge of emergency rations and of the constituent elements of such foods was very meagre. He knew what the emergency rations used by the German army were made of, but that was about as far as his knowledge went.

He did not claim to give evidence as an expert on army emergency rations, although he talked learnedly of the different elements of various foods.

Prof. Ruttan's Evidence.

Prof. Ruttan, professor of practical chemistry at McGill University was the next witness. He swore he had made an analysis of Hatch's protos for Mr. Hatch, on Jan. 3, 1898. This analysis was the one in which it was said the food contained 83 per cent. proteids. The witness said he did not know his analysis had been used as an advertisement.

The witness said that a food such as Mr. Devlin's, containing only 10 per cent. proteids, would not be a concentrated food. It would be only a diet. A concentrated food would have to contain at least 60 per cent. proteids. Soldiers could live a month on a 16 per cent. food, but each man would need 1¾ pounds of it, because an average amount of proteids for a man to live on was 4½ ounces. For these reasons, the witness said, that Dr. Devlin's ration was an insufficient ration. A man doing excessive labor required 6½ ounces of proteids a day. This put in terms of Dr. Devlin's food would mean he would have to use daily 10 tin cases, if he were on forced marches, according to Dr. Devlin, however, one can was a day's rations.

Again the Majority Steps In.

The witness said that he had two months ago made two analysis of proteid food for Dr. Devlin. This was shortly after the article censuring the Government appeared in The Military Gazette.

Mr. Monk wanted to know the result of these analysis, in order to show that one of the analysis was really of Mr. Hatch's food. Chairman ruled against and the majority voted down the question.

"Did Mr. Devlin ask you to analyze Hatch's protos?" asked Mr. Monk.

The witness replied that he had, but the witness had declined to do so. Dr. Devlin wanted him to analyze Hatch's protos, and inform him "regarding its contents."

A number of questions were asked the witness regarding the Kingston test, and he declared soldiers could not live on 16 per cent. proteids for a month without feeling uneasiness. Dr. Devlin's food was as nutritious as ordinary flour; but not nearly as nutritious as dried beef.

"Devlin's food is a good food, just as oatmeal flour is a good food." The rations given the soldiers in Kingston were "excessively short rations, upon which a man could live, but not thrive." When told that milk, beef tea and tea had been taken with this food, he (witness) said that it would then be a good diet, but it was not a concentrated food. He considered the test at Kingston far from satisfactory, for it was a test more of beef tea, milk and tea, than of the emergency ration.

Devlin's food was not an ordinary full diet, and was not fit to be called an emergency food, fit for soldiers on forced marches.

Mr. Monk moved that a cable be sent to the South African contingents, telling them that the emergency supplied by the Government was not a concentrated food. He thought this was advisable, so that the soldiers would not depend upon their extra ration, for, if they did, they would faint and reap out.

A motion to adjourn was moved in amendment, and carried by the partisan majority.

When the committee reassembled at 3 Mr. Edson was heard. He is a miller in Montreal. He ground the powder that was shipped to South Africa at the request of Dr. Devlin. Something over 2,000 pounds were ground for one cent a pound. Dr. Devlin and John T. Lyons gave the witness instructions regarding the grinding. They told the witness the stuff was for the Government. The witness examined the stuff in a Saratoga trunk.

Voted Down Again.

Mr. Clarke again moved that the fragments of food purchased by Mr. Hatch should be analyzed, so that the veracity of Mr. Hatch might be proved or disproved. Mr. Hatch declared it contained 60 per cent. proteids. This was voted down a seventh time.

Mr. Monk's motion regarding cabling the South African contingents that the emergency rations supplied them were not a concentrated food, was again brought up.

Dr. Britton moved an amendment that the cable be not sent, because the emergency ration was a useful food, and was all right as an additional emergency supply. The amendment was carried.

Witness Edson again came into view. He identified the stuff in the trunk as similar stuff to that which came to his place to be ground. John T. Lyons took the stuff away when it was ground and paid for it. The witness saw the stuff packed in Lyons' store by hands in the store. The cans when packed were put in large wooden cases, on which were stencilled the words "Emergency Rations."

John T. Lyons told the witness the stuff had to be ground, because four ounces could not be packed into tins unless the powder was fine.

Clerk Bergeron, who was employed in January in 1900 at Lyons' drug store, was called. He helped to pack the tin cans of rations. He acted under Lyons' instruction. One day Dr. Devlin kicked because four ounces were not in each tin. The stuff came from New York. Two girls put the labels on the tins. The tins were filled and the covers hammered on with a wooden mallet, and there were about 12 trunks, each containing two bags of ground stuff.

Don't Know the Vitaline Co.

"What is the vitaline?"

"I don't know. I don't know the company, though I have worked five years at the corner of Craig and Bleury, where Mr. Lyons' drug store is."

Charles Careli, a manufacturer of macaroni, next appeared. He worked at Edsons' mill. He thought the stuff ground was baked glutin. It would be worth about 13 or 14 cents a pound baked and about 2½ cents a pound in raw state.

Sergt. Cotton, one of the soldiers experimented with at Kingston on Hatch's protos, told about the test. During the test he said that he drank beer regularly. Recently the witness had subjected himself to another test at St. John's, N.B., Barracks, where the witness is hospital sergeant. At his solicitation Dr. Devlin gave him the emergency ration to be used as an obesity cure. This test began Feb. 23 and ended March 23. The food used in St. John was much the same food as that used in Kingston. Cross-examined by Mr. Casgrain, the witness said he took two or three glasses of beer a day at Kingston during the 1899 test.

Why Witness Drank Beer.

Mr. Casgrain pointed out that the witness had made a declaration after the test at Kingston, and when asked what fluids he had taken with the test, did not mention beer, the witness said that Dr. Devlin told him he could take beer during the Kingston test, and he had done so freely.

Mr. Monk produced a letter addressed to Lieut.-Col. Neilson, from Sergt. Cotton, dated Feb. 23, 1900, in which the witness said that he had tested the vitaline and found it the same as the food used at Kingston.

Questioned, the witness said the letter was written the day he began the second test. He gave the letter to Dr. Devlin, and Dr. Devlin was present when the first ration was tested in St. John. The department did not receive the letter till May 18, 1900.

"Did you tell Mr. Hatch you would not be fooled by Dr. Devlin any more?"

"No, sir."

Questioned by Mr. Clarke, the witness said that he addressed his letter to Lieut.-Col. Neilson, but handed it to Dr. Devlin, because he thought perhaps Lieut.-Col. Neilson has asked Dr. Devlin to get it.

Col. Neilson questioned about the letter, said that it was not a customary thing for a non-commissioned officer to address a letter to his superior officer unsolicited. The colonel put no reliance upon the letter as a testimonial. He had not asked for it.

The Stuff in the Trunk.

Analyst McGill of the Inland Revenue Department spoke of the microscopic examination of the stuff in the Saratoga trunk. He said he had found in the stuff wheat starch, oat starch and glutinous starch; He could not estimate the percentage of vegetable proteids present. The stuff had been baked. He assumed it was a ground biscuit that could be made out of peas, oats or wheat.

Mr. Clarke moved for the eighth time that the fragments of the Kingston food produced by Mr. Hatch should be analyzed. He urged that he wished to find out if Mr. Hatch told the truth or not. The analysis would show if the food contained 60 per cent. or not.

The motion was again lost.

The committee adjourned to meet again Tuesday at 10.30 a.m.

The Judicial Commission.

Ottawa, June 23.—The first meeting of the Judicial Commission appointed to investigate charges of electoral corruption in Federal elections has been called for Wednesday of next week in Toronto for purposes of organization.

MR. R. A. STEDMAN.
Deputy Warden, Ontario Reformatory for Boys,
Was Cured of a Severe Case of Rheumatism by Dr. Arnold's English Toxin Pills—This Case Only One of Many in the District.
Penetanguishene, —Of the many Government officials in Ontario, no one is better, nor more favorably known than is Mr. R. A. Stedman, Deputy Warden of the Ontario Reformatory for boys at Penetanguishene. Mr. Stedman has held his responsible post for many years, giving the utmost satisfaction to all concerned. He is known as an upright, faithful and conscientious official, and in private life is as highly respected as in public.
For a long time past Mr. Stedman has been a victim to that most painful disease—Rheumatism—his arms, legs, back and shoulders being principally affected. Everyone who has suffered with rheumatism will know what Mr. Stedman has endured. Words cannot describe the torments he went through. His family physician did all he could for him, but gave him only temporary relief—cure seemed a thing beyond reach.
One day, however, Mr. Thomas Hardford, gardening instructor to the institution advised him to try Dr. Arnold's English Toxin Pills. "You know how bad I was with the same complaint," said Mr. Hardford, "and they cured me. Now I know that if they could cure me, they will also cure you. Try a box and see if I am not right."
Mr. Stedman did try Dr. Arnold's English Toxin Pills. As a consequence he is now sound and well in every nerve, muscle and limb, free from aches and pains, and able to attend to his duties every day.
This is only one of the many cases in this town and vicinity, in which Dr. Arnold's English Toxin Pills have proved their superiority over all other medicines for the cure of rheumatism. They have cured every case in which they have been used according to directions.
Dr. Arnold's English Toxin Pills are sold by all druggists, large boxes 75c., small boxes 25c., or sent postpaid on receipt of price by the Arnold Chemical Co., Limited, Canada Life Building, 44 King street west, Toronto.

WISHING
It may be true of virtue that "But to wish more virtue is to gain," but it is not true that wishing for health brings us a step nearer the realization of our wish. Health must be sought and striven for. There are more than half a million people who have found health, each in the same way, and by the same means. That way and means are open to *you*. If you are suffering with obstinate, lingering cough, bleeding of the lungs, bronchitis, emaciation, weakness, a condition which if neglected or unskilfully treated, leads to consumption, begin at once the use of Dr. Pierce's Golden Medical Discovery. It never fails to help. It perfectly heals ninety-eight out of every hundred who give it a fair and faithful trial.
Sick persons are invited to consult Dr. Pierce by letter absolutely free of all fee or charge. Every letter is held as strictly private and sacredly confidential, and all answers are sent in plain envelopes, bearing no printing upon them. The experience of Dr. Pierce often enables him to suggest auxiliary treatment specially adapted to the individual case. Address Dr. R. V. Pierce, Buffalo, N. Y.
"About one year ago I began to be troubled with a dry, hacking cough and a hurting through my breast so that I could hardly go about or do my house work for myself and husband," writes Mrs. Alice Holton, of St. Albans, Kanawha Co., W. Va. "I let my trouble go on until about eight months ago I got one of Dr. R. V. Pierce's little pamphlets. I learned of a great remedy for such diseases, and I wrote to the World's Dispensary Medical Association in a short time after reading the little book. They soon gave an answer and advised me what to do. I followed their advice and I soon found relief by the use of Dr. R. V. Pierce's Golden Medical Discovery. I have used three bottles of it and now feel like a new person."
Dr. Pierce's Pleasant Pellets do not become a necessity to the system they have relieved of accumulations and obstructions.

THE HOUSE OF COMMONS.

Nomination in St. Hyacinthe on July 4 and Elections on July 11—McInnes' Removal.

Ottawa, June 23.—When the House opened yesterday afternoon Sir Wilfrid moved that on Monday next and for the rest of the session the House meet at 11 a.m. daily; that the intermissions be from 1 to 3 and from 6 to 8.

In reply to a question, Mr. Fielding said he would bring down the supplementary estimates on Monday. Early next week an announcement would be made concerning railway subsidies.

Sir Wilfrid said the only important measure to come was the Consolidation Act. He hoped to bring the session to a close the week following next week.

The motion was carried.

Speaker Bain announced that he had issued the writs for an election in St. Hyacinthe, Que., because Mr. E. Bernier had been sworn in as Minister of Inland Revenue. Nomination is fixed for July 4 and election July 11.

McInnes' Removed.

Sir Wilfrid informed the House that the Governor-General had removed Lieutenant-Governor McInnes from office.

Col. Prior—Hear, hear.

Sir Henri Joly, who had been made Mr. McInnes' successor, was sworn in by Mr. Justice Taschereau to-day at 12.30 p.m.

The House went into Committee of Ways and Means on Mr. Fielding's resolutions regarding the preferential tariff.

A bill based on them was read a first and second time.

Several clauses in the Elections Act were passed during the night, and then the House went into supply on the Penitentiary estimate, making much progress, and adjourned at 1.05 a. m.

Archie Campbell's Bill Is Dead.

Ottawa, June 23.—The Canada National Railway & Transport Company's bill came up in the Senate yesterday afternoon. It was thrown out by the Senate Railway Committee in the morning.

Senator Kerr moved that the bill be referred back to the committee.

By a vote of 58 to 24 the report of the committee was accepted, and the bill is dead.

Premier Dunsmuir Notified.

Victoria, B.C., June 23.—Sir Wilfrid Laurier yesterday advised Premier Dunsmuir that Sir Henri Joly de Lotbiniere had been appointed Lieutenant-Governor of British Columbia, and would leave for here on Monday.

Chief Justice McColl has been appointed Administrator until the new Governor's arrival. The House will be called on July 19, instead of 6th.

TELEGRAPHIC BREVITIES.

Fred Hadskiss, aged 17, son of Tax Collector Hadskiss, of Winnipeg, was drowned Thursday night.

The House of Lords on Friday passed the colonial marriages bill introduced by Lord Strathcona and Mount Royal.

The saw and shingle mills and a quantity of logs of J. Hickling, near Maxwell, Ont., were destroyed by fire on Thursday.

Friday C.P.R. stock sold down to 88, but the fears were overdrawn, as too much importance had been given to Manitoba's crop and too little to Ontario's.

A special from Texarkana tells of the murder of Col. Gardiner, a prominent Red River planter. A negro, said to be Moses Williams, held him up and robbed him.

Arthur Ledyard, making a balloon ascension at Presquo Isle, at a picnic Thursday evening, was dropped into the lake and drowned by the breaking of his parachute rope.

Henry Dudley, a wealthy and highly educated Englishman, about 20 years old, leaped overboard early Friday morning from the steamship Saale at New York, and was drowned.

The cases against three local confectioners who sold "brandied chocolates" in London, were withdrawn, the Police Magistrate remarking that the sale of brandied chocolates was a clear violation of the law and would be punished in future.

The number of deaths reported in Ontario for May was 2,162, compared with 1,767 for May last year. The increase was in contagious cases, which numbered 318 of the whole, or 88 more than in May, 1899. The death rate per thousand was 11.1 per cent., compared with 10 per cent. a year ago.

William Scott, formerly of Bedford Mills, on the Rideau Canal, met death at Jayville, N. Y., by being thrown out of a rig. He was intoxicated. John Youngs, his companion, has disappeared, and suspicions are that the men quarrelled and Youngs threw Scott out of the rig. A widow and seven children at Bedford Mills are left to mourn.

A special from Sonoma, Cal., says the Rev. F. Breithwaite Bartlett, rector of the Episcopal Church of St. Mary the Virgin, of San Francisco, was drowned on Friday, while swimming in a creek near Agua Caliente.

DEATH OF LT.-COL. TYRWHITT, M. P.

Reached His Home From Ottawa and Almost Immediately Expired.

Bradford, Ont., June 23.—Col. Trywhitt, M.P., who returned from Ottawa last evening, died at his family residence at 10 o'clock. The journey from Ottawa completely exhausted his wasted strength.

Lieut.-Col. Richard Tyrwhitt was the son of William Tyrwhitt, and grandson of Richard Tyrwhitt, of Nantyr Hall, Denbighshire, barrister of the Middle Temple and recorder of Chester, Eng. Col. Tyrwhitt was born in the County of Simcoe, Ontario, Nov. 29, 1844. He was educated by private tutors, and at Dinan and Rouen, France. On April 26, 1870, deceased was married to Emma, daughter of the late Venerable Archdeacon Whitaker, Provost of Trinity College, Toronto. He followed the vocation of a farmer, and, being of a military disposition, became Lieut.-Col. of the 36th Battalion. He served as a lieutenant in a provisional battalion on the Niagara frontier during the stirring times of the Fenian Raid in 1866, and also served in the Northwest campaign against Riel in 1885, for which he received a medal. He commanded the Wimbledon team of 1886. His entrance to Parliament was in 1882, when he was chosen to represent South Simcoe in succession to the late W. C. Little. He had been returned at each general election since that time, and was an ardent Conservative.

Car Went Over the Dump.

Rossland, B.C., June 23. — While William Hatton, a car man at the Le Roi, was riding a car loaded with rock down the track to the edge of a dump, about 9.30 last evening, the car struck some obstacle, and Hatton was flung over the dump ahead of the car. The ton of rock it contained must have rolled upon him and knocked him insensible. The car itself rolled down over him, and when picked up he was terribly mutilated. He has suffered internal injuries, which are expected to prove fatal.

CAPT. OLIVER CUT IN TWO.

Coal Car Ran Over a Canadian at Charlotte and Severed His Body.

Rochester, June 23.—Captain W.H. Oliver of the coal barge F. H. Burton, a Canadian boat, loading coal at the A. G. Yates Coal Company's docks at Charlotte, for Kingston, was struck and instantly killed by an empty coal car last evening. Captain Oliver was standing on the chutes watching the coal shoot into the vessel. One of the empty cars was let loose to go down the grades and before the captain had time to get out of the way it struck him and passed over his body, cutting it in halves at the waist. An inquest will be held.

For Weak Kidneys,
Bladder and Urinary Troubles.
DR. CHASE'S KIDNEY LIVER PILLS.
Are of Incalculable Value—A Grateful and Unsolicited Testimonial.
The most painful and most fatal of diseases are those which attack the kidneys, bladder and urinary organs.
The symptoms of these disorders are not difficult to read, and there is no reason why anyone cannot diagnose their own ailment and apply the most successful treatment known to science — Dr. Chase's Kidney-Liver Pills.
Irregularity or difficulty in urinating, pains or weakness in the small of the back, deposits in the urine after it has stood for 24 hours, are the characteristics and unmistakable symptoms of kidney and bladder troubles.
Amongst the most dreadful developments of neglected kidney disease are stone in the bladder, which causes the most excruciating pain of any ailment know to man, and Bright's disease, a wasting away of the tissues of the kidneys which can only be stopped and cured when taken in its early stages.
To prevent these dreadful diseases the kidneys should always be kept in perfect order by the use of Dr. Chase's Kidney-Liver Pills. No other treatment for kidney derangements was ever so successful, and none has such an enormous sale as Dr. Chase's Kidney-Liver Pills. They are now used in the great majority of homes in Canada and the United States with most excellent and beneficial results, and frequently prescribed by physicians when ordinary treatments fail.
Such grateful, unsolicited testimony as is contained in the following letter is not given to remedies of ordinary qualities. It is the spontaneous, heart felt praise of a man who was cured of painful and dangerous disease by using Dr. Chase's Kidney-Liver Pills.
Mr. Wm. Giles, carpenter, Sault Ste. Marie, Ont., states; "Unsolicited I write to tell you of the good qualities of Dr. Chase's Kidney-Liver Pills in curing urinary troubles. I do not write for your especial profit, but for the good of those afflicted as I have been. I have used eight boxes and do not now feel the old trouble in the least.
"I felt relieved one hour after taking the first pill. It is a great source of comfort to me to know that there is a medicine to help my weak kidneys. Those wishing further particulars may address me as above."
Dr. Chase's Kidney-Liver Pills are specific for all kidney, bladder and urinary derangements, and liver troubles. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.
Dr. Chase's Ointment has never failed to cure piles.

PUBLIC MEN'S PROMISES.

Nothing can more lower a public man and a party than to have it supposed by the people that specific, definite pledges are like piecrust, made to be broken. The vast majority of the people should have confidence in their public men.—Hugh John Macdonald.

Such were the utterances of the Hon. Hugh John Macdonald, when discussing the question of legislation, and the crystalizing of pre-election promises into law. Compare such conduct with that of the Laurier-Tarte combination in Canada, and what is the result. The one stands out in bold relief portraying the figure of an honest man, while the other exhibits the statue of the charlatan and deceiver.

The character of the Hon. Hugh John is still further and prominently exhibited in the interview had with him by the liquor interests of Winnipeg, at which the latter gentlemen protested against his policy of prohibition. At that interview, he told his friends that they knew when they voted for him that one of the planks in his campaign platform was prohibition of the liquor traffic, to the fullest extent of the power of the provincial legislature, in case the will of the people demanded it through the ballot-box; and that will having been affirmed by a large majority at the elections which brought him and his party into power, it was his duty to fulfil his promises and make that law, which the people demanded.

"Oh," replied one of his interviewers, "Greenway played with the question, promised prohibition, but never attempted to carry out the scheme, always finding an excuse, constitutional and otherwise to put off the question, and while we admit you promised prohibition, it was never supposed it would be carried out, no matter what the vote was."

Hugh John's reply was laconic and to the point when he retorted, "Do you not think gentlemen, that you are paying me a small compliment in comparing me to Greenway"?

This ended the interview.

A few more Hugh John's in the political field would do much to elevate public men in the eyes of the honest electorate.

TIMELY TOPICS.

"Speaking of butter," said a gentleman to The Intelligencer, "I noticed an item in Timely Topics last night in which you quote the price of butter in New York as less than it is in Belleville. The fact of the matter is butter is too high in Belleville. I know a town in Ontario, not so favorably situated as Belleville is in regard to dairying, where the best butter is only 15 cents a pound. The farmers in this section of the country ask too much for their dairy produce."

It may be pointed out that the farmers don't stop at asking too much—they get it.

An Orillia lady suggests that maple seeds be sent over and planted on the graves of the Canadians who are buried in South Africa, so that in years to come their graves may be shaded by the emblem of their country—the Maple Leaf. A poetic idea, truly. It might well be done.

Kingston Whig: "Many citizens who desired to attend the excursion to Oswego this morning arrived at the wharf just a few minutes after nine o'clock and found that the steamer Columbian had started. Kingstonians are noted for the habit of lateness." That's what we've been telling them all the time. Poor old Kingston! Always behind the times.

Belleville will to-morrow hear the parting words of two eminent Methodist divines, Rev. C. E. McIntyre and Rev. Newton Hill. During their residence here both gentlemen have earned the respect and esteem, not only of their parishioners, but of the public at large. In leaving Belleville they will carry with them the best wishes of everybody who knew them in this city. May their lines fall in pleasant places.

The gentlemen who are in public life in Toronto are not very choice in their expressions. The sayings and doings of the City Councillors are notorious, and the School Trustees have lately been imitating them. During a discussion last Thursday night one member made use of the following forcible argument: "Get out, you drunken sot; you are drunk now." Those fellows are eminently qualified to shine on the staff of a Belleville Grit newspaper.

Ottawa Free Press: "The Tory press is resuming its daily assaults on Mr. Tarte. There are always more stones and sticks at the foot of the best apple trees." So Mr. Tarte is the best apple tree the Grits have got. Well, most people think, judging by his speeches in France, that he yields mighty rotten fruit. But then your hidebound Grits can swallow anything.

From Debreczin, in Hungary, comes a love tale that opens new anatomical possibilities. A young man there was rejected by a young woman because he was bow-legged. He went to a hospital and asked the doctors to straighten his legs for him, but they told him that it could only be done by breaking the legs and resetting them, and that the chances were against the success of the operation. The young man insisted on having it performed; the operation turned out all right and he went back to his girl and won her.

LIVE SPORTING NEWS

THE GUN.

On Thursday afternoon a friendly match took place on the range in West Belleville between two teams composed of local sports. There were four on a side and each competitor shot at 10 birds. The score was as follows:

Gay, 5; Day, 2; Coon, 1; Wallbridge, 2; total—10.
Twining, 1; Weese, 2; Lloyd, 3; Starr, 1; total—7.

THE RING.

Tom Sharkey still rules the favorite over Gus Ruhlin. Friends of the "Akron Giant" are backing him on all sides, and it looks as though the odds will be even money at the ringside. Jim Corbett, who is a great admirer of Ruhlin, will second the latter, and in conjunction with Billy Madden advise Gus how to fight. If Ruhlin wins he will challenge Jeffries.

GOLF.

A golf tournament will be held in October in connection with the Paris Exposition, under St. Andrew's rules. The programme includes both ladies' and gentlemen's championship and handicap events, the prizes to be cups and medals.

LAWN TENNIS.

The junior championship of Canada will be played off as usual in Toronto on Dominion Day, July 2. The tournament is open to all residents in Canada eighteen years of age and under. The entry list promises to be large this year, and a keen competition is expected.

THE WHEEL.

Miss Marguerite Gast, the New York woman who set out to ride 1,000 miles, completed her task in 4 days 17 hours and 37 minutes, breaking all previous records held by women. Of the total time 10 hours and 15 minutes were spent in sleep, divided up into naps of from one to three hours. She finished fresh, considering her ride through mud the last fifty miles.

ATHLETIC PARK FOR TWEED.

Tweed, June 23.—A joint stock company, with a capital of $2000 has been formed here for the purpose of fitting up exhibition and sporting grounds. They have purchased eleven acres of land at the foot of Alexander avenue, from Mr. John Alexander, and are now engaged in removing stones and fencing it. When completed Tweed will have a sporting grounds not excelled in this district. The directors of the new company known as the "Hungerford Park Association" are E. R. Huyck, John Stokes, David Beatty, R. F. Houston, and Thos. McCamon.

LONG LIVE THE "KING."

The Thousand Island trips of the people's favorite steamer "North King," will commence on Sunday, 17th June, leaving Belleville at 3.30 a.m. This palatial steamer is allowed by the travelling public to be the best and most modern appointed of her class, plying the inland waters, and has earned a well merited reputation for speed, safety and seaworthiness excelled by none. Bellevillians and their friends will therefore be pleased to learn that it is the intention of the owners of this steamer to have her perform a tri-weekly service between Rochester, N.Y., Belleville and Thousand Islands, calling at Kingston and Gananoque, commencing 24th June, leaving here for Thousand Islands on Sundays, Tuesdays and Thursdays at 3.30 a.m., and for Charlotte, N.Y. (port of Rochester) at 11.55 p.m., the same days, arriving at Charlotte at 7 a.m. The excursions of the steamer "North King" will be the only ones covering the entire Thousand Islands group, and giving a close connection at Gananoque for Clayton, N.Y., Alexandria Bay, N.Y. and all Thousand Islands points. Excursionists making the Sunday trip will have the privilege of taking the steamer "Hero" at 11 p.m. Saturday, secure stateroom accommodation, and be transferred to steamer "North King" at 6 a.m. Sunday, thus enjoying a full night's rest. Full information will be furnished by the Rathbun Co., agents, H. H. Gildersleeve, general manager, Kingston. 14-16-19-21-23

The Country Store, with its various wares and its snug spot near the stove where the village magnates, after the duties of the day are over, meet, and with pipe in mouth, discuss the questions of the day, is a picture of rare contentment we all cannot see every day, but on June 26, 27 and 28 in the Drill Hall, we can see the universal emporium with its cosmopolitan symposium into which our little country store has developed.

We name them thus

Because we believe they are King of all shoes. We don't believe there is a woman's shoe sold for $3 in this whole world which is as good as our King Quality. That is a broad statement, but try the shoe and you will agree that we have reason for boasting.

It is simply perfection.

It has all that a shoe ought to have—ease, durability, style—and it costs but $3 while it looks like a $5 shoe.

Try and judge for yourself.

ON THE FIRING LINE.

(Chicago Chronicle.)

Would you live a life in a single hour?
You can.
And help run things with a brimstone power?
Understand
You can do all this in our picnic free
By taking your place with Jim and me
Out here in the firing line.

Your face is as gray as the sands at noon—
That's right.
And the blood has gone to thy heart, poltroon—
But you'll fight.
When the click of the bullet brings fate's decree
It will tune thy nerves to the major key
That sounds on the firing line.

You may give one thought to the friends away—
No tears
You will think of them no more to-day
The cheers
Will lift you up to another sphere,
The past, my son will be out of gear
With you on the firing line.

Are you a murderer at heart?
Oh, no.
Would you kill yon man where the gray rocks part—
Thy foe?
A puff of smoke; a jarring shock;
A Mauser's mark on thy rifle stock—
You have on the firing line.

Can you joke in the face of death, my boy,
With Jim?
Can you laugh when the dead on our flanks deploy
With him?
You can? You lie! When the white flags wave
We can dig for Jim a soldier's grave—
He is dead on the firing line.

But the lessons of war we are learning, my lad,
We two.
The diaphonies should not be bad
Or few.
And when we get home—my God! a ball
Has given to me—and to you, our all—
A grave on the firing line.

BULLER.

Leader of men who goest in thy might
Like Caesar, forth to conquer, better cause,
Hast thou, who stormest in his eagle height
And airy fastnesses the treacherous Boer,
And hurls him from his cloud-projecting rocks
Whose strongholds face (Gibraltar-like their front)
Thy heroes, with an ever-threatening frown,
Deriding, as it were, thy magazines
And engines of destruction; hard the task
As ever mortal man was harnessed to;
But thou didst't face it with dignity
Calm as the breeze that fans the mountain's base,
And cheerful as the rills that ripple there.
Though ofttimes checked, at others driven back,
Repulse and rally, rally and repulse,
With now disaster painted like defeat
In rancor's poisonous dye; while all the world
Held critic eyes on thee, and foes would sneer,
More ready with their censure than their praise,
And prophesy the day of England's doom;
That she, an empire, had but feet of clay,

LITTLE THINGS NO TRIFLES.

Just a little sunshine, just a little rain;
Just a little baby, just a little pain.
Just a little tiny tooth coming by and by,
Just a little colic, making little baby cry.
Just a little slumber, distracted parent gets,
Just a little yawning, then little baby frets.
Just a little Teething Syrup of Dr. Hammond-Hall,
Just a calm serenity, after midnight squall.
Just a little English Teething Syrup, worth its weight in gold,
And the great eventful tale of cutting teeth is told.
(48 364)

Whose whole fair form is gold and adamant.
And thou did'st front with fortitude sublime,
And steadfast courage all unflinching, they
Who would belittle thy great master mind.
O true and nobleheart that did'st not fear,
Nor voice of censure nor the foeman's shell,
Reliant, patient, fixed as the rocks,
Thy guns so long assailed thou did'st withstand
Without a tremor or a falt'ring thought;
The ire of foemen, and the scoff of friends;
Nor did the bloody stain of Spion Kop
Dishearten thy devoted British soul;
But with a master leader's dignity,
Withal a patriot's never sinking zeal,
Thy country's honor balanced 'neath thine helm,
And in thine hand the fate of Ladysmith.
Thine order was "advance!" and though again
And yet again thy heroes met repulse,
Thy British pluck would still predominate,
Buoying the soldiers up with cheering words,
And guarding them as with a mother's eye;
Well did'st thou draw them from the dire event
Serenely as retiring from a feast;
Not for one moment did thy courage fail,
Nor martial spirit ever shift its poise,
Throned on a base of mental fortitude,
The equilibrium of the stars was thine,
In triumph or repulse there came no shock
Could mar thy self-sustained tranquility;
Yes, thou hast stood the brunt and borne the fray,
And faced the shell and forced the ambuscade,
And stemmed the tide and stood the tempest's storm,
The sun, the rain, and stormed the towering rocks,
And driven the foeman from his mountain lair;
"I came, I saw, I conquered" might'st thou say,
For thou hast broke the hosts, and scattered them
Unto the winds of heaven. Splendid one,
Right royally should'st thou thy laurels wear,
Who hast so loyally thy laurels won.

THE CHINESE MIX-UP.

Foreigners at Pekin Were all Right Up to Last Tuesday.

Already 160 Foreigners Have Been Killed at Tien-Tsin.

Chinese Governors Make Smooth Promises of Protection.

Trouble Seems Likely in China Between Russia and Germany.

Paris, June 25.—The French Consul-General at Shanghai, telegraphing yesterday, reported that the Chinese Minister of Railroads and Telegraphs has informed him that all foreign ministers and foreigners at Pekin were safe last Tuesday and preparing to leave with the authority of the Chinese Government.

New York, June 25.—The Chinese bombardment at Tien Tsin set fire to the mission buildings first, says the Chee Foo correspondent of the Journal and Advertiser. It spread to the native city and destroyed everything. The attacking forces, well supplied with modern artillery, have been pressing the small allied force very hard. Already the dead number 160. Relief is being rushed from Taku but the column will have to fight its way through the big Chinese army. The British storeship Humber arrived at Chee Foo, bringing thirty refugees from Long Shan.

Tai-Ho, the great watering place of Northern China, where two hundred prominent foreigners had their summer homes, has been abandoned. The Governor of Shan Ting Province, in which Chee Foo is situated, after conferring with his subordinate mandarins, decided not to join the rebels and issued a proclamation decreeing that all Europeans and Americans should be protected.

Admiral Kempff held a conference Sunday at the American consulate with Consul Fowler and the Captains of the Nashville and the Yorktown. The local Governor of Chee Foo was present and promised there should be no uprising here against the foreigners, and gave other assurances which seemed all right on the surface.

Berlin, June 25.—An unfavorable impression is caused here by the attempts of the Russian press to create distrust of Germany in connection with the Chinese question. The inspired German organs insist that Berlin does not oppose the plans of St. Petersburg in the Chinese Empire, and that the future will clearly demonstrate Germany's perfect accord with Russia in Asia.

AN OFFICE FOR TARTE.

Will be Made Lieutenant-Governor of Quebec—Prominent Liberals Want Him Side-Tracked.

Montreal, June 24.—The latest rumor in connection with Mr. Tarte's future which is being so much discussed at present, is that Judge Taschereau will shortly retire from the Supreme Court bench, Lieutenant-Governor Jette, of Quebec, will be appointed to succeed him, and Mr. Tarte will be appointed Lieutenant-Governor of Quebec, his place in the Government to be taken by Mayor Prefontaine, of Montreal.

There are important negotiations going on at present in the Liberal ranks, as Mayor Prefontaine paid a hurried visit to Quebec on Friday to confer with Mayor Parent. Several prominent western Liberal members of Parliament who were here on Saturday declared that Mr. Tarte will have to go, as he was doing a lot of harm to the party.

Who is the most popular officer in the Fifteenth Regiment? The question will be decided at the "Gymkhana.' Vote at the candy booth Tuesday, Wednesday and Thursday. 5c. only.

Graduated With Honors.

(Special to The Intelligencer.)

Kingston, June 25.—The closing exercises of the Royal Military College took place this morning. Cadet Gordon B. Johnson, of Belleville, son of Mayor Johnson, obtained diploma with honors, was awarded the Governor-General's bronze medal, and was granted a commission in the Royal Engineers.

MASONS AT CHURCH

The Largest Turnout Ever Seen Here—An Instructive Sermon by the District Chaplain.

The church parade of the Masonic society on Sunday morning to St. Andrew's church was the largest and finest ever seen in this city. Upwards of four hundred members of the society were in the procession. In addition to the brethren of the local lodges there were large representations from Picton, Trenton, Ameliasburg and other places adjacent. At 11 o'clock they left the lodge rooms on Front and proceeded direct to the place of worship, which was filled. The sermon was preached by Rev. M. W. Maclean, M.A., District Chaplain of the Society, and his discourse was not only able but practicable. He chose for his text the 32nd verse of the 18th chapter of Genesis,

And he said, Oh, let not the Lord be angry, and I will speak yet but this once peradventure ten shall be found there. And he said I will not destroy it for ten's sake.

That great and good man of God, Abraham, was pleading to save the cities of Sodom and Gomorrah from destruction which had been threatened by God on account of their wickedness. Abraham, the friend of mankind, was earnestly interceding as a man for man's sake. Here was a demonstration of the power and influence of a Godly man. We also see here the infinite value of a Godly man. He demonstrated the power of personal usefulness. We see here the immense responsibility which rests upon all of us. Two whole cities would have been saved had there been found within them ten good men. How important it is that we should strive to be good. As it was then, so it is to-day. A society such as this had either a good or bad influence. As a society prospers which is composed of good men, so likewise will a community prosper which has within it good citizens. Abraham did not plead for wealthy men or men of great intellectual attainments, but righteous men would have saved the cities. The righteous are the salt of the earth. Powerful nations in the past have disappeared because of unrighteousness, and they will also disappear in the future if they are not on the side of good. We all profess to love our country and our boys are sacrificing their lives in Africa for their country. This is a grand conception of patriotism, but a deeper and higher patriotism is to lay a foundation for truth and righteousness. We should obey God, be truthful and cultivate charity that thinketh no evil. All the gifts we enjoy are from God and we are expected to use them for his service. Gratitude should make us serve God. We should be as one citizen, working for the glory of God; carrying ourselves in such a manner that others may follow our example. We cannot get along without the church of God and we should all be workers in it. We cannot expect God's benediction if we do not exert our influence in the right direction. We should help on the wheels of God's cause. Good deeds never die, they live on. Let us live as representatives of Christ and after we have passed away our influence will still be felt. God blesses the world because he has true and faithful followers in it. Let us, then, be loyal, not only to the society to which we may belong, but to the church and God, and his blessings will follow.

THE BOYS' SUIT SALE.

The great sale of boys' two-piece suits is on this week at the Oak Hall. In getting them ready for sale we find there are not very many in sizes 26 and 27. In sizes 22 to 25 for boys 4 to 8 years of age, we have some wonderful snaps. See the splendid velvet suits in this lot. Remember the price. Any of these $5.00 suits for $2.50. See north window.

AN AVONDALE WEDDING.

Two Well-known Young Persons Joined in Wedlock.

At the residence of Mr. Wm. Walker, Avondale, this morning, a number of relatives and friends assembled to witness the marriage of his second daughter, Miss Ethel, to Mr. George Vantassel, also of Avondale. The interior of the house was decorated in a beautiful manner with daisies, making a pretty scene. Rev. V. H. Cowsert, pastor of the Baptist church, officiated. The bride was attired in a travelling dress of green ladies' cloth, tailor made. She was assisted by her sister, Miss Carrie Walker. The groom was supported by his brother, Mr. Wm. Vantassel. After the wedding ceremony the guests partook of a well-supplied wedding dinner. The bride received a large array of presents, which were not only beautiful, but costly. The young couple left on the afternoon train for Niagara Falls, Buffalo and other places. The congratulations of their many friends will be extended to them with the wish that their married life may be a successful and happy one.

During Saturday night the police answered three calls, but no arrests were made.

At an early hour on Sunday morning two drunks were picked up on Front street.

TO SAVE HER CHILD.

To save her child from frightful disfigurement Mrs. Nannie Galleger, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. ENDORSED BOURASSA

Sensational Address of Archbishop Langevin at Winnipeg.

Winnipeg, Man., June 24—Mr. Bourassa is in town with Mr. Tardival, President of L'Union Nationale, and a large party of Quebeckers, attending the local celebration of St. Jean Baptiste at Boniface.

One of the sensations of the day was the speech which was delivered by Archbishop Langevin at the St. Jean Baptiste celebration to-day. Referring to the school question, evidently, he urged the necessity of unity on the part of French-Canadians, especially under existing circumstances. He said that though they had suffered under grievous storms, there was yet a way of safety if they remained firm and united.

Referring to the presence of Bourassa and Tardival, he welcomed them warmly, and said that the French-Canadians of Manitoba were glad to have among them men who had the courage to say what everyone thought. Men of character frequently had to suffer for honestly expressing their opinions, but time ultimately vindicated them, and at last they received the homage of those who had been their opponents.

SAFE, SURE, AND PAINLESS.

What a world of meaning this statement embodies. Just what you are looking for, is it not? Putnam's Painless Corn Extractor—the great sure-pop corn cure—acts in this way. It makes no sore spots; safe, acts speedily and with certainty; sure and mildly, without inflaming the parts; painlessly. Do not be imposed upon by imitations or substitutes.

THE SAFE WONDER.

Mr. A. Gravelle, the Ponton Expert Safe Witness, Opens a Safe in Ottawa Fire-Swept District.

Ottawa, June 25.—The man whom no lock can defy or withstand, Mr. Arthur Gravelle, of The Renfrew Journal, was in the city Saturday. The trip was made at the request of the Merchants' Bank, who called on him to open one of the safes in the Hull branch, situated on Main street, in the fire-swept district. The bankers' appeal was not made in vain, for after one hour's work, Mr. Graveele succeeded in exposing the interior to daylight and the anxious gaze of the officials once more. The contents were found to have escaped the flames. The combination was a four-wheel one, the safe being built by Taylor Company of Toronto. His task was made all the more difficult by the fact that all the metal work in the combination had been overheated in the fire. Mr. Gravelle is the man who gave expert evidence regarding opening safes at the Ponton trial.

IT DAZZLES THE WORLD.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. Its severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Cold, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough, it is the quickest, surest cure in the world. It is sold by J. S. McKeown, who guarantees satisfaction or refunds money. Large bottles 50c. and $1. Trial bottles free.

Rev. Mr. Thompson Ill.

A telegram was received in the city yesterday announcing the illness of Rev. T. J. Thompson, who, when the despatch was sent was at Cape Vincent, New York. The Rev. gentleman went to Kingston as chaplain of the 49th Regiment, and went over to Cape Vincent on a visit. While there he was taken ill, and the despatch said it was not expected that he would be able to leave his bed for at least four days. Rev. Mr. Thompson's many friends will hope for his speedy and complete recovery.

There will not be any Band Concert at the Park this week owing to the Gymkhana in the Drill Hall and the Regimental parade on Friday evening. A little later in the season this concert will be made up by giving two in one week.

BASEBALL.

On Saturday afternoon the baseball match between the Station and Quinte clubs was witnessed by a number of spectators. The game was interesting although the score was rather one-sided. At times some fine plays were made on both sides. The Stations won by a score of 13 to 5. The battery for the winners were Palos and Marks and Jordan and Coon for the Quintes. Mr. Wm. Cochrane was umpire, which position he filled most acceptably.

LACROSSE.

Results on Saturday—Torontos 4, Cornwalls 2; Shamrocks 7, Nationals 2.

GOLF.

Brookline, Mass., June 23—The Royal Montreal Golf Club team of eleven players was defeated by the Country Club team today on the Clyde Park links by the score of 40 to 7.

Rochester, June 23.—Ten representatives of the Toronto Golf Club were defeated by ten members of the Country Golf Club, of Rochester, here this afternoon in a team match by the score of 21 up. Vere Brown, of the Toronto team, amateur champion of Canada, was paired with J. G. Averell, of this city, who won by 1 up. Averell was five down at the eleventh hole.

ATHLETICS.

Hamilton, June 24.—Dick Grant, the famous Harvard College runner, easily defeated Eddie Williams, the Canadian five-mile champion, in a match race for ten miles at the cricket grounds yesterday afternoon. Grant established a new Canadian record for five miles, of 27.44, breaking the former record, held by Jack Caffery, of 28.14.

THE WHEEL.

New York, June 23.—In the final of the half-mile open professional race here this afternoon Major Taylor looked all over a winner coming down the stretch. Jay Eaton was hot after him, and it looked as if the finish would be between the two, but Fisher, of Chicago, jumped to the front within about 20 yards of the finish and won by about a length. Eaton managed to beat the major out by half a wheel. Time 1.03 2-5.

THE RING.

Chicago, Ill., June 23.—At Tattersall's to-night Terry McGovern upheld his reputation as king of all featherweights by defeating George Dixon, the former champion, in six rounds.

THE TURF.

Chicago, June 23.—Sidney Lucas, just arrived by freight from Fort Erie, and almost neglected in the betting, at odds of 20 to 1, won the thirteenth American Derby this afternoon at Washington Park.

Fred Adams informs us that he has broken ground for the new half-mile track at the Agricultural Park. This is what Belleville has needed for a long time.

WHAT LAURIER REALLY WANTS.

What the loyal people of Canada most desire is closer relations with the British Empire, which will result in mutual benefits and not separation, knowing as they do that continued British connection is the greatest boon that can befall Canada. Not so, however, with Sir Wilfrid, "the goal" he says "of his aspirations is the independence of Canada,—to see Canada an independent nation." With such "aspirations," people will not wonder that he sympathizes with Bourassa in his disloyal tirades against Imperial policy.

Take a note of Laurier's utterances on the floor of Parliament when he had not the responsibilities of office upon his shoulders, and it will not be difficult to find a reason for his keeping his seat when he should have risen to his feet: "I do not believe in Imperial Federation," exclaimed Sir Wilfrid on the floor "of Parliament. There is a grander idea yet. No doubt at this "moment it excited alarm, as every "such movement excited alarm before "the event, but it will be as other "great movements have been, a cause "of admiration when it is completed. There is not a country on the "face of the earth which ever achieved its independence except at "the cost of blood and war and enmity with the parent State. I hold "out to my fellow-countrymen the "idea of independence, but whenever "the day comes it must come by the "consent of both countries, and we "shall continue to keep the good feeling and the good will of the Mother "Land. If we are true to our record "we will exhibit to the world the "unique, the unprecedented example "of a nation achieving its independence by slow degrees, and as naturally as the ripe fruit falls from "the parent tree. The Honorable "Minister of Finance has reproached "me a moment ago that I had stated "in Boston that the Canadian people have interests altogether at "variance with the interests of the "Mother Country. Sir I said so in "Boston, and I say so now on the "floor of the House, I have again "and again repeated that the goal "of my aspirations is the independence of Canada—to see Canada an "independent nation in due time."

Lovers of British connexion, and British institutions, how do you like it? Grits will applaud until he changes his tune, then they will chant a paeon in his praise, and swear he never advocated independence.

A POPULAR MISTAKE

Regarding Remedies for Dyspepsia and Indigestion.

The national disease of Americans is indigestion or in its chronic form, dyspepsia, and for the very reason that it is so common many people neglect taking proper treatment for what they consider trifling stomach trouble, when as a matter of fact, indigestion lays the foundation for many incurable diseases. No person with a vigorous, healthy stomach will fall a victim to consumption. Many kidney diseases and heart troubles date their beginning from poor digestion; thin, nervous people are really so because their stomachs are out of gear; weary, languid, faded out women owe their condition to imperfect digestion.

When nearly every person you meet is afflicted with weak digestion it is not surprising that nearly every secret patent medicine on the market claims to be a cure for dyspepsia, as well as a score of other troubles, when in fact, as Dr. Werthier says, there is but one "genuine" dyspepsia cure which is perfectly "safe" and "reliable," and moreover, this remedy is not a patent medicine, but it is a scientific combination of pure pepsin (free from animal matter), vegetables essences, fruit salts and bismuth. It is sold by druggists under the name of Stuart's Dyspepsia Tablets. No extravagant claims are made for them, but for indigestion or any stomach trouble, Stuart's Dyspepsia Tablets are far ahead of any remedy yet discovered. They act on the food eaten, no dieting is necessary, simply eat all the wholesome food you want and these tablets "will digest" it. A cure results, because all the stomach needs is a "rest," which Stuart's Dyspepsia Tablets give by doing the work of digestion.

BRITISH IN AFRICA MOVING ON

Buller at Standerton and Hamilton at Heidelberg.

The Boers Fled in Both Cases—Broadwood Also Had a Skirmish and Routed the Enemy, Capturing Six—Kruger's Force Now 15,000 or 20,000—Boer Capture of Mail Bags the Most Important Incident Reported on Saturday

London, June 25.—The Transvaal military incidents are summed up officially by Lord Roberts in the following message to the War Office:

Pretoria, Sunday, 11.30 a. m.—Buller reached Standerton June 22. He found a good deal of rolling stock. All the Dutch residents had left the town.

The British prisoners captured since our occupation of Pretoria, have been taken to Machadodorp.

Hamilton at Heidelberg.

Ian Hamilton occupied Heidelberg Saturday. The enemy fled, pursued by our mounted men six or seven miles. The previous day Broadwood's cavalry had a skirmish with the enemy, dispersing them completely and capturing six.

Hunter's advance brigade reached Johannesburg, toward Heidelberg, June 22.

The enemy attacked our post at Honingspruit, and, before reinforcements arrived from Kroonstad, they had burned three culverts. These had all been repaired by this afternoon.

The Casualties Were 375.

An Associated Press despatch from Cape Town, dated yesterday, says: "The British casualties at Honingspruit were 375 killed and injured."

Sir Redvers Buller, in a despatch to the War Office, says that among the prisoners taken to Marahdodorp are Lords Antrim and Ennismore, both of whom are in good health. Lord Longford was left at Reitz, severely wounded.

Kruger's Force 15,000 or 20,000.

The force now available to President Kruger is officially estimated at from 15,000 to 20,000.

The Standerton correspondent asserts that his sole idea is to hold out until after the American Presidential election. Mr. Kruger is reported to have issued a proclamation on June 17, announcing that the Russians had declared war upon the Japanese, and that Great Britain must help Japan.

Roberts and Botha Negotiating.

Lord Roberts and Commandant-Gen. Botha are still exchanging letters.

Two hundred rebels have surrendered to Gen. Warren at Blikfontein.

The communications of Senekal with Winberg, the nearest supply point, have been temporarily interrupted. Gen. Clements is at Senekal. A convoy seeking to reach him was driven back.

BOTHA AND PEACE.

Boer Commandant General Is Willing, but Kruger Still Remains Obdurate—Pietersburg Will Submit.

London, June 25.—According to a Pretoria despatch, Gen. Botha possesses full powers to conclude peace, and it is reiterated that he is willing to surrender, but President Kruger remains obdurate.

The fact that a deputation from Pietersburg, in the Northern Transvaal, has approached Lord Roberts with an invitation to send a force to receive the submission of the town is regarded as important, for Pietersburg is far removed from the scene of warfare.

Pretorius Opposed to the War.

New York, June 25.—A despatch to The Tribune from London says: Martinus Pretorius, the first president of the Transvaal, in an interview with The Express correspondent in Potchefstroom, said that he had never been in favor of the war, and had, in fact, told President Kruger so. He is of the opinion that the burghers will settle under the British rule if leniency is shown toward them.

Mr. Reitz is reported to have stated that the Boers are in a position to carry on a guerilla warfare for three months or longer.

Capture of the Mail Bags.

London, June 25.—According to a special despatch from Cape Town, it seems that in the recent fight at Zand River the Boers captured 2,000 mail bags, containing a three-weeks' accumulation of letters for Lord Roberts' army, and £4,000 worth of stamps, intended for the use of the troops.

Another Canadian Dead.

Ottawa, June 25.—A cable was received at the Militia Department Saturday morning from Col. Otter, dated Springs, June 23, announcing the death at Johannesburg, by enteric fever, on June 19, of Private W. F. Whitley, formerly of the Sixth Regiment, Duke of Connaught's Rifles, Vancouver. The Springs is situated ten miles north of Heidelberg.

Robert Graham Back.

Toronto, June 25.—Mr. Robert Graham, Claremont, was in the city Saturday, on his way home from South Africa. He was employed by the Government to superintend the transportation of horses that went with the second contingent. The cargo consisted of 681 horses, and all these were landed except 38 which died on the trip. He went home to Claremont, near this city, on Saturday evening.

M. Lynch Loses a Leg.

Halifax, June 25.—Michael Lynch of Lynch Bros., oarsmen, who defeated Durnan and Rice here two years ago, had his left leg amputated in the hospital Saturday. Blood poisoning had set in, and it was necessary to amputate the limb to save his life.

The Invincibles Are Deported.

New York, June 25.—Joseph Mullet, "The Dwarf," and James Fitzharris, known as "Skin the Goat," the Irishmen who served seventeen years in an English prison for complicity in the Phoenix Park murders, and who arrived in this port on May 27 last, were deported on Saturday, on the Cunard steamship which sailed at 1 o'clock. The Board of Special Inquiry found they were persons of moral turpitude, and not political offenders, and ordered their deportation.

Welland Canal Damaged.

Port Dalhousie, Ont., June 25.—About 4 o'clock yesterday morning, as the steamer Averell was entering lock four, bound down, and before she was completely in the lock, the lock-tender went to the foot gates, supposing the head gates were closed. He hoisted the valve to let the water out of the lock, when the upper gates were not quite closed. This caused the steamer's stern to settle down in the head gates, which damaged them. The pontoon was ordered up with two new gates.

Heart Humbug

It is fashionable to-day to have a new heart scare every 24 hours. The commonest symptoms of dyspepsia or nerve trouble, such as palpitation, weak spells, loss of appetite, and poor circulation, are magnified and distorted into serious signs of heart trouble, with the object of frightening the public into taking this or that heart remedy. If a hundredth part of the heart trouble we hear about were real, the cemeteries would be filled in a month. A wrong construction is put upon common ailments in order to humbug the people into the belief that heart disease is prevalent, whereas real heart trouble, which is so sadly and suddenly fatal when it does occur, is a rare disease. Lopsided arguments cannot convince an intelligent people. Iron is the vital element of the blood. Too little iron means weakness, lack of spirit, pallid cheeks, shortness of breath, sleeplessness, nervousness, loss of vital force, ending in general break-down. The iron in Dr. Ward's Blood and Nerve Pills is in the soluble form you need, in combination with other curative agents in such a manner that disease can't resist their action. You feel yourself getting well when you take Dr. Ward's Blood and Nerve Pills.

SAILED FOR CANADA.

Hon. Clifford Sifton Is Returning Home—Strathcona's Horse.

London, June 25.—Strathcona's Horse, under the command of Lieut.-Col. Steele, on joining the forces of Gen. Buller at Paardekop were given an enthusiastic reception.

The bust of Her Majesty the Queen, near the Canadian Pavilion an Paris, is daily insulted by some vulgar remark or inscription of "A bas les Anglais."

Hon. Clifford Sifton, Minister of the Interior, and Mrs. Sifton, sailed on Saturday for Canada.

THE MARKETS.

The cause of the explosion was probably due to sparks from a miner's pipe.

A TORONTO LADY CURED OF ASTHMA

After Twelve Years' Suffering. Toronto Physicians Advised Leaving Her Home to Go to Manitoba. Clarke's Kola Compound Cured.

Mrs. McTaggart, 80 Vanauley street, Toronto writes:—"I have been troubled with asthma and bronchitis for twelve years, which gradually grew worse each year. In spite of the hundreds of dollars my husband has spent with several doctors, and almost every remedy we could procure. For the past two years I could not lie on my left side, and during the past year previous to taking Clarke's Kola Compound the asthma became so severe that I had not had a full night's sleep, and during most of that time we had a doctor in attendance. We gave up several doctors, as I was becoming no better, and the last doctor, after about two months' treatment, told me he could do nothing for me, and advised me to go to Manitoba or some dry climate. We heard of Clarke's Kola Compound being a cure for asthma, and before taking this remedy made several enquiries from those who had taken it, and in each case found the result so satisfactory that we resolved to try it. After taking the first bottle I became much better, and began to sleep well at nights. Since taking the third bottle I have not felt the slightest symptoms of my former trouble, I have during the past six months gained nearly 20 pounds in flesh, and feel perfectly healthy in every way. I can assure you that I will do all in my power to induce any sufferer from this terrible disease to try it."

Clarke's Kola Compound is sold by druggists, or by the Griffiths and Macpherson Co., Limited, 121 Church street, Toronto.

The Backache Kidney Sufferer is not Referred to Far Away People for Dr. Pitcher's Backache Kidney Tablet Evidence. The Great Kidney Remedy Rolls up Volumes of Proof in Every Community in Belleville.

Mr. Wm. Smith, Pinnacle St., says, "Before using Pitcher's Kidney Tablets which I procured from Alex. Ray the druggist, I was very much afflicted with Lumbago. Since I used a bottle I am not only free from that but I am sleeping better. The nervous restlessness has ceased. The dull aching in the small of my back has disappeared, Backaches took all the energy from me and left me depressed and weary. I can vouch for Pitcher's Tablets being a reliable remedy for pain and lameness in the back."

Vincent Brennan, Front St., says, "I knew that my kidneys were not right. I had the most troublesome backache, my head and the back of my neck pained me. I had no energy and I felt that languor that caused a constant weariness. Reading of Dr. Pitcher's Backache Kidney Tablets I was induced to try them, and procured a bottle from Alex. Ray the druggist. They have proved most satisfactory. I am not having backache or headache and the lameness has left me."

If you have the slightest symptom of Kidney or Bladder trouble, you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two-cent stamp for postage to The Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

AMERICANS AMBUSHED.

Found the Filipino Insurgents Strong Up the Tagayan River.

Washington, June 25.—The War Department has received the following cablegram from Gen. MacArthur:

"Manila, June 23.—Adjutant-General, Washington: Detachment four officers, 100 men, 40th Volunteer Infantry, Captain Millar commanding, left Tagayan, June 13, on reconnaissance up Tagayan River, morning, ambushed by insurgents in strong position. Fifty men sent to reinforce from Tagayan could not take position, and troops withdrew to coast post."

Then follows a list of killed, of which there are seven. Also a list of eleven wounded, and one missing.

Bourassa Says He's Loyal.

Winnipeg, June 25.—The St. Jean Baptiste celebration commenced yesterday at St. Boniface, 120 French-Canadians from The Lower Provinces, who arrived Saturday, participating. They had an exceedingly pleasant day. Henri Bourassa, M.P., is among the number. In an interview here he declared he was a loyal subject of Queen Victoria, but took exception to Canada throwing her sons into the South African war, and he believed time would justify his position.

Viewed the Harbor Works.

Montreal, June 25.—Hon. Messrs. Fisher, Dobell, Sir Mackenzie Bowell and 50 or more senators and members viewed the harbor works here on Saturday, being the guests of the commissioners. They boarded the steamer Berthier and visited every point of interest on the river front.

ABOUT...

Dr. Ward's Blood and Nerve Pills

No remedy ever introduced in Canada has gained so many words of praise from sufferers all over the country as these thoroughly effective pills.

WHY?

Because they positively cure all diseases brought on by impoverished blood, such as heart trouble, nervousness, rheumatism, dyspepsia, etc.

ALSO

Because they induce sound, healthy sleep, and restore VIM, VIGOUR, and VITALITY to the body.

ALSO

Because their use enables the system to successfully resist attacks of colds and the inseparable results, viz., lung and kidney troubles, a fact of especial importance at this season of the year.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is, therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

MR. E. C. DEAN.

Mr. E. C. Dean, City Editor of the Daily British Whig, Kingston, Ont., was a sufferer for thirteen years from neuralgia in the head. Hearken to his unsolicited testimony: I take much pleasure in testifying to the efficacy of Dr. Hall's Rheumatic Cure for the treatment of neuralgia. I suffered for thirteen years with neuralgia in my head, immediately above the eyes. For one whole year before trying Dr. Hall's Rheumatic Cure, I was scarcely ever free from pain, and for five weeks at a stretch I was confined to my room unable to eat or sleep and during this time six physicians treated me declaring that they had given me every remedy known to the medical profession, but without affording me even temporary relief, except when they administered morphine hypodermically. A friend, Henry Wade, the well known druggist, recommended to me a trial of Dr. Hall's Rheumatic Cure. Less than half a bottle gave me relief, and after taking the contents of three bottles I am able to declare myself completely cured.

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

MILLIONS MAY RISE ANY DAY

Practically the Whole of Northern China in Ablaze.

Chinese are Using Machine Guns and Best of Modern Field Pieces — Drilled by Russian and German Officers—Situation of the Foreigners Is Desperate—100,000 Men Needed to Grasp China Firmly—Pekin's Silence Has Continued for 14 Days.

London, June 25.—(3 a.m.) — The position of the international forces in the section of Northern China, where 10,000 men are striving to keep a footing and to succor the legations in Pekin, appears to increase in peril with every fresh despatch. Pekin has not been heard from direct for 14 days. The last despatch was one imploring aid. Admiral Seymour's column of 2,000 was last heard from 12 days ago. At that time it was surrounded midway between Pekin and Tien Tsin. Possibly now it has reached Pekin.

100,000 Men Needed.

The 3,000 internationals at Tien Tsin were hard pressed and fighting for their lives on Thursday and a relieving force of less than 1,000 had been beaten back to Taku Friday. Observers on the spot think that 100,000 men would not be too many to grasp China firmly.

International Force Repulsed.

The Admiralty has received the following from the British rear admiral at Taku:

"Che Foo, June 23. — Only one runner has got through from Tien Tsin for five days. No information could be obtained except that the foreign settlement had been almost entirely destroyed and that our people were fighting hard. News is received as this telegram is despatched that an attempt to relieve Tien Tsin on June 22, was repulsed, with some loss. The allied admirals are working in perfect accord, with the Russian vice-admiral as senior officer."

Situation of Foreigners Desperate.

A press message from Shanghai, dated yesterday at 4 p.m., embodies some later information. It says: "Official telegrams confirm the reports of a defeat of the allied forces at Tien Tsin. The foreigners there are now placed in a desperate situation. The Russian Admiral Hilledrat yesterday sent a mixed force of 4,000 from Taku to attempt the relief of Tien Tsin. Nearly half of the force consisted of Japanese. The remainder was made up of contingents representing the other nations. The guns of the Chinese around Tien Tsin are superior to any thing the defending European force has or is likely to have for some time.

Bombardment Continued Friday.

"The bombardment of Tien Tsin continued Friday. Bombshelters were hastily erected by the foreign troops, largely constructed of wetted piece goods. The food supplies are insufficient, and the continued shelling is reported to be telling terribly. Among those killed of the relief force Friday was the commander of H.M.S. Barfleur. The foreign casualties were 300. Japan is making every effort. Her troops are now arriving at Taku in large numbers. The Chinese troops in the Province of Chi Li include 60,000 auxiliaries who have been drilled by Russian and German officers."

Captain Beatty and Lieut. Wright, British, have been severely wounded at Tien Tsin, according to a Shanghai despatch to The Daily Express, dated Saturday. The information was brought there by the British cruiser Orlando from Che Foo. The losses of the Russians have been heavy.

7,000 Chinese Killed.

It is reported from Shanghai last evening that the allied forces had blown up the Taku forts and that every available man had been sent to the relief of Tien Tsin. Two thousand three hundred Chinese bodies are alleged to have been cremated at Taku and more than 4,000 said to have killed at Tien Tsin. Chinese runners who have arrived at Taku report that foreign force was engaged several days ago with an overwhelming body of Chinese 40 miles west of Tien Tsin. At Shanghai it is assumed that this force was Admiral Seymour's.

Pekin Foreign Settlement in Flames.

The Shanghai correspondent of The Daily Express says: "I learn from a mandarin who stealthily left Pekin on June 16, and who succeeded at great hazard in getting clear, that the Boxers are massed around Pekin, and that more than half of the northern and western portions of the city, including the foreign settlement, were aflame when the mandarin left. He could tell me nothing as to the fate of the foreigners, nor much as to the general situation; but he had heard that the Empress Dowager was preparing to go to the Province of Shan Si.

Chinese Used Machine Guns.

A Che Foo despatch to The Daily Mail, dated yesterday, says: "The attack on the Tien Tsin relief force was made by 20,000 Chinese, using machine guns and modern field pieces. The allies were wise in retreating. Forwarding detachments in this manner is suicidal, and the defeats of the foreigners, even though in small force, greatly aids the movements of the Boxers, which is gaining enormously through the inability of the foreigners to make head against it. Practically the whole of Northern China is ablaze. Hostilities are now conducted on an extended scale, due to direct orders from Pekin. Gen. Yuan Shi Kai, Governor of Shan Tung, commands 11,000 foreign-drilled troops, organized to a high pitch of excellence, and equipped with Mausers. It was in the plans that these troops should go to Taku, but the seizure of the forts was effected before they could get there."

Millions May Rise.

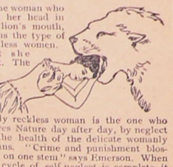
Some of the special despatches from Shanghai describe the great southern provinces of China as still quiet, but others assert that the news from the north is exciting the southerners to a dangerous height of feeling, and that millions may rise any day.

Shanghai is quiet, but there are fears of rising.

The powers are said to have fatally under-estimated the numbers, desperation and armament of the Chinese who for three years have been accumulating rifles at the rate of 20,000 a month.

What Will Powers Do?

The question here is, what are the powers going to do? Japan is preparing to tranship this week 10,000 additional troops. Russia is sending down from Vladivostock all her available forces, estimated at from 8,000 to 9,000 men, although recent events have shown that the number of Russians on the Pacific coast has been over-estimated. The Indian Council held a special meeting at Simla yesterday and considered the advisability of sending more troops.



The woman who puts her head in the lion's mouth, seems the type of reckless women. But she isn't. The really reckless woman is the one who braves Nature day after day, by neglect of the health of the delicate womanly organs. "Crime and punishment blossom on one stem" says Emerson. When the cycle of self-neglect is complete it includes the pains and sufferings which are the inevitable penalties inflicted by outraged Nature. The drain which to-day is counted an inconvenience, becomes in succeeding days a horrible and offensive stigma. The passing depression of an hour grows into a permanent melancholy.

The timely use of Dr. Pierce's Favorite Prescription will save young women from suffering, as it will cure those who through neglect have become martyrs after marriage. No woman who suffers with backache, pain in the side, bearing down pains, debilitating drains, ulceration or inflammation, should delay another day the use of "Favorite Prescription." Its use *helps* every woman and *heals* ninety-eight per cent. of all who give it a fair trial. It contains no opium, cocaine or other narcotic.

"I was tempted to try your medicines after seeing the effect upon my mother," writes Mrs. Flora Arn, of Dallas, Jackson Co., Mo. "At an early stage of married life I was greatly bothered with painful periods, also a troublesome drain which rendered me very weak and unfit for work of any kind. I became so thin there was nothing left of me but skin and bone. My husband became alarmed and got me a bottle of 'Favorite Prescription.' After he saw the wonderful effects of that one he got me two more, and after I used those up there was no more pain, and I began to gain in flesh very rapidly. I believe I weigh twice as much as I did then, and can do all of my work. I think I owe all praise to Dr. Pierce and his wonderful curative medicines."

Doctor Pierce's Pellets are specially adapted to the needs of delicate women.

Russia, according to a Che Foo correspondent, is sending 30,000 troops all told.

Says State of War Does Not Exist.

The St. Petersburg correspondent of The Daily Telegraph, in a despatch dated Saturday, sends a long statement embodying the views of the Russian Foreign Office, prepared by permission of the late Count Muravieff, and embodying not only his views, but those of his successor, Count Lamsdorff. This statement holds that a state of war does not exist under international law, and hence it is possible to assume that the order for active military operations at Taku originated with the provincial authorities at Pekin.

"Like other nations," says the statement, "Russia is pursuing humanitarian aims, and it can be categorically stated that Japan is following the same correct and pacific aims as the other powers. Past experiences show that the Chinese do not persist in fighting. Probably they will soon change their attitude to one of complete submission."

Thinks Legations Can Hold Out.

M. Nratoff, the author of the statement, who is an important official of the Foreign Office, added that he thought the legations would be able to hold out till relief arrived.

Britain and the U.S. in Unison.

United States Ambassador Choate, in his long conference with Lord Salisbury, is understood to have found that the Governments of the United States and Great Britain are generally in agreement. Mr. Choate communicated with Washington after the interview.

FOREIGNERS SAFE WEDNESDAY.

Sheng, Director of Chinese Telegraphs, Gives Out News.

London, June 25.—The Shanghai correspondent of The Times says: "Sheng, Director of Telegraphs, declares that information was received to-day (Friday), June 22, to the effect that the foreigners in Pekin were safe on Wednesday, June 20, but that all the legations had been burned except the British, Austrian and Belgian.

"Sheng says he has news from Pekin, by courier, to Shan Tung, that the foreign Ministers in Pekin are demanding their passports, and that the Tsung Li Yamen is disposed to comply with their requests."

If this news be true it would imply the correctness of the reports of the arrival of Admiral Seymour at Pekin.

Boxers' Inflammatory Placards.

London, June 25.—At Canton the Boxers are posting inflammatory placards of which the following is a sample:

"Kill all Germans, Americans and English. To have peace prevail in the hearts Europeans should be driven out. This end can be attained in a few days if we unite our strength."

Five More British Cruisers.

The British Admiralty has ordered five more cruisers to go to China. This represents an additional 50,000 tons, the crews aggregating 3,000.

U.S. Troops Ambushed.

Washington, June 25.—The Navy Department yesterday afternoon issued the following bulletin:

"A telegram from Admiral Kempff, dated at Che Foo, June 24, says:

"In ambuscade, near Tien Tsin, on the 21st. Four of Waller's command killed, and seven wounded. Names will be furnished as soon as received. Force of 2000 going to relieve Tien Tsin to-day. (Sgd.) Kempff."

Baron Von Ketteler Is Well.

Berlin, June 25.—The Chinese Minister here, Lu Hai Houan, on Saturday informed the Foreign Office that the German Minister at Pekin, Baron Von Ketteler, who was reported to have been killed by Boxers, was safe and well.

CHINESE HAD 45 KRUPP GUNS.

The United States Consulate at Tien Tsin Has Been Burned.

Shanghai, June 23.—Prince Tuan has taken charge as general-in-chief, after dismissing Yung Lu, a nephew of the Empress, the former commander-in-chief. Prince Tuan gave notice that he would march to Tien Tsin and sweep out the handful of foreigners there. At daylight on the morning of June 21 he attacked the settlements of Tien Tsin with artillery and the best foreign drilled troops. The Chinese army had about 45 Krupps. They managed to burn the United States Consulate.

Though the situation is grave, the Chinese have not occupied Tien Tsin. The latest news from Pekin emanating from authentic sources is to the effect that there is no change in the situation. This is understood to mean that the legations still hold out. The Chinese have surrounded them, but do not dare to make another attack. Apparently they hope to starve out those who have taken refuge there.

MANY WHITES WERE KILLED.

In the Bombardment of Tien Tsin, Says Elder Frederick Brown.

New York, June 25.—The Journal and Advertiser on Saturday printed a copyrighted despatch from Rev. Frederick Brown, presiding elder of the Tien Tsin district of the Methodist Episcopal church. The despatch is dated at Che Foo, June 22, and is as follows:

"I have just got away from Tien Tsin on a German gunboat. The city has been bombarded for several days by the Chinese. All the foreign part of Tien Tsin has been destroyed. Lieutenant Wright, of our navy, and 150 others of the white residents, marines and sailors sent up to our assistance are killed or wounded. The American consulate building has been destroyed. Ammunition is almost gone. The garrison are suffering terribly and need instant help."

SEEK SERVICE IN CHINA.

A Company, R.C.R., at Victoria, Offer for Serious Work.

Victoria, B.C., June 25.—The men of A Company, Third R.C.R., who were diverted from Halifax to assist in garrisoning Esquimalt, have not been slow to show that that they are ready for more serious work than sentry duty at a military station. Saturday they placed in the hands of their C.O., Col. McKay, a memorial signed by every man from color-sergt. to bugler, asking that they be permitted to serve the Queen in China or elsewhere. Col. McKay enclosed his own request for service with that of the men and despatched it to Ottawa, endorsed by Col. Benson, D.O.C., Victoria. Being only 14 days from China, all the troops here regard their despatch thither as probable in case of emergency.

INSTIGATED BY THE BOERS.

The Ashanti Uprising the Work of Dr. Muller, Their Political Agent.

London, June 25.—The Ashanti rebellion which is assuming an exceedingly grave aspect, is now known by the British Government to have been fomented by Boer emissaries acting under the direction of Dr. Muller, the political agent of the Orange Free State at The Hague.

Force to Relieve Coomassie.

Prahsu, Saturday, June 23.—Sufficient supplies have at last been collected, and the final advance to open communications with Coomossie will begin to-morrow (Sunday).

On the road from Ashantee to Kwahou are three villages, where are gathered some 2,000 fighting men who have practised the rites of fetish worship and pledged themselves to help the Ashantees.

You Can Have Confidence
In the medicines that have stood the test of years in private practice and made famous the name of
Dr. A. W. Chase
Seldom if ever has a physician so thoroughly won the confidence of the people as has Dr. A. W. Chase, through the absolute reliability of his Recipe Book and the wonderful efficiency of his great prescriptions.
SALT RHEUM.
Mr. John Broderick, Newmarket, Ont., writes: "I have been troubled for thirty years with salt rheum. I used remedies, and was treated by physicians all that time, but all failed to cure me. The doctors said there was no cure for me. I spent hundreds of dollars trying to get relief, but all in vain. My son brought me a trial sample box of Dr. Chase's Ointment. I found great relief, and had the first night's rest in years. It stopped the itching immediately. One box cured me. Publish these facts to suffering humanity."
NERVOUS DYSPEPSIA.
Mr. Joseph Geroux, 22 Metcalfe St., Ottawa, Ont., writes: "I was nervous, had headache and brain fag. I was restless at night and could not sleep. My appetite was poor, and I suffered from nervous dyspepsia. Little business cares worried and irritated me. After having used Dr. Chase's Nerve Food for about two months, I can frankly say that I feel like a new man.
"My appetite is good, I rest and sleep well, and this treatment has strengthened me wonderfully. Dr. Chase's Nerve Food Pills are certainly the best I ever used, and I say so because I want to give full credit where it is due."
KIDNEY DISEASE.
Mr. James Simpson, Newcomb Mills, Northumberland County, Ont., writes: "This is to certify that I was sick in bed most of the time for three years with kidney disease. I took several boxes of pills—different kinds—and a great many other kinds of patent medicines; besides that I was under treatment by four different doctors during the time and not able to work. I began to take Dr. Chase's Kidney-Liver Pills, and since that time have been working every day although a man nearly 70 years of age. Dr. Chase's Kidney-Liver Pills have cured me."
ECZEMA ON BABY.
Mrs. A. McKnight, Kirkwall, Wellington County, Ont., writes: "I feel it my duty to let you know what Dr. Chase's Ointment has done in a very bad case of eczema on our baby. We had tried any number of cures without any permanent relief, but from the hour we commenced using Dr. Chase's Ointment there was great relief and the improvement continued until there was a complete cure. We think it is the greatest of family ointments."
Dr. A. W. Chase's portrait and signature are on every box of his genuine remedies. Sold everywhere. Edmanson, Bates & Co., Toronto.

41 PEOPLE KILLED.

Two Railroad Accidents in the United States Which Resulted in Frightful Loss of Life.

Atlanta, Ga., June 25.—A passenger train on the Macon branch of the Southern Railway ran into a wash-out one and a half miles north of McDonough, Ga., Saturday night and was completely wrecked. The wreck caught fire and the entire train with the exception of the sleeper, was destroyed. Every person on the train except the occupants of the Pullman car perished. Not a member of the train crew escaped. Thirty-five people in all were killed.

Killed Going to the Saengerfest.

Green Bay, Wis., June 25.—A northbound passenger train on the Chicago and Northwestern road, loaded with excursionists, bound for the saengerfest in this city, collided at 10.15 yesterday morning with a freight train at Depere, 50 miles south of here. Six persons were killed, one is missing and 34 were injured. None of the trainmen were injured, the engineer crews jumping in time to save themselves.

Freight Smash on C.A.R.

Ottawa, June 25.—A collision of two freight trains took place at Glen Robertson on the Canada Atlantic on Saturday. Both trains were east-bound. John Lyon, fireman, of Ottawa, was badly injured. He had his leg broken in two places. Beyond some rolling stock being injured, no serious damage was done.

Daily Intelligencer.

A PLEA FOR THE HOME PAPER.

It appears to be quite a common practice in this locality for the Rev. gentlemen to advertise various kinds of lectures, etc., from the pulpit on Sunday during divine service. Of course necessity is the mother of invention, but as there are now three daily newspapers here, we would just suggest that advertising of purely secular affairs of making money be done in the proper place. Where meetings or lectures are free (no charge or collections) and for the public good we will always give a free notice, but where the object is to make money for the individual or society, we shall expect to be paid for the advertising of such. However, we would rather give a free local for a lecture on South Africa or the Klondyke, than to sit and listen to a 10-minute description from the pulpit, which, to say the least of it, seems a little out of place, and below the dignity of the profession.

PULPIT FREE ADS.

During every few days an out-of-town solicitor is in town soliciting orders for job work. There is no necessity for any printing being done out of town. We can do your billheads, letterheads, envelopes, noteheads, statements, etc., just as well as anybody else, and our prices are no higher. When one of these outsiders approaches you, business man, just ask yourself whether he or The Intelligencer has the best right to get your order. Does the stranger ever publish your name, or grant you a favor; does the stranger advocate any needed local improvements to the town; does the stranger tell you how your child stands in his or her class at school, or give the profession a local legal notice? These are little favors we perform for you amongst a myriad of others, and for which we deserve your thoughtfulness when the stranger comes around and asks you for that which enables us to carry on business if we get it and which would soon oblige us to pull up stakes if we didn't get it.

Seldom does one hear a more striking discourse than that delivered by Rev. Dr. Ross in the Tabernacle yesterday morning. Some of his periods were polished epigrams. An indignant gentleman writes protesting against the methods practised by a certain Grit journal, which, he says, shamefully abused and insulted some prominent Conservatives the other day because they saw fit to meet in caucus to nominate candidates. The writer of the article, he says, has the courage of an assassin and the instincts of a blackguard. We would suggest to our correspondent that spiteful and senseless attacks of the kind he refers to are beneath the notice of honorable men. Better treat them with contempt.

Dr. Dyer's statement in the Tabernacle yesterday morning makes pleasant reading for the friends of Albert College. ISN'T IT FUNNY

That cows don't eat some of the cute little fellows who swing the footbridge?

That Mr. Shibley, who is a shrewd business man, doesn't see what a great opening there is for another newspaper in Belleville?

How long some ministers do make their sermons on a hot day?

That a slow old village like Kingston can have a chime of bells, while Belleville can't?

That the men who do the least work are always the ones who want their vacation?

That the grass on Victoria Park don't get withered up by the heat from the scorchers who ride round the track?

That none but good-looking people have their photographs on view in public?

That more Grits don't go into the emergency ration business, when there is so much profit in it?

That the City Council don't take steps to strengthen that bridge on the road to Victoria Park, so that the cannon won't break it down when they are taken over it?

Pimples on the face are not only annoying, but they indicate bad blood. Hood's Sarsaparilla cures them by purifying the blood.

Hair 55 Inches Long

Grown by Cuticura.

MISS B., of L., sends us through our British Depot, Messrs. F. NEWBERY & SONS, London, E. C., a strand of soft glossy hair cut from her own head and measuring fifty-five inches in length which previous to the use of CUTICURA, was dry, thin, and lifeless, and came out in handfuls, to such an extent that she feared she would soon lose it. She attributes her magnificent head of hair to frequent shampoos with CUTICURA SOAP, followed by light dressings of CUTICURA gently rubbed into the scalp.

SHOW THYSELF A MAN

Rev. Dr. Ross, of Guelph, Preaches to the Students of Albert College.

An Eloquent Discourse, Full of Helpful Thoughts and Cheering Advice—Bright and Attractive Service.

Not the least important feature in the annual commencement exercises connected with Albert College is the Baccalaureate Sermon which is looked forward to with pleasure by faculty and students alike. The preacher this year was Rev. Dr. Ross, of Guelph, and his inspired discourse must have sunk deep into the hearts of all the young ladies and gentlemen who look to Albert College as their Alma Mater. Seldom, if ever, have more graceful, forcible or convincing words fallen from the lips of any preacher in a Belleville auditorium. In introducing Dr. Ross, Dr. Dyer paid a tribute to the departing pastor of the Tabernacle, Rev. Mr. Hill, who he said had been a power for good in that church; financially, spiritually and numerically the Tabernacle had advanced under his pastorate. The past year at Albert College, he said, had been the most successful ever known; never in the history of the institution had the outlook been so bright, and it was a pleasure to him to think that at the close of this most successful year the Baccalaureate sermon was to be preached by Dr. Ross, who had received his degree of D.D. at the same time the speaker had himself.

Dr. Ross chose as his text the 1st and 2nd verses of the 1st Book of Kings,

> "Now, the days of David drew nigh, that he should die, and he charged Solomon, his son, saying,
>
> "I go the way of all the earth, be thou strong, therefore, and show thyself a man."

The preacher said his idea was to, if possible, say something to them which would be helpful to them when they had gone forth into the world and left the college halls far behind them. He would, therefore, ask them to direct their attention in particular to the latter clause of the last verse of his text, "Show theyself a man." Christian manliness was the highest ideal in this world. Since the days of old, when the cynic Diogenes walked through the streets of Athens, manliness had been eulogized by historians, glorified by painters, sung by poets, praised by all, and practised by few. A man who went out to preach manliness would find many discouragements, for that quality required the possession of many kindred virtues, such as truthfulness, chastity, benevolence and temperance, and, unfortunately, they were admired more in the abstract than practised in the concrete. To be manly, a man should have high ideals. The Prince Consort once gave a prize to an academic institution, and he gave it, not to the brightest or wittiest young man, but to the one with the highest motive. That thought was right in line with his subject this morning, the man with the highest motive was the best man. The possession of great strength did not make a man a manly man; John L. Sullivan or Samson were both types of muscle without brain, while John Wesley and Dr. Watts were small men, but they stood for Christian manliness to-day because their motives were pure and high. Much learning would not make a man manly, as witness Bacon, who had come down through history as the greatest, wisest, meanest of mankind because he lacked the chief element in manliness, a high motive. Wealth was not necessary to manliness. Manly men are those who do their duty whatever may befal them. When St. Paul went up to Jerusalem, he was besought by his friends not to go, but Paul put duty before even life itself. Manliness also implied reliability; a manly man was one you could depend upon, who had the courage of his convictions. Napoleon said all men could be bought if you threw them gold enough; Walpole said every man had his price, but the preacher did not believe that, he was sure there were to-day plenty of men and women who would do their duty if they were burned at the stake for it. The manly man was also a man of sympathy. He had been struck lately by the fact that Lord Roberts had sent a cablegram to a woman in Peterboro, whose husband had been wounded in Africa, telling her he would recover. Here was a man, one of the bravest of the brave, who was so filled with sympathy for an absent wife that he could find time, amid all his cares, to send her a message of glad tidings. The manly man is filled with hatred of injustice and oppression, and he has enthusiasm enough to show it. Some men are wooden men. You could tell them any story of wrong and they would say "Yes?" 'Is that true?' but they stopped there. Others are filled with enthusiastic zeal at once and nothing could daunt them. Manly men were men of courage. We talked of the bravery of soldiers, but there was a higher type of courage than physical courage; it was moral courage, which meant nerve to face criticism not only from our foes, but from friends who are sometimes weak-hearted. Some people never achieve anything, and by-and-by society ceases to expect anything from them. They were bright young men, but they had not the courage to face the crowd and they went to their graves respectable nobodies, and were forgotten. If a man thought he was right he should stand to his guns, and if he saw a wrong he should seek to redress it. Timid men would say "Oh, these things always have been, and always will be," but since the world began there had not been a great evil but had been condoned in the same way. Manliness promotes self-respect and compels it from the world. No man need cringe to a snob or bow down to a worldly idol; let him hold his head erect, doing that which his conscience told him was right, and he could and would compel respect even from people who hated him. The best model of manliness this world has ever seen is the Lord Jesus Christ. They should not put wealth, or learning, or wine, or military glory, or poetry, or literature before religion, for the greatest man that ever lived was Jesus Christ, they should make Him the model of their lives. The preacher's impassioned peroration was a masterly effort. "The world wants men," he said, "large-hearted, manly men; men who will struggle in the ranks of truth and, if need be, die with their faces to the foe; Heaven wants souls, it wants fresh souls, not lean and shrivelled souls; my brothers, you who are starting out, pilgrim staff in hand, to face the world, give it yours."

During the service appropriate music was rendered by the choir, in excellent time and tune, a solo by Miss Foster and a quartette by Miss Foster and Mrs. Nicholson, and Messrs. Erwin and Merton Gordon, being very pleasing.

Literary Notes.

THE HOUSE OF CARIBOO AND OTHER TALES FROM ARCADIA,

By A. Paul Gardiner, is a story of rare merit, filled with adventure and striking incident. The different scenes are artistically worked up, glowing in pathos and interest. A copy of the book should find its way into every home. The moral it teaches is clean and wholesome. A good book for the library. The other stories of Arcadia, which are included with the "House of Cariboo," are of the primitive characters and customs found among the people of the St. Francis Archipelago of the St. Lawrence. (12 mo. Two colors, cloth bound, profusely illustrated. Price $1.00. A. P. Gardiner, New York, Publisher.)

LONDON TO LADYSMITH VIA PRETORIA.

By Lieut. Winston L. Spencer Churchill.

Few men at the age of twenty-five have attained such remarkable prominence as Lt. Winston Spencer Churchill. Of distinguished parentage — a son of the late Lord Randolph Churchill—he early showed inherited tendencies towards greatness; but with his own hand, he has made the bell of the world ring out his name as soldier, war correspondent and novelist. It is as a maker of books we have to deal with him now, though his personal history is very interesting and difficult to lay aside.

Hardly had his latest book, "London to Ladysmith, via Pretoria," issued from the publishing house before comments full of highest praise appeared in the leading journals not only of the British Empire, but the United States.

William L. Alden, in his London literary letter to the New York Times Saturday Review, speaks thus of it; "The khaki books still crowd the printing presses. One worth reading, however, is the story of Mr. Churchill's personal experiences in the field and as a prisoner. It beats the average historical novel out of sight with its wealth of surprising incident. Mr. Churchill's escape from Pretoria, as by himself in this volume, is one of the most interesting stories of that sort that I have ever read, and I do not forget the famous escapes of Casanova and Orsini, not to speak of Edmund Dante's fabulous exploit. The whole book is full of interest from beginning to end, and if the rest of the khaki books could only have a share of Churchill's skill in story-telling, we need not so much regret their profusion."

Written of things passing before the author's sight, this story of the war has all the vivacity, all the intense interest of a great play. The account of the departure from England, and the sea voyage, is not made tedious. Then comes the first advance toward the front. With a thrill we read of the narrowing freedom of the line as the scene of active operations was approached; and the fight on the armoured train when Lieut. Churchill was made a prisoner—a lively scene. When he again reached the front—after his escape—it was on the banks of the Tugela River, and the story becomes wholly absorbing—the operations there being yet fresh in our minds. A simple diagram enables the reader to get at the exact situation before Spion Kop, and the story of Acton Homes and the Kop itself is told with concise clearness. The writer's view of the failure to permanently dislodge the Boers from Spion Kop after a desperate fight should be studied by everyone interested in the progress of the war.

The book is appropriately bound in the color of khaki. Paper 75 cents; cloth $1.25. Published by The Copp, Clark Company, Limited, Front St. West, Toronto.

Protection from Mosquitos

Mosquitos will not light if you apply Griffith's Menthol Liniment to the face and hands.

You may be going to some watering place this Summer. You remember how active and business-like the mosquitos are there. Griffith's Menthol Liniment is positively mosquito proof, and does not injure the most delicate skin. It is pleasant to use and does not stain the face or linen. It is only objectionable to insects. You will find it as effectual as nets, and much more pleasant and convenient. Take a few bottles with you. You will find it useful. All druggists, 25 cents.

If you don't feel quite well, try a bottle of Hood's Sarsaparilla. It is a wonderful tonic and invigorator. It will help you.

Admiral Kempff Announces That Tien-Tsin Has Been Relieved.

Relief Column Started on Sunday to Rescue Admiral Seymour.

Horrible State of Affairs Reported by a Refugee from Tien-Tsin.

London, June 26. — The exclusive despatch to the Associated Press from Chee Foo, giving Rear Admiral Kempff's authoritive announcement of the relief of Tien Tsin, June 23rd, remained for hours the sole news of this occurrence of world-wide importance. At about 1 o'clock the Hong Kong and Shanghai banks, London branch, received confirmation of the news, and at about the same time Mr. Dawson, a delegate from Singapore to the Congress of the Association of Chambers of Congress of the United Kingdom, now in session here, informed his fellow-delegates amid loud cheering that he had just received a despatch from his son announcing the relief of Tien-Tsin. The news reached Berlin later from the German Consul at Chee Foo, who announced that the relief column entered Tien-Tsin during the afternoon of June 23rd, and started again June 24th, to rescue Vice Admiral Seymour, who, with the foreign ministers, was said to be occupying a position 12 1-2 miles from Tien-Tsin, surrounded and pressed by a great force of Boxers and Chinese regulars. Possibly the Japanese report that Seymour was a prisoner and that the ministers had left Pekin guarded by Chinese soldiers is merely a distorted version of the Berlin story. But in any event definite news may be expected speedily, and it is confidently believed here that Seymour and his companions will be safely delivered from their plight.

According to the report of a Chinese refugee who has arrived at Shanghai, the condition of Tien-Tsin was horrible. Everywhere in the streets were the bodies of massacred men and women, Americans as well as other nationalities. The Hong Kong and German banks he adds were destroyed early during the bombardments. Shanghai also reports that the American-Russian relief force was so badly ambuscaded that the forces were obliged to abandon several field guns and much ammunition. About 18 Russians and 11 Americans were killed or wounded.

LETTER FROM PTE. BRADSHAW.

On His Way Home—Will be Glad to Get Back Again.

(Kingston Whig.)

This morning Arthur Dalton received a short letter from Pte. Bradshaw, first Canadian contingent. It was written at the Winberg hospital, May 28th;

"Just been having a siege of typhoid fever; this with my wound has left me in a lovely condition (?) I've been in bed fifteen weeks, but am about leaving for home on the hospital ship sent out by the Princess of Wales, which means I will be in bed most of the trip. I really feel as though I was never going to get up. We are having winter weather here, and the dark days and bitter cold nights make one feel depressed."

Referring to his wound Pte. Bradshaw says it is not as bad as reported. He is able to eat and drink; the right vocal chord is slightly paralysed, rendering it impossible for him to sing, and speaking as though affected by a cold. Pte. Bradshaw hoped to be in Kingston within two months from the time of writing. He will be glad to get back to Canada, as he is tired of being ill. The Canadians continue to have a hard time of it, many being ill of dysentery, enteric fever and rheumatism.

THE PARIS EXPOSITION

Mr R. J. Graham Exposes Some of the Weak Points

In Connection with the Canadian Exhibit—Building is Poor, Was Opened Late, and Nothing Like Justice has Been Done to Canadian Exhibitors.

It will be remembered that a few days ago Mr. R. J. Graham stated at the Conservative meeting that many abuses existed in connection with the Canadian exhibit at the Paris Exposition. The Intelligencer had an interview with Mr. Graham on the subject, when the following conversation took place:

"Would you care, Mr. Graham, to talk on your visit to the Paris Exposition?"

"Yes, I was there three days before I located the Canadian building in a remote corner. I met a man with 'Canada' on his cap walking about the grounds presumably to give information re our country and exhibits who was very shabbily dressed and could not speak English,—evidently a common laborer without education. This was the only man I met in the grounds save those working in the building who claimed to represent Canada. I think many of our manufacturers made a serious mistake by not sending some one in charge of their exhibits to have them properly put up, as those in charge in many cases knew practically nothing about the exhibits or how to dress them or their points of merit, the result being they show to great disadvantage. I think the Government could well have improved on the exhibits of the natural products of the country, and refrained from putting up manufactured goods that would not compare favorably with those of their competitors of other countries. Those of our exhibits as were there arranged, except in the cases mentioned, in my judgment were not as artistically arranged or decorated as those of European countries."

"In what way do you consider the Canadian exhibit has not been properly conducted?"

"The building is very shabby and very unsuitable to make a proper exhibit in, and those who are setting up the exhibit find considerable fault having had to decorate the wood with bunting, etc. Who ever built the buildings did a very bad job, and they are located in a corner out of the way. I have met several Canadians who were at the Exposition, but did not find the Canadian building at all."

"I understand you said the exhibit was not open when you left Paris; what was the date of your leaving?"

"We were at the Exhibition from May 15th to 20th. The Canadian building was not open then and they did not expect to have it ready for some time."

"Did you hear, while you were in Paris, any comments about the way the Canadian exhibit was conducted?"

"Yes, I met several Canadians who were as much disgusted as myself and I understood from the employees that Canadians were daily complaining. I heard considerable unfavorable comments made by others, especially English and United States people. The Peterboro and Lakefield Canoe Co. have creditable exhibits in the Marine buildings."

"Would you care to give an opinion as to what the cost of the building would be in which the Canadian exhibit was placed?"

"The building is a very ordinary affair. Nothing expensive or artistic about it. I should say $20,000 would put up a much better one here. Whoever built it or planned it need not feel proud of their job and it certainly is very unsatisfactory to those in charge of the exhibits. It is not a credit to our country."

"Were the other branches of the Paris Exposition open at the time you left?"

"Several of the other national buildings were completed and opened to the public, among them the U. S., Italian, and German, and in the vicinity of ours the French colonies had their buildings all completed and open to the public. The Australian exhibit is alongside of ours; does not occupy so much space; was not yet complete, but I found their men there nights working, while our buildings were closed up. I found Mr. Jardine, of Toronto, doing his best to arrange the exhibit, but the building was so badly built and so late in completion that it was impossible for him to put things in proper shape."

"You have no objection to your name being used in the press in connection with this matter?"

"No. The wooden exhibit under Mr. Macoun, an old Belleville boy, was about complete and well arranged also, the cereals were well put up under the direction of Mr. W. H. Day, an experimental farm employee, but the rest of the exhibit was in a state of chaos. The dairy building had been bungled and was not ready and not likely to be for some time. In my judgment the Canadian exhibit has been very badly managed and from what I can learn has cost our country entirely too much. I think the Government deserves criticism and severe censure for their conduct in this case."

A BRIEF SESSION

City Legislators Transacted the Business Expeditiously.

The business brought before the City Council last night was not of an important nature and was soon got through with.

Those in attendance were Mayor Johnson, Aldermen Panter, McFee, Grills, Doyle, Harris, Starling and Bogart.

After the reading and confirming of the minutes of the last meeting the following communications were read:

From the Bell Telephone Company, asking permission to erect poles on certain streets of the city.—Referred to Public Works Committee.

From a number of residents on Church St., requesting the cleaning out of two public wells, the water being unfit for use.—Referred to Committee on Fire, Water and Light.

From Mr. C. Ashley, calling the attention of the Council to a dangerous drain in rear of his premises on Mill St., into which his child fell and was nearly drowned.—Laid on table.

From Mr. W. J. Andrews, asking for a granolithic walk in front of his premises on Colborne St. and offering to pay his share of same.—Referred to Public Works Committee.

From the Secretary of the Provincial Historical Society, in reference to holding next annual meeting in Belleville.—Referred.

A petition was presented from a large number of rate-payers, asking that Bridge St. West be repaired; also the drain on side of a portion of a road be attended to, as it was in a dangerous condition.—Laid on table.

REPORTS.

Reports were presented from the various committees which recommended the payment of a few accounts.

Council went into Committee of the Whole on Reports, Ald. Grills in the chair.

The various reports were unanimously adopted without any discussion.

Aldermen Harris and Doyle spoke of the dangerous condition of the drain referred to by Mr. Ashley. Something should be done with it in their opinion.

On motion the matter was referred to Public Works Committee.

Ald. Panter called the attention of the Council to the petition for repairing Bridge St. West, which was in a bad state.

On motion it was referred to Public Works Committee.

The following accounts were ordered to be paid:

McGrath	$ 28
J. C. Weir	1.00
F. Duesberry	1.00
S. Sheehan	1.00
Geo. A. Frost	53.00
J. Zebedee	29.00

On motion the committee rose and reported. The report was received and adopted.

This concluded the business and the Council adjourned.

BOYS' SUITS AT ONE-HALF PRICE

The Oak Hall are having a big clearing out this week of boys' two-piece suits. We have had several sales of this kind, but never before at half price. Please remember there are no brownies in this lot, but if you ever had a suit at a bargain, don't lose sight of this fact.

"TED" AUSTIN WRITES

Was in the Fight at Zand River—Only Three Belleville Boys, of the First Contingent, Fit for Duty.

Kroonstadt, May 14th, 1900.

Dear Sister,—I write you a few more lines. The last time I wrote I was at Winberg, and now I am at Kroonstadt. I suppose you know all about the fight we had at Zand River. I was in it and I came through all right. It is quite an experience to have the bullets flying over your head every minute. We got up the morning of the fight and were advance guard, and when about a mile from camp, as we got near the river, going down the hill, we were fired on by the Boers, and of course we laid down, but had nothing to get behind but ant hills or some large weeds. We stayed there, lying on our faces, from 6 till 2 o'clock in the afternoon, that is, 8 hours, and having them in their trenches shooting at us, but they got scared after a little and retired. We had one killed and seven wounded, and lots of them had bullets through their boots and never got the skin hurt. They would seem to get a bead on you and then shoot five times at you, and then stop for a minute, and if the first bullet struck on the side of you all would do the same. There was one fellow shot through both legs and when the stretcher bearers went to get him they shot him through the shoulder. Well, I want to tell you about the boys. Glencoe Hulme, Ernest Frye and Jones, of the Belleville boys, are up here now, and the others have been sick, but we expect them up in a day or two as the captain told us last night that Colonel Otter had left Bloemfontein with a lot of the boys. None of them are very bad. I don't know when we will leave here, but not for a few days, as we want a rest. It is quite a sight to see so many troops here. There must be about sixty thousand. Lord Roberts and Gen. French and Gen. McDonald and also Gen. Hutton, with the Canadian Mounted Rifles, so you can guess what a lot we have got. We expect to be home before the cold weather comes, that is if we have as good luck as we have had lately. Well, give my love to all friends, that means everybody. I am waiting for some mail as I only got some once, and all that write to me I will try and answer. Remember me to the choir Friday night and tell them I often think of them. Good-bye, I am,

Your loving brother,
TED.

At the Art Exhibit were shown 256 pictures, of this number 143 were not framed, leaving 113 framed pictures. Of this 113—97 were framed at this store.

16 were framed by other houses.

Permit us to add that we are not condemning the framing of the sixteen pictures by any means, for they are well framed, but we publish these figures accurately taken by one of our staff.

You will readily see the leaning of artists towards our framing. When we do it it is done well.

THE BURDEN BEARER

Troubled and Heavy-Laden Sure of Sympathy from Jesus.

Grief Must Always Find Expression, and Rev. Dr. Talmage Thinks It Would be well to Follow the Example of the Disciples and Go and Tell Jesus of All Your Perplexities.

Washington, June 17. — Dr. Talmage, who has finished his tour in England and Scotland, where thousands thronged to hear him wheresoever he preached, is now on his way to Norway and Russia, in which countries he is already well known through the publication of translations of his sermons. In the following discourse, which he has sent for publication this week, he gives a prescription for all anxiety and worriment and illustrates the divine sympathy for all who are in any kind of struggle. The text is Matthew xiv, 12, "And his disciples went and told Jesus."

An outrageous assassination had just taken place. To appease a revengeful woman King Herod ordered the death of that noble, self sacrificing prophet, John the Baptist. The group of the disciples were thrown into grief and dismay. They felt themselves utterly defenceless. There was no authority to which they could appeal, and yet grief must always find expression. If there be no human ear to hear it, then the agonized soul will cry it aloud to the winds and the woods and the waters. But there was an ear that was willing to listen. There is a tender pathos and at the same time a most admirable picture in the words of my text, "They went and told Jesus." He could understand all their grief, and he immediately soothed it. Our burdens are not more than half so heavy to carry if another shoulder is put under the other end of them. Here we find Christ, his brow shadowed with grief, standing amid the group of disciples, who, with tears and violent gesticulations and wringing of hands and outcry of bereavement are expressing their woe. Raphael, with his skillful brush putting upon the wall of a palace some scene of sacred story, gave not so skillful a stroke as when the plain hand of the evangelist writes, "They went and told Jesus."

I feel that I bring to you a most appropriate message. I mean to bind up all your griefs into a bundle and set them on fire with a spark from God's altar. The prescription that cured the sorrow of the disciples will cure all your headaches. I have read that when Godfrey and his army marched out to capture Jerusalem, as they came over the hills, at the first flash of the pinnacles of that beautiful city, the army that had marched in silence lifted a shout that made the earth tremble. Oh, you soldiers of Jesus Christ, marching on toward heaven. I would that today, by some gleam from the palace of God's mercy and God's strength, you might be lifted into great rejoicing, and that as the prospect of its peace breaks on your enraptured gaze you might raise one glad hosanna to the Lord.

In the first place I commend the behavior of these disciples to all burdened souls who are unpardoned. There comes a time in almost every man's history when he feels from some source that he has an erring nature. The thought may not have such heft as to fell him. It may be only like the flash in an evening cloud just after a very hot summer day. One man to get rid of that impression will go to prayer, another will stimulate himself by ardent spirits, and another man will dive deeper into secularities. But sometimes a man cannot get rid of these impressions. The fact is, when a man finds out that his eternity is poised upon a perfect uncertainity and that the next moment his foot may slip, he must do something violent to make himself forget where he stands or else fly for refuge.

Some of you crouch under a yoke, and you bite the dust, when this moment you might rise up a crowned conqueror. Driven and perplexed as you have been by sin, go and tell Jesus. To relax the grip of death from your soul and plant your unshackled feet upon the golden throne Christ let the tortures of the bloody mount transfix him. With the beam of his own cross he will break down the door of your dungeon. From the thorns of his own crown he will pick enough gems to make your brow blaze with eternal victory. In every tear on his wet cheek, in every gash of his side, in every long blackened mark of laceration from shoulder to shoulder, in the grave shattering, heaven storming death groan, I hear him say, "Him that cometh unto me I will in nowise cast out."

You will never get rid of your sins in any other way. And remember that the broad invitation which I extend to you will not always be extended. King Alfred, before modern timepieces were invented, used to divide the day into three parts, eight hours each, and then had three wax candles. By the time the first candle had burned to the socket eight hours had gone, and when the second candle had burned to the socket another eight hours had gone, and when all the three candles were gone out then the day had passed. Oh, that some of us, instead of calculating our days and nights and years by any earthly timepiece, might calculate them by the numbers of opportunities and mercies which are burning down and out, never to be relighted lest at last we be amid the foolish virgins who cried, "Our lamps have gone out!"

Again I commend the behavior of the disciples to all who are tempted. I have heard men in midlife say they had never been led into temptation. If you have not felt temptation, it is because you have not tried to do right. A man hoppled and handcuffed, as long as he lies quietly does not test the power of the chain, but when he rises up and with determination resolves to snap the handcuff or break the hopple, then he finds the power of the iron. And there are men who have been for 10 and 20 and 30 years bound hand and foot by evil habits who have never felt the power of the chain because they have never tried to break it. It is very easy to go on down with the stream and with the wind, lying on your oars, but just turn around and try and go against the wind and the tide, and you will find it is a different matter. As long as we go down the current of our evil habit we seem to get along quite smoothly, but if after awhile we turn around and head the other way, toward Christ and pardon and heaven, oh, then how we have to lay to the oars! You will have your temptation. You have one kind, you another, you another, not one person escaping.

It is all folly for you to say to some one, "I could not be tempted as you are." The lion thinks it is so strange that the fish should be caught with a hook. The fish thinks it is so strange that the lion should be caught with a trap. You see some man with a cold, phlegmatic temperament, and you say, "I suppose that man has not any temptation." Yes, as much as you have. In his phlegmatic nature he has a temptation to indolence and censoriousness and overeating and drinking, a temptation to ignore the great work of life, a temptation to lay down an obstacle in the way of all good enterprises. The temperament decides the styles of temptation, but sanguine or lymphatic, you will have temptation. Satan has a grappling hook just fitted for your soul. A man never lives beyond the reach of temptation.

A man who wanted a throne pretended he was very weak and sickly, and if he was elected he would soon be gone. He crawled upon his crutches to the throne, and having attained it, he was strong again. He said, "It was well for me while I was looking for the scepter of another, that I should stoop, but now that I have found it, why should I stoop any longer?"—and he threw away his crutches and was well again. How illustrative of the power of temptation! You think it is a weak and crippled influence, but give it a chance and it will be a tyrant in your soul; it will grind you to atoms. No man has finally and forever overcome temptation until he has left the world. But what are you to do with these temptations? Tell everybody about them? Ah, what a silly man you would be! As well might a commander in a fort send word to the enemy which gate of the castle is least barred as for you to go and tell what all your frailties are and what your temptations are. The world will only caricature you, will only scoff at you. What, then must a man do? When the wave strikes him with terrific dash, shall he have nothing to hold on to? In this contest with "the world, the flesh and the devil," shall a man have no help, no counsel? Our text intimates something different. In those eyes that wept with the Bethany sisters I see shining hope. In that voice which spake until the grave broke and the widow of Nain had back her lost son and the sea slept and sorrow stupendous woke up in the arms of rapture—in that voice I hear the command and the promise, "Cast thy burden on the Lord and he will sustain thee." Why should you carry your burdens any longer? Oh, you weary soul, Christ has been in this conflict. He says, "My grace shall be sufficient for you. You shall not be tempted above that you are able to bear." Therefore with all your temptations, go, as these disciples did, and tell Jesus.

Again, I commend the behavior of the disciples to all those who are abused and to the slandered and persecuted. When Herod put John to death, the disciples knew that their own heads were not safe. And do you know that every John has a Herod? There are persons in life who do not wish you very well. Your misfortunes are honeycombs to them. Through their teeth they hiss at you, misinterpret your motives and would be glad to see you upset.

No man gets through life without having a pommeling. Some slander comes after you, horned and husked and hoofed, to gore and trample you. And what are you to do? I tell you plainly that all who serve Christ must suffer persecution. It is the worst sign in the world for you to be able to say, "I have not an enemy in the world." A woe is pronounced in the Bible against the one of whom everybody speaks well. If you are at peace with all the world and everybody likes you and approves your work, it is because you are an idler in the Lord's vineyard and are not doing your duty. All those who have served Christ, however eminent, all have been maltreated at some stage of their experience. All who will live godly in Jesus Christ must suffer persecution. And I set down as the very worst sign in all your Christian experience, if you are any of you, at peace with the world. The religion of Christ is war. It is a challenge to "the world, the flesh and the devil," and if you will buckle on the whole armor of God you will find a great host disputing your path between this and heaven.

CANADIAN OUTPOST CUT OFF

De Wet's Men Killed Two, Wounded Five and Captured Three.

Particulars of the Honing Spruit Fight on Friday—War Must Be Nearing the End as the Foreign Military Attaches Are at Cape Town en-Route to Europe—The Boers Are Short of Food.

London, June 26.—(4.22 a.m.)—Lord Roberts' six columns are converging, apparently so as to close in upon the Free Staters, although decisive results cannot be expected for several days. A number of Boers who were supposed to be within the wide-flung net have broken, or, rather, stolen, through General Rundle's Ficksburg-Senekal lines.

Two Canadians Killed.

The Canadians were engaged in the Honing Spruit fight last Friday. General De Wet's men first cut off a Canadian outpost of mounted rifles at dawn, two being killed, Lieut. Inglis and four others being wounded and three being captured. The Free Staters then attacked the camp, where were 50 Canadians and two companies of Shropshires, though not with much effect, as the men were well entrenched.

The foreign military attaches who were with Lord Roberts are now in Cape Town, en route for Europe.

Consul Hay Going to Machadodorp.

United States Consul Hay of Pretoria is going to Machadodorp in the interests of the British prisoners and to see President Kruger.

Eighty Hollanders have been landed in jail at Standerton for destroying property prior to the British occupation. The wives and children of the Boers are surprised that the British do not loot, but pay for what they get.

The Boers derailed a construction train near Standerton on June 24. Two trainmen were killed and four badly wounded.

A party of Brabant's Horse near Ficksburg, saw a camp of khaki-clad men, and walked in, only to find themselves among the Boers. The visitors surrendered.

Boers Short of Food.

The Lorenzo Marquez correspondent of The Times, telegraphing yesterday, says: "The Boers are losing a large number of horses from the cold and from lack of food, and the survivors are in a miserable condition. The inadequacy of the Boer commissariat is telling on the burghers."

DESPATCH FROM ROBERTS.

Clements Whipped the Boers Near Wynberg—Gen. Ian Hamilton Warmly Received at Heidelberg.

London, June 26.—The following despatch has been received at the War Office from Lord Roberts:

"Pretoria Residency, June 25.—Clements successfully engaged a body of Boers yesterday near Wynberg, where he had gone to pick up supplies and some heavy guns, preparatory to acting in combination with columns from Lindley, Heilbron and Heidelberg. He drove the enemy north of Sandspruit with loss. No casualties are reported.

Heidelberg Is English.

"Ian Hamilton reports that Heidelberg is the most English town he has yet seen. The inhabitants gave him a great reception. The streets were crowded and decorated with bunting. Captain Valentine hoisted the Union Jack in the market square amidst the cheers of the populace and of the British, Australian and other colonial troops. "God Save the Queen" was sung, the crowds heartily joining in. The poor Royalists have had a rough time lately.

Hutton Had a Skirmish.

"Hutton's Mounted Infantry skirmished with the Boers yesterday, a few miles southeast of Pretoria. Captain Anley is reported to have managed the little business very well. Lieutenant Crispin and one of the Northumberland Fusiliers were wounded."

LIEUT. INGLIS WOUNDED.

A Toronto Man and a Member of the Second Mounted Rifles.

Ottawa, June 26.—A cable received at the Militia Department yesterday reported Lieut. Inglis of the Second Mounted Rifles dangerously wounded on the 22nd. Lieut. Inglis is a Toronto man and belonged to the Royal Canadian Dragoons. The cable also stated that Pte. Hiam is convalescent. Another cable from Col. Otter is taken as indicating that no further casualties have occurred since June 19.

London, June 26.—Green, No. 113, of the Canadian Mounted Rifles, is dangerously ill at Winburg Hospital.

Toronto, June 26.—There are three Greens in the Mounted Rifles, Herbert F. Green and Gitshoon W. Green of Fincher Creek, N.W.T., and A. E. C. Green of the N.W.M.P.

C. P. R. Earnings.

Montreal, June 26.—The earnings of the C.P.R. Co. for the traffic week ending June 21 were $594,000. For the same week last year the earnings were $538,000, showing an increase of $56,000.

Two-Thirds of Them Die.

London, June 26.—The Governor of Bombay wire that there were 10,277 deaths from cholera out of 15,479 cases during the week ending June 16.

The Relief of Coomassie.

London, June 26.—The Government has received despatches from Ashantee indicating that the relief of Coomassie should be accomplished this week.

WOMAN'S WELFARE

Paine's Celery Compound
Gives and Maintains a Perfect Condition of Bodily Health.

The great susceptibility of women to nervousness and worry is heightened by the fact that, in the majority of cases they lead confined and monotonous lives, narrowed down to the four walls of home the greater part of the day.

Paine's Celery Compound is just what such nervous and depressed women need to restore their nerves to energy and to lift them out of their constipated, dyspeptic habit of body.

No other remedy known to medical men is so rich in flesh-forming and energy-producing constituents for women as Paine's Celery Compound.

It is also a true and unfailing regulator, keeps the blood pure and rich, and maintains an even condition of good health that makes a woman contented and happy. Mrs. Wilcox, of Creemore, Ont., writes as follows:

"For years I have suffered from constant sick headache and nervousness. At times I have been so bad that I have been unable to sleep two hours a night for weeks. I have tried many medicines and doctored a great deal, but never received a hundredth part of the value from them that I obtained from Paine's Celery Compound. After using three bottles I can sleep well, my headaches have ceased, and I feel healthier and fresher than I have been for years."

EAST BUFFALO CATTLE MARKET.

East Buffalo, June 26.—Cattle—The market yesterday opened barely steady on the most desirable grades of export cattle and butchers, and on medium weights and common kinds was dull, irregular and generally 15c to 25c lower, good to best smooth, fat export cattle, $5.70; good to best fat heifers, $4.25 to $4.75; fair to good heifers, $3.75 to $4.10; fat cows, good to best, $3.60 to $4.30; medium fat cows, $3 to $3.40; feeding steers, good to extra, $4 to $4.50; fair to good, $3.50 to $4; Canada stock steers, $4 to $4.25; stock calves, Canada, $4.25 to $4.40. Sheep and Lambs—The sheep market was in unsatisfactory position, with 40 loads on sale and the general basis firm, 25c to 35c lower; yearling lambs, choice to extra, $5.75 to $6; good to choice, $4.75 to $5.25; wether sheep, choice to extra, $4.75 to $5; mixed sheep, choice to extra, $4 to $4.50; good to choice, $3.55 to $4; heavy ewes, $3.50 to $4; spring lambs, good to choice, $6 to $7.25. The close was dull and weak, with several loads left over.

The Backache Kidney Sufferer is not Referred to Far Away People for Dr. Pitcher's Backache Kidney Tablet Evidence. The Great Kidney Remedy Rolls up Volumes of Proof in Every Community in Belleville.

Mr. Wm. Smith, Pinnacle St., says, "Before using Pitcher's Kidney Tablets which I procured from Alex. Ray the druggist, I was very much afflicted with Lumbago. Since I used a bottle I am not only free from that but I am sleeping better. The nervous restlessness has ceased. The dull aching in the small of my back has disappeared. Backaches took all the energy from me and left me depressed and weary. I can vouch for Pitcher's Tablets being a reliable remedy for pain and lameness in the back."

Vincent Brennan, Front St., says, "I knew that my kidneys were not right. I had the most troublesome backache, my head and the back of my neck pained me. I had no energy and I felt that languor that caused a constant weariness. Reading of Dr. Pitcher's Backache Kidney Tablets I was induced to try them, and procured a bottle from Alex. Ray the druggist. They have proved most satisfactory. I am not having backache or headache and the lameness has left me."

If you have the slightest symptom of Kidney or Bladder trouble, you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two-cent stamp for postage to The Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

THE CAPTURE OF SEYMOUR

News Comes From Japanese Source But Is Unconfirmed

Entire Absence of News From Chinese Capital Justifies the Worst Construction of the Situation of the Pekin Legations—Chinese Army Around Pekin Totals 360,000 Men—They Have 220 Creusot, 18 Krupp and 15 Maxim Guns

London, June 26.—(3.35 a. m.)—The British cruiser Terrible has arrived at Che Foo, from Taku, with the latest news, which is as follows:

"Eight hundred Sikhs and 200 Welsh Fusiliers have effected a junction with the American, German and Russian forces, which had been cut off by the Chinese about nine miles from Tien Tsin. It was proposed to deliver an assault upon the Chinese forces at Tien Tsin last night (Sunday)."

The Worst Is Feared

"Foreign officers' opinion here," says a despatch from Shanghai to The Daily Express, dated yesterday, "incline to believe that the worst has happened to the legations at Pekin, and to Admiral Seymour as well. Even the legations were safe on June 19, this is no guarantee that they are safe now. The situation, in fact, grows more and more gloomy. The entire absence of reliable news from the capital seems to justify the worst construction which can be put upon it.

Bad News From Nanking.

"Bad news come from Nanking, where the unrest, is said to be growing hourly. Viceroy Liu Kin Yih has telegraphed the British authorities that he has ordered the five Chinese cruisers which have been lying off the harbor here to proceed to Nanking."

360,000 Chinese Around Pekin.

A careful estimate of the number and armament of the Chinese troops around Pekin puts the total at 360,000, and it is calculated that these troops possess 220 7-10 Creusot guns, 18 Krupps and 15 Maxims. Their supply of ammunition is practically inexhaustible. It has been mainly supplied by a German firm at Carlowitz. Fully three-fourths of the Chinese forces are badly drilled, wholly undisciplined and quite unfamiliar with modern weapons.

Allies Making Preparations.

Extensive preparations by the allies are going forward. The first regiment of British Indies, 1,000 men, embarked at Calcutta yesterday, and 833 more marines received orders to go out from English ports. The Amur army corps, ordered out by Russia, numbers 52,100 men, with 84 guns. Japan proposes to land 15,000 men on Chinese territory within a fortnight.

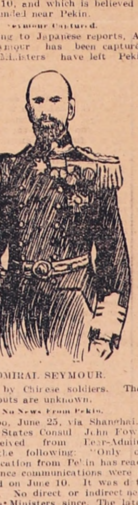
SEYMOUR CAPTURED.

Allies Entered Tien Tsin on June 23—New News From Pekin.

Che Foo, Tuesday, June 26. — Rear-Admiral Kempff reports by a Japanese torpedo boat that the combined forces entered Tien Tsin on Saturday, June 23, sustaining small loss. They started on Sunday to relieve the force which left Tien Tsin on June 10, and which is believed to be surrounded near Pekin.

Seymour Captured.

According to Japanese reports, Admiral Seymour has been captured, and the Ministers have left Pekin, guarded by Chinese soldiers. Their whereabouts are unknown.



ADMIRAL SEYMOUR.

No News From Pekin.

Che Foo, June 25, via Shanghai.—United States Consul John Fowler has received from Rear-Admiral Kempff the following: "Only one communication from Pekin has reached me since communications were interrupted on June 10. It was dated June 12. No direct or indirect news from the Ministers since. The latest news from the expedition was dated June 12, when the expedition was at Lang Fang. The railroad has been destroyed behind it."

NO RELIEF TO SEYMOUR.

Despatch to the British Admiralty From Taku.

London, June 26.—The Admiralty has received the following despatch from Rear-Admiral Bruce, dated Taku, via Che Foo, June 24: "The total force which left Tien Tsin with the commander-in-chief, for Pekin, was about 2000, composed of detachments from the allied ships. No action could possibly be taken to relieve the commander-in-chief, because it was only known that he was cut off by Tien Tsin being invested. Then Tien Tsin has been fighting for its life ever since. It was on receipt of information that the Chinese army had ordered trains for attacking Tien Tsin; that they were ravaging Tong Ku, and reinforcing Taku, as well as mining the mouth of the Peiho, that it was promptly determined to seize Taku. Since then, every effort has been made to relieve Tien Tsin. I have commandeered a small coasting steamer for taking troops and sick and wounded across the bay to Wei Hai Wei, where I intend making a temporary base hospital and asylum for refugees."

Eight Thousand Allies at Taku.

Tsing Tau, June 24.—(8 p. m.)—Eight thousand allied troops have landed at Taku, including 2,000 Germans.

Lord Salisbury Is Hopeful.

London, June 26.—The Associated Press learns that Lord Salisbury is still hopeful that the Chinese crisis will be solved without war against that country as a whole. In spite of the alarming reports he inclines to the belief that the Government of China in some satisfactory form will shortly be able to reassert itself.

Britain Refused by Russia.

St. Petersburg, June 22, via Paris, June 25.—The Czar has given his approval to a categorical refusal to agree to Great Britain's proposal looking to special co-operative action on the part of Russia and Great Britain in China.

A TORONTO LADY CURED OF ASTHMA

After Twelve Years' Suffering. Toronto Physicians Advised Leaving Her Home to Go to Manitoba. Clarke's Kola Compound Cured.

Mrs. McTaggart, 80 Vanauley street, Toronto, writes:—"I have been troubled with asthma and bronchitis for twelve years, which gradually grew worse each year. In spite of the hundreds of dollars my husband has spent with several doctors, and almost every remedy we could procure. For the past two years I could not lie on my left side, and during the past year previous to taking Clarke's Kola Compound the asthma became so severe that I had not had a full night's sleep, and during most of that time we had a doctor in attendance. We gave up several doctors, as I was becoming no better, and the last doctor, after about two months' treatment, told me he could do nothing for me, and advised me to go to Manitoba or some dry climate. We heard of Clarke's Kola Compound being a cure for asthma, and before taking this remedy made several enquiries from those who had taken it, and in each case found the result so satisfactory that we resolved to try it. After taking the first bottle I became much better, and began to sleep well at nights. Since taking the third bottle I have not felt the slightest symptoms of my former trouble. I have during the past six months gained nearly 20 pounds in flesh, and feel perfectly healthy in every way. I can assure you that I will do all in my power to induce any sufferer from this terrible disease to try it."

Clarke's Kola Compound is sold by druggists, or by the Griffiths and Macpherson Co., Limited, 121 Church street, Toronto.

Make your business talks as short as your prayers and you will be a winner.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

When a young man becomes sufficiently familiar to stay until midnight, the girl begins to think she holds first mortgage on his affections.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

As soon as the moon gets three-quarters it proceeds to get full.

THE MARKETS.

Wheat Dropped Four Cents, but Recovered Half the Loss Later—The Latest Quotations.

Liverpool, June 26. — Yesterday spot wheat advanced 2d to 3d per cental, and futures closed ⅛d to ⅝d higher than on Saturday.

Chicago, June 26.—The wheat pit saw wild fluctuations yesterday. The market opened weak, nearly a cent below Saturday's close, and declined below 84 on disappointing cables and realizing sales. There was a later recovery on continued damage reports, and futures closed only 2c below Saturday's final figures.

VISIBLE AND AFLOAT.

As compared with a week ago, the visible supply of wheat in Canada and the United States has increased 1,348,000 bushels; that of corn has increased 932,000 bushels, and that of oats has decreased 53,000 bushels. The visible supply of wheat in Canada and the United States, together with that afloat to Europe, is 77,124,000 bushels, against 76,496,000 bushels a week ago and 69,259,000 bushels a year ago.

C. P. R. Hands Laid Off.

Winnipeg, June 26.—On Saturday notice was given to 550 of the employes of the C.P.R. shops that they could enjoy the benefit of rest until July 3, as work in the shops could be suspended until that time. There are still about 100 men left to look after the necessary repair work. It is said that a large number of section men on the Western Division are being discharged, and that, owing to the poor harvest prospects, the company is cutting its expenses to the very lowest ebb. The action of the company came as a surprise to the bulk of the men.

CHEESE MARKET.

Lindsay, Ont., June 26.—Yesterday, 1,700 cheese were boarded; 1,100 were sold at 9⅞c. Balance was sold off the board.

Utica, June 26.—Utica Dairy Board of Trade. Cheese sales, 128 lots of 10,255 boxes; large sold at 9c to 9¼c, ruling price 9⅛c; small, 9c to 9⅛c. Butter, 37 packages at 19c; 110 packages at 19½c.

DR. BORDEN CLAIMS CREDIT.

Says He Proposed and Adopted Annual Drill for All Arms.

Minister of Militia Also Reorganized the Medical Arm — Ammunition at Cost Price—Col. Prior Makes Some Practical Suggestions—Tributes to the Late Col. Tyrwhitt, M.P.—Chinese Poll Tax Bill Reported.

Ottawa, June 26.—Empty benches greeted the Speaker when the House opened for its first morning session yesterday.

An order of the House was issued remitting the fees on the National Railway & Transport Company's bill, which failed to commend itself to the Senate.

Hon. W. S. Fielding put a few corrective touches to his bill to amend the Civil Service Act, changing the word "salary" to "emolument," so as to bring temporary clerks clearly within the meaning of the act. No rights which first-class clerks now possess shall be adversely affected by the amended act.

Chinese Poll Tax.

Sir Wilfrid Laurier advanced his bill respecting Chinese immigration. Mr. Foster took the ground that Sir Wilfrid Laurier had not implemented his promises, made to British Columbia electors in 1896.

Mr. Puttee of Winnipeg, and the Liberal members from British Columbia, expressed satisfaction with the bill as far as it went, but regretted that the impost was not much larger. Mr. W. C. Edwards, another Liberal member, took an exceptional position, that the restrictions on Chinese were a contradiction of the fundamental principles of the British Constitution, freedom and the open door.

The Late Col. Tyrwhitt.

When the House opened at 3 o'clock, Mr. Foster arose and referred in feeling terms to the death of Col. Tyrwhitt. He reviewed his life as a member of the House since 1882, and characterized him as a sturdy party man, not noisy, but good and consistent. He was a staunch and honorable friend, and showed he was a gallant soldier of the Queen in 1866 and 1885.

Sir Wilfrid Laurier, in eloquent phrases, declared the deceased had no enemies in the House, but only friends. He was an admirable type of man, possessing strong views, but always presenting them with a generosity that propitiated the respect of his audience. He felt that his honest manly countenance would be missed by all.

Dr. Sproule, in a voice struggling with emotion, spoke of his departed friend whom he had known intimately for over 30 years. In his death the House had not only lost an honored and useful member, but Canada had lost one of her best subjects. The deceased had been a staunch and consistent representative of his constituency, and his name was synonomous with honor, integrity and manhood. He conveyed to the House the thanks of the bereft family for the kinds words spoken of the husband and father.

A beautiful wreath of lilies and roses was placed on the desk of the deceased by his colleagues in the House.

When the House turned to other matters, the Opposition numbered 10 with the Government 40.

The Chinese Bill.

The debate on the Chinese bill was continued by Dr. Christie and Mr. Charlton. The latter declared that, abstractly, the Government was wrong in putting restrictions upon immigration; but, concretely, the Government was all right. He was inclined to think that the Government had gone too far in raising the tax to $100, and the basis of his argument was the brotherhood of man. What was wanted was further information on the Chinese question.

Dr. Sproule held that undesirable immigrants should be shut out.

Mr. Aulay Morrison, New Westminster (Liberal), said that Chinese and Japanese immigration degraded labor. Of the two, the Japs were worse than the Chinese. He moved, in amendment to the bill, that no Jap or Chinese should be admitted to Canada without being able to read and write one European language.

Frank Oliver, Alberta (Liberal), supported the amendment. He declared the presence of the Chinese and the Japs in British Columbia was a menace to Eastern Canada, because they closed up avenues of labor that would otherwise be filled by an exodus from the East.

Sir Wilfrid Laurier said that Mr. Morrison's amendment could not be accepted.

Col. Prior wanted the tax raised to $500, but this was declared out of order.

After a few verbal amendments had been accepted, the bill was reported.

Is It Dr. Borden's Valedictory?

The House went into supply at 5.30 p.m. on the militia estimates.

Dr. Borden gave an account of his tenure of office. He casually remarked that the militia was to defend against invaders and to preserve order within the country, and went back to 1867 to trace the history of Canada's Militia. He thought the sending of contingents to South Africa had given the people of Canada great cause for congratulation, by reason of the rapidity of recruiting and of transportation. This matter made the Militia Department proud of itself.

Dr. Borden eulogized the contingents and Strathcona's Horse. He referred to the actions in which the Canadians had taken part. The first action was at Paardeberg, where Gen. Roberts had complimented them. At Bloemfontein the Mounted Rifles had distinguished themselves. At Pretoria the Canadians were on hand. At Mafeking, there was the story of one of the most extraordinary artillery marches, in which the part taken by Canadians was of the utmost importance. For all these reasons, Canada should feel proud of her men.

Politics in Militia Department.

After recess Dr. Borden touched upon the charge that politics ruled in the Militia Department. He denied the charge, and challenged anyone to prove it. He reviewed the various appointments he had made, and declared that he had not allowed politics to rule, though, where other things were equal, he would give his political friends the benefit. Looking at the work of his department, he declared the chief feature had been the adoption of annual drill for all arms of the service. Another reform was the limitation of the age of commanding officers, fixing it at 50 years at the outside and making the law retroactive. This gave new impetus to the service, for it gave a chance for junior officers to get to the top. He had reduced the limit of age for a commanding officer from 63 to 60, and by the operation of this regulation a reserve list had been created that would be of great importance in the case of emergency.

He dwelt upon the formation of cadet corps for Collegiate Institutes, High Schools and Public Schools, which formed recruiting ground for the militia. He announced his intention of forming an engineer corps at Toronto University and declared steps had already been taken with this end in view. He had reorganized the medical service of the militia, with which he had some 30 years' experience. He hoped to have it soon put upon an adequate footing. The formation of the medical arm into a separate corps was an entirely new departure. He proposed to add four bearer companies and four hospital companies yearly to the corps till the organization was capable of supplying the whole militia force, numbering 36,000, consisting of 31 military units. Already $18,000 had been spent on this service, and it was intended to increase the expenditure upon equipment until a thoroughly equipped medical corps was reared.

The Force of the Future.

As to the future of the militia, Dr. Borden said that whatever might arise the militia men of Canada would adapt themselves to it. He believed the military force of the future would have to be capable of great mobility. In this connection the change of infantry to mounted infantry deserved consideration. He proposed to make this experiment in Manitoba and the Northwest Territories next year to a large extent. The same experiment would be tried in the east. The importance of teaching everybody the use of the rifle was dwelt upon. He spoke of the numerous rifle ranges erected and being perfected in Canada. He believed in affording the utmost facilities to people to learn marksmanship. He was convinced that the system Canada should imitate was the Swiss system, where every man was a soldier, took his rifle home with him, and, at a moment's notice, was ready to take the field. The doctor in private became the doctor in the army, and so through all ranks, so that there was no mixing up of talents. Rifle clubs were his ideal. Such a system as this should be devised for Canada. The rifle leagues in Canada, he considered, should be encouraged at all hazards. It had been the custom of the department to give free ammunition to provincial leagues and for matches to the D.R.A. He proposed to sell ammunition to rifle clubs at cost price. As to rifles, they would be issued free to clubs whenever bonds were given for their security. He had already sent to the Northwest Territories several instalments of rifles for private rifle clubs, and was prepared on request to do likewise for all rifle clubs in Canada.

Sir Adolphe Speaks.

Sir Adolphe Caron claimed that all the praiseworthy efforts of the Militia Department were based upon lines laid down by the late Government. He favored the giving of free ammunition to rifle clubs for certain days of the year, under the supervision of a proper officer. Ranges of an inexpensive sort should be erected wherever required.

Col. Prior's Suggestions.

After Col. Domville had again stated his pet idea that a Canadian should be made G.O.C., Col. Prior spoke on rifle practise. He thought that 40 rounds per man for practise was absurdly small. He would fix the number at 500, and have these shot off under proper supervision and instruction. He advocated a complete change in the drill instruction at camps, with the view of doing away in a great measure with battalion drill, and giving more time to rifle practise. Col. Prior thought the infantry drill book should be revised by a committee of experts, and the useless parts of it cut out. He advocated a reform in uniform and in the commissariat department.

Minister Believes in Reform.

Dr. Borden replied briefly and believed in increasing the rounds of ammunition to each man. He was in sympathy with changing the uniform, making it cheaper, more practical, and less showy. He hoped some day to introduce pensions into the service. He announced that at least two of the Canadian officers who had resigned their commission to enlist as privates in the contingents had been given commissions in the Imperial army. He gave no names.

Items totalling $9,000 were passed, and the House adjourned at 12.10 p. m.

Sir Charles Tupper at Hagersville.

Hagersville, Ont., June 26.—Yesterday there was a great Conservative demonstration here. The speakers were Sir Charles Tupper, Lt.-Col. Whitney, M.P.P., and Hon. D. Tisdale. The town was decorated. Addresses were presented in turn to Hon. Dr. Montague, Mr. D. Tisdale, M.P. for South Norfolk, Sir Charles Tupper and Mr. Whitney, to which each eloquently replied. Sir Charles spoke for an hour and a half, and was accorded the greatest reception ever given here to a public man.

London, June 26.—The Australian commonwealth bill passed its third reading in the House of Commons yesterday amid cheers.

WEALTH.

If they only could, many rich men would erase the W in wealth and write H in its place, and so change wealth into health. It's the saddest thing about riches that in acquiring them men often ruin their health and at their prime are doomed to live "perked up in a glistering grief and wear a golden sorrow.

The trouble is generally with the stomach. In the rush for riches there's been no time for regularity, no consideration of right food. The stomach and other organs of digestion and nutrition become diseased and then begins the bitter and varied sufferings of the man with "stomach trouble."

Yet this condition can be cured. The stomach and other organs of digestion and nutrition, can be restored to a normal condition of sound health. Thousands testify that Dr. Pierce's Golden Medical Discovery, strengthens the stomach, nourishes the nerves and purifies the blood, that it breaks the bonds of the dyspeptic, and makes him a healthy, happy man. No alcohol whisky or other intoxicant is contained in "Golden Medical Discovery.

"I was a sufferer from what the doctors called indigestion, but after trying several eminent physicians failed to get a cure," writes Mr. Frank Mericle, P. O. Box 473, Independence, Jackson Co., Mo. "Some of my symptoms were soreness in pit of stomach, fullness, tired feeling, constipation; some times soreness would extend to bowels. Some one recommended me to take Dr. Pierce's Golden Medical Discovery, which I did, and after taking only a few bottles of 'Discovery' and your 'Pleasant Pellets' can say I derived more benefit from them than from any other medicine I ever tried. I began to gain in flesh from the start. Have recommended it to others and will continue to do so."

Dr. Pierce's Pleasant Pellets do not become a necessity to the system they have relieved of accumulations and obstructions.

THE CROPS IN ONTARIO.

Reports From All Sections Show That This Province Has No Reason for Despondency.

Toronto, June 26.—The Great Northwestern Telegraph Company has secured crop reports from all sections of Ontario, and the result may be summed up, on the whole, favorably. In Eastern Ontario, the prospect is for a good wheat crop and a light hay crop. In Hastings County rain is needed, but fall wheat is looking well; apples will be short, but other fruits promise well. In the Niagara Peninsula, the strawberry crop has been damaged by dry weather, but a full crop of peaches, plums and other large fruit is promised. Wheat promises well also, but the spring grains and hay will be light. In York County, the prospect is good, excepting hay; fruits abundant, except plums.

In Western Ontario, Lambton County reports crops generally good. Wheat has been winter killed in parts of Kent and Essex counties, but the hay crop is thriving, and some fruits—peaches, pears and plums — will yield heavily. Other crops will be an average.

In Wellington County the outlook is good on the whole, and Oxford County is the same. In Perth County there will be a good yield of wheat; other crops, favorable. Bruce County expects all cereal crops above the average, and fruits mostly good.

In Northern Ontario the outlook is favorable, but rain is needed.

In the extreme eastern section of Ontario the lack of rain has caused hay to come down to two-thirds of an average crop, and other products are injuriously affected.

In Elgin County wheat will yield about 75 per cent. of an average, while all spring crops are looking well.

Summing up, the outlook for the Province of Ontario is thoroughly satisfactory.

CONDITIONS OF BACK PAY.

Mr. Birmingham and Conservative Union.

Toronto, June 26.—The resolution passed at the executive of the Conservative Union of Ontario was to the effect that the resignation, from July 1 next, of Mr. Birmingham as secretary of the Union was to hand; that the Union considered that Sir Charles Tupper had dismissed Mr. Birmingham on May 22, and that the Union endorsed the action of Sir Charles. This was carried unanimously. Nor was any claim of Mr. Birmingham for unpaid services considered; it was, however, plainly intimated that no claim would be considered until an opportunity was given him of going before the Royal Commission and telling what he knows of the wrongdoings of the Conservative party.

Funeral of the Late Col. Tyrwhitt.

Bradford, Ont., June 26.—One of the largest, if not the largest, funerals that has ever been held in this section of the country was that of the late Lt.-Col. Tyrwhitt, M.P., which left his late residence for the place of interment, St. John's Cemetery, Tecumseth, yesterday. Friends and admirers of the late colonel were present from Ottawa, Toronto, Barrie, Newmarket, Cookstown, Beeton and many other places.

The colonel was buried with military honors, No. 5 Company, 36th Regiment, with a large number of representatives of the other companies of the regiment, forming the firing party. About three hundred Orangemen were in the procession. The funeral cortege was over a mile in length, and some four hundred conveyances were present. He leaves a wife, three sons and six daughters to mourn his loss.

Court Cassini Has Best Chances.

London, June 26.—The Paris correspondent of The Daily Express says:

"Four Russian Ambassadors are here, by accident or design—Count Cassini, Ambassador to the United States; Count de Nelidoff, Ambassador to Italy; Count Kapnist, Ambassador to Austria-Hungary, and Prince Ourousoff, Ambassador to France. It is said that Count Muravieff's successor at the Russian Foreign Office, will be one of these, and I am informed that Count Cassini stands the best chance."

Cable Connection With Belle Isle.

Ottawa, June 26.—The tender for a cable between Belle Isle and the mainland has been let by the Department of Public Works. The cable will be delivered in Canada in eight weeks, and within a month thereafter the cable will be laid and Belle Isle put in direct telegraphic communication with the rest of the world.

Broken Down In Health

Weak, Nervous, Debilitated and Almost a Victim of Nervous Prostration, This Young Lady Was Restored to Health and Strength by Using Dr. Chase's Nerve Food.

It is in the spring, when the blood is thin and watery, that the nerves become exhausted and the frightful breakdown comes. Few people can overcome the evil effects of artificial winter life and ward off distressing body ills without using a restorative to build up new, red corpuscles in the blood, and reinvigorate the whole body.

Mrs. D. W. Cronsberry, 168 Richmond street west, Toronto, Ont., states;

"My daughter, who sews in a white goods manufactory, got completely run down by the steady confinement and close attention required at her work. Her nerves were so exhausted and she was so weak and debilitated that she had to give up work entirely, and was almost a victim of nervous prostration.

"Hearing of Dr. Chase's Nerve Food, she began to use it and was benefited from the very first. It proved an excellent remedy in restoring her to health and strength. After having used four boxes she is now at work again, healthy and happy and attributes her recovery to the use of Dr. Chase's Nerve Food. It also helped her through a very severe attack of la grippe. I can recommend it as an excellent remedy."

Let reason rule. Get right down to the foundation of the trouble and build up the system by using Dr. Chase's Nerve Food.

This great restorative is in pill form and contains the very elements of nature, which go to form new red corpuscles in the blood and create new nerve cells.

It is worth while to remember that Dr. Chase's Nerve Food is not a patent medicine, but the greatest prescription of Dr. A. W. Chase, author of the famous recipe book.

As a blood builder and spring restorative, Dr. Chase's Nerve Food is of inestimable value. It prevents and cures the ills of spring and all weakness and debility by the building-up process. It makes the blood red the nerves strong, and the whole system healthy and vigorous.

Dr. Chase's Nerve Food is an up-to-date, scientific preparation, which has proven itself to be specific for all nervous diseases. It cannot fail, if used persistently, because it actually rebuilds and revitalizes the wasted nerves. It is especially recommended for ills peculiar to women, because they almost invariably arise from exhausted nerves. Dr. Chase's Nerve Food 50c. a box at all dealers, or by mail, from Edmanson, Bates & Co., Toronto. Book on nervous diseases free.

WHAT MR. GRAHAM SAW AT THE PARIS EXPOSITION.

The Government, when it sent over Tarte to the Paris Exposition, probably thought nothing else was necessary, at least they seem to have acted very much according to that assumption. It would be amusing, after all we have been hearing about the Canadian exhibit lately, to see what in reality the people of the Dominion have got for their $500,000, if a feeling of indignation did not get the upper hand. In another column will be found an interview with Mr. R. J. Graham, of this city, who has just returned from the Paris Exposition. He points out the shabby treatment which people at the head of the Canadian exhibit have meted out to Canadian exhibitors, which certainly could not have been from lack of funds, for with a half-million dollars at his command Hon. Mr. Tarte should have been able to uphold his country's dignity before the world. Fancy Canadians in Paris looking for the exhibit of their country and not being able to find it! But what matter if the money has been wasted and the whole business bungled; has not the Master of Administration, Hon. J. Israel Tarte, had a good time, and is he not, we are told, much improved in health? And besides, has he not advertised Canada by his speeches in Paris, by saying that three millions of British subjects in Canada love France better than they do Britain? did not his paper, La Patrie, tells its readers some time ago that war between Britain and France was inevitable some day over the French Shore question in Newfoundland, and did not the great man himself tell the French people that if war ever came French-Canadians would stand aloof? What matter if Canadian exhibitors saw their money thrown away and their country made a laughing stock when Hon. Mr. Tarte was able to cut such a wide swath? Yes, the Government must have thought they had done their full duty when they sent Hon. Mr. Tarte to the Exposition; but perhaps Canadian exhibitors may view things in another light. We commend a perusal of the article in question to our readers; it tells of another episode in the career of a venal and spendthrift Government.

TIMELY TOPICS.

The City Council may well take some steps to have the public wells of the city properly cleaned. Time was when Belleville was proud of her sources of drinking water, and in bygone years it used to be said, and with truth, that no better water was to be found anywhere. But of late years many complaints have been made, and the water is said to breed disease. One medical gentleman told us recently that a year or so ago he had five cases of typhoid under his care at one time, every one of which was traceable to a foul well. The health of our citizens is of more importance than anything else; a thorough and systematic cleaning of the wells may avert disease. No time should be lost in moving in the matter.

• • •

A gentleman tells us a rather amusing story, which is interesting in so far as it shows the interest being taken in current political affairs by the rising generation. The party in question has a little boy about eight years old, who up to the present time has never evinced the slightest interest in politics. It seems that the family were up at the Hospital Lot last night, watching the militia drill, and the head of the family ordered a return home before the youngster wanted to go, and the latter proceeded to get even by trying to say spiteful things. "I won't belong to the Fifteenth when I'm a man," he said, "I'm going to be a Boer." This called forth no reply. "I'll be a Grit and feed all the soldiers on soda biscuits," said the boy. There was still no answer and the little chap got hotter than ever. "I won't live in this country any longer," he shouted, "I'll go back home to France, with Tarte, when I get big."

• • •

The last threat called forth a volley of laughter, and it will be some time before the boy bears the last of the joke; meanwhile the father of the boy is wondering how he got posted in political affairs.

• • •

Professor Hunt, of Albert College, is a proud man, and with good reason, for it is doubtful if better results have been attained by the students of any institution in Canada than those of his class at Albert. Twenty-five candidates took part in the examinations, all passed, and twenty-three carried off first-class honors.

• • •

Two gentlemen of opposite political faith met last night. Both were feeling a trifle unwell. Said one to the other, "I think if we had a little of that emergency food it would soon build us up." The other party grew quite wrathy. "I don't believe a word of it," he said; "Its all a lot of lies got up by the Tory newspapers." Your dyed-in-the-wool Grit is a hard man to argue with, for he measures every man's corn by his own bushel.

Ottawa Citizen: "The country is ripe for a change." It may be stated that some of the Grit politicians are more than ripe—they are rotten.

• • •

A Hamilton man will make matches out of grass. With grass matches and cabbage leaf cigars the people of the Ambitious City will be right in line.

• • •

So there is a woman at the bottom of the emergency food scandal. The World's Ottawa correspondent, referring to the emergency rations scandal, says that one apologist of Dr. Borden declared yesterday that the deal would never have gone through if a Montreal lady had not besieged the Minister at the last moment.

• • •

A soldier in Africa was shot through the brain and, after a wonderful surgical operation, recovered, but he has lost his taste for beer. It is a scientific marvel, but very few men would care to become temperate in that way.

• • •

Private M'Pherson, of the Scots Greys, who served at Balaclava in Scarlett's Three Hundred, has been admitted to a common lodging-house at Crewe, Cheshire, England, completely destitute. He was found in the street, and was at first thought to be drunk, but Dr. Bailey certified he was ill, suffering acute paralysis. The vicar of Crewe ministered to his necessities. M'Pherson, who has been on tramp, has four sons, with Lord Roberts troops.

"This is Mrs. Gusheigh's portrait, is it" said the caller. "I should hardly have recognized it. The chin doesn't look at all like hers." "Perhaps," suggested the husband of Mrs. Gusheigh, "you have never seen her chin in repose."

• • •

The Hamilton Spectator asks the following very pertinent questions:

Would you conduct your private business as Tarte & Co. conduct public business?

What is your opinion of a Canadian Premier whose heart is in France?

What do you think of Laurier's way of reducing the expenses of the Government by $4,000,000 as he promised in the election campaign?

What do you think of a Cabinet Minister of a British colony who sails the St. Lawrence ostentatiously displaying the French flag?

How do you like Tarte, anyway?

What do you think of the chumps in the Cabinet who let him run things?

Do you think that Sir Wilfrid Laurier dare dismiss his boss, Tarte?

What do you think of the copartnership between the Dominion Government and the Standard Oil Company, which doubled the price of coal oil?

How would you like to be held responsible for that Canadian Frenchman's utterances in Gay Paree?

Do you think that a 40 per cent. tariff in 1900 is any more of a free trade tariff than a 40 per cent. tariff in 1890?

How do you like the increase of duty on sugar?

Do you think it a crime to sing God Save the Queen in Parliament?

How would you like to live on Borden's emergency ration?

STUDENTS' REUNION.

A Gay and Animated Scene on Albert College Lawn.

The annual students' reunion in connection with the closing exercises of Albert College was held last evening upon the college grounds. It was a charming affair, attended by hundreds of young ladies and gentlemen in addition to a number of the elder citizens. The college lawn was thronged from 8 until 11 o'clock. The decorations, both inside the college and upon the grounds, were beautiful. The I. O. O. F. Band was present to enliven the proceedings, and the general verdict was that a more successful reunion had never been held. The band furnished the following programme for the promenade concert:

March—W.M.B. ....R. B. Hall
Grand Selection—Mikado... ...Ferrazzi
Waltzes—The Silver Rhine......Meissler
Schottische—Island Garden...R.B. Hall
Selection—Rage in Ireland...E. Beyer

LIVE SPORTING NEWS

ATHLETICS.

The Athletic Club promise a few hours' entertainment to-night at their club rooms. Three local boxing contests, and a main event in the same line, between "Shadow" Maber and a local heavyweight.

AQUATICS.

Halifax, N.S., June 25.—Michael Lynch, who, with his brother, Mark Lynch, defeated Rice and Durnan, of Toronto, for the double-scull championship, suffered the loss of a leg yesterday, amputation having been resorted to to save his life.

The oarsman sprained his ankle while practising, but thought nothing of it. The bone became affected, and medical attendance was required, with the above result. It was the intention of Lynch's friends to back him against Gaudaur the coming fall, he being the faster rower of the two brothers.

Mark Lynch, the other brother, is matched to row Rogers, of New York July 11. Rogers and Ten Eyck challenged the Lynchs to a double-scull arce, but backed out when they learned of the easy victory of the Lynchs over Rice and Durnan.

CRICKET.

Prince Ranjitsinhji made 215 not out for Sussex in a match against Cambridge recently. Sussex declared at 451 for 9 wickets.

THE TURF.

The cash assets of Richard Thompson, owner of Sidney Lucas, the winner of the American Derby, were $9,626.40 after his great colt dashed first under the wire at Washington Park Saturday afternoon. Before that event the turfman jingled in his pocket $1.40, all that he possessed in the coin of the realm. The winning of the Derby purse was no joke to "Dick" Thompson. He needed the money.

THE RING.

Odds of 10 to 7 are offered that Sharkey will beat Ruhlin in their 25-round bout before the Seaside Sporting Club, Coney Island, to-night. Both men are confident of winning, and are in fine shape for the battle.

BASEBALL.

In a game of 17 innings, a record for the State League, New London defeated New Haven Friday by 4 runs to 3.

Casey is getting more and more into the game every day. Yesterday he did a brilliant piece of head work. Madison hit to him when Magoon was on second. The midget bluffed at throwing to first, and drew Magoon so far off second that when he threw there he caught the second baseman off the bag.—Detroit Tribune. Many an amateur makes that play and nothing is said about it.

Montreal has dropped to fifth place in the Eastern League.

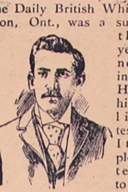
A Newspaper Man Speaks.

Mr. E. C. Dean, City Editor of the Daily British Whig, Kingston, Ont., was a sufferer for thirteen years from neuralgia in the head. Hearken to his unsolicited testimony: I take much pleasure in testifying to the efficacy of Dr. Hall's Rheumatic Cure for the treatment of neuralgia. I suffered for thirteen years with neuralgia in my head, immediately above the eyes. For one whole year before trying Dr. Hall's Rheumatic Cure, I was scarcely ever free from pain, and for five weeks at a stretch I was confined to my room unable to eat or sleep and during this time six physicians treated me declaring that they had given me every remedy known to the medical profession, but without affording me even temporary relief, except when they administered morphine hypodermically. A friend, Henry Wade, the well known druggist, recommended to me a trial of Dr. Hall's Rheumatic Cure. Less than half a bottle gave me relief, and after taking the contents of three bottles I am able to declare myself completely cured.



MR. E. C. DEAN.

Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

QUALITY and ASSORTMENT

Are not to be equalled—that's the opinion of all. You'll hear it often every day: "I don't find the quality or assortment elsewhere as I do at Quick & Robertson's." True, nor are the prices found as common. If you don't believe it, visit other clothing stores, then come here—you'll leave with the same impression. Impressions make opinions, you know. Perhaps you want a suit, a shirt or only a hat, but you want the widest range of styles to select from. That's where our assortment completeness counts. Every department is always in a perfect state of readiness to supply your wants for any kind of weather. So come to the Reliable Store where disappointments are unheard of.

Men's Suits.

If your means are unlimited, the highest priced custom tailor is the one to whom you should certainly go for your clothing. But if price is an object we can sell you a suit that will fit you as well, is as well tailored, but ready to wear instead of made to measure, at

$6.50, $8.00, $10, $12, to $15,

prices that men of moderate means can afford to pay for good clothing.

The fabrics—worsteds, cheviots, cassimeres and serges—are the best to be had.

The patterns many of which are exclusive with us—are the latest.

Our $6.50 and $10.00 line of suits is being added to every week—just as fast as the makers send them. Blue Serge Suits that won't fade, won't shrink, and will hold their shape, $6.50, $8.50, $10.00, to $13.50.

A large range of Men's Canadian Tweed Suits well made and trimmed, for $5.00.

The Gymkhana, with Its Multitudinous Attractions, off to a Good Start

A Bewildering Scene of Beauty—Gay Decorations, Many-Colored Lights, Fancy Costumes, Bright Eyes and Smiling Faces—The Fair Ladies of Belleville have Outdone Themselves—Pleasing Concert Last Night.

Have you been to the Gymkhana yet? Of course you have, or, if you haven't you will; at any rate, if you won't you ought to.

What is it like? Well, its a scene of dazzling beauty; its like a view of Fairyland, with its colored lights, streaming ribbons, flags, charming and artistic effects and handsome ladies in almost every conceivable costume and every one of them a becoming one. The fair ladies of Belleville never do things by halves; when they undertake anything, whether for charity or anything else, they go in to win, and in the present instance they have lived right up to their reputation. It must certainly be said that a more unique, tasteful and bizarre—what shall we call it?—fancy fair (that's the old-fashioned name) never delighted the ladies or impoverished the men of Belleville.

The stalls are veritable bowers of beauty; the electrical effects are very good, indeed; the most charming taste has been displayed in arranging the various articles which are for sale, and the tout ensemble, as one stands at the door and looks over the hall, is bright, animated and inspiring. Hardly too much could be said in its praise—but there, if you haven't been yet you should go and see it for yourself; you'll never see anything much prettier in this world.

The first thing which meets the eye on entering is the flower booth, and to anyone who loves Nature's Jewels (and who doesn't) the sight is a veritable feast. Cut flowers of all descriptions are to be found. The attending ladies are the Misses Corby, Mrs. S. D. Lazier, Miss Helen Kelso, Miss Ethel Robertson and Miss Helen Wallbridge.

Down at the other end of the Armory something unique is to be seen. The clatter of tea cups and the buzz of animated conversation give out a merry sound. Closer inspection reveals the fact that here, under a huge canopy of flags, are the four national tables, where the "High Tea" is served. England, Ireland, Scotland and Canada are represented, each table being decorated with the national flowers and emblems of its country. This is called the Military Encampment, though military men as a rule do not live on the class of food provided at any of the four tables last night. The following ladies attended the tables:

England—Mrs. Wallbridge and Miss Dickson, in charge; Miss Ethel Gorman, Miss Frances Elliot, Miss Milburn.

Ireland—Mrs. W. P. Hudson and Miss Sargent, in charge; Miss Hayes, Miss Fraleck, Miss O'Flynn.

Scotland—Mrs. W. W. Pope and Miss Neilson, in charge; Miss Starling, Miss Petrie, Miss Webster.

Canada—Mrs. Casey and Miss Casswell, in charge; Miss Bella Newbery, Miss Marguerite Perkins, Miss Annie Elliot.

In the centre of the Armory, on the south side, is the concert stage.

On the left hand side, as one enters, is the Universal Emporium, the first stall in which is a very good imitation of a high-class grocery store, the attending ladies being Mrs. Sidley, Miss Dunn, Miss Meehan, Miss Lizzie Burge.

Next comes the plain sewing booth. Prominent on the centre is a gigantic bonnet trimmed with red, white and blue; on a card on the bonnet is the legend, "The bonnet Mrs. Kruger will have to wear." This booth is in charge of Mrs. Chapin, and her assistants are Mrs. Fax, Miss Greatrix, Mrs. A. G. Vermilyea, Mrs. Gibson, Mrs. Ward, Mrs. Canniff, Miss Mabel German, Miss Bleecker, Miss C. Yeomans, Mrs. (Rev.) Watch, Mrs. Magrath, Mrs. (Dr.) Dolan, Mrs. Ackerill, Miss Norma Vandervoort.

Next comes the fancywork stall, presided over by Miss Williamson, Mrs. Bell, Mrs. Sewell, Miss Gibson, Miss Lister.

Next and last is the Pantechnicon, and if you want to know what that means ask a policeman. Anyway, it is very prettily fitted up, and the attending ladies are Mrs. Ritchie, Miss Muir, Mrs. Rous, Miss E. Chandler.

Passing down the left side one comes to the American booth, which is very beautifully and tastefully fitted up with American flags and banners. Priscilla, the Puritan maid, looking very demure and sweet, in company with Miss Nellie Curtis, George Washington's niece, cast arch glances about her at the admiring gentlemen, while Colonial dames, in rich and appropriate costumes, helped to make a charming scene. You can get anything you like almost at this booth, which is presided over by Mrs. Sheriff Hope, assisted by Mesdames Jas. Grant, Bird, Warrington, Cowsert, Holah, Misses Warrington, Hague (Dublin), Denmark, Hulme and Ponton.

At the right as you enter is the Phrenologist's den, where you can find out, for a consideration, what particular bumps on your head you should be proud of.

Next door to the above is the Kindergarten Booth, which is a very charming idea. All the articles on sale were contributed by the scholars of the different primary classes in the Sunday Schools of the city. Different little tots from each school were in attendance, and very "cute" they looked. The different teachers in charge were: Miss St. Charles, St. Michael's; Miss Hampton, Reformed Episcopal; Miss Black, St. John's; Mrs. Hill, Bridge St.; Miss Mabel Twining, St. Thomas'; Miss Sutherland, John St.; Mrs. Harper, Christ Church; Miss M. Holden, St. Andrew's.

Next came the Fish Pond, under the direction of Miss M. Webster.

The Candy and Ice Cream booth, which comes next, was very liberally patronized. It was under the direction of Mrs. Rathbun, who had a large staff of assistants, whose names we could not obtain.

Next came the Afternoon Tea booth, where you can get a cup of tea from fair hands every afternoon after 3 o'clock. In charge are Mrs. Frost, Miss Ritchie and Mrs. Donald, while they have an able staff of assistants in Mrs. McCarthy, Mrs. Hunt, Mrs. Bird, Mrs. Cochrane, Mrs. Hyman, Mrs. Arthurs, Mrs. McGuire, Mrs. McKeown, Mrs. (Dr.) Boyce. The young lady assistants were Misses B. Stewart, Frances Elliot, Milburn, McDonald and Jones.

In conjunction with the Afternoon Tea booth is the Gipsy Booth, containing three expert fortune tellers, who are guaranteed to tell you just what you want to know. They are Mrs. Abbott, Miss Templeton, Miss McRae. In conjunction with these ladies there are several younger ladies, who practice their blandishments to induce gentlemen of a curious turn of mind to "cross the palm" of the fortune tellers with silver. The younger ladies are Miss Denmark, Miss Perkins, Miss Elliot, Miss Norah Lazier, Miss Dougall and Miss Loretto Doyle.

There was a very good attendance last night, and the effect, as the ladies promenaded with the crowd or indulged in playful badinage with the gentlemen, was like a scene from comic opera. An orchestra, composed of Mr. W. B. Riggs, his daughter and son, played sweet music. During the evening a concert was given, in which the following ladies and gentlemen took part: Mrs. James Grant, Miss Warrington, Miss Bawden, Mr. Ernest Mouck, Mr. J. N. Doyle, Mrs. (Col.) Campbell, accompanist.

NOTES OF THE "GYM."

Much ingenuity and a lot of hard work is in evidence.

The bill of fare for the English table is a work of art.

The flower booth did a "land office business."

"The prettiest scene I ever saw," said an old gentleman, as he mopped his heated brow.

Some of the young ladies borrowed red tunics and service caps from the Armories, and looked like very pretty vivandieres.

Congratulations to the ladies, they have every reason to feel proud and happy, and no doubt they will—when they get time.

GREAT SELLING OF BOYS' SUITS.

You know the Oak Hall are clearing a big lot of boys' two-piece suits this week at a bargain. We are offering the choice of over one hundred suits worth $5, for only $2.50. They are going out lively. Don't wait too long to make your choice.

Committed for Trial.

The charge of fraud preferred against Henry Rose, of Trenton, was investigated yesterday before the Magistrate with the result that he was committed for trial. The complainants in the case are Messrs. Galbraith & Walmsley, and it is alleged that in a business transaction Rose endeavored to defraud them.

CORBYVILLE FIRESWEPT

Very Serious Conflagration in That Village This Morning--The Losses.

The village of Corbyville, situated on the line of the Grand Junction Railway, about 4 1-2 miles north of this city, was this morning visited by a disastrous fire. About 10 o'clock the residence of Mr. John Foxton, a frame dwelling, caught fire, from, it is thought, a defective chimney. The wind at the time was blowing a gale from the south-east and in an incredibly short time the structure was enveloped in flames. The residence adjoining, owned and occupied by Mr. Richard P. White, next fell a victim to the devouring element. Some sheds adjoining were also on fire and it was apparent that in order to cope with the fire fiend, assistance was needed and Belleville was appealed to for help. The two fire engines were sent out, but one of them became disabled on the way. In the meantime the fire was spreading and the residence of Mrs. Nancy Palmer was next seized upon and in turn the shed and stables adjoining the hotel, owned and kept by Mr. R. R. Palmer. Every effort was made to save the hotel from destruction, but the efforts proved futile. The fire engine getting to work did excellent service, and, although two other places were badly scorched they were saved.

LOSSES.

Mr. White lost the greater portion of the contents of his home. He was insured for $300 on residence; none on contents.

Mr. Foxton had no insurance. Lost all his contents. Mrs. Nancy Palmer owned the house.

Mrs. Nancy Palmer had an insurance of $200 on the residence she occupied and none on contents. Her loss was about $600.

R. R. Palmer's loss will be considerable amounting to about $3,000 or $3,500. He had an insurance of but $1,000.

All the above insurances were in the Queen's.

NOTES.

J. McCoy's residence was badly scorched.

A number of telephone and telegraph poles were destroyed, causing considerable interference.

During the progress of the fire the trains on the Midland division were stopped some time owing to the ties and cattle guards being on fire.

A large number of the residents of the city were out on the scene.

The fire did not reach any of the buildings on Mr. Corby's property. He sent out a number from the city to assist in fighting the flames.

SAFE, SURE, AND PAINLESS.

What a world of meaning this statement embodies. Just what you are looking for, is it not? Putnam's Painless Corn Extractor—the great sure-pop corn cure—acts in this way. It makes no sore spots; safe, acts speedily and with certainty; sure and mildly, without inflaming the parts; painlessly. Do not be imposed upon by imitations or substitutes.

PAINFUL INJURIES.

Mr. W. A. Woodley the Victim of a Runaway Accident.

As a result of a runaway last evening Mr. W. A. Woodley, residing on Octavia street, sustained painful injuries. He was engaged in delivering bread on Moira street near Lingham's mill, when the tongue of the waggon dropped frightening the horses, who in making a plunge forward upset the conveyance, throwing Mr. Woodley violently to the ground and in the fall he struck his face against the rig, breaking his nose and cutting his cheek badly. In addition he was bruised badly about the body. A physician was summoned, and after having the wounds dressed he was taken home. The horses ran for some distance before being captured. The delivery wagon was considerably wrecked.

"DELAYS ARE DANGEROUS."

A small pimple on your face may seem of little consequence, but it shows your blood is impure, and impure blood is what causes most of the diseases from which people suffer. Better heed the warning given by the pimple and purify your blood at once by taking Hood's Sarsaparilla. This medicine cures all diseases due to bad blood, including scrofula and salt rheum.

OBITUARY.

MISS JULIA PLUE.

On Monday at Madoc village, Miss Julia Plue died after a lingering illness from lung trouble. The deceased who was 41 years of age, was born at Bridgewater, but had resided the greater portion of her life in Belleville. She was a member of the R.C. Church. Mrs. Joseph LaPalm, of this city is a sister of the deceased.

MISS BEATRICE HARRIS.

Miss Beatrice Harris, second daughter of Rev. N. Harris, died at the parsonage Bayside last evening aged 12 years. She was in her usual good health until Thursday last when she was seized by that dread disease appendicitis. An operation was performed on Saturday night but failed to save her life. She was a bright intelligent child, beloved by all who knew her, and her death has cast a gloom over the neighborhood. The family have the sympathy of every one in their sad affliction.

The funeral will take place on Thursday morning.

TO SAVE HER CHILD.

To save her child from frightful disfigurement Mrs. Nannie Galleger, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in Sores, Bruises, Skin Eruptions, Cuts, Burns, Scalds and Piles. 25c. Cure guaranteed by J. S. McKeown, druggist.

Green Ceylon Tea, which is now being introduced into Canada, in the well known packages of the "Salada" Tea Company, has got one great advantage over Japan Tea, and that is, while it is of the same flavor and the same light coloring liquor, it is very much stronger, and is absolutely free from adulteration, which practically no Japan tea is. Ceylon Green Tea is sold in sealed lead packets of the "Salada" Tea Company, and is always fresh and fragrant, as well as healthful.

LIVE SPORTING NEWS

THE RING.

There was a very fair attendance to witness the boxing bouts in the Athletic Club Rooms last night. The main event was a ten-round affair between "Shadow" Maber and "Copper" Jordan. The latter did fairly well, but was not the equal of Maber in science. In the fourth round the "Shadow" landed a heavy blow on "Copper's" wind, and the latter, though not knocked out, thought it was time to quit, as his strength was gone.

REGARDING THE PICTURE FRAMING AT ALBERT COLLEGE

We can only say it must be just too lovely to have a pull like that, but we can hardly understand the management wishing it to be made so public, as there are a number of us in the city who do framing, and even if we can't do it so artistically as our friend up street, we would learn it alright in time if the College would share up and give us practice. Of course as we did not give to the Endowment Fund WE are SCRIPTURALLY not deserving, but we know a young business man in the City who gave fifty dollars, and he does pretty good framing too, but evidently not for Albert College.

Albert College Closing.

At the Art Exhibit were shown 256 pictures, of this number 143 were not framed, leaving 113 framed pictures. Of this 113—97 were framed at this store.

16 were framed by other houses.

Permit us to add that we are not condemning the framing of the sixteen pictures by any means, for they are well framed, but we publish these figures accurately taken by one of our staff.

You will readily see the leaning of artists towards our framing. When we do it it is done well.

OPINION OF LIBERALS

Becoming Disgusted, and Justly So.

PATRONAGE.

Here is the manner in which the Montreal Witness speaks of the Laurier Cabinet in connection with the question of patronage. Place, has long been a standing motto of the New Liberals, who appear to run the "Machine" just now. Bad indeed must the Government's conduct be, when that truly Liberal journal the Montreal Witness is forced to exclaim, "the Ministers will have acted a most despicable part!" Let the Witness speak for itself. June 22nd, 1900 it wrote as follows of its friends:

> "A letter was sent to Mr. Dennis O'Brien last week from the Department of Railways and Canals informing him that he had been appointed superintendent of the Lachine canal, and this fact was published in the 'Witness' of Saturday last. Mr. Dennis O'Brien received the letter announcing his appointment while superintending some important engineering works for Mr. F. Clergue, at Sault Ste. Marie, and he immediately left for the east, to commence his new duties. Immediately after his appointment, however, the Liberal clubs of Montreal, who had been working against him and in the interests of William O'Brien and a Mr. Halley, a plasterer, renewed their opposition, and it is understood that the latter phases of this opposition were of so fierce and threatening character that the Ministers suspended Dennis Brien's appointment in a panic, and now it is very unlikely that either Mr. Dennis O'Brien or Mr. William O'Brien, or Mr. Edward Halley will be nominated for the position. In that case it is probable that Mr. Gale, the present acting superintendent, will be promoted to the superintendency, and as he is said to be a very capable man, the public interests are not likely to suffer in that event, although the Ministers will have acted a most despicable part. Mr. Dennis O'Brien will have a claim for compensation, which the Liberals as a party, and not the country, should in justice satisfy."

PROHIBITION AND FRANCHISE!

"Hugh John Macdonald," says the Huntingdon Gleaner, Liberal, has followed up his prohibitory law by another measure of which we heartily approve, that is debarring Galicians, Doukhobors, and other foreigners from the polls until they have been at least seven years in the province and are able to read and write. As the Premier truly said, these refugees from the tyrannies of Europe have no idea of constitutional government and are not fit to be trusted with the ballot. We regret to see the federal Government continues to encourage undesirable immigrants. The other day a vessel landed not only Galicians, but Arabs and Syrians.

A POPULAR MISTAKE

Regarding Remedies for Dyspepsia and Indigestion.

The national disease of Americans is indigestion or in its chronic form, dyspepsia, and for the very reason that it is so common many people neglect taking proper treatment for what they consider trifling stomach trouble, when as a matter of fact, indigestion lays the foundation for many incurable diseases. No person with a vigorous, healthy stomach will fall a victim to consumption. Many kidney diseases and heart troubles date their beginning from poor digestion; thin, nervous people are really so because their stomachs are out of gear; weary, languid, faded out women owe their condition to imperfect digestion.

When nearly every person you meet is afflicted with weak digestion it is not surprising that nearly every secret patent medicine on the market claims to be a cure for dyspepsia, as well as a score of other troubles, when in fact, as Dr. Werthier says, there is but one "genuine" dyspepsia cure which is perfectly "safe" and "reliable," and moreover, this remedy is not a patent medicine, but it is a scientific combination of pure pepsin (free from animal matter), vegetables essences, fruit salts and bismuth. It is sold by druggists under the name of Stuart's Dyspepsia Tablets. No extravagant claims are made for them, but for indigestion or any stomach trouble, Stuart's Dyspepsia Tablets are far ahead of any remedy yet discovered. They act on the food eaten, no dieting is necessary, simply eat all the wholesome food you want and these tablets "will digest" it. A cure results, because all the stomach needs is a "rest," which Stuart's Dyspepsia Tablets give by doing the work of digestion.

THE BURDEN BEARER

Troubled and Heavy-Laden Sure of Sympathy from Jesus.

Grief Must Always Find Expression, and Rev. Dr. Talmage Thinks It Would be well to Follow the Example of the Disciples and Go and Tell Jesus of All Your Perplexities.

Continued.

But what are you to do when you are assaulted and slandered and abused, as I suppose nearly all of you have been in your life? Go out and hunt up the slanderer? Oh, no, silly man! While you are explaining away a falsehood in one place fifty people will just have heard of it in other places. I counsel you to another course. While you are not to omit any opportunity of setting yourselves right, I want to tell you of one who had the hardest things said about him, whose sobriety was disputed, whose mission was scouted, whose companionship was denounced, who was pursued as a babe and spit upon as a man, who was howled at after he was dead. I'd have you go unto him with your bruised soul in some humble, child prayer, saying, "I see thy wounds—wounds of head, wounds of feet, wounds of heart, Now look at my wounds and see what I have suffered, and through what battles I am going, and I entreat thee by those wounds of thine sympathize with me." And he will sympathize, and he will help. Go and tell Jesus.

Again, I commend the behavior of the disciples to all the bereaved. How many in the garb of mourning? How many emblems of sorrow you behold everywhere? God has his own way of taking apart a family. We must get out of the way for coming generations. We must get off the stage that others may come on, and for this reason there is a long procession reaching down all the time into the valley of shadows. This emigration from time into eternity is so vast an enterprise that we cannot understand it. The body of the child that was folded so closely to the mother's heart is put away in the cold and the darkness. The laughter freezes to the girl's lip, and the rose scatters. The boy in the harvest field of Shunem says, "My head! My head!" And they carry him home to die on the lap of his mother. Widowhood stands with tragedies of woe struck into the pallor of the cheek. Orphanage cries in vain for father and mother. Oh, the grave is cruel! With teeth of stone it clutches for its prey. Between the closing gates of the sepulcher our hearts are mangled and crushed.

Is there any earthly solace? None. We come to the obsequies, we sit, with the grief stricken, we talk pathetically to their soul; but soon the obsequies have passed, the carriages have left us at the door, the friends who stayed for a few days are gone and the heart sits in desolation listening for the little feet that will never again patter through the hall, or looking for the entrance of those who will never come again.

Now what are such to do? Are they merely to look up into the brazen and unpitying sky? Are they to walk a blasted heath, unfed of stream, unsheltered by overarching trees? Has God turned us out on the barren common to die? Oh, no! no! no! He has not. He comes with sympathy and kindness and love. He understands all our grief. He sees the height and the depth and the length and the breadth of it. He is the only one that can fully sympathize. Go and tell Jesus. Sometimes when we have trouble we go to our friends and we explain it, and they try to sympathize; but they do not understand it. They cannot understand it. But Christ sees all over it and all through it.

It is often that our friends have no power to relieve us. They would very much like to do it, but they cannot disentangle our finances, they cannot cure our sickness and raise our dead, but glory be to God that he to whom the disciples went has all power in heaven and on earth, and at our call he will balk our calamities and at just the right time in the presence of an applauding earth and a resounding heaven will raise our dead. He is mightier than Herod. He is swifter than the storm. He is grander than the sea. He is vaster than eternity. And every sword of God's omnipotence will leap from its scabbard and all the resources of infinity be exhausted rather than that God's child shall not be delivered when he cries to him for rescue. Suppose your child was in trouble. How much would you endure to get him out? You would go through any hardship. You would say, "I don't care what it will cost. I must get him out of that trouble." Do you think God is not so good a father as you? Seeing you are in trouble and having all power, will he not stretch out his arm and deliver you? He will. He is mighty to save. He can level the mountain and divide the sea and can extinguish the fire and save the soul. Not dim of eye, not weak of arm, not feeble of resources, but with all eternity and the universe at his feet. Go and tell Jesus. Will you? Ye whose cheeks are wet with the night dew of the grave; ye who can not look up; ye whose hearts are dried with the breath of sirocco; in the name of the religion of Jesus Christ, which lifts every burden and wipes away every tear and delivers every captive and lightens every darkness, I implore you now, go and tell Jesus.

If you go to him for pardon and sympathy, all is well. Everything will brighten up, and joy will come to the heart and sorrow will depart; your sins will be forgiven and your foot will touch the upward path, and the shining messengers that report above what is done here will tell it, until the great arches of God resound with the glad tidings, if now, with contrition and full trustfulness of soul, you will only go and tell Jesus.

But I am oppressed as I think of those who may not take this counsel and may remain unblessed. I cannot help asking what will be the destiny of these people. Xerxes looked off on his army. There were 2,000,000 men—perhaps the finest army ever marshaled. Xerxes rode along the lines, reviewed them, came back, stood on some high point, looked off upon the 2,000,000 men and burst into tears. At that moment, when every one supposed he would be in the greatest exultation, he broke down in grief. They asked him why he wept. "Ah," he said, "I weep at the thought that so soon all this host will be dead!" So I think of these vast populations of immortal men and women, and realize the fact that soon the places which now know them will know them no more, and they will be gone,—whither? whither?

This is a question frequently asked about

Abbey's Effervescent Salt.

Ask the thousands who use Abbey's Salt, and who have tried it and tested it. It cures all disorders of the digestive organs, clears the complexion and is unequalled as a refreshing drink.

The late Dr. John Baker Edwards, Official Analyst for the Dominion Government at Montreal, made a careful study and analysis of this preparation. He wrote over his own signature:

"Abbey's Effervescent Salt contains no ingredient of an injurious or unwholesome character, and may be taken freely as a beverage."

A pamphlet explaining the many uses of this fine preparation will be mailed free on application to the Abbey Effervescent Salt Co. Limited, Montreal.

SUPPLEMENTARIES.

The Finance Ministers Final Estimates for the Current Year Bring Up Amount to About $60,000,000.

Ottawa, June 27.—Mr. Fielding at 12.30 this morning handed down his supplementary estimates, as follows:

SUMMARY.

Chargeable to capital	$3,734,639 68
Chargeable to consolidated fund	3,159,496 11
Halifax provisional garrison	350,000 00
Total	$7,244,135 79

This, together with the $50,000,000 already mentioned, brings the total up to nearly $60,000,000.

Under the head of Civil Government, in the Department of Militia and Defence, Captain Benoit gets an increase of $200 in salary.

Hon. William Mulock's department (P.O.) gets $5750 for increases in salaries among clerks.

To Guard the Welland Canal.

The Welland Canal outrages have caused the Government to put in a vote for $31,000 for special police service.

P. O'Donnell, late storekeeper of the Kingston Penitentiary, gets a gratuity of $2000, and N. P. Wood, late assistant, gets $350.

$20,000 for Election Commission.

There is an item of $20,000 to cover the expenses of the Elections Commission.

Canada at Glasgow.

The Government intends to exhibit Canada at the Glasgow Exhibition, for there is an item of $25,000 for this purpose.

$100,000 for Dominion Census.

For the Dominion census, $100,000 has been put aside. A further item of $10,000 is placed to the Paris Exhibition. Cold storage in steamships, railways, at warehouses and creameries, and for trial shipments, will cost $30,000.

$406,338 for Militia.

The militia and defence wants $406,338; of this $3000 goes for monuments for battlefields. The Halifax garrison gets $350,000.

$300,000 for Trent Canal.

It is intended to spend $300,000 in the construction of the Trent Canal.

A swing bridge across the Welland Canal at Humberstone will cost $15,000.

Major Greenwood, who is in South Africa, will get his salary of $1500, as assistant engineer on the Trent Canal.

A further sum of $56,000 will be spent on the Welland Canal at Port Colborne.

The sum of $1306 is set aside to recoup the Imperial Government for the military pay of the Canadian postal clerks in South Africa from Feb. 17 to Dec. 31, 1900.

The expenses under the Conciliation Act to be introduced are set down at $10,000.

The bulk of the money goes to the Maritime Provinces.

In all, the estimates now down show an increase of $5,195,652 over the amount voted last session for the current year.

ANGLO-SAXONS WERE FIRST IN

British and Americans Got Into Tien Tsin Ahead of Others.

Demolished the Arsenal and Broke Through the Lines of Chinese Soldiers Surrounding the Place – Russia and Other Troops Followed—Che Foo Despatch Says An Army of 100,000 Will Be Needed—About Seymour.

London, June 27.—(3.45 a. m.)—A fresh phase of the ebullition in China is the probability of immediate outbreaks in the great Southern Provincial centres. The populace there is daily assuming a more hostile attitude towards foreigners, and the latter perceive symptoms of a general rising, especially at Nanking, where, according to a despatch to The Daily Express, dated yesterday at Kang Wu, one of the most truculent enemies of foreigners has arrived by way of the Grand Canal, armed with full powers from the Empress to deal with the Southern Provinces. The friendly attitude of Viceroy Liu Kun Yih toward foreigners has brought him into disgrace with Prince Tuang, president of the Tsung Li Yamen.

Bloodshed and Anarchy.

The unrest at Canton is described by a despatch from that city to The Daily Telegraph, dated Monday, via Hong Kong:

"It is feared that we are on the eve of a scene of bloodshed and anarchy in the two Quangs, only paralleled during the Tai Ping rebellion. The signs of a murderous uprising are so manifest that wealthy Chinese are hurrying from Canton and the vicinity, taking their wives, families and valuables.

Li Hung Chang has been again peremptorially ordered to Pekin. His enemies declare that they will murder him before he can reach there. His presence alone restrains the revolutionary elements here.

ENTRY INTO TIEN TSIN.

British and Americans Were First In—Arsenal Was Battered and the Cordon Broken.

Che Foo, June 26.—The Americans and British entered Tien Tsin, first silencing the guns of the arsenal and breaking through the Chinese lines. The foreigners were close behind. The Russians lost four killed and 30 wounded. The losses of the other nationalities were small.

Admiral Seymour's force is about 10 miles from Tien Tsin. It is surrounded by Chinese troops and Boxers and hampered by the presence of sick and wounded.

It is reported that all foreigners were sent from Pekin with a weak Chinese guard, and it is assumed that they are with Admiral Seymour.

One thousand Japanese are landing at Taku, and 2,000 more are expected to-morrow and a battalion of French will arrive.

The foreign admirals have appointed Captain Wise, commander of the Monocacy, to be commandant at Tong Ku.

The Netherlands cruiser Holland has left Java for Che Foo.

Fresh Trouble Looms Up.

Che Foo, June 26.—The officers of the British first-class cruiser Terrible assert that discord exists between the Russian and Anglo-Americans, and say they believe the Russians are planning to break the concert and take possession of Pekin independently. They assert that Vice-Admiral Seymour's command lacked unison, the foreigners sulking because they were under British leadership. They bitterly denounce the general conduct of the Russians as uncivilized and barbarous, and charge that the slaughter of peaceful Chinamen at Taku has aroused the otherwise passive natives against the foreigners.

Washington Regrets It.

Washington, June 27.—The officials here receive with regret and concern the reports from Che Foo that discord existed between the Russians and the so-called Anglo-Americans. Coming from the officers of the Terrible, it is considered as largely "sailor talk."

An Army of 100,000 Wanted.

Che Foo, Tuesday, June 26.—The foreigners everywhere are urging the immediate concentration of an army of 100,000 men, or, at least, 50,000 men, for an advance on Pekin. Many persons familiar with the Chinese character think the foreign Ministers and Vice-Admiral Seymour are held as hostages for good terms of settlement.

THE MARKETS.

Wheat Slumps Four Cents—Continuation of the Reaction Started on Friday—The Latest Quotations.

Liverpool, June 27.—Wheat markets turned decidedly weak yesterday. Spot wheat eased off, and futures dropped heavily, closing 3⅛d per cental below Monday's final figures.

Chicago, June 27.—Wheat futures slumped 4c per bushel and closed at the low point of the day. The decline was on weaker cables, good winter crop news from Kansas and Southwest in general.

TORONTO LIVE STOCK.

Toronto, June 27.—The run of live stock at the Western Stock Yards yesterday was large—72 carloads, composed of 1,164 cattle, 914 hogs, 1,072 sheep and lambs, and 60 calves. The quality of fat cattle was only medium, owing to the fact that stable-fed animals are becoming scarce, while grassers have scarcely had time to become well finished. Trade was fair, with prices firm at Friday's quotations for all grain-fed animals.

The Backache Kidney Sufferer is not Referred to Far Away People for Dr. Pitcher's Backache Kidney Tablet Evidence. The Great Kidney Remedy Rolls up Volumes of Proof in Every Community in Belleville.

Mr. Wm. Smith, Pinnacle St., says, "Before using Pitcher's Kidney Tablets which I procured from Alex. Ray the druggist, I was very much afflicted with Lumbago. Since I used a bottle I am not only free from that but I am sleeping better. The nervous restlessness has ceased. The dull aching in the small of my back has disappeared. Backaches took all the energy from me and left me depressed and weary. I can vouch for Pitcher's Tablets being a reliable remedy for pain and lameness in the back."

Vincent Brennan, Front St., says, "I knew that my kidneys were not right. I had the most troublesome backache, my head and the back of my neck pained me. I had no energy and I felt that languor that caused a constant weariness. Reading of Dr. Pitcher's Backache Kidney Tablets I was induced to try them, and procured a bottle from Alex. Ray the druggist. They have proved most satisfactory. I am not having backache or headache and the lameness has left me."

If you have the slightest symptom of Kidney or Bladder trouble, you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two-cent stamp for postage to The Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

STRATHCONA'S CUT RAILWAY

Canadians Again Make History in South African War.

The Horse Blew Up the Railway Bridge at Komati Poort, on the Railway Between That Point and Pretoria—Boers Are Now Bottled Up Inland and Cannot Reach the Sea—What the Coup Means.

Pretoria, June 25.—(Montreal, June 27.—Star Special.)—Strathcona's Horse has done one of the great deeds of the war.

Leaving Cape Town a month ago they went to Durban by water, and then proceeded up the country, reaching General Buller's force in time to do splendid service in the advance from Newcastle on towards Standerton and Pretoria, service for which they received special mention in Gen. Buller's despatches to the War Office, approved by Lord Roberts.

Now they have done a deed which will live in history. They have blown up the railway bridge at Komati Poort, on the railway between Pretoria and Komati Poort, and have cut off all communication of the Boers with the sea.

All the Delagoa Bay Railway rolling stock, the Boer artillery and the whole Boer army, including the gold taken by President Kruger from the mint here, are west of that break and must now inevitably fall into our hands.

Strathcona's Horse has effectually bottled up the Boers.

Another Canadian Dead.

Ottawa, June 27.—Lord Minto received the following cable yesterday from Sir Alfred Milner:

"Cape Town, June 25.—Regret to report the death of No. 7,818, Pte. Larne, R.C.R., Quebec, of enteric fever, at Wynberg Hospital, on June 24. (Signed) Milner."

Larne was an officer of the 87th Battalion, and resigned his commission to enlist in the first contingent. He was wounded on Feb. 18 at Paardeberg. He was a son of Dr. Larne, Quebec.

More Invalided Canucks.

Ottawa, June 27.—The following non-commissioned officers and men of the Canadian special service forces have been invalided from South Africa to England:

No. 12, Corp. Grey, Brigade Division Field Artillery.

No. 221, Pte. J. Wood, 1st Batt. Canadian Mounted Rifles.

No. 56, Pte. G. Ferguson, 2nd Batt., Canadian Mounted Rifles.

BOERS GUERILLAS NOW.

Commandant De Wet Has Broken Up His Forces Into Small Bands, Who Are Harassing the British.

London, June 27.—(3.20 a.m.)—The Boer commandoes in the eastern part of the Orange River Colony appear to have been broken up by their leaders for a time into small parties that harass large columns of the British incessantly, cutting off scouts, sniping pickets, and making a show of force here and there. Commandant Christian De Wet, Gen. Steyn's principal commander, is the genius of these guerilla operations. He is the hero on the Boer side in these last days of hostilities.

Lord Roberts' columns are steadily contracting the circle of their advance.

President Kruger will probably retire to Watervalender or Nelspruit. His physician thinks his condition of health will not allow him to go on the high veldt.

Commandant-Gen. Botha is uncommonly active east of Pretoria. The Canadians are doing splendid outpost work.

Convoy and Highlanders Captured.

The official report of the capture of a convoy of 50 wagons escorted by Highlanders between Rhenoster and Heilbron, June 4, was only received yesterday. Lord Roberts reports that the convoy was surrounded and sent messengers to the nearest posts asking for assistance. But reinforcements were unable to reach the convoy and 150 Highlanders, in reply to a flag of truce from Gen. Christian Dewet, surrendered during the morning of June 4.

[illegible] Rebels Surrender.

London, June 27.—The War Office has received the following despatch from Lord Roberts:

"Pretoria Residency, June 26.—Sir Charles Warren reports that the rebellion in Cape Colony, north of the Orange River, is now over. The last formidable body, under Commandant De Villiers, surrendered on June 20, consisting of about 220 men, 280 horses, 18 wagons, 260 rifles and 100,000 rounds of ammunition.

"Gen. Baden-Powell reports that pacification is going on satisfactorily in the Rustenberg district."

A DELIBERATE SUICIDE.

William Armstrong Tried Bug Poison, Which Failed—Then a Knife.

Hamilton, June 27.—William Armstrong, a single man of 30 years of age, deliberately committed suicide yesterday at the home of his aunt, Mrs. Robinson, where he boarded. A short time ago he was laid off work and he became despondent. During yesterday morning he took a quantity of bug poison, but as it was slow he stabbed himself twice in the left breast with a knife, making ugly cuts, and then cut his throat from ear to ear. He was found in this horrible condition by a neighbor, and died shortly afterwards.

Cattle and Horse Poisoned.

Niagara Falls, Ont., June 27.—Martin Upper of Thorold Township had three head of valuable cattle and a horse poisoned the other night. Some inhuman wretch placed half a dozen heaps of salt in different places in the field. The salt contained Paris green, as it was afterwards found. The Ontario police have the case in hand.

INTELLIGENCER JOB OFFICE

FOR CHEAP AND ARTISTIC WORK.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with y[illegible] [illegible]icine, as I am fully convinced that [illegible]ill do all you claim for it. Signed, [illegible]ville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

LIKE A NEW MAN.
"I would say to all those suffering from that dread disease, rheumatism, 'Give Dr. Hall's Rheumatic Cure a trial and be convinced of its merits,'" is the recommendation of Mr. W. C. Switzer, Harrowsmith, Ont., a man 70 years old, who was a sufferer from sciatic rheumatism for ten years, and who never expected to find relief from this terrible disease this side of the grave. He had tried every known remedy recommended for the cure of rheumatism without obtaining relief, until he started taking Dr. Hall's Rheumatic Cure, of which he took six bottles, and found a perfect cure. He says he finds himself "like a new man," entirely free from pain, his appetite is good, and he sleeps well.
Dr. Hall's Rheumatic Cure is put up in 50 cent bottles, containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

DR. DEVLIN'S GIGANTIC BLUFF

Left for New York Without Giving Evidence at Inquiry.

Rations Investigation Now Over, and the Committee Will Hold a Private Session to Fix Up a Report or Reports—John T. Lyons Makes a Statement of the "Don't-Know" Order—Not a Partner of Dr. Devlin.

Ottawa, June 27.—When the Rations Committee began business yesterday morning at 10.40, Col. Neilson was called by Mr. Monk, and said that on Feb. 15, 1899, he wrote to Henri Hatch, asking for samples of his food. He received an answer from Mr. Devlin, enclosing samples. This answer had disappeared. The witness had no samples of the bread and powder used at Kingston. But all had disappeared except an envelope containing half-strength powder.

Col. Pineault was the next witness. He did not know where Hatch's letter had gone. He had inquired for it in the civil branch of the Militia Department, but could get no trace of it.

What Lawyer McGee Says

A new witness appeared now in person of Fred McGee, barrister at Ottawa. On March 24 last, he received a letter from H. Hatch of the Hatch Protos Company, asking him to make a formal protest to the Government. He saw Col. Pineault, and told him H. Hatch was taking legal proceedings against Dr. Devlin and John T. Lyons for interfering with the rights of Hatch. He asked for information, but the Deputy-Minister did not show a disposition to give information. The witness said he saw a tin of vitaline on Col. Pineault's desk, and the Col. said that that tin was the only sample of Dr. Devlin's food in the department. The witness identified an exhibited tin, but it was not the one Col. Pineault swore accompanied the Devlin tender.

Not a Concentrated Food.

Anthony McGill, chief assistant of the Inland Department, said that there was a standard for natural milk, butter, salt, cheese, mustard, etc. He judged from the labels on Dr. Devlin's food that it contained a large percentage of proteids. But it was not a concentrated food, for many natural foods contained more proteids than Devlin's food.

Mr. Monk here said that, with the exception of the girl who put on the labels at Lyon's store, he had no other witness to call. This shows the case of the Opposition about closed.

Coal Merchant Not a Food Expert.

Coal Merchant George Albert Muir of Montreal was called by Dr. Russell. The witness said that about the end of April, 1899, he met Mr. Hatch in Montreal, and talked about the test in Kingston of Hatch's protos. Hatch was enthusiastic about the results. The witness asked him the percentage of proteids in the food used at Kingston. He said about 15 per cent. The witness was surprised, because in previous conversations 60 per cent. had been spoken of. Hatch explained that high percentages were used only in cases of disease. Hatch said that his secret was to make the food assimilative, not to put a large percentage of proteids into it.

She Pasted on the Labels.

Miss Bonnenfant, the girl who pasted on the labels, was next heard. She spoke only in French, and the secretary of the committee acted as interpreter.

The witness identified the boxes that she had worked with, but the box that Col. Pineault said came with the tender was not one af them. The witness was paid $6 a week by John T. Lyons.

A communication was received from Dr. Devlin, asking that he might be given a chance to make a statement. It was agreed to hear him.

No Reply From South Africa.

In the meantime Dr. Neilson was called and said that no samples of the food tested in Kingston were to be found in the Militia Department. He also said that no reply had been yet received from South Africa in answer to the request that an analyses should be made of the food sent with the second contingent. He did not think the emergency rations had been used by the soldiers.

After the committee had waited for half an hour for any witness, Col. Pineault was called and corroborated Dr. Neilson in saying that no report had been received from South Africa to the effect that the emergency rations had been used by soldiers. He also declared that there were no samples of the food tested in Kingston in the department.

Capt. Benoit in the Box.

Capt. Benoit, by this time, had arrived and by means of a cane and a friend was able to take the witness stand. He saw the emergency food after it had arrived in Halifax. For his own satisfaction he got two tins of the food from one of the boxes ready for shipment. The witness brought one of the tins to Col. Pineault and suggested that an analyses should be made of this and sample of the tendered sample. All the witness had to do with the transaction was to write Dr. Devlin on Jan. 4, 1900, that his tender had been accepted and to notify him that the goods would have to be delivered at Halifax within a certain time.

"Why did you secure the sample?" asked Mr. Monk.

"Only for my personal satisfaction," was the reply.

This finished Capt. Benoit's evidence.

Dr. Devlin Went to New York.

Mr. Belcourt then read a letter from Dr. Devlin, saying that he had been called to New York by a telegram to conduct some business relating to the matter before the committee. He asked to have his statement heard on Friday.

John T. Lyons was sworn at 8.45. He wished to speak on his own behalf and was ready to be questioned regarding his share in the transaction. He said he took Dr. Devlin's food for six weeks last year and had every confidence in Dr. Devlin, because of the good it had done him.

He was an "after taking" example of the food. He never approached the Government for an order of free entry. He was never a partner to Dr. Devlin. He knew nothing of the composition of the food. The powder came from New York. When it arrived at the station, the witness went to R. S. White, for Dr. Devlin said it would come in free. He had the powder brought to his store after being ground, and it was packed there. He delivered the stuff to Halifax, going with it on board ship. The first part of the food, that which went with the first ship, had no wording about soldiers having lived on it for 30 days, etc. The second part was delivered by Dr. Devlin. It may have had that wording.

As to the Quantity.

"Would you swear you put up 2,300 lbs.?"

"Would not swear."

"How many trunks came to your place?"

"I don't know how many trunks there were, or where they came from."

"What did you get out of the transaction?"

"I don't think I am obliged to answer that, I made a business contract with Dr. Devlin."

"Do you refuse to answer?"

"Yes, I refuse."

"Do you know of the Vitaline Company?"

"I saw its name on the labels. I know its office was not on my corner of Craig and Bleury streets."

"Don't-Know" Answers.

The witness was most prolific in his don't-knows. He didn't know the strength of the food. He didn't know one ingredient in it. He didn't know where it came from. He didn't know if there was now any of the food left over, though he had used some for four or five days after the shipment to South Africa. He didn't know the size of the trunks.

"Any further statement to make?"

"I don't know of anything more."

"You came desiring to make a statement. What is it?"

"I guess I've made all the statements I want to make."

The taking of evidence closed here. Mr. Monk said he desired to have the report of the committee before the House as soon as possible, therefore he moved that the committee meet in private to-day at 3 p. m. and draft a report. This carried, and the committee rose at 9.

"I found your medicine a blessing to me and my family."
There are women who feel something like a grudge against the children, who, one after another rob their mother of her beauty and strength. Men do not usually realize how much the mother gives to each child to her own loss. Women accept it as part of the obligation of Nature and pay the debt grudgingly. Yet in Nature's plan every child is a new joy and fresh happiness. It isn't the children that steal the mother's strength. It is the unnatural drains and pains which weaken her.
Every woman who has used Dr. Pierce's Favorite Prescription has found in it the one thing woman has waited for. It stops the drains, heals inflammation and ulceration, makes the baby's advent a pleasure and his life a blessing. No opiates or narcotics are contained in "Favorite Prescription."
"I read what your medicine had done for other people," writes Mrs. Edwin H. Gardner, Box 70, Beechwood, Norfolk Co., Mass., "so thought I would try it, and I found that it was a blessing to me and my family. I began in June and took six bottles of your medicine, and three vials of 'Pellets.' I took your medicine a year when I had a ten pound girl. I had the easiest time I ever had with any of my children. I have been very well since. I took three bottles of 'Favorite Prescription, three of 'Golden Medical Discovery,' and three vials of 'Pellets.' I had no appetite and could not eat much without it distressing me. Before I took the medicine I only weighed 135 pounds, and now I weigh 175."
Dr. Pierce's Pleasant Pellets clear the brain by cleansing the body of the corruption which clouds it.

DOMINION HOUSE.

Day Spent Mostly in Passing the Militia Department Estimates.

Ottawa, June 27. — At the morning session of the House yesterday the report of the committee on printing, recommending the purchase of 300 copies of the Bank Act of 1890 and 1900, was presented. In answer to Mr. McNeill, Dr. Borden said all who had been made honorary Lieutenant-Colonels has been so on Gen. Hutton's recommendation. Mr. Maxwell read a telegram from Mr. Charleson denying Sir Hibbert Tupper's charges against him, and after two militia items had been passed in supply the chairman left the chair at 1 o'clock.

Militia Estimates

At 3 o'clock $55,000 for militia stores at Ottawa was passed, as was the item, $110,000 for clothing and necessaries.

During the discussion, Dr. Borden stated that another Maxim gun had been bought and that grants would be made to encourage rifle clubs.

After recess, the item, $240,000 for arms, ammunition and defences was discussed. Dr. Borden, in reply to Mr. Foster, said $150,000 of this would be used on equiping three new batteries of artillery and $90,000 would be spent in getting the best rifle possible to be furnished to the rifle clubs of Canada that may be formed.

The Railways and Canals.

Mr. Blair spent two hours in explaining his policy in regard to his department. He declared $80,000,000 had been spent ungrudingly upon Canada's canals, but very little money was expended upon the I.C.R. Mr. Blair's aim had been to put the railway upon a paying basis, and bring in an era of surplus rather than deficit. He declared the former Government had tried to make a showing of a surplus by neglecting to properly care for the road-bed and rolling stock. This was not a legitimate means. Now the road was maintained on a proper basis and paid. Mr. Blair estimates that it will cost $3,500,000 to complete the Trent Valley Canal, according to the present route. This will be included in the supplementary estimates.

The House adjourned at 12.40.

The Senate.

Ottawa, June 27.—In the Senate yesterday the bill respecting grain inspection in Manitoba was read three times, and passed. When the Schomberg and Aurora Railway bill came up for a second reading, which was given it, Senator McCallum denounced the bill because it gave the company forever in which to build the road.

Premier Ross at Ottawa.

Ottawa, June 27.—Hon. G. W. Ross was in the city yesterday to see Hon. Sidney Fisher, regarding the copyright amendments and the Author's Society. He spent the whole afternoon in room No. 16, and was at times in close and earnest conversation with Sir Wilfrid and other Cabinet Ministers. He left for home last night.

A press despatch from London states that the Imperial Government looks with favor upon the amended Canadian copyright bill now before the House. Hon. Mr. Fisher, asked last night concerning this said: "The Imperial Government has never been consulted as to my copyright bill. I haven't anything about their opinion of it."

McInnes Justifies His Course.

Vancouver, B.C., June 27. — Ex-Lieutenant-Governor McInnes, in a statement of his case in The World last night, justifies his course and says the metallic influence, apparently all-powerful at Ottawa, did not affect him. He says he expected his political assassination, but that he acted under orders from Ottawa, the Secretary of State having written him letters of instruction and told him to destroy them when read. He has the letters, but, as they are marked confidential, cannot disclose their contents.

Tom Sharkey Knocked Out.

Seaside Athletic Club, Coney Island, N.Y., June 27.—For the first time in his pugilistic career Tom Sharkey went down to decisive defeat last night in the historic arena of the Seaside Athletic Club, and big Gus Ruhlin, the Ohio pugilist, was his conqueror. It was a clean knockout, that came after 15 rounds of fight that made a memorable ring battle.

The Drouth Broken at Last.

Winnipeg, June 27.—The drouth in a large portion of Manitoba was broken last night. Heavy rains are reported all evening from Brandon, Carberry, Sewell, Shoal Lake, Douglas, Holland, and many other places in Western and Central Manitoba, with every prospect of continuance. A day's rain will work wonders on the wheat crops.

The Weir Firm Assigns.

Montreal, June 27.—Messrs. William Weir & Sons, collectively and individually, apart from William Weir, individually, being now in jail, have assigned on the demand of the liquidators of the Ville Marie Bank.

Dr. Jameson Elected.

Kimberley, June 27.—Dr. Jameson has been elected a member of the Cape Parliament. There was no opposition.

Admiral Maxse Dead.

London, June 27.—Admiral Frederick A. Maxse, who was naval aide-de-camp to Lord Raglan, commander-in-chief of the forces during the siege of Sebastopol, and who was known as a politician and writer, is dead. He was born in 1833.

Lumber Vessel Wrecked.

St. John's, Nfld., June 27.—The British steamer Mareotis, Captain Easterbrook, from Quebec for Liverpool, lumber laden, went ashore yesterday morning at Cape Anguille, on the southeast coast of Newfoundland, in the Gulf of St. Lawrence. The ship struck during a dense fog, and it is feared will be a total loss. She is leaking badly. Several of the crew were injured by the shifting of the deck load.

Captain Powers Arrested.

Louisville, Ky., June 27.—A special to The Post from Harlan Court House, Ky., says Captain John L. Powers was arrested here yesterday, charged with being an accessory to the murder of Governor Goebel. Powers at once instituted habeas corpus proceedings. He holds a pardon issued by Governor Taylor while in office, and was released once before on habeas corpus proceedings in Knox County. Captain Powers is a brother of former Secretary of State Caleb Powers.

Is It the Kidneys That Are Deranged?

If so Uric Acid Poison is in Your System and Your Sufferings will be Great Until You Set the Kidneys Right.

Dr. Chase's Kidney-Liver Pills Cure all Uric Acid Troubles.
The most painful, the most fatal and consequently the most dreaded diseases of the human body are caused by the presence of uric acid in the blood.
Uric acid is the name given to the foul poisonous impurities which are left in the blood, when the kidneys are deranged and unable to perform their duty of filtering the blood.
So long as the kidneys are in perfect health, the uric acid is passed out of the body by way of the bladder and the blood is kept pure and clean.
When there are severe body pains, headache, backache or weakness in the back; when the skin becomes yellow, dry and hard; when the urine contains deposits, is thick, or irregular; when there is stomach trouble and pains about the heart; when you feel weak, dizzy and become languid and despondent; you can put the cause down to uric acid in the blood resulting from deranged kidneys.
The nature of your ailment will be decided by your constitution. The poison left in the blood will find lodgment in the weakest part and set up some dreadful disease. It may be Bright's disease, diabetes or dropsy. It may be the twanging pains of rheumatism. It may be chronic stomach troubles or bladder ailments. Whatever the form of disease this poisoned blood may cause, the cure can only be brought about by setting the kidneys right.
The experiences of tens of thousands of men and women in Canada and the United States points to Dr. Chase's Kidney-Liver Pills as the most effective means of setting the kidneys right. No other kidney medicine can produce so much irrefutable evidence of its wonderful curative virtue. No other kidney medicine has received such hearty endorsation from physicians. Nor is this to be wondered at when it is remembered that Dr. Chase is a prince among physicians.
Nature has only provided one means of keeping the blood free from uric acid poisons—the kidneys. Nature's most effective invigorators of the kidneys are contained in Dr. Chase's Kidney-Liver Pills.
Purely vegetable in composition, scientifically prepared from the great formula of Dr. A. W. Chase, thoroughly tested in thousands of severe cases, wonderfully efficient in all diseases caused by uric acid in the blood. TIMELY TOPICS.

Did you meet a small boy to-day with a smile like a basket of chips? He is the happiest coon in town, for he has just got his holidays and has "passed."

• • •

In a letter recently received from Africa by a relative of one of the Belleville soldiers, it was stated that "Dick" Cunnington had recovered sufficiently to be out of bed, but only weighed seventy pounds. Some of the boys, when the letter was written, were on the way to Cape Town.

• • •

People should be careful with their horses this hot weather, when the flies are bad. There have been three runaway accidents within the last twenty-four hours.

• • •

Of course the Strathcona's had to do something to get their name up. They have been lying low for some time, but, as the Montreal Star's special correspondent says: "Now they have done a deed which will live in history. They have blown up the railway bridge at Komati Pooort, on the railway between Pretoria and Komati Poort, and have cut off all communication of the Boers with the sea. All the Delagoa Bay Railway rolling stock, the Boer artillery, the whole Boer army, including the gold taken by President Kruger from the mint here, are west of that break, and must now inevitably fall into our hands. Strathcona's Horse has effectually bottled up the Boers."

• • •

The young ladies at Albert College seem to have carried off more than their share of honors this year. Out of twenty medals and prizes they got 14. Place aux dames.

• • •

"A Cyclist" writes unfolding a tale of woe in regard to the approaches to the bridges which cross the Moira. He says it is enough to "shake the gizzard" out of anybody who has to ride across them, and shortens the life of a bicycle very materially. All of which is very true, and it may be pointed out that the inconvenience and injury is not confined to bicycles; other vehicles suffer also. In striking contrast is the approach to the Bay bridge. Something should certainly be done with the approaches to the Upper and Lower bridges.

• • •

The signs are multiplying, the boys will soon be coming home. The English press are already talking of the reception they will get in the Old Country. A correspondent in the London Daily Mail writes: "I notice that the Canadian soldiers now in South Africa are expected to return to Canada via London. Would it not be a pleasant and memorable occasion if the men were presented with their medals by our venerable sovereign herself?"

• • •

Napanee Oddfellows will decorate on Sunday, July 29. Bellevillians are invited and many may attend.

• • •

The despatches from China say "General Ma is in command." The old gent has to take a back seat in China, too.

• • •

Some papers are fretting for fear some of the Canadians will be sent to China to do a little fighting. There is not the least probability of the boys being sent there, though it is altogether likely most of 'em would volunteer to go if they were asked.

• • •

Sam Jones, the evangelist, has been sizing up the people of the great United States. He says: "We have inverted God's order of things and we have dwindled into a nation of Klondikers.

"The country is full lawyers, doctors, politicians, bankers, merchants, farmers, preachers, etc., but we have run short of men."

• • •

The American booth in the Gymkhana is a pretty affair, and the Stars and Stripes is very much in evidence. It is gratifying to note that Canadians have sense enough to treat another nation's flag with courtesy, in which respect they differ greatly from the flannel-mouthed patriots across line 45, some of whom dance on our flag and insult our Queen at every opportunity.

• • •

The Montreal Herald says that only 40 of the 125 of the reinforcements for the First Contingent were fit for service when Bloemfontein was reached.

• • •

Toronto Star: "The Belleville Intelligencer, Sir Mackenzie Bowell's paper, wants Mr. Tarte relegated to private life. This is what the Intelligencer would like to see happen to half a dozen prominent men on its own side." We are not aware that any Conservative public man has ever talked out-and-out treason in France; that is what Tarte has done, and that it why he should get the axe.

• • •

Mr. George Eccles, of the Front of Sidney, this morning showed us the foot of a carrier pigeon which he picked up on his farm recently. The bird had evidently been killed by a hawk. Around the leg is a brass ring bearing the inscription "G. T.—1899—153."

CONVOCATION AT ALBERT.

Distribution of Diplomas and Medals.

The Degree of M. L. A. Conferred on Two Young Lady Students—A Successful Year's Work Brought to a Close.

The Annual Convocation of Albert College is an occasion which is looked forward to with great interest by many. It was held in Massey Hall at the college last evening and the attendance was one of the largest which ever assembled within that building. The programme was interesting, and the proceedings were enlivened by college songs rendered by the boys who occupied one of the corners of the hall. Miss de Guerre also rendered a solo, and her melodious voice was never heard to better advantage.

Upon the platform were the members of the faculty of the institution, presided over by Principal Dyer. Others upon the platform were Rev. Dr. Crothers, President of the Bay of Quinte Conference, Rev. C. W. Watch, Rev. Dr. Galbraith, Rev. N. Hill, Mayor Johnson, Messrs. F. E. O'Flynn, Wm. Johnson, W. H. Gordon and others.

The proceedings were opened by prayer by Rev. C. W. Watch, which was followed by the reading of the prize essay by Elmer L. Luck, entitled "The War in South Africa." It showed that the composer had spent much time and thought in the preparation of the paper. The granting of diplomas, prizes, etc., was then proceeded with, the following being the successful students in the various subjects;

CONFERRING OF DEGREES.

The degree of M.L.A. was conferred upon Miss Watch and Miss Peterson.

At the conclusion of the distribution of the prizes short and appropriate addresses were delivered by Rev. Dr. Crothers, Mayor Johnson and Principal Dyer. The latter said the past year was the most successful in the history of the College, the enrollment being 258. He expressed the desire that the students would enjoy the vacation, and those who intended to return would all do so.

The singing of the National Anthem brought the proceedings to a close.

A telegram was received this morning by Dr. Dyer from the registrar of Toronto University, confirming the passing of the ten Senior Matriculants at Albert College. Ten tried the examination and ten were successful, and nearly all obtained proficiency standing. The Senate of Toronto University will probably confirm the report next week.

Horses on the Rampage.

Last evening a horse driven by Mr. H. K. Smith became frightened at the cars whilst near the overhead bridge on North Front street and ran away. It was captured before doing much damage.

A team of horses belonging to Dr. Gibson ran away this morning. They started from the hospital and came up as far as Front street before being caught. Mr. David Parks stopped the team and in doing so was knocked down and somewhat bruised. Some damage was done to the buggy. The animals were tied to a post in front of the hospital, but in some manner became free.

IMPORTANT INFORMATION.

Mothers, beware of opiates and stupifying drugs when your baby is teething. Two drops of laudanum have proved fatal to a delicate infant, and a third of a grain of opium has been known to cause the death of an infant nine months old. Some soothing mixtures and powders have much to answer for in the records of infant mortality. Doctor Hammond-Hall's English Teething Syrup contains no opiate, narcotic, alcohol or hurtful drug. Is pleasant to take, and leaves no after ill effects.

If your druggist cannot supply it, address British Chemists Company, Toronto, Canada. If 10 cents is enclosed for postage, our valuable illustrated library book, Motherhood, full of information and recipes, will be sent free to any mother interested in Babyhood. (51 832)

Quick & Robertson's

QUALITY and ASSORTMENT

Are not to be equalled—that's the opinion of all. You'll hear it often every day: "I don't find the quality or assortment elsewhere as I do at Quick & Robertson's." True, nor are the prices found as common. If you don't believe it, visit other clothing stores, then come here—you'll leave with the same impression. Impressions make opinions, you know. Perhaps you want a suit, a shirt or only a hat, but you want the widest range of styles to select from. That's where our assortment completeness counts. Every department is always in a perfect state of readiness to supply your wants for any kind of weather. So come to the Reliable Store where disappointments are unheard of.

Men's Suits.

If your means are unlimited, the highest priced custom tailor is the one to whom you should certainly go for your clothing. But if price is an object we can sell you a suit that will fit you as well, is as well tailored, but ready to wear instead of made to measure, at

$6.50, $8.00, $10, $12, to $15,

prices that men of moderate means can afford to pay for good clothing.

The fabrics—worsteds, cheviots, cassimeres and serges—are the best to be had.

The patterns - many of which are exclusive with us—are the latest.

Our $6.50 and $10.00 line of suits is being added to every week—just as fast as the makers send them. Blue Serge Suits that won't fade, won't shrink, and will hold their shape, $6.50, $8.50, $10.00, to $13.50.

Corticelli Skirt Protector should not be used as a binding—it is a physical impossibility for any kind of a binding to outwear a skirt.

Corticelli Protector Braid should be sewed on flat—not turned over—one or two rows of stitching—one at upper edge of braid and the second near the bottom of the skirt.

Put on thus it is a real "protector"—its perfect shade match makes a desirable bottom finish for any skirt.

Sold everywhere 4 cents a yard.

The genuine has this label.

THE CHINESE MIX-UP.

Admiral Seymour's Expedition has Been Relieved,

But Not Before it Had Sustained Heavy Losses.

Well-Informed People Believe the Worst is Over.

Che Foo, June 28, via Shanghai, noon—Admiral Seymour's expedition has been relieved having failed to connect with Pekin. There is no news from Pekin.. Admiral Seymour's expedition is returning to Tien Tsin. His force has suffered greatly. It is estimated that from 40,000 to 60,000 Chinese troops are now before Pekin. Boxers from all sections are swarming there.

London, June 28.—The Chinese situation has improved so rapidly during the last twenty-four hours that the collapse of the entire Boxer movement within a week is now forecast by well-informed men. The optimists are probably over sanguine, just as the croakers have been unduly alarmed, but the improvement in the situation is unmistakable. Information was not definite at midnight, but there was a general feeling among those watching events in the Far East that there had been no catastrophe and that the crisis has passed. When Seymour's force is rescued diplomacy will come in. Russia and Japan will have troops on the ground and it will not be easy to bring about their exit, but there will be a diplomatic situation in place of a crisis in Chinese affairs with China at war with Christendom.

SAFE, SURE, AND PAINLESS.

What a world of meaning this statement embodies. Just what you are looking for, is it not? Putnam's Painless Corn Extractor—the great sure-pop corn cure—acts in this way. It makes no sore spots; safe, acts speedily and with certainty; sure and mildly, without inflaming the parts; painlessly. Do not be imposed upon by imitations or substitutes.

THE GYMKHANA.

Large Crowds Present Yesterday—Very Successful So Far.

The ladies who are conducting the Gymkhana at the Drill Shed are much pleased at the result thus far, and have every reason to be. Last evening there was a large attendance and the scene was one of animation. The spectators appeared delighted and all were in a happy frame of mind. An entertainment of an interesting character was provided. It was entitled "Die Puppenfie," a German name for doll shop. Mr. J. J. B. Flint represented the character of Lord Plumpfordshire, and Miss Williamson was Lady Plumpfordshire. Hope Sewell and Frank Partridge were children of Lord and Lady Plumpfordshire. Those who represented other characters and the dolls displayed were;

Miss Georgie Stewart—Lady of the Court of Louis XV.
Miss B. Stewart—Geisha Girl.
Miss Milburn—Greek Doll.
Miss B. Dougall—A Fairy.
Miss Warrington—A French Doll.
Miss Bogart—German Peasant.
Miss N. Lazier—Dutch Doll.
Miss H. Wallbridge—Shepherd.
Mr. Horne—Baby.
Mr. Dickinson—Soldier.
Mr. Banwell—Old Black Joe.
Mr. R. Dougall—A Gentleman of the Court of Louis XV.
Mr. Davis—Clown.
Mr. G. Bell—The Middy.

This part of the programme was well carried out and was much enjoyed by all.

Miss de Guerre was present and rendered two solos in a most pleasing manner.

The music of the evening was furnished by Mrs. John Grant's orchestra and was much appreciated.

We were unable to obtain for yesterday's issue the list of those in charge of the candy booth. Mrs. H. Rathbun and Miss Hilda Frost are in charge and are ably assisted by the following persons; Mrs. Frank Mitchell, Misses Mitchell, Dora Frost, T. Foster, G. Bogart, Phillips, Lingham, Butler, Mathison, Wallbridge, H. Rathbun, B. Stinson, M. Vermilyea, K. Johnson, and Masters Hudson Turner and Jack and Hugo Rathbun.

SKIPPED BY THE LIGHT OF THE MOON.

The Sad Story of a Couple Who Loved Not Wisely Nor to Well

Some of our merchants are mourning the sudden disappearance of a creditor who is said to have taken up his residence in the United States. The individual is a rather aged man, being a U.S. pensioner. A few months ago he came to the city with his wife, who is a Belleville girl, and procured a residence in West Belleville, having in view its purchase. He spent considerable money in fixing up the place, and furnishing it. He also tilled the soil and as a result of his thrift was in fairly comfortable quarters. It became rumored about that his wife was a married woman before he wooed and won her and that her husband was still alive. Hearing of this the pensioner investigated the case and found out that it was only too true. Words, it is said, between them were few, but his action was hasty, and in a few hours he had collected together some worldly possessions and left for parts unknown. It became known to some of our merchants, who had trusted him, that he had left, and yesterday a raid was made upon the house by three of them, who nearly depleted it. Another party, who had supplied a pump for the well, even took that up. The scene about the place for awhile was lively, but the work was done expeditiously and in short order. The affair has caused considerable gossip in the neighborhood, but the only regret expressed is that the man was trusted too much and in consequence some of the neighbors are sadder but wiser people.

GREAT DAY FOR LIGHT CLOTHING

These are splendid days for selling light weight coats at the Oak Hall. Do you know we are selling good light weight coats for $1.00, $1.25, and up to $2.50. There is no need of your suffering with the heat if you would dress properly. Your heavy coat is all right for next fall and winter, give it a rest now and get comfort out of a light one.

SHEEP KILLED BY DOGS.

Two Thurlow Farmers are the Victims.

Mr. Wm. Clazie, a well-known yeoman, residing on the front of Thurlow, takes much pride in sheep raising and has some fine specimens of Leicester breed. On Saturday night last he had three killed by dogs and on Tuesday four more were destroyed. He has been unable to find out who owns the canine.

Mr. James Reed, a neighbor of Mr. Clazie, had two sheep killed by dogs on Saturday night, and others were worried.

What the New Zealanders Think of the Canadians

Mr. Wm. Johnson has received from his cousin, Mr. B. B. Johnson, who is Honorary Secretary-Treasurer of the Patriotic Fund at Cormandel, New Zealand, a copy of the New Zealand Herald of the 3rd of May, which contains a lengthy letter from that journal's correspondent with the New Zealand second contingent, which will be read with considerable interest as showing what the New Zealanders think of the Canadians;

Van Wyks Vlei, March 12.

The first instalment of the Canadians arrived early this morning, coming in in beautiful order, with patrol and flanking scouts thrown out. Two guns and a Maxim accompanied the troops, and all looked as fit as possible, although they had a long night march. It was an object lesson to us to see how smartly they pitched camp—no confusion, or asking for orders. Two of them joined our sick in the hospital, which is now quite full. I regret to say that Nalder and Harcourt are to be sent back to the base hospital, as they will not be strong enough to proceed. A doctor (Phillips) arrived to-day from Uppington, from which place he had been summarily expelled by the rebels. He brought two waggons full of half-caste women and children, and looked done up. He told us that he was absolutely ruined since the war began, all Dutchmen seizing the opportunity to cancel debts. He sorrowfully told us that he had just cured a Dutchman, with a bullet wound in his lung, received a year ago, and the patient had immediately joined the rebels. Colonel Parsons and his staff arrived this afternoon, and preparations were at once made to move us on. Many of us were up all night, as we had to pull out, as the cowboys expressed it, at four next day. Sharp to the time the Canadians were ready, but our casual boys did not get off till an hour or so later. The hospital, with its full complement of sick, was left under the charge of Saunders. Lieut. Somerville rejoined us with sixteen of our men, and had a hearty reception on all hands. The Canadians took the advance guard, and the New Zealanders the rear guard an unenviable position, as the transport was huge. Our great difficulty was water, but the Major commandeered a tank and put it on one of our waggons, a tip much admired by the Canadian boys, who had to appeal to us for drinks.

Encampment Officers.

The officers of Quinte Encampment No. 19, were elected last evening as follows;

C. P.—W. A. Lazier.
H. P.—F. M. Clarke.
S. W.—Geo. E. Fax.
J. W.—J. J. Thompson
Scribe—Geo. R. Brown.
Treas.—J. H. P. Young.
Representative to Grand Encampment—J. T. Osborne.

LIVE SPORTING NEWS

BASEBALL.

Mr. W. B. Deacon has contributed a special prize for the baseball club winning the silver cup. Each man of the lucky team will get a shirt valued at $1.50.

"Say mister," said a small boy, "will you put in de paper dat de Kitcheners done up the Lightning Stars yesterday?" "Sure," said the sporting editor, "did you beat 'em badly?" "Did we beat 'em badly?" with fine scorn, "why, say, we lost 'em. We had 'em guessin' all de way. Why, say boss, we're de warmest gang in Belleville, we are. Come up to de Canifton road and see us play sometime."

THE RING.

Toronto Telegram: "So you got your bumps last night at Coney Island did you, Mr. Sharkey? They finally landed you, and Gus Ruhlin deserves the undying gratitude of the public if he had toyed with your jaw sufficiently to make you stop talking for some time. You won't go beefing about the country as you used to, and will now have plenty of time to sit and reflect upon your past greatness. It's a pity some more of those loud-mouthed pugs were not put to sleep. The country would be well rid of them."

Sam Harris, Terry McGovern's manager, is authority for the statement that Terry will not visit England this season. Later on he may take his hard hitting protege across the Atlantic. Some time ago the National Sporting Club, of London, offered a purse of $3,500 for a 25-round contest between Ben Jordan and McGovern. As McGovern is not in the fighting business for his health, he is not likely to perform before a crowd of English ring-followers in the near future, unless a far more alluring financial inducement is offered him.

CRICKET.

Under the heading, "The Cricketer of the Hour," an English exchange says, "Such is the proud title due to Mr. Stoddart, whose superb 221 at Lords against Somersetshire at Hearne's benefit will be more admired than any other innings this year. It is hard for those not in touch with cricket at headquarters to realize the affection felt for Mr. Stoddart not only by the members of Lord's, but by the public within the gates of the St. John's Wood enclosure. Mr C. W. Alcock, the popular Secretary of the Surrey Club, is one of the best judges of the game, and it is to his vigilance that the discovery of Mr. Stoddart is due. In the early eighties Middlesex County Cricket was the closest 'ring' on record. If you had not been to Eton or Harrow, unless you were Mr. Pearson or Mr. Vernon, you could not play for the county. At last, tried in good company, Mr. A. G. Stoddart quickly made his mark. A dashing free bat, hitting hard all round the wicket, playing a fine game regardless of the condition of the wicket, he became one of the most famous of international sportsmen. As a change bowler he has often been useful, as a magnificent out field he covered an astonishing amount of ground, whilst at slip his hands have been abnormally safe in that most trying of places, where catches come quick and hot. His career can be statistically summed up in a sentence. He has in first-class matches scored 15,679 runs with an average of thirty-two, and exceeded a century of twenty-two occasions. Stoddart is the typical athlete in appearance. Tall, strong built with loose, easy limbs and shoulders that, slightly slope; good-looking, with dark hair, frank, brown eyes, and a moustache, his expression is very firm. A man of resolution and nerve, he has the courage of his opinions, and is not afraid to speak what he thinks, even when his views are locally unpopular."

NOTES OF SPORT.

The Bel-Air race meet, Montreal, will open on July 7th, and will continue until the 21st.

The Dominion Bowling tournament is to commence on the R. C. Y. C. lawn at Centre Island on July 17th.

Twenty-four years ago the Montreal lacrosse team played before Her Majesty at Windsor Castle, by royal command, and will commemorate the occasion by a dinner.

This is evidently from the pen of a baseball fan:

He went to see a cricket match,
In youthful strength and pride;
He didn't stay to see the end,
For he grew old and died.

Bad blood is a bad thing to inherit or acquire, but bad blood may be made good blood by taking Hood's Sarsaparilla.

WAS THE MONEY STOLEN?

A Shantyman is Minus a Good Sum of Money.

Hormisdas Dumesnil is to-day a wiser and a poorer man than he was yesterday. He had been working at the lumber business and yesterday morning drew from a local bank the sum of $107, being paid in twenty $5 bills, one $2 bill and a $5 gold piece. Some three hours afterwards he was minus all the money with the exception of the gold piece. Whether he lost the money or it was taken away from him he is unable to tell, as it appears that he visited a number of hotels in the interval. The police have used every effort to find a trace of the money, but so far have been unsuccessful. The general impression is that the unfortunate man was robbed.

EATING AND SLEEPING.

Food supplies the substance for repairing the wastes of the body, and gives strength. Sleep affords the opportunity for these repairs to be made. Both are necessary to health. If you can't eat and sleep, take Hood's Sarsaparilla. It creates a good appetite and tones the digestive organs, and it gives the sweet, restful sleep of childhood. Be sure to get Hood's.

Biliousness is cured by Hood's Pills. 25 cents.

Death of a Child.

A GRATEFUL CONTRACTOR.

Spent Hundreds of Dollars to Obtain Freedom from Asthma—Was Permanently Cured by Clarke's Kola Compound.

Mr. Albert Dixon, contractor, Nanaimo, B.C., writes:—"For nearly nine years I have been a constant sufferer from bronchial asthma, night after night having to sleep sitting up in a chair. I spent hundreds of dollars with doctors and remedies but got only temporary relief. My druggist Mr. Stearman, recommended Clarke's Kola Compound. I took in all five bottles of this grand medicine, and am to-day completely cured. I can now sleep well every night, and now play my instrument in the city band once more." This remarkable cure is also certified by Mr. F. C. Stearman, Phm.B., one of Nanaimo's leading druggists. Sold by all druggists, or by the G. & M. Co., Limited, 121 Church street, Toronto.

REGARDING THE PICTURE FRAMING AT ALBERT COLLEGE

We can only say it must be just too lovely to have a pull like that, but we can hardly understand the management wishing it to be made so public, as there are a number of us in the city who do framing, and even if we can't do it so artistically as our friend up street, we would learn it alright in time if the College would share up and give us practice. Of course as we did not give to the Endowment Fund WE are SCRIPTURALLY not deserving, but we know a young business man in the City who gave fifty dollars, and he does pretty good framing too, but evidently not for Albert College.

At the Art Exhibit were shown 256 pictures, of this number 143 were not framed, leaving 113 framed pictures. Of this 113—97 were framed at this store.

16 were framed by other houses.

Permit us to add that we are not condemning the framing of the sixteen pictures by any means, for they are well framed, but we publish these figures accurately taken by one of our staff.

You will readily see the leaning of artists towards our framing. When we do it it is done well.

TARTE.

Here is the Liberal Whig's treatise upon Tarte. If the Whig continues to speak out in meeting as plainly as it has done of late it will be read out of the party. It must not forget how Richardson and the Winnipeg Tribune has been tabooed; the same fate awaits it, if it continues to have opinions not in accord with the New Liberals. Here is the Whig's opinion of Tarte:

"The Whig has already referred to Hon. Mr. Tarte's great weakness, that he will talk, and talk too much occasionally. That he is a man of marvellous activity nobody doubts. He was somewhat ubiquitous for awhile, appearing now in London, and now in Paris, at a series of events, in such rapid succession that some wondered how he did it. That was Tarte, the man of energy. That he is discreet politician few will admit. It is the London Chronicle that now comments upon his utterances in France. He has, it seems, been going to extremes in his adoration of La Belle France. French-Canada is still looking towards it, and he wants France to still look toward French Canada. 'Frenchmen who come to us,' he said, 'can be certain of finding French laws and arms open to welcome them. This was gushing enough, but he went further last week, in a lecture in the Canadian section of the Exposition, and hinted that Quebec was anxious to adopt the tri-color. It can never be. The French flag was lowered, as a national emblem, when French Canada passed under British rule, and there is no hope of it being restored to its old position. Mr. Tarte knows this so very well that it is surprising he should ignore it. French sympathy and friendship may be desirable, but if these cannot be had without false promises and deception they had better be abandoned.

"The London Chronicle is warranted in asking whom Mr. Tarte represents at the Exposition. He is the Canadian Commissioner, and has all Canada to talk about, not Quebec alone."

The whole country, Whig and Tory will soon appreciate the man at his true value.

Nearly Dead When Rescued.

Nome, Alaska, June 8, via Seattle, June 28.—After four months of fearful suffering, during which he helplessly watched the death of one after another of his companions, James Murphy, of New York, a castaway sailor, was rescued from starvation by natives on St. Lawrence Island. Murphy is the sole survivor of a party of six which sailed for Alaska, Nov. 6, 1899.

Powers Again Released.

Harlan Court House, Ky., June 28.—Capt. John Powers of Barbourville, Ky., who was arrested here on Tuesday on the charge of complicity in the murder of Governor Goebel, was yesterday released on habeas corpus proceedings, based on a pardon signed by Governor Taylor on March 6, 1900. This is the second time Powers has been released on Taylor's pardons.

A TRENTON WEDDING.

Nuptials of Mr. H. R. Phillips and Miss Ethel Young.

Trenton, June 27.

At 8.30 o'clock this morning the King St. Methodist Church was filled to overflowing by a goodly company to witness the wedding of our popular townsman, Mr. W. R. Phillips, of the firm of Phillips & Co., to Miss Ethel Young, daughter of J. B. Young, Esq. The church was beautifully decorated with ferns and white flowers artistically arranged. Mr. W. H. Campbell, manager of the Molson Bank played the Wedding March from Lohengrin as the wedding party came up the aisle of the church, and, of course Mendelssohn's Wedding March as the bride and bridegroom left the building. The ceremony was performed by the Rev. B. Greatrix, pastor of the church, assisted by the Rev. W. T. Wilkins. The bride looked charming in a rich gown of taffeta silk covered with silk mull. Her bouquet was of bridal roses. Her maid of honor was Miss Acheson, of Goderich, who wore a beautiful gown of white organdie elaborately trimmed with valenciennes lace. The bridesmaids were Miss Effie Robertson, of Kingston, and Miss Bee Armstrong, of Trenton. Mr. D. F. Walker, jr., was the groomsman and the ushers were Mr. J. H. Dickey and Mr. Blott.

After the ceremony a reception was held at the residence of the bride's father and the happy couple started east on their wedding journey to Old Orchard Beach, New York and other places of interest.

A Fashionable Wedding in Frankford Methodist Church.

A fashionable wedding took place at 9 o'clock Thursday morning last, when Miss Lizzie E. Foster, daughter of Mr. Thos. Foster, merchant, was married to Rev. W. H. Higgs. The ceremony took place in Frankford Methodist church, which the bride's friends tastefully decorated with arches of ferns and flowers. Rev. Wm. Johnston officiated, assisted by Rev. S. G. Rorke. The bride's cousin, Miss Lily Chapman, graduate of Albert College, Belleville, played Mendelssohn's wedding march. The bride was handsomely attired in white silk trimmed with chiffon and real lace, and carried a bouquet of bride roses. The bride's cousin, Miss Annie Foster, of Stockdale, was the bridesmaid. Misses Vera Foster and Bessie Ashley, cousins of the brdie, acted as flower girls. The bridegroom was assisted by Mr. Chas. Walt, of Campbellford. The ushers were the bride's brother, Mr. T. H. Foster, and Mr. J. M. Brown. After the ceremony, which was witnessed by a full church, the wedding party, numbering one hundred and fifty, were driven from the church in cabs to the home of the bride's parents, where all partook of a sumptuous wedding breakfast. Mr. and Mrs. Higgs then took the train for a short honeymoon.

MAJORITY WHITEWASH.

The Minority Condemn Dr. Borden and Militia Department and Make Three Recommendations.

Ottawa, June 28.—The Rations Committee spent all day yesterday discussing their report. At 10.30 they had agreed to disagree, and drafted a minority and a majority report. These reports will be presented to the House to-day at 11 a.m.

The majority report in brief is that the charges made by Mr. Monk have not been proven. The report is short and whitewashes everybody. In the language of one member, "it does not amount to a row of beans."

The majority report, it is said, jumps on R. S. White for having allowed the goods to come in free, but R. S. White is a Conservative.

The Minority Report.

The minority report covers twelve pages of closely written copy. It reviews the evidence adduced at committee.

The report states that: Dr. Devlin told Dr. Neilson that vitaline and the food tested at Kingston were identical. Thereupon Dr. Neilson recommended it to Dr. Borden as an emergency ration. Then, without an analysis to show the identity of the foods, Dr. Borden approved of the recommendation, and Dr. Devlin got the contract.

Moreover, on Jan. 25, 1900, Mr. Hatch wrote Dr. Borden a registered letter, warning him of the bogus character of Devlin's food, that it was not Hatch's protos tested at Kingston.

Public Document Suppressed.

"Your committee are of opinion that this letter, bearing upon a contract made with the Department of Militia and concerning a purchase of emergency food to be supplied to the troops, was of its nature, a public document. It does not seem to have been filed in the department by the Minister, nor does he seem to have mentioned its contents to anybody except to Dr. Devlin, the contractor; on or about the date of its reception, and to the Deputy Minister, on or about June 17, instant.

The Chain of Facts.

"Your committee desire to call the attention of the House to the following facts:

"The sample filed with the tender was called 'vitaline'; it was labelled vitaline and stated to be manufactured by the Vitaline Company, corner of Craig and Bleury-streets, a company which has no legal existence. It was accepted on the sole assurance and false representation of the contractor, that it was identical with the food tested at Kingston which was known under the name of 'Hatch's Protos,' manufactured by the Hatch Protos Company. It was to serve as an emergency ration, so that, failing all other food, it was something for the soldiers to rely on. It was never examined, tested or analyzed before shipment.

Denounced as Fraudulent.

"It was denounced by the manufacturer of Hatch's protos on Jan. 25, as 'a poor and fradulent adulteration.' It was shown by analysis by the official analyist on Feb. 12 to contain but 16.18 per cent. of proteids and not entitled to the name of concentrated food; it was nevertheless paid for and shipped for use by the troops and no intimation had been given up to June 6, inst., that it was worthless as an emergency ration.

Devlin's Food Worthless as a Ration.

"Again, Dr. Ruttan analyzed a sample of the food sent to South Africa. He swore it 'would require about a pound and three-quarters in order for soldiers to get sufficient proteids.' Dr. Ruttan's evidence showed that Dr. Devlin's food was absolutely worthless as an emergency ration.

"As to the cost of the food, taking Dr. Devlin's estimate of the value, 30 cents per pound, the committee finds that, adding $300 for traveling expenses, the cost was $1,349.90 and the contractor realized a profit of $3,316.10 on an emergency ration which the evidence established beyond controversy to be worthless as such."

Enquiry Was Burked.

The report complains of the fact that the Liberal majority prevented the finding out of what had been done with the money that had been borrowed by Devlin and Lyons from the Merchants' Bank, Montreal, on the strength of the contract.

Minority Recommendations.

The report concludes with:

"Your committee beg leave to report and make the following recommendations:

"(1) That, under the circumstances disclosed by the evidence, the contract of Jan. 4 last for the supply of emergency rations to the Canadian contingents was entered into with undue and unnecessary haste by the Minister of Militia and Defence. Tenders were excluded. Sufficient enquiry was not made and the sample offered by the contractor was not properly examined. The committee recommend that in the matter of purchase of concentrated foods for troops on active service, samples be secured and analyzed before contract and full security required.

Say Contractor is Liable.

"(2) The emergency food supplied by the contractor was totally unfit for the purposes intended and an imposition was practised on the department. The contractor is certainly civilly liable to the Government. He seems furthermore to have committed an infraction of section 14 of the Adulteration Act, chapter 107, R.S.C., as amended by 53 Victoria, chapter 26, section 1. He violated section 448 of the Criminal Code, 1892, by offering for sale an article bearing a false trade description as defined by sub-section of article 443 of said code.

Action Should Have Been Taken.

"(3) After the warning contained in the letter of Jan. 25 last, quoted in the reference, and the report of Feb. 12, 1900, by Chief Analyst MacFarlane, the Department of Militia should have disallowed payment of the $4666, which was made on Feb. 14. The Minister should have immediately communicated with the Canadian contingent.

"On the whole your committee find that the Minister of Militia and Defence and the Department of Militia were guilty of culpable negligence in purchasing and providing the Canadian soldiers with an article totally unfit for the purposes for which it was intended. In this connection the committee recommend that the military authorities in South Africa be given immediately by cable the benefit of the report of the chief analyst."

The Backache Kidney Sufferer is not Referred to Far Away People for Dr. Pitcher's Backache Kidney Tablet Evidence. The Great Kidney Remedy Rolls up Volumes of Proof in Every Community in Belleville.

Mr. Wm. Smith, Pinnacle St., says, "Before using Pitcher's Kidney Tablets which I procured from Alex. Ray the druggist, I was very much afflicted with Lumbago. Since I used a bottle I am not only free from that but I am sleeping better. The nervous restlessness has ceased. The dull aching in the small of my back has disappeared. Backaches took all the energy from me and left me depressed and weary. I can vouch for Pitcher's Tablets being a reliable remedy for pain and lameness in the back."

Vincent Brennan, Front St., says, "I knew that my kidneys were not right. I had the most troublesome backache, my head and the back of my neck pained me. I had no energy and I felt that languor that caused a constant weariness. Reading of Dr. Pitcher's Backache Kidney Tablets I was induced to try them, and procured a bottle from Alex. Ray the druggist. They have proved most satisfactory. I am not having backache or headache and the lameness has left me."

If you have the slightest symptom of Kidney or Bladder trouble, you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two-cent stamp for postage to The Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

GEN. BULLER'S WIRES ARE CUT

Boer Commandant Dewet and Botha Have Made a Compact.

They Agree That Neither Will Surrender While the Other Is in the Field—The Exposures Regarding the Hospitals in South Africa Have Made a Great Sensation in England—Lord Roberts Will Fully Reply.

London, June 28.—(4.20 a.m.)—Gen. Sir Leslie Rundle had a sharp artillery and rifle skirmish near Senekal Friday with a large force of entrenched Boers. He declined to attack them. This is the only fresh fighting reported.

Buller's Wires Cut.

The Boer outposts northeast of Pretoria are busy. The telegraph wires between Standerton and Newcastle were cut Sunday, and Sir Redvers Buller had to resort to heliograph.

Will Not Surrender.

Commandant De Wet, with 3,000 men and three guns, is moving northeast in the Orange River Colony. It is understood that he and Commandant-General Botha entered into a compact that neither would surrender so long as the other was in the field.

Have Surrendered 12,000 Rifles.

Twelve thousand rifles all told have been surrendered to the British.

President Kruger is still at Machadodorp.

The exposures regarding the hospitals in South Africa have made a great sensation in England. They began with three columns of restrained language in The Times yesterday, from Mr. W. A. Burdett-Coutts, Conservative member for Westminster. His disclosures have been widely reproduced, and they were supplemented this morning with denunciatory telegrams and interviews from survivors and army medical men.

Archbishop Dissatisfied.

The Archbishop of Cape Town, in an address before the Society of Good Hope, in the Cape Government House, Monday, expressed great dissatisfaction at the way in which the sick and wounded were treated.

He declared that the warm clothing that was absolutely necessary was freely offered, but was rarely, if ever, distributed by the army doctors; that the sick slept on the bare ground, and that even in Cape Town the way in which the hospitals were mismanaged made one's blood boil. Mrs. Hanbury-Williams, wife of Major John Hanbury-Williams, Sir Alfred Milner's military secretary, told the meeting that if the visiting ladies had reported the mismanagement, the doors would have been shut in their faces. A news agency despatch from Cape Town says: " despatch from Cape Town says: "Certain revelations point to malfeasance in connection with the supplies of comforts for the sick and wounded."

The Daily Express refers to the springless, out-of-date ambulances" of the British, and contends that the Boer ambulances are notoriously superior. Princess Christian publicly asks for volunteer nurses.

Roberts Will Reply.

The Cape Town correspondent of The Daily Telegraph says that Lord Roberts will reply fully to the charges of Mr. Burdett-Coutts. Mr. Frederick Treves, consulting surgeon to the London hospital, who was recently at the front, says the charges come to him as an absolute shock and are quite incredible. He praises the medical department.

Trouble at the Fag End.

London, June 28.—The Lorenzo Marquez correspondent of The Times, telegraphing yesterday, says: "According to Transvaal advices the Boers are entrenching in considerable force in the Middleburg hills. The Irish, Hollanders nd Italian corps are getting uncontrollable. They are looting stores and farm houses."

Eloff at St. Helena.

Jamestown St. Helena, June 28.—Sarel Eloff, President Kruger's grandson, who was captured by the British at Mafeking, landed here yesterday with eleven officers and 98 troopers, mostly foreigners. The prisoners, who were clean and of respectable appearance, were immediately sent on to Deadwood, the prison camp.

THIS LOOKS RATHER SERIOUS.

Sir Frederick Hodgson Promised to Hold Out Till June 20.

London, June 28.—The Colonial Office has received a telegram from Col. Willcocks, dated Prahsu, Ashantee, June 26, as follows:

"Major Wilkinson reached Bekwai June 19. In response to my telegram to the Governor of the Gold Coast (Sir Frederick Mitchell Hodgson), at Coomassie, the latter writes, June 16, saying he will hold out to June 20. This letter, received by Capt. Hall at Esumeja, was forwarded to Wilkinson at Bekwai at midnight, June 21. Wilkinson proceeded immediately to Esumeja, arriving there at dawn, June 22, after marching through torrents of rain. Lieut. Burroughs, with about 500 natives, is going north as fast as the flooded rivers permit."

CHICAGO'S BIG STRIKE OVER.

After Nine Months of Fighting 50,000 Men Will Go to Work.

Chicago, June 28.—One of the greatest industrial strikes, perhaps in the history of the world has just been brought to an end. It lasted from October, 1899, to June, 1900, involving a loss in wages to laborers in and within a radius of 100 miles of Chicago of over $150,000 a day. About 50,000 men employed among the building trades here are said to have been idle most of the time.

The Linemen's Strike.

Ottawa, June 28.—Another Ottawa strike has failed. Most of the union linemen returned to work without gaining any of the things they went out for. The men asked for nine hours a day instead of ten, and for increased wages, but the electric companies refused to concede these requests, and after two weeks of idleness the men went back to work.

Boy Killed by Lightning.

Delaware, Ont., June 28.—During a severe thunderstorm which passed over this place about 5 o'clock last evening Clarence Mahler, aged 9, son of Mr. L. Mahler, was instantly killed by lightning while taking shelter under a tree. Another boy, Manson Cudley, who was with him, was severely shocked, but will recover.

Wife of Mark Twain Dead.

New York, June 28.—Mrs. Katherine Lott Clemens, wife of Will M. Clemens, the author, died suddenly yesterday morning of heart trouble at Hackensack, N.J.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

THE CONCILIATION BILL.

Intended to Help to Prevent Strikes and Lock-Outs.

A Department of Labor, Similar to the Ontario Bureau of Industries, Is to Be Established to Gather Labor Information to Be Given to the Public—Prohibition to Come Up in the House on Tuesday—The Public Health.

Ottawa, June 28.—The most important bit of Government legislation this year was introduced yesterday morning by Hon. William Mulock. It was the long-promised Conciliation Act to aid in settling trade disputes and to provide for the publication of industrial statistics.

To Prevent Strikes.

Hon. Mr. Mulock introduced his Conciliation Act and said that the bill proposed by the aid of conciliators to promote the settlement of trade disputes, and the differences that might arise between employers and employed. The bill would help to prevent strikes and lockouts. It was intended to establish a department of labor. It would be the duty of this department to gather labor information for the purpose of publication. A monthly gazette would be published by this branch in public service. It would fill a similar position to the reports of the Minister of Agriculture and of the Department of Trade and Commerce. There was nothing new about the machinery of the act, as it was on the same lines as the Conciliation bill of England.

Mr. Foster condemned the Government for its tardiness.

Mr. McMullen made a speech in reply.

Sir Charles Tupper spoke at some length censuring the Government for its lack of speedy legislation.

The House rose for recess at 1 o'clock.

At 3 o'clock there was a sparse gathering of members.

Mr. Ingrim criticized Mr. Mulock's Conciliation bill. The bill did not state the number of employes necessary to be employed in a factory before arbitration took place.

Mr. Mulock declined to talk, because it was not usual to discuss the merits of a bill upon its first reading. Pressed, however, he said the bill dealt with trade disputes, and anything of that nature would come within its purview.

Mr. Ingrim wanted a clause inserted that in case of strikes where the public interest was at stake the Government might step in and straighten out the difficulty.

Dr. Sproule wanted to know what Mr. Mulock meant by a department of labor.

Mr. Mulock said that there would be no portfolio created. A bureau of industries would be formed similar to the one in the Province of Ontario.

The bill was read a first time.

The Prohibition Question.

Mr. Foster asked if the prohibition question would come up Monday?

Sir Wilfrid replied that next Tuesday would be the day. He also said that the House would sit on Saturday and Monday, although July 1 is celebrated on Monday. He desired to accomplish prorogation as soon as possible.

The Alaska Boundary.

Sir Charles asked that the report of Major-General Cameron on the Alaskan boundary question be brought down.

Sir Wilfrid replied that the request was reasonable for the more light thrown upon this question the more Canada had to gain. He would give a definite answer later.

Want to Serve in China.

Dr. Borden, in answer to Col. Prior, said that the Militia Department had yesterday received an offer of service in China from the officers, non-commissioned officers and men of the Esquimalt Garrison, A Company, R. C. R., Victoria. About 60 soldiers signed the application.

No Statutory Measures.

Mr. McNeill wanted to know the position of the Government on the matter of statutory increases to civil servants.

Mr. Fielding said that the Government's policy would be enunciated, if necessary, by the legislation.

Stubbs Denies the Charge.

William Stubbs, M. P., arose and in vigorous tones declared that he had been charged by W.H. Bennett, M. P., with attending a political caucus. Mr. Stubbs denied the charge in toto, declaring he had never attended any political caucus since he entered Parliament.

The House believed him and Stubbs subsided.

Department of Public Health.

Dr. Roddick, on a motion to go into supply, spoke a few words about the necessity of establishing a department of public health. At present when the facts were desired, one had to go to two or three departments. He suggested that such a department should be formed and Dr. Montizambert put in charge. His duties would take in quarantine regulations, Dominion vital statistics, sanitation and others. The Dr. believed there should be a strong corps of sanitary police paid by the Dominion Government and co-operating with the provincial police. A bacteriological laboratory was a necessary institution for Canada. In this laboratory the latest developments that the Government should have medical men at the ports of exit in Europe and the Orient. These men might look carefully at immigrants for Canada.

Mr. Fisher appreciated the suggestions and hoped some day to have them carried out.

Sir Charles Tupper backed up Dr. Roddick's suggestion and pointed out the great evils arising from tuberculosis and the need of its prevention. He believed that if cattle were properly and medically examined and germs of tuberculosis eradicated from them, great good would result to Canadians.

A general discussion upon Canada's health then ensued and the matter dropped.

The House went into supply on the railway estimates and Mr. Blair continued his speech, glorifying his work.

Big Expenditure on Canals.

Mr. Blair anticipated that by an expenditure of $10,000,000 more upon canals, Canada's waterways would be perfected. He intended to spend $1,200,000 upon the Sault Ste. Marie canal and over $1,000,000 upon the Welland canal. All told, nearly $80,000,000 was the past, present and future cost of the canal system.

Hon. Mr. Haggart followed Mr. Blair. He reviewed the vain-glorious speech of the Minister, and showed by detailed arguments that Mr. Blair had been bolstering up a very weak case. Mr. Blair's surplus had been obtained by charging to capital all improvements upon I. C. R., whereas, these charges should have been made to income.

Mr. Powell (Westmoreland) followed, and declared that Mr. Blair, in his boasting, had been juggling with figures and drawing colored conclusions as far from the truth as the north was from the south.

Some progress was made with Mr. Blair's estimates, and the House adjourned at 12.30 o'clock.

The Senate.

Ottawa, June 28. — The case of H. J. Pineau, M.P.P., P.E.I., came up in the Senate yesterday, introduced by Senator Ferguson, in moving for a return of all correspondence relating to the preparation and forwarding of the products of the island. The motion for the returns was carried.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY
FOR THE BLOOD, LIVER, LUNGS.
Experience has shown to physicians that the majority of diseases have their origin in the derangement or disease of the stomach and other organs of digestion and nutrition. The stomach is the receptacle in which food is received and the laboratory in which it is prepared to nourish the different parts of the body. It prepares brain nourishment in one way, nerve nourishment in another, muscle nourishment in another. When the stomach is "out of order" these various forms of nourishment are only partly or imperfectly prepared, and nerve, muscle, or brain, as the case may be, is only partly fed, and the result is pain, which is Nature's protest and warning. The pain may be in the head or in the heart, but you must reach it through the stomach or you can't cure it. That is the philosophy on which Dr. Pierce's Golden Medical Discovery is prepared. It has absolute control of the stomach and digestive and nutritive system. It cures diseases in head, heart, liver, lungs and other organs by curing the diseased condition of the stomach which prevents the proper nourishment of the various organs and corrupts them by its own diseased condition, in the partial nourishment it provides. In like manner "Golden Medical Discovery" purifies the blood, by purifying the stomach and other blood-making organs.
It contains no alcohol, or other intoxicant, and no narcotic.

THE COLONIES TRADE.

Mr. Ritchie Says a Measure of Reciprocity With the Colonies Would Be Practicable.

London, June 28.—On the resumption yesterday of the session of the Association of Chamber of Commerce of the United Kingdom, the president of the Board of Trade, Mr. C. T. Ritchie, addressed the delegates. Referring to Tuesday's discussion of commercial relations, he said he believed the days of the strict Manchester free trade school were passing. The remark was greeted with cheers and cries of dissent, after which Mr. Ritchie explained that he did not wish to infer that Great Britain was likely to abandon her free trade policy, but thought that without departing from the fundamental principle, there might be arranged a closer reciprocal connection between the Motherland and the colonies.

BIG BLAZE AT ST. CATHARINES.

Lumber Yards of Messrs. Wilson & Co. Nearly Destroyed.

St. Catharines, Ont., June 28. — About 10.15 o'clock yesterday forenoon fire broke out in the barn in the rear of Mrs. Hennegan's residence, and before it was scarcely discovered the flames had leaped into one of the large lumber piles of Wilson & Co. The fire had a strong foothold before the firemen were able to get to work. The heat from the fire was something terrific. Several of the men were prostrated, and compelled to retire. This is the fourth fire this firm has had in the last two months. The other three were of incendiary origin, and the fire yesterday looks like another attempt, as the barn, which was evidently set on fire, is situated close to the lumber yard. The loss is about $30,000.

THE ROYAL COMMISSION.

Initial Meeting Appoints as Counsel Mr. Aylesworth, Q.C., and Mr. Nesbitt, Q.C.

Toronto, June 28.—The Royal Election Commission appointed by the Dominion Government, held a meeting at Osgoode Hall yesterday morning, the Hon. Sir John A. Boyd, Chancellor Mr. Justice Falconbridge and Judge McTavish being present.

Mr. Aylesworth, Q.C., and Mr. Nesbitt, Q.C., were appointed counsel to conduct the investigation on behalf of the parties interested.

Mr. John D. Falconbridge was appointed registrar of the commission.

The date for the initial sitting has not yet been fixed.

A Pretty Lame Excuse.

Ottawa, June 28.—The Government declares that ex-Lieutenant-Governor McInnes' statement that he acted on the advice of Hon. Mr. Scott, Secretary of State, does not incriminate the Government. It is known that Mr. Scott and Mr. McInnes were great chums while in the Senate, and anything Mr. Scott wrote to Mr. McInnes is taken as being purely of a personal nature.

Ruthven Village Scorched.

Ruthven, Ont., June 28.— A fire swept the northern part of the business portion of the village early yesterday morning. The following business places were totally destroyed: L. A. Boussey, tailor, harness shop and dwelling; E. B. Stewart, general store; T. H. Wigle, postoffice, store and dwelling, partly burned; total loss, $6,000; partly covered with insurance.

Steamer Glengarry in Trouble.

Kingsville, Ont., June 28. — The Canadian steamer Glengarry wrecked her engines off this port last night. The crosshead, intermediate and high pressure cylinders were broken. The steamer and consort are coal laden from Buffalo for Fort William.

Car Repairer Crushed.

Toronto Junction, June 28.—Thos. Hengill, a car repairer on the C. P. R., was accidentally caught between the drawheads whilst coupling cars yesterday afternoon, and was very badly crushed. What his injuries are cannot be determined for 36 hours.

Back Broken, Death Followed.

Kingston, Ont., June 28.—George Kane, aged 27, had his back broken in a factory in Gananoque, and was removed to the Kingston General Hospital, where death ensued. A widow and two children survive him.

THE FOREIGN LEGATIONS

Were Ordered to Leave Pekin in Twenty-Four Hours.

Ministers Now With Admiral Seymour Entrenched Eight Miles From Tien Tsin—The News Confirmed From German and Chinese-American Sources—An Escort Out of the City Furnished—News Given to Imperial Commons.

London, June 28.—(3.20 a. m.)—The composite brigade of 2,300 men, who raised the investment of Tien Tsin and pushed on to help Admiral Seymour, has probably saved him, but the news has not yet reached Che Foo, the nearest wire point. The last steamer at Che Foo from Taku brought this message, dated Tien Tsin, Monday:

"The Russian general in command of the relief force had decided, in view of Saturday's heavy fighting and marching, that one day's rest for the troops was essential and that the advance should not be resumed until to-day."

"Meanwhile came Admiral Seymour's heliograph that his position was desperate, and that he could only hold out two days. The relief started at dawn to-day (Monday)."

Germans Confirm It.

Berlin, June 28.—The German consul at Che Foo confirms the contents of the message from Vice-Admiral Seymour, which reached Tien Tsin Monday, saying he was then eight miles westward of that city, terribly harassed, could only hold out another two days, and had 63 men killed and over 200 wounded, and adds that the Admiral asked for the despatch of a relief column of 2,000 men. This column left Tien Tsin during the morning of June 25, under Russian command.

24 Hours to Leave Pekin.

London, June 28.—The Foreign Office has issued the following telegram from W. R. Carles, the British consul at Tien Tsin, undated, but probably sent June 24, and forwarded from Che Foo, June 27:

"A note has been received by the Commissioner of Customs here from Inspector General Hart (Sir Robert Hart) at Pekin, dated June 19, stating that the Foreign Legations had been desired to leave Pekin within 24 hours."

Ministers With Relief Force.

Washington, June 28.—The following cablegram was received at the Navy Department late yesterday afternoon:

"Che Foo, June 27.—Secretary Navy, Washington: Pekin force and ministers reported with Pekin relief expedition, entrenched eight miles from Tien Tsin. Kempff."

Mr. Wu Confirms It.

The Chinese Minister has just received a telegram from Pekin via Ching Fu, dated June 19, saying that the Ministers and foreigners in Pekin were there and well, and that arrangements were being made to provide them with an escort out of the city.

HEARD OF IT AL LAST.

News of the Relief of Tien Tsin Announced in the Commons.

London, June 28.—The Parliamentary Secretary of the Foreign Office, Mr. William St. John Broderick, in the House of Commons yesterday, said he was at last able to announce the information of the relief of Tien Tsin. He added that the Government had received two telegrams, one from the British consul at Tien Tsin, wired June 23, by way of Che Foo, June 27, announcing that a British column under Major Maurice of the Welsh Fusiliers, and a naval brigade under Commandant Craddock, had arrived at noon 550 strong. The message also said that 1,500 Russians were reported to be at the Tien Tsin Railroad Station, and that 150 Americans and 50 Italians had also arrived.

The second telegram was from Rear-Admiral Bruce, dated Taku, June 25. It succeed to the above that Vice-Admiral Seymour was reported to be 10 miles from Tien Tsin, hampered with sick and wounded and engaged with the enemy.

GOLDEN OPINIONS
From People who Have Proven the Exceptional Efficacy of the Home Remedies of the Veteran Physician.
DR. A. W. CHASE.
Public opinion is never far astray. In the following letters are stated actual facts that prove Dr. Chase's family remedies to be of such unusual merit as to command the confidence of the sick and suffering. There is hope for you in the prescriptions of Dr. Chase.
ITCHING PILES.
Mr. H. Bull, Belleville, Ont., says; "I take pleasure in stating that after thirty years of suffering with Itching Piles, Dr. Chase's Ointment has completely cured me. I tried every remedy that was advertised, with little or no benefit, but as I have told different persons affected as I was, Dr. Chase's Ointment made a perfect cure."
WEAK AND NERVOUS.
Mrs. J. M. Bradley, 100 Jane St., Ottawa, states; "For several years I have been gradually running down in health; I was very nervous and weak, and worried greatly over my future. Hearing of Dr. Chase's Nerve Food, and the wonderful results it has accomplished in others, I obtained a box and began using it as directed. I began to improve immediately, and am now restored to full health and vigor."
"Dr. Chase's Nerve Food is an excellent remedy, and I can recommend it to all who are weak, nervous or run down in health."
SICKLY CHILDREN.
Mrs. Stephen Dempsey, Albury, P.E. County, Ont., writes; "My little granddaughter, nine years old, was very pale and weak, and had no appetite. She had a tired wornout appearance, and was delicate and sickly. I got some of Dr. Chase's Nerve Food for her, and it has helped her very much. She is gaining considerably in weight and looks real healthy."
CONSTIPATION.
Mrs. W. H. Fisher, Preston, Ont., states; "I can recommend Dr. Chase's Kidney-Liver Pills for constipation. I was troubled for about nine years, and have spent hundreds of dollars with doctors and for remedies I heard of, but they failed to ever give relief. Hearing of Dr. Chase's Kidney-Liver Pills I procured a box and they have cured me of this long-standing complaint. I don't have to use them any more at all, which goes to show that the cure is complete and permanent."
Imitators of Dr. Chase's Remedies don't dare to reproduce his portrait and signature, which are on every box of his genuine remedies. For sale at all dealers, or Edmonson, Bates & Company, Toronto, Ont.

Electric Storm at Ottawa.

Ottawa, June 28.—A tremendous thunderstorm came to town yesterday, and stayed on for two hours. Lightning badly wrecked the home of Mr. Robert Taylor, 76 College avenue, at noon, but, strange to say, Mrs. Taylor, who was sitting in the dining-room with her child, was not in the least injured, although badly frightened. The lightning struck the shed first and split it in two. It then went in the back of the house, ripped the walls, tore down the cornices and passed out of the front of the house, badly damaging the whole building. Another peculiar thing about the affair was that there was no fire as a result of the lightning striking the house.

Ontario License Holder.

Guelph, Ont., June 28.—The seventh annual convention of the License Holder's Protective Association of Ontario was opened here yesterday in the Council Chamber at the City Hall. Nearly one hundred delegates were in attendance. The following officers were elected for the ensuing year: President, F. J. Collins, Dundas; first vice-president, John Coffee, Barrie; second vice-president, D. B. Birrell, York Mills; treasurer, James McFarlane, Toronto; secretary, E. Dickie, Toronto; solicitor, James Haverson, Toronto; auditors, J. W. Scandress, London, and H. A. Coffen, Georgetown.

Up in Woodstock a fellow got fined for telling another man he was a liar. The defendant claimed that he told the truth, but the fine went, just the same. Funny thing, the law; it protects the liar and punishes the man who tells the truth.

It seems to be early yet to talk of the home-coming of the boys in Africa. The Canadian Gazette of London says: "Every man who is not wanted at the front is needed to protect the lines of communications, as the loss of the Derbyshire Regiment, to which, by the way, a Canadian, Lieut. Blanchard, was attached, and was wounded — last week plainly showed. Until a crushing defeat has been inflicted on the enemy it is unlikely that any regiments can be spared."

Do you know anything about the Emergency food which has been talked about so much in the papers lately? If you don't know what the principal cause of complaint is you will if you read the following paragraph from the Montreal Gazette: "Dr. Ruttan says that to sustain a man's strength he needs daily, at ordinary work, food containing 4 1-2 ounces of proteids, and for severe work enough to give him 6 1-2 ounces of the same substances. For use when they would be cut off from other supplies and working hard Dr. Borden provided the Canadian soldiers with a ration of ground crackers containing two-thirds of an ounce of proteids, and paid $2 a pound for it to a contractor operating under the name of a company that has no existence."

The real danger seems to be in the quality of the arms, not in the quality of the men who use them.

The original cost of the emergency food was $888, divided up thus: $690 for material, $23 for grinding it into meal, and $175 for the tins. And for this the Government coughed up $4,660. And the Grit members of the Commission said it was all right.

Owing to the recent showers, crops in this district are looking well.

Spraying to Destroy Herrick

Experiments with solutions for destroying common mustard will this season be conducted at the farm of Mr. C. A. Palmer, 4th con., Thurlow Tp., under the direction of Mr. M. W. Doherty, M. A., of the Ontario Agricultural College, Director of the work in Economic Botany of the Experimental Union. Two different solutions will be used on a field of oats. Mr. Doherty, who probably was the first on this continent to employ this method, recommends spraying for the eradication of this troublesome weed on the strength of results obtained from careful tests on plots of infested oats for three seasons. A satisfactory test is hoped for and all who are interested are invited to inspect the plots on Mr. Palmer's farm about the time the herrick begins to flower.

OUR WASHINGTON LETTER.

(From Our Own Correspondent.)

Washington, June 26, 1900.

The feeling is growing here that the Chinese situation has been terribly underestimated by the powers and that the world is on the brink of a war which will be as frightful as any in modern times. Whether it was started by Russia for her own ends or whether it is the long brooding revolt of the Chinese against foreign aggression, is of little consequence now. As things are, the conditions there are a menace to the world and certainly involve the loss of hundreds of foreign lives, the wiping out of immensely valuable foreign trade and the destruction of most of the railways, telegraph lines and other material evidences of modern civilization in China. The belief here is that the rebellion is not a religious one in any strict sense of the word. The Chinese are against the Christians because they are foreigners and not against the foreigners because they are Christians. They are against the native Christians, not on account of their change of religion but because this is held to be evidence that they have allied themselves with the foreigners and are therefore traitors to their own country. A Chinaman is said to have little objection to Christianity in the abstract, as it was laid down by its founder nineteen centuries ago, but he has decided objection to Christians who run railways over the graves of his ancestors, who destroy his crops and who carelessly alter the "spirit influences" which he believes flow from nearly every thing that enters into his life. And as we cannot tell one Chinaman from another, so he cannot tell one foreigner from another and when he starts to kill, does not restrict himself to those whom he knows have injured him. The troubles were undoubtedly provoked by the Germans and Belgians. Had these conducted themselves as well as the British and Americans, the trouble might have been avoided.

The National Continental Union League met in New York last week and elected officers for the coming year. The league was formed about seven years ago to consummate the political union of Canada and the United States. For this purpose, it proposes to organize branches in each State of the United States and in each province of Canada. This league does not appear to have accomplished much during the seven years of its existence. So far as can be observed from surface indications, there are not as many Canadians in favor of annexation now as there were when the National Continental Union League was organized, and there is certainly no clearly defined annexation sentiment in the United States. One of the few blunders made by a great American statesman, now gone to rest, was to exploit this matter in a Fourth of July speech. It fell flat and the subject has not since been seriously considered. The Canadians sometimes introduce it into their politics, but for all practical purposes it is of no more moment at present than is any dead and gone issue.

At a recent session of the Industrial Commission, F. H. Hitchcock, chief of the section of foreign markets of the Department of Agriculture, made a plea for a law requiring a strict inspection of all dairy products destined for export, on the lines of the Canadian law on the subject. There had been, he said, a decline in the United States exports of butter and cheese, the chief cause being the exportation of inferior articles. Australia was developing a great export trade in butter, following the lines of Danish and Canadian inspection methods, guaranteeing a high grade to the purchaser. The Baltic provinces of Russia were doing much the same thing, while the United States was losing its trade because of its laxity. Mr. Hitchcock recommended a system of government inspection and said it would be indorsed by all of the dairy associations if carried on in the manner of the present meat inspection.

Lord Pauncefote, the British Ambassador is conferring with Postmaster General Smith, in regard to increasing the postal facilities between this country and England. It is understood that the Ambassador is endeavoring to have this country enter into a parcels post treaty with England. This matter frequently has been considered, but the United States always declined to enter into such an arrangement. The last refusal was made within the past few months.

E. G. Siggers, Patent lawyer, Washington, D.C., U.S.A., reports the following patents granted by the U.S. Patent Office, June 5, 1900, to inventors residing in the Dominion of Canada. E. Best, London, car-replacer; W. H. Goodwin, Toronto, chart-blank; D. MacPherson, Montreal, railway switch; A. McNair, Vancouver, friction clutch.

Literary Notes.

CASSELL'S "LITTLE FOLKS."

The writer of "Who's Who and What's What" in Cassell's Little Folks manages to furnish a store of interesting stories every month. In the July number he relates the tale of a brave partridge. When Dr. John Rae was exploring in the Arctic Regions, he says, he went one day for a walk along with one of his crew. They met with a hen partridge and her chickens. As soon as she saw Dr. Rae and his companion she tried to turn their attention away from her young. She ran around them, over their feet and under their feet, striking at their hands vigorously when they attempted to catch a chicken. She even took no care of herself and allowed them to make her prisoner, so that her young ones might not be molested. The moment she was set free she began to attack the two men again, and kept up the onslaught so bravely and so perseveringly that they were at length glad to leave the devoted mother mistress of the field.

DON'T DRINK ICE-COLD WATER.

Ice-cold water is not so good as iced water—that is, water cooled by ice without coming in contact with it. The less of either the better. It is an excellent practice to drink water—an abundance of it—just before retiring, also the first thing in the morning. It is a cleanser of the system, and is a good diuretic.—July Ladies' Home Journal.

BEFORE "THE NEW WOMAN" CAME.

Life Was Calmer Then, and There was No Mad Craze for Wealth.

Before the birth of the new woman the country was not an intellectual desert, as she is apt to suppose. There were teachers of the highest grade, and libraries, and countless circles in our towns and villages of scholarly leisurely folk, who loved books and music and nature and lived much apart with them. The mad craze for money which clutches at our souls to-day was hardly known then. The American had time for other pursuits and passions. Then, too, he had not begun to co-operate—to fuse himself into guilds, and unions and leagues. The individual developed slowly and fully. He followed his own chosen path. Now the essential duty set before him is to keep step with some body of men, to be one of a majority—to sink himself in the mass. There was space in that calm, leisurely life for the full growth of personality. Hence, if a girl had a call to any kind of mental work she followed it quietly and steadily. She studied Greek or Mathematics or literature, because nature had fitted her for that especial study, while now the brains of all girls whose parents decide to give them a college education are packed with the same quantities of the same knowledge.—July Ladies' Home Journal.

THE COASTWISE LIGHTS.

Rudyard Kipling.

Our brows are bound with spindrift
and the weed is on our knees;
Our loins are battered 'neath us by
the swinging, smoking seas.
From reef and rock and skerry—
over headland, ness and voe—
The Coastwise Lights of England
watch the ships of England go.

Through the endless summer evenings,
on the lineless, lever floors,
Through the yelling channel tempest
when the siren hoots and roars—
By day the dipping house-flag, and by
night the rocket's trail—
As the sheep that graze behind us so
we know them, where they hail.

We bridge across the dark and bid the
helmsman have a care,
The flash that wheeling inland wakes
his sleeping wife to prayer;
From our vexed eyries, head to gale,
we bind in burning chains
The lover from the sea-rim drawn—
his love in English lanes.

We greet the clippers wing-and-wing
that race the southern wool;
We warn the crawling cargo-tanks
of Bremen, Leith and Hull;
To each and all our equal lamp at
peril of the sea—
The white wall-sided warships or the
whalers of Dundee!

Come up, come in from Eastwood,
from the guard-ports of the Morn!
Beat up, beat in from Southerly, O
gypsies of the Horn!
Swift shuttles of an Empire's loom
that weave us main to main,
The Coastwise Lights of England
give you welcome back again!

Go, get you gone up-channel with the
seacrust on your plates;
Go, get you into London, with the burden of your freights!
Haste, for they talk of Empire there,
and say, if any seek,
The Lights of England sent you and
by silence shall ye speak!

THE HEALTH PROBLEM.

Is much simpler than is sometimes supposed. Health depends chiefly upon perfect digestion and pure blood, and the problem is solved very readily by Hood's Sarsaparilla. You may keep well by taking it promptly for any stomach or blood disorder. Its cures of scrofula, salt rheum, catarrh, dyspepsia, rheumatism and other diseases are numbered by the thousands.

The favorite family cathartic is Hood's Pills.

QUALITY and ASSORTMENT

Are not to be equalled—that's the opinion of all. You'll hear it often every day: "I don't find the quality or assortment elsewhere as I do at Quick & Robertson's." True, nor are the prices found as common. If you don't believe it, visit other clothing stores, then come here—you'll leave with the same impression. Impressions make opinions, you know. Perhaps you want a suit, a shirt or only a hat, but you want the widest range of styles to select from. That's where our assortment completeness counts. Every department is always in a perfect state of readiness to supply your wants for any kind of weather. So come to the Reliable Store where disappointments are unheard of.

Men's Suits

If your means are unlimited, the highest priced custom tailor is the one to whom you should certainly go for your clothing. But if price is an object we can sell you a suit that will fit you as well, is as well tailored, but ready to wear instead of made to measure, at

$6.50, $8.00, $10, $12, to $15,

prices that men of moderate means can afford to pay for good clothing.

The fabrics—worsteds, cheviots, cassimeres and serges—are the best to be had.

The patterns—many of which are exclusive with us—are the latest.

Our $6.50 and $10.00 line of suits is being added to every week—just as fast as the makers send them. Blue Serge Suits that won't fade, won't shrink, and will hold their shape, $6 50, $8.50, $10.00, to $13 50.

A rumor was current upon the street to-day that a man in Prince Edward county was killed by lightning last evening, but the report could not be verified.

Mr. H. H. Gildersleeve sends the following telegram from Kingston; "Steamer North King left here last night twenty-five minutes later than Steamer Argyle and arrived at Charlotte five minutes ahead. Long live the King."

Don't forget the Foresters' excursion to Rochester, Niagara Falls, Saturday, June 30th, per Str. Columbia and New York Central and Hudson River R.R. Co. Don't be misled by another steamboat company, as the Foresters' is the only excursion to the Falls. Tickets to Charlotte and return $1.50. From Charlotte to Niagara Falls and return $1.25. Home early Tuesday morning.

PROSTRATED BY LIGHTNING

Mr. A. Tisdale Receives a Severe Shock.

During the thunderstorm which passed over the city last evening Mr. A. Tisdale, boat-builder, was prostrated by an electric bolt which entered his boat house. The current was conveyed into the building by a wire which extends from a telegraph pole the end of the wire being fastened in a post near the door. Mr. Tisdale was standing a few feet away from where the bolt entered otherwise he would probably have been killed. As it was he was thrown violently to the floor and stunned. At first it was feared his right side was paralyzed, but to-day he is able to use his arm and leg and is otherwise improved. The building was not set on fire, the only damage done being the shattering of a board.

Follow the crowd to Wood's Fair and hear the musical Saturday night. d3t

A BLUNDERING OFFICER

Admiral Kempff is Considered Incompetent at Washington.

His Actions Will be Judged by a Court of Enquiry—Superseded by Admiral Remey.

(By Associated Press To-day.)

New York, June 29.—A special to the Tribune from Washington says: "Admiral Remey is expected to relieve Admiral Kempff next Sunday, and send him to Nagasaki or Che Foo. Official dissatisfaction with Admiral Kempff has been displayed from all the authorities here. The necessity for Admiral Kempff's speedy detachment, it is said at the Navy Department, has been apparent ever since it was learned that Flag Captain McCalla has gone to the front with Vice-Admiral Seymour's column, for it was well known to officials that without McCalla's constant advice the American senior naval officer could not be depended upon to meet grave emergencies involving discretion of a high order. Kempff has always been regarded as one of the finest sailor-men in the service, and as good a fighter as ever commanded a ship, but he was never proficient in diplomatic matters and was declared to be unsuited to represent the United States at a great gathering of the Naval Powers. The failure to participate with the other Admirals in taking the Taku forts will require a clear explanation from Admiral Kempff as soon as the present crisis permits a Court of Enquiry. Not one of the despatches sent by the Admiral in the last two weeks is clear in essentials. Superfluous words are common and in several instances single words have been omitted which would have been of great value to the Government. Last Sunday Admiral Remey was ordered to go to Nagasaki and coal the Brooklyn and be ready to relieve Kempff. Monday he was ordered to proceed immediately to Taku and assume command at once. The Brooklyn left Manila on Tuesday and will reach Taku Sunday, and from that date the authorities will breathe easier."

PTE. CRAIG'S RECEPTION

Windsor People Give a Hearty Greeting to a Soldier of the Queen.

Windsor, Ont., June 27.—E. D. Craig, the first of the Windsor boys to return home from South Africa, arrived yesterday afternoon. There was a large gathering at the depot to meet him. The crowd included a number of pretty girls, and when young Craig stepped from the car he received a "Hobson" greeting.

The soldier was driven to his father's residence, but all along the route the carriage was stopped by people anxious for a handshake and to extend a word of greeting. All afternoon "Ernie" held an informal reception at his father's residence, hundreds of his friends calling to extend congratulations.

In the evening the local companies of the Twenty-First Essex Fusiliers, of which he was a member, turned out in Craig's honor and paraded to his home. The soldiers were followed by a crowd of people anxious to catch a glimpse of Craig, and it is estimated that fully three thousand people were present. Fireworks were set off. The soldiers were lined up and fired a feue de joie and gave three cheers and a tiger for Craig. A large number of people went inside the house and greeted Craig, he being unable to stand outside on account of his lame leg. Speeches were delivered by a number of persons, and the reception closed with the singing of the National Anthem.

Craig is very lame. He was shot in the left leg, and while doing hospital duty sustained a fracture of the right ankle. The bullet wound soon healed but the fracture of the ankle is more serious, and he will be crippled for some time. He is many pounds heavier than when he left home, and says his health was never better. Among the interesting relics that the soldier brought home is a cane presented to him by the Prince of Wales. All the other wounded received a similar gift. He also exhibits a big dirk with which he dug himself into cover at the battle of Paardeburg.

Steamer Algerian Damaged

Last evening the steamer Algerian, of the Richelieu and Ontario Navigation Company, was at Cobourg dock on the way down. The steamer Spartan, of the same line, was going up the lake and went into Cobourg harbor, where the Algerian was tied up. Through some means the Spartan struck the Algerian amidships, putting a large hole into her and causing considerable commotion amongst the passengers. The damage done was temporarily repaired and the boat proceeded on her way, being here on time. Fortunately the steering apparatus was not damaged.

BIGGEST FIRE IN MANY YEARS.

The Union Elevator, and Other Buildings, Go Up in Smoke.

The Street Railway Company a Heavy Loser—Three Families Rendered Homeless—Damage Will be Considerable.

At 6 o'clock this morning, Mr. Thomas Abrahams, whilst passing the Union elevator, situated on the wharf on the south end of Front St., saw smoke issuing from the structure, and immediately gave an alarm. The Gas house whistle shrieked out the first alarm, and soon after the fire bells were set in motion. It was evident from the commencement that the Fire Brigade had no light task before them, as upon their arrival the interior of the elevator was a seething mass of flames. It proved to be one of the most destructive fires which has ever visited this city. The brigade were not long in having a number of streams playing upon the building, which, being of wood, burned rapidly. In an incredibly short time the building was on fire from the basement to the roof, and other buildings adjoining were falling preys to the devouring element.

To the north of the elevator was situated the Belleville Traction Company's barn, in which were stored all the cars belonging to the Company. After considerable exertion the two summer cars were got out upon the main line and run to a place of safety. Two winter cars, 26 feet in length, were burned; also some trucks, all the track equipments, two extra fields of motors, wire and applicances. The loss to the Company (or bank) will be considerably in excess of insurance.

At the south of the elevator was the coal office of Mr. Thos. Stewart, which, with all its contents, was destroyed, as was also a shed containing some 800 bushels of charcoal, 40 tons of blacksmiths' coal, 25 tons of Cannel coal, 30 tons of soft coal and a large quantity of hoisting gear and other machinery. The large coal shed of Mr. Stewart, adjoining the office and extending southward along the dock, was saved.

The fiery element did not appear to be content with its destruction along the dock but leaped across the street and seized upon a large shed belonging to Mr. Stewart, in which was stored about 130 tons of pressed hay, 300 bushels of corn and 300 bushels of oats. Although this building was not completely destroyed the hay was burned to such an extent as to render it almost valueless, and the building was of necessity nearly all taken down.

On the east side of the street, opposite the elevator, was an old landmark, known as the "Red house," a large two-storey tenement house. It was occupied by three families, namely, Mr. Henry Dalton, Mrs. Mercer, and Mrs. A. Seams. It was only by the united exertion of the firemen that the building was saved, as it was on fire at intervals in different places, and the heat was intense. The families made a hasty exit and in so doing their furniture was considerably damaged. Not one of them had any insurance and all are of such a class that the loss sustained is keenly felt by them.

THE ELEVATOR.

This building known as the Union elevator was a fine large and substantial structure. It was erected about 25 years ago by Messrs. Campbell and Brennan. Its original cost was in the vicinity of $2,000. It was still in a good state of repair and was well furnished. It contained about 10,000 bushels of grain, composed of wheat, barley, rye, oats and peas. Mr. F. F. Cole, of Toronto, is the lessee and the Dominion Bank is the owner of the building. The loss upon the grain would be about $6,000.

LOSSES AND INSURANCE.

It was impossible to ascertain the insurance upon the elevator as the policies are held at the head office of the Dominion Bank at Toronto. The loss will probably be in the vicinity of $10,000 partly covered by insurance.

Mr. F. F. Cole, lessee of the building also carried insurance, but this could not be ascertained, it being all placed with companies in Toronto.

Those in a position to know estimate the loss to the Traction Company at from $6,000 to $7,000. The building was insured for $300 in the British America, and the cars burned were insured for $4,600, of which $2,250 was in the Royal and $2,350 in the British America.

The contents of the coal office and sheds occupied by Mr. Stewart was insured for $500 in the Norwich Union.

The tenement house is owned by Col. Ponton. It is insured in the National of Ireland for $950. The loss will probably amount to $300.

The loss to the contents of the building in which was stored the hay, grain, etc., will be somewhere in the neighborhood of $1,500. No insurance. The building was badly wrecked, the damage amounting to probably $400.

NOTES.

Owing to the destruction of poles, wires, etc., the Traction Company's line were unable to run until this afternoon.

The firemen were considerably handicapped by the bursting of hose, a number of lengths being rendered useless. A new supply will now have to be secured.

Some of the old firemen state that it was one of the hottest fires they had ever attended. At times it was necessary to place up a shelter for the men and then drench them with water.

The firemen were kept upon the scene until this afternoon. During the whole course of the fire they worked well.

BOYS' SUIT SALE.

There is a sale of boys' two-piece suits at the Oak Hall this week that will not be repeated. We are offering the choice of over one hundred $5.00 suits at exactly one-half price, $2.50. Saturday will be your last opportunity. On Monday next these suits will be $5. We live to our advertising exactly.

"DOG DAYS" AT THE POLICE COURT.

A Large Number Summoned for Non-Registration of Canines.

There was a large attendance at the Sign of the Scales this morning. Many people seemed to have forgotten that the law requires them to register their dogs, at the same time paying a modest fee. An aid to memory in the shape of a summons was given to quite a large number recently, hence the largely attended levee at the court this morning. An enlargement of one week was allowed in the following cases: Thos. Cox, Mrs. Jos. Stoneberg, William Phillips, James Jackson, John Smith, Alex. Elliott, Edward McHugh, Arthur Rowland, Wm. Kyle.

The following parties were ordered to register: Mrs. J. Miller, Jas. McCarthy, Mrs. Orr, David Digweed, Thos. Meagher, N. B. Falkiner.

The following parties did not appear and were ordered to pay the registration fee and $1 costs in each case: Robt. Day, J. B. Robinson, James Mattise, Chas. Boyle, Joshua Lang, Albert Gerow, H. Day.

Charles Wilson, drunk, who said he had just come from Kingston, was allowed to go back, as the Magistrate could think of no worse punishment.

Wm. Proctor, an evil-visaged tramp, was charged with being drunk last night and calling the policemen "everything he could lay his tongue to." The Magistrate gave him a lecture and a suspended sentence of six months in the Central, and William's coat tails were flying in the breeze when he was last seen heading for the station.

Wm. McNellis was charged with owing Wm. Kirkpatrick $1.25 wages. The defendant did not appear, and judgment was given against him for the amount claimed and $1 costs or ten days.

James Casement, of Rawdon, charged Albert Phillips of the same place with using insulting language; and also asked that he furnish sureties to keep the peace. Phillips was found guilty of assault and the fine and costs amounted to $8. The other matter was dismissed and Casement had to pay the costs.

John Hill, residing on Everett St., was arrested last night on a warrant charging him with being insane. This morning his case was investigated by the Magistrate with the result that he was committed to jail for examination.

CAN YOU TELL WHY

You have constant headaches, are nervous and sleepless at night and feel tired in the morning? Your blood isn't carrying the right materials to your nerves and other organs. Begin taking Hood's Sarsaparilla, the great blood enricher, and you will soon realize a change. You will feel better and stronger, will relish your food and enjoy refreshing sleep.

Lightning's Freaks.

Mrs. Wm. Black, residing on George street, was last evening running a sewing machine during the storm when a flash of lightning prostrated, but did not seriously injure her. The flash seemed to strike the machine, but did not affect it.

The electric lights at the Quinte were put out for a moment by the lightning and a ball of fire coming from an electric fan in the bar lit up the place. No damage was done.

METHODISM IN THE WEST.

Two Pastors from the Montreal Conference Volunteer for the Arduous Work.

(Toronto Globe.)

There is still much of the spirit of devotion and self-sacrifice in the Methodist ministry. A short time ago at the Montreal Conference an appeal was made on behalf of the British Columbia branch of the church for volunteers to go out and carry on missionary work in the mining districts of the west, where are repeated the hardships of the pastors of the pioneer days in Ontario, Two brothers, Rev. T. Hall Wright, of Berwick, Ont., a pastor for thirteen years, and Rev. J. H. Wright, of Gaspe, a pastor for ten years, heard the appeal, and decided to go out to the new field of labor. Rev. T. Hall Wright will leave on Thursday for his new charge at Michel, East Kootenay, a growing mining town on the Crow's Nest line, and his brother, who has been assigned to a charge on the Lilooet district, will follow as soon as arrangements can be made. Rev. T. H. Wright and Mrs. Wright, formerly Miss Lillian Dunlop, of Belleville, are at present visiting friends in Toronto.

SAFE, SURE, AND PAINLESS.

What a world of meaning this statement embodies. Just what you are looking for, is it not? Putnam's Painless Corn Extractor—the great sure-pop corn cure—acts in this way. It makes no sore spots; safe, acts speedily and with certainty; sure and mildly, without inflaming the parts; painlessly. Do not be imposed upon by imitations or substitutes.

Admitted to Deacon's Orders

The eldest son of our old townsman, Henry B. Grier, has just been admitted to deacon's orders in the Protestant Episcopal Church of the United States.

William Alford Grier was born in 1876. He received his college education at Kenyon College, Gambier, Ohio. Graduating from that institution in 1897 with the degree of Bachelor of Science he entered upon his Theological studies at Bexley Hall, which is also situated at Gambier, and is the training school for divinity students in the dioceses of Ohio. Having completed the three years' course required in preparation for the ministry he was ordained to the Deaconate on Sunday, June 24th, in the church of the Holy Spirit, at Gambier, by the Bishop of the Diocese and will have charge of the mission at Clyde. The young clergyman is a grandson of Rev. John Grier, formerly rector of Belleville.

A Novel That's Worth While

Though it tells of wickedness and weakness, of love and revenge and remorse, in an intensely interesting way, yet it is above all else a clean and pure story. It is safe to say no one will read it and honestly ask, "What's the use?"—The Interior.

The Redemption of David Corson

A Novel by Charles Frederic Goss.

The character of the doctor in this book is an addition to the gallery of Originals in Literature. There is no one like him. He is a living, refreshing, audacious, splendid human quack.—The Commercial Tribune.

Many dramatic situations occur in the story; interest, action and plot compel the reader's interest throughout.—The Enquirer.

It deserves to be one of the books of the year. There are humor and pathos in it; there are sentiment and logic; a sturdy manliness and the picture of pure womanhood.—Utica Press.

It shows wide reading, large experience and sincere purpose, and the interest is well sustained.—New York Times.

One moves through the story with the guidance of a poet who shows him how beautiful the world is, so far as it is not defiled by sin. The two principal characters, David and Pepeeta, are wonderfully beautiful creatures.—The Herald and Presbyter.

Strong as are the descriptions of depraved nature, they repel vice with the force of the story of the Prodigal Son.—Dr. W. C. Gray, Chicago, Ill.

Newell Dwight Hillis, pastor of Plymouth Church, Brooklyn, N.Y., in a recent telegram says: "I have just finished reading 'The Redemption of David Corson' with wet eyes and a leaping heart. Warmest congratulations."

CARNEGIE'S MODEL ROAD

By J. T. ODELL.

The Cheapest Transportation by Rail in the United States—Changes in Equipment in Thirty-Five Years—Carrying a Tonnage Equal to that of Three Great Pacific Roads Combined.

(New York Evening Post.)

From the earliest colonial times down to the present day the material progress of this country has advanced in point of time and space in proportion to the growth of facilities for transportation of persons and agricultural, mining, and manufactured products. The rate of progress could be but slow as long as the means of communication were limited to the natural ones of rivers and lakes, and the artificial ones of ordinary highways by land, and to canals. But with the beginning of the railroad era the development received a great impetus and steadily gained in celerity and territorial extent in precise correspondence with the spreading of the net of rails from East to West. The history of American railroads show that, with the exception of some of those in the thickly populated older States, they were built not so much with reference to existing conditions as for the purpose of rendering the settlement of the traversed regions practicable, by which the needed traffic would be gradually created. The truly stupendous growth of the greater part of the Union west of the Mississippi during the last half of the nineteenth century, is indisputably due altogether to the tens of thousands of miles of rail arteries of travel and commerce that have been constructed through it. It is no exaggeration to say that but for the railroads it would have taken five hundred years instead of fifty to reach the present stage of development.

A GREAT PROBLEM.

But the opening of such vast stretches of territory by the railroads soon resulted in confronting the past and present generation with the new problem of marketing the enormous increase in the products of the soil, the forest, and the mines, in competition with the rest of the civilized world. This problem has been one of the highest national importance from the very beginning, and is becoming more so from year to year. It affects either directly or indirectly every inhabitant of North America. It is entirely a question of transportation. No country produces as cheaply as the United States, but how to get the product to tide-water at so low a cost as to leave sufficient remuneration to the producer and carrier, is the problem. It has been the subject of study and experimentation with railroad managers these many years. Much progress has been made, and, while it cannot be said that a definite solution has been reached, great strides have been taken in lowering the cost of operating railroads. But it is still true that there is no more important subject before the American people than of cheapening rail transportation. To that end, there has been, for a long time, a most promising emulation among railroad operators, owners, and managers. The most conspicuous example of success in this direction is the Pittsburg, Bessemer and Lake Erie Railroad, built from Conneaut on Lake Erie to Bessemer, near Pittsburg, a distance of 153 miles, for the exclusive purpose of supplying the Carnegie Steel Works with ore at the lowest possible cost. This road was undertaken, indeed, to demonstrate that certain commodities can be carried as cheaply by rail as by lake steamers.

SOME STRIKING IMPROVEMENTS.

It is within the memory of the older railway managers, when the capacity of the freight cars was eight tons, the weight of the rail fifty pounds to the yard, the weight of the locomotives thirty-six tons, the capacity of the bridges two thousand pounds rolling weight to the lineal foot, and the speed of passenger trains about thirty miles per hour. Within the short period of thirty-five years the capacity of the cars has been quadrupled, the weight of the rail nearly doubled, the locomotives increased in weight two and one-half times, the carrying ability of the bridges increased twofold. These striking improvements of the permanent way, motive power, and rolling stock have borne great fruit in rendering possible the reduction in the last sixteen years of the freight rates from 33 to 50 per cent. These accomplished results render it, therefore, reasonable to suppose that the time is coming when such low ocean rates will become permanently practicable, as will insure a constant export of our surplus products with a fair remuneration to shippers and carriers. During the transition period from low to higher capacity of the equipment, and the old to the present strength of track the freight rates were steadily falling, owing to growing production with unfavorable markets and increased carrying competition. The greater expenditure on the one side and diminished revenue on the other was too much for many of the railroads, and they underwent bankruptcy and reorganization. The progress of physical regeneration will have to become general in order to secure steady markets for us abroad.

Railway managers are greatly agitated over the question of "ton-mile cost," which means, of course, the question of the relative spread between live weight and paying load of the freight trains. Probably 55 per cent. of all the weight hauled by the locomotives of the freight trains is dead weight, and only 45 per cent. paying load. This spread makes too great a "ton-mile cost." It is out of proportion to the freight rate, and the percentages must be reversed. This is what all the roads are striving to attain, but it means heavy expenditure for a great many of them. The average paying load of all the freight trains of the country is probably less than 200 tons, which means, of course, a greater "ton-mile cost" than the probable "coming" export rate will stand. This partially explains the rehabilitation of railroads now going on.

Few people outside of the immediate vicinity of Pittsburg have the slightest conception of the enormity of the railroad tonnage drawn to and from that centre, and an investigation of its traffic affords a fine field for the transportation student, and will broaden him. The tonnage of the Carnegie Steel Co. alone, raw material and finished product (being 16,000,000 tons last year), is as great as the combined tonnage of the Northern Pacific, Union Pacific and Missouri Pacific Railways, embracing as they do more than 13,000 miles of track, and running probably 1,500 locomotives and 50,000 freight cars. This may seem a bold statement, but it is true. A few years ago the steel company became satisfied, after a careful investigation, that, if a portion of their tonnage was separated from the general freight of the railroads, concentrated on a road controlled by their own company, and handled in solid trains, the cost of transportation could be materially reduced, and the reduced rate be remunerative to the railway. With this object in view, they secured a road of their own, running as stated from their mills to their own docks at Conneaut on Lake Erie. The result of the operation of this railway shows as follows;

The lowest rate per ton per mile, the highest average length of revenue haul in proportion to its track mileage, the greatest density of tonnage in proportion to its freight train mileage, the greatest average paying load, and the lowest "ton-mile cost" of any road on the American continent reporting to the Interstate Commerce Commission. The average paying load of all its freight trains, including three branches, and with but little back-loading, was, for the year ending December 31, 1899, 777 tons. It is confidently expected when the south and north bound tonnage is 70 per cent. and 30 per cent., respectively, and the tonnage reaches 5,000,000 tons annually, as it promises, that the average paying load will be not less than 900 tons, or 4 1-2 times greater than the present average paying load of the country. The maximum weight of the paying load for the year was 1,580 net tons, with the average as before stated of 777 tons, Of the ore trains, each earned on a 3 1-2 mill rate per ton per mile (gross ton) $5.13 per train mile. The permanent maximum grade in the direction of the ore traffic will be thirty-one feet to the mile. There are five of these grades, aggregating a distance equal to about 30 per cent. of the total distance. These grades are worked by an assistant engine. Each engine can lift nine trains per day over its respective territory, and by reason of assisting over these grades it added 2 9-10 cents per ton to the cost of handling the ore during the year 1899. The use of these assistant engines really makes a theoretical reduction of the grade to about an average of eighteen feet to the mile for the entire 152 miles. The road is laid with 100-pound rail, and the track ballasted with furnace slag. The bridges will carry 6,600 pounds to the lineal foot. The standard locomotive is the consolidation pattern, having cylinders 22x28 inches, and weighing 170,000 pounds on the drivers alone. The ore equipment consists mostly of steel cars, weighing seventeen tons, and carrying fifty tons of ore. The company is having built a few of what will prove to be the heaviest locomotives in the world, having cylinders 23x32 inches, and weighing 217,000 pounds on the drivers. With these locomotives the total weight of an ore train, including the locomotive and light weight of the cars, will be about 2,600 tons.

A REMARKABLE ACHIEVEMENT.

But it is not only in the operation of the road that greatest economy is obtained, but also in the transfer of the ore from the lake steamers to the trains The Steel Company owns the entire harbor at Conneaut. Nine ships can be docked at the same time. Twenty-five thousand tons of all classes of freight can be handled every ten hours. The most modern machinery is used for handling ore and coal. A 6,000 ton ship can be cleared in fourteen hours, and in the same time, from the moment the hatches are opened the ore can be at the furnaces in Pittsburg. A new steam shovel was completed last winter by which a train of thirty-five to forty cars will be loaded with ore in two hours. A 40-ton car of coal can be unloaded and partly trimmed in the ship in thirty-six seconds. Most of the switching at Conneaut is done by the haulage system (a cable running between the rails at about four miles per hour). The operating officers believe that with this railroad the utmost limit of all that is possible in solving the problem of cheap transportation has been reached. Their achievement shows what remains to be done, and can be done by the other railroads of this country in the same direction.

It is generally known that the owners of the Pittsburg, Bessemer and Lake Erie Railroad have not been content with cheapening railroad transportation of ore to the lake port to the works, but have had all along the larger object in view of reducing to themselves the cost of the ore for the whole distance from the mines in eastern Minnesota to Pittsburg, so as to enable them to defy competition with all other American steelmakers. To that larger end, they obtained control by lease of a number of deposits in the Missabe range, from which they take ores with steam shovels at the lowest possible cost. They have secured a uniform contract rate of 80 cents a ton for the entire output from the mines to Duluth on Lake Superior. From Duluth to Conneaut, they still have to depend largely on other vessels than their own. While the lake rate was only 60 cents a ton in 1899, it will be $1.25 during the coming season. But their own fleet will be enlarged by the end of this year from three to fifteen vessels, with sufficient capacity to carry the entire requirements of the works of four and one-half million tons at a cost of not over 50 cents a ton.

A POPULAR MISTAKE

Regarding Remedies for Dyspepsia and Indigestion.

The national disease of Americans is indigestion or in its chronic form, dyspepsia, and for the very reason that it is so common many people neglect taking proper treatment for what they consider trifling stomach trouble, when as a matter of fact, indigestion lays the foundation for many incurable diseases. No person with a vigorous, healthy stomach will fall a victim to consumption. Many kidney diseases and heart troubles date their beginning from poor digestion; thin, nervous people are really so because their stomachs are out of gear; weary, languid, faded out women owe their condition to imperfect digestion.

When nearly every person you meet is afflicted with weak digestion it is not surprising that nearly every secret patent medicine on the market claims to be a cure for dyspepsia, as well as a score of other troubles, when in fact, as Dr. Werthier says, there is but one "genuine" dyspepsia cure which is perfectly "safe" and "reliable," and moreover, this remedy is not a patent medicine, but it is a scientific combination of pure pepsin (free from animal matter), vegetables essences, fruit salts and bismuth. It is sold by druggists under the name of Stuart's Dyspepsia Tablets. No extravagant claims are made for them, but for indigestion or any stomach trouble, Stuart's Dyspepsia Tablets are far ahead of any remedy yet discovered. They act on the food eaten, no dieting is necessary, simply eat all the wholesome food you want and these tablets "will digest" it. A cure results, because all the stomach needs is a "rest," which Stuart's Dyspepsia Tablets give by doing the work of digestion.

PEEL WILL NOW BE REDEEMED.

Mr. Richard Blain of Brampton Gets the Unanimous Conservative Nomination.

Brampton, June 29.—The Conservatives of Peel County, at their annual convention here yesterday, unanimously nominated Mr. Richard Blain of this town as their standard bearer in the forthcoming Dominion elections. Mr. Blain has all along persistently declined the overtures that have been made to him to become the Conservative candidate, and it was only at the eleventh hour, when he became aware that he was the choice of every polling sub-division in the riding, that he allowed his name to go before the convention. The consensus of opinion is that he is the only man available that can redeem the constituency, and every effort will be forward to secure his election.

Mr. Blain is Well Known.

Mr. Blain is a man not quite 40 years of age, possessed of any amount of energy, and has been a life-long resident of the county. He has been reeve and deputy-reeve of the town and warden of the county. Some years ago he was captain of the famous Excelsior lacrosse team, which brought so much fame to Brampton, and, as a defence player, he at that time had few equals. In social circles he is very popular, and since his boyhood has been a staunch Conservative, and has actively supported the party's candidate every time. For many years he was president of the Conservative Association of the county, and is a splendid, forceful speaker. If elected he will be a decided acquisition to the House, and Conservatives are a unit in declaring that he will carry the riding hands down. The support of the party has been pledged to him, and he enters the coming fight with everything in his favor—a united party and the strong desire for a change that is perceptible manifesting itself throughout the constituency.

PERFECTLY HELPLESS.

Probably the most remarkable case of rheumatism known to physicians in Kingston, Ont., was that of Mr. Richard Savage, driver for G. M. Wilkinson & Son. During the past winter this young man was away from his work for no less a time than five weeks. If he attempted to do anything, he was obliged to return home at once, being unable to endure the pain. For two weeks he could not walk a step. "I tried all the cures everybody suggested," said Mr. Savage, "but they were of no use. Finally a friend sent me a bottle of Dr. Hall's Rheumatic Cure. I drained the contents of the bottle and was so relieved that I sent for another. I was completely cured by the second bottle, and I have not had a rheumatic pain since. I never felt better in my life, and I heartily recommend Dr. Hall's Rheumatic Cure to all sufferers from rheumatism."

The Backache Kidney Sufferer is not Referred to Far Away People for Dr. Pitcher's Backache Kidney Tablet Evidence. The Great Kidney Remedy Rolls up Volumes of Proof in Every Community in Belleville.

Mr. Wm. Smith, Pinnacle St., says, "Before using Pitcher's Kidney Tablets which I procured from Alex. Ray the druggist, I was very much afflicted with Lumbago. Since I used a bottle I am not only free from that but I am sleeping better. The nervous restlessness has ceased. The dull aching in the small of my back has disappeared. Backaches took all the energy from me and left me depressed and weary. I can vouch for Pitcher's Tablets being a reliable remedy for pain and lameness in the back."

Vincent Brennan, Front St., says, "I knew that my kidneys were not right. I had the most troublesome backache, my head and the back of my neck pained me. I had no energy and I felt that languor that caused a constant weariness. Reading of Dr. Pitcher's Backache Kidney Tablets I was induced to try them, and procured a bottle from Alex. Ray the druggist. They have proved most satisfactory. I am not having backache or headache and the lameness has left me."

If you have the slightest symptom of Kidney or Bladder trouble, you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two-cent stamp for postage to The Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

BOERS WERE BEATEN AGAIN.

Three Britishers Were Killed and Ten Were Wounded.

The Enemy Was Beaten Off in Two Small Fights—General Hunter, With Hamilton's Brigade, Made a Day's March Without Finding Opposition—Derbyshires and West Australians Beat Off an Attack—The Hospital Charges.

London, June 29.—(2.30 a.m.) — Lord Roberts has sent bulletins of two small fights occurring on June 26 and June 27, in both of which the Boers were discomfited. In a despatch from Pretoria, dated yesterday, he says: "A small force of mounted troops with two guns, commanded by Lieut.-Col. Dreiper, was attacked by the enemy under Prefers and Nel, on the morning of June 26, seven miles north of Senekal. They beat off the enemy and burned their laager. Our casualties were three killed and 10 wounded.

Hunter on the March.

"Hunter, temporarily commanding Ian Hamilton's brigade, made one march yesterday, from Heidelberg towards Frankfort, without meeting any opposition.

Roodeval Spruit Attacked.

"The enemy attacked our Roodeval Spruit post on the railway yesterday, but were easily beaten off by a detachment of the Derbyshire Light Infantry, the West Australian Mounted, a 15-pounder and an armored train.

Baden-Powell Has a Captive.

"Baden-Powell reports the capture of an influential Boer named Ray, who was endeavoring to raise a commando in the Rustenberg district. A patrol brought in over 100 rifles. More than 4,000 rifles and 1,000 inferior pieces have been taken during the last few days. He states that 20 Boers have arrived at Rustenberg, going to their homes from Delarey's commando. They would have left before if they had seen the proclamation, which was carefully concealed by Boer authority."

Good Market in Pretoria.

Lord Roberts says Wednesday, June 27, was a record market day in Pretoria for Boer farmers selling produce.

Parties of Boers still hang on General Buller's flanks. Mr. F. R. Burnham, the American scout, is invalided.

Three Days' Fighting.

The Pretoria correspondent of The Daily Telegraph, dated yesterday, says:

"Since Sunday Gen. French on the left, Gen. Ian Hamilton on the right, and the 11th Division in the centre, have been endeavoring to surround the enemy's position in the hills 15 miles east. There was fighting for three days, but Tuesday night the enemy decamped, going eastward. The total casualties were under 150."

THE HOSPITAL EXPOSURES.

Mr. Balfour Said Lord Roberts' Rapid Work Caused the Trouble.

London, June 29.—The exposures regarding the hospitals in South Africa, which began with a three-column letter in The Times Monday from Mr. W. A. Burdett-Coutts, Conservative member of Parliament for Westminster, detailing the great suffering endured by soldiers owing to mismanagement, led to a number of questions in the House of Commons yesterday, in response to which the Government leader, Mr. A. J. Balfour, the First Lord of the Treasury, made a big statement, during the course of which he said that so far as the Government was aware not any of the sufferings of the sick or wounded were due to insufficiency in the supplies sent out. He then proceeded to read extracts from correspondents with Lord Roberts on the subject, in which the British Commander-in-Chief in South Africa, dwelt on the difficulties of transportation owing to his rapid advance. He could quite understand that people imperfectly experienced in these matters were concerned at hearing of the hardships the sick and wounded had to undergo. He did not wish to shirk from responsibility or screen anyone, and suggested that a committee of medical men and persons of sound common sense proceed to South Africa to investigate the charges.

Mr. Balfour also informed the House that the Government agreed to the appointment of an independent committee, as suggested by Lord Rosebery, and he, to-day, will propose a nominal grant for the army corps, so that the House will have an opportunity to thoroughly thresh out the matter.

Coresrpondence With Lord Roberts.

The War Office has issued correspondence with Lord Roberts regarding the charges of Mr. Burdett-Coutts. On June 4th, his attention was called in brief telegrams to the allegations and also to other complaints of a general break-down in the hospital system. Two days later he replied, in part, as follows:

"The principal medical officer reported that the arrangements at Kroonstadt were in all respects in good order, and Lord Methuen said they were thoroly satisfactory. I was deeply distressed at being unable to make suitable arrangements for the sick on our first arrival at Kroonstadt; but it is obvious that a certain amount of suffering is inseparable from the rapid advance of a large army into an enemy's country."

Suggests Committee of Inquiry.

On June 20 the War Office cabled to Lord Roberts that disquieting reports regarding the hospital were accumulating, and asked him if anything could be done, and particularly, whether more nurses were needed.

On June 25 Lord Roberts replied, saying that he did not wish to shirk responsibility, or to screen the shortcomings of the medical corps, and he suggested a Committee of Inquiry. He said that there had been an abnormal number of sick at Bloemfontein, due to the exhausting nature of the march and the terribly unsanitary condition of the camp at Paardeberg, where the only water available for drinking flowed from the Boer camp, higher up, where the river was crowded with decomposing animals and also with a considerable number of wounded after the fight on March 10. To improvise accommodations at Bloemfontein for such a number, which had become 2000 before he left Bloemfontein, was no easy task, said Lord Roberts. No tents were carried, and the public buildings had to be turned into hospitals.

In three months there had been 6698 admissions to the hospital of patients suffering from enteric fever, while the deaths numbered 1370, or about 21 per cent. Lord Roberts observed that he did not know whether this would be an abnormal rate in a civil hospital in peace times, but if the rate were abnormal it was due to the exhausted state of the men and not to the neglect of the medical corps.

THE INVALIDED CANADIANS.

Will Be Brought Home at Once—Paid Till They Receive Discharge.

Ottawa, June 29.—The parents of Pte. William Latimer, member of the first contingent, received a cablegram from him yesterday stating that he had arrived in England and was well. This was their first intimation that he had been sent to England.

The Militia Department has completed arrangements by which the Canadian soldiers invalided from South Africa to England, who are not capable of returning to the front will be sent home at once to Canada by the War Office. Those who are desirious of so doing may then return to their homes and the others who are not yet recovered will be attached to the Royal Canadian Artillery at Quebec and provided with hospital accommodation there, receiving pay up to the time of their discharge.

Honors for Col. Girouard.

Ottawa, June 29.—It is rumored that Lieut.-Col. Girouard, who is manipulating railways in South Africa for Lord Kitchener, as he did in the Soudan, will be made a K.C.M.G. on July 1.

It is the clear ring of truthful statements by well-known truthful people that makes the reputation of Kootenay Cure in Pill form so great. The new ingredient that enters into its composition is a far reaching cure-maker.

THE SISTERS.

MONASTERY OF OUR LADY OF CHARITY,
411 St. Andrew Street,
S. S. Ryckman Medicine Co. Ottawa.

DEAR SIRS,—You must have found it strangely ungrateful on our part never to have thanked you for the Kootenay Cure you were so kind as to send us last winter.

The fact is, we had it a long time before we knew to whom we were indebted, until the Rev. Father McGuckin, Rector of the Ottawa University, told us that he had sent you our name, and you were kind enough to send the medicine gratis. Those amongst our Sisters who took it find themselves much benefitted; especially cases of indigestion, poverty of the blood and the after effects of the Grippe. But there is one thing it cures, which we have not noticed in your publications, and which we are happy to be able to announce to all great singers. One of our Sisters who sings in our choir took the Grippe last December. She was ill a long time, as it especially affected the bronchial tubes, and though she recovered slowly, still continued weak. Her voice, however, remained so husky that she had to give up singing altogether. About two weeks ago she began to try Kootenay Cure, and besides feeling stronger, finds her voice coming back so quickly that she is already able to sing short pieces. Thanking you heartily for the medicine you sent us, and recommending it to all sufferers, and especially to all singers, we have the honor to be, sir,

Your humble servants,
THE SISTERS OF OUR LADY OF CHARITY
"GOOD SHEPHERD."

The remarkable success made by Kootenay Cure in Pill form in picking up debilitated, pale bloodless women and restoring them to health is a marked feature of this medicine and proves the wonderful building up properties of the new ingredient peculiar to Kootenay.

KING'S DAUGHTERS.

Hamilton, Ont.

DEAR SIRS,—We, as a society, have adopted this means to express to you our sincere thanks for your valuable medicine "Kootenay Cure," which you so generously donated to the Cheerful Workers' Circle of King's Daughters, Hamilton. It has proved a blessing in several cases of Rheumatic suffering by effecting a cure, and in one case especially, that of George Ball, residing on Sanford Avenue, near Huron Street, we desire to thank you. When we first visited Mr. Ball in September last, he was a hopeless and helpless invalid, his condition being brought about by Sciatica Rheumatism of long standing. We gave him Kootenay Cure, which he took with such beneficial results that in three weeks time he was able to walk, and to-day is completely cured and working at hard labor. His case was an unusually bad one and his cure is little short of marvellous, and we have no hesitation in saying Kootenay cured him. Should you think suffering humanity would be benefited by the publication of this letter you are at liberty to use all or any part of it.

Gratefully yours,
(Signed) MAY PRATT, President.
MRS. D. B. PRATT,
25 East Avenue North.

Notable among the Kootenay cured are so many of the considered "hopeless and helpless" cases restored because of the hidden curative treasure contained in Kootenay Cure in Pill form.

THE RECTOR.

UNIVERSITY OF OTTAWA,
Ottawa, Canada.

DEAR SIRS,—I wrote to you in July last stating that I derived much benefit to my health from taking your truly marvellous remedy "Kootenay Cure." Since then I have taken three more packages, and am now pleased to be able to inform you that I am now freed from Chronic and Acute Rheumatism, Diabetes and La Grippe. This is the first winter since 1890 that I have escaped from having several severe attacks of La Grippe, and notwithstanding the incessant and onerous duties of my position in this University, I have, thank God, enjoyed excellent health since last August.

I have recommended the remedy to many persons, both in and outside of the University, and in most cases with entire success. These include persons suffering from Rheumatism, Bright's Disease, Boils, Salt Rheum, Loss of Appetite, Dyspepsia, General Debility, Insomnia, Somnambulism, Skin Diseases, Nervous Debility, La Grippe, etc., etc. In some of these cases the patients had been under the care of physicians for several months without relief, and were cured by using "Kootenay." I shall adopt it as the "Family Medicine" for this institution.

Yours truly and gratefully,
(Signed) J. M. MCGUCKIN, O.M.I., D.D.,
Rector.

Kootenay Cure in Pill form is sold at 50 cts. per box and can be obtained at the Drug Stores of D. M. Waters and J. S. McKeown, Belleville.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that grapples this formidable foe of the human body, and drives it from the system. This medicine promotes free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

MANITOBA PROSPECTS.

Crops Promise Better — Twelve Bushels Per Acre Is Now Predicted After the Late Rains.

Winnipeg, June 29.—Reports from all parts of the province yesterday in regard to crop prospects are more cheering, and those who a couple of days ago would have been contented with a quarter of a crop, are now predicting something better. A recognized authority from Brandon, writing to a railroad official before the rains Tuesday, Wednesday night and Thursday morning, said that, after careful calculation, he estimated the yield in the province at 12 bushels per acre. Since this estimate was made, conditions have improved. A farmer from Springfield, who came into the city yesterday, says that grain which had shown no signs of growing previously, was now beginning to appear. He said many fields from which the farmers thought they would not even get the seed, may yield some crop. He says the only trouble now is the shortness of the season. Heavy rains fell yesterday.

The legislation exempting C. P. R. property from the frontage tax was amended in the Legislature yesterday, and the company is now liable. School tax on the C.P.R. has, however, been abolished, and instead a general tax is levied on railway companies.

George Magwood of Brandon died in the hospital yesterday, while undergoing an operation for lockjaw.

The Earl of Erne, Lord Farnham, William Johnston, M.P., and Col. Sanderson, M.P., are expected here for the Orange celebration on July 12.

SOME SEVERE FIGHTING.

Col. Carter's Force Was Ambushed, But the Bayonet Was Resorted to.

Cape Coast Castle, June 28.—Col. Carter left Kiwassi on the morning of June 26 with the intention of reinforcing Captain Hall at Bekwai, with 400 men, 200 carriers, a seven pounder and a Maxim.

When half a mile from Dompoassi he was fired up heavily from the bush. The stockade was carried at the point of the bayonet and the force retired. The casualties were 6 officers and 87 men. The enemy's loss was 50 killed and many wounded. It was estimated that the natives numbered 10,000, one-half of whom had muskets.

The Ashanti Trouble.

London, June 29.—Advices received here yesterday from Prahsu, under that date, say the telegraph line has been re-opened to Pumsu and that Col. Willcock's force will move immediately. Col. Burroughs with 500 men is expected to reach Bekwai in two days. The rebellious Ashantees are reported to be in strength near Fomena, where severe fighting is expected.

THE WANT OF MONEY

Makes a Heap of Trouble for Russia These Days.

London, June 29.—A despatch from Moscow to The Westminster Gazette, says: "The Boxer troubles and the death of Count Muravieff have greatly accentuated the difficulties of the financial situation in Russia, which is in such a critical state as to arouse the gravest anxiety. The black list of good firms failing lengthens, and the sense of insecurity, and fear that something worse is to come has caused vast sums to be temporarily withdrawn from the market. In Moscow alone within two months, it is stated on good authority, 820,000,000 roubles, most of which was previously in currency, have been lodged in the Imperial Bank, without interest, for safety."

Russia Prepares for the Worst.

Berlin, June 28.—The Vorwaerts says: "From an absolutely reliable source we hear the Russian War Ministry has sent to all the military and civil authorities in Russia telegraphic secret orders to prepare everything for mobilization. The orders bear the dates of June 18 and 19."

NATIVE CHRISTIANS BUTCHERED.

Massacres in Inland Districts Which Rival the Armenian Horrors.

London, June 29.—A telegram from Jardine, Matheson & Company, dated Shanghai, yesterday, suggests that the Ministers are still at Pekin, but admits that there is no news from the capital.

The telegram adds: "Seymour arrived at Tien Tsin with 312 of his force wounded, besides 62 killed. The damage done to Tien Tsin has been much exaggerated. Shanghai is quiet."

Other despatches from Shanghai reiterate the announcements of the massacres of native Christians in the inland districts, which rival the Armenian horrors. The officials at the place, watched by gunboats, make a show of protecting the missionaries, but there is not even a pretence of protection for the converts in the interior, who have been butchered by wholesale.

News From Admiral Kempff.

Washington, June 29.—The following cablegram was received yesterday by the Navy Department from Admiral Kempff:

Secretary, Navy, Washington:
About 12,000 foreign troops now ashore. Soldiers ordered should report Taku, instead of Che Foo. Substituted Nashville for Yorkton at Che Foo. Yorkton used as despatch boat, being more suitable.
(Sgd.) Kempff.

1,300 Men From Manila.

Washington, June 29.—The War Department received the following undated cablegram from Gen. MacArthur yesterday:

Adjutant-General, Washington:
Transport left Manila at 8.30 morning June 27, with Col. Liscum in command; 39 officers, 1272 men.
(Sgd.) MacArthur.

M'INNES BLAMES OTTAWA.

Says a "Wholly Unwarranted Exercise of Power" Tied His Hands for Nine Months.

Victoria, B. C., June 29.—Ex-Governor McInnes has written to a number of petitioners who asked him to oppose Turner and Eberts, to the effect that it would be undesirable to oppose the Ministers. He says that the unsettled state of the province demands that they be not opposed. He blames the Ottawa authorities for having by "an wholly unwarranted exercise of power" tied his hands for the past nine months by refusing to allow him to interfere with the Ministers. Had things been otherwise, he says, the unsettled state of British Columbia politics would long since have ended.

The Liberal Association have drafted a resolution to Ottawa, protesting against the dismissal of Mr. McInnes, and will not give an official reception to the new Governor, Sir Henri Joly.

The Order Dismissing McInnes.

Ottawa, June 29.—The Order-in-Council, dismissing Hon. T. R. McInnes from the Lieutenant-Governorship of British Columbia, was presented to the House last night. It reads as follows:

On a memorandum dated June 20, 1900, from the Right Hon. Sir Wilfrid Laurier, stating that the action of the Lieutenant-Governor of British Columbia in dismissing his ministers, has not been approved by the people of that province, and further, that in view of recent events in the said Province of British Columbia, it is evident that the Government of that province cannot be successfully carried on in the manner contemplated by the constitution under the administration of the present Lieutenant-Governor, His Honor Thomas R. McInnes, whose official conduct has been subversive of the principles of responsible government. The Right Hon. the Premier submits that, therefore, Mr. McInnes' usefulness as Lieutenant-Governor of British Columbia is gone, and he recommends that Mr. McInnes be removed from the said office and that the cause to be assigned for such removal under the provisions of sec. 59, the B.N.A. Act, shall be the matter set forth in this minute."

LIBERALS AFRAID OF JUDGES

Won't Have Judicial Enquiry Into Yukon Affairs.

Mr. Bell Moves That a Commission Be Appointed to Investigate Charges—Ex-Minister Foster Says Their Report Would Astonish the Government on Two Topics, Gambling and Vice—Sir Charles Tupper Says Farewell.

Ottawa, June 29.—Before the House met yesterday morning, all the Conservative members gathered in Room 6 to say good-bye to Sir Charles Tupper, who sails for England on the Allan Line to-day. Brief speeches were made, to which Sir Charles replied, and after cheers and good wishes Sir Charles left for the Montreal train. He expects to be absent for about six weeks. When he returns he will go on a vigorous campaign throughout the Dominion.

The Report of the Grit Five.

When the House assembled yesterday morning Mr. N. A. Belcourt presented the report of the committee appointed to investigate the emergency food charges made by Mr. Monk of Jacques Cartier.

In answer to some inquiries, the Prime Minister said he considered the best way to celebrate Dominion Day was by good hard work.

Railway Subsidies Next Tuesday.

Hon. Mr. Fielding informed Mr. Foster that as far as he knew there were no other supplementary estimates, but that the railway subsidies would be brought down next Tuesday. These subsidies are said to total $20,000,000.

W. H. Bennett arose to explain what he had said about Equal Righter Stubbs. He said that he had declared in his speech at Cardwell that Stubbs frequented the caucus room of the Liberal party, and that the party had no more partisan follower than Stubbs.

To this Mr. Stubbs said: "I thank the gentleman for his apologies." (Laughter.)

Yukon Charges.

The rest of the morning, the whole of the afternoon and most of the evening were spent in the discussion of Yukon charges advanced by Mr. Bell of Picton. Mr. Bell made a long speech, and presented a longer resolution. The resolution was in the form of a censure upon the Governmnet, and asked that a commission be appointed to investigate all Yukon charges made and to be made. The speech recounted the charges already made by Sir Hibbert Tupper, that Hon. Clifford Sifton had used his position as Minister of the Interior to exploit the Yukon for political purposes. The transactions regarding royalties and granting claims, and the whole garment of official favoritism and gross mismanagement were again enlarged upon.

Mr. Bell read a letter written by Dr. Cotto of Edinburgh, Scotland, in which the misgovernment of the Yukon was described in language more forcible than printable.

Jim Southerland Bluffs Again.

Mr. Sutherland replied, and declared Sir Hibbert had left the latest Yukon fake to Mr. Bell because he was ashamed to face the House and the country on it. The whole of the charges were unfounded, and the resolution itself was a most disgraceful document, tending to discredit Canada in the eyes of the world. Dr. Catto, whom he did not know, he characterized as a person partly lunatic, and as a vicious and immoral character in whom no credence was to be placed.

Then a Fight Followed.

He desired to read a letter from Major Walsh, explaining his relation to the opening of Dominion Creek, when Mr. Foster raised a point of order that the letter was written June 2, whereas the present charges were dated June 28.

Half an hour of disgraceful bickering ensued, but the Speaker allowed the letter to be read. In conclusion, Mr. Sutherland declared that if any member made a charge of favoritism against Mr. Sifton, a committee of investigation would be given at once.

Mr. Davin replied that this challenge was ridiculous at such a late hour in the session.

Mr. Belcourt termed the charges foul, dirty and vile. They were scandalous and infamous. Then he told what he knew of one of the charges, having acted as solicitor of an interested party.

After Col. Domville had spoken in vain, against the resolution, and Hon. Mr. Paterson had rent the Chamber with his thunder, Mr. Foster summed up the situation, and argued ably for a commission to go up to the Yukon and investigate the festering corruption there.

"Put on your investigation by judges, if you dare, and I am prepared to say their report will astonish you on two topics, namely, gambling and vice."

Sir Louis Davies followed and termed the charges infernal lies.

Mr. Clancy continued the debate till 12.

D. C. Fraser talked till 1 a. m., when a vote was taken. The vote was 70 nays and 24 yeas.

Sir Wilfrid laid on the table the order of Lieutenant-Governor McInnes' dismissal.

The House arose at 1.10 a. m.

G.T.R. STILL OWES $2,500,000

In the Early 50's the Province of Canada Advanced £3,111,500.

Ottawa, June 29.—In the Senate yesterday afternoon, Hon. W. R. Scott, in answer to a question from Hon. Mr. Perley, said that in the early 50's the Province of Canada advanced the sum of £3,111,500 to the G. T. R. In 1858 the repayment of the loan was postponed till the preference stock had been paid; later, till after the payment of interest on the capital invested; later till after the payment of a dividend at the rate of 6 per cent. The public accounts still showed the G.T.R. owed the Government $2,500,000. In one case, Mr. Scott said, permission had been given to issue bonds.

Poor Quality of the Blood

A Frequent Cause of Consumption and Other Constitutional Diseases—Dr. Chase's Nerve Food as a Blood Builder.

To say that a person is predisposed to consumption by heredity is only another way of saying that he has inherited thin, watery blood. Anaemia, bloodlessness, or deficiency in the quality of the blood, is a prime cause of consumption, catarrh and other constitutional diseases.

The heart, the lungs, the liver, the kidneys and bowels cannot perform their functions when supplied with blood which is deficient in nutritive qualities, and sooner or later the weakest organs succumb to the attacks of disease.

The indications of thin, watery blood are paleness of the lips, gums and eye-lids, shortness of breath, languid, depressed feelings, and general weakness of the body. The anaemic person is easily tired and lacks energy and ambition. These symptoms are usually accompanied by nervousness and sleeplessness.

It is positively useless to doctor the symptoms and injurious to use opiates or stimulants. Any temporary relief obtained by quickening of the heart's action is dearly paid for by the reaction afterwards. Cure can be brought about gradually and certainly by the use of Dr. Chase's Nerve Food, which contains in condensed pill form all the elements required for the strengthening and vitalizing of the blood.

Whether inherited or brought about by overwork, disease or bad habits, thin blood can be enriched and restored to its natural consistency by the use of Dr. Chase's Nerve Food. This treatment is not a miracle worker, but supplies to the blood the very elements of nature which go to form new, red corpuscles in the blood.

A. T. P. Lalame, railway agent at Clarenceville, Que., writes: "For 12 years I have been run down with much nervous debility. I suffered much, and consulted doctors, and used medicines in vain. Some months ago I heard of Dr. Chase's Nerve Food, used two boxes, and my health improved so rapidly that I ordered twelve more.

"I can say, frankly, that this treatment has no equal in the medical world. While using Dr. Chase's Nerve Food I could feel my system being built up until now I am strong and healthy. I cannot recommend it too highly for weak, nervous people."

At this season of the year nearly everybody suffers the evil effects of artificial winter life. It is not a purgative that is needed. That would make the body still weaker. The blood is thin and needs enriching by just such a restorative as Dr. Chase's Nerve Food, which is a blood-builder of inestimable value. Fifty cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

THE HEALTH PROBLEM.

Is much simpler than is sometimes supposed. Health depends chiefly upon perfect digestion and pure blood, and the problem is solved very readily by Hood's Sarsaparilla. You may keep well by taking it promptly for any stomach or blood disorder. Its cures of scrofula, salt rheum, catarrh, dyspepsia, rheumatism and other diseases are numbered by the thousands.

Daily Intelligencer.

FIRST CONDEMNED, THEN IMITATED.

If our friends the Grits ever have time to think over past events they must themselves wonder at the change which has come over the spirit of their dream in the last few years. In fact, it seems impossible nowadays for them to do anything without violating some "principle" that they have heretofore denounced. Thus, for example, their dismissal of Lieutenant-Governor M'Innes of British Columbia has reminded an exchange of some things the Grit leaders said at the time that Lieutenant Governor Letellier was dismissed. The present Premier then declared:

> "As regards the Lieutenant Governor, the law says that he shall be removable for cause; but what can a cause be? I believe that these causes of removal can well be offences of a personal character. If for instance, the dishonorable conduct brings the dignity of the Crown into contumely, this and similar offences might be causes of removal; but if he sticks within the circle of his functions, however tyrannical his acts may be, he is not removable because he is covered by ministerial responsibiltiy. He is amenable to the people, who can set him right if they believe him wrong, and undo what he has done."

And Mr. David Mills, the present Minister of Justice, on whose report, no doubt, McInnes has been dismissed, at that time said:

> "The honorable gentlemen opposite would not pretend that the Queen would be forced to abdicate if after dismissing her Ministry the new Ministry failed to get the support of Parliament."

And again:

> "Lieutenant-Governors would occasionally make mistakes. But the constitution in each province possessed sufficient safeguards to set these matters right, and there would be less danger from allowing them to be adjusted by public opinion within the province than by undertaking to make this Parliament a regulating body for the provinces, a censorious body to exercise supervision over the acts of Lieutenant-Governors."

The whirligig of time brings its revenges. Twenty years ago the late Sir John A. Macdonald was unsparingly condemned and fiercely reviled for doing precisely what they themselves have just imitated. It has taken them twenty years to find out what fools they were. Plenty of other instances might be quoted which would show the truth of the remark made by Sir Charles Tupper at Picton: "Everything which the Conservative party did was first condemned by the Grits and then imitated." A great record, truly.

TIMELY TOPICS.

Picton Times; Miss Bernice Young, daughter of Mr. E. M. Young, is the happy recipient of a photograph of Sir Charles Tupper, sent to her by that august gentleman himself, who doubtless remembers with pleasure the dainty little lady who presented him with a bouquet upon the occasion of his visit to Picton.

Dealing with the eviction of the Fox Bay settlers, the London Globe says, regretfully if not reproachfully: "The island of Anticosti is of considerable size and commands the entrance to the river St. Lawrence. It seems to be an extraordinary state of things that an alien should be allowed to acquire possession of an island such as this, and to expropriate the inhabitants. M. Menier is allowed by the law to do as he wishes, although he is only a foreigner who has taken up his residence in one of our colonies, and it may well be asked what is there to prevent him from fortifying the island against us and making it a center of French intrigue."

Admiral Dewey has repeatedly declared that for his success at Manila he owed much to the action of the officers of the British warships present during the bombardment and siege. During the whole war, indeed, it was only when a U.S. warship met a British warship that it could count on hailing a friend. Admiral Dewey visited Detroit the other day, and a British subject resident in the city hoisted a British flag in honor of the occasion. It was pulled down and dragged in the dirt by the members of a law college. People born under the British flag, and knowing what it has stood and does stand for, are not greatly moved when they hear of such proceedings. They have their opinion, however, of those who perpetrate such acts, and it is not a very flattering one.

SEYMOUR HAD A HOT TIME

The Fighting Around Tien Tsin Against Chinese Regulars.

Germans and Russians Suffered the Heaviest Losses—Gun Fire of the British and American Marines Was Particularly Good—Seymour's Men Fought 15 Days—Were on Short Ration 10 Days—Promises of the Viceroys.

London, June 29. — (4 a.m.) — The casualties of the international force attacking Tien Tsin were the following:

American killed 3, wounded 2; British killed 2, wounded 1; Germans killed 15, wounded 27; Russians killed 10, wounded 37.

The gun fire of the British and Americans is described as beautiful.

After the relieving force pushed on to relieve Admiral Seymour, Chinese regulars under Gen. Nich, says a despatch from Shanghai, attacked Tien Tsin fiercely and bombarded the foreign settlement with a terrible fire.

A British Commander.

Col. Doro Ward, British, commanded the column that relieved Admiral Seymour. American marines participated in the achievement. The admiral was found entrenched and surrounded by immense masses of Chinese, who were driven off by the relieving column after a brisk fight. His men had made a brilliant resistance, never failing in courage, for 15 days of continuous fighting.

During ten days the men were on quarter rations. They started with provisions for ten days and they could have held out a day or two longer. The column was a few miles beyond Lofa. Deeming it hopeless to attempt to break through the hordes, Admiral Seymour essayed a night retreat towards Tien Tsin, but he came into collision with a strong force of Chinese arriving from the northwest, and could neither advance nor retreat.

Nothing But Stand Siege.

There was nothing to do but entrench and stand siege. He vainly attempted Heliographic communication. Seymour's men caught several Chinese, who said the legations had been burned and the ministers killed. Others said that the Ministers had been imprisoned. The Chinese displayed fanatical courage in the attack.

Four thousand Russians left for Tien Tsin four days after Admiral Seymour, but they never got in touch with him.

Railway communication between Taku and Tien Tsin has been resumed, and the troops have been advancing towards Pekin. Fighting was in progress on Wednesday in the vicinity of Tse Chulin.

The fate of the members of the legations is still a mystery. If they are alive and unharmed at Pekin, the Chinese Government deserves some credit. Shanghai correspondents think, for restraining the fanatical mob.

Pekin Imperial Palace Burned.

An important decree, published in Shanghai yesterday (Thursday), says a correspondent of The Daily Express asserts that the Imperial Palace in Pekin was burned on June 16, and that the attack on the palace was made by revolting Chinese troops.

Casualties at Tien Tsin.

London, June 29.—Admiral Bruce, in command of the British forces at Taku, reports to the Admiralty the following casualties:

At Taku, June 24, one seaman wounded. At Tien Tsin, up to the forenoon of June 23, four seamen killed and Lieuts. Sterling, Powell and Wright, Commander Beatty and 44 midshipmen and seamen wounded.

Viceroys Promise to Keep Order.

Rome, June 29.—The Italian Consul at Shanghai telegraphs that the Viceroys of the Provinces of the Yangtsekiang Valley have resolved to maintain order, provided the powers do not intervene, so long as order prevails. The consuls, it is added, unanimously accepted the proposal and signed a declaration to that effect.

SEYMOUR IS RELIEVED.

Failed to Reach Pekin and Returned to Tien Tsin—His Force Has Suffered Severely.

Che Foo, June 28, via Shanghai, noon.—Admiral Seymour's expedition has been relieved, having failed to connect with Pekin. There is no news from Pekin. Russian Col. Schtelle, commanding the combined forces of 10,000 men, is supposed to be proceeding to Pekin. Admiral Seymour's expedition is returning to Tien Tsin. His force has suffered greatly.

It is estimated that from 40,000 to 60,000 Chinese troops are now before Pekin. Boxers from all sections are swarming there.

But the Relievers Suffered.

St. Petersburg, June 29.—The Minister of War has received the following despatch from Admiral Alexejeff:

"Port Arthur, June 27.—During the night of June 25, a detachment of four companies of Russians, Col. Schivinsky commanding, and the same number of foreigners, relieved Admiral Seymour, and brought 200 of his wounded to Tien Tsin."

Ministers With Seymour.

Washington, June 29.—Minister Wu called at the State Department yesterday afternoon, and exhibited the following cablegram to Secretary Hay:

"Canton, June 28.—The legation Ministers, having left Pekin, are now 12 miles from Tien Tsin, with Admiral Seymour. (Signed) Li Hung Chang."

Germans Are Uninjured.

Hamburg, June 29.—Commercial firms here have received telegrams from Shanghai, saying that all the Germans at Tien Tsin are uninjured.

Fight Lasted Eight Hours.

Berlin, June 29.—The German commander at Taku reports that in the relief of Tien Tsin the Germans lost Lieut. Friedrich and 10 men killed, and had 20 men wounded. The fight lasted eight hours.

Means a Declaration of War.

London, June 29.—A representative of the Associated Press was informed at the Foreign Office yesterday afternoon that the Viceroy of Nanking has telegraphed to the British Consul-General at Shanghai that he had received, June 25, an Imperial rescript as follows:

"The Foreign Legations at Pekin continue as usual to receive every protection from the Imperial Government."

On the other hand, the officials of the Chinese Embassy say they have reason to believe the Foreign Ministers at Pekin were given their passports June 19.

The Foreign Office is much concerned at the latter report and hopes it will not be confirmed, as it would be an unexpectedly adverse development, which would possibly mean a declaration of war.

THE GYM." IS OVER.

Large Crowd Present Last Night—Major Halliwell Won the Prize for Popularity—The Whole Affair A Great Success.

The Gymkhana is over; the flags are down, the booths are a thing of the past, individually and collectively the ladies have folded their tents, like the Arabs, and silently (?) stolen away. And they are tired, and proud and happy, and with good reason, for, beyond the shadow of a doubt the fair was the most successful, in every respect, of any ever held in Belleville. It is too early yet to tell what the profits will be, but there is no doubt that the Hospital and Home will be much richer as a result of the three days entertainment. Probably the largest crowd of either night was present last evening, and the programme given was a most enjoyable one. The entertainment furnished consisted of "Living Pictures," and very well gotten up they were. Following were the characters:

Queen—Miss Smart, Chorus, "Rule Britannia."
Lord Kitchener—Lieut. Morden.
General White—Mr. Wm. Brown.
Col. Baden-Powell — Major Halliwell.
General Hector McDonald—Tableau, Mr. McIntosh, Bagpipes.
Col. Otter—Capt. Marsh, Chorus, "Maple Leaf Forever."
Red Cross Nurses — Miss Perkins, Miss Bethune.
Sister of Mercy—Miss Geen.
Spanish Senora—Miss Dunnett.
Child of the Regiment—Ethel Gillum.
Priscilla—Miss Dumble.
Mary Queen of Scots—Grace Ponton.
Duchess of Devonshire—Miss Hulme.
Mater Dolerosa—Mrs. Cowsert.
Marguerite—Miss Barnham.
Egyptian Princess—Grace Waters.
Lady and Gentleman of the Court of Louis 15th—Georgie Stewart, Mr. Dougall.
Madame Pompadour—Miss Fleming.
Japanese Princess—Miss Holden.
Lord Roberts—Capt. Stewart.
Tableau, Chorus "Tenting on the Old Camp Ground."
Tableau, Chorus "Soldiers of the Queen."

The choruses were sung by a choir of boys, and a fine effect was produced.

The phrenology department did a good business. Mrs. Thos. Duncan was in charge and read faces, and Mr. J. A. Young was the professor of phrenology and gave the charts Misses Connie Weller, Beatrice Wragg and Edna Lockett, dressed as Greek girls assisted.

In the vote to decide the most popular officer in the 15th Regiment Major Halliwell got the prize, Lieut. Glencoe Hulme being a good second. The ladies would not give the figures for publication.

LIVE SPORTING NEWS

THE RING.

New York, June 28.—James J. Jeffries and Gus Ruhlin will meet probably at the 20th Century Athletic Club the last week in August. Billy Madden, representing Ruhlin, made a proposition to Jeffries last night and the champion said he would accept it. Representatives of the two pugilists will meet to-day or to-morrow and arrange the details of the match.

CRICKET.

The veteran cricketers of New York and Philadelphia have arranged a battle royal, when Capt. John P. Green, of the Quaker City will lead his men to Staten Island for a contest with the metropolitan representatives. On this occasion the age limit will be strictly enforced, and every man of the twenty-two players must admit to being 40 years old.

IT DAZZLES THE WORLD.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. Its severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health, For Coughs, Cold, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough, it is the quickest, surest cure in the world. It is sold by J. S. McKeown, who guarantees satisfaction or refunds money. Large bottles 50c. and $1. Trial bottles free.

WHY DO YOU SUFFER

From Rheumatism, When an Application of Griffiths' Menthol Liniment Will Relieve All Your Suffering in a Few Minutes? It is an Antidote for any Pain.

Mr. R. A. Pilgrim, of Pilgrim Bros., soda water manufacturers, Hamilton, writes: A short time ago I was attacked so badly with muscular rheumatism in my wrist that it caused my arm to swell to the elbow, the pain being almost unbearable. Griffiths' Menthol Liniment was applied and in a few minutes the pain left me, and in less than six hours every trace of swelling and soreness had entirely disappeared. It certainly does cure rheumatism. Price 25c, by all druggists.

QUALITY and ASSORTMENT

Are not to be equalled—that's the opinion of all. You'll hear it often every day: "I don't find the quality or assortment elsewhere as I do at Quick & Robertson's." True, nor are the prices found as common. If you don't believe it, visit other clothing stores, then come here—you'll leave with the same impression. Impressions make opinions, you know. Perhaps you want a suit, a shirt or only a hat, but you want the widest range of styles to select from. That's where our assortment completeness counts. Every department is always in a perfect state of readiness to supply your wants for any kind of weather. So come to the Reliable Store where disappointments are unheard of.

Men's Suits.

If your means are unlimited, the highest priced custom tailor is the one to whom you should certainly go for your clothing. But if price is an object we can sell you a suit that will fit you as well, is as well tailored, but ready to wear instead of made to measure, at

$6.50, $8.00, $10, $12, to $15,

prices that men of moderate means can afford to pay for good clothing.

The fabrics—worsteds, cheviots, cassimeres and serges—are the best to be had.

The patterns—many of which are exclusive with us—are the latest.

Our $6.50 and $10.00 line of suits is being added to every week—just as fast as the makers send them. Blue Serge Suits that won't fade, won't shrink, and will hold their shape, $6.50, $8,50, $10.00, to $13.50.

A large range of Men's Canadian Tweed Suits well made and trimmed, for $5.00.

THE CHINESE MIX-UP.

Great Anxiety Concerning the Foreigners at Pekin.

Major Waller's Command Was Ambushed by the Boxers.

Admiral Kempff Thinks Powers Used Wrong Policy.

Allied Troops Had Hot Fighting at Tien-Tsin.

Taku, June 27.—The greatest anxiety exists concerning the foreigners at Pekin. Admiral Kempff believes that large reinforcements are necessary to reach Pekin.

Major Waller's command, with 440 Russians, was ambushed three miles from Tien-Tsin on June 21. They were compelled to retreat, the Americans abandoning a 3-inch rifle and a Colt's gun, losing four killed and seven wounded. Admiral Kempff opposed the policy of attacking the Chinese army unless they began hostilities. It is now admitted that the Powers attacking the forts turned the Chinese into allies with the Boxers. Americans think this might have been avoided. Admiral Kempff has held aloof from hostilities beyond movements necessary to rescue Americans. The forces ashore now number 16,000.

Yesterday the English torpedo boat Fame visited the fort at the new city, 12 miles up the river. It was found deserted and blown up.

Lieut. Lane, of the Newark, trying to reach Tien-Tsin by boat at the time of the storming of Tien-Tsin, had a fierce fight with the Chinese.

Major Waller's Battalion of 130 marines, with Commander Craddock's British Naval Brigade, numbering 500, were camped on June 22 eight miles from Tien-Tsin, where the railroad had been destroyed. At daylight on the morning of the 23 Major Waller and five companies of the British marched on Tien-Tsin. The remainder of the British and 300 Welsh Fusiliers, supporting, went up the river bank. Another column, consisting chiefly of Russians and Germans, took up the route chosen by Waller. They were repulsed however.

ARCHBISHOP IRELAND.

Grossly Insulted by a French Newspaper—Accused of Having British Sympathies.

(By Associated Press To-day.)

Paris, June 30.—Archbishop Ireland, who will deliver the oration on July 4th at the unveiling of the Lafayette Statue, arrived in Paris last night. He was welcomed at the railway station by the Secretary of the Papal Nuncio and other friends. An exceedingly offensive attack upon Mgr. Ireland appears this morning in Le Journal. The writer in a long article taunts the Archbishop with his British sympathies, quotes passages from speeches he delivered in England in June last year, and argues that he is not a fit representative of the American people to figure at the unveiling of the Lafayette statue.

SAFE, SURE, AND PAINLESS.

What a world of meaning this statement embodies. Just what you are looking for, is it not? Putnam's Painless Corn Extractor—the great sure-pop corn cure—acts in this way. It makes no sore spots; safe, acts speedily and with certainty; sure and mildly, without inflaming the parts; painlessly. Do not be imposed upon by imitations or substitutes.

A SAD ACCIDENT

Happened Near Trenton on the Night of the 28th Inst.

A very sad accident happened on the beach opposite Trenton on Thursday night, 28th inst., when Mr. Gordon Thompson, nephew of Mr. U. E. Thompson, of this city, lost his life. It appears that the deceased was subject to epileptic fits, and on the night in question he went down to the beach and sat down near the water's edge. It is supposed that while there he was overcome with a fit and fell into the water. When found life was extinct. Deceased was 40 years of age; he leaves a widow, but no children. The funeral will take place at 2 p.m. to-morrow to Albury.

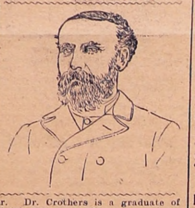
BRIDGE STREET'S NEW PASTOR.

Short Sketch and Portrait of the Gentleman Who Preaches His First Sermon in Belleville To-morrow.

We give below a likeness of Rev. W. J. Crothers, who to-morrow enters upon his pastorate in Bridge Street Methodist Church. He is known far and wide as a man of striking personality, a strong and convincing preacher.



Dr. Crothers is a graduate of McGill University, Montreal, and has been in the Methodist ministry since 1872, his first station being Huntingdon, in the province of Quebec. During the last three years he has been stationed at Napanee, and for five years previous to that at Port Hope. He was recently elected President of the Bay of Quinte Conference, and will also represent that body at the Ecumenical Conference to be held in London, England, next year. The Intelligencer joins in heartily welcoming Dr. Crothers to Belleville.

YOUR LIGHT OVERCOAT.

Probably your light overcoat is not in very good shape to take away on your holiday trip. If not, the Oak Hall are ready at any time, and at a moment's notice, to supply you with just what you need. Surely you are not thinking of going away without a nice summer weight overcoat?

MISS EVA BOOTH HERE.

Salvation Army Tent Meeting in Progress.

The Salvation Army sometimes use novel methods in endeavoring to save fallen humanity. Commencing with to-day a three days tent meeting was begun upon the Hospital Lot. The tent is 100 by 50 feet and capable of holding a good crowd.

Miss Eva Booth, commander of the forces is chief officer. She is assisted by Col. Jacobs, who is an old officer in the army and is chief secretary to Miss Booth; Brigadier Friedrich, editor of the Canadian edition of the War Cry; Brigadier Pugmire, and the Red Crusaders, twelve in number. The Red Crusaders are members of the Territorial Staff and are musically inclined, furnishing music by stringed instruments and by brass in the street parades.

Miss Booth rides between towns on horseback, while the khaki-coated troopers march from town to town on bicycles. The uniform is neat and unassuming, while the color is such as not to become grimy with dust.

At this evening and other services Miss Booth in addition to speaking will render selections upon the harp.

Col. Jacobs is one of the oldest members of the army, and by assiduous attention to duty has risen from the ranks to be chief secretary to the commander. His residence is in Toronto.

Brigadier Pugmire has command of the district including Eastern Ontario, the Province of Quebec and the northern portion of the state of Vermont. He makes his home in Montreal.

Brigadier Friedrich, of Toronto, has been editor of the War Cry for the past two years. Previous to that he was stationed on the Pacific coast, with Vancouver as his headquarters.

Yesterday's Fire.

The ruins of yesterday's blaze are still smouldering and sending forth considerable smoke. During the whole of the night five members of the fire brigade were kept upon the scene and at intervals, owing to a reviving of the flames were compelled to turn on a stream.

During the early portion of last evening hundreds of citizens visited the scene.

The fire brigade feel grateful to Mrs. W. J. Brown for remembering them with refreshments and coffee. The men were also invited and accepted in turn meals at the lumbermen's camp adjoining.

IN THE JAWS OF A LION.

The gallant Major Swaine tells of being knocked senseless by a lion that lacerated his arm. His thrilling escape from the jaws of death is only equalled by Dr. King's New Discovery for Consumption, which has saved thousands from desperate Throat and Lung troubles. "All doctors said my wife would soon die of Consumption" writes L. C. Overstreet, of Elgin, Tenn., "but your wonderful medicine completely cured her and saved her life." Satisfaction is guaranteed by J. S. McKeown, who gives trial bottles free. Large bottles 50c. and $1.00.

Shade Trees Broken.

The high wind which prevailed yesterday and last evening had the effect of doing considerable damage to shade trees, more particularly on the east side of the river. Two trees in the Central School grounds had large limbs broken off and at one time Church St., in rear of the jail yard was blocked up owing to a falling tree.

FRIDAY EXCURSIONS, 1900.

The Str. Varuna will commence her popular Friday excursions from Trenton and Belleville to Deseronto and Picton on Friday, June 29th, and every Friday thereafter until otherwise advised. 4 hours in Deseronto, 1 1-2 hours in Picton. Fare round trip 40c. Hot and cold water on board.—ALFRED HICKS, Captain. 27,28,29,30,1,2

DEBENTURES SOLD.

The Price Procured Satisfactory to the Executive Committee.

At a meeting of the Executive Committee of the City Council, held last evening, the following members were present; Mayor Johnson, Aldermen Doyle, Panter, Chown, Grills and Harris.

The object of the meeting was to consider the sale of the $55,000 worth of Rolling Mills debentures. Mr. E. Nosworthy, representing Messrs. Gay & Co., Montreal, was present and $50,000 was purchased by him at 101, and $5,000 had been previously disposed of at 102. This was all the business considered and the Committee adjourned.

IT'S ALWAYS MIDNIGHT GLOOM to the sufferer from stomach disorders and the diseases which can be directly traced there—neglect or ignorance may have produced the darkness, but so sure as night follows day, just so surely will Dr. Von Stan's Pineapple Tablets let in the sunshine and bring back the full noonday brightness of perfect health. This is taking strong ground—but proof is to be had—one tablet after eating—60 in a box—35 cents. Sold by J. S. McKeown.

MORE TROUBLE FOR LAURIER.

Stanley Lodge, S. O. E., at Ottawa, Won't Permit of Such Utterances as Tarte's.

Ottawa, June 29.—Stanley Lodge, S. O. E., at its last meeting, passed a resolution expressing its strong disapproval of Mr. Tarte's recent utterances, which are characterized as being entirely uncalled for. The resolution has been sent to Sir Wilfrid Laurier.

MONDAY'S OLD-TIME PICNIC.

The picnic to be held in Hickory Nut Grove July 2, promises to be the event of the season. Some 700 tickets have already been sold, and the list of games promises fun galore. Don't forget the dancing both afternoon and evening. Dinner and tea served on grounds. Some of the prizes may be seen in Carney's window.

Wedding Bells.

ALLAN—LAKE.

During the leafy month of June weddings are more numerous, as a rule in Canada, than at any other period of the year. It is not surprising, as we are just emerging from a cold, cheerless spring, the "heated term" has not arrived, and all nature is at its best. Many marriages have taken place in this vicinity during the month—and only a few more are likely to occur, as the fast waning days of June are passing all too quickly—but none have created more interest than the quiet one of Thursday, by which Mr. John H. Allan and Miss Belle Beresford, daughter of Mr. W. H. Lake, were united in marriage. The wedding was a quiet one, and took place in St. Mary Magdalene's Church, Picton, Rural Dean Loucks officiating. The happy pair immediately took steamer en route to Paris, France.—Picton Gazette.

The bride was for some years a resident of this city and is well known here.

To Celebrate the 12th July.

The Orangemen of Central Hastings will hold a grand demonstration at Ormsby on the 12th inst. Dinner will be served on the grounds, and platform meeting at one o'clock. The Marmora Brass Band has been engaged for the occasion.

The Central Ontario Railroad will run special trains from Trenton. Dr. Culberson is Secretary of Committee, and Robert Daily, Chairman of Committee.

SPEED! SAFETY! SCENERY!

Enjoyed on Str. "North King's" popular Thousand Island excursions, leaving Belleville at 3.30 a.m. on Sundays, Tuesdays and Thursdays. Fare for round trip, Sunday $1.00, Tuesday and Thursday $2.00. This is the only steamer making tour of entire islands. "North King" leaves for Rochester, N.Y., same days at 11.45 p.m. U. E. Thompson and Rathbun Co., agents.

Watch Stolen.

James Stewart reports that on Saturday last he was relieved of a watch but he did not know where he was when it was taken. The time piece was nickel-plated and not of any great value.

Runaway Horses.

William Badgley, carter, had an accident this morning. His team ran away and a barrel of sugar, which was on his waggon, was thrown off and much of it wasted.

Another runaway occurred on the market this morning, but not much damage was done.

The high wind and dust blowing seemed to make the horses restive.

Sunday School Picnics.

Next week the Sunday School picnics will commence. Our citizens should patronize these happy events. Twelve O'Clock Point is to be the most popular place to hold the picnics at and we understand that several improvements have been made at the park which will make it more attractive.

A TOUCH OF ROMANCE.

How Private Bradshaw, Wounded Nearly Unto Death, Was Found By His Sister's Friend.

(Clarksburg Reflector.)

The night after the battle of Paardeberg, Lieutenant Hilliard Rorke, formerly of this place, was commissioned with a number of others to hunt up the wounded. He started forth alone on his merciful errand, rousing up every soldier that he found in this pitiful condition, but too often he found some beyond recall. Bending over each he enquired whether he was a Canadian.

At length he reached a place where several men were attending someone. Upon enquiry he found that he was a Canadian by the name of Bradshaw, believed to be fatally wounded, already unconscious. His feelings were most conflicting when he found the wounded man was the only brother of a sister with whom he passed many holiday hours in Clarksburg the summer before. Believing all help to be of no avail in this case, he left his already scanty supply of water for the benefit of the wounded man and passed on.

Private Bradshaw, although dangerously wounded, survived, and when his physical strength returned, after a lingering illness, it was only to find the power of speech gone, as he believed, forever. Recently an eminent British physician has taken him to England, where he performed a marvellous operation upon the vocal chords, and speech will be partially recovered.

OFF THE TRACK.

This means disaster and death when applied to a fast express train. It is equally serious when it refers to people whose blood is disordered and who consequently have pimples and sores, bad stomachs, deranged kidneys, weak nerves and that tired feeling. Hood's Sarsaparilla puts the wheels back on the track by making pure, rich blood and curing these troubles.

LIVE SPORTING NEWS

BASEBALL.

The gravest accusation that could be lodged against a ballplayer has been made by Manager Barrow of the Toronto team, who alleges that "Wally" Taylor, the erstwhile second baseman of the club, deliberately threw away the two games played at Springfield on Wednesday. He charged Taylor point blank with throwing the games, although, of course, the latter denied it. Manager Barrow writes that Taylor, for some reason or other, was of the opinion that his services were not appreciated by the officials of the club, and that he purposely played for his release. Some color is lent to this belief by the fact that Taylor from being the best batter in a pinch on the team deteriorated into the most unreliable hitter of the regular squad, and that on several occasions he missed easy chances in the last innings, when the score was close, giving victory to the club's opponents. On Thursday of this week Toronto turns the tables on Springfield with a new second baseman in the game, and Taylor, who is immediately signed by Montreal, comes to the front with three hits and a great number of accepted chances. The case looks black against Taylor, and although there may not be anything in the charges, still his position is not an enviable one.

THE RING.

Chicago, June 29.—The Tribune says; Pugilist Tom Sharkey and Mrs. Lilian Bauer, a widow of a well known Chicago saloon keeper, will be married next week. Sharkey met Mrs. Bauer while in Chicago this spring. Mrs. Bauer is at present in New York, but will return to Chicago accompanied by her future husband for the marriage ceremony.

TROTTING.

New York Sun: Something interesting is bound to come of the attention men are giving to the Speedway, as a field for the two-minute trotter. The footing on that road has proven to be good enough for the very greatest flights of speed, and it is straight. A horse that rounds the curves of an ordinary track within a very few seconds of the two minutes may not unreasonably be expected to reach the ideal mark when tried on a mile stretch requiring no change of stroke from end to end.

Among the runners the difference between a mile course that curves and one on a course absolutely straight has been proven to be more than four seconds. Take four seconds off the record of Alix, 2.03 3-4 and we have 1.59 3-4. But with trotters, hauling after them a pair of wheels, which around the turns are particularly disadvantageous, the difference should be greater. It is not at all improbable that among active flyers of the land, the lowest record among which in The Abbot's, 2.06, there are several able to cover the choicest mile on our Speedway in two minutes.

NOTES OF SPORT.

The Minneapolis club has a Swede, an Italian, a Dutchman, and a Texan on the infield.

Foxhall Keene, on behalf of the American polo players in London, has challenged the Hurlingham Club to contest for the American cup, the trophy offered by the club to promote international matches. It was last played for in 1886, in the United States, when the English team brought it to England. The challenge has been accepted and the match fixed for July 7, at Hurlingham.

A Novel That's Wort While

Though it tells of wickedness and weakness, of love and revenge and remorse, in an intensely interesting way, yet it is above all else a clean and pure story. It is safe to say no one will read it and honestly ask, "What's the use?"—The Interior.

The Redemption of David Corson
A Novel by Charles Frederic Goss.

The character of the doctor in this book is an addition to the gallery of Originals in Literature. There is no one like him. He is a living, refreshing, audacious, splendid human quack.—The Commercial Tribune.

Many dramatic situations occur in the story; interest, action and plot compel the reader's interest throughout.—The Enquirer.

It deserves to be one of the books of the year. There are humor and pathos in it, there are sentiment and logic, manliness and the picture of pure womanhood.—Utica Press.

It shows wide reading, large experience and sincere purpose, and the interest is well sustained.—New York Times.

One moves through the story with the guidance of a poet who shows him how beautiful the world is, so far as it is not defiled by sin. The two principal characters, David and Pepeeta, are wonderfully beautiful creatures.—The Herald and Presbyter.

Strong as are the descriptions of depraved nature, they repel vice with the force of the story of the Prodigal Son.—Dr. W. C. Gray, Chicago, Ill.

Newell Dwight Hillis, pastor of Plymouth Church, Brooklyn, N.Y., in a recent telegram says: "I have just finished reading 'The Redemption of David Corson' with wet eyes and a leaping heart. Warmest congratulations."

THE DEVLIN SCANDAL.

Dr. Borden has been whitewashed by his Grit friends, but, though he may satisfy his fellow-members of his own kidney, he will not so easily satisfy the electors of Canada. A particularly lucid statement of the case is printed in the Montreal Gazette, a journal eminently fair in its treatment of friends and foes alike. Commenting on the Devlin food matter it says:—

"Mr. Macfarlane, chief analyst of the Inland Revenue Department, reported that the stuff supplied by Dr. Borden could not be called a concentrated food. As an emer[illegible]on is necessarily a high[illegible]ntrated food, capable in [illegible]all quantities of sustaining life [illegible] a considerable period of time, [illegible]r. Macfarlane probably consider[illegible], with a further reference to the [illegible]ct that the stuff was not worth [illegible]2 a pound, that he had fully discharged his duty. So would any ordinary man.

"But Mr. Macfarlane was evident[illegible] ignorant of the beautiful child[illegible]ike faith of Dr. Borden and the [illegible]cials of the Militia Depart[illegible] in Dr. Devlin. Because Dr. [illegible]ad told Dr. Borden that the [illegible]as the same as had under[illegible]ch a successful test at Kin[illegible] Mr. Macfarlane's report was [illegible]d for corroborative evi[illegible] It was found. The sample [illegible] by Dr. Devlin was not quite [illegible] as the food furnished the [illegible]rnment. Could any further [illegible]mony as to Dr. Devlin's honesty [illegible] desired. He had actually given the Government something better than the sample. The little fact that the trained expert had condemned sample and supply was of no importance. The Government required wool. The Minister, being himself ignorant, was pleased to accept a cotton sample on the word of the contractor that it was wool. The contractor supplied cotton of even better quality than his sample. The expert reported the cotton supplied was better than the sample, but that neither were wool. But as the cotton supplied was just as good, and even better, than the sample, the bill was paid.

"Dr. Borden was warned that the country had been imposed upon; Mr. Macfarlane had condemned the emergency ration. A thousand Canadians were en route to South Africa to do or die, with success or failure perhaps, depending upon the emergency ration each man carried. There was ample time in which to discover whether the ration could do what was claimed for it before an opportunity could arise for its use. What was done? The contractor got his money. The men were left to take their chances.

"That is the record of criminal carelessness, if not worse. There is blame—if not worse—to be placed upon somebody's shoulders. Charges that the opposition are but seeking a scandal will not satisfy the people. If the Government does not recognize it now it will later."

There is no controverting the facts as stated by the Gazette. They are not hearsay matters, they are established by the sworn testimony of no less a personage than the Minister of Militia and his subordinates. And on [illegible]cts, firmly established, there [illegible] possible escape from the con[illegible]ion that the Militia Department [illegible] been guilty of criminal carelessness, if not worse. This was no ordinary purchase, mind you, which was being made. On the stuff thus bought the lives of hundreds of Canadian soldiers might depend. Yet less care was taken than in the purchase of the most ordinary article, and now, after the charges have been proven to the satisfaction of anyone not a hidebound partisan, the guilty parties are given a coat of whitewash. But the fact remains that glaring and criminal negligence on the part of the Militia Department has been proven. The country fully appreciates the gravity of the crime, and will only be satisfied, sooner or later, with the punishment of the criminals.

THE SAME FARRER.

"Mr. Edward Farrer is the chief political adviser of Sir Wilfrid Laurier and Sir Richard Cartwright, and is in regular conference with them. Mr. Farrer is also credited with being the author of the anti-Canadian articles in the New York Sun. Mr. Farrer is laying out the campaign for Sir Wilfrid and Sir Richard."

The above is from the Ottawa correspondent of the Toronto World. It may be stated that it was this same Mr. Farrer who wrote the campaign literature in 1878. History is going to repeat itself again.

Senators Want to Know All.

Ottawa, June 30.—In the Senate yesterday Sir Mackenzie Bowell gave notice that he would move for a return of all correspondence between the Provincial Secretary of British Columbia and the Premier, the Secretary of State, or any other member of the Government, regarding the dismissal of Premiers Semlin and Turner, and the calling on Mr. Martin to form a Ministry.

The debate on the Chinese Immigration bill was continued by Senator Templeman, whose opinion, in a word, was that the Chinese were undesirable citizens.

The bill was read a second time.

The bill re Preferential Tariff, and the Civil Service bill were read twice.

A REALLY SICK MAN

Suffered Terrible Agony Due to Kidney and Liver Trouble.

Medicines Apparently had no Effect, Until at the Solicitation of a Friend He Used Dr. Williams' Pink Pills and was Cured.

From the Mail, Granby, Que.

Mr. Albert Fisher, accountant at Payne's cigar factory, Granby, Que., is known to almost every resident of the town, and is held in the highest esteem by all who know him. In conversation with the editor of the Mail recently something was said concerning Dr. Williams' Pink Pills, when Mr. Fisher remarked that he had found these pills a very valuable medicine. It was suggested that he should make his experience known, and to this he readily consented, handing to the Mail the following letter for publication;

Granby, March, 16th, 1900.

In justice to Dr. Williams' Pink Pills I think it my duty, in view of what they have done for me, to add my testimonial to the many which I have seen in print. For some months I suffered most severely from pains up and down my back. It was thought these were due to liver and kidney trouble, but whatever the cause they kept me in terrible agony. The pains were not confined to the back, but would shift to other parts of the body. As a result, I could get little rest; my appetite was much impaired and I was really a sick man. I tried many different remedies without effect and which disgusted me with medicines. A friend suggested that I try Dr. Williams' Pink Pills. I was not easily persuaded, for I had given up the use of medicine, as nothing had helped me, but as he insisted, I finally concluded to give them a trial. I purchased one box and was astonished to find that before it was entirely used I was quite a bit relieved, and after using six more, was fully restored to my former good health. I take great pleasure in recommending this valuable remedy, that others may profit by my experience, and not suffer the tortures that I did.

Yours sincerely,
ALBERT FISHER.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. If your dealer does not keep them, they will be sent postpaid at 50 cents a box, or six boxes for $2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

"Sauve Qui Peut."

(Montreal Star.)

The Federal Ministers are said to have recognized already that the coming general election will be their Waterloo and are acting as though they had received the final order: "All is lost. Save himself who can!" It is expected that few of the Ministers who formed Sir Wilfrid's original Cabinet will face the electorate in the coming campaign.

Sir Oliver Mowat has already saved himself by becoming Lieutenant-Governor of Ontario.

Sir Henri Joly has saved himself by becoming Lieutenant-Governor of British Columbia.

It is rumored that the following provisional arrangements have been made for saving some of the others.

Sir Wilfrid Laurier to be a member of the Judical Committee of the Privy Council, with a salary of $35,000 a year and a life peerage.

The Hon. J. I. Tarte to be Lieutenant-Governor of Quebec, with a salary of $10,000 a year and Spencerwood.

The Hon. Andrew Blair to be a judge of the Supreme Court of Canada with a salary of $7,000 a year.

The Hon. Clifford Sifton to be Lieutenant-Governor of Manitoba with a salary of $6,000 a year and residence, Governor Patterson's term expiring September 2nd.

Sir Richard Cartwright to be Lieutenant-Governor of Ontario with a salary of $10,000 a year and residence in succession to Sir Oliver Mowat, who will be induced to retire.

The Hon. F. W. Borden to be Lieutenant-Governor of Nova Scotia with a salary of $9,000 a year and residence, Governor Daly's term expiring July 29th.

Sir Louis Davies to be a judge with as good a salary as he can get.

This leaves only Senator Scott, Hon. W. S. Fielding, Hon. W. Mulock, Hon. Sydney Fisher, Hon. R. Dobell and Hon. Chas. Fitzpatrick to be saved. Of these, Mr. Mulock is said to be restrained from accepting office by two considerations: first, his well-known scruples against members of Parliament accepting offices of emolument under the Crown, and second, the fact that there is no office in sight just now that he would care to accept.

The Hon. W. S. Fielding is slated for Leader of the Opposition in the next Parliament, and the Hon. R. R. Dobell will continue to serve his country "without portfolio."

TOTAL PULL $80,000,000.

How the Government Is Making the People Pay the Piper.

Will Delay Bringing in the Railway Subsidies Till the Last Moment Hoping Thus to Escape Scrutiny—The Opposition, However, Is Determined to Stand Guard Over the Public Treasury The House Proceedings.

Ottawa, June 30.—The railway subsidies, which will amount to about $20,000,000, will, as usual, not be brought down till the last moment, in the hope that they may be got through without much scrutiny, but the Opposition is determined to stand guard over the public treasury, and no subsidy will escape their careful criticism. It is understood on excellent authority that the former subsidy of $3,200 a mile will be this year of growth made $6,400 a mile. This will bring the bill of Government expense up to nearly $80,000,000, a record breaker.

IN THE HOUSE.

The Postoffice Estimates Constituted the Bill of Fare.

Ottawa, June 30. — Yesterday morning but a few members were in the House when Speaker Bain gave his Bible reading.

Mr. Belcourt asked that the report of the Rations Committee should be considered on Monday.

Sir Wilfrid said he would prefer to have it put off till later. It is understood that the whole question will be disposed of on Wednesday.

House Will sit on Monday.

Mr. Britton suggested that the House do not sit on Monday, Dominion Day. T. D. Craig and David Henderson added their voices to the suggestion, but Sir Wilfrid, doubtless prompted by Col. Prior's desire to work, said the best way to celebrate was to work. Hence the House will sit on Monday, but there will not be a baker's dozen here.

Mr. Foster wanted an explanation of Mr. Tarte's utterances in France. He read the article from The Montreal Herald, and declared it emanated from a source not at enmity with the Government.

Sir Wilfrid declined to give an opinion upon Mr. Tarte's utterances till he had heard from him as to the authenticity of the reported speech.

Postoffice Estimates.

The House went into supply on the postoffice estimates.

Mr. Foster censured Mr. Mulock for making a surplus for his department by charging the expenses of non-productive areas to departments other than the postoffice. Mr. Foster cited the case of the Yukon mail service, where $47,400 was charged to the N.W.M.P., and $4,000 to the Interior Department. These sums were for carrying mails, but they should have been charged to the Postoffice Department. The whole system of bookkeeping in the Postoffice Department tended to deceive the public.

Mr. Mulock replied that what he had done in this respect had been done by the Conservative Government. In dealing with the N. W. T., speaking of the withholding of statutory increases to outside service clerks Mr. Mulock said that the total amount was only $19,000, not $74,000, as Sir Adolphe Caron had recently said. This was because the number of the outside staff had been reduced by him by 135 in three years.

Mr. Mulock, after recess, instituted a comparison between the Postoffice Department of to-day and the Postoffice Department of 1896. He said there had been an enormous increase in all parts of the service. He prophesied that within a few months the Postoffice Department would yield a revenue equal to the revenue made in the department's palmiest days, even though the rates were now lower.

Mr. Foster reiterated his charge of manipulation of accounts.

Mr. McMillan eulogized Mr. Mulock and all his deeds.

Sir Adolphe retorted that Mr. McMillan's attacks were too indefinite, and defied anyone to point out irregularities in his work while he was at the head of the Postoffice Department. Sir Adolphe scored Mr. Mulock for withholding the statutory increases from the junior members of the service, like the letter carriers. This pressed especially heavy upon the poorly paid clerks. Sir Adolphe thought that the Postoffice Department could never realize a surplus if a proper service were given to the country. He thought the duty on the newspapers was a retrograde step.

At the evening session Mr. Davis spoke for half an hour.

Mr. Craig followed, and pointed out that the Government was really obstructing the passing of its own estimates. The truth was, the Government was prolonging the session.

Mr. Mulock's Estimates.

At 10 o'clock the House got down to business, and remained on one item for over an hour. The item amounted to $3,655,433, and covered mail service, salaries and compassionate allowances. Mr. Mulock explained that he intended to go through the whole service and appoint worthy temporary clerks to permanent positions in the outside service.

Mr. Puttee appeared as the representative of the Trades and Labor Council of Toronto, and asked that the claims of the letter carriers should be attended to. Mr. Puttee thought these requests were reasonable, and demanded an answer. He deprecated the plan of cutting down the working staff below efficiency, as had been done in Toronto. Such cheese-paring hurt the service.

In reply Mr. Mulock said that he was not aware there was any postoffice in Canada where the letter carriers did not get their holidays. The temporary clerks were not given holidays, because the statutes prohibited it.

At 12.30 a. m. the discussion ran to salaries of postmasters in rural districts.

David Rogers and Dr. Rutherford urged the Postmaster-General to increase their remuneration. Dr. Rutherford thought the postoffice should be taken to the people in rural districts instead of having the people go to the postoffice. The item carried at 12.40.

Passing to another item Mr. Powell asked why Mr. Mulock had not made a report to the House on the cancellation of mail-carrying contracts, a little scheme inaugurated by the present Postmaster-General. Mr. Powell understood that it was desired to have the legality of such cancellation tested. Mr. Mulock replied that there was no legal claim or equity.

The Postoffice estimates with the exception of the supplementaries, were passed and the remaining estimates on canals were taken up at 1.15 and the House adjourned shortly after.

ARE YOU DEAF?

Do you hear that buzzing, roaring sound in your ears? Catarrh is the cause. Japanese Catarrh Cure stops these noises and restores your hearing. It permanently Cures Catarrh wherever located.

HEARING RESTORED AFTER SPECIALISTS FAILED.

Mr. D. N. Spencer, 11 Coolmine ave., Toronto, writes:—"I have been troubled with catarrh and deafness for a number of years, finally I could not converse with any person at any distance. I spent much money on advertised remedies, and doctored with specialists in Toronto and Winnipeg (while there three years ago), but my hearing became no better. About a year ago I procured a sample of Japanese Catarrh Cure. I afterwards followed up this treatment as directed, and shortly I found my hearing completely returned, and my catarrh does not trouble me now in the least. I can conscientiously recommend it.

Japanese Catarrh Cure is a volatile pomade that reaches, soothes, and heals every catarrhal diseased portion of the mucous membrane. A free sample and book on catarrh and deafness mailed free. Enclose five-cent stamp. Address, The Griffiths & Macpherson Co., Limited, Toronto. Sold by all druggists, 50 cents, 6 for $2.50, or mailed on receipt of price.

The Backache Kidney Sufferer is not Referred to Far Away People for Dr. Pitcher's Backache Kidney Tablet Evidence. The Great Kidney Remedy Rolls up Volumes of Proof in Every Community in Belleville.

Mr. Wm. Smith, Pinnacle St., says, "Before using Pitcher's Kidney Tablets which I procured from Alex. Ray the druggist, I was very much afflicted with Lumbago. Since I used a bottle I am not only free from that but I am sleeping better. The nervous restlessness has ceased. The dull aching in the small of my back has disappeared. Backaches took all the energy from me and left me depressed and weary. I can vouch for Pitcher's Tablets being a reliable remedy for pain and lameness in the back."

Vincent Brennan, Front St., says, "I knew that my kidneys were not right. I had the most troublesome backache, my head and the back of my neck pained me. I had no energy and I felt that languor that caused a constant weariness. Reading of Dr. Pitcher's Backache Kidney Tablets I was induced to try them, and procured a bottle from Alex. Ray the druggist. They have proved most satisfactory. I am not having backache or headache and the lameness has left me."

If you have the slightest symptom of Kidney or Bladder trouble, you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two-cent stamp for postage to The Pitcher Tablet Co., Toronto, Ont. When giving address mention this paper.

If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

IN THE ORANGE RIVER COLONY

Boers Break Out in Active Guerilla Warfare at Many Points.

Boers Claim to Have Captured Another British Convoy — Six Months Yet Before War Is Over — U.S. Consul Hay Said to Be With Kruger in Sympathy —Lord Roberts Reports Severe Fighting.

London, June 30 — (4.20 a.m.)—Active Boer guerilla operations are reported from half a dozen points in Orange River Colony. Boer official reports from Machadodorp aver that part of a British convoy was captured on June 23, near Wynburg.

Six Months Yet Predicted.

The Lorenzo Marquez correspondent of The Times says: "Both the burghers and the foreigners who are arriving here profess a strong belief that it will take from three to six months to subdue the Boers."

Another despatch from Lorenzo Marquez says:

"A consignment to a foreign firm, marked 'Dutch Cheese—Damaged,' proved, on landing, to contain army boots for the Boers. It passed the customs, nevertheless, with unusual despatch, and the British consul is making representations to the Portuguese Government."

Is Hay With Kruger?

The Daily Express has the following from Machadodorp, dated Thursday, June 26.

"There is much condemnation of United States Consul Hay for the failure of his visit. It is supposed he is with Mr. Kruger. The prisoners' camp at Nooitgedacht is in a terribly unsanitary state. President Kruger is supposed to be at Watervalonder."

LORD ROBERTS REPORTS

That a Convoy of Stores for the Lindley Garrison Was Attacked on June 26.

London, June 30.—The War Office has received the following from Lord Roberts:

"Pretoria, June 29.—Paget reports from Lindley that he was engaged on June 26 with a body of the enemy, who were strongly reinforced during the day. A convoy for the Lindley garrison was also attacked on June 26; but, after a heavy rear guard action, the convoy reached Lindley in safety. Our casualties were ten killed and four officers and about 50 wounded.

"The fight reported yesterday was under Lieut.-Col. Grenfell, not Dreiper. Brabant came up during the engagement. Total casualties of the two columns, three killed and 23 wounded.

Fight Near Ficksburg.

"On the previous day, near Ficksburg, Boyes' brigade was in action with a body of the enemy. Our casualties were two officers killed, four men wounded and one man missing.

"Methuen found yesterday that the Boer laager near Vachkop and Spitzkop had been hastily removed in the direction of Lindley. He followed the enemy 12 miles and captured 8,000 sheep and 500 head of cattle, which the enemy had seized in that neighborhood. Our casualties were four men wounded.

"Hunter continued his march yesterday toward the Vaal River unopposed. A few farmers along the route have surrendered.

Canadians Beat the Boers Off.

"Springs, the terminus of the railway from Johannesburg, due east, was attacked early yesterday morning. The Canadian regiment, which garrisons the place, beat off the enemy. No casualties are reported.

"Lieut. North, reported missing after the attack on the reconstruction train, is a prisoner of the Boers."

KRUGER HAS BRIGHT'S DISEASE.

Two Boer Deputations Have Asked Him to Surrender.

London, June 30. — This despatch is published by The Daily Telegraph from Bennett Burleigh, its special correspondent:

"Pretoria, June 28 (via Bloemfontein.) — Kruger's flight with the money has greatly disgusted the Boers. Two deputations have proceeded to Machadodorp to induce him to surrender. As he is afflicted with Bright's disease he was told that the English would probably allow him to remain in South Africa under parole."

CASUALTIES TO CANADIANS.

Corporal Morden and Private Kerr of the Mounted Rifles Killed.

Ottawa, Ont., June 30.—A cablegram was yesterday received from Sir Alfred Milner reporting the following casualties at Katsbosch, on June 22: Canadian Mounted Rifles, 2nd Battalion:

Killed—No. 201, Corp. J. F. Morden; No. 169, Private R. J. Kerr.

Wounded—No. 202, Corp. T. R. Miles; No. 176, Private A. Aspinal; No. 45, Private J. A. Birney.

Missing—No. 322, Private W. G. H. Vernon; No. 50, Private W. M. Bell; No. 99, Private C. P. Ermatinger; No. 141, Private S. Hobbins.

Sir Alfred Milner also reports that No. 15, Sergt. T. E. Parkeson, Strathcona's Horse, is missing, and adds, "but latter's name cannot be on the rolls." This is not understood. No. 15 Strathcona's Horse is Private Clarke.

Where They Came From.

Morden, as already announced, comes from Pincher Creek, as does also Private R. J. Kerr and Corp. T. R. Miles. Private Aspinal belonged to the Northwest Mounted Police, and comes from Keighley, Yorkshire, England. Private J. A. Birney hails from Calgary. Private W. G. H. Vernon was recruited from the Northwest Mounted Police, and has relatives at 16 Spadina avenue, Toronto. Private W. M. Bell joined at Calgary and has a brother residing at Clifton, Bath-Hall, Scotland. C. P. Ermatinger joined from the Northwest Mounted Police, and is a son of Judge Ermatinger, St. Thomas. S. Hobbins is also a Calgary man, and his father resides in Norfolk, England.

BULLER TO STRATHCONA.

General Expresses Gladness at Having the Cowboys With His Forces.

London, June 30.—Gen. Buller has telegraphed to Lord Strathcona and Mount Royal, the Canadian High Commissioner, from Standerton, Transvaal, saying:

"Your fine regiment joined my force during the march here. I am glad to have them. It is like being with old friends. They are very useful."

Sir Charles Sent Off.

Montreal, June 30. — Sir Charles Tupper got a splendid send-off last night. Hundreds of leading citizens gathered at the Windsor and accompanied the veteran leader to the steamer, where Sir Charles delivered an inspiring address. Amongst those present were J. J. Foy, Q.C., of Toronto, and S. Barker of Hamilton.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the fore-runner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with perilous rapidity; then do not delay, get a bottle of Bickle's Anti-Consumptive Syrup, the medicine that graps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration subdues the cough, heals the diseased parts, and exerts a most wonderful influence in curing consumption, and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickle's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

When a young man becomes sufficiently familiar to stay until midnight, the girl begins to think she holds first mortgage on his affections.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy.—Gentlemen,—For five years I had been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with; and, she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with your medicine, as I am fully convinced that it will do all you claim for it. Signed, Melville B. Marsh, General Merchant.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W.R. Alger.

A Carefully Prepared Pill. — Much time and attention were expended in the experimenting with the ingredients that enter into the composition of Parmelee's Vegetable Pills before they were brought to the state in which they were first offered to the public. Whatever other pills may be, Parmelee's Vegetable Pills are the result of much expert study, and all persons suffering from dyspepsia or disordered liver and kidneys may confidently accept them as being what they are represented to be.

A cynic is a busybody who meddles in the affairs of other people and neglects his own.

A good mirror always tells the truth, no matter on whom it reflect.

A Successful Medicine. — Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these Pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.

If a small boy doesn't attempt to smoke a cigar thinking it is smart, he is sure to tackle it out of curosity.

Smiles add much to a woman's attractiveness, and they are inexpensive.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

As soon as the moon gets three-quarters it proceeds to get full.

If you have a good business, it is always better to stay where you are.

Have no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the side, and all liver troubles. Carter's Liver Pills. Try them.

The man with the pull is mightier than the man who gets pulled.

The amateur photographer never requires the proof of a girls love after he secures the negative.

Not one in twenty are free from some little ailment caused by inaction of the liver. Use Carter's Little Liver Pills. The result will be a pleasant surprise. They give positive relief.

Poverty often pinches the body, and wealth sometimes pinches the soul.

Mother Graves' Worm Exterminator does not require the help of any purgative medicine to complete the cure. Give it a trial and be convinced.

Silent neighbors make a desirable neighborhood.

The never failing medicine, Holloway's Corn Cure, removes all kinds of corns, warts, etc.; even the most difficult to remove cannot withstand this wonderful remedy.

AUCTION MORTGAGE SALE

OF VALUABLE LICENSED

Hotel Premises

IN BELLEVILLE.

UNDER and by virtue of the powers contained in three certain mortgages made by James McGuire and John Row, default having been made in payment thereof (which mortgages will be produced at time of sale), there will be offered for sale by Public Auction, at the Albion Hotel, in the City of Belleville, on Wednesday, 4th day of July, 1900, at 2 p.m., the following valuable freehold property, known as the "Albion Hotel" premises, namely: All that portion of the Island in the river Moira, known as Lot No. 69 on the west side of Front street as shown in Haslett's map of Belleville, as described in mortgage registered in Book "F" for Belleville, as No. 1699, on the twenty-first of December, 1894, containing twenty-nine hundredths of an acre, more or less, and also the rights in the river-bed west of the said lands, and the right of way over the lane north of the said lands as in said mortgage described; also Lot 64 on the west side of Front street in the said City of Belleville, containing one-sixth of an acre, more or less, having a frontage of forty feet on Front street, with a depth of one hundred and seventy-eight feet altogether, and the right of way over a lane twenty feet in width, lying north of said Lot 64; also a part of Lot 63 on the west side of Front street, in the City of Belleville, bounded on the west by the raceway there situated, on the south by the north line of land formerly owned by Samuel Stevens; on the east by the land formerly owned by Mrs. Globensky; on the north by land formerly owned by E. H. Coleman, reserving the right of way in said mortgages more particularly described. Upon the premises are erected splendid stables with fine yard accommodation and access to the river in rear.

The property will be offered subject to a reserve bid. 10 per cent. of the purchase money to be paid at the time of sale, to the Vendors' Solicitor, and the balance (with interest at 6 per cent.) in twenty days thereafter, but arrangements may be made by which part of the purchase money may remain on mortgage on the property on most favorable terms.

BOLE BEFORE THE COMMISSION.

The Much-Wanted Witness Turns Up and Gives Evidence

Toronto, June 30.—Yesterday Duncan Bole turned up before the West Elgin Commission, when the members met together at the Parliament Buildings to prepare their report. He explained his absence upon the ground that he had been absent from the Soo when subpoenaed and upon returning and learning from his wife that he was wanted as a witness, had hastened to appear. He had been employed at Ingersoll just before the election by an insurance company and hearing that A. S. Hardy, Mahlon J. Cowan, M.P., and other speakers were to be present at St. Thomas, went over one evening to see the fun. This was two evenings before election day. The next day he remained in the riding and learned of the illness of the D.R.O. at Southwold. He was requested to take his place and did so, and his conduct that day was exemplary. He knew of no wrongdoing, nor had he been a party to any.

This completed the evidence and the commissioners spent the rest of the day in preparing their report. They expect to have the report signed today for presentation to the Lieutenant-Governor.

INDIANS ON THE RAMPAGE.

Refugees From Minnesota Flee to Canada for Safety.

Winnipeg, Man., June 30.—A Rat Portage special last night says the steamer Keenora has arrived there with 100 women and children, refugees from Rainy River, Minnesota, who are leaving the district, owing to Indian troubles. The residents of Koochoching, Minn., are deserting everything and moving across the river to Fort Francis, Ont., for protection. The Indians of the district, numbering about 1,000, have divided into two hostile bands. The captain of the Keenora says all the remaining women and children of the district are to be down on the next steamer, and arms are urgently besought by the settlers. The excitement is intense.

Chamberlain Is Attacked.

London, June 30.—In the House of Lords to-day during the second reading of the Australian Commonwealth Bill, the Earl of Carrington (Liberal) attacked the alleged attempt of the Secretary of State for the Colonies, Mr. Joseph Chamberlain, to make political capital out of the bill.

A TERRIBLE AFFLICTION
Tortured Mr. James Pethick, of Toronto, Until Timely Help Came
In the Form of Dr. Arnold's English Toxin Pills—His Affliction was Diabetes—Dr. Arnold's English Toxin Pills Cured Him, After all Other Medicines Failed.
82 Duke Street,
Toronto, Dec. 16, 1899.
Arnold Chemical Co., Limited, Toronto,
Gentlemen,—For several years I have been a victim of that terrible affliction, diabetes. All the special symptoms of the disease were present—urination caused severe cutting pains, the urine was unnaturally dark colored; I suffered with intense headaches and with twitching of the nerves. The quantity of urine discharged was greatly increased; my lips were always dry; I was tortured by a perpetual and intense thirst; carbuncles broke out on my body, and I wasted to a mere skeleton, in spite of all the doctors could do. In despair I resorted to patent medicines, and tried one after another—to be disappointed by each.
My wife persuaded me, much against my will, to try Dr. Arnold's English Toxin Pills. I thank God, now, that she did so, for this wonderful, heaven-sent medicine has cured me completely. I am to-day enjoying perfect health and every organ does its duty thoroughly, as a result of my use of Dr. Arnold's English Toxin Pills.
JAMES PETHICK (Barber)
The thousands of persons in Canada who suffer with this frightful disease, diabetes, will read Mr. Pethick's letter with genuine pleasure for heretofore, every remedy has failed to cure it. Dr. Arnold's English Toxin Pills have proved themselves to be the one—the only medicine that will cure it. They cure it in the only possible way—by killing the germs that cause it. They are a positive cure—have never yet failed—cannot fail, because they remove the cause of the disease. A trial will convince.
Dr. Arnold's English Toxin Pills are sold by all druggists, large boxes 75c., small boxes 25c., or sent postpaid on receipt of price by the Arnold Chemical Co., Limited, Canada Life Building, 44 King street west, Toronto.

ADMIRAL SEYMOUR'S STORY

British Commander Tells of the Adventures of the Allies.

Capture of Rice and Immense Stores of Modern Arms and Ammunition—Attack on the British Guard—Destruction of the Railway—The Wounded Started by Boat—A Night March—The Casualties.

London, June 30.—(3 a. m.)—The adventures of the hard-fighting allies, under Admiral Seymour, the reaching of Anting, 12 miles from Pekin, the decision to retreat, the capture of rice and immense stores of modern arms and ammunition, affording material for a strenuous defence until relieved. All this is told in a despatch from Admiral Seymour, received by the Admiralty at midnight, which runs as follows:

[illegible] Despatch.

"Tien Tsin, June 27.—(via Che Foo, June 29, 10.05 p. m.)—Have returned to Tien Tsin with the forces, having been unable to reach Pekin by rail. On June 13, two attacks on the advance guard were made by the Boxers, who were repulsed with considerable loss to them and none on our side. On June 14, the Boxers attacked the train at Lang Yang in large numbers and with great determination. We repulsed them with a loss of about 100 killed. Our loss was 5 Italians.

Attacked British Guard.

"The same afternoon the Boxers attacked the British guard left to protect Lofa Station. Reinforcements were sent back and the enemy were driven off with 100 killed. Two of our seamen were wounded.

"We pushed forward to Anting and engaged the enemy on June 13 and June 14, inflicting a loss of 175. There were no casualties on our side.

Railway Destroyed.

"Extensive destruction of the railway in our front having made further advance by rail impossible, I decided on June 16 to return to Yang Tsun, where it was proposed to organize an advance by the river to Pekin. After my departure from Lang Yang two trains, left to follow on, were attacked on June 18 by Boxers and Imperial troops from Pekin, who lost from 400 to 500 killed. Our casualties were 6 killed and 48 wounded. These trains joined me at Yang Tsun the same evening.

Road Entirely Demolished.

"The railway at Yang Tsun was found entirely demolished and the trains could not be moved. The force being short of provisions and hampered with wounded, compelled us to withdraw on Tien Tsin, with which we had not been in communication for six days, and our supplies had been cut off.

Wounded Started by Boat.

"On June 19, the wounded, with necessaries, started by boat, the forces marching alongside the river. Opposition was experienced during the whole course of the river from nearly every village, the Boxers, when defeated at one village, retiring to the next, and skilfully retarding our advance by occupying well-selected positions, from which they had to be forced often at the point of the bayonet, and in face of a galling fire, difficult to locate.

A Night March.

"On June 23 we made a night march, arriving at daybreak opposite the Imperial armory above Tien Tsin, where, after friendly advances, a treacherous heavy fire was opened while our men were exposed on the opposite bank of the river. The enemy were kept in check by rifle fire in front, while their position was turned by a party of marines and seamen, under Major Johnson, who rushed and occupied one of the salient points, seizing the guns. The Germans, lower down, silenced two guns, and then crossed the river and captured them. The armory was next occupied by the combined forces. Determined attempts to retake the armory were made on the following day, but unsuccessfully.

Guns of Latest Pattern.

"Found immense stores of guns, arms and ammunition of the latest pattern. Several guns were mounted in our defence, and shelled the Chinese forts lower down.

"Having found ammunition and rice, we could have held out for some days, but being hampered with large numbers of wounded, I sent to Tien Tsin for a relieving force, which arrived on the morning of June 25. The armory was evacuated, and the forces arrived at Tien Tsin on June 26. We burned the armory.

The Casualties.

"Casualties to date: British — Killed 27, wounded 77. American — Killed 4, wounded 25. French—Killed 1, wounded 10. German—Killed 12, wounded 62. Italian—Killed 5, wounded 3. Japanese—Killed 2, wounded 3. Austrian—Killed 1, wounded 1. Russian—Killed 10, wounded 27."

A FORCE OF 80,000 MEN

Drawn From the Different Powers Will Constitute the Army of Occupation in China.

Paris, June 30.—A representative of the Associated Press was informed yesterday that as a result of negotiations between the powers an agreement has been arrived at which provides for the maintenance of the status quo as regards the spheres of influence and commercial agreements, and also respecting the nature of the guarantees and compensations which will be demanded from China.

According to the understanding, the international army of occupation will consist of 80,000 men. Russia and Japan will provide 12,000 each. Great Britain will provide 10,000 men, France 8,000, and Germany, America and the other powers 5,000 each.

The Russian army corps in Siberia, which has just been mobilized, will also cross the Chinese frontier in the event of the crisis being aggravated.

LEGATIONS STILL AT PEKIN.

Mr. Brodrick Says 25 British With Admiral Seymour Were Killed.

London, June 30.—In the House of Commons yesterday the Parliamentary Secretary of the Foreign Office, Mr. St. John Broderick, announced that the British losses with Admiral Seymour, which, with the rest of the relief force, had returned to Tien Tsin, June 26, were: Killed, Captain Herbert W. H. Beyts (Royal Marines) and 24 men; wounded, 7 officers and 91 men.

Mr. Broderick added that the return of the foreign casualties was incomplete, but the total loss was supposed to be 62 men killed and 212 men wounded.

In conclusion, Mr. Broderick said that the most recent reports which had reached the Government pointed to the legations being still at Pekin.

From the Che Foo Consul.

The British Consul at Che Foo wires the Foreign Office yesterday that a message from Pekin to the Taotai of Customs at Tien Tsin says the foreign legations are still at Pekin.

He saw the hole in the sack when he was filling it. But it was such a little hole that he thought it wouldn't matter. Out of that little hole he lost his grain while taking it to market.
It's that way with holes in the health. None are so small but life can leak out of them. "I've got a *little* touch of indigestion" says one man. Another says, "my stomach feels a *little* out of sorts." It is just such little things which if neglected mean the total loss of health.
The one medicine for disorders and diseases of the stomach and organs of digestion and nutrition is Dr. Pierce's Golden Medical Discovery. It increases the activity of the whole digestive and nutritive system, clears away obstructions, stops the loss the body sustains by undigested or partly digested food, purifies the blood from the poisons resulting from imperfect digestion, and increases the secretions of the blood-making glands. "Golden Medical Discovery" has a wonderful record of cures of so-called "hopeless" cases.
Mr. Thos. H. Rudasill, of Henry, Lincoln Co., N. C., says: "After having suffered from inaction of the liver and all the troubles usually attending such a condition for over twenty years, and having deluged my system with floods of medicine from every available source, and being only temporarily benefited thereby, I applied to your institution for treatment. You instructed me to take a course of Dr. Pierce's Golden Medical Discovery, which I am now doing. Although unable to strictly follow directions I have derived more actual benefit from the few bottles I have taken so far than from all the other remedies together.
Allow me to thank you for your prompt and courteous attention to my case as well as for the good received from it."

Corroborated by Kempff.

Washington, June 30.—The Navy Department yesterday morning received the following cablegram from Admiral Kempff:

"Che Foo, June 29.—Secretary of the Navy: Pekin relief expedition now in Tien Tsin with 200 sick and wounded. Ministers and Pekin party not with them. No news from them. (Signed), Kempff."

The department also was advised this morning that Admiral Remey on the Brooklyn has arrived at Hong Kong, en route to Taku.

No News About Legations.

London, June 30.—(3 a.m.)—There is absolutely no authentic word as to the whereabouts of the members of the legations, although abundant reports from Chinese sources say they were safe a few days ago.

A Russian in Command.

Shanghai, June 29.—It is officially announced that the Russian Vice-Admiral Alexieff will take command of the allied forces in the north.

U. S. S. Oregon Ashore.

Shanghai, June 29.—It is reported here that the United States battleship Oregon is ashore 50 miles north of Che Foo.

TELEGRAPHIC BREVITIES.

Glencoe, Ont., had fires on Friday which destroyed from $6,000 to $7,000 worth of property.

Friday afternoon, Hiram Lilly, working on the farm of Mr. Jacob Wright, Huron Township, dropped dead.

David Bell, formerly one of the best known lumber men of Canada, is dead, at his home in New York city, aged 79 years.

The slaughter houses occupied by Hess Bros., and Ruddy Bros., at Chicago, were destroyed by fire early on Friday. Total loss $75,000.

Hon. J. R. Stratton, Provincial Secretary, has gone to the Pacific Coast to spend a month's vacation. On his return he will bring Mrs. Stratton with him.

At Emerald, Amherst Island, during Thursday's storm David Reade, aged 16, driving a team of horses, was struck by lightning and killed, as were also the horses.

Pte. Henry Juman, No. 4 Co., 59th Regiment, was arrested in camp at Kingston on Friday morning on a charge of setting fire to a cheese factory in Hinch Township, Stormont, in April last.

Immigrants from England are reported to be arriving in Ontario in greater numbers than ever. The increase is thought to be due to the definite information given as to the wages that are paid by Ontario farmers.

The Provincial Bank of Canada, Montreal, having received the necessary permission from the Treasury Board, Ottawa, will open its doors for business on July 9, the authorized capital being $1,000,000, $750,000 paid up.

Edward Tremblay, a Hull lineman, was electrocuted Friday morning. He was climbing a new fire alarm pole, and came in contact with a live wire of the Hull Electric Co. He was overcome, and would have fallen only his spur strap kept him tied to the pole, so he hung there, head downward. He died from his injuries.

Russians to Be Deported.

Quebec, June 30.—Among a large number of Russian Jewish immigrants who arrived on Sunday last at Quebec on board the steamer Lusitania, almost all bound for the United States, were a number who were suffering from fevers or scalp disease, which appears to be contagious but not quarantinable. These were refused their passports and were kept here. As they were refused for the time being, admittance to the United States, they were not considered desirable immigrants for this country, and Thursday afternoon thirteen of them were sent down to Grosse Isle on board the quarantine boat Challenger, and they were deported last evening on board the steamer Lusitania as she passed out.

Conductor Smuck Is Dead.

London, Ont., June 20.—Mr. Martin Smuck, the G.T.R. conductor, who had his leg cut off in an accident in the East London yards a week ago Wednesday, died at Victoria Hospital yesterday morning as a result of the accident. Mr. Smuck, who was in his 43rd year, resided in Sarnia.

THE MARKETS.

Wheat Futures Partially Rallied and at Chicago Appreciated Nearly Two Cents—The Latest Quotations.

Liverpool, June 30.—Wheat futures closed firm yesterday below Thursday's close. Spot wheat showed a marked decline.

Chicago, June 30.—Yesterday the price of wheat futures appreciated nearly 2c a bushel and closed at about the top figure for the day. The recovery was due, it is alleged, to investment buying by certain interests.

TORONTO LIVE STOCK.

Toronto, June 30.—The run of live stock at the Western Stock Yards was large yesterday—80 carloads, all told, composed of 1,320 cattle, 2,023 hogs, 1,107 sheep and 50 calves. The quality of fat cattle, generally speaking, was only medium. Too many half-finished grassers are being rushed on the market. Trade was generally good, although not as brisk as it has been during the past three weeks. Prices were easier.

Lumberman Had Piles
And Suffered for Two Years—Prompt Relief and Cure the Result of Using
Dr. Chase's Ointment
J. E. Bowman, well known lumberman and saw mill owner of Canton Bowman, Ottawa county, was for two years a great sufferer with itching piles.
In spite of various remedies used the itching and burning was not relieved, but seemed at times to be worse than ever before. Recommended to try Dr. Chase's Ointment, he procured a box and now gratefully tells of a complete cure.
Mr. Bowman writes as follows: "It is with greatest pleasure that I recommend Dr. Chase's Ointment for piles. Two boxes completely cured me of that distressing disease from which I had suffered for two years."
Dr. Chase's Ointment is the standard remedy for piles the world over. It is the only remedy that is guaranteed to cure. Among those who endorse it are scores and hundreds of prominent business and professional men. One box will cure any ordinary case and two will cure the most severe form of piles.
Another well known man who has been cured of piles by using Dr. Chase's Ointment is Joseph Kidd, of Enterprise, Ont., who writes as follows: "I am now sixty-four years of age, and for 25 years I was troubled with itching piles. At night it was sometimes almost impossible to endure the terrible itching. I had every preparation I could hear of and without obtaining relief.
"Finally I was told of Dr. Chase's Ointment, and found in it a positive cure. I am willing to answer all enquiries as it has completely cured me."
Dr. Chase's Ointment is the only preparation that has never been known to fail to cure piles. It is the only preparation that is guaranteed to cure piles of every form. 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

TIMELY TOPICS.

A correspondent writes; "Would it be asking too much of you to put a line in 'Timely Topics' about the estimates for the year? Here we are in the middle of the summer, nearly, and no sign of them yet. Other towns and cities have had their rates struck long ago; why are we so slow in Belleville?"

• • •

We don't know that it makes such an awful lot of difference whether the estimates are brought down early or late, but the fact remains that many people would like to know just what the rate is going to be. The Chairman of Finance was indisposed for some time; no doubt that accounts for the delay.

• • •

The high wind has caused lots of damage in this vicinity. In addition to blowing down fences, tearing branches off trees, etc., it has done serious injury to the fruit crop. Parties tell us that, up to yesterday, their prospects for apples, pears, etc., were excellent, but last night the ground under every tree was strewn with the fruit. It was certainly an ill wind to the fruit growers.

• • •

The raspberry crop will be a large one this year, but people should remember that most of the growers have been spraying their bushes.

• • •

A fellow who was born grumbling says some wives think the best recreation they should provide their husbands with is to allow them to water the lawn.

• • •

There is trouble in the public schools of Brooklyn, not among the pupils, but among the female teachers. It grows out of an official request that all teachers give their ages in order that they may be filed in the local office of the Board of Education. The fact that the Superintendent of Schools promises that he won't give their ages away has not appeased the indignation of the women teachers, and the end is not yet. It does seem an unnecessary rule.

We copy the following from the London publication, M. A. P.; "A lady whom I visited this week (writes a correspondent) told me the following characteristic story of Sir Redvers Buller, which illustrates in a prophetic way the not-to-be-denied spirit of the General who relieved Ladysmith against such fearful odds. My informant relates that when she was young she visited a bootmaker's in Crediton, where Sir Redvers' estate is situated, to complain to him that her boots had not been sent home on the day promised. The poor man, who was working away as if he had a whole army to supply in the shortest possible time, replied with an emphasis that suggested the strongest inverted commas, 'Master Redvers Buller is going back to school, and no matter who else waits, Master Redvers must have his!'"

A new illuminant has been introduced in Ottawa, and if what the papers say about it is true, Belleville people should lose no time in investigating it. It is claimed that a 50-candle power light can be furnished for one-quarter of a cent per hour. The gas used is produced by an acid, and is said to be 93 per cent atmosphere. If the new illuminant is as good as it is claimed to be we will soon hear more about it.

• • •

The great war correspondent, Mr. Julian Ralph, has been writing his impressions of South Africa as a place for emigrants to make a fortune in. After a careful study he has arrived at the conclusion that a rich man can go there and get richer, but a man who goes there without the necessary capital to start for himself and prepare the land for labor, will be scratching a poor man's head all the days of his life. He says South Africa is a land of

Flowers without scent,
Birds without song,
Rivers without water,
Women without beauty,
Men without honor.

Not an inviting picture, truly. South Africa will be a good place to go to in a hundred years or so, but most of us fellows will have other fish to fry then.

Farewell to the old traditions; hereafter, except on Sundays and holidays, the soldiers of Britain will wear khaki. The London Daily Mail claims it has the highest authority for stating that the uniform of the future will be khaki. All arms—horse, foot and dragoons, artillery and army service, officer and private—they are all to wear the same monotonous, uninteresting color. The red-coat is to emerge from his chrysalis on Sundays and holidays and at any other time when he is intended to be a spectacle and not a working soldier, as for instance, on dress parades, but on all working days, in peace or in war, khaki will be the color of every "Tommy's" uniform.

Looks pretty shabby, don't it, when you come to think of it. This year of all years, when the national holiday of every country and colony which goes to make up the British Empire has been celebrated with enthusiasm, the Government of Canada decrees that Parliament shall sit on Dominion Day?

• • •

The City Council did a pretty good stroke of business last night when they changed the Rolling Mills bonds to 4 per cent. and sold them to Messrs. Gay & Co., of Montreal. This will effect a saving of $550 per annum, and shows that Belleville stands in fully as favorable a position in regard to financial affairs as any city or town its size in Ontario.

That our Rossmore correspondent can't knock anybody's eye out on fish stories?

That those cannon will be mounted at the Park when the soldiers come home?

That the Methodists will fix up the old Dundas street burying ground before next winter?

That you can throw a brick in Belleville without hitting an insurance agent?

That there won't be an accident in the harbor some night when there's a band concert on?

That the firemen didn't have to work harder at yesterday's fire than at any for a long time.

That some of our good-looking young men don't put their hair up in curl papers?

That the Gas House whistle can't wake up more people than thunder and lightning?

That the fish don't wink the other eye and hug the bottom when they see a certain policeman coming?

That Laurier don't kick Tarte out of the Cabinet inside of a month?

That Doc. Borden wouldn't starve to death if he had to live on emergency food?

That the sidewalks don't get the city into a couple more lawsuits before the summer is over?

That a good many of the dogs in Belleville wouldn't be of more service to the community if they were made into saus—door-mats?

That the diamond star in the post office won't make somebody moon blind?

That the Printers will be the champions of the Baseball League?

INCIDENTS OF THE DAY

Mr. Tarte has talked too much, and too recklessly. His conduct in Paris, where he should never have been sent, has been such as to intensify the feelings of resentment which he raised by his course on the sending of the contingents to South Africa.

Mr. Tarte and Mr. Sifton are largely responsible for the increased expenditure of the country. Mr. Tarte in Paris has spent $95,000 on a building, which we are told could be erected in Ottawa for $20,000, but that is a small affair compared to many of his larger expenditures. His motto is "Spend." "We spent a lot last year, but watch us next year. We will have made more and spent more." That is the way Mr. Tarte finances.

Sir Robert Peel, Bart is again in the police courts, this time on a charge of libelling his brother-in-law, Mr Won der Heydt, whom he described as "a scoundrel, a low German blackguard, a blackmailer, a thief and a low hound."

The only commander on the Boer side who is showing any enterprise is De Wet, who has become the hero of his people. He is managing the small force at his disposal in a masterly manner.

A postage stamp collection has been sold in England for $150,000, which is believed to be the largest philatelic transaction on record. The collection was that of the European stamps of Mr. Castle, of Brighton, a vice-president of the London Philatelic Society.

The Minister of Railways and Canals told the House that he estimated the cost of completing the Trent Valley Canal at six million dollars, and said that Parliament would be asked to vote six millions in all this session for the completion of the 14-foot canal system. This would make about eighty millions expended on canals altogether.—Events.

England is looking up new names for its Boer conquests. "Chamberlainia" and "Robertsland" are suggested by the St. James' Gazette, which, however, would prefer something made up from the name of the future ruler of England, Edward VII.

London is luxuriating in a new street phrase, "There's 'air," which excites mirth whenever and wherever employed. The newspapers are trying hard to find out what it means and where it was first used, but have been unsuccessful so far.

Dr. Murray of the new English Dictionary wants early instances of the use of "intentions" in the sense of wishing to marry. He has been unable to trace the word further back than 1884.

Siam's Crown Prince, who is studying at Oxford, is bound to be an up-to-date potentate like his father. He recently developed appendicitis, and enjoyed the modern operation for that misfortune.

Mr. George Swanson, of Thurso, who died recently at the age of 95 years, is believed to have been the oldest Free Mason in the world. He was received into St. Peter's lodge in February, 1823.

The Liberals have adopted everything was good and bad in their predecessors, and they have not done a single thing they promised. The people have been deceived, but the deceit can not go on forever. For my part, I think the men who should be the most resentful and the most ready to punish them are the Liberals themselves, for they are the ones whose confidence has been abused. They believed in the professions of their leaders, and worked hard for their success, and now they have to stand the taunts of their Conservative friends, and they can not answer them.

It is said that Sir Wilfrid Laurier and Sir Richard Cartwright are in favor of holding the general elections this fall, but other members of the Cabinet think that there should be another session. There can be no doubt of a general Conservative awakening, and the longer the contest is delayed the stronger they will become. The tide is turning, and the best the Liberals can do is face it at once. They do not gain anything on the floor of Parliament; on the contrary they have lost much by the present session.

The House of Commons began holding morning sessions on Monday of this week, which is the first indication of a close of the session. It will have been in session nearly six months, and will go on record as one of the most unproductive sessions in the history of the country. The principal product was campaign literature, but of useful legislation there has been a great lack, which amounts to a famine.—Events.

MARRIED IN NORTH DAKOTA

Former Belleville Boy Takes to Himself a Wife.

A Hankinson (N. Dak.) paper of recent date says: "Last evening at the home of the bride's parents in Wahpeton, Mr. Louis J. Bleecker, of this place, and Miss Pearl Patterson were united in marriage. The groom is assistant cashier of the First State Bank and has been a resident of Hankinson for about a year. During that time he has won the esteem of all and is one of our most popular young men. The bride is the second daughter of Mr. and Mrs. Daniel Patterson, of Wahpeton, her father being president of the National Bank at Wahpeton and also of the First State Bank at this place."

The groom is a son of Mr. Tobias Bleecker, who married a daughter of the late Nathan Jones. Their friends here will wish them a long and happy life.

Quick & Robertson's QUALITY and ASSORTMENT

Are not to be equalled—that's the opinion of all. You'll hear it often every day: "I don't find the quality or assortment elsewhere as I do at Quick & Robertson's." True, nor are the prices found as common. If you don't believe it, visit other clothing stores, then come here—you'll leave with the same impression. Impressions make opinions, you know. Perhaps you want a suit, a shirt or only a hat, but you want the widest range of styles to select from. That's where our assortment completeness counts. Every department is always in a perfect state of readiness to supply your wants for any kind of weather. So come to the Reliable Store where disappointments are unheard of.

Men's Suits.

If your means are unlimited, the highest priced custom tailor is the one to whom you should certainly go for your clothing. But if price is an object we can sell you a suit that will fit you as well, is as well tailored, but ready to wear instead of made to measure, at

$6.50, $8.00, $10, $12, to $15,

prices that men of moderate means can afford to pay for good clothing.

The fabrics—worsteds, cheviots, cassimeres and serges—are the best to be had.

The patterns—many of which are exclusive with us—are the latest.

Our $6.50 and $10.00 line of suits is being added to every week—just as fast as the makers send them. Blue Serge Suits that won't fade, won't shrink, and will hold their shape, $6.50, $8.50, $10.00, to $13.50.

A large range of Men's Canadian Tweed Suits well made and trimmed, for $5.00.

Hats and Furnishings.

This is a complete Hat and Furnishing Store, where a man not only finds what he wants, but finds it right.

It stands first in quality, first in fashion and first in variety, and always first in satisfaction.
